ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Amendment to Lease Agreement (Amendment) with The County Commissioners of Carroll County, Tenant, for the rental of land located within the Liberty Reservoir Watershed, Carroll County, Maryland, consisting of 3.63 acres of land.

AMOUNT OF MONEY AND SOURCE:

BACKGROUND/EXPLANATION:

On February 16, 2005, the Board approved a Lease Agreement with the Tenant, which currently leases land from the City for the use of its water treatment facility located within the Liberty Reservoir, Eldersburg, Maryland.

The Amendment will give Carroll County the right to construct, maintain and expand a water intake structure, water filtration plant, pumping station, pipelines and necessary appurtenant works, in, on, over and through the demised premises. Carroll County will install at its own expense meters which will be used as a basis for measuring raw water extracted by Carroll County from the Liberty Reservoir and install a meter, which will be used as a basis for measuring filtered water returned by the County to the Liberty Reservoir after processing.

Carroll County will install a meter which will be used for a basis for measuring discharged/returned water to the Liberty Reservoir. Carroll County will pay quarterly for water it uses, minus water returned. The amount of water returned to the Liberty Reservoir will be deducted from the quarterly intake readings. Discharged water returned to Liberty Reservoir is roughly 5% of the total of raw water extracted. This discharge is authorized by National Pollutant Discharge Elimination Systems (“NPDES”) and State discharge permits.

While the majority of the funds were privately sourced, the Bromo, a non-profit organization, offered to sponsor a State Bond Bill to provide additional funds, which was approved. Before the funds can be released, the State is requesting approval of a Capital Projects

**MBE:** Affordable Delivery Services, LLC $10,550.00 5%

**WBE:** N/A

This is a Howard County contract that Baltimore City is “piggybacking”. The City awarded the contract on April 27, 2016. At the time of award, this vendor was not compliant with Baltimore City MBE/WBE requirements and was not added to the original list of “highest discount” furniture providers for the City. The Convention Center has asked to now add the vendor to fulfill pre-exiting requirements. The goals established for the contract are voluntary as there is no binding language in the Howard County contract with established M/WBE goals. The City has not established guidelines for MBE/WBE goals when joining a cooperative agreement from another jurisdiction. At this time, the vendor is not legally bound to comply with Article 5, subtitle 28, therefore, MWBOO cannot determine compliance.

On September 14, 2016, the Board approved the initial award in the amount of $180,000.00. The first renewal in the amount of $60,000.00 was approved by the Board on October 17, 2018. On July 17, 2019 the Board approved the second of three, one-year renewal options, in the amount of $60,000.00, with only two of the three vendors; District Safety Products, Inc., and Stauffer Manufacturing Company. The third vendor, A&A Sales Associates, LLC was inadvertently excluded from the memorandum submitted to the Board requesting the renewal. The Board is requested to approve the correction, in the amount of $0.00, of the renewal action to include A&A Sales Associates, LLC. This correction is for the period September 14, 2019 through September 13, 2020 with one, one-year renewal option remaining. The above amount is the City’s estimated requirement.

MBE/WBE PARTICIPATION:

On July 13, 2016, MWBOO determined that no goals would be set because there is no opportunity to segment the contract.

MWBOO GRANTED A WAIVER.
CITY COUNCIL BILL:

18-0304 - An Ordinance concerning Property Tax Credit - 9-1-1 Public Safety Telecommunicators for the purpose of establishing a tax credit against the property tax imposed on the principal residences of certain 9-1-1 public safety communicators; imposing certain limitations, conditions, and qualifications for credit eligibility; providing for the amount, duration, and administration of the credit; defining certain terms; providing for a special effective date; and generally relating to a property tax credit for qualified 9-1-1 public safety telecommunicators.

The Department of Law is favorable with the following amendments:

After the bill was introduced, there was a slight change in state law. The term “9-1-1 public safety telecommunicator” was replaced by “9-1-1 specialist.” See, 2019 Maryland Laws Ch. 299 (H.B.1090). The definition of 9-1-1 telecommunicator (now “specialist”) was changed to “an employee of [Baltimore City] public safety answering point, or an employee working in a [Baltimore City] public safety answering point, whose duties and responsibilities include: (i) receiving and processing 9-1-1 requests for emergency assistance; (ii) other support functions directly related to 9-1-1 requests for emergency assistance; or (iii) dispatching law enforcement officers, fire rescue services, emergency medical services, and other public safety services to the scene of an emergency.” Md. Code, Tax-Prop. § 9-262 (a)(3).

This change in terminology should be reflected in the bill to parallel state law.

The state law provides most of the requirements for the credit, which the City cannot alter. Md. Code, Tax-Prop., §9-262; Worton Creek Marina, LLC v. Claggett, 381 Md. 499, 512-513.
CITY COUNCIL BILL 18-0304:

(Md. 2004)(citations omitted). The credit is against the local portion of the real property tax “on a dwelling located in [Baltimore City] that is owned by a 9-1-1 specialist.” Md. Code, Tax-Prop., §9-262 (b). The credit is only available if the 9-1-1 specialist “is otherwise eligible for the credit authorized under § 9-105” of the Tax-Property Article, which is the Homestead Tax Credit. Id.

Dwelling is defined to be a house used and occupied as a principal residence “for more than 6 months of a 12-month period beginning with the date of finality for the taxable year for which the property tax credit under this section is sought,” and includes the lot upon which the house sits. Md. Code, Tax-Prop., §§9-262; 9-105(a)(5)(i). A qualified dwelling can include certain condominiums and apartments. Md. Code, Tax-Prop., § 9-105(a)(5)(ii).

Each taxable year, the credit may not exceed the lesser of $2,500 per dwelling or the total local real property tax imposed on the dwelling. Md. Code, Tax-Prop., §9-262 (c). If the 9-1-1 specialist chooses to take this credit, he or she is prohibited from receiving any other property tax credit provided by Baltimore City, except the local portion of the homestead tax credit and the income tax rate offsetting credit. CCB 18-0304, p. 3, line 10. The City is authorized to make this limitation as an additional eligibility requirement. Md. Code, Tax-Prop. § 9-262 (d)(3).

The City has been granted the power to set the amount and duration of the credit as well as the rules and procedures necessary for application and uniform processing and any other provisions necessary to carry out the state law. Md. Code, Tax-Prop., §9-262(d).
CITY COUNCIL BILL 18-0304:

With the above changes, City Council Bill 18-0304 is consistent with the powers granted to the Mayor and City Council by the State, the Law Department approves it for form and legal sufficiency.

**Amendments to City Council Bill 18-0304**

Proposed by the Law Department (to conform to recent changes in the State law)

**Amendment No. 1**

Replace all references to “9-1-1 public safety telecommunicator” with “9-1-1 specialist”

**Amendment No. 2**

On page 2, line 6, after “EMPLOYEE” insert OF A PUBLIC SAFETY ANSWERING POINT

Line 8 delete ANSWERING, RECEIVING TRANSFERRING, AND DISPATCHING 9-1-1 CALLS and replace with RECEIVING AND PROCESSING 9-1-1 REQUESTS FOR EMERGENCY ASSISTANCE

Line 9, after FUNCTIONS insert DIRECTLY and after 9-1-1 delete CALLS and replace with REQUESTS FOR EMERGENCY ASSISTANCE

The Bureau of the Budget and Management Research is unfavorable with the following comments:

**Context and Background**

The City has recently added two new tax credits for public safety workers. On December 4, 2017, the Mayor signed City Council Bill 17-0120, which grants a local real property tax
CITY COUNCIL BILL 18-0304:

credit of up to $2,500 to eligible public safety officers owning and living in a property located in the City. On November 19, 2018, the Mayor signed City Council Bill 18-02545, which extends the public safety officers tax credit to also include individuals employed by the BCPSS.

Fiscal Impact

City Council Bill #18-0304 would provide a credit of up to $2,500.00 for 9-1-1 Public Safety Communicators.

The fiscal impact of the proposed legislation would be estimated based on three eligible groups: City residents who own and occupy their home, City residents who rent, and non-City residents. The City employs 91 full-time 9-1-1 operators. Thirty-seven of these individuals have been identified as owner-occupied City residents, and therefore are immediately eligible for the proposed tax credit. Total property taxes from the eligible operators is $89,500.00. After benefiting from the proposed credit, tax liability for 22 of the 37 individuals would be reduced by 100 percent, while the remaining 15 would have their tax liability reduced by about 81 percent. Total anticipated cost of the proposed tax credit, if granted to current owner-occupied residents, is estimated at $78,600.

The remaining 9-1-1 operators either live in the City, but rent, or live outside the City. It is unknown if this policy would entice the remaining 54 individuals to purchase real property in the City as their principal residence. If additional 9-1-1 employees moved to the City, the cost of the credit would increase, but these individuals would also generate additional revenue from income, transfer, and recordation taxes. The following table summarizes the possibilities:
**Other Considerations**

**Tax Credits:** Finance has currently contracted with a consultant, Ernst and Young, to refresh its 10-Year Financial Plan. As part of that contract, the consultant is analyzing the impact of all existing City tax credits. Although the final report is not yet complete, preliminary findings suggest that many of the City’s existing tax credits have not spurred additional investment as intended. In addition, tax credits are generally an expensive way to provide a benefit, due to the staffing required to oversee the credit (applications, eligibility criteria, etc.).

**Public Safety Officer Credit:** The proposed 9-1-1 Officer Tax Credit is structured most similarly to the existing Public Safety Officers Tax Credit, which is still in its infancy. It is unclear if that credit has enticed additional officers to move into the City. Both credits provide a benefit to property owners whose primary residence is already located in the City.

*During the 1st year of implementation, and assuming that all City renters and non-City residents become owner-occupied residents, the net benefit/loss to the City is $47.7K revenue gain due to the increase from income and one-time transfer and recordation tax revenues.

*For the 2nd year, all one-time transactional revenues are not available; therefore, there would be a net $154.7K revenue loss to the City.
CITY COUNCIL BILL 18-0304:

911 Operations: During the 2019 General Assembly session, legislation was passed to begin the upgrade of 911 call center technology. It includes additional funding for local jurisdictions based on a change in how 911 fees are billed, from a per household basis to a per device basis. In preparation for these changes, BBMR and Fire have teamed up to co-sponsor a study for how existing operations should be re-aligned with the new requirements and funding.

Conclusion

Given that City has two critical studies underway that are relevant to this legislation (tax credit policy, and 911 operations), Finance respectfully requests that this legislation be deferred for consideration until this work is completed. We expect both reports to be complete by the end of calendar year 2019.

The Board is further requested to approve the AAO No. 58 to transfer appropriation within the Department of Recreation and Parks for $50,000.00 from Special funds unallocated appropriation Service 648: Community Recreation Centers to Service 653: Park Programs.

AMOUNT OF MONEY AND SOURCE:

$50,000.00 – From: 6000-600019-4803-676700-607004 (Service 648) Community Recreation Centers

The appropriation will be placed in detailed fund no. 609919.

BACKGROUND/EXPLANATION:

The CCCN will work with City leaders to confront pressing child development issues related to increasingly indoor lifestyles. These include higher rates of emotional and physical health challenges. The Initiative has an implementation plan with specific strategies that will address disparities regarding access to nature, particularly those that run along economic and racial lines.

Department of Law – MWBOO Recommended Penalty – Non-Compliance
AM Liner East Sanitary Sewers in the Herring Run Sewer Shed

ACTION REQUESTED BY THE B/E:

The Board is requested to approve the MWBOO Recommended Penalty for AM-Liner East, Inc. pursuant to Article 5 §28-122 of the Baltimore City Code for failure to comply with the sub-goals established for SC 908.

AMOUNT OF MONEY AND SOURCE:

$40,425.80 – Retainage Funds for SC 908

BACKGROUND/EXPLANATION:

On April 2, 2013, the Minority and Women’s Business Opportunity Office (MWBOO) set the following goals for the Department of Public Works (DPW) Sanitary Sewers in the Herring Park Sewer Shed Project – SC 908: MBE: 16% WBE 6% with 11% African American (AA) and 5% Hispanic American (HA) sub-goals.

In accordance with Article 5, Subtitle 28 of the Baltimore City Code, on November 6, 2013, AM-Liner East, Inc. was found compliant by MWBOO for submitting a bid package meeting all required goals and sub-goals. At the time, AM-Liner East, Inc. was the 2nd lowest responsive bidder. The lowest responsive bidder, Anchor Construction Corp, did not meet the HA sub-goal, therefore, their bid was found non-compliant by MWBOO. For that reason, they were not awarded the contract.

Subsequently, on February 5, 2014, the Board of Estimates awarded the subject contract to Am-Liner East, Inc. At the time of the award, Am-Liner East committed to utilizing R.E. Harrington Plumbing & Heating Co., Inc. for 10.50% of the contract ($1,207,139.38) and CCTV Masters, LLC for 0.50% of the contract ($57,482.83) in order to satisfy the stipulated AA sub-
goal requirement. At completion of the contract, R.E. Harrington Plumbing & Heating Co., Inc. was only utilized for 3.41% ($367,632.90) of the contract and CCTV Masters, LLC was never utilized.

On February 13, 2019, MWBOO found that AM-Liner East, Inc. failed to meet the AA sub-goal. A review of contract records noted that both R.E. Harrington Plumbing and AM-Liner East identified conflicts during the contract which resulted in R.E. Harrington Plumbing requesting removal from the contract.

AM-Liner East, Inc. made no formal attempt to substitute either of the AA subcontractors as required in Article 5, Subtitle 28 of the Baltimore City Code.

An investigation was conducted which confirmed that AM-Liner East failed to utilize the AA MBEs.

As a result of the aforementioned finding of non-compliance, the Chief of MWBOO declined to approve the final Release of Retainage.

On April 18, 2019, in accordance with Article 5, subtitle 28 of the Baltimore City, MWBOO formally notified AM-Liner East of non-compliance. On May 10, 2019, in an attempt to resolve the issue of non-compliance through conciliation, MWBOO held a meeting with Mr. Sean Merryman of AM-Liner East, Inc. and Mr. Michael Mullen of the Baltimore City Law Department. At the meeting, we discussed the issue of non-compliance and possible resolutions were discussed. The initial MWBOO recommendation was to add the AA shortage to an existing Baltimore City Contract. Unfortunately, Mr. Merryman stated that AM-Liner East, Inc. is not currently in a position to do so. MWBOO then recommended that AM-Liner, East, Inc. discuss the findings and recommend a solution to the issue at next meeting. A follow up meeting was scheduled for May 17, 2019.
On May 16, 2019, AM-Liner East’s Counsel contacted MWBOO via email, stating “AM-Liner has not yet had a chance to complete its investigation of the allegations made at our meeting last week. Consequently, we think it would be more productive if the parties agree to postpone this meeting for a few days to allow us to be in a position to provide a meaningful response.” To date, the follow-up meeting has not occurred, and AM-Liner has not presented any recommendations to resolve the matter of non-compliance.

The MWBOO recommendation of the penalty was submitted to the Director of DPW, Mr. Rudy Chow, and was affirmed. AM-Liner East was formally notified of the recommended penalty on July 24, 2019.

**RATIONALE FOR RECOMMENDATION**

At this time, MWBOO has found that AM-Liner East, Inc. has failed to comply with the provisions of the Baltimore City Code and recommends the following penalty to the Board of Estimates:

1. **Withholding of $40,425.80 from Final Release of Retainage.**

   a. **Rationale:** AM-Liner East, Inc. was the second lowest bidder. The first lowest bidder, Anchor Construction Corp. was found non-responsive because the bid did not achieve the 5% HA sub-goal. The recommended withholding is the difference between the lowest bid and the awarded second lowest bid. The City ultimately rejected a lower bid based on non-compliance with sub-goals while the awarded bidder elected to disregard the sub-goals during the contract. This resulted in a potential loss of $40,425.80 to the City.

   (Note: The actual final cost of the contract was $10,775,980.75 which is a difference of $720,584.80. Based on the nature of the work on the contract, it is understood that the lowest bidder would have also realized a similar cost difference from the original bid.)
Please be advised that this is merely a recommended penalty, and that the Board of Estimates may impose any or all of the following penalties per Article 5, subtitle 28-122 of the Baltimore City Code:

1. Suspension of contract (not applicable as the contract has completed);

2. Withholding of funds;

3. Rescission of contract based on material breach (not applicable)

4. Refusal to accept bid (not applicable)

5. Disqualification of a bidder, contractor, or other business from eligibility from providing goods or services to the City for a period not to exceed 2 years; and

6. Payment of liquidated damages
