Department of Finance - Children and Youth Fund Disbursement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve a \$3,000,000.00 contribution for distance learning to the Baltimore City Public School System (BCPSS).

**AMOUNT OF MONEY AND SOURCE:**

\$3,000,000.00 - 6000-606220-4460-792300-607004

Funding will be provided through the Children and Youth Fund.

**BACKGROUND/EXPLANATION:**

On March 5, 2020, Governor Larry Hogan declared a state of emergency in Maryland due to the impending threat to public health and safety created by the COVID-19 pandemic. On March 19, 2020, Mayor Bernard C. "Jack" Young declared a local state of emergency to help Baltimore procure goods and services needed to support and protect its residents. The COVID-19 pandemic has put at risk the ability of BCPSS students to have access to the resources they need to continue their academic progress.

On April 27, 2020, the City Council passed Council Bill 20-0519 which was subsequently approved by the Mayor. Section 4 of Council Bill 20-0519 authorizes the Board of Estimates to utilize unused balances in the City's Children and Youth Fund from FY19 and FY20 to fund City programs or grants to program and service providers that align with the purposes of the Fund. The disbursement of funds must relate to the State of Emergency declared by the Governor and Mayor due to the COVID-19 pandemic. The \$3,000,000.00 contribution to BCPSS is being made from the Children and Youth Fund under this provision of law.

**MINUTES**

The Office of Engineering and Construction, during the construction of the project, required additional work.

Clearing beyond the Limit of Disturbance (LOD) was requested by the City because the area outside the LOD was clogging a culvert that leads into the stream. An existing concrete wall that was discovered during construction required removal. The concrete wall was located along the stream banks and impacted the flow of water in the new design. The scope of the construction project included work at three separate and definitive sites with separate permits, construction management requirements, special conditions, and construction details and materials.

The Office of Engineering and Construction is requesting this extra work order to complete the restoration project. The required work performed was outside of the scope of the contract.

First, the No. 57 stone drain installed per the designer's recommendation had to be replaced due to a water main break that ruptured in the middle of the soil lift. The water constantly flowing into the work area where the lift was being built was causing failures and needed to be redirected. Second, Environmental Quality Resources, LLC also had to take additional measures to protect the work area and install sandbag dams and a diversion fence along Beech Drive to divert the water away from the soil lift. Third, prior to completion of the contract a section of the project was destroyed by heavy rain. Additional work is required to remobilize the site, replace existing cobble riffle with boulder riffle, and repair/replace the flood plain soil and the grade control sill.

The Certificate of Completion Form will not be completed until a scheduled time after final payment and final completion has been given by the Agency.

Department of Public Works - Emergency Consent Agreement for  
Special Medical Waste Management

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Emergency Consent Agreement for Special Medical Waste Management with the Maryland Department of the Environment (MDE) to temporarily authorize the City to accept special medical waste generated by the COVID-19 pandemic at the City's Quarantine Road Municipal Landfill.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

The City owns and operates the Landfill pursuant to a Refuse Disposal Permit, No. 2019-WMF-0325 (Permit), issued by the MDE for the disposal of certain municipal solid waste. The City is specifically prohibited from accepting special medical waste at the Landfill pursuant to the terms of the Permit. Nonetheless, the MDE retains authority under Maryland Code, Title 9, subtitle 2 of the Environment Article to require a "refuse disposal system to be operated in a manner that will protect public health and comfort" and may further order a refuse disposal system to operate in a manner that the MDE "considers proper under the circumstances, if the absence or incompleteness of a refuse disposal system is sufficiently prejudicial to public health or comfort."

Special medical waste produced during the COVID- 19 pandemic may overwhelm current means of disposal for the region. Consequently, the MDE is addressing this deficiency by authorizing the Landfill to accept special medical waste during the pandemic, if such alternative disposal means become necessary.

**MINUTES**Department of Public Works - cont'd

In order to safely handle this special medical waste, the City has developed a disposal plan that limits the waste that will be accepted to two deliveries of special medical waste a week, produced from the operation of the Baltimore City Convention Center as a supplemental medical facility. The disposal plan ensures that deliveries of special medical waste are contained and will be placed in designated cells using heavy equipment and without the need for direct contact by solid waste employees. The disposal plan also contains requirements for worker safety, including the use of personal protective equipment.

Moreover, the City has retained the ability to refuse deliveries if it deems that it cannot be handled in a manner that suitably protects employees or in accordance with the approved disposal plan.

**MBE/WBE PARTICIPATION:**

Comptroller: "Mr. President, I am voting **NO** on the Consent Agreement for Medical Waste Management on pages 34 and 35 of this week's Agenda. I certainly understand COVID 19 has altered the way government does business and requires quick action in response to unique circumstances. But I am concerned that this agreement basically requires Baltimore City to store dangerous medical waste in our landfill at a time when the City is beginning to make progress on addressing sources of waste that pose health hazards

to our residents. On April 6, the City Council adopted a Resolution on Baltimore's Fair Development Plan for Zero Waste. The Plan is aimed directly at addressing inequitable health outcomes and harm to communities that arise from the City's waste disposal practices. I support the Plan for Zero Waste as well as Mayor's Young Administration ongoing legal appeal to enforce the Baltimore Clean Air Act against the BRESKO and Curtis Bay incinerators. I am concerned that the City is committing itself to storing waste that could become a costly long-term liability and a hazard to our environment. For all these reasons I am voting **NO** on the MOU for Medical Waste Disposal at the Quarantine Road Landfill."

\* \* \* \* \*

Department of Public Works - License Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a License Agreement with Tradepoint Atlantic LLC to allow the City to discharge treated effluent from the Back River Wastewater Treatment Plant through private infrastructure owned by Tradepoint. The period of this agreement is April 1, 2019 through October 31, 2022 with an automatic one year extension.

**AMOUNT OF MONEY AND SOURCE:**

\$1,802,000.00 - 2070-000000-5501-393100-603065

**BACKGROUND/EXPLANATION:**

The City owns and operates the Back River Wastewater Treatment Plant, which discharges treated effluent through two outfalls pursuant to a permit issued by Maryland Department of the Environment. Although most of the treated effluent is discharged into Back River, historically, a portion has been pumped to Sparrows Point to provide industrial process water for the steel industry. The steel plant is now closed and the current owner, Tradepoint, has no need for the City's treated effluent. Nonetheless, the City's discharge permit prevents the City from discharging more than 130 MGD of effluent to Back River, in order to preserve water quality. Consequently the City is forced to discharge a portion of its effluent to Sparrows Point. In order to retain its ability to discharge to Sparrows Point, the City has negotiated a License Agreement with Tradepoint. The License Agreement includes the following provisions:

- The City and Tradepoint will cooperate to establish a permanent solution where the City will construct its own infrastructure on the edge of Sparrows Point to a new discharge point into the Patapsco River;

**MINUTES**Department of Public Works - cont'd

- Tradepoint will grant the City a License to operate and use some of the existing infrastructure on Sparrows Point to accommodate the ongoing effluent discharges through October 31, 2022, with the right to extension terms;
- The City will pay a total license fee of \$602,000.00 for the duration of the contract. The total cost is a \$14,000.00 per month fee for approximately 43 months (April 1, 2019 through October 31, 2022). If the license is extended beyond the initial expiration date an increased monthly fee of \$119,286.00 will be incurred; and
- The City will maintain a contingency fund of \$1,200,000.00 in order to pay for certain qualified expenses that Tradepoint may incur as a result of the City's continued discharge.

The Agreement will also have associated operational costs and potential contingencies if the continued discharge negatively impacts Tradepoint. Costs will be paid through the wastewater utility's enterprise fund. The late submission is due to the lengthy negotiations that extended for a few months.

The Board is requested to approve and authorize execution of a No-Cost Time Extension to the Agreement with the United States Geological Survey (USGS). The No-Cost Time Extension will extend the period of the Agreement through September 30, 2020.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

On October 3, 2018, the Board approved the agreement between the Mayor with the USGS to perform a 2 year pilot study to demonstrate the use of innovative monitoring and analysis techniques for polychlorinated biphenyls. The lab performing the analysis was issued a contract several months after the USGS causing a delay in receiving the data. \$375.000.00 - 7000-713820-5154-388100-407001

**BACKGROUND/EXPLANATION:**

The Recycling Partnership will make a cash grant to DPW in an amount not to exceed \$250,000.00 to support the improvement of recycling program materials quality and resident engagement from DPW's residential curbside recycling program.

In addition to the Cash Grant, during the Grant period TRP will also provide DPW with access to resources, TRP staff time, and other in-kind services with an estimates value of \$125,000.00. The purpose of these in-kind services is to support DPW's public recycling program through the provision of technical support for strategic planning, program assessment, and recycling education and outreach including recycling program outreach collateral.

Department of General Services - Ratification of Second Amendment to Grant Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to ratify the Second Amendment to Grant Agreement with The Reinvestment Fund, Inc. (TRF) for the Community Energy Savers Program. The Second Amendment extends the period of the agreement thorough December 31, 2022.

**AMOUNT OF MONEY AND SOURCE:**

No additional grant or City funding is requested for this program.

**BACKGROUND/EXPLANATION:**

In 2014, City received a grant from the Maryland Public Service Commission (PSC) as a result of the Exelon and Constellation merger settlement. A portion of this Customer Investment Fund (CIF) grant was purposed to the Department to support energy efficiency loans and small grants to nonprofits, small businesses, and City buildings that house programs for low income residents.

The Board approved the original agreement with TRF on September 3, 2014 to administer loans of \$150,000.00 or more. The agreement had a three year period with an optional annual extension and contained a "not to exceed" funding cap of \$5,000,000.00. The period of agreement was extended to September 17, 2018.

On June 13, 2018 the Board approved the first amendment to raise the funding cap "not to exceed" \$7,250,000.00 and extend the period of the agreement through September 17, 2019. As the nature of this agreement covers revolving loans that are structured to fully amortize at the end of calendar year 2022, the Department requests a supplemental Amendment to the Agreement for TRF to continue to manage loan servicing, issue new loan commitments with revolving principal, and report to the City on the performance of its portfolio.

**MINUTES**Department of General Services - cont'd

The prior Chief of the Energy Office left in July 2019, and thereafter the Energy Office was moved from Department of Public Works to Department of General Services and a new Chief started in November 2019.

Due to an administrative error during the transitions, the prior agreement expired before it could be extended by the Board.

The Second Amendment will allow TRF to continue to provide services. The Second Amendment's end date of December 31, 2022 aligns with the expected final payments on the majority of TRF's existing loans with CIF principal.

**MBE/WBE PARTICIPATION:**

The Minority and Women's Business Opportunity Office reviews each loan application before loan approval.

Department of General Services - Third Amendment to Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Third Amendment to Agreement with Henry Adams, LLC. The Third Amendment will extend the period of the agreement through May 12, 2021.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

On May 13, 2015, the Board approved the Agreement for a two year period with an upset limit of \$1,000,000.00.

On March 15, 2017 the Board approved the First Amendment to extend the agreement for two additional years.

On May 9, 2018 the Board approved a Second Amendment to increase the upset limit to \$2,000,000.00 and extend the agreement for one additional year.

The Third Amendment adds one additional year, which will allow Henry Adams, LLC to continue and complete ongoing services contracted within the Agreement and any additional tasks which may be identified. Henry Adams, LLC is currently providing specialized assistance with ongoing elevator issues at various City building. The Department would like to continue to utilize their team's expertise to resolve these issues.

Baltimore City Council - Governmental/Charitable Solicitation

**ACTION REQUESTED OF B/E:**

The Board is requested to endorse a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to benefit the artist residency/arts grants funding program, Artist/District. Councilman Ryan Dorsey wishes to solicit donations from friends, businesses, and organizations. The period of the campaign will be immediately upon Board approval to December 2020.

**AMOUNT OF MONEY AND SOURCE:**

No general funds are involved in this transaction.

**BACKGROUND/EXPLANATION:**

Donations will be solicited from businesses, civic leaders, the foundation community, and the general population. A potential donor list will be comprised of individuals and corporate entities that contribute to the economic, social, and cultural vitality of Baltimore City. Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors with respect to the City Council or the Board of Estimates will not be targeted or singled out in any way and will be solicited, if at all, in the same manner as the other potential donors.

Solicitations will be made for the establishment and operation of an artist residency/arts grants funding program in Baltimore City Council District 3 called Artist/District. The program will provide funding to artists residing in City Council District 3, selected by a panel of non-government officials. Non-Profits, businesses, organizations, and donors will be solicited directly by Ryan Dorsey. Solicitations will be made in person, by telephone, in writing, and email.

**MINUTES**

Baltimore City Council - cont'd

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official government program or activity, or a City-endorsed charitable function or activity. Ethics Regulation 96.26B sets out the standards for approval, which includes the requirement that the program, function or activity to be benefited and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.

UPON MOTION duly made and seconded, the Board endorsed a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to benefit the artist residency/arts grants funding program, Artist/District. Councilman Ryan Dorsey wishes to solicit donations from friends, businesses and organizations. The Mayor and President **ABSTAINED**.

**BACKGROUND/EXPLANATION:**

The Department, through its Office of Homeownership, runs the Live Near Your Work homeownership incentive program. This partnership between participating employers and the City of Baltimore is designed to encourage homeownership near place of employment. The City of Baltimore matches participating employers' contributions between \$1,000.00 to \$2,500.00. Over 80 employers are currently enrolled in the program.

The UMB is a participating employer, offering their employees an incentive up to \$16,000.00 to purchase a home in any of the following neighborhoods of West Baltimore: Franklin Square, Union Square, Mount Clare, Poppleton, Hollins Market, Pigtown/Washington Village, and Barre Circle (Eligible Neighborhoods). The City matches UMB's contribution of \$16,000.00 by providing \$2,500.00 of City capital funds to the buyer for the purchase of a property in an Eligible Neighborhood. This partnership will provide an employee of UMB with a total of \$18,500.00 to use toward down payment and settlement expenses.

The UMB and the City entered into an MOU which was approved by the Board of Estimates on January 24, 2018. The MOU sets forth details regarding cooperation between UMB and the City in implementing UMB's Live Near Your Work Program. The parties are modifying certain terms contained in the MOU. Specifically, the parties desire that after the initial term, the MOU will automatically renew for successive one year periods for so long as UMB funds for the program have not been exhausted. The original commitment made by UMB to fund its Live Near Your Work Program was \$1,500,000.00

This MOU is late because of administrative delays.

**MINUTES****ACKNOWLEDGEMENT**

President: "Thank you -- Thank you Madam Comptroller. Um -- before we go -- we go any further I want to take a moment to ah -- highlight a item on the agenda that we're going to approve today and that item is on page 9, Youth Fund ah -- Disbursement. As we all know this pandemic is having a devastating impact on our city's young people. And our City's vast technological ah -- and digital divide means that many students who are now expected to learn from home simply do not have the basic equipment or ability to do so. Today ah -- the Board will be approving the money from the Baltimore City Children and Youth Fund to go directly to the school system to be order -- in order to help our young people have the equipment and internet access to learn and continue their studies as they work digitally from home towards their future. Ah -- Mr. Mayor, I want to personally thank you and your staff for being open to the idea when it was brought to you guys and working with me and Councilman Cohen and the school system and others to make it happen. Ah -- this shows that Baltimore's leaders can put aside political issues ah -- to do what is right and necessary for our

young people who are our most precious resource. Ah -- this is something that is a mission that we all know is needed and it's a mission that can and should be adapted to meet the present need by using the Children and Youth Fund, at a time when our state leadership has denied our citizens the right to a 21<sup>st</sup> century world-class education. It shows that here in Baltimore we can all and will stand up and be the support system that our children need, and we know that we will go even further in the future."

**MINUTES****ACKNOWLEDGEMENT**

President: "Ah -- Madam Solicitor I know that you had something that you wanted to clarify."

Acting City Solicitor: "Um -- I do thank you for ah -- recognizing me. At last week's ah -- Board meeting we took up the question via the question of approval of a contract to a company called Lorenz and there was a, there were a couple of protests and in deciding that the protest should not ah -- be -- be adopted or accepted. I made a statement that the Law Department had done a search and could not find any complaints related to Lorenz or the mowing contracts. Ah -- and the appearance of the medians and that -- that troubled me, because it was um -- there was robust presentation that there had been um -- complaints made and I asked for the help of our Inspector General to see what complaints were documented and I was informed that a search of the city's 3-1-1 system um - revealed more than 1,000 complaints had come in, ah - - regarding the appearance of the medians and grass throughout the City of Baltimore and that was since January 2019 and since January

## MINUTES

2020, 137 complaints had come in. So I clearly was wrong when I said that there were no complaints or that we couldn't find them. Um -- we checked with the Bureau of Procurement and they again, confirmed yesterday that they didn't have any but the system that Baltimore uses to have um -- complaints weighed in by the community was very robust and very full of complaints and so I made a mistake when I said there were none and I um -- yesterday called the Mayor yesterday personally apologizing to him for that error. And because I made the statement publicly, I wanted to apologize to him publicly, and I do that now. But I also wanted to apologize to the public who might have been calling and said wait a second I called and I complained and you know we -- we have a disconnect um -- procurement and 3-1-1 issues but um - I will do better next time in hunting down complaints and issues but uh -- I wanted to make sure that was on the record. Thank you."
