The Office of Engineering & Construction is requesting a non-compensable time extension of 76 days due to excessive delay from the Remote Terminal Unit (RTU) and Variable Frequency Drive (VFD) design changes, manufacturer production and delivery delays which required that the period for the flow bypass pumping operation needed to be extended beyond the expected duration. This was proven and justified during the time impact analysis review of the contractor’s request. The contractor is asking only for compensation for the extra 2 months of bypass pumping in the amount of \$110,000.00. The Certificate of Completion form will not be completed until a scheduled time after final payment and final completion has been given by the Agency.

The scope of the construction project includes the upgrade of pump station control and communication; replacement of pumps; installation of new Thioguard Station at Baltimore Street; repair of existing wetwell; new roof; installation of new backup generator, and other miscellaneous work.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Settlement Agreement and Release for the litigation action brought by Eric Jones (Plaintiff) against Officers Joshua Jordan and Russell Tonks, Unknown Officers and Supervisors of the BPD, former Police Chief Anthony Batts and the Baltimore Police Department (Defendants).

AMOUNT OF MONEY AND SOURCE:

\$550,000.00 – 1001-000000-2041-716700-603070

BACKGROUND/EXPLANTION:

On May 1, 2014, Officers Jordan and Tonks were investigating drug activity in Baltimore City, when they observed 30-40 people leave the area upon their approach. The Officers noticed Mr. Jones walking away in a hurried manner and stopped him for questioning, at which time Mr. Jones ran. Officer Jordan gave chase, caught Mr. Jones and employed a “take down.” Mr. Jones allegedly suffered a traumatic brain injury that required surgery as a result of this “take down.” Mr. Jones was charged with Assault in the Second Degree, Resisting/Interfering with Arrest, and various CDS charges. One CDS charge was dismissed by nolle prosequi. The State’s Attorney pursued all other charges, and Mr. Jones was found not guilty on a motion for judgment of acquittal.

Plaintiff filed the current lawsuit in U.S. District Court for the District of Maryland on July 22, 2016. Plaintiff alleged violations of his civil rights under 42 U.S.C. § 1983, violations of the Maryland Declaration of Rights, and state law claims of Malicious Prosecution, Assault and Battery, False Imprisonment and False Arrest.

In order to resolve this case, avoiding the expense, time, and uncertainties of further protracted litigation and the potential for an excess judgment, the Defendants have agreed to offer Mr. Jones payment of \$550,000.00, for complete settlement of the case. In return, Mr. Jones has agreed to dismiss all claims against all Defendants.

To correct these deficiencies, a comprehensive improvement program was developed which calls for major hydraulic, mechanical and electrical improvements to the pumping station, for the provision of an emergency generator facility and for the architectural and structural rehabilitation of the station structure itself. Improvements to the discharge header and control valves will be made, as well as replacing discharge mains installed directly under the Jones Falls Expressway. Office of Civil Rights and Wage Enforcement – Living Wage Recommendation for
FY 2022

The Wage Commission in accordance with Article 5, Subtitle 26, Baltimore City Code (Living Wage Law), is required each year to recommend to the Board of Estimates by December 15th, a revised Living Wage Rate for the City of Baltimore service contracts.

The Wage Commission reviewed the yearly revision of the U.S. Census Bureau's Poverty threshold. After careful consideration of the Bureau's poverty level for a family of four currently set at \$26,200.00, and other wage data, the Commission is recommending to the Board that the Living Wage be increased from the current hourly rate of \$12.36 to \$12.59. This pay rate will apply to City of Baltimore service contracts as recommended by the City Purchasing Agent and designated by the Board of Estimates.

Methodology for calculation:

$\$26,200.00$ divided by 2,080 (a 40-hour week x 52 weeks) = $\$12.59$ per hour.

Office of Civil Rights and Wage Enforcement – Prevailing Wage Rate Recommendation 2021

ACTION REQUESTED OF B/E:

The Board is requested to approve the recommended Prevailing Wage Rates in accordance with Article 5, Subtitle 25, Baltimore City Code, to be paid to laborers, mechanics, and apprentices on all Prevailing Wage contracts awarded by the Board of Estimates. It is recommended that the rates become effective for contracts that are advertised on or after December 31, 2020.

BACKGROUND/EXPLANATION:

The Wage Commission requested evidence from contracting associations, unions, and related trade groups on work both public and private, in order to establish rates to be recommended to the Board of Estimates. In reviewing the rates for classifications 1-5, there is an increase from the current rates in those classes.

The submitted recommended Prevailing Wage Rates represent a total increase of 68.44% for Classes 1, 2, 3 and 5 (\$1,202.35 is the dollar amount increase for the four classes listed below.)

Class 1	Building Construction	26.52%
Class 2	Highways	94.45%
Class 3	Utility	0.00%
Class 5	Purchases, etc.	266.42%

68.44% Increase

Classification 4 applies to federally funded Housing and Urban Development projects and has no impact on the City’s general funds. For this reason, the Wage Commission adopted the United States Department of Labor’s wage rates for this category.
