This transfer of funds from the American Brewery Project is necessary because demolition in the immediate area would require costly acquisition that would exceed funding levels at this time. Consequently, the funds would be better utilized for demolition south of the American Brewery site. This approach would be less costly than acquisition, but still augment the demolition and development achievements of both the American Brewery site and EBDI.

During the Department’s internal routing process, the agreement expired on December 31, 2012. The Department apologizes for the delay.

2. **SISTERS TOGETHER AND REACHING, INC.**

   Account: 4000-499012-3030-513200-603051

   Sisters Together and Reaching, Inc. provided Health Education & Risk Reduction services to women in communities most impacted by HIV/AIDS who engage in behaviors that put them high risk for becoming HIV infected. The period of the agreement was July 1, 2012 through December 31, 2012.
3. SISTERS TOGETHER AND REACHING, INC. $ 27,500.00

Account: 4000-422313-3023-294201-603051

Sisters Together and Reaching, Inc. provided services for the Health Education & Risk Reduction for the Men of Color Health Awareness Project. The period of the agreement was October 1, 2012 through December 31, 2012.

The agreements (Nos. 2 and 3) are late because 2012 was the first year of direct funding from the Centers for Disease Control to the City of Baltimore. The vendors had historically been funded by the State of Maryland. Lack of clear guidance on how to handle the transition from State to City funding delayed the initiation of contracts and compliance with new documentation requirements from the City further lengthened delays. The Health Department expects that these existing issues have been addressed and should not delay the contract process moving forward.

Honorable Bernard “Jack” Young
President, Baltimore City Board of Estimates
City Hall-Room 204
Baltimore, MD 21202
ATTN: Ms. Bernice Taylor, Esquire, Clerk to the Board

Dear Mr. President:

We wish to protest the City’s Bureau of Water and Waste Water’s proposed on-call contract agreement for City Project No. 1174-Material Testing and Inspection Services, found on page 30 of Your Honorable Board’s 02/06/13 Agenda.

Our protest is based on the fact that the work tasks and elements contained in the proposed contract are fundamentally and intrinsically ordinary service in nature and are not of any engineering nature and character and thus, must be awarded to the “lowest responsive and responsible bidder” as specifically delineated in Article VI, Section 11(h)(1)(ii), of the City Charter.

Further, our protest is also based on the fact that the proposed contract fails to meet the City’s M-WBE Utilization goals as specifically required by the City’s M-WBE Ordinance, as codified in Article 5, Subtitle 28 et. Seq.

CONCLUSION

Whereas protestant MMCA’s member, clients and constituents will suffer great and substantial injury if the Board approves this proposed contract, protestant MMCA respectfully request that this Board vote to reject this proposed contract.

Respectfully Submitted,

Arnold M. Jolivet
Managing Director

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and a complete failure to provide transparent communications about priorities and outcomes by the Mayor of Baltimore City and the various Departments and Agencies.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:**
      i. Please provide access to the documents that disclose the Hazardous Materials Emergency Preparedness procedures for BCPSS school facilities which are hosting cellular communications equipment and their attendant backup power equipment which contain hazardous materials.
      ii. Please provide access to the documents that delineate the emergency preparedness procedures for BCPSS school facilities which host hazardous materials associated with cellular communications equipment;
      iii. Please provide access to the documents that delineate notification procedures that inform parents, guardians and surrounding neighbors of BCPSS school procedures concerning hazardous materials associated with the hosting of cellular communications equipment.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** This action presents a NO-Brainer opportunity for the City to recoup funds for this necessary expense which appears to have been overlooked by the Baltimore City Fire Department and the Baltimore City Public School System to date.
4. **The remedy I seek and respectfully request is that this action NOT be approved until the data items requested in paragraph 2, above are provided to the public.**

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on February 6, 2013.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident

3. **How the protestant will be harmed by the proposed Board of Estimates’ action**: As a citizen I have witnessed questionable management and stewardship of municipal funds by this Mayoral administration and DCHD/HABC specifically. This action serves to GIVE my money away to an alleged quasi-government organization which neither I nor any Baltimore City resident in my community have ever heard of!!! Again, I seek the dissolution of DHCD and HABC in their current form and the establishment of a new single entity under the direct auspicious of the municipal government of Baltimore City, thus allowing for appropriate levels of oversight and scrutiny by the citizens of Baltimore City and our duly elected representatives.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on February 6, 2013.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Department of Housing and Community Development (DHCD) - Memorandum of Understanding

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a memorandum of understanding (MOU) with the Maryland Department of Housing and Community Development. The period of the MOU is effective upon Board approval through June 30, 2013.

AMOUNT OF MONEY AND SOURCE:

$845,000.00 - 5000-518813-5825-608401-405001

BACKGROUND/EXPLANATION:

Over the past several years, the Baltimore City Health Department (BCHD) was the responsible agency for lead abatement and the State of Maryland had MOUs with the BCHD for state funding to support lead abatement. The Federal funding to the BCHD for lead abatement was terminated January 14, 2011 and City agency responsibility was transferred from the BCHD to the DHCD on April 1, 2011.

This MOU establishes the relationship between the State and the DHCD to support lead hazard reduction with the DHCD funds in FY 2013 starting July 1, 2012. The DHCD has proposed to reduce lead hazards in 210 houses during the three year period from July 1, 2012 through June 30, 2015 with a combination of federal, state, and local funding sources.

The MOU allows for up to $450,000.00 in State funding for this program in the Fiscal Year 2013 which will allow the City to complete its commitment to serve 210 families ahead of schedule. These funds will provide for the administrative expenses and lead hazard reduction grants and loan both to landlords and to owner occupants.
DHCD - cont’d

The reduction of lead-based paint hazards in households where children under six years of age reside is an essential part of the City’s strategy to eliminate lead poisoning of children.

MBE/WBE PARTICIPATION:

Minority and Women’s Business Enterprise participation is required for lead hazard reduction contractors.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Department of Housing and Community Development (DHCD).

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent**: Self, family and affected family member.
2. **What the issues are**:
   a. Pages 47, Department of Housing and Community Development (DHCD) – Memorandum of Understanding - Maryland Department of Housing and Community Development, if approved:
      i. DHCD/HABC has been found guilty by court rulings of negligence of Baltimore City residents in public housing it provides under a cooperative agreement with Baltimore City.
         1. Please provide access to this agreement for inspection;
         2. Identify changes in business practices, policies and/or procedures implemented to ensure these same negligent outcomes will NOT recur.
         3. Have these new business practices, policies and/or procedures been validated by an outside, third party inspection, audit, etc?
            a. If so provide date completed and details.
      ii. The accompanying BACKGROUND/EXPLANATION states: “The program was transferred to the DHCD on April 1, 2011. The program was reformed and reinvigorated with State and local funds.”
         1. Identify the municipal budget item allocated for this program;
         2. Identify the amount of municipal funding allocated for this program.
      iii. DCHD/HABC has failed to address court-ordered judgments and HABC is reportedly facing court judgments totaling nearly $12 million from lawsuits filed by Baltimore City residents who suffered lead paint poisoning from their tenancy in public housing.
         1. Identify number of these cases pending appeal;
         2. Identify the interest amounts accruing for each pending case;
      iv. It is alleged that besides these judgments against it, HABC faces 185 more lead-paint cases with potential claims of more than $800 million.

5519 Belleville Ave
Baltimore, MD 21207
1. Identify the specific number of pending cases;
2. Identify the potential claim amounts.

i. Since 2005, the authority has paid lawyers more than $4 million to fight such claims.
   1. What is the source of funds for the legal defense against these claims?
   2. If municipal, identify the budget item source.

ii. In October and November 2011, the agency paid three judgments — two involving lead paint and one involving mold — for $907,000.
   1. Identify any recent settlements;
   2. Identify settlement amounts for each;
   3. Identify source of funds for each.
   4. If municipal, identify budget item source.

iii. Jannai C. Goslee, the housing authority’s general counsel, said the agency was able to satisfy the three judgments only after working with officials from the U.S. Department of Housing and Urban Development to identify agency funds that did not originate from Washington.
   1. Was the source of funds municipal?
   2. If so, identify budget item source.

iv. In a memo dated May 13, 2011 the Law Department stated: “The Baltimore City Law Department does not represent HABC and does not hire or supervise its legal counsel or any outside counsel that may be retained to represent HABC. The Law Department, therefore, had no involvement in the legal defense of lead paint cases against HABC or decisions related to those cases.”
   1. This statement appears to be an absolute dereliction of duty by the Baltimore City Solicitor, who appears to have totally abrogated his responsibility as outlined in the Baltimore City Charter and thus should have never been re-appointed to his position by the Mayor earlier this month nor should our City Council confirmed that re-appointment. This individual should be immediately removed from this position for this and a host of other bad results in achieving performance outcomes that benefit the citizens of Baltimore.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I have witnessed questionable management and stewardship of municipal funds by this Mayoral administration and DCHD/HABC specifically. Again, I seek the dissolution of DHCD and HABC in their current form and the establishment of a new single entity under the direct auspicious of the municipal government of Baltimore City, thus allowing for appropriate levels of oversight and scrutiny by the citizens of Baltimore City and our duly elected representatives. Additionally, as a relative of a lead-paint victim I seek a satisfactory resolution by this administration in each court ordered judgment.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on February 6, 2013.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated school age children of Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and a complete failure to provide transparent communications about priorities and outcomes by the Baltimore City Board of School Commissioners.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:**
   a. Page 72, Mayor’s Office of Employment Development (MOED) – Youth Opportunity Academy Agreement, if approved:
      i. Please provide for inspection documents detailing:
         1. The “comprehensive understanding between the parties”;
         2. The measures of effectiveness and budget-based outcomes for this program in fiscal years 2010, 2011 and 2012;
         3. The “wrap-around services such as Youth Development Services, Cultural Enrichment, and Job Readiness Training”.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This already onerous burden will be exacerbated by the continued wasteful spending by the Baltimore City Board of School Commissioners which is NOT adequately serving the educational needs of the children in my neighborhood nor the other 85,000 students enrolled in the BCPSS.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on February 6, 2013.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart
