ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of an Agreement with Behavioral Health System Baltimore, Inc. The period of the agreement is July 1, 2021 through June 30, 2022.

AMOUNT OF MONEY AND SOURCE:

$272,224.00 - 5000-500722-1100-117400-405001

This program is funded at 100% by the Maryland Department of Health. No City General Funds are required.

BACKGROUND/EXPLANATION:

The Competency and Responsibility Contract Agreement, Contract No. MH327-20B-CCB, provides for all court ordered competency and responsibility evaluations that occur as a result of actions before the Circuit and District Courts in Baltimore City. These evaluations are conducted by the Medical Services Division of the Circuit Court.

A principal function of this program is to divert those who would normally be hospitalized in either Clifton T. Perkins Hospital Center or the various regional hospital facilities within the state. As a result, many of those defendants who would be hospitalized from 30-60 or more days are diverted into either community resources or to resources within the local detention centers. The pre-sentence evaluation portion of the contract provides for evaluations after verdicts that provide proper use of outpatient facilities.

The agreement is late because of delays in receipt of contract approval from the grantor and delays in the signature process at the Circuit Court for Baltimore City.

ACTION REQUESTED OF B/E:

The Board is requested to approve authorize execution of an Agreement with Behavioral Health System Baltimore, Inc. The period of the agreement is July 1, 2021, through June 30, 2022.

AMOUNT OF MONEY AND SOURCE:

$655,183.00 - 4000-400522-1100-576600-404001.

This program is funded at 100% by the Maryland Department of Health. No City General Funds are required.

BACKGROUND/EXPLANATION:

This agreement will provide funding for the Forensic Alternative Services Team program, Contract No. MH327-20A-CCB. This program provides mental health evaluations of seriously mentally ill citizens in Baltimore, who have been arrested for criminal offenses and either placed in the Central Booking and Intake Center or other appropriate Detention Center (e.g., MRDCC, MTC, JCI, MCI-W). When indicated, the Program arranges with the Court to have the defendant transferred to either a mental health facility as an inpatient or an appropriate outpatient facility.

As in prior years, the Program will continue to divert this population from incarceration and the criminal justice system to appropriate mental health treatment resources. By providing such services, the population of mentally ill that are incarcerated has decreased. Furthermore, coordination and/or enhancement of community-based care plans assist program participants in remaining psychiatrically stable and avoiding additional interactions with the criminal justice system. This Program clearly is a positive contribution to the reduction of trial dockets within the Courts and is a humane placement solution for the mentally ill.

In addition to the original FAST Program, this contract is also funding portions of the Circuit Court Mental Health Court docket, which offers an alternative to incarceration and links participants to community-based programs.

The agreement is late because of delays in contract approval from the grantor and delays in the signature process at the Circuit Court for Baltimore City.

The new contract expiration date is December 14, 2021. This extra work order is within the original scope of work and was requested by the Agency.

The Office of Engineering & Construction is requesting the Board to approve extra work and a 4-month non-compensable time extension for WC 1405 in order to complete the restoration, repaving of utility cuts performed by the Utility Maintenance Division with bituminous concrete or portland cement concrete, milling and resurfacing, sidewalk, and pavement markings at various locations of Baltimore City.

The extra time and funding is needed because the replacement contract for WC 1405 is taking longer to be executed under Covid-19. The replacement contract, WC 1409 was advertised on April 9, 2021 and bids were opened on May 5, 2021.

The Office of Eng. & Constr. received MWBOO approval on July 6, 2021. Under the circumstances, it is unlikely that the Notice to Proceed for WC 1409 will be issued in time to replace WC 1405. The Certificate of Completion form will not be completed until a scheduled time after final payment and final completion has been given by the Agency.

ACTION REQUESTED OF B/E:

The Board is requested to approve a correction for an error in the original Board Memo, submitted to and approved by the Board of Estimates on July 21, 2021 (page 36) for the Side Yard Land Disposition Agreement for sale of City owned property located in the Waltherson Community at 4502 Schley Avenue to Judith A. Godsey.

AMOUNT OF MONEY AND SOURCE:

The lot will be sold for the price of $500.00 of which $400.00 shall be held in escrow by the City for the benefit of the Purchaser to be applied at settlement for closing costs including transfer taxes, recordation fees, taxes and associated title services.

The Purchaser will be using private funds to pay for the acquisition and maintenance of the property.

BACKGROUND/EXPLANATION:

The original Board Memo was submitted and approved by the Board of Estimates on July 21, 2021, page 36 of the Board Agenda, for the Side Yard sale of 4502 Schley Avenue to Judith A. Godsey. While the approved Land Disposition Agreement was correct with the stated sale price of $500.00, the Board Memo incorrectly stated the sale price at $1,032.95. This is to correct the Board Memo only, with the correct sale price of $500.00. All other information is correct. The Department apologizes for the error.

DHCD’s Development Division, on behalf of the Mayor and City Council, strategically acquires and manages vacant or abandoned properties, ultimately enabling these properties to be returned to productive use and improving Baltimore’s neighborhoods.

The City has agreed to convey the property known as 4502 Schley Avenue to the adjacent property owner. As a condition of conveyance, the Purchaser has agreed to the terms of the Side Yard Land Disposition Agreement, which prohibits development of the parcel for a minimum of ten years.

The City may dispose of the Property by virtue of the following legal authorities: Article 13, § 2-7 (h) of the Baltimore City Code.
STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE APPRAISED VALUE:

Per the Side Yard Policy an appraisal is not required. The property is being sold for $500.00, as the purchaser holds title on the adjacent property as owner-occupied. The rationale for the conveyance is the sale will serve a specific benefit to the immediate community, eliminate blight, and return the property to the tax rolls.

MBE/WBE PARTICIPATION:

The Developer will purchase these properties for a price that is less than $50,000.00 and will receive no City funds or incentives for the purchase or rehabilitation; therefore, MBE/WBE is not applicable.

**MWBOO GRANTED A WAIVER ON JULY 8, 2021.**

The Minority and Women's Business Opportunity Office (MWBOO) confirms the funding sources associated with the Baltimore City Health Department (BCHD) grant programs, technical agreements, and community health services are obtained through the Federal Government and State of Maryland. Through this fiduciary alliance, the BCHD serves as a liaison and oversight agency to ensure funding is appropriated to the designated Citywide public health programs and services. Due to the restricted allocation of Federal and State funds, the Baltimore City MBE/WBE goals and MWBOO compliance monitoring are not applicable. For this reason, waivers are granted to warrant the appropriate approval for all Federal and State-funded resources.

Pursuant to the provisions of Article 13, § 2-7 of the Baltimore City Code (2000 Edition) and/or the provisions of the Baltimore City Public Local Law, § 21-16 and 21-17, dated October 1, 1999, along with any and all amendments thereto, and subject to the prior approval of the Board, the Department may acquire, by condemnation, any single-family or multiple-family dwelling unit or other structure or lot within the City, for development and redevelopment. The Commissioner of Housing has made the required determination with regard to this property.

It is necessary that the City, with the prior approval of the Board, deposit with the Clerk of the Court of the appropriate jurisdiction in Baltimore City the sum covering the estimated fair market value of the property interest and comply with the requirements of the Uniform Relocation Act for replacement housing payment.

The fair market value is substantiated in appraisals made by independent appraisers contracted by the City. This will permit the City to have title to, and if necessary immediate possession of, the subject property interest in conformity with the requirements of the aforementioned applicable law.

On March 3, 2021, the City filed a condemnation action to acquire the leasehold interest in the real property located at 1605 E. North Avenue, Baltimore, Maryland in the amount of $14,000.00, based upon the higher of two independent appraisal reports from August 24, 2020. The Defendant, Tempest, LLC filed an Answer contesting the City’s right to take and the fair market value. Tempest, LLC submitted an appraisal valuing the property at $30,000.00 from August 4, 2021. The parties participated in mediation and agreed to settle the condemnation action for a total of $28,000.00, based on recent comparable property sales. Thus, the Board is requested to approve an additional $14,000.00 ($28,000.00 less the previous approval amount of $14,000.00).

Department of Finance/Bureau – Renewal of FY22 Cyber Insurance Coverage of Risk Management

ACTION REQUESTED OF B/E:

The Board is requested to approve the renewal of the FY22 Cyber Insurance coverage for the Mayor & City Council of Baltimore and other Related Operations. The period of the coverage is effective November 1, 2021 through November 1, 2022 and will be provided by the incumbent carriers, Chubb and AXA XL insurance companies.

AMOUNT OF MONEY AND SOURCE:

$1,039,253.00 – 2043-000000-1450-162900-603014

BACKGROUND/EXPLANATION:

Following a competitive process that included 35 insurance carriers, The Bureau of Risk Management was only able to secure a renewal quote for $10,000,000.00 in Cyber Liability Insurance coverage, through the incumbent insurance carriers. The first $5,000,000.00 in coverage is being provided by Chubb Insurance at a premium of $561,758.00. The second $5,000,000.00 in excess coverage is being provided by AXA XL Insurance at a premium of $477,495.00.

The renewal represents a 50% reduction in coverage of $10,000,000.00 vs expiring coverage of $20,000,000.00, a 165% increase in premium and an increase in the deductible from $1,000,000.00 to $2,500,000.00.

As a result of well publicized attacks and claims incurred, insurance markets no longer have an appetite for providing Cyber coverage. The City’s Cyber Insurance renewal reflects this current trend in the market place experienced by many businesses, particularly municipalities.

4. B50006223, Snow Removal Services

REJECTION: Vendors were solicited by postings on CitiBuy and in local newspapers. Eighteen bids received were opened on September 15, 2021. One bid was determined non-responsive. The Minority and Women’s Business Opportunity Office determined that only three bidders were compliant with its requirements. The snow equipment offered by the compliant bidders are inadequate relative to the current needs of the City. The Bureau of Procurement will re-advertise this requirement. It is therefore recommended that the Board reject all bids in the best interest of the City.

(Dept. of Transportation)

5. B50006353, Traffic Safety Cones

REJECTION: Vendors were solicited by advertising a formal bid on CitiBuy, eMaryland Marketplace, and in local newspapers. Five bids were received and opened on October 20, 2021. Once opened, it was discovered that the required MBE (Minority Business Enterprise) forms were missing from the solicitation. Because of the omission, this solicitation will be re-advertised with a new bid number in accordance with City Charter requirements.

The Office of Engineering & Construction is requesting additional funds in the amount of $300,700.00 for the replacement of the leaking influent gates (installed in 1914) at the Montebello Filtration Plant No. 1 Underground Reservoir. This work is within the original scope and occurred during the scheduled 30-day shutdown in September/October 2020. Replacing the influent gates will allow WC 1328 Montebello Plant No. 1 Underground Filtered Water Reservoir Structural Repairs to proceed as planned in the Spring of 2022.

The repair work on WC 1328 is affected by the Plant's inability to completely isolate the underground reservoir due to the poor condition of the influent gates. Furthermore, replacing the gates during the current project shutdown would minimize the length of any Montebello Filtration Plant No. 1 shutdowns required for the reservoir structural rehabilitation project, and thus minimize the risk posed to the Plant's ability to supply the system with drinking water.

The Contractor's cost proposal for the gate replacement has been reviewed by the Engineer and was found to be reasonable in terms of material, labor and equipment costs. No time extension will be required for this work. The Certificate of Completion form will not be completed until a scheduled time after final payment and final completion has been given by the Agency.

project due to the need of two unanticipated microtunneling machine rescues. Both submittals were reviewed and approved by the City scheduler. During the microtunneling operations near station 49+91, the Contractor’s microtunneling machine encountered rock underground which could not be bored through. This halted tunneling progress and required hand mining approximately 28 linear feet through rock to expose and relieve the stuck tunneling machine. Seventy-five days is requested for this incident.

At Station 43+13, the Contractor had to perform additional landscape clearing, and open excavate through rock to remove the stuck tunneling machine from 30-feet below grade by crane. The tunneling machine was recovered and work was completed via open cut method up to next tunneling shaft. One hundred eighteen days is requested for this incident. In total, 193 non-compensable consecutive calendar days are requested to be added to the contract. The Certificate of Completion form will not be completed until a scheduled time after final payment and final completion has been given by the Agency.
