BOARD OF ESTIMATES

Department of Planning – Memorandum of Understanding

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Memorandum of Understanding with the Baltimore Development Corporation (BDC). The period of the agreement is June 1, 2021 through December 31, 2022.

AMOUNT OF MONEY AND SOURCE:

\$50,000.00 - 1001-000000-1875-806400-603050

BACKGROUND/EXPLANATION:

The City desires to improve food access in Baltimore City for low-income and under-resourced residents. The BDC is qualified to distribute grant funds to support small, place-based businesses addressing healthy food access in priority areas. The BDC will identify existing or start-up healthy store retailers in Poppleton and Hollins Market to support with grants of up to \$10,000.00 per business for interior and equipment upgrades. One focus of the funds will be to purchase Point of Sale systems (POS), which is key to getting and maintaining SNAP retailer authorization. Data has shown that businesses that accept SNAP provide healthier options than those that do not. Grant funds will also be used for equipment purchases to maintain fresh food inventory, such as refrigeration units and shelving. The BDC will also encourage owners to participate in the Façade Improvement Grant program to make improvements to the exterior of the property as well.

The BDC was awarded grant funds to support fresh food access, and small retail businesses in West Baltimore through the Housing Authority of Baltimore City's (HABC) Transform Poe/ HUD Choice Neighborhoods program. This \$50,000.00 in Healthy Food Priority Area Funds will serve as the required match for the HUD funds. The Department's Baltimore Food Policy Initiative (BFPI) receives \$250,000.00 annually of General Funds to address food access and fund-related programs. BFPI agreed to use \$50,000.00 to support this effort because it aligns with the goals of the funds.

The Memorandum of Understanding is late due to administrative delays.

Department of General Services – Non-Construction Consultant Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Non-Construction Consultant Agreement with American Microgrid Solutions LLC. The period of the agreement is effective upon Board approval for 18 months.

AMOUNT OF MONEY AND SOURCE:

\$100,000.00 – 5000-521921-1914-718200-605001 (Maryland Energy Administration)

50,000.00 – 2029-000000-1982-709500-603026 (Internal Service Fund)

\$150,000.00

BACKGROUND/EXPLANATION:

The Maryland Energy Administration (MEA) awarded \$100,000.00 to the City for its FY21 Resilient Maryland Program. On July 21, 2021, the Board accepted the grant award. This program provides funds for the completion of planning and design of community and campus microgrids and resilient energy systems. The award is for DGS to conduct a feasibility analysis and implementation barrier report of the downtown municipal campus consisting of 14 City buildings that provide essential City services that are core to the functionality of government. Microgrid components considered will be combined heat and power (CHP), solar photovoltaic, electric vehicle charging, and battery energy storage. Based on the scope of work, DGS is contributing an additional \$50,000.00 to expand the analysis. The budget is a total flat value because this is highly specialized and emerging work based on performance history from similar projects.

All deliverables funded by MEA grant dollars must be complete by June 31, 2022. The contract term is 18 months to accommodate if DGS needs to request an extension on the grant should there be an unexpected delay. Further, this will allow for time for the Vendor to address any feedback from MEA after the grant deliverable.

MEA gave the City a six-week extension for the Board to approve the grant agreement, which is required as the original agreement only allowed for 10 business days. The effective date of the Grant Agreement is the date that the fully executed Grant Agreement is received by MEA, as determined by the official MEA date stamp on the first page of the Grant Agreement.

Through this fiduciary alliance, the BCHD serves as a liaison and oversight agency to ensure funding is appropriated to the designated Citywide public health programs and services. Due to the restricted allocation of Federal and State funds, the Baltimore City MBE/WBE goals and MWBOO compliance monitoring are not applicable. For this reason, waivers are granted to warrant the appropriate approval for all Federal and State-funded resources.

This EWO will cover the additional costs due to BG&E delays with the installation of a new 15Kva transformer for Ortmann Field Lightning Package installations. Due to a major power surge or a utility hit nearby causing a major back feed which subsequently blew the TSF's (Transient Surge Filters) and nine coils inside the control panels after the new 15Kva transformer was installed and new lights were energized, the Contractor had to troubleshoot and repair the lighting cabinet to restore lights on Ortmann Field. This is outside the warranty of the Musco Lighting Package, and the Contractor is being charged for all materials.

The BCRP has reviewed the Contractor's estimates and agrees with the additional charges. Due to excessive rain and flooding of Ortmann Fields, where work still needs to be completed, the BCRP is requesting a 61-day non-compensable time extension. There were three previously approved time extensions were: 73, 90, and 62 non-compensatory days. The latter had a completion date of August 31, 2021. This request will extend the new completion date to October 31, 2021.

AMOUNT OF MONEY AND SOURCE:

BACKGROUND/EXPLANATION:

The Department is requesting the Board approve an MOU which outlines the responsibilities between SHA and the Department for snow removal along the Jones Falls Expressway from the County/City line to Fayette Street and Interstate 295 from the County/City line to Westport Road. The removal will consist of SHA's efforts to remove snow from MD 45, MD 542, MD 41, MD 147, MD 139, MD 25, MD 140, and US 1 when the snowfall exceeds 20 inches. Department of Transportation (DOT) – Amendment No. 1 to Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of Amendment No.1 to Agreement (Amendment) under Project No. 1246, Automated Traffic Violation Enforcement System (ATVES) with American Traffic Solutions, Inc. d.b.a. Verra Mobility in connection with I-83 Selection and Installation. The Amendment will extend the period of the Agreement through August 25, 2023.

AMOUNT OF MONEY AND SOURCE:

\$6,660,000.00 – 6000-618000-6971-659100-603051

BACKGROUND/EXPLANATION:

On May 17, 2017, the Board approved a contract with American Traffic Solutions, Inc. in the amount of \$5,400,000.00 for fixed and portable school and work zone speed cameras. The contract was awarded with a term of five years resulting in an expiration date of May 17, 2022. This contract also contains two renewal options of two years each.

The original contract provided that the Department anticipated starting the contract with 20-speed cameras (10 fixed and 10 portable). Importantly, the Department recognized that if the speed camera program was a success, the number of cameras would be increased over time. Accordingly, the contract expressly provides that, *“At any time, the City may increase or decrease the number of complete camera systems installed for the ATVES program.”*

The cost of the camera system is based on an agreed flat price for each installed camera system as per law (see Maryland Transportation Code Ann §21-809 (i)(2) Use of Contractors; Restrictions on Fee). The contractor does not receive any portion of the fines levied or collected by the City. The per-camera price was set forth on May 17, 2017, in the contract approved by the Board. The prices on those price schedules remain in effect now.

On Wednesday, March 11, 2020, the Board of Estimates approved a Memorandum for the Increase to the Contract Value to American Traffic Solutions, Inc. in the amount of \$7,602,000.00 to continue ongoing services and to cover costs during FY 20 and FY 21 and the installation of additional cameras.

DOT – cont'd

On Wednesday, January 27, 2021, the Board approved a Memorandum for the Increase to the Contract Value to American Traffic Solutions, Inc. in the amount of \$6,160,000.00 to continue ongoing services and to cover costs of an additional 25-speed cameras.

On Wednesday, September 1, 2021, the Board approved a Memorandum for the Increase to the Contract Value to American Traffic Solutions, Inc. in the amount of \$7,248,000.00 to continue ongoing services and to cover the cost through June 30, 2022. The Board also approved a memorandum exercising the first of the two options to extend the term of this Agreement for an additional two-year period resulting in an expiration date of May 17, 2024.

The Maryland General Assembly enacted Md. Code Ann., Transp. §21-809 b et seq., effective June 2021, to allow the installation of two-speed camera systems on Interstate-83 (“I-83”) within Baltimore City. A camera will operate in the northbound and southbound lanes.

Traffic accidents involving serious property damage and personal injuries are in many cases directly caused by the excessive and illegal speed of vehicles operated on I-83. It is in the public interest to reduce the excessive and illegal speed of vehicles on I-83, and it has been shown that speed camera systems are effective in reducing vehicle speeds.

The Department estimates approximately 150,000 citations per month, which accounts for a monthly fee of \$925,000.00 and results in an ask from the Board of \$6,660,000.00. This amount would cover the Department for six months after the three-month warning period.

The parties now desire to amend the Original Agreement to add two-speed camera systems to the speed cameras currently deployed and maintained by Contractor, to locate said speed cameras on I-83 and thereafter operate and maintain them in full compliance with all the requirements of Md. Code Ann., Transp. § 21-809 b et seq.

Department of Public Works – Memorandum of Understanding

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of Amendment No. 2 to a Memorandum of Understanding (MOU) with Northeast Maryland Waste Disposal Authority. This is the second amendment to the MOU that will increase the duration time of the contract by two-years for a total contract duration time of five-years. The current expiration date is December 31, 2021 and the new expiration date is December 31, 2023.

AMOUNT OF MONEY AND SOURCE:

No funds are needed for this request.

BACKGROUND/EXPLANATION:

On December 12, 2018, the Board approved the original MOU in the amount of \$5,000,000.00 for a one-year contract which had an expiration date of December 31, 2019. For Amendment No. 2, the Bureau of Solid Waste (BSW) requests a two-year time, no-cost extension to the MOU to continue implementing regulatory compliance projects at the Quarantine Road Landfill.

Quarantine Road Landfill has received numerous violations from the Maryland Department of Environment (MDE) for non-compliance with Refuse Disposal Permit No. 2014-WMF-0325 and Industrial 12-SW Stormwater General Discharge Permit, and from the City for non-compliance with Baltimore City Code, Article 7, §31-8. Under the existing MOU, BSW has been able to make progress toward achieving compliance with the MDE Refuse Disposal Permit. The major accomplishments have been: 1) Daily Cover and Seep repair, 2) Cell 6 Liner Repair, 3) Erosion and Sediment Control Plan, and 4) Installation and monitoring of groundwater monitoring wells at the Landfill and former Millennium Landfill. The proposed scope of work items scheduled to be accomplished under this no-cost extension include 1) Leachate Storage Tank Design and Construction, 2) Stormwater maintenance and repairs, and 3) Completion of Leachate Conveyance Repairs and Improvements. Baltimore Development Corporation – Lease, Development and Operating Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Lease, Development, and Operating Agreement with Baltimore Arena Company, LLC (the “Tenant”), an affiliate of the Oak View Group (“OVG”), a national arena developer and operator, for the lease, development, and operation of the City-owned Baltimore Arena located at 201 West Baltimore Street (the “Baltimore Arena”). The period of the Lease, Development and Operating Agreement is 30 years, with two 10-year First Right of Negotiation terms.

AMOUNT OF MONEY AND SOURCE:

The Tenant will expend at least \$150,000,000.00 in renovating the Baltimore Arena. The source of these funds will be private equity investments from OVG’s investors and debt financing.

The City, through BDC, will provide general development support through the design, development, and construction period.

During the operating term, the Tenant will fund the Arena’s operations and its debt service through its own equity and debt funding and reserves, ticket sales, rentals, and other revenues, and other sources. During this term, the City will pay the Tenant an annual Support Contribution to support the Tenant’s operations, which Fee will be equal to the admission and amusement taxes, real property taxes, personal property taxes, and other taxes generated by the Tenant and the Arena (over \$1,750,000.00 which base will increase by the lesser of 2% or CPI each year).

BACKGROUND/EXPLANATION:

BDC, on behalf of the Mayor and City Council of Baltimore, solicited a Request for Proposals for The Baltimore Arena dated November 25, 2020 (“RFP”) seeking written proposals from qualified Respondents for the redevelopment and management of the Baltimore Area located at 201 W. Baltimore Street. BDC received three proposals in response to the RFP from:

- 1) OVG,
- 2 Metropolitan Development and ASM (the present operator); and
- 3) Spectra.

AGENDA

BOARD OF ESTIMATES

Baltimore Development Corporation – cont'd

The City awarded an Exclusive Negotiating Privilege to OVG in June to negotiate a Lease and Management Agreement for the Baltimore Arena, largely due to its proposal offering a significant investment to redevelop the Baltimore Arena, delivering an aggressive timeline for redevelopment, and demonstrating a substantial commitment to MBE/WBE participation (not only in construction, but also during operations) and local involvement throughout the project and operation of the Baltimore Arena. Importantly, OVG is also committed to substantial minority participation in its ownership, including Maryland's own, Kevin Durant.

Pursuant to the Agreement, OVG will, with no City funds, invest at least \$150,000,000.00 in renovating the Baltimore Arena. Construction will commence promptly following the 2022 Central Intercollegiate Athletic Association ("CIAA") Men's and Women's Basketball Tournaments and be substantially completed prior to the start of the 2023 CIAA Tournament. The Agreement holds OVG to "comparable arena facilities" operating standards, including a minimum of 84 events, including concerts, sporting events, civic events, family shows, trade shows, and other events. Additionally, the City, on a "direct cost reimbursement" basis, may schedule four "City/Community Use" events each year.

Under the terms of the Lease, OVG has a goal of raising \$500,000.00 each year in charitable contributions through fundraisers. Once the project reaches an Internal Rate of Return ("IRR") of 15%, the City will receive, as its "Landlord Upside", 25% of all "Arena Distributable Cash" that then would be distributed to the equity owners. The Tenant is obligated to fund at least \$750,000.00 annually in the first ten years and at least \$1,500,000.00 per annum thereafter to a Capital Fund for ongoing capital improvements and replacements.

The Support Contribution to be paid to the Tenant will be equal to all real estate taxes, personal property taxes, admissions and amusement taxes, and other taxes collected by the City arising out of the lease and operation of the arena, less \$1,750,000.00, which threshold will increase by the lesser of 2% or the consumer price index each year.

The initial operating term of the Agreement will be thirty years, followed by two ten-year "First Right of Negotiation" terms for OVG.

MBE/WBE PARTICIPATION:

The Tenant has committed to comply with the Minority and Women's Business Enterprise Program of the City and has agreed to use all reasonable, good faith efforts

to meet 27% MBE and 10% WBE participation in construction, with an overall goal of 45% MBE/WBE. The Tenant has also committed to achieve 45% MBE/WBE participation among its vendors and employees during operations.
