Notes on Procedures:

The "Old Rate" used was the average rate for previous fiscal years based on three randomly sampled months (June 2017, October 2017, and June 2018). The resultant rate is 0.3518 cents per mail piece.

The "New Rates" started being applied at the beginning of FY19 (July 2018).

The charges measured were for mail piece charges only and exclude other special charges (i.e., insertions, sortings, counts).
