APPROVED FOR FUNDS BY FINANCE

AUDITS REVIEWED AND HAD NO OBJECTION.
Mayor’s Office of Human Services – cont’d

UPON MOTION duly made and seconded, the Board approved and authorized execution of the foregoing agreements.
The Board is requested to approve a three-month advance of funding for the following Sub-Recipients of the U.S. Department of Housing and Urban Development (HUD) Continuum of Care (CoC) grant programs.

The recent United States Government shutdown caused a delay in the Notice of Funding Availability (NOFA) for the CoC grants awarded by HUD. As a result of the shutdown, the MOHS will experience a three-month minimum delay in the development of agreements awarding CoC funding to nonprofits that provide homeless supportive services and rental assistance.

The advanced amounts total $2,455,052.25 and are based on current Fiscal Year 2018 awards announced on January 26, 2019 with start dates between February 1, 2019 through May 1, 2019.

The three-month advance of funding ensures that supported citizens are not evicted from their housing and receive critical services pending the official agreement with HUD. Upon issuance of the agreement, the MOHS will enter into contracts with the providers for the remainder of the award and will take into account the funds advanced to calculate the total award.

**BACKGROUND/EXPLANATION:**

The Mayor’s Office of Human Services on behalf of the City, submitted renewal applications for existing Continuum of Care grants. On January 27, 2019, the United State Department of Housing and Urban Development renewed the applications for the programs listed above.

Under the terms of the grant renewals the sub-contracts will be renewed with various organizations throughout the City that carryout homeless services. These activities include rental assistance and supportive services for the homeless population in the City.

The Continuum of Care Grant Awards are late because of the delayed notification of award from the United States Department of Housing and Urban Development.
MBE/WBE PARTICIPATION:
The requirements will be included in the agreements with the City and respective services providers.

Department of Housing and Land Disposition and Community Development (DHCD) Acquisition Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Land Disposition and Acquisition Agreement, which outlines the exchange of the property, located at 2011 Greenmount Avenue (Block 4018, Lot 041), owned by Kongpan Chen, Developer, for a comparable property, located at 2801 Orleans Street (Block 1694, Lot 019), owned by the Mayor and City Council.

AMOUNT OF MONEY AND SOURCE:

The City agrees to pay for all settlement costs associated with the property acquired by the City, not to exceed $600.00 total.

Account: 9910-904177-9588-900000-704044

BACKGROUND/EXPLANATION:

The DHCD Land Resources Division, on behalf of the Mayor and City Council, strategically acquires and manages vacant or abandoned properties, ultimately enabling these properties to be returned to productive use and improving Baltimore’s neighborhoods.

Kongpan Chen received notice of the City’s intent to demolish the property located at 2011 Greenmount Avenue. Because the Developer intended to rehabilitate the property, a property exchange was proposed for a comparable Mayor and City Council-owned property in an area better suited for redevelopment. The Developer will deliver good and marketable title and as a condition of the exchange, has agreed to rehabilitate the property within 12 months from the date of settlement.

The City will receive clear and marketable title to 2011 Greenmount Avenue, subject to any municipal liens, in exchange for a comparable Mayor and City Council property.
DHCD – cont’d

The determination of comparability is based on a valuation for both 2011 Greenmount Avenue and 2801 Orleans Street, which determined that the property located at 2011 Greenmount Avenue is valued at $5,000.00, while the property at 2801 Orleans Street is valued at $7,000.00.

The liens at 2011 Greenmount Avenue total approximately $455.44 and are itemized as follows:

- Real Estate taxes $118.00
- Miscellaneous Bills 207.44
- Property Registration 130.00
- **Total Municipal Liens: $455.44**

This exchange will allow the City to more expeditiously demolish the hazardous structure and take title to the property for a redevelopment project. The property exchange is less costly than acquiring the property through tax sale foreclosure or eminent domain. This action will further the City’s effort to eliminate blight and protect the health and safety of its citizens. As such, the City has agreed to pay for all title work and associated settlement costs, on the properties the City is receiving, not to exceed $600.00.

**STATEMENT OF PURPOSE AND RATIONALE FOR TRANSFER OF PROPERTY BY MEANS OF COMPARABLE EXCHANGE:**

The rationale for the exchange of properties was to ensure that the severity of blight at 2011 Greenmount Avenue would be successfully eliminated, while simultaneously ensuring that a willing and able Developer could contribute to the revitalization of Baltimore City in an area better suited and poised for rehabilitation.
UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition and Acquisition Agreement, which outlines the exchange of the property, located at 2011 Greenmount Avenue (Block 4018, Lot 041), owned by Kongpan Chen, Developer, for a comparable property, located at 2801 Orleans Street (Block 1694, Lot 019), owned by the Mayor and City Council.

AMOUNT OF MONEY AND SOURCE:

The Office of Engineering and Construction requests a time extension of 310 calendar days for full pump testing. This is the second time extension and will extend the completion date from October 18, 2918 to August 21, 2019. Pumps A, B, C, and D cannot be fully tested per the contract specifications due to the lack of suction pressure. This suction pressure will not be available until the tanks are online from the adjacent contract (WC 1173R – Guilford Finished Water Reservoir Improvements). Also, the sodium hypochlorite system cannot be fully commissioned per the contract specifications, because the piping for the system cannot be tied into the adjacent contract (WC 1173R) these two systems cannot be completed until Phase II of the adjacent Contract WC 1173R, Guilford Reservoir is completed. In addition, Protection 1, the Citywide Security Provider is not in place. Therefore, it is important to install

The Certificate of Completion form will not be completed until a scheduled time after final payment and final completion has been given by the Agency.

MBE/WBE PARTICIPATION:

The Contractor will comply with Article 5, Subtitle 28 of the Baltimore City Code and the 16% MBE and 4.49% WBE goals assigned to the original agreement.

Parking Authority for - Human Resources Services Agreement
Baltimore City (PABC)

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Human Resources Services Agreement with the Gallagher Benefit Services, Inc. The period of the agreement is effective the tenth day after Board approval.

AMOUNT OF MONEY AND SOURCE:

$34,000.00 - 2076-000000-2321-253300-607001

BACKGROUND/EXPLANATION:

The Parking Authority was created by ordinance in 2000, and became fully operational in late 2002. At the time of its creation, staffing and compensation for the PABC was developed on an anticipated need and value basis. In 2008, the PABC had a thorough evaluation and standardization of the compensation and benefits package provided to each position within the PABC.

Staffing and compensation have not received a comprehensive evaluation since the 2014 study. The PABC is seeking to update the comprehensive and standardized system of classification and compensation for all positions of employment within the PABC.

The PABC issued a Request for Proposals for the service, advertising through multiple outlets, and received one response to the RFP. Gallagher’s proposal was determined to be responsive, compliant, and within the expected price range (32,000.00 and up to $2,000.00 for travel). Gallagher’s proposal was recommended to the PABC Board of Directors which approved the negotiation of this Agreement.

The Scope of Work will be performed in its entirety within 180 days of the effective date of the agreement.

Office of State’s Attorney – Ratification of Memorandum of Understanding for Baltimore City

ACTION REQUESTED OF B/E:

The Board is requested to ratify and approve a Memorandum of Understanding between the Office of State’s Attorney for Baltimore City (SAO), and Behavioral Health System Baltimore, Inc. (BHSB) for the period of October 1, 2016 through May 31, 2018.

AMOUNT OF MONEY AND SOURCE:

$85,670.00 - 5000-502917-1150-118100-601001

BACKGROUND/EXPLANATION:

Behavioral Health System was awarded a grant from the Governor’s Office of Crime Control and Prevention (GOCCP) entitled Law Enforcement Assisted Diversion (LEAD). On March 22, 2017, the Board approved the original grant award. The BHSB received approval from GOCCP to extend the grant award through April 2018 which the Board approved on January 31, 2018. The BHSB received approval from GOCCP to extend the grant on additional month, until May 31, 2018 and the extension requires approval from the Board.

The Office of the State’s Attorney for Baltimore City (SAO) received grant funds from BHSB which provide for the salary and fringe benefits for an Assistant State’s Attorney. The purpose of the MOU is for the expectations of the parties to be set forth in writing and approved by the Board. The Assistant State’s Attorney will assist in the pre-booking diversion program for eligible participants generally diagnosed with substance-use disorders and mental health conditions. These individuals will be connected with parties to render intensive services rather than referring them to

the criminal justice system. This request is being submitted late because BHSB and SAO recently realized this month extension had not been previously submitted for approval.

It is requested that the Board approve this action.

I. Procurement Regulations

A. City Procurement System – General Overview

1. Authority for these Regulations.
   a. The Board of Estimates of Baltimore City (the “Board”) has the authority to issue procurement regulations pursuant to the Baltimore City Charter, Art. VI §§ 2, 11.
   b. The Board may waive these regulations for any particular procurement or class of procurements.
   c. The Board’s approval of any procurement automatically waives any inconsistency with these regulations for that procurement.

2. Applicability of these Regulations.
   a. These regulations apply to all City agencies (as defined in the City Charter) and other public entities subject to the procurement laws of the City.
   b. Except as otherwise provided, these regulations apply to procurements anticipated to result in contracts exceeding $25,000. Procuring Agencies may not divide contracts (splitting) for the purpose of avoiding the triggering limits.
   c. These regulations are not applicable to certain transactions including real estate, land purchases, land dispositions, leases, licenses, easements, employee contracts, and rights of entry.

3. Excluded Activities. Nothing in these regulations shall prevent City agencies from complying with the terms and conditions of any grant, gift, or bequest if the item is approved by the Board. All procurements shall follow these regulations, regardless of funding source, except as
specifically limited by the funding source, and approved by the Board in the acceptance of the funds.

4. Procurement Authority.

a. The Department of Finance has the authority to procure supplies, materials, equipment, and services other than professional services, on behalf of using agencies.¹

b. City agencies have the authority to procure professional services.²

c. The Department of Public Works, Department of General Services, Department of Recreation & Parks, and the Department of Transportation have the authority to procure public works.³

d. Any contract award is contingent upon the proper appropriation of funds by the City, consistent with City Charter and Article ⁴

e. Using Agencies should not have supplies, materials, equipment, and services, or professional services performed or delivered prior to Board approval.

f. Execution of Contracts. Only the Mayor, the Mayor's designee, or the head of an agency may execute contracts on behalf of the City.⁵

5. Rules of Construction.

a. For public works and design-build contracts, wherever these regulations conflict with the most current version of "The City of Baltimore, Department of Public Works, Specifications for

Material, Highways, Bridges, Utilities and Incidental Structures” and any officially issued addenda thereto (the “Green Book”) or the Board of Estimates Policy Regarding the Use of Design Build Project Delivery approved by the Board on November 2, 2011, as amended from time to time, those documents shall prevail.

b. Where provisions of these regulations appear to conflict, the provisions of the more specific section control the provisions of the general section.

c. Where provisions of these regulations conflict with provisions of federal or state laws and regulations, the federal or state laws and regulations shall control if required by the federal or state funding source.

6. Appendices. Some resolutions of the Board and executive orders of the Mayor are listed in Section VIII and are incorporated herein by reference. These regulations control over any conflicting resolutions / executive orders which are not listed in Section VIII, unless the Board determines otherwise.

B. Definitions.

1. The words defined in this section have the meanings set forth below whenever they appear in upper or lower case, unless:

a. The context in which they are used clearly requires a different meaning; or

b. A different definition is prescribed for a particular section of these regulations.

2. Any definition for a word in this section is to be construed in a manner that is consistent with and supplementary to any definition contained in the City Charter and Code.
3. **Authorized City official**: A person granted specific authority to perform procurement duties or responsibilities. See Procurement Regulations § I.B.61.

4. **Bid**: A binding offer to furnish supplies, materials, equipment, services, or public works in conformity with the specifications, delivery terms and conditions, and other requirements included in an invitation or request for bids.

5. **Bid security**: An undertaking, in a form satisfactory to the City, by which a third party agrees to be liable to pay the City a certain amount of money in the event a responder fails to sign a contract as bid. Bid security may take the form of a certified check of the responder, a bank cashier’s check, a bank treasurer’s check drawn on a clearing house bank, a bank letter of credit, or a bid bond, deposited with, and at the request of, the City to guarantee that the responder will, if selected, sign the contract as bid mutually agreed, upon presentation of that contract to the responder.

6. **Bidder**: A person that makes a bid in response to an IFB.

7. **Board**: The Baltimore City Board of Estimates, including a quorum of the Board member’s representatives, as described in the Baltimore City Charter Art. VI, § 1(c), and as otherwise provided in the City Charter.

8. **Change Order or Extra Work Order**: A type of contract modification. A written directive by the Procuring Agency to the contractor directing a change in the scope of work and which may increase or decrease the contract time and/or the contract sum.

9. **Change Order Review Committee (CORC)**: A committee consisting of representatives of the Department of Public Works, Department of Transportation, Department of General Services, the Law Department, and Audits that reviews all change orders for public works and all task assignments over $100,000 before they are submitted to the Board for

10. City: Mayor and City Council of Baltimore, a political subdivision and municipal corporation of the State of Maryland.

11. City Agency: All City departments, bureaus, boards, commissions, and persons not embraced in a department who exercise authority comparable to that of heads of departments or bureaus.  

2. Competition: The process by which more than one source for supplies, materials, equipment, services, or public works is solicited.

13. Contract: Any agreement to which the City is a party for the procurement of supplies, materials, equipment, services, or public works, including any contract modification.

16. Contractor: Any person (see Procurement Regulations § 1.B.37) obligated by a City procurement contract to provide supplies, materials, equipment, services, or public works to the City.

---

4 See Baltimore City Charter Art. 1, § 2(f).
18. **Debarment**: The disqualification of a person (see Procurement Regulations § I.B.37), a principal of a business entity and any other person substantially involved in that person’s contracting activities from entering into a contract with the City for a period of time determined by the Board. See Debarment / Suspension Regulations § II.

19. **Emergency Procurement**: Any dangerous condition of such a nature that public welfare would be adversely affected by awaiting the approval of the Board. An emergency is different from a condition of an “emergency nature,” which is an urgent situation that can wait for the approval of the Board. This applies to procurements that would otherwise require Board approval. In the event of an emergency of such a nature that the public welfare would be adversely affected by awaiting the approval of the Board, the Department of Finance, upon application by the authorize official of the Using Agency, may proceed to obtain the supplies, materials, equipment, services, or public works required without formal advertisement and the prior approval of the Board.

---

7 See Baltimore City Charter Art. VI, § 11(e)(ii).
8 See Baltimore City Charter Art. VI, § 11(e)(ii).
23. **Formal solicitation:** Any solicitations in the amount of $50,000.01 or more. This dollar threshold is subject to modification by ordinance passed by two-thirds of the City Council and are required to be advertised.\(^9\)

24. **Green Book:** The most current version of "The City of Baltimore, Department of Public Works, Specifications for Material, Highways, Bridges, Utilities and Incidental Structures" and any officially issued addenda thereto.

25. **Informal solicitation:** Any solicitation not required to be advertised.

6. **Invitation for bids (IFB):** A solicitation in which competitive sealed bids are invited through a public notice procedure requiring that bids be received by a specified time, opened publicly, and are evaluated in terms of price. An IFB may be formal or informal.\(^10\)

27. **Liquidated damages:** A sum agreed to in a contract to be paid as ascertained damages by the party who breaches the contract, and not as a penalty, where actual damages may be difficult to determine at the time of the breach.

28. **Master Blanket Purchase Order (MBPO):** A purchase order for an indefinite quantity contract, such as a requirements contract, or for an annually recurring firm order, such as an annual software license agreement or a lease of equipment. An MBPO is not a notice to proceed, but is the notice to the contractor and the Using Agency that an award has been made, and an upset limit has been approved by the City. Individual release requisitions and release purchase orders must be initiated by the Using Agency to issue notice to proceed to a contractor on individual tasks, for specific quantities of items, or for each discrete unit of time. An

---

\(^9\) See Baltimore City Charter Art. VI, § 11(b).

\(^10\) The terms notice of letting and IFB are interchangeable as they are essentially the same formal procurement documents with different names.
MBPO must have a specific term.

29. **May**: Indicates an action that is permissible.

30. **Minor irregularity**:

   a. Except for irregularities pertaining to MBE/WBE matters, a failure to meet a requirement in a formal solicitation that is merely a matter of form (not substance) or is a defect or variation as to price, quantity, quality, or delivery that is a trivial or inconsequential provision when contrasted with the total cost or scope of the procurement. A minor irregularity does not materially change the purpose or scope of the solicitation or undermine the competitive process by giving a responder an unfair advantage over others.

   b. Examples of a minor irregularity include but are not limited to:

      i. Failure of a bidder to submit a duplicate copy of a bid book;

      ii. Except for the bid affidavit, failure of a bidder to sign one or more bid documents, but only if the unsigned document(s) are accompanied by other material indicating the bidder’s intention to be bound;

      iii. Failure of a bidder to sign Local Hiring or other legally required documents;

      iv. Failure of a bidder to submit a certificate of good standing so long as the bidder is in fact in good standing;

      v. Failure of a bidder to submit a certificate of insurance so long as the bidder submits the certificate within a time period as required by the Board and before contract...
performance begins;

vi. Failure of a bidder to affix a corporate seal to its bid;

vii. Clerical errors that can be easily corrected such as failure of the bidder to submit a price total when all line items have been submitted;

viii. Submission of defective bid security (e.g. photocopy of power of attorney, photocopy of bid security) so long as the bidder submits corrected bid security within one (1) business day from receipt of notification. Failure to submit any bid security or the proper form of bid security may not be cured if required by the solicitation or by law;

ix. Failure of bidder to include bid security in correct envelope; or

x. Submission of a defective bid security as a result of errors in the City’s instructions.

c. For irregularities pertaining to MBE/WBE, see Minority and Women-Owned Business Enterprise Regulations.

31. Non-competitive procurement: A procurement in which supplies, materials, equipment, services, or public works are of such a nature that no advantage will result in seeking, or it is not practicable to obtain, competitive responses, or when the need for supplies, materials, equipment, services, or public works is of an emergency nature.

32. Notice of intent to waive competition: The Baltimore City Charter allows the City certain exceptions to the formal advertisement and competitive bidding requirements otherwise required by the Charter. The Baltimore City Charter Art. VI § 11 (e)(i) requires that, “when practicable, the City’s intent to make a purchase under this exception shall be posted
electronically to the public for comment prior to the approval of the purchase by the Board of Estimates."

33. **Notice to proceed**: A written notice to the contractor issued by an authorized City official directing commencement of contract performance.

34. **Open Market Purchase Order**: A purchase order that is a one-time firm order for supplies, materials, equipment, or services, for which the City does not already have an MBPO.

35. **Payment bond**: A bond issued by a surety that guarantees payment to suppliers and subcontractors of a prime contractor.

36. **Performance bond**: A bond issued by a surety that guarantees full performance of a contract by a contractor or a letter of credit that provides security in a specified amount.

37. **Person**: Any individual, firm, partnership, corporation, company, association, or body politic except the City; and includes any personal representative, agent, trustee, receiver, assignee, or other similar representative thereof.\(^\text{11}\)

38. **Pre-qualification**: A process by which the Board approves construction-related contractors and consultants recommended by the Office of Boards and Commissions ("OBC") as eligible to respond upon a specific category or categories of work in a solicitation for a specific value threshold, if the contractor meets certain experience, financial, and other requirements of the City. Pre-qualification does not replace a determination of responsibility.\(^\text{12}\) See rules governing operation of OBC.

39. **Procurement**: Purchasing, leasing, or otherwise acquiring any supplies, materials, equipment, services, or public works including all functions that

---

\(^{11}\) See Baltimore City Charter Art. I, § 2(d).

\(^{12}\) See Baltimore City Charter Art. VI, § 11(g).
pertain to the obtaining of any supplies, materials, equipment, services, or public works, including description of requirements, selection and solicitation of sources, evaluation of responders, preparation and award of contract, claim resolution and all phases of contract administration. A grant is not a procurement.

40. **Procuring Agency:**

   a. A City entity authorized to procure to the extent of its procurement authority. See Procurement Regulations § 1.A.4.

   b. Procuring agency means "contracting agency" as defined in § 1.L.4.

41. **Professional services.** Services that are predominantly mental or intellectual, other than physical or manual, and require the application of the special knowledge, technical skill, and the experience that comes from instruction, training, and the exercise of mental faculties. Examples include the services of attorneys, physicians, architects, engineers, consultants, and other recognized professional individuals, associations, corporations, and groups whose services are customarily negotiated instead of competitively procured because of the individuality of those services and level of expertise involved.

42. **Proposal:** An offer submitted in response to a request for proposals ("RFP"). See Procurement Regulations § 1.B.51.

43. **Proposed award:** A recommendation of the Procuring Agency to the Board that a specific responder is the successful responder after the evaluation of responses and the completion of any negotiations, if appropriate. This recommendation shall be made in accordance with these regulations and initiates the process by which a contract award may be made by the Board to the responder. May also refer to the recommendation of an evaluation committee to the Procuring Agency.
44. **Proposer:** A person that submits a proposal. See Procurement Regulations § I.B.42.

45. **Protest:** A challenge to the award of a bid to a particular bidder. All protests must be written and sent to the Board pursuant to the Bid Protest Regulations dated January 22, 2014. The protest must state: (1) whom the speaker represents and the entity that authorized the representation; (2) what the issues are and the facts supporting the position; and (3) how the protestant will be harmed by the proposed Board action.

46. **Public notice:** The means reasonably calculated to notify the public, such as inclusion on a Board meeting agenda, an advertisement, mailings, placing notices in newsletters, and inclusion of public notice on the CitiBuy, a municipal electronic marketplace.

47. **Public works:** A construction, reconstruction, demolition or maintenance of a physical structure that is attached to the land (e.g., a public building, recreation field, dock, bridge, ditch, road, alley, waterworks, storm drain, sewer, conduit, street light, and sewage disposal plant) which is: (1) primarily for public use; (2) government owned or operated; (3) accessible to the general public; and / or (4) government funded, wholly or in part, with no one factor being controlling.

48. **Purchase Order:** The electronic file residing in CitiBuy, the City’s electronic procurement database located at www.baltimoreciti.buy.org, notice of which is emailed to the contractor after the City’s approval of the award. If an Open Market Purchase Order is issued to the contractor, this is the contractor’s notice to proceed. If an MBPO is issued to the contractor, this is notice that the City will commence placing orders, by issuing individual Release Purchase Orders. See Procurement Regulations § I.B.21.

49. **Release Purchase Order:** The electronic file residing in CitiBuy, notice of
which is emailed to the contractor, which is the contractor’s notice to proceed on an MBPO.

50. Request for information (RFI): A request for market information; it is not a solicitation unless the document provides otherwise.

51. Request for proposals (RFP): A solicitation to prospective proposers for providing supplies, materials, equipment, services, or public works in which the method of award is based on price and technical or other scoring.

52. Responder: Any person who submits a response to a City IFB, RFP, and the solicitation, or any other methods the City uses to define resources to provide supplies, materials, equipment, services, or public works. See also definitions for Proposer and Bidder.

53. Response: A responder’s submission in conjunction with any type of City solicitation for supplies, materials, equipment, services, or public works.

54. Responsibility: A determination, based on characteristics of a responder, that demonstrates that the responder is capable of satisfying the City’s needs and requirements for a specific contract, and includes a good faith determination of fitness, capacity, integrity, and other considerations affecting work performance and financial responsibility, as well as previous compliance with contract terms, including but not limited to subcontractor utilization required by the contract.

55. Responsible bidder/proposer/responder: A person capable of satisfying the City’s needs and requirements for a specific contract. See Procurement Regulations § 1.B.54.

56. Responsive bidder/proposer/responder: A person who has submitted a response that conforms in all material respects to the requirements of an IFB, RFP, or informal solicitation. See Procurement Regulations § 1.B.57.
57. **Responsiveness:** A determination that a response complies with the material requirements of an IFB, RFP, or informal solicitation.

58. **Selected source procurement:** When supplies, materials, equipment, services other than professional services or public works are available from more than one source but the Using Agency requests a specific contractor.

59. **Shall:** Indicates a requirement.

60. **Sole source procurement:** When supplies, materials, equipment, services other than professional services or public works are only available from one source.

61. **Solicitation:** A request by an authorized City official or responses through a formal communication, with potential responders in accordance with these regulations. This is intended to include informal solicitations, except where otherwise addressed in these regulations or otherwise intended by the Charter.

62. **Using Agency:** The agency that requests supplies, materials, equipment, services, or public works through a Procuring Agency.

C. **Ethics and Standards of Behavior.**

1. **Nondisclosure before Solicitation.** Until the City publicly issues a solicitation, a person involved in a solicitation shall not release information concerning the solicitation to any person who is not a City employee, consultant, or the Using Agency or Procuring Agency preparing the solicitation. A person working on a solicitation, however, may obtain information from others for the purpose of aiding in drafting the contents of the solicitation.

2. **Nondisclosure after Receipt of responses.** Until the recommendation for award is made to the Board, a person involved in review of responses to a
solicitation issued on behalf of the City, or who has been informed of the status or content of the review in the course of their duties, shall not release information concerning the solicitation or responses to any person not involved in the review of responses. This does not prohibit the Procuring Agency from making disclosures for briefing of a Board member.

3. **Ethics Code.** All City employees in the procurement process are subject to the City Ethics Code and the applicable regulations for standards of conduct required in contracting. Questions regarding ethical issues should be directed to the Executive Director of the City Ethics Board.

D. **Release of Information.** Solicitations, responses, and evaluations are subject to the Maryland Public Information Act ("MPIA"). Generally, responses to solicitations are available for public inspection at the Board, located in Room 204 of City Hall, after the bid has been opened by the Board. If a responder believes its response includes confidential commercial information not disclosable under the MPIA, it must clearly designate that information when it is submitted to the City.

E. **Contractor Pre-Qualification.**

1. **Pre-qualification of public works contractors.** OBC, under the oversight of the Office of Boards and Commissions Review Committee, is charged by the Board with responsibility in regard to all public works-related matters relating to prequalification, requalification, and disqualification of contractors and consultants and to the performance evaluation of consultants and contractors. See rules governing operation of OBC.

2. Otherwise, a Procuring Agency in a formal solicitation may determine the requirements, if any, for the pre-qualification of responders.

---

15 See Baltimore City Charter Art. VI, § 11(g).
F. **Minority and Women’s Business Enterprises.** Art. 5, Subtitle 28 of the Baltimore City Code contains the requirements for Minority and Women’s Business Enterprises. It mandates that the Minority and Women’s Business Opportunity Office ("MWBOO") is responsible for the certification of Minority and Women’s Business Enterprises and maintaining a directory of these certified business enterprises. MWBOO is also responsible for investigating alleged violations of Art. 5, Subtitle 28; certifying compliance with Art. 5, Subtitle 28 before contracts are submitted to the BOE for award; setting MBE and WBE participation goals on each contract over $50,000; and establishing annual goals for MBE and WBE participation in the procurement process. See Minority and Women-Owned Business Enterprise regulations.

G. **Formal Solicitation.**

1. **Public Notice.** Public notice for procurements anticipated to result in a contract (excluding contracts for professional services) exceeding $50,000 or such other number as established by the City Council, shall be published at least twice in a newspaper of general circulation published in Baltimore City and also published electronically at a site available to the public. The Baltimore Sun is currently the only newspaper of general circulation in the City. A solicitation for supplies, materials, equipment and services is published electronically in CitiBuy. A solicitation for public works is published electronically by the listing of a notice of letting in the agenda of the Board of Estimates.

2. **Use of a Formal Solicitation.** A formal solicitation must be used for any procurement expected to result in a contract valued at more than $50,000 unless the procurement meets the requirements for another type of solicitation defined in these regulations.

3. **Formal Solicitation Copy Fees.** The applicable copy fee shall accompany each request for a new solicitation. A responder may view a solicitation

but cannot submit a copy stamped “Not for Bidding Purposes” for consideration. See Procurement Regulations § F.14.

a. General. An IFB is a formal solicitation by which competitive sealed bids are invited through a public notice procedure that results in an award to the lowest responsive and responsible bidder.  

i. Any prospective bidder who requests a change in or is uncertain as to the true meaning of the specifications or other contract documents or any part thereof, shall submit to the person indicated in the solicitation a written request for the change or interpretation. The request, with supporting documents, drawings, etc., shall be received by the Procuring Agency or, or before five business days prior to the day on which the bid is due, or longer as specified by the document.

ii. Any substantive change or interpretation of the contract documents or specifications in the solicitation, if made, will be made only by addendum duly issued. A copy of such addendum will be furnished or made available to each known person receiving the solicitation. Any explanations, changes, or interpretations to the proposed documents in the solicitation made or given prior to the award of the contract shall not be binding on the City, unless contained in an addendum.

iii. The omission by the City of any specifications or details of

16 See Baltimore City Charter Art. VI, § 11(h).
any specification in the solicitation which would normally apply to the supplies, materials, equipment, services, or public works specified therein, but which are nevertheless, necessary for the proper carrying out of the intent of the specifications, shall not relieve the bidder from fulfilling those required specifications needed to provide supplies, materials, equipment, services, or public works best suited to the intended purpose of the solicitation as determined by the Procuring Agency.

b. Procedure.

i. IFBs are issued and published once given by the Procuring Agency.

ii. Bids are irrevocable once filed.\(^\text{17}\)

iii. Bids shall be submitted in the form and manner indicated by the solicitation document and solicitation forms. Any bid that does not fully respond to and comply with all the detailed specifications or other requests for information including execution of bid forms may be declared “non-responsive” by the City and recommended for rejection. The City shall not be responsible for any errors or omissions of the bidder.

iv. Bidders shall submit bids by 11:00 a.m. on the date indicated in the document to the Board, located in Room 204 of City Hall, or at any other time or location determined by the Board.\(^\text{18}\)

\(^\text{17}\) See Baltimore City Charter Art. VI, § 11(b)(1)(iv).

\(^\text{18}\) At 10:45 a.m. on Wednesdays, staff of the Board are located at the front of City Hall to accept bids.
v. The Board shall time-stamp each bid when received in Room 204. Bids received after 11:00 a.m. shall not be accepted.

vi. The Board publicly opens bids at 12 noon on Wednesdays. The Board: (1) publicly opens all timely bids received at that time; (2) at the Board's option, reads the bids aloud to the persons present; and (3) leaves a copy of the IFB and the bids in the Office of the Board for review by interested persons for a reasonable period of time or makes arrangements for the furnishing of copies of these documents to interested persons, as further described in § 4 of the Procurement Regulations. In the event of unusual circumstances, the Board will determine the opening date, time, and location.

vii. No statement or comment made while opening the bids is binding on the City or has any effect with respect to interpretation of the solicitation documents or bids received. Opening bids is a ministerial function as part of a public process.

viii. The Board shall forward all bids received to the Procuring Agency for evaluation, unless the Board refers the bid to the Law Department for review.

ix. The Procuring Agency shall evaluate the bids in accordance with the method of award criteria and for responsiveness and responsibility, and forward recommendations to the Board. Only award criteria set forth in the IFB shall be considered for the bid evaluation.

x. In the case of tie bids, the Using Agency, with written
notice to the Department of Finance, shall make a written recommendation and report to the Board setting forth all pertinent considerations and reasons for its recommendation. The Board, after considering the recommendation of the Department of Finance, may then award the contract in its discretion, as long as the total cost to the City does not exceed the amount of the tie bid.

xi. The Board shall post the name of the proposed contract awardee or the proposed rejection of all bids on the Board’s agenda.

xii. The Board shall award the contract on entry to the lowest responsive and responsible bidder on or items to the respective lowest responsive and responsible bidders, or reject all bids. The decision to reject all bids is final and not subject to protest.

xiii. When alternative bids are invited for two or more different things, after all bids are opened, the Using Agency recommends to the Board selection of the particular items that will be procured and shall recommend award of the contract to the lowest responsive and responsible bidder for that particular item in accordance with the solicitation document.

5. Formal Solicitations – RFPs, Competitive Sealed Proposals.

a. General. An RFP is a formal solicitation for competitive sealed proposals. Proposals are publicly opened. Final costs and scope of...
work may be subject to negotiation after the proposals are received and before the contract is awarded if stated in the RFP. An RFP results in an award to the highest scoring responsive and responsible proposer.

b. Proposal Receipt.

i. RFPs are issued and public notice given by the Procuring Agency.

ii. Technical responses to RFPs are publicly opened by the Board and forwarded to the Procuring Agency for review, consideration, and scoring. At the request of the Procuring Agency, price proposals are publicly opened by the Board and forwarded to the Procuring Agency.

aa. Once filed, a proposal is irrevocable.

bb. Until a proposed award for an RFP is posted, all technical responses to RFPs shall not be released to the public, except as required by § D of the Procurement Regulations.

iii. The Procuring Agency submits its recommendation for award or rejection of all proposals to the Board.

iv. In the case of a tie in the final score, the Procuring Agency, with written notice to the Department of Finance, shall make a recommendation and report to the Board setting forth all pertinent considerations and the reasons for its recommendation. The Board, after also considering the recommendation of the Department of Finance, may then award the contract in its discretion, as long as the total cost to the City does not exceed the amount of the tie proposal.
v. The Board shall post the name of the proposed contract awardee or the proposed rejection of all proposals on the Board's agenda.

vi. The Board shall award the contract as an entirety to the highest scoring responsive and responsible proposer or reject all proposals. The decision to reject all proposals is final.

vii. The Procuring Agency may negotiate a contract with the proposed awardee if negotiation is provided for in the solicitation.

a. All evaluations of proposals shall be done by an evaluation committee. The Procuring Agency shall select the evaluation committee members with input from the Using Agency, subject to these regulations.

b. Each evaluation committee shall be made of at least three individuals.

c. No more than 50% of each committee shall be employees or consultants of the Using Agency. This restriction may be modified or waived by the Procuring Agency upon written request of the Using Agency, which shall be the basis for modification or waiver.

d. Conflicts. No committee members shall have a conflict of interest relating to the evaluation of proposals submitted in response to the RFP.

e. Disclosure. No procurement officer or committee member shall disclose any information relating to the evaluation of proposals submitted in response to the RFP, including but not limited to the
identity of committee members, the status of the evaluation, the contents of the proposals or the scores. This does not prohibit the Procuring Agency from making disclosures for briefing of a Board member.

f. Individual committee member scores shall be kept confidential, unless the Law Department determines that the scores may be released.

7. **Formal Solicitation Cancellation / Rejection of all Bids.**

a. **Cancellation Before Time for Opening.** Subject to Board approval, the Procuring Agency may cancel a formal solicitation in whole or in part before the opening or due date when it decides that this action is in the best interest of the City.

b. **Notice of Cancellation of Formal Solicitation.** The Procuring Agency shall communicate cancellation of a solicitation in advance of the recommendation to the Board. Responders are not entitled to any compensation in connection with cancellation of a solicitation.

c. **Rejection of all Bids after Time for Opening.** The Procuring Agency may recommend to the Board that it reject all responses to a formal solicitation when it decides that this action is in the best interest of the City.

8. **Responsiveness and Responsibility.**

a. **Responsiveness.**

i. The Procuring Agency shall recommend to the Board whether a responder is responsive; the Board shall make the final determination. See Procurement Regulations § 1.B.57.
In determining responsiveness, the Procuring Agency shall consider, among other factors, the responder’s conformance with the terms and specifications of the solicitation, such as:

aa. Each of the solicitation forms required by the solicitation should be fully and accurately completed.

bb. All required information should be included.

c. All signatures should be by hand and not an imprint or typed name.

d. Any corporation or other legal entity completing solicitation forms should be executed by a person with authority to bind the entity.

e. All notary certificates should be fully and completely filled out and in accordance with Maryland law.

iii. The Board, in its discretion, may permit a cure to any deficiency resulting from a minor irregularity in a response or may waive the deficiency.

b. Responsibility.

i. A responder must be responsible. See Procurement Regulations § 1.B.54. The Procuring Agency shall recommend to the Board whether a responder is responsible for the Board's final determination. Prior to written notice to an affected responder and/or a recommendation to the Board that a responder be found non-responsible, the Procuring Agency shall consult with the Law Department.
ii. In determining responsibility, the Procuring Agency shall consider, among other factors, the following:

aa. The ability, capacity, organization, facilities, and skill of the responder to perform the contract;

bb. The ability of the responder to perform the contract or provide the services within the time specified without delay, interruption or interference;

c. The integrity, reputation, and experience of the responder, and its key personnel;

dd. The quality of performance of previous contracts or services for the City or other entity. Past unsatisfactory performance may be sufficient to justify a finding of non-responsibility;

ee. The previous and existing compliance by the responder with laws and ordinances relating to the contract or services;

ff. The sufficiency of financial resources of the responder to perform the contract or provide the services;

g. Whether a responder is in default of payment of any money due the City;

hh. Debarment by the City or other entity; and

ii. Results of reference checks.

iii. A responder may be required at any time by the Procuring Agency to provide additional information, references and
other documentation and information that relate to the
determination of responsibility. Failure to furnish
requested information may constitute grounds for a finding
of non-responsibility of the prospective responder. Any
and all information received from references or other
information about past performance may constitute grounds
for a finding of non-responsibility.

9. **Debriefing of Unsuccessful Responder.**

a. After contract award, unsuccessful responders may be debriefed
upon request submitted to the Procuring Agency within a
reasonable time. Debriefing may be provided at the earliest
feasible time after contract award and shall be conducted by an
authorized City official familiar with the rationale for the selection
decision and contract award. In conducting debriefings, there shall
be no disclosure of any information derived from responses
submitted by competing responders.

b. Debriefing shall:

i. Be limited to discussion of the unsuccessful responder’s
response and may not include specific discussion of a
competing responder’s response;

ii. Be factual and consistent with the evaluation or the
unsuccessful responder’s response; and

iii. Provide information on areas in which the unsuccessful
responder’s technical response, if submitted, was deemed
weak or deficient or the reasons for which a responder was
found non-responsive and / or non-responsible.

c. Debriefing will not include discussion or dissemination of the
notes or rankings of individual members of an evaluation committee, but may include a summary of the authorized City official’s rationale for the recommended contract award.

d. A record of the debriefing shall be made a part of the contract file.

10. **Bid Security**

   a. **Bid Security Requirements.**

      i. All bid security forms should have all blanks filled in, contain the signature of the responder and/or signature of the surety, and have a valid power of attorney form attached. Any deficiencies in either the bid bond or the power of attorney, if required, may be immediate grounds for response rejection.

      ii. Bid security may only be submitted from surety companies that, at the time of response submission and/or contract execution, are authorized to transact business in the State of Maryland.

      iii. If the City makes an award but, within 10 business days after award, the successful responder does not execute and return the contract, provide acceptable performance and payment bonds, certificates of insurance, minority participation documentation and other submission requirements set forth in the solicitation documents, then the City may terminate the award to the successful responder and the successful responder’s bid security shall
be forfeited to the City as liquidated damages, which is not intended nor should be construed as a penalty.22

iv. If a responder is not required to file a bid security and the responder fails to execute and perform any contract awarded to that responder, the responder shall forfeit the right to bid on any future City contract for a period of time determined by the Board, and shall be liable for any costs incurred by the City as a result of the default.

v. When the successful responder executes the contract and, if required, the performance and payment bond, the City shall return to all responders the bid checks or release the bid bonds. If the City has deposited bid checks, the City shall reimburse the responders in the amounts of the bid checks.24

i. All responses for construction contracts let for the Department of Public Works, the Department of General Services, the Department of Transportation, and the Department of Recreation & Parks and any other contracts for public works shall include a check or bid bond.25

ii. If a check, the check shall be a certified check of the responder, a bank cashier’s check, or a bank treasurer’s check, drawn on a clearinghouse bank. The check shall be in an amount provided by the bid specifications or by an order or regulation of the Procuring Agency. In the case of

iii. The bid bond shall be for an amount which is determined by the Green Book or solicitation.

iv. Failure to comply with bid security requirements shall be grounds for rejection.

c. Bureau of Procurement Bid Security i. Subject to Board approval, the Director of Finance shall implement policies and procedures to determine whether a bid bond is required for a contract, the term and face value of the bond, and the manner in which the bond shall be provided and refunded.

a. For public works contracts let by the Department of Public Works, the Department of General Services, the Department of Transportation, and the Department of Recreation & Parks, and any other contracts for public works, the responder shall execute and deliver to the City a good and sufficient performance bond, irrevocable letter of credit, or certification that the successful responder meets the requirements under the City’s self-insurance program for performance coverage as well as a payment bond.

b. Subject to Board approval, for Bureau of Procurement contracts, the Director of Finance shall implement policies and procedures to determine whether to require a performance bond for a contract,

c. Performance and Payment Bonds.

i. Amounts for Performance Bond, Payment Bond, Letter of Credit, and Certification. The bond, letter of credit, or certification shall be:\textsuperscript{28}

aa. in an amount equal to the full contract price; or

bb. for Bureau of Procurement contracts, in an amount as determined by the Director of Finance and named in the solicitation.

ii. Performance and Payment Bond Requirements. All bonds shall meet the following minimum requirements:

aa. At the time of contract execution, the surety company issuing the bond shall be qualified and licensed to do business in the State of Maryland and listed as an approved surety for federally funded projects in excess of the response and / or contract amount on the U.S. Treasury's Circular 570, List of Approved Sureties (or as amended from time to time).

bb. Any attorney-in-fact on the bond document shall be properly authorized to bind the surety in the full amount of the bond. The power of attorney submitted with the bond shall document the attorney-in-fact's authority. The power of attorney

\textsuperscript{27} See Baltimore City Charter Art. VI, § 11(b)(3)(ii).
\textsuperscript{28} See Baltimore City Charter Art. VI, § 11(b)(3)(iii).

cc. The obligee of the bond shall be "Mayor and City Council of Baltimore" and any additional or other obligee required by the City.

dd. The performance bond shall contain the express stipulation on the part of the contractor that it will defend, indemnify, and save harmless the Mayor and City Council of Baltimore against any suit or suits, loss, damage, or expense, which the Mayor and City Council of Baltimore may be subjected by reason of any default or negligence, want of skill, or care on the part of the contractor, its agents or employees, or of any subcontractor, in or about the performance and execution of the work.

ee. The bond shall be an original with original signatures of all required signatories. All bond forms shall contain the signature of the contractor and the signature of the surety, have a valid power of attorney form attached, if required, and have all blanks filled in.

iii. Irrevocable Letter of Credit Requirements. To be acceptable, any irrevocable letter of credit shall be presentable to an institution located within the State of Maryland.

12. Authority to Require Additional Security. Nothing in these regulations
shall be construed to limit the authority of the Procuring Agency to require additional security from a responder or contractor if such additional security is contained in the solicitation.

   a. Bond Forms. All bonds shall be approved by the Law Department for form and legal sufficiency.

   b. Copies of Bonds. Any person may obtain from the Procuring Agency a copy of a bond upon request.

4. Insurance.

   a. General. A responder shall meet all the insurance coverage requirements of the City. Any insurance required by the City shall remain in force during the life of a contract with the City. The contractor shall name the Mayor and City Council of Baltimore as an additional insured on all applicable insurance policies.

   b. Types of Insurance Coverage. For contracts for supplies, materials, equipment, services, and public works, the City generally requires coverage for commercial general liability insurance, business automobile liability insurance, cyber liability insurance, and workers compensation insurance. Service contracts may also require professional liability or errors and omissions insurance. Additionally, contracts for public works generally require special hazards insurance such as railroad insurance, builder’s risk insurance, or environmental liability insurance.

15. Formal Solicitation Copies.

   a. Formal Solicitation Copy Fees.
i. **Paper Solicitations.** A copy fee is required for public works plans and specifications and is disclosed in the solicitation. The Procuring Agency shall calculate a minimum copy fee or a variable copy fee based upon the costs associated with preparing and printing of public works plans and specifications for each procurement (also referred to as the specification book).

ii. **Formal Solicitation Amendments or Addenda.** No fee.

iii. **Payment.** The City shall not release a copy of the solicitation until the requester pays all required copy fees in full.

iv. **Refunds.** Minimum and variable copy fees are not refundable under any circumstances, including cancellation of a solicitation.

v. **Transfers.** A solicitation may not be transferred to any other person for bidding purposes.

vi. **Waiver of Fees.** The Procuring Agency may waive the solicitation copy fees:

   aa. for respondents who previously purchased a solicitation which is subsequently withdrawn by the City and re-advertised; or

   bb. when in the best interest of the City.

H. **Professional Services Solicitation.**

1. For professional services, see "City of Baltimore Resolution Relating to Non-Architectural or Engineering Professional Services" approved by the Board on February 27, 2019, as amended from time to time.
2. For Board thresholds, see “Resolution of the Board of Estimates of Baltimore City for Setting the Board Approval Threshold Amount for Professional Services” dated June 17, 2015.

3. For architectural and engineering services, see “City of Baltimore Resolution Relating to Architectural & Engineering Services” approved by the Board on March 5, 1997, as amended from time to time.

I. Informal Solicitation – RFI

1. The Procuring Agency may use an RFI in the planning phase to gather market research when the procuring agency is unable to clearly identify the variability of contract specifications for project, and the types of products or services needed for a project. After an RFI, the Procuring Agency should have a better understanding of market conditions, contractor interests, and project specifications. A respondent shall not receive a contract award as a result of the RFI. An RFI does not constitute a commitment, implied or otherwise, that the Procuring Agency will take procurement action in the future.

2. The RFI is accomplished by the following steps:

a. The Procuring Agency issues the RFI to the general public and/or interested persons in a reasonable manner (e.g., through publications, on the internet, by email, etc.)

b. Respondents send their RFI responses directly to the Procuring Agency.

c. The Procuring Agency evaluates the RFI responses.

d. Responses to an RFI will not be returned. Respondents are solely responsible for all expenses associated with responding to an RFI. The Procuring Agency will not pay for information received in response to an RFI.
3. This process may not be used alone to determine the basis for a non-competitive procurement.

J. Emergency Procurement. 29

1. This applies to procurements that would otherwise require Board approval. In the event of an emergency of such a nature that the public welfare would be adversely affected by awaiting the approval of the Board, the Department of Finance, upon application by the authorized official of the Using Agency, 30 may proceed to obtain the supplies, materials, equipment, services or public works required without formal advertisement and the prior approval of the Board. The Department of Finance or the Using Agency shall promptly furnish to the Board a full report of any emergency procurement.

3. An emergency procurement may only be used when properly documented facts exist that demonstrate that an emergency exists.

K. Non-Competitive Procurement (No Advantage, Not Practicable, or Emergency Nature). 31

1. Procedure.

a. A non-competitive procurement without formal advertisement may occur only when:

i. no advantage will result or it is not practicable to obtain competitive responses for supplies, materials, equipment, services other than professional services, or public works; or

29 See Baltimore City Charter Art. VI, § 11(e).
30 See Baltimore City Charter Art. VI, § 11(e)(ii).
31 See Baltimore City Charter Art. VI, § 11(e)(i).
ii. the need for supplies, materials, equipment, services other than professional services, or public works is of an emergency nature.

b. Prior Approval Required.

i. A purchase may not be made and the City may not incure any obligation to make payment until the Board, after considering the recommendation of the Department of Finance, approves the purchase.

ii. When practicable, the City’s intent to make a purchase under this exception shall be posted concurrently to the public for comment prior to the recommendation of the purchase to the Board.

c. For non-competitive procurement guidelines and procedures, see “City of Baltimore Resolution Relating to Non-Competitive Procurements” approved by the Board on February 27, 2019, as amended from time to time.

L. Conflict of Interest. By executing a contract, the contractor asserts that it has not engaged in any practice or entered into any past or ongoing contract that would be considered a conflict of interest with the instant contract. The contractor agrees to refrain from entering into all such practices or contracts during the term of the instant contract (and any extensions thereto), including any agreements and / or practices that could give rise to even the appearance of a conflict of interest. Furthermore, the contractor asserts that it has fully disclosed to the City any and all practices and / or contracts of whatever nature or duration that could give rise to even the appearance of a conflict of interest with the parties or subject matter of the instant agreement and will continue to do so during the term of the contract and any extensions thereto. Additionally, the contractor warrants that it has not employed or retained any company or persons, other than a bona fide employee.
working solely for the contractor, to solicit or secure the contract and that it has
not paid or agreed to pay any company or person, other than a bona fide employee
working solely for the contractor, any fee, commission, percentage, brokerage fee,
gift, or any other consideration, contingent upon or resulting from the award or
making of the contract. The contractor further warrants that it has not, and will
not, employ or retain any company or persons who are in violation of the
Baltimore City Ethics Code § 6-11, § 6-22, or § 6-38 to assist in procuring or
executing the contract.

M. Contract Modification.

1. General.

a. Authorization. The contractor, using Agency, or Procuring
Agency may propose a contract modification. Only documented
modification approved and executed in the same manner as the
original contract is effective (e.g. execution by the Procuring
Agency, approved for form and legal sufficiency by the Law
Department, and approved by the Board if the Board approved the
original contract).

b. The Board may approve, approve with conditions, or reject any
contract modification.

N. Termination.

1. Authority to Terminate. The Procuring Agency may terminate a contract
contingent on the approval of the Board.

2. Termination Provisions in a Contract. The Procuring Agency shall
include termination provisions approved by the Law Department in a
contract.

3. Termination Methods. A contract may be terminated in four ways:
a. **Termination for Default.** A contract may be terminated for default. If the contractor materially breaches the contract, the City, at its option, may cancel in whole or in part work under the contract. If it is determined that the City improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

i. The Procuring Agency may provide the Law Department with documentation demonstrating a material breach of the contract by the contractor.

ii. If the Procuring Agency finds that the contractor is in default, the Procuring Agency may provide the contractor with a written notice to cure the default.

iii. The Law Department may approve the issuance of the notice to cure the default and the issuance of a termination for default.

iv. If the contractor disputes the issuance of a termination for default, the contractor may file a timely appeal to the Board after exhausting any claim process administered by the Procuring Agency. The contractor may not file an appeal in response to a notice to cure the default.

b. **Termination for Convenience.** A contract may be terminated for convenience at the option of the City if the termination is in the best interest of the City. Termination for convenience may entitle the contractor to payment for reasonable costs allocable to the contract for work or costs incurred by the contractor up to the date of termination. However, the contractor shall not be reimbursed for any anticipatory profits that have not been earned prior to the date of termination. The contractor must not be paid any equitable
compensation as a result of a termination for convenience that exceeds the amount encumbered to pay for work to be performed under the contract.

i. The Procuring Agency may provide the Law Department with documentation demonstrating that termination of the contract for convenience is in the best interest of the City.

ii. The Procuring Agency may consult with the Law Department before the issuance of the notice of termination for convenience and any resulting contract modification.

If the Procuring Agency finds that the contract should be terminated for convenience, the Procuring Agency must provide the contractor with written notice that the contract will be terminated for convenience on the date specified in the notice. The notice must require that the contractor provide the Procuring Agency with documentation indicating the amount of reasonable costs claimed by the contractor as a result of the termination for convenience.

iv. The contractor must provide the Procuring Agency, within the time specified in the notice of termination for convenience, with documentation substantiating the amount of reasonable costs the contractor claims as a result of the termination for convenience.

v. If the Procuring Agency and the contractor agree on the amount of reasonable costs owed to the contractor as a result of the termination for convenience, the City and the contractor may enter into a contract modification, if necessary, setting forth the amount owed to the contractor.
as reasonable costs arising from the termination for convenience.

vi. If the contractor and the Procuring Agency cannot agree on the amount of reasonable costs owed to the contractor as a result of the termination for convenience, the contractor may file a timely appeal to the Board after exhausting any claim process administered by the Procuring Agency.

c. **Termination by Mutual Consent.** In special circumstances a contract may be terminated by mutual consent of the parties.

   i. The Procuring Agency may provide the Law Department with documentation justifying termination of a contract by mutual consent.

   ii. If the Procuring Agency finds that it is in the best interest of the City to terminate the contract by mutual consent, the Procuring Agency may enter into a termination agreement.

   iii. The Law Department may approve a termination agreement.

d. **Termination for Lack of Funding.** A contract may be terminated at the option of the City for a lack of funding or a change in funding policy. In the event of such non-appropriation of funds or change in funding policy at any time during the term of the contract as would prevent the City from making payment under the terms and conditions of the contract, the City may terminate the contract without the assessment of any charges, fees or financial penalties against the City.

   i. The payment of invoices and any amounts due the contractor under a contract is contingent upon the proper appropriation of funds by the Baltimore City Council in
accordance with the Baltimore City Charter and the Code. If the terms of the contract exceed a budget as adopted by the Baltimore City Council, then that portion of the contract which exceeds a properly adopted budget shall be contingent upon further appropriation by the City. In the event of such non-appropriation of funds or change in funding policy at any time during the term of the contract, the City may terminate the contract without the assessment of any charges, fees or financial penalties against the City by providing written notice of intent to terminate to the contractor. The contractor shall not begin any additional work or services related to the contract upon receipt of notification of intent to terminate by the City.

4. Suspension of Work.
   a. The Procuring Agency may order in writing the suspension, delay, or the interruption of all or any part of the work under a contract (i.e. suspension of work) for such period of time as the Procuring Agency may determine to be appropriate for the convenience of the City.
   b. If a contractor is directed by the City to recommence work after a suspension of work, the contractor may provide the Procuring Agency with documentation indicating the amount to which the contractor claims it is due as a result of the suspension of work. If the City terminates the contractor for default after an order to suspend work, the contractor is not entitled to make a claim against the City for the suspension of work.
   c. If a contractor and the Procuring Agency cannot agree on the
amount of reasonable costs incurred by the contractor arising from the suspension of work, the contractor must file a timely appeal to the Board after exhausting any claim process administered by the Procuring Agency.

   a. Except as otherwise specified, the President of the Board shall determine whether protests are proper.
   b. A member of the Board may ask for consideration of a determination made by the President of the Board regarding whether a protest is proper by requesting a vote by the Board. A majority vote by the Board shall ultimately decide whether a protest is proper.
   c. The President may allow any other person to rebut a protest when the President determines it is in the best interest of the Board.

3. The written protest shall include:
   a. The name of the person protesting or, if a spokesperson, the entity or organization protesting;
   b. A narrative description of the issues and facts supporting the protest; and

3. **Notice of Withdrawal.** At any time, an Applicant for certification or recertification may request in writing to the Chief that the application be withdrawn. If the request for withdrawal is received after an on-site interview, the applicant must wait not less than twelve (12) months from the date of the approved withdrawal before reapplying for certification.

4. **Recertification or Continuance of Certification.**

   a. **Notification from MWBOO.** MWBOO will send a notice to all certified businesses approximately sixty (60) days prior to the one (1) year anniversary date of the certification. If the notice is returned marked “Undeliverable” or “Addresses Unknown”, a second notice will not be sent.

   b. **Application for Recertification.**

      i. Applicants must submit:

         aa. A “No Change Affidavit” supplied by MWBOO certifying that there have been no changes that would affect the applicant’s eligibility for certification,

         bb. A copy of the latest federal tax return for the business,

vi. Appeal.
aa. If the denial of certification is affirmed by the Chief, the Applicant may request a hearing before the Minority and Women's Business Enterprise Certification Appeals Board ("CAB").

c. Continuance of Certification.

i. Certified firms must report any change in ownership or control of a business (e.g., new by-laws, owners, directors, etc.) to MWBOO within thirty (30) days of the change with supporting documents.

ii. The failure of the firm to report any changes in ownership or control shall constitute grounds for loss of certification.

5. Expansion of Services.

a. A certified firm may request an expansion of service. The expansion request shall be in writing and accompanied with supporting documents establishing that the firm has the necessary in-house resources of equipment, staff, expertise, experience, etc. to carry out work in City Service Codes for which it was not previously certified.

b. MWBOO may conduct an on-site visit and evaluate the ability of the business to carry out the work based on the certification criteria for MBE/WBE certification. All of the certification processes and information requirements established in these regulations apply to expansion of services.

c. If a request for expansion of services is approved, the firm will receive a revised certification letter with the additional areas of
service included.

d. If a request for expansion of services is denied, the firm will receive a written denial within ninety (90) days of receiving the request.

e. The appeals process for an adverse determination shall apply to the denial of expansion of services.

a. If, on the effective date of the renewal application, the MBE or WBE firm has a three (3) year gross revenue average that meets or exceeds the revenue or employee totals specified in the size standards approved by the Board of Estimates, the firm will be placed in a pending status, but may not participate as a certified firm.

b. During the next three (3) years, if the firm’s annual gross revenue average or annual employment total decreases to less than the totals specified by the size standards approved by the Board of Estimates, the MBE or WBE firm may resume participation as a certified business enterprise through the recertification process.

c. After three (3) years on nonparticipation, if the business enterprise continues to meet or exceed the revenue or employee totals noted above, the MBE or WBE is considered to have graduated and will no longer be certified.

7. Decertification.

a. MWBOOO may decertify a business that it determines no longer meets the standards for certification as a MBE or WBE. Reasons for decertification include, but are not limited to, the following:
i. The owners, directors, officers, their powers, and/or the by-laws have changed from those stated in the “Disclosure Affidavit” as well as represented in the application process and the business enterprise has failed to inform the Office of the change(s) within thirty (30) days of the change(s);

ii. The business does not meet MBE/WBE eligibility criteria established for certification as a minority or women’s business enterprise.

iii. The business, by operation of law, is not eligible to do business in Maryland.

iv. The business has refused to provide documents and/or information requested by MWBOO investigating, but not limited to, the following:

xi. The business has been debarred under the laws of the City, the State of Maryland, another state of local jurisdiction, a quasi-public entity, or the United States; or

b. If MWBOO determines that grounds exist for decertification, MWBOO will send notice to the certified firm. The notice shall include:

i. The reason(s) for decertification;

ii. The right to contest the decertification; and

iii. A warning that the firm will be decertified if no response is received within seven (7) days of the date of the firm's receipt of the notice.

c. If the firm fails to respond within seven (7) days, the Chief or designee shall issue an order decertifying the MBE or WBE firm for the reason(s) included in the notice.

Request for more than two (2) postponements will not be honored.

5. Hearing Procedures

7. Rules of the CAB. All rules promulgated by the CAB and the Chief, will only become effective upon majority vote of the CAB, approval by the Chief, and approval by the Board of Estimates.

E. Annual Participation Goals.

1. Purpose. Annual participation goals are aspirational goals that aid the City in its annual evaluation of the effectiveness of the Minority and Women's
Business Enterprise Program. Annual participation goals are not quotas.

2. **Establishment.** On or about July 1st of each year, the Board of Estimates, with the advice of MWBOO, must establish the participation goals for Minority Business Enterprises and Women’s Business Enterprises.

3. **Setting Annual Participation Goals.**

   a. Annual participation goals are based on demonstrable evidence of the availability of qualified, ready, willing, and able MBE’s and WBE’s relative to all businesses ready, willing, and able to participate on City contracts. The goal setting process involves several steps.

   b. Determining a base figure for the relative availability of MBE’s and WBE’s expressed as a percentage. The following data sources may be used to determine a base figure:

      i. Data from the most recent disparity study;

      ii. City contractor prequalification data;

      iii. Adjustments, if any, to the base figure to arrive at a final figure;

      iv. Anecdotal evidence on the availability and capacity of MBE’s and WBE’s in the market area;

      v. Evidence from disparity studies conducted within the market area by other jurisdictions; and

      vi. Determining sub-goals for each protected group using the data sources described in this Section where appropriate.

F. **Setting Contract Goals.**
1. **Establishment.** MWBOO must establish MBE and WBE participation goals on each specific contract/agreement, including third-party contracts involving PILOTS, TIFs, GRANTS, and all other contracts involving fiscal assistance from the City in the amount of $50,000 or more with the exception of City contracts where federal or state MBE, WBE, or DBE goals apply. MBE and WBE goals may not apply to sole source or emergency contracts.

2. **Considerations.**

   a. The M/WBE goal and the sub-goals, if applicable, must be set for each specific contract, considering, but not limited to, the following factors:

      i. A determination of the number of certified MBEs and WBEs that potentially could perform the identified work; the contract specifications;

      ii. The level of utilization of MBEs and WBEs in past contracts awarded by the City;

      iv. The adverse impact on non-MBEs and WBEs; and

   b. MWBOO must consult with the contracting agency, the City Purchasing Agent, or both when establishing goals on a contract.

3. **Subgoals.** For construction contracts of $1,000,000 or more, MWBOO may, in consultation with the contracting agency, set goals for MBEs divided into sub-goals for African American, Hispanic American, Asian
American, and Native American-owned firms. MWBOO will determine the necessity and feasibility of subgoals on a case-by-case basis.

   a. Prior to advertising a contract or RFP, the total cost of which is estimated to be $50,000 or more, the contracting agency submits either a Goal Information Sheet or a Waiver Request to MWBOO.
   b. A Goal Information Sheet provides an itemized list of the services and goods that are required for the contract along with the estimated cost for each. The estimated cost of the total contract is also indicated.
   c. The contracting agency may request that MWBOO waive or reduce the contract goals by submitting a Waiver Request before bids or solicited.
   d. Once goals are determined, the goals must be clearly stated in all advertisements, solicitations, and solicitation documents. If subgoals have been established, they must also be included.

5. Office Action.
   a. City-Owned Contracts. Based upon the availability of MBEs and WBEs that can provide each of the itemized services and/or goods, the MBE and WBE participation are determined. The availability of MBEs and WBEs is calculated as a percentage of the total number of certified firms to the total available firms.
   b. Private Development Agreements. Every contractor, developer, corporation, or individual receiving final assistance from or through the City must submit to MWBOO a completed “Commitment to Comply” with the City’s MBE/WBE requirements. The contractor, developer, corporation, or
individual must also submit its project budget to facilitate establishing MBE and WBE participation goals for the project.

c. Participation goals on private development are determined in the following manner:

i. Subtract the following line items from the project’s total budget (hard and soft costs) where:

aa. There is only one source for the service or commodity;

bb. There are no MBEs or WBEs certified to provide the service;

cd. Certified MBEs and/or WBEs are unavailable to provide the service, and

dl. Any non-discretionary budget costs, such as fees, permits, etc.

ii. The remaining budget after the aforementioned exclusions is subject to the City’s 27% MBE participation requirement and 10% WBE participation requirement.

6. Contracts Initially Less than $50,000 that Exceed $50,000 during Term

a. Contracts that initially fall under the $50,000 threshold to establish MBE and WBE participation goals could still end up passing that goal through subsequent increases and renewals.

b. If, following an increase or renewal, a contract exceeds $50,000 and is more than 10% of the original contract amount, MBE/WBE threshold shall be established for the contract. However, these goals will not retroactively apply to the original contract amount.
c. Once goals are set, the vendor shall have ten (10) days to present a Statement of Intent.

G. Counting MBE and WBE Participation.

1. Counting MBE and WBE Participation.

a. Value of Work.

i. When an MBE or WBE participates on a contract, MWBOO must count only the value of the work actually performed by the MBE or WBE subcontractors toward the participation goal.

ii. This includes the cost of supplies and materials obtained by the MBE or WBE incidental to the work on the contract, including equipment leased by the MBE or WBE (except supplies and equipment the MBE or WBE subsequently purchases or leases from the prime contractor or its affiliate).

b. Dual Certification. A business certified as both an MBE and as a WBE may be counted towards either the MBE or WBE contract goal, but not towards both.

c. Payment Required to Count MBE and WBE Participation. Participation of an MBE or WBE cannot be counted towards the goal until amount being counted has been paid to the MBE or WBE.

d. Self-Performance. A certified MBE or WBE that has been awarded a contract as a prime contractor may count up to 50% of the dollar value of the total work it intends to perform on the contract with its own forces toward the respective MBE or WBE goal.
2. **Commercially Useful Function.** The contractor may count toward the contract goals only expenditures to certified businesses that perform a commercially useful function(s) in the execution of the contract. The firm's role cannot be a superfluous step added in attempt to obtain credit toward participation goals. In determining whether an MBE or WBE is performing a commercially useful function, MWBOO will examine similar transactions and industry practices. A MBE or WBE performs a commercially useful function when it is responsible for the execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved.

a. To determine whether a certified business enterprise is performing a commercially useful function, MWBOO must evaluate:

   i. The amount of work subcontracted;

   ii. Industry practices;

   iii. Whether the amount of work is to be paid under the contract is commensurate with the work it is actually performing; and

   iv. Other relevant factors.

b. The MBE or WBE must be responsible for negotiating price, determining quality and quantity, ordering the material, installing (where applicable), and paying for the material itself.

c. An MBE or WBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of MBE or WBE participation.

d. If a MBE or WBE does not perform or exercise responsibility for at least 90% of the total cost of the contract with its own work
force, it is presumed that the MBE or WBE is not performing a commercially useful function.

e. When a MBE or WBE is presumed not to be performing a commercially useful function, the MBE or WBE may present evidence to rebut this presumption. The MBE or WBE must provide written documentation to the Chief, whose decision is final.

3. Joint Ventures. When an MBE or WBE performs as a participant in a joint venture, only the portion of the dollar value of the contract equal to the distinct, clearly defined portion of the contract that the MBE or WBE performs with its own forces count toward the MBE or WBE goal.

4. Supplier and Manufacturer:
   a. Supplier Manufacturers. A bidder may count towards the participation goal 100% of its expenditure to a certified business enterprise manufacturer.
   b. Wholesalers and Manufacturer’s Representatives. A bidder may count 100% of its expenditure to a certified business enterprise who is a wholesaler warehousing the goods supplied or a manufacturer’s representative.
   c. Non-Manufacturing Suppliers. Only 25% of the applicable contract goal may be attained by expenditures to a certified business enterprise that is a non-manufacturing supplier. Example: If the MBE goal is 10%, only 2.5% of that goal may be attained by expenditures to certified businesses that are non-manufacturing suppliers.

5. Insurance Companies, Travel Agents and Financial Institutions. Bidders may count towards the contract goals the fees or commissions charged by
certified MBE or WBE business enterprises that are insurance companies, travel agents, or financial institutions. The fees or commissions must be reasonable and not excessive as compared with fees or commissions for similar services.

6. **Non-Affiliation.** A bidder is precluded from using a certified business enterprise to meet a contract goal if the bidder has a financial interest in, an interest in the ownership or control, or is significantly involved in the operation of the certified business enterprise.

**H. Utilization Requirements.**

1. **Contracts between $1,000 - $4,999.** The standards and procedures outlined below apply to every contract for which the estimated cost is $1,000 or more and less than $5,000.
   
   a. MWBOO must provide the contracting agency with a list of certified businesses enterprises qualified to provide each of the materials, equipment, supplies, or services that the contracting agency indicates are required by the City. The MWBOO directory shall serve as the list.
   
   b. The contracting agency must solicit bids from certified business enterprises that are certified to supply the required materials, equipment, supplies or services.

   c. The contracting agency must provide certified businesses every practical opportunity to submit bids.

2. **Contracts between $5,000 - $49,999.** The standards and procedures outlined below apply to every contract for which the estimated cost is $5,000 or more and less than $50,000.

   a. Before the solicitation of bids, the contracting agency may furnish MWBOO with an informational copy of all bid conditions and
requests for proposals.

b. MWBOO may recommend to the contracting agency certified business enterprises that can be solicited directly to submit bids.

3. **Contracts of $50,000 or More**: The standards and procedures outlined below apply to every contract for which the estimated cost is $50,000 or more.

   a. The bid conditions and requests for proposals must require each bidder or offeror to include in its bid a completed certified business enterprise participation affidavit in which the bidder/offeror commits to utilize certified business enterprises in a percentage that equals or exceeds the applicable contract goals. Any bid that does not include a completed participation affidavit is non-responsive.

   b. Prior to bid opening, the bidder/offeror must submit to the City executed Statement of Intent forms that specify:

      i. The name of each certified business enterprise the bidder/offeror intends to use on the contract;

      ii. Whether that subcontractor is a minority business enterprise or a women’s business enterprise;

      iii. The dollar value of each subcontract, if not a requirements contract;

      iv. If a requirements contract, only the participation percentage must be stated; and

      v. The scope of the work to be performed under the subcontract.
c. The Statement of Intent must be signed by the prime and the MBE or WBE subcontractor. Any material changes or corrections on the form must be initialed by both the prime and the subcontractor. A material change is a change in the scope of services the subcontractor is to provide or a change in the dollar amount of the subcontract or participation percentage of the subcontract if it is a requirements contract.

d. If the bidder or offeror fails to meet the requirements of this section, the bid or proposal shall be determined non-responsive.

4. Leases and Concessions

a. City agencies must solicit bids from certified business enterprises that are certified to enter into leases or concession contracts.

b. If, after investigation, a contracting agency determines that no qualified certified business enterprise is available, it must submit a new CBE or a waiver request.

5. Nondiscriminatory Certification. Bidders and offerors are responsible for certifying that all MBEs and WBE’s to be used are certified business enterprises and certified to provide the goods or services listed on the Statement of Intent form.

6. Contract Specifications. Each contract must:

a. Provide that failure of any bidder, contractor, or subcontractor to comply with Article 5, Subtitle 28 of the Code is a material breach of contract;

b. Require that, during its term, the contractor will achieve the MBE and WBE participation goals;
c. Require the contractor to pay its MBE and WBE subcontractors within seven (7) calendar days after the contractor receives payment from the City; and

d. Require the contractor, beginning with the contractor’s second pay, submit proof that all subcontractors have been paid out of the proceeds of the prior payment unless a bona fide dispute, documented in writing, exists between the contractor and the unpaid MBE or WBE subcontractor.

7. Reports. As a condition of each contract, the awardee of the contract must submit the following when requested by MWBOO:

a. Copies of signed agreements with the MBEs and WBEs being utilized on the contract;

b. Reports verifying payments to the MBEs and WBEs being used to achieve the contract goals; and

c. Reports and documentation on the extent to which the contractor has utilized MBEs and WBEs on projects not subject to MBE and WBE requirements.

I. Waivers.

1. Agency’s Pre-Solicitation Waiver Request.

a. A contracting agency may request that MWBOO waive or reduce the contract goals by submitting the reasons for the request in writing before bids or requests for proposals are solicited.

b. The criteria for granting a waiver include:

i. The reasonable and necessary requirements of the contract render subcontracting infeasible;
ii. There are not certified and available MBEs or WBEs capable of providing the goods or services required by the contract despite good faith efforts to locate them;

iii. It is a sole source procurement; or

iv. It is an emergency procurement.

2. Bidder’s Pre-Award Waiver Request.

a. A bidder may submit a request at the time of bid opening that MWBOO waive or reduce the contract goals.

b. The criteria for granting a waiver include:

i. Acknowledgement as to whether or not the bidder contacted MWBOO for assistance;

ii. Documentation of the bidder’s/reviewer’s good faith efforts to contact and negotiate with MBEs and WBEs, including a list of the MBE and WBE firms that were contacted;

iii. A statement of the reason(s) the bidder is unable to secure sufficient MBE and/or WBE participation to meet the stated goals;

iv. A statement of the efforts made by the bidder to select portions of the contract to be performed by MBEs and WBEs; or

v. For each MBE or WBE that placed a bid that is considered unacceptable, a statement that explains the basis for that conclusion.

3. Contractor’s Post-Award Request.
a. After a contract award, if a contractor is unable to meet any contract goal due to the inability of the MBEs and/or WBEs listed at the time of bid opening to perform, the contractor must seek to substitute certified businesses to fulfill the contract goals.

b. If, after reasonable good faith efforts, the contractor is unable to find a substitute, the contractor must request a post-award waiver from the Chief.

c. The criteria for granting a waiver include:

i. A statement of the reason(s) for the contractor’s inability to meet the goal and

ii. Documentation of a good faith effort to resolve the problem with the MBE or WBE.

G. Notice and Hearing – Other Debarments.

the person’s opposition to the grounds for the debarment in the Board’s Notice of Proposed Debarment.

b. In lieu of the submissions to the Board required in G.3(a), the person may waive the oral hearing provided G.4. and described in G.5. and submit argument to the Board in written form only.

c. The Board, or its designee, shall give effect to the rules of privilege recognized by law.

d. The City has the burden of proof and the burden of persuasion.

e. The Board, or its designee, in conducting the hearing, may follow the usual order for the presentation of evidence (City first, person subject to debarment second, city rebuttal, if any) permitting: (1) each party to be represented by counsel authorized to practice law in Maryland; (2) the presentation of direct and cross-examination of witnesses; (3) the offer of other evidence; and (4) the presentation of opening and closing statements in support of the parties’ respective positions.

f. The Board, or its designee, shall have the authority to take such further action as may be necessary to preside over the debarment hearing and to render the recommended proposed findings of fact and conclusions of law to the Board, a copy of which shall be submitted to the parties.

H. **Duties of the City – Other Debarments.** In addition to any other duties described herein, the City shall have the responsibility to ensure that: (1) the hearing is on the record and open to the public, unless otherwise provided by law; (2) the creation, at the City’s cost, of a verbatim recordation of all testimony, except that a party requesting a copy of the transcript must bear the expense of the transcript;

I. Decision of the Board — Other Debarments.

1. The Board shall: (1) determine whether the integrity of the contracting process and the best interests of the City would be served by debarring the person from entering into or performing contracts with the City; and (2) for that purpose, consider all relevant factors, including: (i) the nature and seriousness of the act that caused the person to be subject to debarment; (ii) the time the act occurred; (iii) whether and to what extent the person cooperated with authorities investigating the matter; (iv) the conditions under which the person cooperated; and (v) the conduct of the person since the act occurred.

2. The Board shall notify the person of the Board’s decision within 30 days after the hearing, unless the Board, in its sole discretion, extends the time period.

   d. The Board, or its designee, shall set reasonable guidelines and limitations for the presentations to be made at the hearing.
   e. If a designee conducts the hearing, the designee shall make a recommendation to the Board of whether the debarment should be removed by determining whether the integrity of the contracting process and the best interests of the City would be served by continuing the debarment and considering, for that purpose, all relevant factors, including those listed in the Debarment Regulations § 1.1.

4. **Decision.** Within 90 days after receipt of the petition, the Board shall notify the person of the Board’s decision. The notice shall state: (1)

UPON MOTION duly made and seconded, the Board DEFERRED the Regulations on Procurement, Protests, Minority and Women-owned Business Enterprise, and Debarment/Suspension as amended until March 20, 2019.
Office of the Mayor – Resolution Relating to Non-Architectural or Engineering Professional Services

ACTION REQUESTED OF B/E:

The Board is requested to ADOPT a Resolution Relating to Non-Architectural or Engineering Professional Services, as amended (“Resolution”). This Resolution is directly related to the Regulations on Procurement, Protests, Minority and Women-owned Business Enterprise, and Debarment/Suspension (“Regulations”). The regulations incorporate this Resolution by reference. The Resolution is effective July 1, 2019.

AMOUNT OF MONEY AND SOURCE:

There are no direct costs associated with this action.

BACKGROUND/EXPLANATION:

On December 12, 2018, the Board authorized a 30-day public comment period for this Resolution, as proposed. No public comments were received; however, internal process and timing questions were raised. Upon further consideration, the Administration is proposing revisions to the Resolution to make the proposed review process more efficient while maintaining accountability. Representatives of Board members have reviewed this Resolution and do not object.

As amended, this Resolution would require the Comptroller’s designee and the Director of Finance or the Director’s designee to review all proposed professional services contracts that are subject to Board of Estimates’ approval and either concur or not concur with it being considered a professional service. The reason the Comptroller’s designee is specified and not the Comptroller is because the Comptroller is member of the Board of Estimates’, as specified in the City Charter. These contracts will eventually be considered by the Board of Estimates’, so this provision is intended to avoid any inadvertent or unintended conflicts.
Office of the Mayor – cont’d

If the Comptroller’s designee and/or the Director of Finance or the Director’s designee does not concur, the issue will go to the Professional Services Review Committee for determination. The Committee will be comprised of representatives of the members of the Board of Estimates’ who are not authorized to serve on the Board as designates. Except for the Mayor who can designate any municipal officer or official to serve on her behalf, all other members of the Board have designees that are explicitly stated in the Charter. Again, these contracts will be considered by the Board, this provision will ensure that there is no unintended or apparent conflict and it will ensure the Committee does not run afoul of requirements for open meetings.

The Committee would be authorized to establish a list of approved services that are automatically considered professional in nature.

To ensure there is adequate training on this Resolution as well as on the regulations, the effective date of this Resolution is July 1, 2019.

WHEREAS, Article VI, § 11(d) of the Charter of Baltimore City, 2016 edition, as amended (herein after referred to as “Charter”), provides that “all professional services contracted for by the City shall be engaged in the manner prescribed by resolution of the Board of Estimates”; and

WHEREAS, in a Resolution adopted by the Board of Estimates on June 29, 1994, the Board of Estimates reconstituted the Architectural Commission as the Architectural and Engineering Awards Commission (“AEAC”) and tasked the AEAC with considering “whether the requested A & E [architectural and engineering] services should be procured through (a) performance in-house, (b) competitive negotiations, (c) competitive pricing, or (d) design competition”; and

WHEREAS, the City Charter requires, with certain exceptions, that all contracts involving an expenditure greater than $50,000 be awarded by the Board of Estimates through a competitive bidding process; and

WHEREAS, Article VI, § 11(e)(i) of the Charter of Baltimore City, 2016 edition, as amended (hereinafter referred to as “Charter”), provides that:

“When any supplies, materials, equipment, services, or public works are of such a nature that no advantage will result in seeking, or it is not practicable to obtain, competitive bids, or when the need for supplies, materials, equipment, services, or public works is of an emergency nature and the using agency certifies this in writing to the Board of Estimates, with written notice to the Department of Finance, the provisions of subsection (c) of this section may be dispensed with. However, the purchase may not be made, nor may the City incur any obligation for it, until approved by the Board of Estimates after considering the recommendation of the Department of Finance.
