STATEMENT OF PURPOSE AND RATIONALE FOR NON-COMPETITIVE PROCUREMENT

On May 3, 2017, the Board approved the initial award in the amount of $3,000,000.00. The award contained four renewal options. Three renewals have been exercised. This final renewal in the amount of $3,000,000.00 is necessary for the procurement of Sodium Hypochlorite – 15%, which is intended to use for treatment of the public drinking water supply, wastewater treatment and the City’s public swimming pools. The period of the award is May 4, 2021 through May 3, 2022. The above amount is the City’s estimated requirement.

It is hereby certified that the above procurement is of such a nature that no advantage will result in seeking, nor would it be practicable to obtain, competitive bids. Therefore, pursuant to Article VI, Section 11(e)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

MBE/WBE PARTICIPATION:

On March 9, 2017, it was determined that no goals would be set because there is no opportunity to segment the contract.

MWBOO GRANTED A WAIVER ON MARCH 9, 2017.

2. KIDSMART SOFTWARE COMPANY | $44,900.00 | Renewal |
| Contract No. 80000 – Kidsmart Software Upgrade, Support and Hosting Service – Mayor’s Office of Employment Development – Req. No.: R838214 | |
On December 7, 2016, the Board approved the initial award in the amount of $62,414.35. The award contained four renewal options. Three renewals have been exercised. Kidsmart Software Company is the sole provider of the proprietary software, license, upgrade and support services that is used by case managers for various programs throughout the Mayor’s Office of Employment Development. This final renewal will allow for the continued annual licensing and software support for authorized users of the Vendor’s software. The period of the award is November 31, 2020 through December 1, 2021. The above amount is the City’s estimated requirement.

**MBE/WBE PARTICIPATION:**

Not applicable. This is a sole source renewal for software and support that is only available from the Vendor.

3. **1ST CHOICE STAFFING, LLC**

   $2,500,000.00

   Renewal

   Contract No. B50004200 – Providing Temporary Accounting Personnel Services – Citywide – P.O. No.: P534292

   On January 20, 2016, the Board approved the initial award in the amount of $2,500,000.00. The award contained two 2-year renewal options. On January 9, 2019, the Board approved the first renewal in the amount of $0.00. This final renewal is for the period February 1, 2021 through January 31, 2023. The above amount is the City’s estimated requirement.

**MBE/WBE PARTICIPATION:**

On July 22, 2015, MWBOO set goals of 10% MBE and 5% WBE. On February 28, 2021, 1st Choice Staffing, LLC was found in non-compliance with a conciliation recommendation from MWBOO to ensure MBE/WBE utilization.

MWBOO is requiring adherence to a post-compliance performance plan given the uncontrollable challenges that caused low utilization. During the conciliation process, MWBOO learned the prime contractor encountered continuous recruitment issues with placement/hiring of qualified candidates based on the City’s need for personnel assistance. MWBOO authorized a MBE substitution since Swift Staffing* lacked sufficient candidates to meet job descriptions for various tasks. The Prime Contractor is also a certified MBE and will continue as the MBE replacement by way of self-performance. WBE goals were low due to limited personnel requests from the City. MWBOO conducted a life-cycle review of contract performance and confirms prime contractor demonstrated good faith efforts to utilize MBE and WBE when the City presented a high demand of requests for personnel needs. Due to minimal requests from the City during the review period, the opportunities for both prime and MBE/WBE were limited.

**MWBOO FOUND VENDOR IN NON-COMPLAINECE WITH A CONCILIATION RECOMMENDATION TO ENSURE MBE/WBE UTILIZATION ON FEBRUARY 28, 2021.**

4. **HARBOR BOATING INC.** $1,700,000.00 Increase
   Contract No. B50004357 – Provide Water Taxi and Commuter Services in Baltimore Harbor – Department of Transportation – P.O. No.: P537049

   On August 17, 2016, the Board approved the initial award in the amount of $3,058,664.00. This increase in the amount of $1,700,000.00 is necessary to continue water taxi and commuter services through June 2023. This increase will make the award amount $4,758,664.00. The contract expires on September 30, 2036, with two additional 5-year terms. The above amount is the City’s estimated requirement.

7. DONALD B. RICE TIRE COMPANY $ 399,568.02 Selected Source

This meets the condition that there is no advantage in seeking competitive responses.

**STATEMENT OF PURPOSE AND RATIONALE FOR NON-COMPETITIVE PROCUREMENT**

This is a one-time payment for invoices obtaining roadside tire services outside the scope of the agreement. This issue has since been rectified with the award of B50005882, awarded on May 13, 2020, that includes all elements of the services needed. The previous contract did not provide for replacement of tires, the scope of work only covered repairs. The new contract B50005882 was awarded for the period covering May 13, 2020 through May 12, 2022 contains no language or price structure allowing for tires to be replaced during a road service call although this is a common occurrence when the extent of the damage leaves the tire in unrepairable condition.

In addition, damaged tires cannot be repaired on emergency service vehicles, they must be replaced. The Department of General Services – Fleet and Bureau of Procurement identified a cooperative NASPO VALUEPOINT/STATE OF IOWA MASTER Contract #19101 with Goodyear Tire and Rubber Co., which includes providing tires and roadside services which was approved by the Board of Estimates on January 20, 2021.

It is hereby certified that the above procurement is of such a nature that no advantage will result in seeking, nor would it be practicable to obtain, competitive bids. Therefore, pursuant to Article VI, Section 11(e)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Consent Agreement with Constellation Solar MC, LLC a Delaware limited liability company sale of its solar business to Brookfield Partners L.P. (Brookfield).

AMOUNT OF MONEY AND SOURCE:

No additional expenditure of City funds

BACKGROUND/EXPLANATION:

This sale includes Constellation’s 10 Megawatt Solar Power Purchase Agreement with the City of Baltimore entered in FY 2016.

Exelon/Constellation is selling its 360 MW solar generation business to Silverado Holdings LLC, an affiliate of Brookfield who will then assign the obligations to Sunbeam LeaseCo, LLC (Sunbeam) until January 2024. Sunbeam is an affiliate of Constellation. After that date, the obligations will return to Brookfield. The sale requires the City’s consent to the assignment and assumption of the City’s agreement for 10 MW at Perryville, MD as part of the sale.

Under the contract, Constellation has the right to sell the project. The sale will not change the terms of the original agreement. At the City’s request, the only change to the agreement was requirement for the Vendor to obtain written confirmation from the City acknowledging the transfer of obligations in 2021 and in 2024, giving 30 days before default.

The original agreement is a 15-year Power Purchase Agreement that expires in 2031 with two 5-year options for extensions. The power produced by the solar plant is Virtually Net Metered to 176 accounts in the City. The cost per kilowatt-hour is $0.082, which for the accounts subscribed results in more than $150,000.00 in savings per year.

Department of General Services – Use of Baltimore City Public Schools Contract
IFB-18010 – Roofing System Maintenance & Repair Services

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize the Department of General Services to utilize the Baltimore City Public Schools (BCPS) Contract #IFB-18010, Roofing System Maintenance and Repair Services on an as-needed basis to perform an in-kind roof replacement on City buildings.

AMOUNT OF MONEY AND SOURCE:

$0.00 - None at this time. Funds will be identified as needs arise.

BACKGROUND/EXPLANATION:

The BCPS has solicited bidders through the BCPS Contract. BCPS awarded the contract to three vendors. The BCPS Contract and State law allows other government agencies to use the BCPS Contract to perform work on an expedited basis through a cooperative purchasing agreement contained in the BCPS Contract. The City is an eligible government entity as set forth in the BCPS Contract. BCPS has authorized the Department to use the BCPS Contract as needed. The City Law Department has determined that Baltimore City can “piggyback” off the BCPS Contract and the Director of Finance has approved this use of the BCPS Contract. The Department believes that utilizing the BCPS contract is in the best interest of the City.

In the normal course of a capital construction procurement, the City will engage a design consultant to prepare the project design and bid package so that the design can be used as the basis for public advertisement and bidding. This process requires preparation of detailed contract documents, including a contract book and design of specifications and drawings, which preparation may take average of seven months between approval of the design consultant to perform the task and the actual preparation of the contract documents.
The entire process, from engaging the design consultant to award of a contract to a contractor so they can start construction, can take more than one year. However, an experienced roofer can perform an in-kind roof replacement without a design prepared by a design consultant, thereby saving not only the cost of design but the significant time usually spent on design. By using the BCPS Contract, the Department can begin work within approximately six weeks of the initial meeting at the work site with the contractors — a greatly reduced time frame allowing necessary roof replacements to be performed because BCPS has already procured contractors through a public advertisement and competitive selection process.

The City Charter Article VI, §11 (e)(i) allows an exception to formal advertisement when “no advantage will result in seeking, or it is not practicable to obtain, competitive bids...”. The Department will enter into on-call agreements with the three contractors who are listed on the BCPS Contract. The agreements will be modeled after Baltimore City’s Contract Book and will include required Baltimore City resolutions and requirements, including, but not limited to, Contractor Prequalification, Bonding, Minimum Wage Rates, Local Hiring Law, MBE/WBE Participation Requirements, and the City of Baltimore, Department of Public Works, Specifications for Material, Highways, Bridges, Utilities and Incidental Structures, Issue of 2006 (the “Green Book”). Task orders for roofing individual projects will then be let under those on-call contracts and awarded to the lowest responsive responsible bidder for each task.

**MBE/WBE PARTICIPATION**

The Minority and Women’s Business Opportunity Office has confirmed and approved the BCPS Contract participation requirements of 27% MBE and 10% WBE on this contract and will be monitoring the compliance and goal participation standards set for it for each of the vendors with whom the City will enter into a contract.

The requirements of Article 5, Subtitle 27 of the Baltimore City Code, as amended (the Local Hiring Law) are applicable to each of the individual contracts the City will enter into with the vendors awarded the BCPS Contract.

- the sale and rehabilitation of the property will help to promote a specific benefit to the immediate community,
- the sale and rehabilitation will help to eliminate blight from the neighborhood, and
- the sale and rehabilitation will promote economic development and the property will be returned to the City's tax rolls.
DHCD – cont’d

MBE/WBE PARTICIPATION:

The Developer will purchase this property for a price that is less than $50,000.00 and will receive no City funds or incentives for the purchase or rehabilitation; therefore, MBE/WBE is not applicable.

MBE/WBE PARTICIPATION:

Not a competitive procurement item. The Organization is paying for all costs.

(The Memorandum of Understanding has been approved by the Law Department as to form and legal sufficiency.)
Department of Transportation (DOT) - Settlement and Release of Claims

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Settlement and Release of Claims for Physical Property—Falls Road Derailment with CSX Transportation, Inc. (CSXT).

**AMOUNT OF MONEY AND SOURCE:**

$7,032.22 - 1001-000000-5011-694700-603026

**BACKGROUND/EXPLANATION:**

On or around March 15, 2019, CSX Transportation had a train derailment on Falls Road. The CSXT requested the City to provide emergency repairs in which they agreed to reimburse the City for all services provided to make the necessary repairs. The services included guardrail removal/replacement, installing detour signage, and installing/maintaining maintenance of traffic along Falls Road.

The Department requests acceptance of the Settlement and Release of Claims for the necessary repairs to the damaged property and related services rendered.

Department of Public Works/Office - Amendment No. 3 to Agreement of Engineering and Construction

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of Amendment No. 3 to Agreement with Whitman, Requardt & Associates, LLP for WC 1327, Chlorine Handling Safety Improvements. The Amendment to Agreement will extend the period of the agreement through April 20, 2022.

AMOUNT OF MONEY AND SOURCE:

$0.00

BACKGROUND/EXPLANATION:

The Department adheres to the Maryland Department of Environment Stormwater Management design manual but has the discretion to require more stringent measures. A geotechnical report was prepared in August of 2019 that supported the bioretention design. The proposed bioretention facilities were included in both 30% submittal (August 2019) and the 60% (January 2020) to the Department. The first official submittal to the Office of Compliance and Laboratories for Stormwater Management concept review was received by the Office of Compliance and Laboratories on February 7, 2020. The Office of Compliance and Laboratories mentions the inconsistency of the infiltration rates for each bioretention facility and recommends further geotechnical investigations. This eventually led to the entire approach to Stormwater Management concept being redesigned for the 90% submittal (July 2020) to replace the two bioretention facilities with one submerged gravel wetlands facilities. The redesign of Stormwater Management took majority of the hours included with this proposal. Stormwater Management redesign also affected the Erosion and Sediment Control design. It is common practice for Submerged Gravel Wetlands to be used as Erosion Sediment Control Sediment Basins during construction, and then to be converted to their final use as submerged gravel wetlands at the end of construction. The proposed Erosion Sediment Control plans required revisions to include the proposed Sediment Basins.
