The Environmental Control Board requests approval to transfer funds to the Baltimore City Foundation for the Care-A-Lot program, under BMORE Beautiful, in order to provide grants to Baltimore City neighborhoods and youth participants working to maintain identified vacant lots within their community.

The funds will be dispersed to participating community organizations and youth participants based on invoiced maintenance visits and work completed.

APPROVED FOR FUNDS BY FINANCE

Office of the City Council  - Governmental/Charitable Solicitation Application

**ACTION REQUESTED OF B/E:**

The Board is requested to endorse a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to allow Mr. Zeke Cohen and staff to continue to solicit donations for a Baltimore Corps Fellow for the First District City Council office. The period of the campaign will be effective upon Board approval through December 31, 2019.

**AMOUNT OF MONEY AND SOURCE:**

No general funds are involved in this transaction.

**BACKGROUND/EXPLANATION:**

Donations will be solicited from Baltimore businesses, civic leaders, the foundation community and the general population. A potential donor list will be comprised of individuals and corporate entities that contribute to the economic, social, and cultural vitality of Baltimore City. Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors with respect to the City Council or the Board will not be targeted or singled out in any way and will be solicited, if at all, in the same manner as the other potential donors.

Baltimore Corps’ mission is to enlist talent to advance social impact in Baltimore and to build a movement for equity. Baltimore Corps’ Fellow Program effectively develops, connects, and retains talented professionals in the social impact sector in Baltimore City. Mr. Cohen’s office provides a strategic and diverse platform for these talented individuals to work directly with local leaders in addressing the challenges and fostering valuable relationships. This funding will explicitly continue to fund two Baltimore Corps Fellows for the First District City Council Office. There is a need in City Government to enlist these talents into its offices to promote a more equitable Baltimore.
Office of the City Council - cont’d

Going into its third year, Mr. Cohen has partnered with Baltimore Corps since coming into office in 2016 to effectively confront critical issues impacting our city. The Baltimore Corps Fellows continue to coordinate Baltimore Rising, a civic engagement and democracy building initiative. They have successfully managed and facilitated Baltimore Rising’s 3rd Cohort and selected individuals for the 4th Cohort that will begin February 2019. This past April, 13 individuals successfully completed the program and are now actively organizing around issues concerning voter-turnout, legislation around transparency, and hosting community gatherings to bring awareness to several social justice issues. Fellows are working with other organizations in Baltimore to partner on similar issues and broaden the impact Baltimore Rising is having on other organizations. Our Baltimore Corps Fellows continue to lead on this tremendous work.

Additionally, the office’s Fellow helped coordinate a summer youth workforce development program under Mr. Cohen’s office called “This Is Working.” The Fellow worked alongside the Mayor’s Office of Employment Development to coordinate 20 work sites for 22 youth in Southeast Baltimore as well as Friday workshops, field trips, and provided support as a supervisor for the youths and job sites.

Recently, one of the office’s Baltimore Corps Fellows organized a mural project in O’Donnell Heights by working with the new community association and two local community schools to create a mural painting to beautify their community. This project took months to secure a grant from the Baltimore City Foundation and work alongside the students, the artist, and the partners to ensure that the community was completely involved in this process. The unveiling of the mural project was held on October 12, 2018. An article cited this mural as “a sign of unity against violence.” Fellows in the office continue to build relationships with the O’Donnell Heights community.

Ethics Regulation 96.26B sets out the standards for approval, which includes the requirement that the program, function, or activity to be benefited and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.

UPON MOTION duly made and seconded, the Board endorsed the Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to allow Mr. Zeke Cohen and staff to continue to solicit donations for a Baltimore Corps Fellow for the First District City Council office. The President ABSTAINED.

LEAD is a program in which individuals charged with low-level drug and prostitution charges are diverted away from incarceration to social services and treatment programs. This approach has been demonstrated to reduce recidivism rates and takes a public health approach to these particular offenses. LEAD is a partnership between the Baltimore Police Department, the Office of the State’s Attorney, Behavioral Health Systems Baltimore and Open Society Institute-Baltimore aimed at improving public health and public safety by applying a harm reduction approach to low-level drug and
prostitution charges. LEAD provides intensive case management in which individuals gain access to a variety of support services.

According to the LEAD Program Evaluation written by the University of Washington LEAD Evaluation Team, LEAD has proven to be successful in reducing criminal-recidivism rates by 60% for people experiencing homelessness, low-level drug offenses, and prostitution/sex work. Those who participated in LEAD had a 58% lower likelihood of being arrested again. Mr. Cohen, in collaboration with various stakeholders, would like to expand LEAD into South and Southeast Baltimore where our communities have experienced high levels of heroin use, sex trafficking, sex work, and other forms of substance abuse. As an innovative approach combining aspects of law enforcement, public health, and harm reduction, LEAD presents itself as an effective alternative to addressing the challenges our communities face.

The money raised for this expansion would be used to fund operating costs, vehicles, mileage, staff training, hiring 4-5 Case Managers, housing assistance, utilities, food, clothing, and public transportation. The cost for this program is $1 million for both South and Southeast Baltimore.

Funds would be solicited for the purposes of supporting a year-round youth jobs program. Such a program was called for by the Baltimore City Council on December 6, 2018 with the passage of Resolution 18-0121. The program would recruit students from Baltimore City High Schools, provide them with basic job and professionalism training, and place them in jobs. Students would work no more than 12 hours each week through the school year and full-time over the summer. Efforts will be made to match students in jobs related to their interests, goals, and/or their work in a career and technical education (CTE) track through Baltimore City Public Schools.

This program will be a collaboration between partners in industry, non-profits, and government. We have been working with Baltimore City Public Schools, the Mayor’s Office of Employment Development, and several non-governmental partners to develop a network that could support youth employment. We seek to raise $3 million to support a pilot program. The funds will be used to finance the recruitment, training, placement, and support of students and employers.

Mayor’s Office of Human Services – Provider Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Provider Agreement with St. Vincent de Paul of Baltimore, Inc. (SVDP). The period of the Provider Agreement is July 1, 2018 through February 29, 2020.

AMOUNT OF MONEY AND SOURCE:

$450,000.00 - 4000-407119-3571-761000-603051

BACKGROUND/EXPLANATION:

The SVDP administers the Front Door (FD) program which serves 110 families. Eighty of these families are served directly by the SVDP and 30 families are served by the House of Ruth Maryland through a partnership funded by a Continuum of Care grant. The FD program will provide tenant-based rapid re-housing services, utilizing scattered-site units throughout Baltimore City, to families in Baltimore City shelters and homeless services programs. The FD program is prepared to take all referrals through Coordinated Access, when available.

The FD program will provide intensive case management, housing support, workforce development services, and one-time client assistance to remove barriers to housing and rental assistance through a model of progressive engagement.

The Provider Agreement is late because of a delay in receiving the project budget from the SVDP.

Circuit Court for Baltimore City - Sub-Vendor Contract

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Sub-Vendor Contract with Behavioral Health System Baltimore, Inc. for the Forensic Alternative Services Team (F.A.S.T). The period of the agreement is July 1, 2018 through June 30, 2019.

**AMOUNT OF MONEY AND SOURCE:**

$633,027.00 - 4000-400519-1100-576600-404001

**BACKGROUND/EXPLANATION:**

This program is funded by the Department of Health and Mental Hygiene. This program provides mental health evaluation of seriously mentally ill citizens in Baltimore, who have been arrested for minor crimes and either placed in the Baltimore City Detention Center or the Central Booking Facility. When indicated, the program arranges with the court to have the defendant transferred to either a mental health facility as an inpatient or directed to an appropriate outpatient facility. Follow-up over a six-month period by the program is mandatory.

As in prior years, the program will continue to divert this population from incarceration and the criminal justice system to appropriate mental health treatment resources. By providing such services, the population of mentally ill that are incarcerated has decreased. In addition, approximately 72% of the individuals evaluated and placed through the Program do not return to the criminal justice system within two years. This program clearly is a positive contribution to the reduction of trial dockets within the courts and is a humane placement solution for the mentally ill.

In addition to the original FAST program, this contract is also funding portions of the Circuit Court Mental Health Court docket, which is an alternative to incarceration and community linkage.

**AMOUNT OF MONEY AND SOURCE:**

$254,214.00 - 4000-401519-1100-116800-404001

**BACKGROUND/EXPLANATION:**

The agreement will provide funding for operations costs and salary /OPC expenditures for the Domestic Relations Magistrates Program on a 34% (local share) to 66% (Federal participation) basis. $142,114.00 $1,725,427.00

Therefore this Amendment reflects a total Agreement amount of $1,867,541.00 during the life of the Agreement.

BACKGROUND/EXPLANATION:

The original agreement was for a seventeen-month period and has been amended six times previously to extend the period with approval from the Board. The sixth amendment extended the period of the agreement through November 30, 2018.

Under the original agreement, compensation to Chesapeake was based on a monthly base management fee and a calculation for the incentive fee, with reimbursement for approved operating expenses at the parking facility.
This Amendment requires additional funding to pay for anticipated operating expenses and to compensate Chesapeake during the extended term upon the original compensation structure.

The Bureau of Procurement was delayed in issuing an RFP for the operation of this garage. The RFP has been issued and proposals were received on November 21, 2018.

This Seventh Amendment will allow for proposals to be reviewed and the eventual contract awarded.

Chesapeake has provided adequate management services.

This Seventh Amendment is late because of delays from Chesapeake in getting the Amendment signed and returned to the PABC.

### BACKGROUND/EXPLANATION:

Bon Secours Foundation of Maryland, Inc., Central Baltimore Partnership, Inc. and Loyola University Maryland, Inc. will support community engagement and neighborhood-level economic development activities in several Baltimore City communities surrounding the campuses of higher education and medical systems.

Baltimore City higher-education and medical systems, or “anchor institutions” are actively engaged in neighborhood partnerships with their surrounding communities and the City to advance mutual interests in neighborhood-level economic development throughout the City. Examples of successful community partnerships include, but are not limited to, the York Road Initiative (YRI) neighboring Loyola University Maryland and Notre Dame of Maryland University,

Community Development

the Homewood Community Partners Initiative (HCPI) in Central Baltimore, and continued commitments from Bon Secours Baltimore Health System as participants of the Southwest Partnership (SWP) and Operation Reach Out Southwest (ORSW).

Past examples of anchor-institution community development place-making grants supported by the Department have included improvements to community gathering space at Coppin State University along North Avenue, improvements to lighting and signage in business districts in Old Goucher and Charles North, the incorporation of local workforce development initiatives into neighborhood beautification efforts in southwest Baltimore, and community greening in Mid-town Belvedere.

To leverage the implementation of community vision plans and anchor-driven investments, the Department issued a Notice of Funding Availability (NOFA) to anchor institutions in 2016 to solicit capital and community-led projects. These projects will enhance the quality of life in residential communities and promote a growing small business climate in the City neighborhoods through the improvement of properties, open spaces, commercial corridors, and support transformational neighborhood-level real estate development projects and transportation infrastructure throughout the City.

A transfer of funds in the amount of $340,616.00 was approved by the Board on March 7, 2018 for the purpose of enabling these three community projects and other anchor-related projects to continue.

The transfer included a remaining balance of $40,616.00 of General Fund Revenue from prior community development grants in Fiscal Year 2015 and $300,000.00 in general obligation bond funds from Fiscal Years 2016 and 2017. This Agreement amount of $175,000.00 includes the remaining $40,616.00 carried over from Fiscal Year 2015 and $134,384.00 of the $150,000.00 in available Fiscal Year 2016 funds offered in the 2016 Notice of Funding Availability. The remaining anchor institution initiative funds for Fiscal Year 2016

of $15,626.00 will be spent on future anchor-related projects. The Fiscal Year 2017 anchor institution initiative funds are intended for future anchor institution-related projects.

On January 8, 2014, the Board approved the initial award in the amount of $670,000.00. The award contained five renewal options. Four renewal options have been exercised. The Police Department has requested not to exercise the final renewal option on the current contract. This extension is necessary to continue police uniform services while a new solicitation B50005656 is awarded. Bids are due on March 20, 2019. The contract expires on January 7, 2019. The period of the extension is January 8, 2019 through May 31, 2019. The above amount is the City’s estimated requirement.

MBE/WBE PARTICIPATION:

On September 27, 2013, it was determined that no goals would be set because of no opportunity to segment the contract.

BACKGROUND/EXPLANATION:

The Baltimore Police Department’s SART (Sexual Assault Response Team) and Human Trafficking program assist in developing and implementing strategies and services specifically intended to provide assistance to victims of crime in Baltimore City. This program is combined with the Department’s Improving Criminal Justice Responses to Domestic Violence and Sexual Assault Program. Both programs improve the Department’s response to crimes of
domestic violence, sexual violence and human trafficking and increase services and support for victims to address trauma and encourage healing. The program funds will provide personnel, travel, contractual, and other services.

This grant amount was not specifically budgeted for in the Fiscal 2019 budget, therefore, an AAO transfer from an unallocated account to this detailed grant account is required to enable acceptance of the grant.

This request is late because the Notice of the Award was recently received and because of delays in the administrative process.

Office of Council President – Expenditure of Funds

ACTION REQUESTED OF B/E:

The Board is requested to approve the Expenditure of Funds to reimburse Mr. Bill Henry.

AMOUNT OF MONEY AND SOURCE:

$796.00 – 1001-000000-1000-106600-603033

BACKGROUND/EXPLANATION:

In September of 2018, the former Councilman Kenneth N. Harris, Sr. was honored with a naming ceremony at the Leith Walk Recreation Center. In 2010, legislation was passed to rename this recreation center after Councilman Harris.

The ceremony date was scheduled for September 18, 2018 a date that was available for the Harris Family and City-wide elected and former elected colleagues of Councilman Harris. Unfortunately, the quote for the sign’s fabrication and erection was not received by the Department of Recreation and Parks within a reasonable time to process using the City’s procurement process.

Image 360, the vendor, contracted to fabricate the sign, could not begin production until receipt of the deposit of $796.00. Mr. Henry paid the deposit of $796.00.

The balance of $1,592.00 is currently being processed using the City’s CitiBuy System.

APPROVED FOR FUNDS BY FINANCE

AUDITS REVIEWED AND HAD NO OBJECTION.

UPON MOTION duly made and seconded, the Board approved the Expenditure of Funds to reimburse Mr. Bill Henry. The President ABSTAINED.
The Crime Reduction Grant (total award of $9,180,112.00) will be used to assist the Baltimore Police Department in its continued pursuit to strengthen communities and eliminate violent crime. The program will deploy police officers to walk foot patrols throughout communities to bolster public trust, work together with community advocates, resolve neighborhood problems, and improve public safety.

The Baltimore Police Department anticipated receiving this grant funding to support police officers and detectives in Fiscal 2019, and accordingly budgeted $6,965,755.00 in Service 622: Police Patrol, Service 624: Target Violent Criminals, and Service 637: Special Operations.
BBMR - cont’d

The Department did not anticipate also receiving $2,214,357.00 of grant funding to support information technology upgrades. Therefore, the Board is requested to approve a supplemental appropriation for the amount of $2,214,357.00.

Upgrading information technology is a critical step in modernizing the Department and meeting requirements of the Consent Decree with the U.S. Department of Justice.

This request is late because the award documents were recently received.

AUDITS REVIEWED THE SUBMITTED DOCUMENTATION AND FOUND THAT IT CONFIRMED THE GRANT AWARD.

UPON MOTION duly made and seconded, the Board approved and authorized acceptance of the Grant Award from the Governor’s Office of Crime Control and Prevention for the Crime Reduction project. The Board further approved the State Fund Operating Supplemental Appropriation of AAO No. 35 in Police, Service 632: Records Management.
Department of Audits - Audit Reports

The Board is requested to NOTE receipt of the following Audit Reports:

President: “The first item on the non-routine agenda can be found on page 89 item one. Baltimore City Department of Law Biennial Performance Audit Report, Fiscal Year Ending June 30, 2017 and 16. Will the parties please come forward? We’re going to do all -- we’re going to do both of those together and we'll do the third one by itself.”

City Auditor: “Okay. Good morning members of the Board, Audrey Askew, City Auditor. Finding Number One for Department of Law, Controversies. Number of lawsuits handled: the Baltimore City Law Department’s Fiscal Year 2017 and Fiscal Year 2016, actual performance measure data for the number of lawsuits handled did not agree to the supporting documents provided by the Law Department. However the inaccurate reporting did not change the fact that the Baltimore City Law Department did not meet its target for Fiscal Year 2016. But they did meet their target for Fiscal Year 2017.”
Deputy City Solicitor: “Good morning, my name is Dana Peterson Moore, I’m the Deputy City Solicitor for the Law Department. I -- I assumed that role in November 2017. Uh -- the Law Department agrees with this finding, but also adds that we are extremely proud that we did not meet the target of lawsuits filed. Uh -- we hope to never meet that target. We hope to always miss that target by a factor of 100. The fewer lawsuits that are filed against the City, the better it is for the City of Baltimore. That helps preserve our revenue and our financial strength.”

City Auditor: “Finding Number Two, the Law Department did not meet as Fiscal Year 2016 performance measure target -- target for the number of lawsuits handled. And as stated I agree uh -- with Ms. Moore that uh -- we recommend that the performance measure within the budget book be adjusted to reflect an attribute that is within the control of the Law Department.”

Deputy City Solicitor: “Right and I -- I don't want to repeat myself but again it's always great when we don't meet that target. And we don't meet that target because the Law Department under the leadership of City Solicitor, Andre Davis, and his predecessors has lawyers that are very strong and we fight for the City. So,
attorneys and plaintiffs are -- are figuring out maybe it's not such a great thing to file lawsuits against the City of Baltimore, so, we're very proud of that. We do agree that there should be a different uh -- word target -- target does not explain at all what we do and how we do what we do. So, we will work with BBMR and Department of Audits to find a better measure.”

City Auditor: "Findings Three, Four, and Five relate to the Minority and Women’s Business Opportunity Office, the number of applications approved. I’ll read them in succession, Finding Three, Law Department’s Minority and Women's Business Opportunity Office, uh -- Fiscal Year 2017 Actual Performance Measure Data, for the number of applications approved, did not agree to the supporting list of Fiscal Year 2017 new application approvals uh -- provided by the Minority and Women's Business Opportunity Office. In addition, after reviewing the list of Fiscal Year 2017 new applications approvals, we found the following errors: one firm had duplicate certifications and another firm had an incorrect certification date. This last certification is part of the Fiscal Year 2018 new applications approved. However, the inaccurate reporting did not change the fact that the Minority and Women's
Business Opportunity Office met its target for Fiscal Year 2017. But, they did not meet its Fiscal Year 2016 target for the number of applications approved. In addition, we noted that the Fiscal Year 2017 target wasn't consistently reported in Fiscal Year 2019 and ‘18 budget books for the number of applications approved and for that Finding Number Five um -- we're stating that that would not be um -- on the Law Department, that will be BBMR.”

Deputy City Solicitor: “So, with respect to -- the Minority and Women's Business Opportunity Office, they actually changed the way that they counted applications and we are now um -- we have injected some consistency on how applications, new applications, and renewals are counted. We’ve also established um -- a more robust data keeping and recording process. So you will um -- actually -- we really appreciated the work that was done with respect to this um -- it gave us an opportunity to have a greater scope of what is happening um -- within that Office. Uh -- I think going forward you're going to see a lot more data being produced out of MWBOO. But you're also going to see a lot more collaboration with our agencies, uh -- with um -- other agencies that are doing
similar work to MWBOO and I think that's going to be a lot happier and more robust for the City of Baltimore. So, we're thankful for these findings.”

City Auditor: “Last Finding, Finding Six: Fiscal Year 2017 and Fiscal Year 2016, list of waivers requested, not provided. Although the Law Department’s MWBOO maintains files which contain copies of all waiver requests; Fiscal Year 2017 and ‘16 lists of waiver requests were not provided for our audit testing. Uh -- they do not maintain a list of waiver requests and approvals.”

Deputy City Solicitor: “Uh -- that's one finding that I was disappointed to read. Uh -- there's a sort of a symbiotic but independent relationship between the Law Department and MWBOO. And what we've done uh -- to address that, we've immediately started uh -- counting uh -- not just the number of waiver requests that we get, but we have data that shows who the request is from, why the request is made, how the request was handled. Our Acting Chief is uh -- understanding that waiver requests have to be responded to not just acknowledged, but responded to within 72 hours uh -- and there will be -- there is now an ongoing log of every aspect of waiver requests. And they get hundreds. Some for very benign reasons, some for important reasons. So, we're keeping track of it
all and we -- you'll -- you’ll see that.”

President: “Who is the Acting Chief? I would love to know that. Because I --”

Deputy City Solicitor: “Oh the Acting Chief --”

President: “-- don't know who’s the Acting Chief.”

Deputy City Solicitor: “We apologize for that --”

President: “It would be nice if I had known that.”

Deputy City Solicitor: “All right. The Acting Chief is Ms. Tamara Y. Brown. Um -- she has uh -- been working in the Law Department -- MWBOO Office for -- I guess since May 2018 and my apologies ah -- for that; I will take full responsibility for your not knowing that. We did do a press release and that happened at the end of the year, right at the beginning of the year. So, uh -- our plan is to make sure that she meets everyone uh -- that she and now everyone has an opportunity to see her. But uh -- we'll make sure that she meets every agency head and she's been working pretty diligently since uh -- taking that responsibility in January.”

President: “Well, I think uh -- the Law Department should of least had her to meet the President of the Board of Estimates.”
Deputy City Solicitor: “And we will do that if -- if --”
President: “Okay.”
Deputy City Solicitor: “Mr. President if you have some --”
President: “I’m just speaking for me. Okay.”
Deputy City Solicitor: “Right, well noted. If you have some time today I will personally --”
President: “I don’t have no time today.”
Deputy City Solicitor: “All right you will --”
President: “You continue.”
City Auditor: “Okay.”
Deputy City Solicitor: “Let us know when you do and we'll make sure that happens.”
City Auditor: “The next finding relates to uh -- BAPS.”
Deputy City Solicitor: “Uh --, Oh well let me just say, with respect to the uh -- the Performance Audit. There is an error that -- that is important that it be corrected. On page 13 at the note, it says, ‘that the Law Department does not handle police misconduct lawsuits brought against the Baltimore City Police Officers, that is not correct. The Law Department, to be very, very, clear, represents the Baltimore City Law Department in all respects. We
um -- found this error. We attempted to get it corrected. We sent corrective language. It was adopted in part. We asked for uh -- substantiation that it had been corrected. That didn't happen. So, now I would ask that in all of your -- your filings and before this is recorded officially, it should read, please, that page 13, 'the Litigation Division of the Law Department does not handle police misconduct’, and so on. Those cases are handled by Police Legal Affairs, which is a division of the Law Department, and --”

Comptroller: “So, instead of the Law Department, you want it to say that the Litigation Division --”

Deputy City Solicitor: “Yeah. It should read, ‘the Litigation Division of the Law Department’ --”

Comptroller: “-- of the Law Department.”

Deputy City Solicitor: “-- does not handle. And the rest of that sentence is fine. And then it goes on to say ‘those cases are handled by the Police Legal Affairs Practice Group of the Law Department. So, that's an important um -- change that needs to be made. Okay. So, thank you very much.”

President: “Is that it?”

City Auditor: “That’s it.”
President: “Those two audits have been NOTED.”

City Auditor: “That’s one audit.”

President: “We did 89 and one and two.”

City Auditor: “That was one. Two relates to uh -- BAPS. That’s the financial.”

President: “So, we did um -- the perform -- the perform -- the Performance Audit and we did the Financial Audit, correct?”

City Auditor: “Just the performance -- at that --”

President: “Okay. Alright”

Department of Audits – cont’d

City Auditor: “For the Financial Audit: Finding One Significant Deficiency Over Aged Accounting Balances. During our audit we noted other grant revenue totaling $1.056 million in expenditures, totaling $1.066 million that were carried forward from Fiscal Year 2015 through 2017 without activity. Further review disclosed that the respective fund was closed from a budgetary standpoint in Fiscal Year ’15. However, the accounts and balances were not appropriately closed in the General Ledger and cleared against the General Fund. We recommend that the other grant accounts be closed and that the residual amount be cleared against the General Fund.”

Director of Finance: “Good morning Mr. President, Mayor Pugh Comptroller Pratt, Honorable members of the Board. I’m Henry Raymond, Director of Finance. The Department of Finance concurs with the finding. In this case the grantee did not close out the grant account at the conclusion of the grant term. The Department of Finance will write off the remaining $10,000.00 balance and close the account.”
President: “Is that it?”

City Auditor: “For that one, yes.”

President: “Please note that the Audit has been NOTED.”

Department of Audits – cont’d

President: “The next um -- item on the non-routine agenda can be found on page 89 item three, Baltimore City Department of Planning Biennial Financial Audit Fiscal Years ending June 30, 2017 and 2016. Will the parties please come forward?”

Director of Finance: “Yeah, I'm representing the Planning Department.”

City Auditor: “Okay. Finding Number One, Significant Deficiency Opening Grant Balances, with a Statement of Revenues, Expenditures and Changes in Grant Cash Balance. During our audit, we performed an analysis of grants accounts for federal, state and other grants within the above-named report. We determined that BAPS continue to show inaccurate balances on the books of the Department of Planning. These balances were recorded on the books for past periods dating from 2003 through 2012 and never cleared nor corrected. Our audit noted a net revenue in excess of expenditures for Fiscal Years 2003 through 2012, total $232,000.00, which was a surplus, which continued to appear on the books of the City
throughout our audit period. As a result of communicating with BAPS about a surplus identified on the books, BAPS prepared journal entries to write off approximately a $115,000.00 of that surplus. However the remaining $117,000.00 balance carried forward into the 1.2 million dollar surplus total in the Fiscal Year 2016 opening balance. Uncorrected items within an agency of this size significantly impacts the statements. Additionally, a surplus identified on a statement related to grants gives the appearance of honest unspent funding that should be returned to Federal, State and/or other or and/or private grant sources.”

Director of Finance: “The Department of Finance disagrees with the Auditor’s finding uh -- we do not agree with the conclusion that the surplus balance gives the appearance of amounts due to Federal, State or private sources.”

City Auditor: “Okay and I just want to state something after that -- typically don't do this, uh -- but BAPS -- the Director of Finance is aware that Department of Audits did contact American Institute of Certified Public Accountants. We were informed that this is in -- actually incorrect. In addition, we did contact the other firm that BAPS contacted related to these issues, and again
they agreed with that issue. We had findings for the grants in prior year 2016 on the CAFR and the Single Audit. So, the Department of Audit’s stand by their position -- our position that this is a significant deficiency related to grants.”

Director of Finance: “The Department of Finance disagrees with the Auditor’s updated response. In this particular case, the grant account surplus represents the Department of Planning’s portion of the Maryland Public Service Commission Customer Investment Fund. The awards from the Customer Investment Fund do not expire, nor do they require returning the funds and there is no such repayment requirement as may be the case with a typical Federal or State grant. So, while the position is that it gives the appearance, that is not accurate in this particular instance because the funds that were awarded to Planning do not require being returned. And I concur that uh -- these were booked as uh -- federal funds when in fact it is a state grant.”

President: “Okay. Well I'm hoping that we can agree to disagree. And that we can work together to fix whatever, you know, issues that the Auditors have in reference to um -- all this that was just told before the Board.”
Director of Finance: “Agreed.”

City Auditor: “Finding Number Two: Significant Deficiency Grant Management. As a Condition of Constellation Energies Groups -- Energy Groups Merger with Exelon Corporation, the Planning Department was awarded $13.7 million of the $52.9 million customer investment fund issued to the City of Baltimore through Maryland Public Service Commission for the coordinating resources to effectively align and transform energy services program. To carry out the objectives of the program, an agreement was established with the Baltimore Community Foundation, Inc. to provide services under Program 1875 over a 42-month period. During our audit, we noted that the grant carried an annual deficit of approximately $2,000,000.00 for Fiscal Year 2017 and 2016, which resulted in resources that were not available to provide City services. Further review disclosed that a deficit of $618,000.00 remains on the account to date. We recommend that grant reconciliations be completed timely to minimize the use of City resources. Also the sixteen eight hundred -- $618,000.00 account deficit from two -- from January 2018 should be cleared.”
Director of Finance: “The agency concurs with the Finding. The Finance Department will work with the agency to assist them in reconciling their accounts.”

President: “Okay. The um -- audit has been NOTED.”
