REGULAR MEETING

Honorable Brandon M. Scott, President
Honorable Bernard C. “Jack” Young, Mayor
Honorable Joan M. Pratt, Comptroller and Secretary
Matthew W. Garbark, Acting Director of Public Works
Andre M. Davis, City Solicitor
Dana P. Moore, Deputy City Solicitor
Bernice H. Taylor, Deputy Comptroller and Clerk

President: “Good morning, the February 5, 2020 meeting of the Board of Estimates is now called to order. In the interest of promoting the order and efficiency of these hearings, persons who are disruptive of the hearing will be asked to leave the hearing room. Meetings of the Board of Estimates are open to the public for the duration of the meeting. The hearing room must be vacated at the conclusion of the hearing. Failure to comply may result in a charge of trespassing. I will direct the Board members attention to the memorandum from my office dated February 3, 2020 identifying matters to be considered as routine agenda items together with any corrections and additions that have been noted by the Deputy Comptroller. I will entertain a Motion to approve all the items contained on the routine agenda.”
City Solicitor: “I move approval Mr. President.”

Comptroller: “I second.”

President: “All those in favor say Aye. All opposed say Nay. The Motion carries. The routine agenda items have been adopted.”

Baltimore Development Corporation – First Amendment to Land Disposition Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the First Amendment to Land Disposition Agreement (First Amendment) with Howard Row, LLC, Developer, for 407-415 N. Howard Street. The amendment will extend the agreement through December 31, 2020.

AMOUNT OF MONEY AND SOURCE:

No interest will accrue on the Purchase Money Mortgage until December 31, 2020.

BACKGROUND/EXPLANATION:

On October 4, 2017 the City and the Developer entered into the original Land Disposition Agreement (LDA) for the purchase and sale of a property located at 407-415 N. Howard Street (the Property) on the Westside of Downtown Baltimore with a completion date of December 1, 2019. The Property was subsequently sold to the Developer on November 30, 2017. Since the date of settlement, the Developer has worked diligently to complete the enhancements required in the LDA.

Due to unforeseen circumstances related to the poor condition of the Property, the City and the Developer have agreed to amend the terms of the LDA to extend the completion date to December 31, 2020 and adjust the repayment terms of the Purchase Money Mortgage.

Under the amended terms, the Purchase Money Mortgage may be released early following the satisfaction of the following terms: 1) the issuance of a Certificate of Completion for all five buildings; 2) the Developer is current in making all payments under the Purchase Money Mortgage; and 3) the Developer has leased at least 80% of the residential units in the Project pursuant to bona fide leases to third-party residential tenants.

THE DEVELOPER SIGNED THE COMMITMENT TO COMPLY ON SEPTEMBER 11, 2017.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the First Amendment to Land Disposition Agreement (First Amendment) with Howard Row, LLC, Developer, for 407-415 N. Howard Street.
Mayor’s Office of Children – Governmental/Charitable and Family Success (MOCFS) Solicitation Application

ACTION REQUESTED OF B/E:

The Board is requested to endorse a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to allow MOCFS’ Executive Director, Tisha Edwards, to solicit donations from local individuals, businesses, civic leaders, the foundation community and the general public to support College Signing Day. College Signing Day is scheduled for May 1, 2020. The period of the solicitation is February 12, 2020 through December 31, 2020.

AMOUNT OF MONEY AND SOURCE:

No general funds are involved in this transaction.

BACKGROUND/EXPLANATION:

Donations will be solicited from Baltimore businesses, civic leaders, the foundation community, and the general population. A potential donor list will be comprised of individuals and corporate entities that contribute to the economic, social, and cultural vitality of Baltimore City. Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors, with respect to the City Council or the Board of Estimates, will not be targeted or singled out in any way and will be solicited, if at all, in the same manner as the other potential donors.

College Signing Day is an annual celebration event of young people being accepted into college in the same manner that we celebrate athletes being drafted into a professional league.

Baltimore City Code, Article 8, §6-26 prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official governmental program or activity, or a City-endorsed charitable function or activity. Mayor’s Office of Public Affairs – Correction to Governmental Charitable Solicitation

**ACTION REQUESTED OF B/E:**

The Board is requested to endorse a correction to the Board memo submitted for the Governmental Charitable Solicitation for the Mayor’s 2020 AFRAM Festival.

**AMOUNT OF MONEY AND SOURCE:**

No general funds are involved in this transaction.

**BACKGROUND/EXPLANATION:**

On November 13, 2019, the Board approved the original Governmental Charitable Solicitation. Plans are well underway for this year’s AFRAM to be held August 15 – 16, 2020. However, the following additional information was not included in the Board memo:

“The solicited funds will be used to support the costs for services, equipment rentals, talent booking, and other expenses related to hosting the festival for 2020. The Mayor’s Office is requesting permission to allow funds to be solicited for AFRAM to be deposited directly into the Baltimore City Foundation’s account and drawn down as needed. The goal is to raise up to and above $150,000.00 during the AFRAM 2020 fund raising period.”

The Board is requested to approve and authorize execution of the Professional Services Agreement with IDFIVE, LLC. The period of the agreement is effective upon Board approval through June 30, 2020.

AMOUNT OF MONEY AND SOURCE:

$335,000.00 - 5000-514020-2041-796100-603026

BACKGROUND/EXPLANATION:

On January 15, 2020, the Board approved and accepted a grant from the GOCCP awarded to the BPD in the amount of $436,500.00. The funding for this agreement comes from this grant, Police Recruitment and Retention award #PRAR-2020-0001. The primary goal of BPD’s Recruitment and Retention Program is to ensure there are adequate staffing levels of law enforcement officers to provide and improve emergency police services to the citizens of Baltimore City. Through this program, the BPD will utilize innovative methods to recruit and retain qualified sworn police officers.

Funded through this grant, IDFIVE, LLC will provide ongoing consulting services through a targeted marketing campaign to assist the BPD in its recruitment efforts. The budget in the approved award for these contractual services is $336,500.00, although the final budget in the Professional Services Agreement with IDFIVE, LLC is $335,000.00.

The goal is to meet the needs of the targeted community as far as early identification of HIV and linkage to care without compromise, stigma or any other barriers specific to the targeted population. They will help unaware individuals learn of HIV status and assist with linking them to treatment and other resources.

   **MWBOO GRANTED A WAIVER ON DECEMBER 20, 2019.**

The agreements are late because the State of Maryland, Department of Health and Mental Hygiene’s Prevention and Health Promotion Administration programmatically manages Ryan White Part B HIV/AIDS State Special Services. The providers are asked to submit a budget narrative, and scope of services. The Department thoroughly reviews the entire package before preparing a contract and submitting it to the Board. These budgets are many times revised because of inadequate information from the Providers. This review is required to comply with grant requirements.

Health Department – Ratification of Revised Notice of Award

ACTION REQUESTED OF B/E:

The Board is requested to ratify the Revised Notice of Award (NoA) with Department of Health and Human Services, Centers for Disease Control and Prevention (CDC). The period of the Notice of Award was January 1, 2019 through December 31, 2019.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

On March 13, 2019, the Board approved the initial NoA in the amount of $4,237,790.00 for the period of January 1, 2019 through December 31, 2019.

On July 31, 2019, the Board approved the revised NoA for supplemental funding in the amount of $1,500,000.00. This made the total award amount $5,737,790.00.

On August 27, 2019, the Department received the first revised NoA, which approved the change in the grantee authorizing official from Leslie Thompson to Malcolm Green-Haynes.

On November 24, 2019, the Department received the amended NoA, which approved the revised budget supplement for Ending the HIV Epidemic.

All other terms and conditions issued with the original award remain in effect throughout the budget period unless otherwise changed, in writing, by the Grants Management Officer.

The revised NoA’s are late because of delays in the administrative review process.

Health Department – Ratification of the Notice of Grant Award/Amendment No. 2 to an Agreement

ACTION REQUESTED OF B/E:

The Board is requested to ratify the Notice of Grant Award/Amendment No. 2 to the Agreement with Maryland State Department of Education (MSDE). The period of the grant award was July 1, 2018 through June 30, 2019.

AMOUNT OF MONEY AND SOURCE:

$80,947.71 – 4000-427119-3080-294303-404001

BACKGROUND/EXPLANATION:

On November 6, 2019, the Board approved the original NGA from the MSDE in the amount of $296,455.00 for the period of July 1, 2018 through June 30, 2019.

The Board also approved Amendment No. 1. Amendment No. 1 corrected the payment code on the NGA to “0”. No additional funds were associated with this amendment.

On August 13, 2019, the Department received Amendment No. 2 in the amount of $80,947.71 from the MSDE. Amendment No. 2 increased the amount of the State of Maryland Fiscal Year 2019 Consolidated Local Implementation Grant to $377,402.71.

Because of an oversight, Amendment No. 2 was not submitted on time. The Board is requested to ratify Amendment No. 2. This will allow the Department to finalize the grant reports.

The Amendment No. 2 is late because of an administrative oversight.

The Office of Engineering and Construction is in need of additional funding to remediate the Enhanced Nutrient Removal (ENR) Facilities at the Patapsco Wastewater Treatment Plant. In July/August of 2018, the Plant experienced continuous high flow, which coupled with Synagro process problems caused high sludge levels in the Sludge Blending Tanks. There was a sludge event in August 2018, which inundated the ENR and stopped the contractor from continuing their start-up testing. Balfour Beauty was currently on site to finish the project when the incident happened. The remedy to clean up the sludge would be extensive and it was decided to use the Contractor for the work because it effected the work that was performed. Some of the work that was already performed needed to be repaired or replaced. Another vendor could not be selected to perform the cleanup and repair of the equipment because: 1) It would eliminate the warranty that we have with the vendor once the job is complete and 2) the incident happened within the footprint of the vendor job’s site. This sludge event required immediate remediation and the Contractor was still responsible for the project start-up and was in place to take care of the remediation. This sludge event was due to Plant operations and required extensive clean-up, replace/repair to multiple pumps/instrumentation, etc. There was no emergency declaration done for this work (not included in the SC 961 supplemental contract).

$5,740,926.70 - Civil Construction, 99% LLC

This authorization is for the relocation of water main work south of the Park Circle Intersection, due to the roadway widening along Reisterstown Road that would add several feet of fill material at the location. The additional fill would have created an issue for future maintenance work for the existing 20’ water main.

A request was made for the relocation work, but the Contractor had difficulty locating the existing 20’ water main at the tie-in points. It was decided to abandon the relocation work and the Contractor is being compensated for the extensive exploratory work.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Community Development Block Grant Agreement with HomeFree-USA, Inc. The period of the agreement is July 1, 2019 through June 30, 2020.

AMOUNT OF MONEY AND SOURCE:

$75,000.00 - 2089-208920-5930-214091-603051

BACKGROUND/EXPLANATION:

The purpose of this agreement is to provide CDBG funds to subsidize the operating costs of the Subgrantee. The Subgrantee operates Move Up in Baltimore, a housing counseling program providing housing counseling and activities to attract and retain homeowners in the Poppleton Neighborhood as well as Baltimore City.

On July 17, 2019, the Board approved a Resolution authorizing the Department of Housing and Community Development (DHCD), on behalf of the Mayor and City Council, to file a Federal FY 2019 Annual Action Plan for the following formula programs:

1. Community Development Block Grant (CDBG)
2. HOME
3. Emergency Solutions Grant (ESG)
4. Housing Opportunities for Persons with AIDS (HOPWA)

Upon approval of the resolution, the DHCD’s Contracts Section began negotiating and processing the CDBG Agreements as outlined in the plan effective July 1, 2019 and beyond. Consequently, these agreements were delayed due to final negotiations and processing.

ACTION REQUESTED OF B/E:

The Board is requested to approve an expenditure of funds by Expenditure Authorization to pay the American Water Works Association (AWWA) for the Department’s membership dues for March 2020 through February 2021.

AMOUNT OF MONEY AND SOURCE:

$21,667.00 - 2071-000000-5541-398600-603020

BACKGROUND/EXPLANATION:

The AWWA is the largest non-profit, scientific, educational association dedicated to managing and treating water. The AWWA provides solutions to improve public health, protect the environment, strengthen the economy, and enhance Baltimore City’s quality of life. The benefits of membership include standing with the water community to influence government regulations and legislation, learning about issues before they become a full-blown crisis, professional development opportunities for staff, and improving day-to-day operations.

The AWWA dues are based on the number of customer service connections and provides membership to 25 staff persons. The Department of Public Works serves over 150,000 water customer service connections and its membership dues in FY 2020 totaled $21,667.00.

BACKGROUND/EXPLANATION:

The Maryland voters passed a public referendum in 2012 to legalize table games in the State’s casinos Md. Code State Gov’t § 9-1A-01 et seq.(the “Video Lottery Terminal Law”), that created local impact grants as a funding source for projects in local Maryland jurisdictions. Consistent with the requirements of the Video Lottery Terminal Law’s provisions for grant distributions in § 9-1A-31, Baltimore City submitted the Final Fiscal Year 2020 Pimlico Local Impact Aid Spending Plan to the Pimlico Community Development Authority on April 16, 2019 that called for $100,000.00 of local impact grants (the “Grant”) for street and alley cleaning in the Park Heights Master Plan area of Baltimore City.

The Parties desire to mutually develop and support a cohesive working partnership for the temporary placement of LCF’s Project SERVE members in a cleaning program with an educational component at the Park Heights Site. DPW desires to distribute the Grants designated under the Video Lottery Terminal Law and the 2020 Local Impact Aide Spending Plan to LCF to support its overall mission to perform the kind of work envisioned in the Program.

BACKGROUND/EXPLANATION:

This Contract of Sale will enable the City of Baltimore to acquire the interests in the above-listed vacant properties, for demolition and resale.

Pursuant to the provisions of Article 13, § 2-7 of the Baltimore City Code and SUBJECT to the prior approval of the Board of Estimates, the Department of Housing and Community Development may acquire, for and on behalf of the Mayor and City Council of Baltimore, any single-family or multiple-family dwelling unit or other structure or lot within the City, for development and redevelopment. The Commissioner of Housing has made the required determination with regard to these properties, and these properties will be redeveloped.

The City will acquire these properties SUBJECT to all municipal liens, other than water bills, and all interest and penalties that may accrue prior to recording a deed. A list of open municipal liens other than water bills, accrued through February 11, 2019, follows. The HABC is exempt from Real Estate Taxes; therefore, no taxes are included in these figures. The water bills will be paid and are not listed.

Kim A. Trueheart

February 4, 2020

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City and the various Departments and Agencies under the mayor’s leadership and direction.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self as Director of the Liberty Village Project of Baltimore City.

2. **What the issues are:**
   a. Page 61, Item 1. Bureau of Procurement Contract No. B50004826 – Snow Removal Services for Police Districts – Department of General Services, – Department of General Services - P.O. No.: P538145, if approved:
      i. Fails to provide youth workforce development opportunities for Squeegee Kids, YouthWorks participants, disengaged youth and/or returning citizens that can foster better and positive police - community relations as mandated by the DOJ Consent Decree;
      ii. Fails to provide youth workforce development opportunities for Squeegee Kids, YouthWorks participants, disengaged youth and/or returning citizens;
      iii. Fails to acknowledge and facilitate taxpayer funded, low-skill level jobs that can and should be targeted to employ persistently and chronically unemployed and underemployed city residents, when feasible;
      iv. Fails to allow BMore Clean and Green Team the opportunity to submit a bid.

3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** The expenditures approved by this board if strategically organized, could lead the City in transforming our workforce. Specifically, by reducing the taxpayer burden of unemployed and underemployed residents, which are at their highest levels in decades. Retarding these burdens could be of significant savings to taxpayers like myself.

4. **The remedy I seek and respectfully request is that this action be delayed until:**
   a. The contract is NOT awarded and the work is set aside for Youth Workforce Development that continues to fund a pilot workforce development program that funds low-skilled youth (ages 18 to 24) to perform select functions outlined in this procurement;
   b. The Mayor and City Council immediately enact legislation to establish a pilot workforce development program for low-skilled city residents that provides training, equipment,
uniforms and salaries for Janitorial, Snow Removal, Mowing, Maintenance and Landscaping of City-owned properties.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on February 5, 2019.

If you have any questions regarding this request, please telephone me at (443) 255-9413.

Sincerely,
Kim Trueheart, Citizen & Resident

President: “Ah -- The first item on the non-routine agenda can be found on page 61 - item 1, Bureau of Procurement Contract ah -- Snow Removal Services for Police Districts, Department of General Services. We received a protest on this item. Will the parties please come forward?”

Ms. Keasha Brown, Acting City Purchasing Agent: “Good morning um -- President Scott. Ah -- Mayor Young, um -- Madam Comptroller, my name is Keasha Brown and I’m the acting City Purchasing Agent representing, the Bureau of Procurement. Um -- we come before you to ask for a contract renewal for um -- Snow Removal B50004826. This is the final renewal. The ah -- Bureau has reviewed the contract, and the four areas of concern in terms of performance on the contract available funding. The Contractor being in good standing in addition to the critical need for the services, we find no issues of concern.”
Ms. Chichi Nyagah-Nash, Director Department of General Services:

“Good morning, Honorable members of the Board my name is Chichi Nyagah-Nash. I’m the Director of the Department of General Services. Um -- would like to address um -- some of the concerns that were raised in Ms. Trueheart’s protest in regard to C & W Construction. Um -- ah -- individuals from C & W were unable to be here this morning because of family emergencies but did ask that we share some information about -- about themselves, their operations, and their desire and commitment to um - facilitate employment of ah -- youth in the City. Um -- one note to make is that there -- they have in the -- during the winter of 8 -- 2018 and 2019, they employed, they um -- paid in excess of $15.00 an hour so way above minimum wage for 259 hours of labor from Alec LLC, which is a minority-owned business that -- that employs a 100 percent City residents. Um -- a statement from -- from Mr. Hartman from C & W states that ah quote, ‘I have also spoken with squeegee workers at Holabird Avenue and Dundalk Avenue and Eastern Avenue and Kane Street about helping out during snowstorms. given the opportunity, they would perform well if they were paid fairly for their hard work. I understand their plight of trying to make a living. C & W would definitely give them a chance if we get the opportunity. Our firm has worked extremely hard to maintain a high standard and we continue to perform in this manner for the City of Baltimore’. End quote. So that’s a statement from Mr. Hartman. Um -- I would also um -- just like to ah -- let Mr. Chesson our Chief of Facilities talk a little bit more about the impact that this would have on ah -- not only DGS ah -- for which this Contract -- to which this contract belongs but to the Police Department and the City in general.”

Mr. Chesson: “Ah -- the contract.”

there. Ah -- we have them in place because we weren't able to keep up with the demand ah -- to clear the locations with in-house services, in-house staff so we employ them to make sure that we can attack downtown, make sure all the core buildings are -- are taken care of and also react and also respond to anything needed for the Districts. Ah - they've been a big asset in every season that we've had this contract in place. Ah -- it’s worked well. We minimize complaints and also, we made the locations safer. Um -- I would hate to see this be held up especially during the middle of snow season. I believe the contract is good until next year this time, so I'm sure that there was anything that needed to be done to possibly add more ah -- activity as far as employing City residents if needed it could be done, but at this time I think they've shown that they have done a good job of employing City residents i.e., Alec and everyone that they can bring in and I'd hope that we could have them maintain their contract.”

President: “Thank You. Mr. -- but before you speak just for the record ah -- sir don't go too far ah -- for the record my understanding is this is for May 1, 2020 through April 2021 so this has nothing to do with this snow season.”

Mr. Chesson: “Well this is actually for renewal, this is for renewal for this year.”

President: “So that's -- that's not what’s – what’s on here. It says May 1, 2020 through April 30, 2021.”

Mr. Chesson: “Okay, but yes.”

President: “And then also ah -- you said eight Police districts there are nine. Is there one that is not covered by this contract?”

Mr. Chesson: “No that should be, that should include all the districts including, oh -- well Central is actually downtown.

President: “Downtown, right.”

Mr. Chesson: “That we covered downtown.”

which some are similar to the ones that she raised in our protest.

So let’s start with non-youth questions first. Ah -- I spent a lot of time at police districts and I see a lot of BPD has a lot of pickup trucks right? Um -- have we ever considered -- has DGS ever considered just outfitting the vehicle trucks that exists at police districts and other places so that they could actually plow their own lot? We know that there’s always everyone in there, right that works there has a city driving license that they could do that themselves and save themselves as an agency and the City some money."

Mr. Chesson: “Ah -- we have not from a Fleet perspective I don't know that would be efficient um --.”

President: “So no one.”

Mr. Chesson: “We have great.”

President: “So a follow up for -- go ahead Madam Director.”

Ms. Nyagah-Nash: “So yes that -- that has been discussed in the past um --at Fleet Management and it was um -- discussed in the
same conversation about public safety ah -- cleaning their own lots in general. Ah -- the Fire Department does have the capacity to do that so they have um -- they have ah -- pickup trucks that are outfitted with snow plows and -- and salt spinners. Um -- they have the personnel available to be able to operate that equipment on there -- at -- at the firehouses. The Police Department however we -- we do not have a dedicated ah -- fleet of pickup trucks at every precinct nor um -- nor is there any indication that they have the personnel available to -- to deploy um -- during every snowstorm in a reliable way. It is not when in the midst of a snow emergency it’s not just one pass that has to be made especially depending on the on the ah -- on the um -- severity of the storm it could be multiple passes and so we have not gotten the indication from them that they have personnel that they can pull from -- from -- from actual police um -- matters and activity and deployment to be able to just perform the service of cleaning their lots.”

President: “Thank you for that. Madam Director, do we know how many of the pickup trucks they have? They have a lot of them. So do we know how many pickup trucks they have?”

Ms. Nyagah-Nash: “I do not know that off the top of my head but can respond um -- to the entire Board with that information.”

President: “Thank you and I'm just -- just for the record I understand what you're saying but um -- there is -- there are individuals inside of those Districts 24/7, 365, no matter what's going on and it’s always more than one. And my second question to you guys about this particular thing is especially for the buildings downtown. I know that DOT has this great ah - Youth Works program where we’re using young people to go out and shovel for -- for seniors in particular. One of the things that -- that has always worried me a little bit about that, is that we're deploying the young people all over the City right? And that means it’s a lot harder for us to watch them and keep them safe etc. Have we ever considered ah -- something like this but we make that

ah -- program, very specific to having them clean around the City buildings so that we know where they all are at all times so that we’re not saying that we don’t want people to be out there helping the seniors but trying to make sure that we're using our young people, paying and employing them but also keeping them in a more you know concerted effort way.”

Ms. Nyagah-Nash: “I -- I don’t know if we had that conversation and we can certainly discuss it operationally um -- going forward. My initial concern, one of my initial concerns would be the -- the hours at which we deploy. So if it’s going to start snowing at 2:00 a.m. um -- Mr. Chesson and his crews are out there at midnight starting to salt and -- and plow and brine and prepare the sidewalks. So one of my concerns would be, the safety of those youth at those hours. Um -- but we can certainly have the conversation about um -- considering how to -- how to um -- engage the youth in in our facilities around.”

President: “My last question before ah - go to you go to you Ms. Trueheart is that specifically to Police Districts, I think that there is an opportunity especially if we’re having young people at Police Districts to do some of this work it’s an opportunity to help with our Consent Decree and building a relationship between the police and community which I think ah -- something that we should shed a heavy light on because we know that we still have those issues and we know that we have to build them up and if we’re going to be employing young people to do this in the City any way, that -- that we should try to have that focus as well. Ms. Trueheart.”

Ms. Nyagah-Nash: “Thank you for that conversation. Thank you.”

Ms. Kim Trueheart: “Good morning. Ah -- my name is Kim Trueheart. Born and raised in Baltimore, love this City, and want to see our young people succeed. The young people that I am concerned about are not children they’re 18 years old to 24 years old. They’re

very capable young people and to give them an opportunity to be employed as opposed to standing on corners and squeegeeing is ah -- my ultimate desire. I looked at this contract on page 61 and felt this was a prime opportunity where at least 27% of the $100,000.00 dollars should go to some worthy organization that is actually employing these young people. And as you said Mr. President, we have challenges in our Police and community relations especially with our young people and this what better opportunity to ah -- allow our young people to actually perform this work at each of the nine Police District offices um -- to engage and interact with the police um -- in a positive way. Um -- I see this as a win, win for Baltimore City. We again are not asking for additional funding to be allocated. This is existing funding already being spent in Baltimore City to do necessary work for the government of Baltimore City. Um -- why wouldn’t we want to employ our young people to perform these services? I’m um -- disappointed that the Police Department isn’t here to talk for themselves about

the need to improve community relations and how this would be a
great opportunity for them to do so. Um -- I am going to continue
to advocate for our young people. These are capable young people
and if they have to get up at 2:00 a.m. in the morning to go
perform the service that they’re being contracted to perform, they
do it. There’s no question in my mind that they would do it. Um --
don’t sell them short. You know first we’re hearing some work is
more complex than they may be capable of doing. Then we’re hearing
that the hours may be irregular. Um -- these young people have
talent -- talent they have energy, they have motivation and this
government needs to recognize that they are capable. I appreciate
that the Mayor is doing a um -- review of contracts, but I felt it
was very important to highlight this one in particular with the
Police Department as a prime opportunity. Um -- I thank Ms. Nash
and her team for what they’re doing but our young people need to
be given more opportunities. You know I heard a speech last night
where somebody was touting the fact that young African-Americans

CITY COUNCIL BILLS:

19-0469 - An Ordinance concerning Release of Easement – 10 South Howard Street for the purpose of authorizing the Mayor and City Council of Baltimore to release a pedestrian easement located on the property known as 10 South Howard Street and no longer needed for public use; and providing for a special effective date.

The Department of Planning opposes City Council Bill No. 19-0469 for the following reasons:

Howard Street has struggled for many years and is finally seeing the redevelopment potential come to fruition. In the last few years there have been many redevelopments moving forward along the corridor from Mulberry Street to Baltimore Street. The recent addition of the reconstruction of the Lexington Street Market further adds to the increased investment within the area. All of the projects along Howard Street, existing and proposed, front onto this main street and collectively add to the positive impact and transformation. It is important for these programs to do so in order to add vitality to the street and allow for the public environment to thrive in support of the private investment.

Public transit in Baltimore City, and specifically along Howard Street, has had some historically negative impacts on the vitality of the street. Throughout Baltimore City, transit connection is limited, at best. The public relies mainly on a bus network to get in and through the City with very limited rail access. Baltimore is beginning to see the change occur throughout the City wherein TOD (Transit Oriented Developments) are moving forward. The value of the Light Rail, albeit limited due to its service geography, is positive and allows to private development the greatest catchment area of prospective tenants, users, and pedestrian traffic. This is why public access to the stations we have, and further encouraging redevelopment around them should be fully protected within the City and, specifically, Downtown.
CITY COUNCIL BILLS:

19-0469 - cont’d

The program of this proposed redevelopment is a great asset to the West Side and the University, and allows the opportunity for a new gateway experience for light rail riders to visit the building and access the University overall. The mid-block location and existing Redwood easement allow for that to happen directly and is likely the reason the easement exists at all. The proposed program of the building could easily adjust to capitalize on the public connection for its tenants and visitors while enhancing the public realm. The elimination of the easement access and creation of the building’s main entrance on the Redwood Street and alley side of the building turns its back to a major Baltimore street and disconnects the activity of the building from the public environment. Physical design and actual building programs are what create the vibrancy of the urban environment. This connection is the very thing that each of the other redevelopments within the Howard Street corridor do.

The change in the building program from a government office building that is only active during business hours to a 24-hour residential building with ground-level retail spaces along the light rail, are the exact types of redevelopment that should activate the entire streetscape of Howard Street and connect to the light rail stops. The Department of Planning understands the immediate benefits the closure of this easement will offer the new owners of this building today. The Department of Planning’s view is concerned with the longer term challenge that eliminating the easement and disconnecting these users and the broader public from a direct connection to the station will bring. For these reasons, the Department of Planning respectfully recommends disapproval of City Council Bill No. 19-0469.

ALL OTHER REPORTS RECEIVED WERE FAVORABLE.
CITY COUNCIL BILLS:

19-0448 – An Ordinance concerning sale of property - 801 Braddish Avenue for the purpose of authorizing the Mayor and City Council of Baltimore to sell, at either public or private sale, all its interest in certain property known as 801 Braddish Avenue (Block 2373, Lot 001) and no longer needed for public use; and providing for a special effective date.

ALL REPORTS RECEIVED WERE FAVORABLE.

19-0479 – An Ordinance concerning property tax credit - low-income employees of the City of Baltimore for the purpose of establishing a tax credit against the property tax imposed on the principal residences of certain low-income employees of the City of Baltimore; imposing certain limitations, conditions, and qualifications for credit eligibility; providing for the amount, duration, and administration of the credit; defining certain terms; and providing for a special effective date.

The Bureau of the Budget and Management Research, Department of Finance opposes City Council Bill No. 19-0479 for the following reasons:

Position: Does Not Support

The Department of Finance is herein reporting on City Council Bill 19-0479, Property Tax Credit-Low Income Employees of the City of Baltimore, the purpose of which is to establish a $2,500.00 tax credit against the real property tax imposed on the principal residences of certain low-income employees that fall within the lowest 25% for employees of the City of Baltimore.

Background

The City has added three new tax credits for City employees over the past two years. On November 29, 2017, the Mayor signed City
CITY COUNCIL BILL NO. 19-0479:  - cont’d

Council Bill 17-0120, Property Tax Credit—Public Safety Officers, which grants a local real property tax credit of up to $2,500.00 to eligible public safety officers that have owner occupied residents. On December 13, 2018, the Mayor signed City Council Bill 18-0254, Property Tax Credit—School Police Safety Officers, which extended the public safety officers tax credit to also include individuals employed by the Baltimore City Public School System. On September 30, 2019, the Mayor signed City Council Bill 18-0304, Property Tax Credit 9-1-1 Public Safety Telecommunicators, which grants a local real property tax credit of up to $2,500.00 to certain 9-1-1 public safety communicators.

Fiscal Impact

City Council Bill 19-0479 would provide a credit of up to $2,500.00 for certain low-income employees of the City of Baltimore. Eligible low-income employees are regular, full time employees among the 25% lowest paid, who own a dwelling located in Baltimore City. In addition, these employees need to have been continuously employed for 12 months and have worked a minimum of 1,500 hours. The following table shows the details of the potentially impacted employees, and their identified residency status:

CITY COUNCIL BILL NO. 19-0479: - cont’d

The Department estimated the fiscal impact based on the expected experience of three employee groups: City residents that own and occupy their home, City resident renters, and non-City residents. City residents that own and occupy their home would become immediately eligible for the proposed tax credit. For renters and non-City residents, the cost would depend on how many, if any, employees are enticed to own property in the City because of the tax credit. This is difficult to predict due to the variety of factors that impact these decisions outside of financial considerations, such as transportation, schools, and childcare. For those two groups the Department modeled the potential impact based on three scenarios at 10%, 20%, and 30%.

Owner Occupied City Residents

The Department has identified 435 employees who would immediately become eligible for the proposed tax credit. The table below details the impact of the proposed legislation on current owners. As of December 2019, the total property tax liability for these employees is $815,418.00. The proposed credit will reduce the total property tax liability for those employees to $0.00. The table below shows the impact on the individual and total residents in this group.

Non-Owner-Occupied City Residents

The second group consists of employees that are not eligible as home-owners but currently reside in the City. The Department identified 1,529 City employees in this category. The table below shows the impact of the proposed legislation on these employees.

*Offsetting revenues include one-time transactional proceeds such as recordation and transfer taxes, and income tax; however because these individuals are already City residents, there is no additional income tax revenue to the City.

Non-City Residents

The third group consists of employees who do not currently reside within the City. The table below shows the impact of the proposed legislation on these employees.
The participation levels vary based on the assumption that there are many different unknown factors causing these employees to reside outside of the City.

To summarize, the City should expect an $815,418.00 incremental cost based on low-income employees that already live in the City, plus the possibility of up to $1,400,000.00 of additional costs if 30% of the current renters and/or non-City residents purchase a home in the City.

Other Considerations

Policy Goals

It is unclear what policy objective is achieved by this tax credit, or for any tax credit that favors one class of employees or occupation over another.

From the City's perspective, these credits do not provide a net financial return to the City. Choosing where to live is a complicated decision based on a variety of factors such as housing choices, transportation options, and family considerations, among others. The data collected so far on a similar credit, the Public Safety Officers Credit, indicate that few, if any, officers have relocated due to the tax credit alone. At the time of its passage, the Department identified 531 officers who were City homeowners and were eligible, but as of December 2019, only 283 have received the credit. In practice, these credits end up providing additional benefits to employees who have already chosen to live in the City, rather than an enticement for new residents.

In addition, this tax credit is an expensive and inefficient way to direct money to any class of employees. Each new credit requires new programming in the tax credit system, requires ongoing City resources for oversight and management, and requires the employee to file an application with proof of eligibility. A better way of directing assistance to homeowners is with direct cash assistance, which the City already offers through the City employee Homeownership Incentive Program. This program provides up to $5,000.00 for down payment assistance for employees purchasing their first home in Baltimore City.
CITY COUNCIL BILL NO. 19-0479: – cont’d

Benefits Cliff

This tax credit has the potential to create a benefits cliff amongst the lowest paid City employees. City employees amongst the 25% lowest paid will run the risk of losing the benefit of the tax credit, generating a net cost for the employee if they begin earning above the 25% threshold. This could have major fiscal impacts for individuals and households that are already financially vulnerable. The table below shows how a $100.00 increase in salary could lead to a loss of $2,178.00 in earnings.

Implementation

Baltimore City Office of Information & Technology (BCIT) estimates it will take at least four to six months to complete the online application for the Low-Income Employee Tax Credit. BCIT has one developer working part-time on the Tax Credit System, who is currently developing the system for the 9-1-1 Specialist Tax Credit. For complex new tax credit applications, the development time may increase to one year. The estimated development cost is $100,000.00.
CITY COUNCIL BILL NO. 19-0479: - cont’d

The Department of Finance is requesting that the bill be amended to specify that the Ordinance will apply to **tax years beginning after June 30th, 2021 and ending before July 1st, 2031**. Specific language to that effect will provide clear guidance to potential tax credit applicants and give the Department of Finance the necessary time to work with BCIT to update the City's Tax Credit Application System to provide for this credit. Additionally, Section E in the bill should be changed to February 20th from January 30th to ensure that BCIT, the Department of Human Resources (DHR), and the Department of Finance are able to coordinate and verify data.

Finally, the Department of Finance believes that the DHR should be the responsible agency for notifying employees that they may be qualified for this new benefit. The DHR is best equipped to communicate eligibility to employees for several reasons. First, they have more direct contact with employees across the City, especially when it comes to eligibility for benefits. Second, the DHR would be best able to assess the most effective means of communicating with eligible employees, via mail, phone, or email, since they are in more regular communications. Finally, the DHR manages the data system that houses all employee information, including salary and wages, which is vital to identifying whether an applicant is eligible. The Department of Finance’s role in the tax credit process is to verify that individuals are residing in owner-occupied properties and applying the credit to their property tax bill.

**Conclusion**

Based on the Department of Finance’s experience with other similar credits, the Department believes this legislation as written will simply serve to provide a benefit to existing homeowners rather
CITY COUNCIL BILL NO. 19-0479: - cont’d

than as an incentive for new homeowners. The cost to the City will be at least $815,418.00 of lost revenue, with the potential for up to $2,300,000.00 of additional lost revenue if 30% of eligible employees purchase a home in the City. The Department is not clear on what policy objective is being achieved with this credit (or any occupation-based credit), especially in light of existing homeownership programs that are available for City employees.

The Department of Finance recognizes the importance of providing additional assistance to City employees, especially those earning the lowest incomes, but believes that creating tax credits is not the most efficient or effective way to accomplish this. Additionally, in anticipation of the financial challenges the City will face with the Kirwan Commission’s school funding recommendations, the proposed tax credit could restrict our ability to properly fund services for City residents.

Based on these findings, the Department of Finance opposes the passage of Council Bill 19-0479.

If this bill were to move forward, the Department of Finance would ask for an amendment to change this credit to start in Fiscal Year 2022 and end by June 30, 2031, as well as the DHR to be the responsible agency for coordinating and notifying eligibility to employees who may qualify for this new benefit in order to address our implementation concerns.

The Department of Human Resources is favorable with amendments for City Council Bill No. 19-0479, defers to the Bureau of the Budget and Management Research, Department of Finance.
