Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and a complete failure to provide transparent communications about priorities and outcomes.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
 - a. Page 1, Item #1, BOARDS AND COMMISSIONS - Prequalification of Contractors Long Fence Company, Inc. \$114,696,000.00, if approved:
 - i. This action demonstrates the clear need for cogent, value-based decision criteria for retaining or disqualifying vendors who fail to satisfactorily conform with the WMBOO administrative policy, procedures and/or Baltimore City LAW;
 - ii. MWBOO imposed an undisclosed penalty/sanction against Long Fence, Inc. last year for its failure over the past 10 years to comply with WMBOO administrative policy, procedures and/or the LAW;
 - iii. The sanctions and penalties for noncompliance should continue and this vendor should NOT be awarded any city contracts for the same period of time it failed to comply with the WMBOO administrative policy, procedures and/or Baltimore City LAW, or 10 years;
3. How the protestant will be harmed by the proposed Board of Estimates' action: This action presents an opportunity for the City to provide a fair and equitable competitive opportunity for small and minority business benefit from municipal expenditures; however those responsible continue to fail to make the appropriate decisions to achieve that end. The continued mismanagement of major projects by City agencies is disgracefully wasteful and lacking innovative outcomes that generate equity for small and minority businesses.
4. The remedy I seek and respectfully request is that Long Fence, Inc. be removed from this Prequalification list. The WMBOO should be directed to disclose to the public (post on its web site) the sanctions and/or penalties which it imposes for companies that are found in non-compliance with WMBOO administrative policy, procedures and/or the LAW.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on September 17, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely, Kim Trueheart, Citizen & Resident

Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Office of the State's Attorney.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
 - a. Pages 19, Item # 1, Bureau of Purchases - THE BALTIMORE SUN COMPANY, LLC, Solicitation No. 06000–Legal Notice on Bonds–Department of Finance –if approved:
 - i. This proposed purchase fails to:
 1. Meet the intent pursuant to the City Charter and Maryland State law, that requires the City provide residents with legal notice of pending bond issues for the upcoming ballot;
 2. Provide notice to Baltimore's underserved and underrepresented majority population and other members of the city's ethnically diverse populations;
 3. Consider the changing sources of news and information associated with Baltimore's underserved and underrepresented majority population;
 4. Consider that electronic distribution sources are increasingly more readily available to urban residents than paper sources;
 5. Allow for multiple mediums to be used to provide public notices.
3. How the protestant will be harmed by the proposed Board of Estimates' action: As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This already onerous burden will be exacerbated by this approval.
4. The remedy I seek and respectfully request is that this action is deferred until a 21st Century notification strategy is developed which ensures notices are communicated via multiple methods and into our underserved communities.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on September 17, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely, Kim Trueheart, Citizen

Health Dept. - cont'dCase Monitoring Services Agreements

The Maryland State Department of Health and Mental Hygiene (DHMH) is designated as the single State agency to administer all aspects of the Maryland Medical Assistance Program. The Health Department has an agreement with the DHMH to participate in the program as the case monitoring agency and to contract with Medical Assistance Personal Care (MAPC) Case Monitors who will supervise personal care services to eligible recipients.

The Case Monitor will exercise independent professional judgment and carry professional liability insurance. Each case monitor will be an independent contractor and not an employee of the City.

The Case Monitor will be responsible for establishing a plan of personal care for each eligible recipient assigned to him/her, unless otherwise indicated. They will make home visits at least once every 90 days, maintain clinical records, and consult with each client's personal physician and other providers in order to develop a care plan.

In addition, the Case Monitor will conduct an InterRAI comprehensive evaluation on each MAPC recipient and inform them about participation in the Community First Choice (CFC) Program, which allows states to offer the option of certain community-based services as a state plan benefit to individuals who meet an institutional level of care. The Case Monitor must offer the CFC option of community services to older adults and people with disabilities to enable them to live in their own homes.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration of resources by the government of Baltimore City.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
 - a. Page 44, Space Utilization Committee – Site Agreement, if approved:
 - i. Authorizes the installation of a potential human health hazard of unknown consequence within a publically owned and operated facility;
 - ii. Fails to establish a financial threshold that sufficiently mitigates the potentially harmful health hazard to humans who frequent these publically owned and operated facility;
 - iii. Fails to ensure the public users of publically owned and operated facilities are properly informed and notified that the City of Baltimore has entered into the respective agreements which subjects them to this potentially harmful health hazard to humans;
 - iv. Fails to disclose the difference in terms of a “Site Agreement” versus a “Lease Agreement”.
3. How the protestant will be harmed by the proposed Board of Estimates’ action: The Municipality continues to demonstrate practices which routinely produce BAD outcomes for the underserved citizens of Baltimore City. The citizens who frequent the publically owned and operated facility are potentially being harmed by these agreements and the City has done nothing in negotiating this agreement to mitigate the potential harm and done nothing to warn/inform citizens of the potential risks.
4. Remedy I desire: This agreement should unanimously be DISapproved by this Board until these potential health risk issues are addressed.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on September 17, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely, Kim Trueheart, Citizen & Resident

Department of Finance - Title Sponsorship Agreement
and First Amendment to the
Revenue Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Title Sponsorship Agreement (Agreement) with Two Farms, Inc. t/a Royal Farms and a First Amendment to the Revenue Agreement with SMG. The period of the Title Sponsorship Agreement is November 1, 2014 through October 31, 2019.

AMOUNT OF MONEY AND SOURCE:

\$1,250,000.00 - (\$250,000.00 per year for five years for the
Sponsorship)
- 200,000.00 - Payment to SMG
\$1,050,000.00

BACKGROUND/EXPLANATION:

The City solicited a Request for Proposals (RFP) for the Baltimore Arena Title Sponsorship (B50002463), Baltimore Arena Title Sponsorship, Advertising, Manage, and Operate), which the City awarded by contract to SMG on December 19, 2012. Pursuant to the RFP, SMG was to acquire a Title Sponsor for the Baltimore Arena and to acquire and sell advertising space inside and outside of the Arena.

SMG subcontracted with Legends Sales and Marketing, LLC (Legends) to identify a Title Sponsor. Royal Farms has been identified as the Title Sponsor for the Arena and under the Agreement will receive (i) the temporary right from the City to brand the Arena with the name of Royal Farms Arena, and (ii) the non-exclusive, temporary right from the City to have its name on certain existing internal and external signage at the Arena.

Over the five year period of the Agreement, the City will receive \$1,250,000.00 (\$250,000.00 per year) from Royal Farms. The City has obligations under the Agreement such as the design, construction, installation, and maintenance of signage.

Under the terms of the Agreement, Royal Farms also has first rights of negotiation for the existing location and for a significantly redeveloped existing location or new venue of the Arena.

Under the terms of the RFP, SMG has the right to contract with any and all necessary subcontractors to perform services or to provide materials and supplies, as necessary, to operate and maintain the Arena. Further, SMG is responsible to ensure that all City zoning requirements and/or variances, if necessary, are met and that all necessary permits are obtained as they relate to the changing and/or use of outside signs and advertising.

The First Amendment to the Revenue Agreement clarifies that SMG will be responsible for the City's obligations to Royal Farms under the Agreement (e.g., design, construction, installation, and maintenance of signage).

Under the terms of the First Amendment to the Revenue Agreement, the City will pay SMG \$200,000.00, of which \$150,000.00 is designated for the design, construction, installation, and maintenance of signage and \$50,000.00 is designated for the one-time "Finder's Fee" under the RFP due SMG for Legends' obtaining Royal Farms as the Title Sponsor.

MBE/WBE PARTICIPATION:

SMG will follow the goals set by MWBOO under the Revenue Agreement of 8% MBE and 3% WBE for the \$150,000.00 to be expended on signage.

UPON MOTION duly made and seconded, the Board approved and authorized execution of a Title Sponsorship Agreement with Two Farms, Inc. t/a Royal Farms and a First Amendment to the Revenue Agreement with SMG. The Comptroller **ABSTAINED**.

Attention: Honorable Joan M. Pratt, CPA, Comptroller

Dear Ms. Pratt,

We are writing to you as the lowest responsive and responsible bidder for the two, above referenced projects. Bids for this job were recently received at 11:00 AM and publicly read aloud at 12 Noon.

This is to advise you that the bid submissions by R.E. Harrington (Harrington) are both **fatally flawed** and as such, we are protesting their bids.

Harrington's bid submission contains alterations of form, character and quality. In accordance with the City of Baltimore standard specifications, Article 00-21-13.11, Irregular Bids are defined as those which "*show any omissions; **alterations of form, character, quality** (emphasis added) and/or quality not called for... or **irregularities of any kind**" (emphasis added).*

Harrington's bid is riddled with a plethora of un-authorized, unacknowledged, unsigned and un-initialed alterations in the form of whiteouts and/or erasures, changes, revisions etc. Some of the more prominent alterations are attached hereto as examples and for reference purposes. Please note that these are intended to be illustrative and not exhaustive – many, many more of the same can be found throughout the Harrington bid submission package. It is noteworthy that these alterations are in **the** most prominent and critical locations of the bid submission package itself:

- a) **On the proposal pages:** By virtue of these un-initialed and unacknowledged alterations, Harrington has veritable open entrée to whatever it would like to claim – be it “We didn’t make those changes” or “Those weren’t our bid units” or “Someone else must have written those things – not us” etc. This certainly does beg the question – WHO DID IT? And as such, it creates an unfair advantage for Harrington giving them “two bites at the apple”. If Harrington is unhappy with the bid results after bids are publicly opened, they can cry foul saying that those were not their changes and that they want something else instead (be it in unit pricing or otherwise). Contrariwise, if Harrington is pleased with the bidding results, they can just take the job – as is.

- b) **On the MBE / WBE pages:** These pages are particularly sensitive; and rightfully so because MWBE usage is so important for proper community opportunities and general community development in a broad-based sense. It also has a direct impact and affect on job pricing and thus the total bid itself because the bid requires a certain significant percentage to be performed by MWBE's. These mandatorily required forms contained in BID are signed by both the bidder and the sub **going in to the bid** and function as a true upfront AGREEMENT by and between the GC and the MWBE Subcontractor and between the GC and Baltimore City (going in to the bid) committing to pricing and MWBE Subcontractor usage. Alterations to this AGREEMENT cannot be allowed or in this instance, unilaterally changed (as done in the Harrington bid). In order to consummate this AGREEMENT (or any agreement for that matter) both the GC and the Sub would have to consent to any such changes (for obvious reasons). It is unconscionable to change a "pact" or an AGREEMENT as official as this, the way that it was done in Harrington's bid submission package – by someone.

This brings us back to the question: Who did it? Who made the alterations? Was it done by someone between the hours of 11 AM and Noon – the window of time between receipt of bids and the public bid opening itself, when the bids are supposed to be securely kept by the Owner? Or, was it done sometime before that? The Harrington bid submission package introduces all sorts of questions of improprieties and is suspect at best. This is certainly and undisputedly considered an alteration of form and character and thus an irregularity as defined by the City of Baltimore Specifications requiring the rejection of Harrington's bid.

For the foregoing reasons, we respectfully suggest that these two jobs must be awarded to Metra Industries as we are the lowest responsive and responsible bidder for the project.

Kindly confirm at your earliest convenience that this job will be awarded to Metra Industries Inc as the lowest responsive and responsible bidder for the project.

Very truly yours

Stephan P. Dioslaki

On March 26, 2014, the Board approved the travel request for Mr. Nilson to attend the IMLA Mid-Year Seminar in Anchorage, Alaska from May 17 through May 20, 2014.

The Department requests approval of the reimbursement of additional expenses associated with Mr. Nilson's representation of the City at IMLA's Mid-Year Seminar in Anchorage, Alaska from May 17 - 20, 2014.

Mr. Nilson and Mr. Matthew Nayden of the Law Department attended this seminar which covered the latest legal issues impacting municipalities and the strategies to address them and met with officials of IMLA and Alaska and other officials regarding details of Baltimore hosting the conference this September. A Budget rental car service was used during the conference in order to get to and from the airport in Alaska and between the locations of the conference. The attendee was not aware that the expense of a car rental for location transportation was expected or required to be approved by the Board in advance.

The Budget reservation was obtained after Board approval. Given the remoteness of the location and very early departure time for the return flight, the fact that a number of the seminar events were held at locations away from the conference hotel site, and the fact that attendees (plus spouses) were attending led Mr. Nilson to conclude that a single rental car would be less expensive and more efficient than multiple cab rides every day for the 2/4 persons.

Attn: Clerk

Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Mayor of Baltimore City and the various Departments and Agencies.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self.
2. What the issues are:
 - a. Page 67, Item #5, Mayor's Office of Human Services (MOHS) – "Travel Requests", if approved:
 - i. The travel destination of this request seems misaligned with the duties and responsibilities of the travelers, who have NO role in providing health care to incarcerated individuals;
 - ii. The conference is described on the conference web site as follows: The National Conference provides **comprehensive coverage of all aspects of correctional health care**: chronic care, mental health, suicide prevention, oral health care, special populations, crisis intervention, liability challenges, risk management and more.
 - iii. The Health Department is NOT currently responsible for "correctional health care". Please explain how this conference advances the work of the department?
 - iv. This travel expense should not be borne by the general fund.
3. The remedy I seek is that this action be disapproved and that the funding for this action be re-aligned to cover health care expenses for Baltimore's homeless population.
4. How the protestant will be harmed by the proposed Board of Estimates' action: As a citizen I have witnessed questionable management and stewardship of municipal funds by this Mayoral administration. I seek a reasonable amount of results-oriented stewardship of scarce tax-payers funds which currently does not appear to exist. Smart money management seems to elude this Mayoral administration and the lack of checks and balances in oversight and auditing of municipal expenditures harms rather than serves the public good.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on September 17, 2014.

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
 - a. Pages 1 - 69, City Council President and members of the Board of Estimates, BOE Agenda dated September 17, 2014, if acted upon:
 - i. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board's decision to continue funding the provider of the city service being procured;
 - ii. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider's success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
 - iii. The members of this board continue to fail to provide good stewardship of taxpayers funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
 - iv. This board should immediately adjust the board's policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
 - v. In the interest of promoting greater transparency with the public this board should willing begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.
 - vi. Lastly this board should explain to the public how, without violating the open meeting act, a consent agenda is published outlining the protocols for each week's meeting prior to the board opening its public meeting.
3. How the protestant will be harmed by the proposed Board of Estimates' action: As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various

agencies and departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. Remedy I desire: The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board's consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on September 17, 2014.
