**AMOUNT OF MONEY AND SOURCE:**

There are no costs associated with this action.

**BACKGROUND/EXPLANATION:**

The Baltimore City Sherriff's Office received extra funding from the State of Maryland to adjust the salaries of staff within the office. Based on the salary adjustment, it required the Department of Human Resources create nine new grades that would support the new salaries for the employees. As these employees are currently covered and will continually be covered by the City Union of Baltimore, the current grade structure would not support the new salary adjustment.

<u>Department of Housing and Community Development (DHCD)</u>	- Acquisition of Leasehold Interest by HUD URA <u>Sec. 24.102(c)(2)</u>
---	---

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the Utilization of HUD URA Sec. 24.102(c)(2) to acquire the leasehold interest in the property located at 2236 E. North Avenue (Block 4171, Lot 019) from Aftarmath Realty, LLC, owner.

**AMOUNT OF MONEY AND SOURCE:**

\$6,706.64 - 9910-905507-9588-900000-704040

**BACKGROUND/EXPLANATION:**

The DHCD, Land Resources Division strategically acquires and manages vacant or abandoned properties, which enables these properties to be returned to productive use and improve Baltimore City neighborhoods.

The subject property is condemned and located on a block that is scheduled for demolition within the next 45 days. The demolition of the 2200 block of E. North Avenue is necessary to further the City's efforts to revitalize blighted neighborhoods. Employing the use of HUD URA Sec. 24.102(c)(2) provides the DHCD the option to purchase a property without the requirement of an independent appraisal report. Specifically, HUD URA Sec. 24.102(c)(2) states, the report is not required if:

- (i) the Agency determines the valuation problem is uncomplicated and the anticipated value of the proposed acquisition is estimated at \$10,000.00 or less based on a review of available data, and
- (ii) when the independent report is determined to be unnecessary, the Agency shall prepare a waiver valuation report.

## MINUTES

DHCD - cont'd

The purchase price of \$6,706.64 was based on a review of available data from:

- the State Department of Assessments and Taxation,
- the Metropolitan Region Information System,
- Land Records, and
- the City of Baltimore Land Asset Management.

A copy of the Waiver Valuation form and corresponding document has been submitted.

The time and costs associated with acquiring 2236 E. North Avenue by waiting for two independent appraisals and conducting negotiations and demolishing around the property would be substantially higher than negotiating an agreed upon amount with a willing property owner. The contractors estimate the cost of rebuilding the walls around the subject property range from \$10,000.00 to \$15,000.00 per wall, depending on the height and length of the property.

In an effort to expedite the process, Aftarmath Realty, LLC has agreed to waive its right to an independent appraisal and convey the property located at 2236 E. North Avenue to the City for \$6,706.64, less the current amount of liens owned on the property.

With the Board's approval, the City will use HUD URA Sec. 24.102 (c) (2) to receive clear and marketable title to the property at 2236 E. North Avenue to promote the City's continued revitalization efforts.

Department of Law - Settlement Agreement and Release

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Settlement Agreement and Release brought by Joseph Crystal, Plaintiff, against former Commissioner Anthony Batts and the Baltimore City Police Department alleging various violations of Mr. Crystal's right to freedom of speech under the United States Constitution and the Maryland Declaration of Rights.

**AMOUNT OF MONEY AND SOURCE:**

\$42,000.00 - 1001-000000-2041-716700-603070

**BACKGROUND/EXPLANATION:**

Former Baltimore City Police Department Detective Joseph Crystal filed suit in federal court against the Baltimore City Police Department, former Commissioner Anthony Batts, and a police sergeant, alleging that he had been harassed by his fellow officers for reporting alleged criminal misconduct by other members of Mr. Crystal's unit. Mr. Crystal sought in excess of \$5,000,000.00 in damages. In addition to legal defenses they had to Mr. Crystal's claims, the Baltimore City Police Department and Commissioner Batts were confident discovery would establish that they had acted diligently to protect Mr. Crystal's rights.

During the litigation, a sergeant who was at one time named as a defendant was dismissed from the case following the production of documents and the depositions of Mr. Crystal. Mr. Crystal also agreed to refrain from re-asserting in the litigation any of the factual allegations he had made in the complaint concerning the sergeant. Following the sergeant's dismissal, Mr. Crystal, the BPD, and former Commissioner Batts engaged in settlement discussions.

Dept. of Law - cont'd

The internal documents and emails produced by the Baltimore City Police Department to Mr. Crystal demonstrated the diligent good faith efforts that former Commissioner Batts and the rest of the Baltimore City Police Department took to address Mr. Crystal's concerns. Mr. Crystal did not have this evidence before suit. Despite the high degree of confidence that the Baltimore City Police Department and former Commissioner Batts had on the merits, the parties decided it would be more economical to resolve the case through settlement. Therefore, the parties propose to settle the matter for the sum total of \$42,000.00 in return for a dismissal of the litigation, plus the issuance of a joint public statement.

Based on a review of the facts and legal issues specific to this case, the Settlement Committee of the Law Department recommends that the Board of Estimates approve the settlement of this case as set forth herein.

**AMOUNT OF MONEY AND SOURCE:**

\$85,344.00 - 2076-000000-2321-252800-607001

**BACKGROUND/EXPLANATION:**

An Agreement for Pay-and-Display Parking Stations with CALE was executed and approved by the Board on July 19, 2006, and amended with approval on October 17, 2007, July 30, 2008, April 8, 2009, February 17, 2010, August 25, 2010, April 25, 2012, October 3, 2012, and July 23, 2014. The Board approved the assignment of the Agreement for Pay-and-Display Parking Station and the Meter Maintenance Agreement from CALE Parking Systems USA, Inc. to CALE America, Inc. on February 15, 2012. The Agreement for Pay-and-Display Parking Stations allowed the City, through the Parking Authority, to purchase and install 887 multi-space meters (EZ Park Meters) throughout the City. The benefits associated with these meters have been recognized by the City's agencies, citizens, businesses, and visitors.

The Meter Maintenance Agreement was approved by the Board on May 26, 2010, amended once with the Board's approval on February 5, 2014 and has an initial term of 5 years through May 31, 2015. The Meter Maintenance Agreement allows the PABC to extend the term of the agreement for two 1-year periods by providing notice to CALE and obtaining approval from the Board. The Parking Authority exercised the first one-year option last year, and is now requesting approval of the second notice exercising the second 1-year extension through May 30, 2017.

## MINUTES

Parking Authority of - cont'd  
Baltimore City

This notice of extension will ensure that the successes of the EZ Park program will continue by requiring regular preventive maintenance on EZ Park meters, tracking repair alarms/complaints, and requiring response times by CALE technicians when meters require repairs. CALE meters are meeting expectations and the Parking Authority believes that this Meter Maintenance Agreement is in the best interest of the City. As a result of the EZ Park meter program, parking meter revenues have increased by 9 million dollars annually.

The advantages of EZ Park meters, compared to the old single-space meters, are numerous:

- Expanded payment options - EZ Park meters not only accept coins for payment of parking charges, but they offer the convenience of accepting credit cards for payment as well. Currently, about 55% of revenues collected at EZ Park meters are through credit card transactions, and parking patrons appreciate the payment option,
- Additional Parking Spaces - Because conventional meters must be spaced to accommodate the longest cars, they are separated by more space than necessary for small cars. At unmarked curbs, smaller cars can fit into spaces too small for longer cars, and about 10 to 15 percent more cars can typically fit into the available curb space,
- Enhanced streetscapes - One EZ Park meter can replace up to 15 (or more) single-space meters, and EZ Park meters do not require marking individual curb spaces on the street. EZ Park meters thus reduce street clutter by removing unnecessary hardware and signs.
- Wireless communications - Each of the EZ Park meters communicate continuously in real-time with central computers at Parking Authority offices providing current parking data at our fingertips. EZ Park meters also let us

- know when they are in need of repair or supplies, and when cash needs to be collected,
- Pricing and duration flexibility - EZ Park meters have the ability to charge different prices by time of day or day of the week, thus responding to variations in parking demand. Price schedules can be remotely reconfigured in any neighborhood through wireless technology,
- Proof of payment provided - the receipt that is printed by EZ Park meters is proof of payment for the parker's business and tax records. Also, parkers who wish to appeal a ticket from parking enforcement will have evidence of payment,
- Reduced meter downtime - EZ Park meters automatically report mechanical failures wirelessly to a central computer. Rapid service response can then make it likely that meters are up and running when motorists try to pay for parking,
- Economical - One EZ Park meter can cost less to purchase and maintain than the eight to fifteen (or more) individual single-space meters that one EZ Park meter replaces. Payment by credit and debit cards, and the fact that the EZ Park meters will send a wireless alert when cash needs to be collected, reduces the cost of collecting, transferring and counting coins,
- Superior data collection - EZ Park meters produce records of parking occupancy on each block by time of day, day of the week, for particular months, and for particular seasons. The information can then be utilized to analyze usage patterns and set prices to manage the parking supply, and

- Increased revenue controls - EZ Park meters automatically record how much money is collected from the various payment options. Each meter keeps a running tally of the day's receipts, and that tally is sent wirelessly to the central computer. This allows auditors to detect any discrepancies when the revenue is collected and counted.

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Grant Agreement with Civic Works, Inc. The period of the Agreement is effective upon Board approval for one year.

**AMOUNT OF MONEY AND SOURCE:**

\$200,000.00 - 1001-000000-1875-773300-603050

**BACKGROUND/EXPLANATION:**

Under this Agreement, the Growing Green Initiative will be funding Civic Works, Inc., a non-profit organization, to support a robust workforce development program to transform vacant lots into temporary green spaces by training high school students through the Civic Works' Baltimore Conservation Leadership Corps and young adults through the Community Lot Team. In working to "Clean and Green" vacant lots, participants will develop job skills, remain physically active, and learn more about the environment. Civic Works, Inc. is dedicated to strengthening Baltimore's communities through education, skills development, and community service.

Civic Works will transform over 200 vacant lots as "Clean and Green" or temporary green spaces, which includes fencing, re-seeding, and removing brush on sites throughout the 2016 growing season. Four targeted neighborhood areas have been identified for Clean and Green improvements: Coldstream Homestead Monetbello; Broadway East; Central Park Heights; and the Penn North, Upton, Druid Heights, Sandtown-Winchester areas.

The funds from this program are drawn from the Greening Initiative Supplementary Operating Appropriation funds.

The Board is requested to approve and authorize execution of a Grant Agreement with Park Heights Renaissance. The period of the Agreement is effective upon Board approval for one year.

**AMOUNT OF MONEY AND SOURCE:**

\$75,000.00 - 1001-000000-1875-773300-603050

**BACKGROUND/EXPLANATION:**

Under this Agreement, the Growing Green Initiative will be funding Park Heights Renaissance, a non-profit organization implementing the Baltimore City Park Heights Master Plan where land and economic development, alongside human development, are transformative influences in the revival of a thriving and sustainable community, to lead the design and implementation of a Community Managed Open Space located at 4814 Pimlico Road.

There are approximately 900 vacant lots in Park Heights. While vacant land provides an opportunity for new development and open space in the future, its current condition has a negative impact on the image and marketability of the community. As the Park Heights community begins to revitalize, new development must be complemented by short term, cost efficient blight elimination strategies. The Growing Green Initiative will fund the creation of a new Community Managed Open Space, which will be a long-term greening site incorporated into the overall neighborhood design and will transform several vacant lots.

The funds from this program are drawn from the Greening Initiative Supplementary Operating Appropriation funds.

**BACKGROUND/EXPLANATION:**

The Mayor's Office of Human Services appeared before the Board on February 24, 2016 to speak to issues related to the negative findings in the FY 13 audit cited against the low Income Home Energy Assistance Program (LIHEAP) while under the direction of Baltimore Housing. The MOHS Community Action Partnership Center (MOHS-CAP) worked with the Maryland Department of Human Resources to ensure safeguards were put in place to prevent the replication of the negative findings in the FY13 Audit. While the audit findings have been reviewed by the Maryland Department of Human Resources, the Board also requested a response from the US Health and Human Services Department since the State is the direct awardee of the grant and not the City of Baltimore. The MOHS-CAP was to initially report back to the Board on this issue on April 6, 2016 but requested an extension to April 27, 2016. Once the extension was granted, MOH-CAP met with the Department of Audit's and the Maryland Department of Human Resources to obtain the letter which is now being presented to address the audit findings #2012-005, 2013-017 and 2013-018.

Baltimore City Board of Estimates  
100 N Holliday Street  
Baltimore, MD 21202

Dear Honorable President and Members of the Board of Estimates:

I am in receipt of your request for the Maryland Department of Human Resource, Office of Home Energy Programs (OHEP) to provide (1) an opinion regarding remaining findings cited by the City of Baltimore Department of Audits for fiscal year 2013 of the City's Low Income Energy Assistance Program (2) its satisfaction to the current and planned corrective actions and (3) whether there is concern of having funds returned to the State. A response to each individual finding and an overall summary is provided below.

**Finding #2013-005: Missing Folders, Various Errors and Omissions Were Noted During Our Review of the Program Documentation**

State OHEP is encouraged by the steps being taken by the City to minimize missing documents and incomplete paperwork for its energy assistance applications. Specifically, the State considers the City's commitment to begin use of its Electronic Content Management System (ECMS) as a way to ensure that documentation is not lost and improve customer service.

Similarly, State OHEP is pleased to see that the City is restructuring its quality assurance procedures for both its case files and payment transactions. In the coming fiscal year, State OHEP will be using a new monitoring tool to audit the City's program, and will work jointly with the City to ensure they are prepared.

**Finding #2013-017: Weaknesses Were Noted in Several Areas of Concern**

State OHEP is satisfied with the new fiscal controls put in place by the City to ensure segregation of duties, separation of funding, and recordkeeping of payments. The switch to direct deposit for payment to vendors should additionally result in faster payment to vendors. Regarding recordkeeping of files, State OHEP recognizes the efforts of the City to increase file space and will be satisfied with the proper security of confidential files once the City completes its closeout of the current year and transfers all remaining files into file cabinets at the end of June.

**Finding #2013-018: Widespread Discrepancies Were Noted in the Client Application Process**

The corrective actions related to this finding are addressed by the City in Finding #2013-005 and #2013-017.

*Equal Opportunity Employer*

**Summary**

While State OHEP reserves the right to demand return of funding to the State should it uncover through a future audit issues that merit such action, we do not request the return of funding by the City as a result of the remaining findings cited by the City Department of Audits. Furthermore, while the City has additional work needed to ensure proper safeguards are in place within its program, State OHEP is encouraged by the progress made over the past year and will continue to work in partnership with the City to resolve any outstanding concerns.

If you have any further questions on this matter, please contact me at 410-767-7415 or by e-mail at [Matthew.Lyons@maryland.gov](mailto:Matthew.Lyons@maryland.gov).

**ACTION REQUESTED OF B/E:**

The Board is requested to **NOTE** receipt of the Department of Audits' response to the Mayor's Office of Human Services Related to the Fiscal Year 2013 Single Audit Low Income Home Energy Assistance Program (LIHEAP) Findings.

**BACKGROUND/EXPLANATION:**

As requested by the Board of Estimates, the Mayor's Office of Human Services (MOHS) has provided information, in a letter dated May 25, 2016, on the corrective actions taken related to the audit findings identified in the Single Audit of the City of Baltimore for fiscal year 2013 for the Low Income Home Energy Assistance Program (CFDA Number 93.568) presented to the Board of Estimates on April 29, 2015.

Single Audit Finding Number 2013-005 was for the Low Income Home Energy Assistance Program (LIHEAP), CFDA #93.568, and addressed the issues found during our test of program eligibility. LIHEAP was administered by the Department of Housing and Community Development (DHCD) during fiscal year 2013. Starting July 1 2014, LIHEAP has been administered by the Mayor's Office of Human Services (MOHS). LIHEAP is funded by the U.S. Department of Health and Human Services (HHS) through the Maryland Department of Human Resources (MDHR).

The Department of Audits recommended that DHCD resolve both the known questioned costs of \$44,609 and the likely questioned costs of \$6,201,821 in accordance with the determination of the grantor, the U.S. Department of Health and Human Services.

Board of Estimates  
Attn: Clerk  
City Hall, Room 204  
100 N. Holliday Street,  
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:

Pages 1 - 174, City Council President and members of the Board of Estimates, BOE Agenda dated June 1, 2016, if acted upon:

- a. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board's decision to continue funding the provider of the city service being procured;
- b. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider's success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
- c. The members of this board continue to fail to provide good stewardship of taxpayers' funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
- d. This board should immediately adjust the board's policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
- e. In the interest of promoting greater transparency with the public this board should willing begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.

- f. Lastly this board should explain to the public how, without violating the open meeting act, a consent agenda is published outlining the protocols for each week's meeting prior to the board opening its public meeting.

3. How the protestant will be harmed by the proposed Board of Estimates' action: As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various agencies and departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. Remedy I desire: The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board's consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on June 1, 2016.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,  
Kim Trueheart, Citizen & Resident
