ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Settlement Agreement and Release for the action brought by Kianga Mwamba against the Baltimore City Police Department, Officers Stephanie Uruchima, Marlon Koushall, Erick Jackson, and Kelly Larson for alleged assault, battery, "illegal arrest," false imprisonment, intentional infliction of emotional distress and violations of a provision of the Maryland Declaration of Rights arising out of an incident in which the Plaintiff was arrested.

AMOUNT OF MONEY AND SOURCE:

\$60,000.00 - 1001-000000-2041-716700-603070

BACKGROUND/EXPLANATION:

The Plaintiff was traveling northbound Harford Road and stopped to record an interaction between Baltimore City Police Officers and an individual being arrested. An Officer saw the Plaintiff and told her to pull over and park if she wished to continue doing so because she was blocking traffic. The situation escalated and resulted in an Officer using a stun gun to subdue and arrest the Plaintiff. There are conflicting accounts regarding whether the Plaintiff's car struck an officer on the scene. The Plaintiff also claims to have been punched several times during the arrest.

As a result of the incident, the Plaintiff filed suit seeking \$1,000,000.00 in compensatory damages and \$1,000,000.00 in punitive damages. Because of conflicting factual issues and given the uncertainties and unpredictability of jury verdicts, the parties propose to settle the matter for a total sum of \$60,000.00 in return for a dismissal of the litigation.

AMOUNT OF MONEY AND SOURCE:

BACKGROUND/EXPLANATION:

When one of the officers approached the Plaintiff, he ran into the street and collided with the vehicle occupied by the Defendants. The officer who initially pursued the Plaintiff fell. The Plaintiff continued running. The Defendants continued pursuing the Plaintiff on foot until they apprehended him. A "stun gun" was used to take the Plaintiff into custody. The Plaintiff contends the Defendants used excessive force on him. The Plaintiff was transported by ambulance from the scene of the incident to Johns Hopkins ER for evaluation. X-rays showed a fracture/dislocation of the left ankle. His ankle was adjusted and splinted before he was transported to Central Booking. The Plaintiff subsequently had an open reduction and internal fixation of his left ankle and went to Johns Hopkins for physical therapy and follow-up medical treatment. The Plaintiff incurred medical bills in excess of \$20,000.00 related to this incident. He claims to need an additional surgery.

Community Development Agreement

AMOUNT OF MONEY AND SOURCE:

\$228,000.00 - 5000-594216-5971-439500-603051

BACKGROUND/EXPLANATION:

The Department is the Local Weatherization Agency for the Federal Weatherization Assistance Program and the State's EmPower Maryland Program serving approximately 1,000 low-income families a year. Neither federal nor state weatherization programs provide for significant heating system repairs and replacements. The State of Maryland periodically provides complementary funding from the Maryland Energy Assistance Program (MEAP) to meet the heating system needs of weatherization program clients.

The Department will use the MEAP funding in this grant agreement to aid weatherization client families, with incomes at or less than 200% of Federal poverty guidelines, who experience "no heat" emergencies during winter months. MEAP funding is expected to aid 50 families with heating system emergencies from the date of approval to the end of the grant term which is September 30, 2016. New heating systems provided by this grant agreement will be "energy star" rated and will significantly reduce utility bills for low-income families years after installation.

Office of the President - Governmental/Charitable
Solicitation Application

ACTION REQUESTED OF B/E:

The Board is requested to endorse a Governmental/Charitable Solicitation Application to the Baltimore City Ethics Board. Mr. James B. Kraft wishes to continue to solicit donations from local individuals and businesses to fund the Southeast Schools Fund. The period of the solicitation is effective upon Board approval through December 8, 2016.

AMOUNT OF MONEY AND SOURCE:

No general funds are involved in this request.

BACKGROUND/EXPLANATION:

There is an acute need to provide Baltimore City students with supplementary programs that will allow them to explore issues and activities beyond the classroom. However, the scarcity of resources available often means that supplementary programs are overlooked. These funds would be used to establish a variety of activities that could otherwise not be implemented, such as the Southeast Schools Baseball League, recycling competitions, and essay contests. These programs would promote competition and collaboration among schools and the involvement of community members in school-based activities.

Donations will be solicited from local individuals and businesses. A potential donor list will be comprised of businesses and individuals that have a history of participating in activities related to the content matter or specific programs, or who live or do business in the communities served by participating schools. Most of the individual and corporate entities fitting that description are not controlled donors.

MINUTES

Office of the President - cont'd

However, those potential donors who are controlled donors will not be targeted or singled out in any way and will be solicited, if at all, in the same manner as all other potential donors.

The Southeast Schools Fund has been established with the Baltimore City Foundation in order to maintain these funds. Expenditures will be reviewed at meetings including representatives of participating schools and other involved community members.

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official governmental program or activity, or a City-endorsed charitable function or activity. Ethics Regulation 96.26B sets out the standards for approval, which includes the requirement that the program, function or activity to be benefited and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.

UPON MOTION duly made and seconded, the Board endorsed the Governmental/Charitable Solicitation Application to the Baltimore City Ethics Board for Mr. James B. Kraft to continue to solicit donations from local individuals and businesses to fund the Southeast Schools Fund. The President **ABSTAINED**.

SC 882 included demolition of the existing Activated Sludge No. 1 Structures. These structures were originally constructed in 1930s. After Notice to Proceed, as part of the contractor's safety plan, an industrial hygienist performed a survey of the buildings prior to start of demolition work. The hygienist reported data that these buildings contained lead, asbestos, mercury and pigeon fences (also a haz-mat). A subsequent report from a hygienist employed by the City confirmed these findings. The presence of these haz-mats was not stated in the contract document and remediation was not included in the specifications. The design engineer subsequently performed a survey to confirm the contractor's findings and quantify the amount of removal required to be compliant with current regulations. The contractor was directed to perform the work on a time and material basis to avoid this issue causing a delay to the project. The City inspectors tracked the contractor's time and materials and equipment utilized to remediate the structures.

SC 882 includes the installation of Energy Dissipating Gates in the clarifiers. During the shop drawing review process, the engineer saw an opportunity to improve the ability of the gates to open and close to adjust in response to variations in flow, and this would increase solids removal by the clarifiers. Revised fabrication details were provided by the design engineer and the contractor has provided a lump sum cost proposal for this additional work. The design engineer has reviewed this negotiated lump sum cost proposal, inclusive of all labor and materials and found the cost to be acceptable.

January 20, 2016

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:

- a. Pages 1 - 79, City Council President and members of the Board of Estimates, BOE

Agenda dated January 20, 2016, if acted upon:

- i. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board's decision to continue funding the provider of the city service being procured;
 - ii. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider's success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
 - iii. The members of this board continue to fail to provide good stewardship of taxpayers' funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
 - iv. This board should immediately adjust the board's policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
 - v. In the interest of promoting greater transparency with the public this board should willing begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.
 - vi. Lastly this board should explain to the public how, without violating the open meeting act, a consent agenda is published outlining the protocols for each week's meeting prior to the board opening its public meeting.

Email: kimtrueheart@gmail.com

5519 Belleville Ave
Baltimore, MD 21207

3. How the protestant will be harmed by the proposed Board of Estimates' action: As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various agencies and departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. Remedy I desire: The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board's consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on January 20, 2016.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident
