   $25,283,300.00 $ 812,872.50 Spiniello Companies - 100%

   The Office of Engineering and Construction is requesting to utilize funds from the Engineer’s Office Allowance, Item 102, to cover the cost to reimburse Spiniello Companies for expenses incurred by its CSX subcontractor working at the CSX property with the SC 903 project footprint. The allocated amount in Item 119 is insufficient to cover the total cost of work inside the CSX property. This is a zero-dollar change order to use funds from one bid item to pay for another. This project is currently in its warranty phase. The Certificate of Completion Form will not be completed until a scheduled time after final payment and final completion has been given by the Agency.

   The scope of the construction project includes sewer cleaning and close circuit television inspection of approximately 5,800 linear feet; 102,000 linear feet of cured-in-place pipe lining; 1,700 linear feet of sewer main replacement through open cut; approximately 1,500 each of rehabilitation of sanitary house connections by various methods; approximately 370 each of rehabilitation of existing sanitary sewer manholes by various methods; approximately 370 vertical linear feet of replacement of existing sanitary sewer with new sanitary sewer manholes; associated wastewater by-pass pumping or control of flows of sewers and/or manholes to be repaired, replaced, constructed or rehabilitated and continuous monitoring of the bypass operation; restoration of pavement, alleys, and sidewalks, and site restoration including planting trees. A portion of this work was performed on property on 1910 Benhill Avenue owned by CSX Transportation, Inc. In order to perform this work, Spiniello has to obtain a temporary Right-of-Entry from CSX to access the property.

   - **Spiniello Companies - 4 9.3%**

   The Office of Engineering and Construction is requesting funds to pay for additional concrete of an unforeseen condition involving insufficient concrete quantities. During the course of construction work on the project, an issue relating to concrete quantities required to complete the patching activities for sidewalks and reinforced composite roadway pavement was discovered. Because some surfaces deemed asphalt turned out to be composite surfaces (asphalt over concrete), estimated concrete quantity is substantially less than required. Both the consultant design engineer and City engineer have independently investigated the deficit, cost and quantities needed to complete the project. The Certification of Completion Form will not be completed until a scheduled time after final payment and final completion has been given by the agency.

   The scope of the construction project includes the scope of work consisting of 2,060 linear feet of Cured-In-Place Pipe (CIPP) Lining; 2,940 linear feet of sewer cleaning and Closed Circuit Television (CCTV) inspection; 4,775 linear feet replacement of sanitary sewers by open cut method; 345 rehabilitation of sanitary house connections by various methods; 154 replacement of sanitary house

AMOUNT OF MONEY AND SOURCE:

$159,846.00 - 2043-000000-1450-162900-603014

BACKGROUND/EXPLANATION:

FEMA mandates the purchase of Flood Insurance for properties located in Special Flood Hazard Areas. The Department submitted a list of City properties located in these areas that require Flood Insurance.

The Board submission is late because of slight typographical errors that were detected, missing the deadline for submission.

MBE/WBE PARTICIPATION:

There are no MBE/WBE goals for the purchase of this insurance policy

APPROVED FOR FUNDS BY FINANCE
The Board is requested to approve the renewal of liability insurance for students enrolled in the Baltimore City Public Schools Student Nursing, Geriatric Nursing Assistants and Medical Assistants programs and the Baltimore City Fire Department EMT programs. **BACKGROUND/EXPLANATION:**

The submission is late because the Board was in recess when final renewal terms were received.

**MBE/WBE PARTICIPATION:**

There are no MBE/WBE goals for the purchase of this insurance policy.

**APPROVED FOR FUNDS BY FINANCE**
ACTION REQUESTED OF B/E:

The Board is requested to endorse a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to allow the Office of Sustainability to solicit donations from individuals, organizations, businesses, and foundations who have an interest in sustainability in the City to support implementation of the 2019 Sustainability Plan. Contributions will be used to support internships and fellowships with the Office of Sustainability, community engagement and outreach efforts, support for Resiliency Hubs, or any other actions in the plan as specified by the donor. The period of this campaign will be effective upon Board approval through June 30, 2022.

AMOUNT OF MONEY AND SOURCE:

No General Funds are involved in this transaction.

BACKGROUND/EXPLANATION:

On April 22, 2019, Mayor Young signed Council Bill No. 19-332, adopting a new Sustainability Plan for Baltimore City. The 2019 Sustainability Plan articulates a new vision for a more resilient, equitable, and sustainable Baltimore. The plan uses an equity lens to improve planning, decision-making, and resource allocation leading to more racially equitable policies and programs. The plan incorporated feedback from thousands of residents and includes new topics, more intentionally addressing all three legs of sustainability: people, planet, and prosperity. Current priority areas include waste, trees and nature, climate and resilience, green schools, equity, and community engagement.

This solicitation will target individuals, organizations, businesses, and foundations who have an interest in sustainability in the City. The Department will use social media, newsletter stories, signature lines on emails, website postings, and other indirect methods. Donations may be monetary or in-kind, but there will be no direct exchange of funds. All payments would go directly to the Baltimore Civic Fund on behalf of the Office of Sustainability. Contributions will be used to support internships and fellowships with the Office of Sustainability, community engagement and outreach efforts, support for Resiliency Hubs, or any other actions in the Plan as specified by the donor.
A potential donor list will be comprised of individuals, corporate entities, faith-based institutions and other non-profit organizations, and foundations that contribute to the economic, social, and cultural vitality of Baltimore City. Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors with respect to the City Council or the Board of Estimates will be targeted or singled out in any way and will be solicited, if at all, in the manner as the other potential donors.

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exemption was enacted in 2005 to permit certain solicitations that are for the benefit of an official government program or activity, or a City-endorsed charitable function or activity. Ethics Regulation 96.26B sets out the standards for approval, which include the requirement that the program, function, or activity to be benefited and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.

**ACTIONS REQUESTED OF B/E:**

The Board is requested to terminate a contract with Spiniello Companies for convenience, prior to the issuance of a Notice to Proceed by the Department of Public Works and to reimburse Spiniello Companies $63,128.00 in costs associated with its acquisition of contract bonds.

**AMOUNT OF MONEY AND SOURCE:**

$63,128.00 - 9956-908340-9551-900020-706063

**BACKGROUND/EXPLANATION:**

The Department of Public Works (DPW) awarded Sanitary Contract 930R to Spiniello Companies on September 26, 2018. Based on this award, Spiniello Companies took necessary steps to execute contract bonds, at a cost of $63,128.00. Thereafter, DPW determined that the project was not viable as designed. Specifically, the project relied on an easement over property owned by Canton Railroad to construct a pump station. A subsequent review of the easement revealed that it would not support the construction of a structure on the surface of the Canton Railroad property and attempts to negotiate an amicable resolution were not fruitful. DPW is seeking to terminate this contract for convenience and reimburse Spiniello Companies for costs incurred in good faith.

action requested by b/e:

in the interest of transparency, the law department is bringing this matter to the attention of the board. in the case of u.s. equal employment opportunity commission (eeoc) v. enoch pratt free library, et al., the court ruled in favor of plaintiff and against defendants enoch pratt free library (the library) and baltimore city.

amount of money and source:

the total amount of the court's award is $194,748.44. this is comprised of back pay in the amount of $97,374.22, and an equal amount in liquidated damages.

funds are available in account number 2044-000000-1450-703800-603070.

background/explanation:

plaintiff eeoc brought suit against defendants, on behalf of five female claimants, all of whom are librarian supervisors for the library. plaintiff claimed that the library violated the equal pay act of 1963 (epa), 29 u.s.c. § 206(d)(1) when it paid a male librarian supervisor more than claimants. plaintiff alleged that the claimants and the male comparator performed substantially similar work, and that the library’s stated reasons for the pay discrepancy were pre-textual. the library vigorously defended the case, arguing that the city’s gender-neutral hiring policy (am-205-20) – which was unquestionably followed here – allowed for the precise salary negotiations that occurred. plaintiff refused to settle pre-trial, unless the city agreed to a binding consent decree that would allow the eeoc to monitor several human resources functions of the library. this extreme demand was insisted upon by the eeoc, and although defendants proffered numerous settlements which included back pay to the claimants, the eeoc refused. defendants rejected plaintiff’s consent decree demand, in large part because the library already achieved all of the purported goals of the consent decree, making it unnecessary. the matter proceeded to a five-day bench trial before judge paul xinis. following trial, the court ruled in plaintiff’s favor, awarding monetary damages but not granting plaintiff’s request for injunctive relief.

ACTION REQUESTED OF B/E:

AMOUNT OF MONEY AND SOURCE:

Account: 6000-606221-4460-792300-607004

BACKGROUND/EXPLANATION:

The Baltimore City Cash Assistance Program will provide one-time cash assistance to low-income Baltimore residents impacted by the ongoing COVID-19 crisis. Due to the economic toll of COVID-19, thousands of Baltimore residents are unable to afford basic necessities. To meet this need, the City previously allocated $6,000,000.00 of the Baltimore City Children and Youth Fund and, in collaboration with the AOSI, provided one-time disaster relief to residents hardest hit by COVID-19 pursuant to the original Grant Agreement between the City and AOSI approved by the Board of Estimates on September 23, 2020. No additional funds are requested.

Due to delays caused by a change in one of AOSI’s partners involved in the implementation of the Cash Assistance Program, the Program has yet to be rolled out. No funds have been transferred to AOSI.

The City and AOSI now wish to amend and restate the original Grant Agreement to update the Program dates, one of AOSI’s Program partners, the reporting obligations, and the Program’s Implementation Plan. Following approval of this Amended and Restated Grant Agreement, the funds will be transferred from the Baltimore City Children and Youth Fund to AOSI, who will then facilitate sub-grants to Community-Based Organizations to provide pre-loaded debit cards in order for eligible participants to afford groceries and other needs. This Amended and Restated Grant Agreement amends the term expiration date from January 31, 2022 to February 28, 2022 to allow AOSI more time to prepare and submit the Final Spending Report.
