THE DEPARTMENT OF FINANCE

PRESENTED THE

PROPOSED ORDINANCE OF ESTIMATES FOR FY 2019

AND

AN ORDINANCE TO LEVY AND COLLECT A TAX

AND

REQUESTED AUTHORIZATION TO ADVERTISE

THE ORDINANCE OF ESTIMATES
President: “The first item on the non-routine agenda can be found on Page 1. The Department of Finance will present the Proposed Ordinance of Estimates for FY 2019 and an Ordinance to Levy and Collect a Tax and Request Authorization to Advertise the Ordinance of Estimates. Will you please come forward?”

Mr. Bob Cenname: “Thank you and Good morning Madam Mayor, Mr. President, Madam Comptroller, members of the Board. My name is Bob Cenname uh -- City Budget Director and I am here today to present the proposed Fiscal 2019 Ordinance of Estimates and uh -- uh -- proposed Property Tax Ordinance. So, in the proposed Ordinance of Estimates, we are recommending $2.8 billion dollars of operating expenses. That is an increase of $47.9 million or 1.7% above the Fiscal 2018 level. The General Fund operating budget is $1.86 billion. That is $44 million dollars or 2.4% above the Fiscal 18 level and we are also recommending $680.9 million dollars of capital expenses that includes $105 million dollars of General Fund-backed sources, which is the highest investment level since pre-recession -- since pre-recession times in 2009. When we came
uh -- in -- in March when we presented a balance plan at the -- uh -- pre -- preliminary budget, there have been a few minor changes that we are presenting today. They’re in the uh -- the final budget that you have in front of you and most of those are due to state action. When we get the final state -- State budget uh -- request we -- we include those in the final budget. Two worth mentioning, on the operating side, there’s $3.5 million dollars that we got from the State as a grant for the Safe Streets Program that’s now reflected and on the Capital Budget. Uh -- there are additional grants that we got from the State: $5.5 million dollars of Transportation related grants and an additional $3 million grant from the State for uh -- specifically for the Hanover Street Bridge project. The Property Tax Ordinance that we’re proposing today would maintain the City’s rate at $2.24 dollars per $100.00 of assessed value, uh -- the personal property tax rate, by law, is 2.5 times the real property rate that would be $5.62 per $100.00 of assessed value. And so, I ask for the Honorable Board today to approve this and move both Ordinances on for consideration to the City Council.”
President: “Okay. So you -- you -- you’re asking for the Ordinance of Estimates and the um -- Levy and Collect -- to collect the Tax?”

Mr. Cenname: “That’s right.”

President: “Okay. What about authorizing the -- the -- the advert -- advertisement of the Ordinance of Estimates. Can you include all of that?”

Mr. Cenname: “Sure -- sure -- sure. So, once it’s approved today um -- the Charter requires us to publish the Ordinance and the Property Tax Levy in two daily newspapers, which we’ll do by the end of next week.”

President: “Okay. Uh -- any questions? I will enter -- entertain the Motion to approve the Ordinance of Estimates for Fiscal 2019, approve the Ordinance to Levy and Collect the Tax and authorize Advertisement of the Ordinance of Estimates.”

Deputy City Solicitor: “So moved.”

Comptroller: “Second.”

President: “All those in favor say AYE. All opposed NAY. Um -- Please note that um -- as Council President I have to ABSTAIN because this is coming before the City Council. The Motion carries.”

Department of Law – Settlement Agreement and Release

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Settlement Agreement and Release of the claim brought by Matthew Fenderson against Officer Orlando Guerrero for assault and related claims.

**AMOUNT OF MONEY AND SOURCE:**

$50,000.00 – 1001-000000-2041-716700-603070

**BACKGROUND/EXPLANATION:**

On January 7, 2016, Officer Guerrero was conducting proactive enforcement actions in the 200 block of N. Monastery Avenue. He observed Mr. Fenderson enter a convenience store known to Officer Guerrero to have been used in the past for street level narcotics transactions and from which multiple individuals had been banned. Officer Guerrero’s investigation of Mr. Fenderson’s presence in the store revealed that he had not been banned and that, indeed, the store clerk had no objection to his presence.

Later, Officer Guerrero re-entered the store to question Mr. Fenderson, who was playing “horses,” apparently a form of electronic game. Mr. Fenderson apparently refused to identify himself when asked and became agitated by the efforts of Officer Guerrero to identify him. At one point, the exchange became heated and Officer Guerrero withdrew his Taser from its holster but he did not employ it. Officer Guerrero left the store and was followed by Mr. Fenderson, who continued to yell expletives at Officer Guerrero and to record Officer Guerrero with his cellphone. As he did so, he walked into the Street; Officer Guerrero began recording Mr. Fenderson. The two exchanged words and eventually Officer Guerrero took Mr. Fenderson into custody by performing a hip throw to take him down. Mr. Fenderson was charged with disorderly conduct and resisting; all charges were dismissed.
Department of Law – cont’d

Mr. Fenderson alleged in this lawsuit that he suffered serious, debilitating and permanent injury to his left knee and was required to undergo surgery as a result of his encounter. At least one witness is prepared to corroborate Mr. Fenderson’s assertions that he did nothing in the officer’s presence that warranted his arrest.

Given the uncertainty of litigation, existence of video evidence potentially regarded as favorable to Mr. Fenderson, and conflicting versions of the events at issue, the Settlement Committee of the Law Department is persuaded that settlement of the claim in this instance for the proposed amount of $50,000.00, is in the best interests of the Mayor and City Council and the Police Department.

APPROVED FOR FUNDS BY FINANCE

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Settlement Agreement and Release of the claim brought by Matthew Fenderson against Officer Orlando Guerrero for assault and related claims.

On February 28, 2018, the Board approved the acquisition of the $22,000.00 leasehold interest, by condemnation, in the property located at 2715 Fenwick Avenue. Unfortunately, the purchase price listed in the memo was in error. Therefore, the Board is requested to rescind the prior condemnation approval and approve the condemnation, the leasehold interest in 2715 Fenwick Avenue for the amount of $20,533.00.

The fair market values were substantiated in appraisals made by independent appraisers contracted by the City. This will permit the City to have title to, and if necessary immediate possession of these properties in conformity with the requirements of the applicable law.

UPON MOTION duly made and seconded, the Board approved the Options, the Condemnations, and the Recission of Condemnation/Approval of Condemnation.

Department of Housing and Community Development (DHCD) - Unit Amendment to Home Investment Partnership Program Loan

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the Unit Amendment to the Home Investment Partnership Program Loan with TRF DP (Borrower).

The Board is further requested to authorize the Commissioner of the Department of Housing and Community Development to execute any and all documents to effectuate this transaction subject to review and approval for form and legal sufficiency by the Department of Law.

**AMOUNT OF MONEY AND SOURCE:**

No additional funds are required.

**BACKGROUND/EXPLANATION:**

On May 18, 2016, the Board approved the HOME Investment Partnerships Program Loan in an amount of $550,000.00 (HOME Loan) and a $2,000,000.00 Community Development Block Grant Loan (CDBG Loan, and together with the HOME Loan, the City Loans) to East Baltimore Historic III, LLC, an affiliate of TRF DP.

The proceeds of the City Loans (City Proceeds) are being used to support a portion of the costs of the development of approximately 47 residential rental units located within the Johnston Square, Oliver, and EDBI neighborhoods of Baltimore City. The HOME Loan proceeds are restricted to financing a portion of the hard construction costs of ten units and the CDBG Loan proceeds have been restricted to financing a portion of the hard construction costs of 39 units.

Upon completion, the Project was expected to contain a mix of 1, 2, 3, and 4-bedroom units. Two of the units are to be restricted
DHCD – cont’d

and occupied by households with incomes at 41% - 50% of the area median income (AMI). Eight of the units will be restricted and occupied by households with incomes at 51% - 60% of the AMI. The remaining 37 units will be restricted and occupied by households with incomes at 60% - 80% of the AMI.

Since the Loan closing, several external factors have impacted the project: public safety issues in and around the sites, continued deterioration of long-term abandoned buildings, industrywide construction escalation in construction materials and labor, and proposed and enacted changes in the Federal Tax Code. These externalities have led to: 1) significant staffing changes at TRF DP; 2) the addition of new subcontractors; 3) the decision to forgo the rehabilitation of two units (due to structural conditions); and 4) the expedited acquisition of 1113, 1129, and 1203 N. Bond Street and 1308 N. Caroline Street before the end of 2017, which ensured all units were covered under the previous tax laws. Because of these factors, the Borrower has requested the deletion of the following four properties listed in the original approval that the Borrower never owned: 701 East Preston Street, 1724 East Preston Street, 1122 North Bond Street and 1117½ North Caroline Street.

The proposed amendment will address the elimination of four units and significantly higher construction costs than originally budgeted. The changes in project costs will be absorbed by increasing a related party loan (the TRF DP Loan) and reducing the TD Bank permanent loan. The loans provided by CDA and the City are to remain constant. All other terms and conditions of the original 2016 Board Memo remain unchanged.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Second Amendment to Assignment of Facility Site Lease with the Northeast Maryland Waste Disposal Authority (Authority).

The Board is also requested to approve and authorize execution of the Second Amendment to Sludge Disposal Agreement with Northeast Maryland Waste Disposal Authority.

The Board is further requested to approve and authorize execution of the Second Amendment to Facility Site Lease with Northeast Maryland Waste Disposal Authority.

The Second Amendments will extend the period of the agreements through June 20, 2018, with an option for the City to renew for two additional one-year periods.

AMOUNT OF MONEY AND SOURCE:

$2,448,537.00 - 2070-000000-5501-630057-603092

BACKGROUND/EXPLANATION:

The Second Amendment are to certain agreements with the Northeast Maryland Waste Disposal Authority related to the composting of sewage sludge generated at the Back River Wastewater Treatment Plant at a facility owned by Veolia Water North America-Central, LLC (Veolia) that is sited on City-owned property, pursuant to a Facility Site Lease.
In March 1984, the City, in its 201 Facilities Plan for the Back River Wastewater Treatment Plant, determined that a three-prong approach to sewage sludge management would best meet its needs for environmentally-safe, long-term sludge disposal. The three disposal techniques to be utilized were: land application, heat drying, and composting. In September 1984, the City asked the Authority to conduct a competitive procurement process to select a private firm to design, construct, own and operate a sludge composting facility. The result of the procurement was the Baltimore City Composting Facility, which was constructed and is now owned by Veolia, located on City property under lease.

The original contracts titled “Sludge Disposal Agreement Between Northeast Maryland Waste Disposal Authority and Mayor and City Council of Baltimore” and “Facility Site Lease Between Mayor and City Council of Baltimore and Northeast Maryland Waste Disposal Authority” were both approved by the Board on March 4, 2008.

The first amendments for the same contracts, which included time extensions to June 20, 2018, were approved by the Board on June 26, 2013. By the Second Amendments to the contracts, and the Second Amendment to Assignment of the Facility Site Lease, the Department is now seeking five additional years of composting services at a cost that is comparable to its current cost for the services. The Amended Agreements provide for two extensions of one year each, exercised at the City’s option.

The remainder of the Back River Sludge that is not processed by the Composting Facility is processed by a Heat Drying Facility operated by Synagro. The City approved a ten-year extension to the Synagro contract in 2015, which includes a no-penalty termination option in 2023. The approval of the Second Amendments would align with the Synagro contract allowing the City to maintain its reliable sludge disposal contract for another 8 to 10 years.
Department of Public Works - cont’d

In addition, the City is in the final stages of completing a Biosolids Master Plan to carry the City through its sludge processing/disposal needs over the next 20 to 30 years. Preliminary options will require design, permitting and construction of facilities, which will take the next five to seven years. The Amendment of the Sludge Disposal Agreement is the final piece needed to maintain continuity in the operation over this time period.

MBE/WBE PARTICIPATION:

MWBOO has established a 5% MBE goal and a 2% WBE goal, which the Authority and Veolia are contractually required to meet.

Department of Law - Settlement

ACTION REQUESTED OF B/E:

The Board is requested to approve the settlement reached in a federal court damages action brought by James Owens against the Baltimore City Police Department and several detectives for alleged violations of his federal due process right to a fair trial. Mr. Owens alleges that as a result of the acts and omissions of the detectives, he was wrongly convicted of rape and murder and thereafter spent twenty years in state prison.

AMOUNT OF MONEY AND SOURCE:

$9,000,000.00 - 2044-000000-1450-703800-603070

The total amount of the settlement is $9,000,000.00, to be paid in installments over six fiscal years commencing with a payment of $3,000,000.00 by June 30, 2018; $2,000,000.00 by July 15, 2018; and four annual payments of $1 million each commencing in fiscal 2020 by July 15th of each of those fiscal years.

BACKGROUND/EXPLANATION:

This settlement recommendation is made after a thorough and careful consideration of the procedural posture and substantive issues in this case, which is currently scheduled for a jury trial later this spring. Although the Baltimore City Police Department and the detectives who have been sued in this action dispute virtually all of the material facts alleged by Mr. Owens, the recommendation to settle this action is rooted in the following background factual allegations, which are the allegations on which the United States Court of Appeals for the Fourth Circuit found and concluded, in an opinion issued on September 24, 2014, could possibly be proven if this case were to go to trial before a jury:
In the early morning hours of August 2, 1987, Colleen Williar was raped, robbed, and murdered in the second-floor bedroom of her Baltimore City apartment.

The following day, one of Williar’s neighbors, James Thompson, contacted the City Police Department to inquire about a reward it had offered for information relating to Ms. Williar’s death. Thompson claimed that he had found a knife outside of Ms. Williar’s apartment the previous evening, which he had carried home and cleaned before realizing its connection to the crime. Over the course of Thompson’s conversation with police, however, it became apparent that Thompson had not simply “happened” on the knife, as he originally claimed. Rather, in response to questioning from Officers Thomas Pelligrini, Gary Dunnigan, and Jay Landsman (collectively, “the Officers”), Thompson asserted that he had retrieved the knife at the behest of his friend, James Owens. The Officers executed a search warrant at Owens’s apartment, but found no physical evidence linking Owens to the crime. Even though the search was fruitless, police arrested Owens on the basis of Thompson’s statement. A grand jury then indicted Owens for Ms. Williar’s murder, rape, and burglary.

On the eve of Owens’s trial, Assistant State’s Attorney (“ASA”) Marvin Brave, the prosecutor assigned to Owens’s case, began to question the veracity of Thompson’s version of events. When ASA Brave raised these concerns with Thompson, the witness retracted his statement and offered another explanation for the knife’s acquisition. This time, Thompson stated that the knife belonged to him, but he claimed that it had gone missing after Owens visited Thompson at his home. The day after Ms. Williar’s murder, Owens assertedly returned the knife to Thompson, who noticed blood on the weapon’s blade and handle.
When Thompson questioned Owens about the origin of the blood, Owens denied using the weapon and told Thompson to keep quiet about it.

At trial, ASA Brave presented only this third version of events to the jury. Brave never informed defense counsel about Thompson’s earlier accounts, and thus, when cross-examining Thompson, defense counsel was unaware that the witness had changed his story several times over the course of the investigation.

Nevertheless, defense counsel apparently cast enough doubt on Thompson’s testimony to prompt ASA Brave to seek out additional evidence of Owens’s guilt. To this end, mid-trial, ASA Brave ordered testing of a pubic hair found on Ms. Williar’s body. When the results were returned, however, they indicated that Thompson—not Owens—matched the sample. Concerned that Thompson was involved in the crimes, ASA Brave instructed the Officers to reinterrogate Thompson.

At ASA Brave’s direction, Officers Pelligrini, Dunnigan, and Landsman brought Thompson into the stationhouse and questioned him for two hours. The Officers accused Thompson of lying on the witness stand, warned him that he “was in a lot of trouble,” and asserted that he could be charged with a crime for his misrepresentations to the jury. After receiving their warnings, Thompson stated that he wanted to change his story yet again. In fact, over the course of the two-hour interview, Thompson changed his story five additional times.

In his first new attempt, Thompson told the Officers that he and Owens had broken into Ms. Williar’s apartment on the day of the murder only to find Ms. Williar already dead in her bedroom. When the Officers replied that they did not believe him, Thompson offered another iteration. This time, he contended that Owens had raped and murdered Ms. Williar upstairs while Thompson waited downstairs in the living room.

The Officers responded that there was evidence that Thompson had been on the second floor, and thus, his amended account could not be true. After this prompt, Thompson admitted that he had been on the second floor, but insisted that he had hidden in the bathroom during Owens’s crimes. The Officers again rejected Thompson’s story, stating that investigators had found physical evidence of Thompson’s presence in Ms. Williar’s bedroom. In response, Thompson admitted that he had been in the bedroom while Owens raped and killed Ms. Williar, but he insisted that he had refused to participate in any assault. At this point, the Officers informed Thompson that his pubic hair had been found on Ms. Williar. Faced with the forensic evidence, Thompson offered a fifth version of events.

In this account, Thompson claimed that he and Owens had broken into Ms. Williar’s apartment with the intent to steal her jewelry. When the pair found the victim alone in her bedroom, Owens raped and killed her, while Thompson masturbated at the foot of her bed.

After the Officers elicited this latest account, Officer Landsman told ASA Brave about Thompson’s final version of events. None of the Officers disclosed that Thompson had offered several other accounts of what happened, all of which differed dramatically from the version of events related to ASA Brave as well as from the physical evidence.

Following his conversation with the Officers, ASA Brave immediately called Thompson back to the witness stand and had him share with the jury his new account of what happened. However, because only the Officers knew of the inconsistencies in Thompson’s statements, neither ASA Brave nor defense counsel questioned Thompson about the four inconsistent versions of the story that the witness had offered before he settled on his final account. Moreover, neither ASA Brave nor the Officers told defense counsel about the discovery of Thompson’s pubic
hair. Indeed, when defense counsel inquired about whether there had been forensic testing of the hair, ASA Brave represented to the court that "there [hadn’t] been any match made" between the sample and a suspect.

The jury convicted Owens of burglary and felony murder, and the trial court sentenced him to life imprisonment without the possibility of parole. Owens filed an unsuccessful appeal, and, over the course of the next two decades, several unsuccessful state-court petitions for post-conviction relief. In 2006, however, a state court granted Owens’s request for post-conviction DNA testing. The results were returned some months later and indicated that Owens’s DNA did not match the blood and semen evidence found at the scene of the crime.

On June 4, 2007, a state court granted Owens’s “petition to reopen his Post Conviction Proceeding” and ordered that “by agreement of Counsel and this Honorable Court, Petitioner shall be granted a new trial.” During the next sixteen months, Owens remained in state prison awaiting retrial. On October 15, 2008, the State’s Attorney entered a nolle prosequi, dropping the charges against him. On that date, after Owens had spent more than twenty years in prison, the state court ordered him released from incarceration.

On October 12, 2011, Owens filed this action under 42 U.S.C. §1983 against the Mayor and City Council of Baltimore, the Baltimore City State’s Attorney’s Office, ASA Brave, the Baltimore City Police Department (“BCPD”), and Officers Pelligrini, Dunnigan, and Landsman. In his complaint, Owens alleges that the defendants violated his constitutional rights by intentionally and in bad faith withholding exculpatory and impeachment evidence at his 1988 trial.

All defendants moved to dismiss the complaint. After Owens voluntarily dismissed the claims against the Mayor and City
Council of Baltimore, the district court, in an oral ruling, dismissed the claims against the other defendants.

Mr. Owens appealed the dismissal of the case. Subsequently, although each of the three judges on the appellate court reached different conclusions on several of the legal issues presented, the court ultimately voted 2-1 in favor of Mr. Owens, reversed the judgment in favor of the Police Department and the detectives, and held that Mr. Owens had sufficiently alleged his claims and that, essentially, only a jury could resolve the disputes between the parties about what actually happened during the trial in 1988.

Given the uncertainty of litigation, including the unpredictability of how a jury might evaluate the evidence in this case, the fact that there is no statutory cap on the potential damages (and attorney’s fees) that could be awarded in this case if Mr. Owens prevails at trial, the current legal environment surrounding the Baltimore City Police Department, and even allowing for the sharply conflicting versions of the events at issue, the Settlement Committee of the Law Department is persuaded that settlement of the claim in this instance for the proposed total amount of $9,000,000, payable in installments as set forth above, is in the best interests of the Mayor and City Council and the Police Department.
