Depart. of Public Works/Office of Engineering & Construction

1. EWO #006, $87,052.68 - WC 1173R, Guilford Finished Water Reservoir Improvements

$54,444,777.00 $345,748.00 Allan Myers, MD, Inc. - 90%

The Office of Engineering & Construction required Allan Myers MD, Inc. to test pit to locate the existing utilities. During this process, it was discovered that the new Tank 2 Influent Valve Vault (27' wide by 36' long) for the 48-inch Prestressed Concrete Cylinder Pipe and bypass was in conflict with the existing 15-inch storm drain system. Therefore, it was required to relocate the existing 15-inch storm drain system.

Allan Myers MD, Inc. proposed a cost of $90,250.95 to perform the work which included, but was not limited to four 48-inch precast manholes (+/-217 LF) 15-inch Reinforced Concrete Pipe storm drain pipe, channels, excavation, backfill, and associated materials.

The scope of the project includes constructing two buried prestressed concrete finished water storage tanks, inlet and outlet, tank bypass mains, flow facilities, and site enhancements and grading. This extra work is within the original scope of work and was requested by the agency.

ACTION REQUESTED OF B/E:

The Board is requested to approve the acquisition of the fee simple interest in the property located at 2816 Laporte Street (Block 3190, Lot 059) by gift from Ms. Shirley King, Owner, SUBJECT to municipal liens, interest, and penalties, other than water bills.

AMOUNT OF MONEY AND SOURCE:

The Owner agrees to pay for any title work and all associated settlement costs, not to exceed $600.00 total. Therefore, no City funds will be expended.

BACKGROUND/EXPLANATION:

The DHCD, Land Resources Division strategically acquires and manages vacant or abandoned properties, which enables these properties to be returned to productive use and improve neighborhoods in Baltimore City.

The Owner has offered to donate to the City title to the property located at Block 3190, Lot 059. With the Board’s approval, the City will receive clear and marketable title to the property, subject only to certain City liens. The City’s acceptance of this donation is less costly than acquiring the property by tax sale foreclosure or eminent domain.

The Owner will pay all current water bills up through the date of settlement. The DHCD will acquire the property subject to all municipal liens, and all interest and penalties that may accrue prior to recording a deed. The water bills must be paid as part of the transaction. A list of open municipal liens accrued through December 30, 2019, other than water bills, are as follows:

BACKGROUND/EXPLANATION:

The City has been awarded a Heartland Alliance Pathways Forward Challenge grant to address the root causes of homelessness in the City of Baltimore. As a recipient of the grant the City will:

• Conduct research and assess barriers to employment for homeless jobseekers;

• Collaborate with the Mayor’s Office of Employment Development, workforce development practitioners, and people with lived experience to develop and implement employment strategy;

• Streamline referral processes and access to employment;

• Reduce disparities in employment, economic barriers, and outcomes for people experiencing homelessness, and

• Coordinate training and technical assistance to partner organizations and grantees to increase community adoption of best practice models and improve their performance outcomes, and service delivery.
Mayor’s Office of Homeless Services – cont’d

As the fiscal agent, the Baltimore Civic Fund, Inc./Baltimore City Foundation, Inc. (BCF) received the funds for the grant award. The City reserves the option to either request the total allotment of the award in full to hire personnel as a City contractual employee or to hire personnel through the BCF to perform the duties as indicated above. The award will be disbursed by program year as follows: July 1, 2019 through June 30, 2020 for $30,000.00; July 1, 2020 through June 30, 2021 for $20,000.00; and July 1, 2021 through December 31, 2021 for $15,000.00 for a total of $65,000.00.

The Grant Award Agreement is late because of delays at the administrative level.

AMOUNT OF MONEY AND SOURCE:

$2,000.00 - each vacant lot
$6,000.00 - each vacant building

$90,000.00 in total
DHCD – cont’d

BACKGROUND/EXPLANATION:

On October 10, 2019 the Board approved a Land Disposition Agreement (LDA) with Rebuild Johnston Square Partners, LLC. Section 1:05 of that agreement allowed for properties to be added or removed from the Schedule A by means of letter to the Board. The City will convey all of its right, title, and interest in certain properties in the Johnston Square neighborhood to Rebuild Johnston Square Partners, LLC. Each vacant lot will be sold for $2,000.00 and each vacant building will be sold for $6,000.00, which will be paid to the City at the time of settlement. Settlements will occur incrementally in five phases over a ten-year period.

Rebuild Johnston Square Partners, LLC was formed to revitalize and rebuild the Johnston Square community. The Developer will renovate and redevelop the vacant buildings and lots for both residential and commercial uses including home ownership. The purchase price and improvements to the sites will be funded through public and private funds. The transaction includes a seller take-back mortgage with a forgivable portion of the loan for end-use owner-occupants. The total aggregate amount of the seller take-back mortgage could potentially be $1,446,000.00 over the anticipated ten-year length of the agreement. The City will acquire privately owned property identified in the LDA subject to funding availability.

The authority to sell these properties is within Article 13, § 2-7(f) and (h) and Article 28, § 8 of the Baltimore City Code and the Johnston Square Urban Renewal Plan.

STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE PRICE DETERMINED BY THE WAIVER VALUATION PROCESS:

The properties listed in the LDA are either residential vacant lots or residential vacant buildings and were priced pursuant to the appraisal policy of Baltimore City via the representative waiver valuation process at $8,300.00 per three-story vacant building; $8,000.00 per two-story vacant building; and $4,500.00 per vacant lot. The properties will be sold to the developer for $6,000.00 for each two- and three-story vacant building and $2,000.00 for each vacant lot.
DHCD – cont’d

This provides a comprehensive approach to prevent or eliminate blight by coordinating the revitalization of the Johnston Square community through a combination of rehabilitation and/or redevelopment for the benefit of low and moderate income individuals and families.

The properties are being sold to Rebuild Johnston Square Partners, LLC for a reduced negotiated price because of the following reasons:

- the renovations will be to the specific benefit of the immediate community,
- this transaction will eliminate blight from the blocks and, thus, eliminate blight from the neighborhood,
- these sales and renovations will return currently vacant buildings and lots to the tax rolls, and
- the properties are being sold for a negotiated price due to their condition, which will require extensive remediation.

UPON MOTION duly made and seconded, the Board approved the addition of the above listed properties to Schedule A of the Johnston Square Land Disposition Agreement with Rebuild Johnston Square Partners, LLC.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Land Disposition Agreement with Southwest Partnership, Inc., Developer, for the sale of the City-owned properties located at 304, 306, 313, 323, and 352 S. Gilmor Street.

AMOUNT OF MONEY AND SOURCE:

$1.00 – 304 S. Gilmor Street
1.00 – 306 S. Gilmor Street
1.00 – 313 S. Gilmor Street
1.00 – 323 S. Gilmor Street
1.00 – 325 S. Gilmor Street
$5.00

BACKGROUND/EXPLANATION:

The City will convey all its rights, title, and interest in 304, 306, 313, 323, and 325 S. Gilmor Street to Southwest Partnership, Inc. for the price of $5.00, which will be paid to the City at the time of settlement.

The purchase price and improvements to the site will be financed through private sources, State CORE Funds and a City CBDG Subsidy.

The provisions of Article 13, §2-7 (h)(2)(ii)(c) of the Baltimore City Code authorize the City to sell these properties.

STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE PRICE DETERMINED BY THE WAIVER VALUATION PROCESS:

The properties are primarily comprised of either residential vacant lots or residential vacant buildings.
In accordance with the City’s appraisal policy, the waiver valuation process determined the market value of the vacant buildings to be $7,000.00 each and the vacant lots are assessed at $6,000.00 each.

The project is receiving CORE financing from the State of Maryland, which requires the City to sell the properties at the nominal value of $1.00 each. The difference between the price and waiver value is the City’s contribution to the project.

The properties will be sold below the waiver valuation price because the renovations will be to the specific benefit to the immediate community, eliminate blight from the neighborhood, and will return vacant buildings and lots to the tax rolls.

**MBE/WBE PARTICIPATION:**

The Developer has signed the commitment to comply with the Minority and Women’s Business Enterprise Program of the City of Baltimore.

**MWBOO SET GOALS OF MBE: 27% AND WBE: 10%**

The Developer agrees to comply with all MBE/WBE requirements.

**UPON MOTION** duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with Southwest Partnership, Inc., Developer, for the sale of the City-owned properties located at 304, 306, 313, 323, and 352 S. Gilmor Street. The Mayor **ABSTAINED**.

The Board is requested to approve and authorize execution of the Land Disposition Agreement with Southwest Partnership, Inc., for the sale of the city-owned properties located at 319, 322, 324, 325, 327 N. Gilmor Street.

**AMOUNT OF MONEY AND SOURCE:**

$1.00 – 319 N. Gilmor Street  
1.00 – 322 N. Gilmor Street  
1.00 – 324 N. Gilmor Street  
1.00 – 325 N. Gilmor Street  
1.00 – 327 N. Gilmor Street  
$5.00

**BACKGROUND/EXPLANATION:**

The City will convey all its rights, title, and interest in 319, 322, 324, 325, and 327 N. Gilmor Street to Southwest Partnership, Inc. for the price of $5.00, which will be paid to the City at the time of settlement.

Southwest Partnership, Inc. will purchase these five vacant houses from the City for redevelopment.

The purchase price and improvements to the site will be financed through private sources, State CORE Funds and a City CDBG Subsidy.

The provisions of Article 13, §2-7 (h) (2) (ii)(c) of the Baltimore City Code authorize the City to sell these properties.

**STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE PRICE DETERMINED BY THE WAIVER VALUATION PROCESS:**

In accordance with the City’s appraisal policy, the waiver valuation process determined the value of these properties to be $7,000.00 each.
DHCD - cont’d

The project is receiving CORE financing from the State of Maryland, which requires the City to sell the properties at the nominal value of $1.00 each. The difference between the price and waiver value is the City’s contribution to the project.

These properties will be sold for $1.00, which is less than the waiver value, because the poor condition requires extensive and immediate remediation, the renovation will be a specific benefit to the community, eliminate blight, and return vacant buildings to the tax rolls.

MBE/WBE PARTICIPATION:

The Developer has signed the Commitment to Comply with the Minority and Women’s Business Enterprise Program of the City of Baltimore.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with Southwest Partnership, Inc., for the sale of the city-owned properties located at 319, 322, 324, 325, 327 N. Gilmor Street. The Mayor ABSTAINED.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Land Disposition Agreement with DUBS, Inc., Developer, for the sale of the City-owned properties located at 5000 Cordelia Avenue, 3625 Hayward Avenue, and 3337 Avondale Avenue.

AMOUNT OF MONEY AND SOURCE:

$16,000.00 - Purchase price

BACKGROUND/EXPLANATION:

The City will convey all of its rights, title, and interest in 5000 Cordelia Avenue, 3625 Hayward Avenue, and 3337 Avondale Avenue, which will be paid at the time of settlement.

The Developer will be using private funds and INSPIRE Grant funds for this project.

The project will involve the rehabilitation of single-family homes with the goal of providing affordable homeownership.

The authority to sell the properties located at 5000 Cordelia Avenue, 3625 Hayward Avenue, and 3337 Avondale Avenue is given under Article 13, §2-7(h)(2)(ii)(C) of the Baltimore City Code.

STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE PRICE DETERMINED BY THE WAIVER VALUATION PROCESS:

In accordance with the appraisal policy, a waiver valuation determined the properties located at 5000 Cordelia Avenue and 3337 Avondale Avenue were valued at $5,000.00 each and the property located at 3625 Hayward Avenue was valued at $10,000.00.
DHCD - cont’d

The properties located at 5000 Cordelia Avenue and 3337 Avondale Avenue will be sold for $4,000.00 each and the property located at 3625 Hayward Avenue will be sold for $8,000.00 for a total of $16,000.00.

The sale of the vacant property at an amount below the price determined by the waiver valuation process will be a specific benefit to the immediate community, eliminate blight, provide economic development, and return the property to the tax rolls.

**MBE/WBE PARTICIPATION:**

The Developer will purchase the property for a price that is less than $50,000.00 and will receive no City funds or incentives for the purchase or rehabilitation; therefore, MBE/WBE is not applicable.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with DUBS, Inc., Developer, for the sale of the City-owned properties located at 5000 Cordelia Avenue, 3625 Hayward Avenue, and 3337 Avondale Avenue.
Department of Housing and Community – Land Disposition Agreement - Development (DHCD)

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Land Disposition Agreement with Monarch Butterfly Enterprises, LLC, Developer, for the sale of the City-owned property located at 1701 Guilford Avenue.

AMOUNT OF MONEY AND SOURCE:

$18,000.00

BACKGROUND/EXPLANATION:

The property located at 1701 Guilford Avenue is a vacant lot in need of development. After negotiations, the Developer raised the offer to a final sale price of $18,000.00. Once construction is completed, the eco-friendly 3-story multi-use building will house two residential apartments and a commercial unit that will rent at market rate.

The City is authorized to dispose of the property by virtue of Article 28, Section 8-3 of the Baltimore City Code and it was journalized for sale on December 7, 2012.

STATEMENT OF PURPOSE AND RATIONALE FOR SALE PRICE:

Per the Appraisal Policy of Baltimore City, unimproved properties assessed under $2,500.00 do not require an appraisal. The vacant lot at 1701 Guilford Avenue is assessed at $1,000.00 and will be sold to the Developer above the assessed value. The following factors that are present include:
DHCD - cont’d

- stabilization of the immediate area,
- elimination of blight,
- economic development, and
- the generation of real estate and other taxes.

MBE/WBE PARTICIPATION:

The Developer will purchase the property for a price that is less than $50,000.00 and will receive no City funds or incentives for its purchase or rehabilitation; therefore, MBE/WBE is not applicable.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with Monarch Butterfly Enterprises, LLC, Developer, for the sale of the City-owned property located at 1701 Guilford Avenue.
Department of Housing and Community Development

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the release of liens, plus all accrued interest and/or penalties on the property located at 2200 Chelsea Terrace, for the transferee, Mr. Troy Carr.

**AMOUNT OF MONEY AND SOURCE:**

$77,513.50 - lien release, plus all accrued interest and/or penalties

**BACKGROUND/EXPLANATION:**

Pursuant to the Annotated Code of Maryland, Tax Property Article, §14-806, the Board has the authority to release liens against real property under certain circumstances. In this case, the property in question complies with all requirements under the lien release law.

The property is a vacant building and the liens of $97,812.30 exceed its assessed value of $20,000.00. The Transferee, Mr. Troy Carr, will rehabilitate the building as a single family home for sale or rent at market rate. The property will be returned to productive use within a reasonable time, thus eliminating blighting conditions and returning it to the tax rolls of Baltimore City. The release of liens on the property will make it financially feasible for redevelopment and prevent tax abandonment.

At the settlement, Mr. Carr will pay the City the amount of $20,298.80, which is the combination of the flat tax of $18,009.16 and water charges of $2,289.64, which is greater than the appraised value of the property of $20,000.00. The amount paid will be applied to satisfy the water bill, real estate taxes, and flat tax first, then any other liens that have accrued prior to the date of this lien release.
Department of Housing and Community Development

Any additional property tax assessments, water charges, and liens that accrue from the date of this lien release will be the responsibility of the Transferee to pay prior to settlement.

Failure to record the deed and pay the purchase price listed in the Agreement of Sale in the amount of $20,298.80 within 120 days from the date of approval by the Board will void this release.

MBE/WBE PARTICIPATION:

The Transferee will purchase this property for a price that is less than $50,000.00 and will receive no City funds or incentives for the purchase or construction; therefore, MBE/WBE is not applicable.

UPON MOTION duly made and seconded, the Board approved the release of liens, plus all accrued interest and/or penalties on the property located at 2200 Chelsea Terrace, for the transferee, Mr. Troy Carr.

Department of Housing and Community Development (DHCD) - Community Development Block Grant Interdepartmental Memorandum of Understanding

Action Requested of B/E:

The Board is requested to approve and authorize execution of the Community Development Block Grant Interdepartmental Memorandum of Understanding (MOU) with the Baltimore City Health Department. The period of the MOU is July 1, 2019 through June 30, 2020.

Amount of Money and Source:

$500,000.00 - 2089-208920-5930-433927-603051

Background/Explanation:

Pursuant to guidance from the Department of Housing and Urban Development (HUD), a Memorandum of Understanding must be executed for the utilization of Community Development Block Grant funds to support other City agencies. The Baltimore City Health Department desires the DHCD to continue funding support for the Office of Aging and CARE Services to provide comprehensive services and programs to the senior citizens of Baltimore City.

On July 17, 2019, the Board approved the Resolution authorizing the Commissioner of the Department of Housing and Community Development (DHCD), on behalf of the Mayor and City Council, to file a Federal FY 2019 Annual Action Plan for the following formula programs:

1. Community Development Block Grant (CDBG)
2. HOME Investment Partnership Act (HOME)
3. Housing Opportunities for Persons with AIDS (HOPWA)
4. Emergency Solution Grant Program (ESG)

The DHCD began negotiating and processing the CDBG agreements effective July 1, 2019 and beyond, as outlined in the Plan, and upon approval of the Resolution. Consequently, Interdepartmental Memorandum of Understanding was delayed due to final negotiations and processing.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize acceptance of the Grant Award from the U.S. Department of Housing and Community Development. The period of the Grant Award is January 2, 2020 through December 31, 2024.

AMOUNT OF MONEY AND SOURCE:

$9,700,000.00 – 4000-437720-5825-179400-400000

BACKGROUND/EXPLANATION:

The Baltimore City Department of Housing and Community Development (DHCD) Division of Homeownership and Housing Preservation developed a comprehensive Lead Hazard Reduction Program (LHRP) that coordinates lead hazard reduction and healthy homes work. The LHRP utilizes funding from the United States Office of Housing and Urban Development (HUD) Lead-Based Paint Hazard Reduction and Healthy Homes Supplemental Program, Department of Housing and Community Development Special Loans Program, and Community Development Block Grant to mitigate lead hazard risks and create lead-safe homes.

In a special grant opportunity called “High Impact Neighborhood Grant” HUD is providing $9,100,000.00 in HUD Lead-Based Paint Hazard Reduction Program funds and $600,000.00 in Healthy Homes Supplemental funding over sixty months, which will produce 500 lead safe and healthy units in the High Impact area as approved by HUD which covers four contiguous census tracts.

The Grant Award is late because of the administrative review process.

Department of Housing and Community Development (DHCD) - First Modification to EmPower Efficiency Grant Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the First Modification to EmPower Efficiency Grant Agreement with the State of Maryland Department of Housing and Community Development.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The State of Maryland Department of Housing and Community Development has designated Baltimore City as a principal partner in the EmPOWER Energy Efficiency program governed by the Maryland Public Service Commission. EmPOWER Energy Efficiency program funding provides energy conservation services and weatherization to low-income families at or below 200% of poverty within the City of Baltimore. City staff conduct energy audits of homes to be served and contractors working for the City provide the energy home improvements — insulation, air sealing, heating system maintenance and appliance replacement. As of 2019, the City has weatherized over 10,000 housing units utilizing a variety of weatherization funding sources.

The modification adds additional allowable measures under the weatherization scope of work and increases the price cap for miscellaneous/minor electrical and plumbing repairs. These modifications have been approved by the Maryland Public Service Commission.

(175.00) - 5% Discount
$3,325.00 - 5000-569719-3023-273306-604051

BACKGROUND/EXPLANATION:

The Baltimore City Health Department’s Early intervention initiative (EII) Program offers HIV prevention and treatment services to residents of Baltimore City. The EII Program will purchase incentive cards from Giant Food stores in denomination of $50.00 to support HIV-related needs (e.g. food) of eligible EII patients.

The EII will abide by all policies associated with the use of incentive cards. The program has procedures in place to keep accurate documentation and account for the usage of incentive cards.

The Department has a consolidated policy account for the purchase, distribution, and documentation of all incentive cards. The central tenets of this policy account for: 1) A single means of procuring all incentive cards through the Board of Estimates; 2) The documentation of each incentive card and its recipient; 3) A monthly reconciliation for all purchases that account for all distributed and non-distributed cards, and; 4) Periodic internal review of program’s activity vis-à-vis the internal policy (which are to be shared with the Department of Audits).

Office of the Labor Commissioner – Grievance Settlement

ACTION REQUESTED OF B/E:

The Board is requested to approve the increase in the grievance settlement authority of the Office of Labor Commissioner from $10,000.00 to $25,000.00.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The Office of the Labor Commissioner has the authority to settle grievances and compensate employees for back wages to a maximum of $10,000.00. The $10,000.00 threshold has been effective since the Board of Estimates approval in October 2012. The wages of City employees have increased since 2012 and most settlements far exceed the $10,000.00 limit. With the increase in authorization to $25,000.00 the Office of the Labor Commissioner can expedite the payment of back wages to employees.

Baltimore Development Corporation – Fifth Amendment to Land Disposition Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Fifth Amendment to Land Disposition Agreement (Fifth Amendment) with Topgolf USA Baltimore, LLC.

AMOUNT OF MONEY AND SOURCE:

$2,000,000.00 – 9910-994001-9600
$7,917,000.00 – Purchase price for 1411 Warner Street and 301 Stockholm Street (Payable at Settlement by Topgolf USA Baltimore, LLC)

BACKGROUND/EXPLANATION:

The Fifth Amendment will formalize the purchase price for the Option Parcels as identified in the original Land Disposition Agreement (LDA) while also: 1) detailing the City’s financial contribution of no more than $2,000,000.00 to off-site mitigation efforts, 2) assigning the Option Parcels to Topgolf USA Baltimore, LLC, and 3) providing various easements for City services on the Option Parcels.

On October 31, 2012, the City entered a LDA with CBAC Gaming, LLC for the sale of eight City-owned lots to be developed into a parking garage for the Horseshoe Casino VLT facility. As part of the LDA, CBAC Gaming also received an option to purchase two other parcels, 701 W. Ostend Street and 1411 Warner Street. The LDA was subsequently amended on August 21, 2013, April 20, 2016, June 28, 2017, and April 11, 2018 and the rights of CBAC Gaming, LLC have been assigned to CBAC Borrower, LLC. These various amendments have added 301 Stockholm Street as an option parcel while allowing for the planned development of a golf-related entertainment facility on the Option Parcels and the construction of a new animal care facility.
Baltimore Development Corporation - cont’d

Per the terms of the original LDA, the Developer agreed to pay the higher of either the appraised value or $1,250,000.00 per acre. Based on an appraisal conducted by Jones Realty Advisors prior to the Third Amendment to the LDA on June 28, 2017, it was determined that $1,250,000.00 per acre was the higher value, leading to the final purchase price of $7,917,000.00.

**MBE/WBE PARTICIPATION:**

The requirement of MBE/WBE does not apply as the Developer is receiving no financial assistance from the City within the meaning of Article 5, §28-4 of the Baltimore City Code.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Fifth Amendment to Land Disposition Agreement with Topgolf USA Baltimore, LLC.
Department of Recreation and Parks – Task Assignment

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the assignment of Task No. 8 to Gannett Fleming, Inc. under Project 1232, On-Call Engineering Services. The period of the Task Assignment is approximately 2 years.

Baltimore City Fire Department – Ratification of Renewals

ACTION REQUESTED OF B/E:

The Board is requested to ratify the Renewals Nos. 1, 2, and 3 for Emergency Medical Services (EMS) with the Maryland Stadium Authority (MSA) for Orioles games at Camden Yard Stadium.

AMOUNT OF MONEY AND SOURCE:

$100,000.00 per fiscal year - 1001-000000-3191-308700-601065

BACKGROUND/EXPLANATION:

On April 20, 2016, the Board approved the original one-year agreement with four renewals options of one-year under the same terms and conditions. The agreement authorized the MSA to pay the Department for actual costs of staff coverage in an amount not to exceed $100,000.00.

Renewal No. 1 covered the period April 1, 2017 through March 31, 2018, Renewal No. 2 covered the period April 1, 2018 through March 31, 2019, and Renewal No. 3 covered the period April 1, 2019 through March 31, 2020.

The agreement stipulates that at a minimum one medic unit with two staff members will be provided for the EMS located at Camden Yards during the Oriole home games. The Department will bill the MSA for actual costs in an amount not to exceed $100,000.

This request is late because of an administrative oversight.

Office of the State’s Attorney – Ratification of Grant for Baltimore City Adjustment Notice Nos. 1 and 2

ACTION REQUESTED OF B/E:

The Board is requested to ratify the Grant Adjustment Notices (GAN) No. 1 and 2 from the State of Maryland, Governor’s Office of Crime Control and Prevention (GOCCP).

AMOUNT OF MONEY AND SOURCE:

$440,229.50 - 4000-406220-1156-117900-404001
$ 88,100.00 - 1001-000000-1156-117900-601001

BACKGROUND/EXPLANATION:

On November 6, 2019, the Board approved acceptance of the award from GOCCP for the grant entitled Victim/Witness Unit in the amount of $1,748,005.00 and in-kind match of $458,959.00 for the period of October 1, 2019 through September 30, 2020.

On November 20, 2019, GAN No. 1 changed the Project Director from Clara Huff to Tiffany Maclin.

On January 27, 2020, GAN No. 2 increased the original budget from $1,748,005.00 to $2,188,234.50 by adding $23,229.50 for a disability advocate, $417,000.00 for continuing media campaign, and renovations. The in-kind budget increased from $458,959.00 to $547,059.00, by adding $88,100.00. The total combined grant and in-kind match to date is $2,735,293.50.

The GANs are late because the approval was recently received from the grantor.

Department of Planning – Subgrant Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Subgrant Agreement with the Maryland Philanthropy Network (MPN). The period of the agreement is November 1, 2019 through May 31, 2020, unless terminated earlier in accordance with this agreement.

**AMOUNT OF MONEY AND SOURCE:**

$107,000.00 - 5000-512920-1877-806000-603026

**BACKGROUND/EXPLANATION:**

On July 24, 2019, the Board approved an agreement from the Maryland Department of Planning in the amount of $500,000.00 regarding Census 2020 outreach. As part of the approved Scope of Work with the State, a portion of the grant funds are to be used for sub-granting purposes in order to give neighborhood associations, churches, local businesses, and non-profits the power and resources to mobilize and educate traditionally under-counted populations in Baltimore. As a key member of the City’s Census Complete Count Committee, MPN has agreed to distribute the community grants and act as the fiscal sponsor for non 501(c)(3) applicants.

Of the total grant amount, $101,490.00 will be dispersed by MPN to the community grant recipients. The remaining $5,510.00 will be used by MPN to cover the distribution fees and costs associated with the program, retaining records, and insurances required to complete the program.

The agreement is late because the grant application period closed in December 2019, and it took several weeks to review and score the grants before the final list of community grant recipients and their project scopes were determined.

Baltimore Police Department – cont’d

BACKGROUND/EXPLANATION:

Michael Streed from SketchCop Solutions, Inc. is a Forensic Facial Imaging Expert whose services are essential and necessary in the production of forensic composite sketches and facial approximations related to violent crimes occurring in Baltimore City. Mr. Streed is a former employee of the Baltimore Police Department and is familiar with the community and how to relate to the community when it comes to witness interviewing which is a key component to composite sketching. He has performed this service for the Baltimore Police Department for approximately six years, and the fee schedule describes the services that he provides. This request will ensure that his services are continued.

While it is impossible to predict exactly how violent crime is going to happen within the City that would require the services of a Forensic Facial Imaging Expert the above-listed chart is the best projected budget breakdown the Baltimore Police Department Forensic Laboratory could devise.

This agreement is late because of administrative delays.

Department of Law – Settlement and Utility Relocation Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Settlement and Utility Relocation Agreement with Baltimore Gas & Electric Company (BGE) arising out of modifications desired and necessary to utility infrastructure in the City.

**AMOUNT OF MONEY AND SOURCE:**

$222,133.00 - 2044-000000-1450-163000-603070

**BACKGROUND/EXPLANATION:**

The City undertook two construction projects to rehabilitate Baltimore City infrastructure: the Sinclair Lane Bridge Project and the Washington Boulevard Project. The Sinclair Lane Project was a rehabilitation of a bridge at the intersection of Sinclair Lane and Edison Highway. The Washington Boulevard Project was an enhancement of the appearance of Washington Boulevard. Both projects required the relocation of overhead electrical lines owned by the BGE. The BGE relocated the electrical lines for both projects. In 2015, the BGE brought lawsuits seeking payment for its costs associated with the relocation work. The parties argued that the other should bear the costs of the relocations.

Specifically, the parties wish to resolve all outstanding disputes regarding relocation costs for the Sinclair Lane Bridge Project, the Washington Boulevard Project, and other projects over the next three years. Currently, relocation costs for underground wiring is shared 50%/50% under a 1903 lease between BGE and the City, as amended from time to time. Occasionally, relocations require moving above-ground wiring below ground, the cost for which is not covered by the lease.
Based on the risks attendant to continued litigation, the parties sought to reach an amicable solution regarding Baltimore City infrastructure projects and related relocation costs of the BGE infrastructure from above ground to below ground. The agreement negotiated by the parties resolves the issue of relocation costs for both the Sinclair Lane and Washington Boulevard projects, as well anticipated the BGE relocation costs associated with City infrastructure projects over the next three years.

Based upon review by its Settlement Committee of the legal and factual issues presented by the underlying dispute, and with the approval of the Baltimore Department of Transportation, the Law Department recommends that the Board of Estimates approve the settlement as set forth herein.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Settlement and Utility Relocation Agreement with Baltimore Gas & Electric Company arising out of modifications desired and necessary to utility infrastructure in the City.

Additionally, pursuant to Resolution of The Board of Estimates of Baltimore City, The Regulation of Board of Estimates Meetings and Protests (effective Feb. 5, 2014) (the "Meetings"
Resolution”), ACES plans to have a representative present at any scheduled Board meeting at which the Board considers any recommendation of award for the Contract. Accordingly, in accordance with Paragraph 1 of the Meetings Resolution, the undersigned requests to speak on behalf of ACES should the Board address matters related to the Contract. Further, in support of this request we state:

(1) Miles & Stockbridge represents ACES and is authorized by Joseph P. Godin, Executive Vice President of ACES, to represent ACES in this Protest;
(2) The issues and facts supporting ACES’s position are as stated herein below, and as may be further supplemented from time to time hereafter; and
(3) ACES will be directly and specifically affected and harmed by any proposed Board action to recommend award of the Contract to Corman or any bidder other than ACES. In that regard, ACES is the lowest price, responsive and responsible bidder, and should be awarded the Contract.

Corman does not have the Work Capacity to perform the Contract.

Without waiving any other protest ground that may come to ACES’ attention at some point hereafter, this Protest focuses on Corman’s lack of Work Capacity. Notwithstanding Corman’s affirmation in its bid package (“Corman’s Bid”), our research shows that Corman simply does not have the Work Capacity to perform the Contract.

1. Qualification Rules.

In accordance with Rule 3.1 of City of Baltimore Rules for Qualification of Contractors, Performance Evaluations of Construction Contractors and Consultants and Procedures and Guidelines for Hearings Before the Office of Boards and Commissions Review Committee (the “Qualification Rules”):

All prime contractors intending to bid on any City work in excess of Fifty Thousand Dollars ($50,000.00) shall annually establish proof of their qualification for the work they propose to perform before being permitted to submit a bid. Prime contractors also must be prequalified at the time of bid opening, bid award, and when work commences and remain prequalified for the duration of the project. Possession of a valid Certificate of Prequalification is deemed proof of qualification.

(Emphasis added.)

Further, Rule 3.3.1 of the Qualification Rules requires that “[g]enerally, a contractor requesting prequalification to perform City work must...[p]ossess net working capital sufficient to undertake and conduct the dollar capacity of work.”

Additionally, Rule 3.6 provides that:
Unless prequalification is suspended or revoked by OBC [Office of Boards and Commissions] for cause, in accordance with Rule 12.2 of these Rules, prequalification is valid for two (2) years after Board approval. **No later than the one year anniversary date of Board approval of prequalification, the contractor must submit a new financial statement** that complies with Rule 5.0 et seq. of these Rules. Failure to file the financial statement may be used by OBC to disqualify the contractor in accordance with Rule 12.0 et seq. of these Rules.

(Emphasis added).

Finally, Rule 6 of the Qualification Rules outlines the requirements for what contractors must provide to OBC and the processes for how OBC determines the contractor’s Work Capacity Rating (“Work Capacity” or “capacity rating”), which in part provides at Rule 6.7 that a “capacity rating higher than that established by Rule 6.1 may be assigned a contractor based on a blanket guarantee by a Guarantor which covers the period of the contractor’s certification.” (Emphasis added.)

2. Corman’s Bid and Work Capacity.

At bid opening, Corman was the apparent low bidder and ACES was the next lowest bidder. (Bid Results, **Exhibit 1**.)

However, as further discussed below, Corman’s bid should be deemed non-responsive and Corman should be assessed as not responsible, because Corman was not prequalified with sufficient Work Capacity for the Contract at the bid opening. Thus, Corman did not comply with Qualification Rule 3.1. Additionally, upon further investigation, Corman’s work backlog far exceeds Corman’s $50,000,000.00 Work Capacity pre-qualification. By contrast, ACES bid was fully compliant in every respect, was responsive and responsible, and thus the Contract should be awarded to ACES.

First, according to the Baltimore City Department of Public Works (“DPW”) Contractor Directory website (https://publicworks.baltimorecity.gov/contractor-directory), the Board approved Corman on or about March 14, 2018, for a $50,000,000.00 Work Capacity. See below, the information listed for Corman:

**Information listed for Corman Kokosing:**

**Contractor Number:** 11241

**Company Name:** Corman Kokosing Construction Company

**First Name:** Chase

**Last Name:** Cox

**Address:** 12001 Guilford Road

**City, State, Zipcode:** Annapolis Junction, MD 20701

**Money Limit:** $50,000,000.00

**Expiration Date:** 3/14/20
Second, the Board Minutes from March 14, 2018, at which BOE meeting Corman was recommended and approved for prequalification, state the following: “Corman Kokosing Construction Company $50,000,000.00 (Work Capacity Rating Underwritten by Blanket Guarantee of $50,000,000.00 from the Parent Company Kokosing, Inc.)” Board of Estimate Minutes (03/14/2018), 925, at 927. (Minutes, pp. 925-927, Exhibit 2.)

Third, as of April 2019, when Corman submitted its Bid, an authorized representative of Corman would have had to affirm in writing in the “Bid/Proposal Affidavit” that Corman had the Work Capacity to perform the Contract. At such time, if Corman did not have the prequalified capacity, it should have sought an increase or not made such an erroneous affirmation.

Accordingly, it appears from the publicly accessible documents – namely DPW Contractor Directory information, Corman’s Bid, and Exhibit 2 – that Corman purports to have the Work Capacity Prequalification to perform the Contract. Notably, it is also clear that Corman’s parent company, Kokosing, Inc. (“Kokosing”), had to furnish a guarantee for Corman to even reach the $50,000,000.00 level.

However, further diligence demonstrates that Corman is operating far beyond its prequalified Work Capacity. As a competitor in the same industry space as Corman, ACES is familiar with many of the other contracts and projects across Maryland, Virginia, Delaware, North Carolina, and the District of Columbia, on which Corman performs in its own name and as a co-venturer. Just a sampling of these contracts, which contracts alone far exceed Corman’s Work Capacity, will be discussed in Section 3, below.

3. Corman’s estimated partial backlog far exceeds its Work Capacity Prequalification.

In and around early May 2019, ACES conducted mere preliminary research into the number of contracts awarded to Corman (directly or as a co-venturer), the estimated completion dates, value of the contracts, and the estimated value of the backlog for the various contracts. ACES initial research shows that the backlog value for the fifteen (15) ongoing contracts plus this Contract is approximately $166,729,862.00. (Corman Backlog, Exhibit 3.) After subtracting out the $50,000,000.00 Work Capacity Prequalification, the excess work is approximately $116,729,862.00.

While the backlog value doesn’t necessarily directly correlate to Corman’s assignable net working capital disclosed in its audited financial statement that would have been submitted with Corman’s Contractor Prequalification Application (“Corman’s Application”), clearly $116,729,862.00 is far in excess of the maximum prequalified Work Capacity that the Board approved. Further, Corman’s approved $50,000,000.00 Work Capacity Rating was only achieved by Corman getting a Blanket Guarantee from its parent company, Kokosing, which
would indicate that Corman’s independent work capacity is probably only a fraction of its approved Prequalification Work Capacity.

Clearly, in order for the Board to award the bid to Corman and for Corman to commence work on the Contract, Kokosing would have to increase its Blanket Guarantee to at least $167,000,000.00. Even assuming that Kokosing could provide documentation to support its financial wherewithal to back such a massive shortcoming in Corman’s true and independent work capacity, it would be an extraordinary departure from the spirit and intent of the Qualification Rules for the OBC to recommend prequalification and for the Board to approve the increased work capacity.

The very nature of the Qualification Rules and many of the other applicable rules, regulations, and standards, is to ensure contractors can fully and timely perform their contracts and to mitigate against the potential of default. In this case, Corman was not in compliance at the time that it submitted its Bid, and the Board cannot award the bid based on Corman’s Work Capacity Prequalification.

4. Conclusion.

In conclusion, the City requires, and Corman must affirm, that Corman has the Work Capacity to perform the Contract as provided in the Standard Specifications and in accordance with the rules, regulations, and requirements of the Baltimore City Contractors’ Qualification Committee. As has been shown, above, Corman does not have sufficient Work Capacity. Accordingly, Corman’s Bid is non-responsive because the affirmation is false and/or in error. Further, without sufficient Work Capacity, Corman is not a responsible bidder. For both reasons, the Board should award the Contract to the next lowest, responsive and responsible bidder, which is ACES.

Thank you for your anticipated attention to this matter. If you have any questions regarding this Protest, please do not hesitate to contact me.

Very truly yours,

Jeremy S. Scholtes

President: "Good morning. The March 14, 2018 meeting of the Board of Estimates is now called to order. In the interest of promoting the order and efficiencies of these hearings, persons who are disruptive to the hearings will be asked to leave the hearing room immediately. Meetings of the Board of Estimates are open to the public for the duration of the meeting. The hearing room must be vacated at the conclusion of the meeting. Failure to comply may result in a charge of trespassing. I would to direct the Board members attention to the memorandum from my office dated March 5, 2018, identifying matters to be considered as routine agenda items together with any corrections and additions that have been noted by the Deputy Comptroller. I will entertain a Motion to approve all of the items contained on the routine agenda."
City Solicitor: "Mr. President, I move uh -- approval of the items on the routine agenda."

Comptroller: "Second."

President: "All those in favor say AYE. All opposed, NAY. The Motion carries. The routine agenda has been adopted. Before we um -- start, I want to recognize Councilwoman Shannon Sneed who has joined us."

Hi Shelby,

I am doing some market research and have a few questions on this project:
1) What is the % breakdown of the contract for the Joint Venture group (Granite, Corman & Parsons)? How much % of the project does each contractor own?
2) How much has the Joint Venture group been paid to date?

Your help would be appreciated.

Thanks,

National Park Service Projects Nearing the Finish Line

Compan is wrapping up restoring National Park Service's historic Conococheague Aqueduct in Williamsport, MD, a water-filled bridge where cargo boats floated over the Conococheague next to the Cushwa Basin and repairing six sections along 12 miles of the Chesapeake & Ohio Canal from Locks 5-22 in Potomac, MD. Both are slated for completion in Spring 2019. When complete, the Conococheague Aqueduct will be the only place in North America that features a working aqueduct and canal lock and structures in the Locks 5-22 area will be able to withstand flooding from the Potomac River.

Luebertia,

Thank you. Additionally, when is the estimated completion date for that project? The contractor I have listed is Corman Kokosing Construction, is this correct?

Thank you again,

Seth Hendershot

Hello,
I am in the midst of doing some market research for public work in the area, and I was interested in any information you have about the Denbigh Boulevard Bridge Replacement Project.

I am interested in knowing what the final contract value is, and how much work has been billed to date.

Thank you,

Seth Hendershot

VDOT - UPC #093077 Denbigh Boulevard Bridge Replacement over I-64 and CSX Railroad

Project Description
The Denbigh Boulevard Bridge Replacement Project will replace the existing bridge on Denbigh Blvd over Interstate 64 (I-64) and the CSX Railroad. Virginia Department of Transportation (VDOT) has determined that this bridge, constructed in the 1960's, needs to be replaced. This project will improve the safety of motorists traveling on the bridge along Denbigh Blvd, motorists traveling under the bridge on I-64, and train traffic traveling under the bridge along the CSX Railroad. With a new roadway surface, motorists should experience a more comfortable ride with less wear and tear on their vehicles. Limited information is provided as this is a Virginia Department of Transportation (VDOT) administered project.

Ola,

I am with a contractor in the area doing some market research, and I am looking for some information on contract no. DCKA-2017-C-0075. I understand that the total contract value is $13,896,065.70.

Can you please confirm that this number is correct and I am also interested in knowing how much of the total contract value has been paid to date.

Any information you can provide would be very helpful.

Thank you,

Re:   Deferral Request re: MDBAL31043264 (Colgate Stormwater Pumping Station Upgrade)
on behalf of American Contracting & Environmental Services, Inc.

Dear Madam Clerk, Madam Secretary, and Honorable Members of the Board of Estimates:

The undersigned and Miles & Stockbridge P.C. represent American Contracting & Environmental Services, Inc. ("ACES"). We write today to formally request a deferral of the anticipated award by the City of Baltimore (the "City") Board of Estimates (the "Board") of Contract MDBAL31043264 (Colgate Stormwater Pumping Station Upgrade) (the "Contract") to Corman Kokosing Construction Company ("Corman") (the "Deferral") until not earlier than Wednesday, April 15, 2020.

As you know, on May 17, 2019, ACES submitted a pre-award protest concerning anticipated award of the Contract to Corman (the "Protest"). In summary, the Protest alleged that Corman did not have the work capacity to perform the Contract at the time of Corman’s bid in April 2019. Even at the previously approved pre-qualified Work Capacity Rating ("WCR") of $50,000,000.00 (Work Capacity Rating Underwritten by Blanket Guarantee of $50,000,000.00 from Corman’s parent company, Kokosing, Inc.), which the Board approved on March 14, 2018, Corman did not have sufficient capacity. Additional details concerning the Protest are articulated in the Protest. Accordingly, Corman was not responsive and not responsible at the time of bid.

After ACES submitted its Protest, Corman sought an increase in its WCR and the Board approved that increase, again underwritten by Blanket Guarantee from parent company Kokosing, Inc. ("Kokosing"), up to $500,000,000.00. Notably, this increase was ten times (10x) Corman’s then-existing WCR, which is double the standard maximum of five times (5x) the existing WCR.

Matthew W. Garbark, Acting Director of DPW (matthew.garbark@baltimorecity.gov)

President: “Ah -- the first item on the non-routine agenda can be found on page 86 items one to two Department of Public Works Office of Engineering and Construction ah -- CDC 7794 Colgate Stormwater Pumping Station Upgrade and the transfer of funds. We have received a protest on this item. Will the parties please come forward? Ma’am state your name for the record please and pull the microphone up.”

Ms. Tonorah Houston-Burgee, Chief of Contract Administration for the Department of Public Works: “To the members of the Board. Good morning ah -- my name is Tonorah Houston Burgee. I am the Chief.”

President: “Speak up just a little more.”

Ms. Houston-Burgee: “Sorry, I am the Chief of Contract Administration for the Department of Public Works. Ah -- today -- today -- the agency would like -- would like to recommend the award of the Stormwater Contract 7794, Colgate Stormwater Pumping Station Upgrades to Corman Kokosings Construction Company. Five bids were received and after completing the bid analysis reviewed it was determined that Corman Kokosings Construction Company was
the lowest responsive and responsible bidder. American contract Environmental Services was listed as the second lowest bidder. Ah -- to help answer any questions you may have, I have with me Miss Dino Joy she is the Chief of -- of Boards and Commissions and Michael Mullen of the Law Department.”

President: “You right protest. Please come forward state your name for the record.”

Mr. Jeremy S. Scholtes, ESQ, Miles & Stockbridge, PC: “Good morning Mr. President, Mr. Mayor, ladies and gentlemen. My name is Jeremy Scholtes from Miles and Stockbridge on behalf of American Contracting Environmental Services and with me today is the President of American Mr. Joe Godin.”

Mr. Joe Godin: “Good morning.”

Mr. Mark Berry, Council for Corman Koskosing: “Good morning. My name is --”

President: “Pull the mic up please thank you. There you go.”

Mr. Berry: “Mark Berry Council for Corman Koskosing ah -- here on behalf of the ah -- recommended awardee and I'm here today with Ryan Gorman with Corman Koskosing as well.”

President: “All right. You first sir.”

Mr. Scholtes: “Ladies and gentlemen um --this really boils down to two simple points one being there was not sufficient pre-qualified work capacity rating ah -- at the time of bid from ah -- from -- from Corman Kokosing. In ah-- our May 17, 2019 protest, we raised this point that at time of bid submission, ah -- Corman didn’t have sufficient work capacity rating and that was borne out really ah -- in the fall of 2019 when Corman Kokosing went to its parent company Kokosing to secure a blanket guaranty in the amount of $500,000,000.00, which was ten times the amount of the ah -- then existing work capacity rating of $50,000,000.00, which was also under written by Kokosing. Ah - on February 25, we submitted our supplemental request, which ah -- followed the City’s approval and this Board's approval of the $500,000,000.00 ah -- guaranty and the basis in our supplemental protest was that Kokosing has approximately $3,900,000,000.00, of work. Now we don’t know exactly what the backlog is there, but Kokosing Companies, the
family of companies, ah -- consists of six or eight different companies one of which is Corman Kokosing. Ah -- it’s our position that based on open source reporting that we’ve looked at, that American has looked at, there’s far in excess of ah -- backlog at Kokosing and we think of $500,000,000.00 guaranty is probably not supported. Certainly not supported by our open source reporting. Now we would expect that Kokosing submitted an audited financial statement with all the supporting ah -- income statements and balance reports and the like and that [Office of Boards and Commissions] OBC ostensibly followed the ah -- the City's rules in approving that. But we would note that in the rules, one Kokosing underwriting this blanket guaranty must meet the same rules that the bidder must meet for their pre-qualified ah -- work capacity rating. Two, ah -- when a work capacity rating is increased such as it was here it's typically by five times the amount of the then-existing or capacity rating which was $50,000,000.00. So five times would have been $250,000,000.00 and for some reason OBC approved $500,000,000.00. Ah -- and then the third point being, our investigation which admittedly is not the same level of evaluation as an audited financial report, but does show information all the
way through current, which is ah -- members of the Board know we submitted yesterday ah -- the most recent contract we found that was for $1,500,000,000.00 on a joint venture on a building out Cincinnati um -- an amazon part of the Cincinnati Airport. So it’s all of that to say it’s our position that Corman Kokosing is was not a responsive a bidder at the time it submitted its bid and secondly today, ah -- has a blanket guaranty that is ah -- far in excess of what the rules envision. The whole point of the work capacity rating is that this Board, the City of Baltimore ends up with contractors who have the working ah -- capital and they have the working capacity to be able to effectively perform the contract. And when you have to take Corman Kokosing and get a $500,000,000.00 underwriting from its parent company ah -- that should be cause for concern about Corman Kokosing’s ability to perform. And the reason we asked for a deferral was because we think that nearly $4,000,000,000.00, of backlog that exists in -- the Corman Kokosing companies may not have been at the attention of OBC at the time they approved the blanket guaranty. And we just simply suggest with the deferral that the Board take a moment to allow OBC to consider that information and DPW to then re-evaluate
whether it would make this award to Corman Kokosing. In the event the Board is not prepared to further defer, ah -- we respectfully suggest that the Board sustain the protest and supplemental protest and award to American Services. Lastly, it’s been pointed out to me that there is a bond here for the $2,000,000.00, and we don't disagree with that and that's very customary in -- in contracting. Ah -- but the point remains, Baltimore City has work capacity rating requirements and those must be followed. A bond is great and a bond would probably cover, but if the City isn't going to follow the work capacity rating requirements and the rules and regulations then we might as well get rid of those rules and regulations. Otherwise, it would appear to us that this award to Corman Kokosing would be improper. Thank you.

President: Thank you. A couple of questions for DPW. First and foremost actually this is an item that I was putting on non-routine a few weeks ago then it was taken off the agenda for a few weeks. Do you guys believe that they have the work capacity to do this work? Because what my concern is -- is that we know sometimes we have companies and have to come back to this Board to re-award
because someone didn't have the capacity to do the work and we have to re-award. So this is something that wherever possible we have to make sure that that doesn’t continue to happen. So please let us know how you feel about this company’s work capacity.”

Michael Mullen, Baltimore City Law Department: “Mike Mullen with the Law Department and I have Deena Joyce from OBC here who can also answer further questions. The work capacity is a snapshot in time. We ask for that before a recommendation of award to the Board and what happens then is that the -- then presumptive winner of the award has a self-reporting form that they fill out and they are supposed to provide to us under oath, the capacity and work that they have outstanding both in the city and outside the city. Then we take that form and we look at and we decide do they have the work capacity to meet the contract in question here. In this case, DPW looked at the original submission from Corman Kokosing and said no they don't have an adequate capacity so we said to them what we do normally with every bidder you have a guaranty process that OBC manages and controls by which a parent corporation can provide a corporate guaranty of the greater capacity rating for a subsidiary corporation, which is exactly what happened here.
Corman, I mean Kokosing, Inc., the parent corporation, then submitted a package of materials to the Office of Boards and Commission in routine. We do this on a fairly regular basis. Office of Boards and Commission took a look at this, they did what they do in terms of reviewing audited financial statements and whatever are there information was provided to them, and they concluded that a $500,000,000.00 corporate guaranty was adequate protection for the City and then that corporate guaranty was put on the Board's agenda in October of 2019, without objection and it was approved and so Corman Kokosing has an approved capacity rating of $500,000,000.00. Now Mr. Scholtes, has talked about the bond and tended to minimize the importance of the bond. Well from the Law Department’s perspective, it's nice to have the corporate guaranty and I don't mean to minimize the importance of a corporate guaranty but what the city really relies on is that performance bond which is in the full amount of the contract. It’s from an independent surety. It doesn’t come from the parent corporation or an affiliated corporation. It comes from their surety. Now the city is a named obligee on that bond. If there is a performance
obligation failure on a job for the city, the first thing we do is we go after the bond. We don't play around with the corporate guaranty which could take years and years to get anywhere. We would immediately pursue the bond. That is the protection to the city. This is a $1,900,000.00 contract. We will be obtaining a bond in the amount of $1,900,000.00 or they won’t get the contract. It’s that simple. If they don't provide a bond from a federally registered and licensed surety, we don't award the work. So yes, I believe that the protection to the city is here. To answer your question President Scott, I believe that the bond is the foremost and primary protection to the City. I believe the $500,000,000.00 corporate guaranty is valid. I believe that OBC has done what they always do, looked at it carefully and decided that this was a valid guaranty and that’s why they recommended it to the Board previously and the Board approved it, and it has moved forward. As I said the work capacity for a company the size of Corman Kokosing is something that changes on a daily basis when we do our snapshot in time, a week later they could have fewer contracts or more contracts. That’s why the guaranty is not as valuable to the City as that bond, the bond is the gold standard that’s what the Board has always relied upon and I would urge that the Board continue to do so.”
President: “Madam Comptroller.”

Comptroller: “Well my question was why the city should have no concern for awarding this contract and Mr. Mullen you answered my question.”

Mr. Mullen: “I'm sorry what was your question?”

Comptroller: “Ah -- he said that the city should have concern for um -- awarding this contract but you answered the question for me why we had we should have no concern.”

Mr. Mullen: “No I agree we should I mean the surety is on at this level is a nationally recognized entity federally registered. So, I mean the surety does literally more homework in investigating the financial stability of the company that they're underwriting than the City ever could because we don't have the capability to do what they do there.”

Comptroller: “That’s correct.”

President: “All right no further -- yes please. Please state your name again for the record.”

Mr. Godin: Um -- Joe Godin -- I’m one of the owners and Executive Vice President of American Contracting. My main issue here is an issue of fairness. I stood in this same position 12 years ago in
2008 on Contract 846 except I was in the position of Corman Kokosing. I was a low bidder on the job, I had a bond, I thought I was going to be awarded the job. My project got thrown out because of work capacity even though I had a bonding company that would have come in and saved the day if my company went out of business. So I think if my previous contracts are going to be thrown out for the work capacity rule, then you guys should follow the same thing for this project otherwise as my lawyer indicated there is no point to having work capacity requirement. We should just rely on the bond if that's what we're going to do because I mean it is a lot of effort to constantly meet with your work capacity requirements every year we have to submit an audit. We -- we have to ah -- get a letter of credit and it's -- it's a burden on my business and if I don't have to do it and if I don't get the benefit of it you know doing all the work to get the work capacity up and then when I’m in a position to get the benefit of this it doesn't even happen yet I still get thrown out 12 years ago on Contract 846. I just don't think that's fair and I don't think that's just. So that's my position.”
President: “Madam Comptroller.”

Comptroller: “No he wants to respond.”

President: “Mr. Mullen.”

Mr. Mullen: “Um -- the issue with 846 was not raised before now so I'm not prepared to respond to it, but I would say to you that the work capacity ratings and the bonding of the guaranty system that we have in place are important. I’m not trying to minimize the importance of the corporate guaranty in a certain circumstances. I mean many companies, that is that our lifeline. They can get a guaranty and then -- then they can bid on the contract and they give us a performance bond. In this case the work capacity is changing all the time because of the size of the bidder that we're talking about. I mean they have a lot of work across the country. So I’m not suggesting that the -- the whole work capacity system is not important. It is very important. But I'm in this circumstance here, I don't know why the gentleman's contract was thrown out many years ago. But I don't know -- I don't know what the details were.”

President: “Sir.”
Mr. Mullen: “I don't know what the details were, and it wasn't raised by his attorney. So, I'm not prepared OBC's not prepared DPW's not prepared to address that in detail and I would just return to what I said earlier, the bond is here um -- Corman Kokosing will not get this award unless they can come up with a bond in the full amount of the contract value. And I think that's what the Board should look at.”

President: “Mr. Mullin for, again, so again for the record you believe the work capacity is there.”

Mr. Mullen: “I'm sorry.”

President: “The work capacity is there for Kokosing?”

Mr. Mullen: “I believe that it is and I believe that the bond shows that.”

President: Thank you. Madam -- Madam Solicitor.”

Acting City Solicitor, Ms. Moore: “Thank you -- thank you very much. I just want to say it's 2020 and Baltimore has um -- challenges and issues and things that it must do and one thing it really must do is move forward and I would not want this Board or anyone else in this city to be tethered to something that happened 12 years ago and be caught up in a tit-for-tat exchange.
Ah -- whatever happened 12 years ago is what happened 12 years ago, but we’re here now to make decisions that are important for Baltimore for right now and that’s what we must do.”

President: “Thank you. Ah --”

Mr. Scholtes: “Mr. President may I make one additional comment.”

President: “Yes sir.”

Comptroller: “State you -- restate -- name again.”

President: “Yeah your name.”

Mr. Scholtes: “Jeremy Scholtes on behalf of ah -- American Contracting. We wholeheartedly agree um -- with um -- the Board at concerning ah -- 12 years ago is not as important as what's happening here today. And that's why we're standing here is because the rules require pre-qualified for capacity rating and we just heard Mr. Mullen say that you could get a guaranty and bid. That's what should have happened here. Corman Kokosing should have gotten their increased blanket guaranty and bid. Then we wouldn't be going through this exercise. What may have happened 12 years ago might have been appropriate under the rules if -- if work capacity rating wasn’t met and today the same thing should happen if work capacity rating was not met according to the rules of this City, then Corman Kokosing should not receive the award period. That is a function
of the agency following its own rules. And in this case that did not happen and we would suggest that the appropriate response from the Board is to award to American Contracting. Thank you.”

Mr. Berry: “If I may this is Marc Berry on behalf of Corman Kokosing and we're sympathetic to the process a contractor goes through and ah -- the -- the OBC’s rules are very clear that the capacity rating is not assessed at the time of bid but it's assessed at the time of award, and there is a process ah -- to -- to go and increase the capacity when issues such this are raised. And that's the process that Corman Kokosing followed. Um -- the original protest from ACES was concerned that Corman Kokosing only had a $50,000,000.00 capacity. They raised the question OBC looked at it, and did their assessment and -- um -- and they increased it to $500,000,000.00. ACE’S protest when it was originally filed said that the capacity rating should have been $167,000,000.00 not $50,000,000.00. We followed the process in good faith, we complied with all of OBC's rules, OBC’s professional analysts looked at it, and they approved the $500,000.000.00 guaranty, three times the rating that the protest, the protesters said it should have been. Ah -- we went ahead and followed the process. The protestor now
says well when we said it originally should have been $167,000,000.00, we're taking that back, we’re saying now it should be you know north of a billion and so again, it's a continual process you look at a snapshot in time, you follow the process, you get the professional rating from the ah -- financial analysts at OBC and the bonding companies and they're satisfied with the security. Um -- and we have a um -- competing bidder who's trying to get the award thrown out so taxpayers can pay an additional $200,000.00, but they're not financial analysts they are someone who’s interested in getting this work and we followed the process and we think that should be upheld.”

President: “Thank you. Ma’am.”

Ms. Deena Joyce, The office of Boards and Commissions: “Good morning my name is Deena Joyce. I'm with the office of Boards and Commissions. We did follow our process. Our rules are fair and they are consistent. We had adequate documentation from Corman Kokosing and we also had the authority to make adjustments on the guaranty. So we did do that but the process is fair, everybody has the right to a fair process and we did follow our rules and the process of the guaranty. We do stand by our decision of what we did it was a fair process. Thank you.”
President: “Thank you and this the -- the process is -- is important to myself and I know members of the Board as it is to everyone here today and that was the concern that we had. I will entertain a motion.”

Ms. Moore: “Mr. President having heard the very well argued protest and the well-argued response based on the facts and the history and the demonstration of what happened here, I moved to deny the protest and to make the award.”

Comptroller: “Second.”

President: “All those in favor say aye. All opposed say nay the motion carries. Before we close, I want to recognize the Comptroller who has a comment.”

Comptroller: “Good morning. I would like to address the Planning Department sub grant agreement on page 79 of the routine agenda. This agreement provides resources to help community-based nonprofit groups and neighborhood associations with outreach for the 2020 census. Funding for basic government services such as education, housing, childcare and development, transportation and other key social services will be distributed to the City based on
the strength of our census count. The Maryland philanthropic -- Philanthropy Network sub-grantees will help ensure the traditionally under counted populations in Baltimore City are educated about the 2020 census and mobilized to participate in it. With census day coming up on April the first, we need as many partners as possible assisting City agencies in getting a complete count. I strongly support this sub-grant agreement which will make a complete count possible and ensure Baltimore City gets its fair share of funding to support critically important programs. Thank you.”

President: “Thank you.

On January 29, 2019, the Board approved the acquisition of the Fee Simple interest by condemnation, in the property located at 151 Willard Street for $7,000.00, based upon the highest of two independent appraisals. The Defendant contested the City’s value and provided an appraisal report valuing the property at $25,000.00. The parties attended a Pre-Trial Conference and settled on a fair market value of $16,000.00. Thus, the Board is requested to approve an additional $9,000.00 ($16,000.00 less the previous approval amount of $7,000.00).

Therefore, pursuant to Article VI, §11 (e) (i) of the City Charter, the procurement of the equipment and/or service is recommended.

MBE/WBE PARTICIPATION:

This contract is a cooperative inter-local contract agreement between the City of Tucson and NIPA. The goals established for the contract are voluntary as there is no binding language in the agreement with specific Baltimore City MBE/WBE goals. The City has not established guidelines for enforcing MBE/WBE goals when joining a cooperative agreement from another jurisdiction. The Vendor agreed to the goals, however, it is the opinion of this office that a good faith effort is all the City can expect when the contract was not bind and priced to meet the specific MBE/WBE goals. For the aforementioned reasons, MWBOO cannot determine compliance.

This request meets the condition that there is no advantage in seeking competitive responses.

STATEMENT OF PURPOSE AND RATIONALE FOR NON-COMPETITIVE PROCUREMENT:

On April 30, 2014, the Board approved the initial award in the amount of $1,467,543.84. The award contained two renewal options. Subsequent actions have been approved. The Department of Finance/Bureau of Revenue Collections has engaged Full Circle Solutions, Inc. for upgrades, licenses and support for various collection and proprietary software, has provided the services since January 2008, and is the only authorized Vendor providing the continued upgrades, licenses and support. An extension is necessary to add an additional one year period of this sole source contract.

The extension will allow the City to review the contract and the current requirements of the City to determine if a new sole source contract should be negotiated with the Vendor. The period of the extension is April 1, 2020 through March 31, 2021. This extension/increase makes the total contract value $5,253,819.48. The above amount is the City’s estimated requirement.
