THE DEPARTMENT OF PUBLIC WORKS' RECORDS SHOW A SMALL SANITARY SEWER EXTENDING INTO THE PROPERTY ALONG THE NORTHWESTERNLY PROPERTY LINE. IF THIS PUBLIC UTILITY IS NOT TO BE RELOCATED OR ABANDONED, A Full Width PERPETUAL EASEMENT WOULD NEED TO BE INCLUDED IN THE DEED OF SALE FOR THE PROTECTION OF THE UNDERGROUND INFRASTRUCTURE AND TO ENSURE THE DEPARTMENT'S CONTINUED ACCESS FOR MAINTENANCE PURPOSES. BASED ON THESE FINDINGS, THE DEPARTMENT OF PUBLIC WORKS HAS NO OBJECTION TO THE PASSAGE OF CITY COUNCIL BILL 15-0594 PROVIDED APPROPRIATE MEASURES ARE TAKEN DURING THE SALES PROCESS TO PROTECT AND PROVIDE CONTINUED ACCESS TO THE SANITARY SEWER SHOULD IT REMAIN WITHIN THE SUBJECT PROPERTY.

ALL REPORTS RECEIVED WERE FAVORABLE.

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the acquisition of the leasehold interest in the property located at 1815 Dover Street, (Block 0260, Lot 084) by gift from Mr. William Kearney and Ms. Tracey Kearney, Owners, **SUBJECT** to municipal liens, interest, and penalties, other than water bills.

**AMOUNT OF MONEY AND SOURCE:**

The Owners agree to pay for any title work and all associated settlement costs, not to exceed $600.00 total. Therefore, no City funds will be expended.

**BACKGROUND/EXPLANATION:**

The DHCD, Land Resources Division strategically acquires and manages vacant or abandoned properties, which enables these properties to be returned to productive use and improve neighborhoods in Baltimore City.

Department of Housing and Land Disposition and Community Development (DHCD) Acquisition Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Land Disposition and Acquisition Agreement, which outlines the exchange of one property, located at 1524 McKean Avenue (Block 0020, Lot 090), owned by Ibrahim Abou-Taleb, Developer, for one comparable property, located at 2329 Linden Avenue (Block 3447, Lot 036), owned by the Mayor and City Council.

**AMOUNT OF MONEY AND SOURCE:**

The City agrees to pay for all settlement costs associated with the property acquired by the City, not to exceed $600.00 total.

Account: 9910-908044-9588-900000-704044

**BACKGROUND/EXPLANATION:**

The DHCD’s Land Resources Division, on behalf of the Mayor and City Council, strategically acquires, and manages vacant or abandoned properties, ultimately enabling these properties to be returned to productive use and improving Baltimore’s neighborhoods.

Mr. Abou-Taleb received notice of the City’s intent to demolish the property located at 1524 Mckean Avenue. Because Mr. Abou-Taleb intended to rehabilitate the property, a swap was proposed for the property located at 1524 Mckean Avenue with a comparable Mayor and City Council-owned property located at 2329 Linden Avenue, an area better suited for redevelopment. Mr. Abou-Taleb will deliver good and marketable title and as a condition of the exchange, has agreed to rehabilitate the property he is receiving within 12 months from the date of settlement.
The City will receive clear and marketable title to 1524 McKean Avenue, subject to any municipal liens, in exchange for a comparable property.

The determination of comparability is based on a valuation for both 2329 Linden Avenue and 1524 McKean Avenue, which determined that the property located at 1524 McKean Avenue valued at $6,000.00, while the property located at 2329 Linden Avenue valued at $11,000.00.

The liens for 1524 McKean Avenue total approximately $143.00 and are itemized as follows:

<table>
<thead>
<tr>

<tbody>
<tr>
<td>Real Estate Tax</td>

</tr>
<tr>
<td>Property Registration</td>
<td>143.00</td>
</tr>
<tr>
<td><strong>Total Municipal Liens</strong></td>
<td><strong>$143.00</strong></td>
</tr>
</tbody>
</table>

This exchange will allow the City to more expeditiously demolish the hazardous structure and take title to the property for a redevelopment project. The property exchange is less costly than acquiring the property through tax sale foreclosure or eminent domain. This action will further the City’s effort to eliminate blight and protect the health and safety of its citizens. As such, the City has agreed to pay for all title work and associated settlement costs, on the property the City is receiving, not to exceed $600.00.

**STATEMENT OF PURPOSE AND RATIONALE FOR TRANSFER OF PROPERTY BY MEANS OF COMPARABLE EXCHANGE:**

The property located at 1524 McKean was valued at $6,000.00, while the property located at 2329 Linden Avenue was valued at $11,000.00. Mr. Abou-Taleb has agreed to pay an additional $2,000.00 toward the purchase of the property located at 2329 Linden Avenue. While the property at 2329 Linden Avenue was valued at $11,000.00, it is being sold below the price determined by the Waiver Valuation Process.
DHCD - cont’d

The rationale for the exchange of properties is to ensure that the severity of blight at 1524 McKean Avenue would be successfully eliminated, while simultaneously ensuring that a willing and able developer could contribute to the revitalization of Baltimore City in an area better suited and poised for rehabilitation.

1. EWO #001, $0.00 – SC 923, Roof Replacement at Various Facilities at Patapsco Wastewater Treatment Plant

$3,393,400.00 – The Whiting-Turner Contracting Co., Inc.

The contract documents required the removal of various roof curbs, and then plating be installed over each opening. The contractor requested confirmation whether the existing roof curbs were structural. The Department was unable to locate the as-built drawings for the original construction contract. Time was expended in this record search. Since the roof curbs could not be verified as structural it was decided the curbs remain in place. The plating to be installed over each opening now needed to have sides to cover the roof curbs and be secured to the curbs. Additional flashing had to be installed on each side of the roof curb to keep rain water from puddling against the roof curbs. This method was different than that shown in the original contract documents. The document search as well as the construction required additional time. The new contract end date will be November 23, 2015. This EAR explanation has been revised from the original for clarity and additional detail. This project is now in warranty phase.

Mayor’s Office of Human Service (MOHS) – Advance of Funds

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the advance of funds to the listed sub-recipients of the U.S. Department of Housing and Urban Development’s (HUD) Continuum of Care (CoC) grant program.

**AMOUNT OF MONEY AND SOURCE:**

$2,457,883.00

**BACKGROUND/EXPLANATION:**

Due to unforeseen circumstances, HUD announced the renewal of Baltimore City’s CoC grant in November of 2015. This nearly represents a five-month delay in the announcement causing the issuance of the official agreement to be delayed until April or May 2016. The MOHS uses this funding to provide rental assistance, supportive services, and operating support through contracts with non-profits throughout Baltimore City.

Due to the delay in receipt of an official agreement, several of these contracts will stop receiving payments effective January 31, 2016. The MOHS requests approval of up to three months of advance funding for rental assistance contracts to ensure that the supported citizens are not evicted from their housing. The MOHS also requests up to three months of advance funding for contracts that provide supportive services to the aforementioned citizens. Upon issuance of the official agreement from HUD, the MOHS will issue contracts that will cover the remainder of the agreements taking into account funds already disbursed with these advances.    (Dept. of Public Works, Office of Sustainable Energy)
Dear Board of Estimates of Baltimore City,

Description of protest:

On behalf of Zagster, Inc. I would like to officially submit in writing a protest of the recently published Request for Proposal for Bike Share, Solicitation Number B50004211 on the grounds that the solicitation required the completion of documents that were not accessible to the proposers.

In this solicitation, the tools needed for a complete response were not fully provided in the proposal package. It was poorly structured, making a proposal very difficult to organize generally. More specifically, several times throughout the RFP, the instructions failed to provide adequate resources for proposers to provide a complete response. Forms that were required for submittal were not attached in the proposal package and were not accessible after contact was made with the procurement office.

The result of these circumstances is that four of five responding firms have been disqualified from the solicitation for failure to submit a required item. Our protest is that if these four firms are disqualified on this basis, then the fifth and final firm should also be disqualified, by the City’s rules, for lack of adherence to the guidelines. The solicitation should be canceled.

Supporting evidence:

- On page 29 of part one of the proposal, the respondent is asked in section F. to supply a “Solicitation for Participation and Commitment Form.”

This form was not anywhere to be found in the RFP. On October 20th, Zagster connected by phone with Ms. Brennae Brooks, the Procurement Specialist and primary contact for this bid, to inquire about the location of this form. She confirmed that it was not included in the solicitation documents and that Zagster, Inc should simply write in pen on the RFP document “not applicable.” No addendum was released. Given that this form was never supplied, all vendors submitted their proposals incompletely.

Furthermore, the solicitation asks for certain "Bid Documents" that must be signed by the firm. None of these forms were properly labeled to match the corresponding checklist, therefore none of these forms can be considered material requirements for the RFP. It was impossible for firms to know whether they were supplying the proper forms. For example:

B-7. Bid Check list asks for “Signed and properly completed Bid Affidavit.” There is no attachment, section, or document titled “Bid Affidavit” anywhere in the solicitation.

B-7. Bid Check list asks for “Signed and Properly completed Bid Pages.” There is no attachment, section, or document titled “Bid Pages” anywhere in the solicitation.
B-7. Bid Check list asks for “Signed and Properly completed program forms.” There is no attachment, section, or document titled “program forms” anywhere in the solicitation.

These solicitation instructions are obscure, and left the required documents up to interpretation by the respondents.

Harm to the firm:

Zagster, Inc was disqualified for not including a Bid Bond in the proposal. Zagster has spent over 5 months interacting with communities in Baltimore to build support for bike share for the purpose of submitting a strong bid for this bike share program solicitation. Zagster spent days of employee resources preparing the bid, and thousands of dollars for the preparation and submission of the bid. Lastly, as the bike sharing industry is a competitive industry, the winning bidder for this project will have an industry advantage in future proposals.

In conclusion:

Due to the incomplete and confusing nature of the solicitation, every firm has submitted a non-responsive bid. Through an arbitrary process of administration, all but one proposer was disqualified for non-responsive bids. This solicitation was initially designed to create fair competition, which is essential for an important public transportation service like bike sharing.

The City of Baltimore deserves to have the best service provider to be chosen through a non-discriminatory solicitation process. As this was not achieved for the supporting reasons above, we request the cancellation of B50004211.

Sincerely,

Theodore Bronstein,
Director of Sales, Zagster, Inc.
Dear Ms. Taylor:

I am writing on behalf of Motivate International Inc. (“Motivate”), to respectfully and formally protest Motivate’s disqualification from the City of Baltimore’s RFP for its bike share system under the RFP’s General Terms and Conditions (see RFP Part 2, Section G46) and request relief as described further below.

Motivate received a letter on October 22, 2015 declaring our response to the RFP non-responsive on the grounds that it did not include a bid bond (attached as [Exhibit A]). We protest this determination because: (a) instructions to include a bid bond were contradictory (b) requiring a bid bond for this particular solicitation is logistically problematic and (c) the result of enforcing the bid bond requirement for this solicitation is against the interests of the City of Baltimore.

Instructions in the RFP were contradictory and ambiguous

The RFP clearly states that “the [RFP] requests that proposals, not bids, be submitted,” implying that any requirements applicable to bids, including the requirement to include a bid bond, did not apply to this proposal (see RFP Part 1, Section SW3.C.i (emphasis added)). This interpretation was reinforced by Section B6, which indicates that a bid bond may not be required: “Also, clearly mark which package contains the ‘Original’ document and the ‘Bid Bond/Check’ (if required)” (see RFP Part 1, Section B6 (emphasis added)). The RFP was ambiguous in other places as well. For example, the RFP Part 2, Section GC3.A implies that not all Offers responsive to the RFP require a bid bond: “All Offers which require a bid guarantee...”.

Re: Solicitation Number: B50004211 – The Design, Installation, Operation and Maintenance of a Bike Share System for the City of Baltimore (the “RFP”)
Requiring a bid bond for this particular RFP is logistically problematic

Including a bid bond with any proposal to the RFP would be logistically difficult because, unlike a fixed-price proposal to build, for example, a school or a road, the RFP's price request is open-ended and requests information on user-generated revenue rather than capital and operating costs. To be responsive to that end, we provided a 500-bike proposal, an 850-bike proposal, two fare models, and a unique pricing model. The revenue and cost to the City of Baltimore, if any, is entirely unpredictable at this early stage, and what the RFP requested for pricing is not at all related to the cost of the system to the City's fisc (see page B-7 of RFP). As a result, were we to have provided a bid bond with our proposal it would have been impossible to calculate a bond amount. This further led us to believe that a bid bond was not required by the RFP.

The result of enforcing the bid bond requirement for this solicitation is against the interests of the City of Baltimore

A recent news article covering the RFP (attached as Exhibit B) indicates that three of six total respondents (i.e., Shift Transit, Bicycle Transit Systems, and B-cycle) were deemed non-responsive. Given that Motivate’s proposal has now also been deemed non-responsive, more than half of the proposals submitted will not be considered. The City of Baltimore is now selecting between only two contractors, drastically reducing the benefit to the public of a competitive proposal process aimed at delivering the best service possible.

Motivate’s proposal incorporated our institutional knowledge as the industry’s leading bike share operator, an innovative business model, next-generation smart-bike technology, and most importantly an established presence in the region with our Capital Bikeshare project in Washington, DC. Our bid also offered our fundraising and sponsorship expertise, a key differentiator for Motivate and one that offers the project a reliable source of funding for expansion. These are the types of innovations and competitive advantages that a fair and competitive proposal process encourage, and those which most benefit the public. Now, however, none of them will be considered in the City’s award.

Motivate’s interests will be harmed in the absence of the requested relief

Motivate’s interest in a fair and competitive assessment of its proposal as well as Motivate’s interest in expanding its bike share operations will be harmed by its disqualification from the RFP. In order to avoid this harm, we request relief in the form of a waiver by the Board of Estimates of the bid bond requirement for any proposal otherwise responsive to the RFP. We believe the Board can find authority for this action in RFP Part 2, Section GC14, which grants the Board discretion to waive technicalities, or alternatively in its authority to amend the RFP as was indeed done once already by the City Purchasing Agent’s letter on September 28, 2015. Alternatively, we request relief in the form of the Board’s demand that all respondents who failed
to submit bid bonds do so promptly in order to be considered in the Board’s award. We believe the Board can find authority for such a demand under RFP Part 2, Section GC16, which allows the Board to require respondents to clarify non-material portions of their proposals, because adding a bid bond would not materially change any portion of a proposal.

Thank you for considering Motivate’s protest and the relief requested herein. Please feel free to contact my colleague, Justin Ginsburgh, who submitted the proposal on Motivate’s behalf, or me if you have further questions.

Thank you,

Justin Ginsburgh

Re: B50004211, Design, Installation, Operation, and Maintenance of a Bike Share System

Dear Mr. Ginsburgh:

Please be advised that your bid, opened on October 21, 2015 on the above-mentioned contract, was considered NON-RESPONSIVE due to your company's failure to proffer a bid guarantee as mandated by the solicitation instructions.

For this solicitation, bids that were in excess of $100,000.00 must be accompanied by a bid bond, certified check, cashier check or other official bank check equal to two percent of the total bid. Your company failed to submit a bid guarantee for this contract. Since your bid guarantee was not received with your bid as outlined in the solicitation instructions, the City will not accept your submission.

Please make arrangements to pick-up your bid package, which will be available in City Hall, Room 204, until January 20, 2016. Materials not picked up by this time will be discarded.

For complete information on all procedures to follow when submitting a contract for the Bureau of Purchases, please contact them at 410 396-5700. For contracts other than the Bureau of Purchases, please contact the appropriate City Agency.

Top bikeshare operator submits low bid to run city’s proposed program

BREW EXCLUSIVE: Motivate offers lowest cost to manage Baltimore’s long-on-the-drawing-board bikeshare system. At best, the program is a year away from launching.

Mark Reutter

October 22, 2015 at 4:58 pm

Story Link

The operator of Washington’s, Chicago’s and New York City’s bikeshare systems has submitted the low bid to manage Baltimore’s long-discussed and oft-delayed bike rental program.

Motivate International (formerly Alta Bicycle Shares) has offered to run the program for $587,500.

The price was far below the prices of two competitors, Bewegen Technologies of Canada ($2.1 million) and Zagster of Cambridge, Mass., ($2.3 million) in bids opened yesterday in City Hall.

Bids submitted from three other companies were not opened and were referred to the Law Department as “non-responsive.”
Yesterday’s bid greatly favors Motivate, but the city’s scoring system also examines technical matters. The highest score, yielding the winning bidder, consists of up to 30 points for cost considerations and up to 70 points for services provided by the vendor.

Years of Delays

If all goes right—and, so far, it hasn’t—the city could have a small system in place by fall 2016. The timing would allow Mayor Stephanie Rawlings-Blake to take credit for the start-up before she leaves office late next year.

She recently held a press conference lauding the bikeshare program as “a boon to our city’s transportation network” and an economic development tool even as many local bike suppliers and advocates had little notice of the city’s latest plans.

---

**BREW’S PREVIOUS COVERAGE OF THE TRAVALS OF BIKESHARE:**

- **Sharing bikes to curb cars – Baltimore gets ready for “smart bikes”** (3/28/11)
- **City puts brakes on bikeshare program, citing costs** (4/5/11)
- **Baltimore bikeshare program revived, 300-bike network possible by next fall** (11/9/11)
- **Bikeshare program inches forward** (5/8/13)
- **Will a bankruptcy in Canada take the spin out of Baltimore’s bikeshare?** (1/22/14)

Baltimore will get the system underway with $2.8 million of federal and state funds for bike trails and related programs.

The vendor will be part of a “public-private partnership” with the city Department of Transportation (DOT) in which the city will underwrite many of the initial costs for two years, at which time the program “is expected to be financially sustainable” through memberships, user fees and private sponsorships.

**Similar to Zipcar**

In concept, bikeshare has a lot in common with Zipcars. You pick up a bike at an automated “parking station” and then drop it off at any of the other stations in the network. The bikes can be accessed through membership fees or a day pass.

The program is geared toward the short-term use of bikes as urban transportation, not weekend recreation. To encourage brief hops from place to place rather than leisurely pedals up a bike trail, the first 30 minutes is typically free to members. After one hour of use, fees tend to rise sharply.

The administration has been trying to launch such a program since 2010.

Back then, DOT had selected an operator, but the program was put on hold during the 2011 election because the mayor feared a backlash, with the program perceived as benefiting tourists at a time when she was proposing to close recreation centers and disband fire companies.

Since then, the program was revived two times, but failed to move forward after the first vendor failed to meet the contract deadline and a second company, which that was supposed to supply kiosks and “smartbike” software, went bankrupt.

The latest attempt, outlined in a recent RFP (Request for Proposals), seeks a rollout of the system 6 to 9 months after the Board of Estimates selects the vendor.

The plan calls for between 25 and 50 parking stations and 250 and 500 bikes.

**Question of “Equity”**
One change from the previous plans is that the geographic scope of the system has been expanded from its earlier focus on the waterfront, downtown, Mt. Vernon, Bolton Hill, Penn Station and Charles Village.

The boundaries of the network has been expanded beyond its previous waterfront-downtown-midtown focus. Here is the latest map. (Source: “The Design, Installation, Operation and Maintenance of a Bike Share System for Baltimore”)

The “area of interest” would now include the Johns Hospital Hospital and Patterson Park in the east; Port Covington and the Horseshoe Casino in the south; Pigtown, Carroll Park and Harlem Park in the west; and Hampden and Waverly in the north.

The system is designed to “pay special emphasis on social and geographic equity,” according to the RFP. “The bike-share service area represents a diverse cross section of central Baltimore in terms of age, race, income, and education. Nearly 60% of the service area’s residents are between 15 and 45.”

Even so, about two-thirds of the city would be excluded from the initial program.

Among those neighborhoods exempted: West and Southwest Baltimore beyond the MARC station; Westport, Cherry Hill and Brooklyn in South Baltimore; all of Northwest Baltimore (except for a sliver of Druid Hill Park); Woodberry; Mount Washington; Roland Park; Hamilton; Lauraville; Clifton Park; Herring Run Park; Frankford; Johns Hopkins Bayview; and Greektown.
Over time, the private vendor is expected to develop a market analysis of “the potential for expanding the system to different areas of the City,” the RFP states.

**Operates Largest Networks**

Brooklyn-based Motivate has bikeshare partnerships in a dozen cities. It is currently expanding the popular Capital Bikeshares, with 350 parking stations in D.C., Arlington, Alexandria and Montgomery County, to 400 stations.

The two biggest systems, both operated by Motivate, also are enlarging.

Citi Bike in New York City plans to double its size from 6,000 to 12,000 bikes over the next two years. Bay Area Bike Share, serving San Francisco, Oakland and nearby communities, is expanding 10-fold, with its fleet of bikes increasing from 700 to 7,000.

Under city rules, the bidders cannot publicly discuss their proposals until after the Board of Estimates awards the contract, which may come as early as December.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Pages 1 - 73, City Council President and members of the Board of Estimates, BOE Agenda dated March 16, 2016, if acted upon:
      i. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board’s decision to continue funding the provider of the city service being procured;
      ii. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider’s success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
      iii. The members of this board continue to fail to provide good stewardship of taxpayers’ funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
      iv. This board should immediately adjust the board’s policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
      v. In the interest of promoting greater transparency with the public this board should willing begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.
      vi. Lastly this board should explain to the public how, without violating the open meeting act, a consent agenda is published outlining the protocols for each week’s meeting prior to the board opening its public meeting.
3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various agencies and agencies.

departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. Remedy I desire: The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board’s consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on March 16, 2016.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident
