Parking Authority of Baltimore City – Expenditure of Funds

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize an expenditure of funds to pay for repairs at the Little Italy Garage.

AMOUNT OF MONEY AND SOURCE:

$44,000.00 – 2075-000000-5800-408500-603016

BACKGROUND/EXPLANATION:

In 2008, Hoffman Architects contracted with the Parking Authority of Baltimore City to provide an extensive conditions assessment of the Little Italy Garage located at 400 S. Central Avenue. The inspection by Hoffman Architects found that the welded flange connections between the double tee beams at the upper center ramp are broken and no longer allow the deck to act as one monolithic plate as intended. This is a structural defect that reduces the strength of the garage structure to resist forces from wind and seismic events. The center (east-west) shear walls are very large and butted tight to one another over a very large distance. The restraint caused by these conditions has caused the connections to fracture in line with joints between the shear walls and has caused the deck to measurably separate during cooler months.

As a result of the movement in the deck beams, the sealant joints between the tee beams have failed allowing water to flow through the joints to the levels below. The open joints no longer provide the waterproofing as originally intended. It is Hoffman Architect’s opinion that the connections cannot be repaired to their original condition without a high probability of the connections re-fracturing in the future or causing adjacent connections to fracture. However, these connections are structurally significant and must be repaired to transmit loads as originally intended.
Parking Authority of Baltimore City – cont’d

To repair this condition Hoffman Architects recommends that specially designed undermounted brackets be installed that transfer required vertical, tensile, and shear forces, but which also allow for seasonal expansion across the joint. In addition to the these repairs, Hoffman Architects recommends that the sealant joints in the affected areas be cut out to remove all existing joint materials and be properly prepared to receive new sealant joints. The new sealant joints would include appropriate bond breakers and primers. These repairs should be completed immediately to prevent safety issues to patrons and employees.

The Parking Authority of Baltimore City obtained six bids to perform the connections and sealant joint repairs and found that the bid of Northpoint Builders, Inc. was the lowest bid and as such represents the best value to the City.

Re: Letter dated August 24/Postmarked September 27, 2013
B50003074, IT Assessment of City Agencies

Dear Ms. Pratt:

I am in receipt of your letter, dated August 24, 2013 and postmarked September 27, 2013, regarding the Stellar Services bid for the B50003074, IT Assessment of City Agencies project RFP.

Stellar Services, as a DBE and MBE, pays strict attention to every instruction on every RFP we choose to proffer a response to, including the subject RFP. As such, we read very carefully the language contained in the RFP and the direction appeared to be very clear, as stated below from the RFP:

GC2. GUARANTEE/DEPOSIT. (Bids or Proposals, when filed, shall be IRREVOCABLE.)

A. All bids/proposals (unless otherwise not-ed) shall be accompanied by one of the following:
   (1) A One-Time Bid Bond; or
   (2) An Annual Bid Bond or Continuous Bid and Performance Bond which must be on file at the time of bid receipt; or
   (3) A DEPOSIT OF $5,000 OR LESS by a check of any type drawn upon any solvent clearing house bank of the United States, a Registered Check or U. S. Postal Money Order, or
   (4) DEPOSIT OF MORE THAN $5,000 by a Certified Check, Bank Cashiers Check or Bank Treasurers Check.

B. All bid guarantees (unless otherwise noted) shall be computed as stipulated below, made payable to the “Director of Finance” and submitted with the bid. Amount of Bid
   (1) For bids of $100,000 and under: None
   (2) For bids over $100,000: 2% of the total bid.

C. Where an award is made, the Contract and Performance Bond requirements shall be promptly and properly executed. The requirements of prompt execution will be considered as fulfilled if accomplished within thirty (30) working days after award. Checks and/or a Bid Bond shall be forfeited to the City as liquidated damages, as required by Article VI, Section II of the City Charter, for failure to comply with this requirement. Upon execution of the Contract and Performance Bond, the City shall refund to the successful Offeror the amount deposited or release the amount charged against the bond as bid guarantee.

D. A bid guarantee posted by unsuccessful Offeror’s shall be refunded or released promptly after an award is made.

As such, it was disturbing to find out—more than a month after the bid opening—that Stellar Services was determined to be non-responsive when we submitted a check for the amount indicated in the instructions of section GC2A of the RFP. At best, the instructions contradict each other by indicating a payment of $5,000 in section A: A. All bids/proposals (unless otherwise not-ed) shall be accompanied by one of the following: (3) A DEPOSIT OF $5,000 OR LESS by a check of any type drawn upon any solvent clearing house bank of the United States, a Registered Check or U. S. Postal Money Order.
This clearly contradicts Section GC2 B: B. All bid guarantees (unless otherwise noted) shall be computed as stipulated below, made payable to the “Director of Finance” and submitted with the bid. Amount of Bid
   (1) For bids of $100,000 and under: None
   (2) For bids over $100,000: 2% of the total bid.

The instructions do not include clarity as to which of those contradicting statements is the operative one for this bid. Looking at Section GC2A, we followed the guidance to the letter and our check for $5,000 reflects that understanding.

Stellar Services has been in business for 20 years and during that time, more than 95% of its business is from the public sector and the State and Local market, specifically. We take neither the letter nor the spirit of government instructions in a cavalier manner. Our business depends upon strict adherence to the rules, regulations, policies and processes of any governmental agency.

We only want the ability to compete in an open and fair manner. In this case, we do not believe that we have been treated fairly. We are examining every recourse we have available, as a firm with limited resources cannot afford to submit bids and proposals that are rejected out of hand – especially when we believe we have followed the rules of engagement outlined in the RFP instructions.

I urge you to reconsider this decision.

Very truly yours,

Liang Chen
President

Re: B50003074, IT Assessment of City Agencies

Dear Mr. Chen,

Please be advised that your bid, opened on August 18, 2013 on the above-mentioned contract, after legal review, was considered NON-RESPONSIVE due to your company's failure to proffer a bid guarantee as mandated by the solicitation instructions.

For this solicitation, bids that were in excess of $100,000.00 must be accompanied by a bid bond, certified check, cashier check or other official bank check equal to two percent of the total bid. Your firm submitted a check for the amount of $5,000.00. However, your firm's total offer of $1,867,200.00 would have required a bid guarantee for the amount of $37,344.00. Your firm's check for this contract in the amount of $5,000.00 was not adequate.

Since your bid guarantee was not received with your bid as outlined in the solicitation instructions, the City will not accept your submission. Please make arrangements to pick-up your bid package, which will be available in City Hall, Room 204, until December 24, 2013. Materials not picked up by this time will be discarded.

For complete information on all procedures to follow when submitting a contract for the Bureau of Purchases, please contact them at 410 396-5700. For contracts other than the Bureau of Purchases, please contact the appropriate City Agency.

Sincerely yours,

Joan M. Pratt, CPA

Baltimore Development Corporation (BDC) – License Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve a License Agreement with The Can Company, LLC (Licensee) for the City-owned property located at 2626 Boston Street. The period of the license agreement is January 1, 2014 through December 31, 2024.

AMOUNT OF MONEY AND SOURCE OF FUNDS:

The Can Company, LLC wishes to use the property lot solely for parking vehicles by the Licensee and the tenants of the Licensee’s adjacent property known as the “The Can Company.” The need for the license agreement is to memorialize activity by the Licensee, which has been utilizing the parking lot without providing compensation to the City. The Licensee will pay the City an annual fee of $40,320.00 plus an annual escalation based upon a calculation of the Consumer Price Index.

The City reserves the right to terminate this agreement if the licensed parking area is needed by the City, State, or Federal government for any use or purpose associated with the construction, operation, and/or maintenance of a public infrastructure improvement, upon six months written notice. Should the City decide to sell the parking lot, the Licensee will have right of first refusal.

Department of Transportation – Ratification and Approval of Payment

ACTION REQUESTED OF B/E:

The Board is requested to ratify services performed and approve payment to Midasco, LLC for services provided in connection with TR 09302, Construction of Traffic Signals Citywide JOC.

AMOUNT OF MONEY AND SOURCE:

$241,327.45 – 9950–904076–9512–2

BACKGROUND/EXPLANATION:

On July 21, 2010, the Board awarded TR 09302, Construction of Traffic Signals Citywide-JOC. The contract was expected to be completed in 1,020 calendar days, resulting in an expiration date of June 23, 2013. After the core completion of the contract, several locations were found in need of changes to the retrieved power from varied BGE locations and traffic transmission lines that were necessary to “tie-in” at alternate locations. The changes required additional street cuts, paving, concrete work (curb, footway, and slab streets), encased PVC conduit, concrete slab streets missed by design; hand-boxes and pertinent items. As a result of the additional work, a need to increase the contract quantities resulted.

The contract also suffered a loss as the prime contractor sought to replace a minority firm that was no longer able to perform on the contract. Last, this project required additional necessary conduit installation and all the appurtenances to initialize the intersections to function and communicate with the Traffic Management Center which also impacted the project budget and timeline.

ATTN: Ms. Bernice Taylor, Esquire, Clerk to the Board

Dear Mr. President:

I represent the Maryland Minority Contractors Association (“MMCA”), its members, clients, and constituents.

We wish to file protests against the following proposal contracts or changes and increases as appearing Your Honorable Board’s 1/15/2014 public meeting agenda.

Item No. 3, on page 43, which is a proposed contract extension and increase which is made completely unlawful, void and unenforceable by the City’s “mandatory” competitive bidding Charter Provision-Article VI, Section 11(h)(1)(ii), and

Item No. 5, on page 44, which is a proposed contract renewal and price increase which is outlawed and made ultra vires, void and unenforceable by the City’s “mandatory” competitive bidding charter provision-Article VI, Section 11(h)(1)(ii).

Item No. 8, on page 46, which is a proposed contract increase to an existing contract which is made completely void, unlawful and unenforceable by the City’s “mandatory” competitive bidding charter provision-Article VI, Section 11(h)(1)(ii)
Item No. 10 on page 48, which is a proposed contract renewal on a contract that was not competitively bid in the first instance, in January 2010. It is well settled that a municipality like Baltimore City cannot extend or renew or ratify a contract that was not competitively bid in the first instance, and both proposed contracts contained on pages 52-53 and 54-55, which are proposed contracts for construction services associated with “Valve and Fire Hydrant Exercising Program,” and for “Water System Audit and Condition Assessment of Water Infrastructure.”

Our protest against these proposed contract award is based upon the important fact that the City’s Bureau of Water and Waste Water has completely ultra viresly and unlawful labeled and procured these two contracts pursuant to the City’s Professional Engineering Contract award process, when in fact these contracts are completely and absolutely construction related and more lawfully should have been procured under the City’s “mandatory” competitive bidding contract award process as provided for by the City’s “mandatory” competitive bidding charter provision Article VI, Section 11(h)(1)(ii).

Accordingly each of these proposed non-bid competitive contracts, not having complied therewith is completely void ab initio, and here are completely unenforceable.

Our MBE subcontractor members, clients and constituents would be greatly harmed if Your Honorable Board approves the above referenced City contracts as recommended. Your Honorable Board’s kind and favorable approval of these bid protests is greatly appreciated.

Respectfully Submitted,

Arnold M. Jolivet

Bureau of the Budget and - Supplementary General Fund
Management Research Operating Appropriation

ACTION REQUESTED OF B/E:

The Board is requested to approve a Supplementary General Fund Operating Appropriation to the M-R: Service 122, Miscellaneous General Expenses.

AMOUNT OF MONEY AND SOURCE:

$3,000,000.00 From: General Fund Assigned Fund Balance in excess of the amount from this source relied upon by the Board in determining the FY 2014 tax levy.

To: M-R: Service 122, Miscellaneous General Expenses, for a Recompense Program for CHAP property tax credits

BACKGROUND/EXPLANATION:

In audits performed by the Baltimore City Department of Finance, it has been discovered that some Commission on Historical and Architectural Preservation (CHAP) recipients received letters from the State Department of Assessments and Taxation that they are entitled to larger credits than is permissible under the City Code or that they have received credits when they were not supposed to have received them. These bills have been corrected per the law and as a result, these property owners are subject to higher tax bills in the future.

Because these property owners have made decisions to purchase the property based on the letters received from the State Department of Assessments and Taxation, the City of Baltimore seeks to offset the remaining additional cost of those decisions where they were misled by the State Department of Assessments and Taxation as to the actual CHAP credit amount.
To do so, the Mayor seeks to implement a recompense program that will make these property owners whole. The estimate to do so is set at $3,000,000.00.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City and the various Departments and Agencies under her leadership and direction.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Pages 49, Bureau of the Budget and Management Research - Supplementary General Fund Operating Appropriation, if approved:
      i. Highlights the fact that this administration continues obfuscate the expenditure of taxpayer funds;
      ii. Fails to identify the source of these funds
           1. “General Fund Assigned Fund Balance in excess of the amount from this source relied upon by the Board in determining the FY 2014 tax levy.”;
      iii. Allocates millions of our scarce municipal funds to make whole a select small group of constituents for political gain, while ignoring other constituents who were similarly erroneous expensed unreasonable taxes and/or fees without making them whole;
   b. Please provide access to review the specific account being tapped as the source of this “General Fund Assigned Fund Balance” amount.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: The funds could possible be disruptive, unfairly to the planned execution of critical programs and services for underserved constituents, myself included, to the benefit of a small politically connected group.

4. The remedy I seek and respectfully request is that this action be withdrawn until the account number of the source of funds is provided.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on January 15, 2014.

The meeting was held on November 15, 2013, but Ms. Barbot extended her stay in New York and returned November 17, 2013.

TRAVEL APPROVAL & REIMBURSEMENT

Office of the Council President

8. Carl Stokes

Elected $2,756.28
Officials Expense Account

On November 12-17, 2013, Mr. Stokes traveled to Seattle, WA to attend the Congress of Cities and Exposition sponsored by the National League of City. Mr. Stokes was invited to attend and participate in workshops and seminars because Baltimore is one of 25 U.S. cities to receive federal funds to help alleviate homelessness among veterans. This knowledge and information along with other education sessions helped to strengthen both his delivery of service to constituents, and also allowed him to share vital information with colleagues and municipal agencies.

The receipts for hotel, cab, food, registration, and meal expenses were submitted. Therefore, the Office of the Council President is requesting the Board to retroactively approve Mr. Stokes’ travel request and approve a reimbursement the following expenses:

Mayor’s Office of Information – Reimbursement of Technology (MOIT) Relocation Expenses

ACTION REQUESTED OF B/E:

The Board is requested to approve the reimbursement of relocation expenses for Mr. Andrew Nebus.

AMOUNT OF MONEY AND SOURCE:

$6,000.00 – 1001-000000-1471-165700-603001

BACKGROUND/EXPLANATION:

MOIT hired Mr. Nebus as an IT Division Manager to oversee the Baltimore Police Department’s MIS division. Pursuant to AM-221-4, Moving Expenses, Mr. Nebus is allowed reimbursement of relocation costs provided the move is more than a 50 mile radius, limited to personal belongings, and two quotes are provided.

Mr. Nebus moved prior to Board of Estimates approval, as his house went on the market and sold in two days. Mr. Nebus had only one week to move out of the home. This quick move did not allow enough time to secure prior approval. Therefore, MOIT apologizes and requests approval of the reimbursement.

Express Moving Van Lines, LLC moved half of Mr. Nebus’ items from New Jersey to Maryland and held the remainder in storage until Mr. Nebus moved into his new home in October. The total relocation cost was $6,000.00. Mr. Nebus has paid the relocation costs in full and seeks reimbursement.

APPROVED FOR FUNDS BY FINANCE

AUDITS REVIEWED AND HAD NO OBJECTION.

UPON MOTION duly made and seconded, the Board approved the reimbursement of relocation expenses for Mr. Andrew Nebus.

AMOUNT OF MONEY AND SOURCE:

$27,933.60 - 5000-558314-3191-309500-405001

BACKGROUND/EXPLANATION:
