The roofs are leaking at the Northwestern and Western District Police Stations. The facilities have been repaired numerous times, but the roofs have exceeded their useful life. The poor conditions of the bathroom fixtures, HVACs, and plumbing systems require immediate improvements so they can adequately serve the Police Department until a study of the Police facilities is completed. An air handler needs to be replaced and a generator is required to provide immediate electrical service to the Northwestern and Western District Police Stations during events when electrical outages occur.

9. ASSOCIATED BUILDING MAINTENANCE CO., INC. $29,354.64 Ratification
   6,645.36 Renewal
   $36,000.00

On June 19, 2013, the City Purchasing Agent approved the initial award in the amount of $23,251.20. The award contained one 1-year renewal option. The agency initially thought services would be required for six months of service, and that thereafter services would be performed by agency personnel. However, that was not possible due to the need to have dedicated personnel available for that location, throughout the day. The Board is requested to approve ratification of the six-month renewal term, which is required to continue to provide maintenance services at BARCS for the remainder of the six-month term, while a new annual contract is advertised. The period of the ratification is December 21, 2013 through May 6, 2014. The period of the renewal is May 7, 2014 through June 30, 2014, with no renewal options.

It is hereby certified, that the above procurement is of such a nature that no advantage will result in seeking nor would it be practical to obtain competitive bids. Therefore, pursuant to Article VI, Section 11 (e)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of Baltimore City, of which I am a member, in good standing.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent**: Self

2. **What the issues are**: Page 11, Item 6 - Bureau of Purchases - ENVIRONMENTAL QUALITY RESOURCES, LLC and Page 12, Item 8 – Bureau of Purchases - ADSYSTECH, Inc., if, approved:
   a. These solicitations set the minority and women business participation goals at MBE = 0% at WBE = 0%;
   b. When MWBOO goals are set at 0% it is intended that this practice informs the market-place that minority and women owned businesses are under-represented in this particular business segment and thus an opportunity exist for entry;

3. **How the protestant will be harmed by the proposed Board of Estimates’ action**: As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This onerous burden can only be relieved when the economic outcomes for the underserved residents improve and the staggering 10% unemployment rate in Baltimore City is reduced. These awards fail to accomplish that end and will be more costly to the citizens of Baltimore and myself who have to bare the heavy tax and fee burden.

4. **The Remedy I Seek**: This award should NOT be approved until the MWBOO along with the MWBD offices present a plan to recruit and certify new minority and/or women businesses into the city’s minority/women’s business participation program.

I look forward to opportunity to address this matter in person at the BOE on May 7, 2014. If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen

Department of Real Estate – Rescission of Agreement of Sale and Agreement of Sale

ACTION REQUESTED OF B/E:

The Board is requested to rescind the Agreement of Sale approved by the Board on November 17, 2010 with the MDTA. The Board is also requested to approve and authorize execution of a new Agreement of Sale with the Maryland Department of Transportation Authority (MDTA), Purchaser.

AMOUNT OF MONEY AND SOURCE:

$8,400.00

BACKGROUND/EXPLANATION:

The authority to sell this property was approved by the City Council Ordinance No. 10-281 approved on May 21, 2010. The property known as NS Eastern Avenue 402-9 feet East of Kane Street (Block 6345D, Lot 9) and contains 9.385 acres of land.

The purchaser intends to use the property as a rail yard. It is adjacent to the Canton railroad mainline track which is owned and operated by MDTA. The site is a long, narrow irregularly shaped vacant parcel with no road frontage with exception by railroad.

STATEMENT AND PURPOSE AND RATIONAL FOR SALE BELOW THE APPRAISED VALUE:

The property appraised for $84,000.00 and is being sold for $8,400.00. The City purchased the Property with Federal funds and is authorized to sell the Property in accordance with 23 CFR 710.403 (d) (1-5) and 23 CFR 710.409. Pursuant to 23 CRF 710.409(d), Federal Highway Administration granted a waiver on September 24, 2012, to reduce the purchase price by 90% because the property will be used for transportation purposes. The deed conveying the Property will provide for reversion of the Property to the City for failure by the MDTA to continue public ownership and use for transportation purposes.
The original agreement of Sale was approved by the Board of Estimates on November 17, 2010. The State did not seek the State Board of Public Works approval because the State held off until all of the financing was in place via the State and Federal governments. In addition, because the property had contaminants, the Maryland Department of the Environment made it mandatory that nine acres of the property be clean and capped, which was done at the State’s expense.

UPON MOTION duly made and seconded, the Board approved and authorized the rescission of the Agreement of Sale approved by the Board on November 17, 2010 with the MDTA. The Board also approved and authorized execution of a new Agreement of Sale with the Maryland Department of Transportation Authority.

**BACKGROUND/EXPLANATION:**

The tenant is a full-service cleaning company that services residential and commercial properties, including carpet cleaning and mold remediation. The company relocated their headquarters into the building in 2009. The company is now downsizing to 644 sq. ft. versus 850 sq. ft. of office space. The company will retain 1,088 sq. ft. of warehouse space. The company has approximately 17, full-time employees and hires part-time staff as needed.

The space is leased on an “As Is” basis and does not require the landlord to make any modifications. The tenant will be responsible for any additional improvements or build-out of the premises. All other landlord services such as utilities, limited janitorial services, maintenance, and repairs to the premises are included in the base rent.
In addition, the tenant is obligated to maintain and keep in force general public liability, contractual liability, and property damage insurance protection for the premises and name the City as additionally insured under the insurance policies.

**BACKGROUND/EXPLANATION:**

The proceeds of the Bond Loan will be used to assist with a portion of the hard costs for the rehabilitation of 1106 W. Lafayette Avenue, which will be converted into seven rental units of affordable housing.

Poverni Ventures, LLC, is a growing Baltimore-based real estate company that is focused on value-added rehabilitation and the adaptive reuse of historic and distressed structures. The company’s vision is to create quality housing that makes a difference in how people live. The DHCD has received a proposal for the redevelopment of a vacant and boarded structure, which will contribute to the stabilization of the Lafayette Square community. The Community Development Bond funds in the amount of $266,000.00 will be used to assist with a portion of the rehabilitation of the building.
Upon completion, the building will have an estimated above grade gross building area of 3,870 square feet plus a finished basement of 1,290 square feet and will consist of seven units of rental housing that are to be affordable housing to households with incomes at or below 60% of the Area Median Income (the AMI). In consideration of the making of the Bond Loan, the Borrower has agreed to provide one unit (which is at least five percent of the total units) to meet the UFAS/Section 504 standards and one additional unit (which is at least two percent of the total units) to be designated for persons with sight and hearing impairments.

The building has been vacant for some time and is in need of substantial renovation and code compliance. Vandalism and illegal occupants have caused damage to the property, which continues to deteriorate. Upon completion, the building will be put back to productive use. The rehabilitation of the building will address a vacant structure on a major thoroughfare, improve the lives of families through the provision of affordable housing, and provide a visible major redevelopment in an area of the Lafayette Square neighborhood.

Page Appraisal Company, Inc. prepared a summary appraisal for the first lender, Colombo Bank that indicates a “Market Value as Completed and Stabilized” of $525,000.00. An appraised value below the total cost of the completed project is common in transactions involving production of affordable housing such as this. Without the grant funds and public financing used for construction, projects with restricted rents could not be financed, since the reduced rents decrease the appraised value. The combined mandatory debt is supported by the appraisal. The DHCD is comfortable recommending the Bond Loan under these circumstances.

PARTICIPATING PARTIES:

A. Developer/Owner

BCD SPVI, LLC, a Maryland Limited Liability Company, or a related entity (the Borrower) will be the owner/developer of record. Baltimore Community Development, LLC, whose sole members are Eugene Poverni and Jacob Wittenberg, controls the Borrower.
B. General Contractor

Harbor Development, Inc. will act as the general contractor and will post a letter of credit or another surety approved by the DHCD.

C. Participating Lenders

Colombo Bank of Maryland (Colombo Bank) - 1st Lien Position

Colombo Bank will provide a construction/permanent loan for $352,000.00 (the Colombo Loan). The Colombo Loan will have a renovation term of not less than 15 months (the Renovation Term). Following the Renovation Term, the Colombo Loan will convert to a permanent term of 60 months (the Permanent Term), which may be extended at the option of the Borrower for an additional term of 60 months. During the Renovation Term, the Borrower will pay interest only on the loan proceeds advanced and outstanding at the floating rate of interest equal to the greater of (i) the Prime Rate plus 3.25% or (ii) 6% per annum, such interest rate to be calculated daily. During the Permanent Term, interest will accrue at the fixed rate of interest of five percent. Upon commencement of the Permanent Term, monthly payments of principal and interest amortized on a 25-year basis will be paid on the full loan amount advanced.

Baltimore City Bond Loan - 2nd Lien Position:

The Bond Loan will have a construction term of not less than 15 months (the Construction Loan Period). During the Construction Loan Period, interest will accrue at the rate of 0% per annum on sums advanced. The permanent loan will not exceed ten years commencing at the end of the Construction Loan Period (the Permanent Loan Period). During the Permanent Loan Period, simple interest will accrue at a rate of two percent per annum. The last day of the Permanent Loan Period will constitute the maturity date.
DHCD - cont’d

During the Permanent Loan Period, the City will require annual payments of principal and interest sufficient to fully amortize the Bond Loan during its term. Such payments will be made from 50% of the Surplus Cash generated by the project. The Surplus Cash will be defined in accordance with the terms of the documents to be negotiated by the parties but generally will be determined by cash available after payment of all project expenses, including debt payments on all superior loans. In the event that Surplus Cash is insufficient to fully pay the City’s required debt service payment, any unpaid amounts will be deferred and added to the outstanding principal of the loan.

Should an event of default occur under the loan documents and continue without being cured, interest will accrue both from the date of the default at the prime rate of interest declared by the Wall Street Journal from time to time, plus four percent. The entire principal and any interest will be due and payable in the event of a refinancing, sale, transfer, conveyance or any encumbrance of the Project or portion thereof without prior written consent of the DHCD. The City’s Bond Loan will be long-term subordinate, non-recourse debt.

Article 5, Subtitle 28 of the Baltimore City Code for Minority and Women’s Business Opportunity is fully applicable and no request for waiver or exception has been made.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Department of Housing and Community Development (DHCD).

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self.
2. What the issues are:
   a. Page 20, Department of Housing and Community Development (DHCD) – Community Bond Fund Loan, if approved:
      1. The property listed as 1106 W. Lafayette Street is not a valid Baltimore City address in the Lafayette Square community;
      2. The following statement is NOT factual:
         a. “An appraised value below the total cost of the completed project is common in transactions involving production of affordable housing such as this. Without the grant funds and public financing used for construction, projects with restricted rents could not be financed, since the reduced rents decrease the appraised value.”

3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I have witnessed questionable management and stewardship of municipal funds by this Mayoral administration and DCHD/HABC specifically. This action serves to demonstrate the Community Bond Funds Loans are deemed a viable method to construct desperately needed affordable housing. While the terms of the loan are extremely generous, it is clearly evident that DCHD does not expect the debt will be paid at the end of the “Permanent Loan Period”. I am appreciative that this arrangement provides 7 affordable rental units, but concerned that it also saddles the tax-payers of Baltimore City with this debt.

4. The remedy I seek: The loan should be restructured to include profit sharing and repayment terms that produce actual revenue back to the tax-payers of Baltimore City at the end of the “Permanent Loan Period”. Again, I seek the dissolution of DHCD and HABC in their current form and the establishment of a new single entity under the direct auspicious of the municipal government of Baltimore City, thus allowing for appropriate

levels of oversight and scrutiny by the citizens of Baltimore City and our duly elected representatives.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on May 6, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Settlement Agreement and Release between the City, Northeast Maryland Waste Disposal Authority and Wheelabrator Baltimore, L.P. (Wheelabrator).

AMOUNT OF MONEY AND SOURCE:

$4,295,851.62 - 1001-000000-1500-505801-401791

BACKGROUND/EXPLANATION:

Under the terms of the proposed settlement, the City will receive a check from Wheelabrator within 14 days of the Board’s approval. The settlement, in lieu of entering into a power purchase agreement provides for a financial swap from July 1, 2014 for a period of 18 months. Funding of any amounts due under the financial swap will come from the solid waste surcharge account set up for the proceeds of this settlement.

The City’s Law Department has been negotiating over a number of issues with counsel for Wheelabrator since June 2013. The City had reimbursed Wheelabrator for all personal and real property taxes for the fiscal year 2012-2013 in error, claiming that it only owed reimbursement for six months not the entire year. The settlement agreement returns $303,331.70 of the overpayment to the City. At about the same time as this claim surfaced, it was noted by Finance that the solid waste surcharge received from Wheelabrator, dropped substantially. Bringing Wheelabrator current and addressing a number of constitutional issues and interpretation of the language of the Solid Waste Ordinance to closure, the settlement has Wheelabrator paying the City $3,992,519.92.
In response to the City’s claims and during extensive settlement discussions, several other issues were raised and have been resolved by this settlement proposal. The current agreements with Wheelabrator commencing in January 2012 contemplated entering into a power purchase agreement. In light of present market conditions and claims asserted by Wheelabrator, it was determined to execute a financial swap rather than enter into an agreement to purchase energy. This financial swap would commence in July 2014 and last 18 months. Wheelabrator also sought to divert 60,000 tons of ash to Baltimore County where it has a put or pay agreement for that amount of solid waste. Though under the terms of the January 2012 Agreement with the City, Wheelabrator is obligated to bring all its ash to the City’s landfill, the Law Department’s investigation, with the input of environmental expert opinion from KCI, Inc., determined that diversion of the waste to Baltimore County would lengthen the useful life of the landfill and be financially advantageous, even with reduced income from the tipping fee due if the City had accepted the ash.

The investigation and the KCI expert opinion also revealed the significant financial advantages that the City would gain if the Maryland Department of Environment (MDE) were to change its policy and allow the use of ash as alternative daily cover at the landfill. Wheelabrator, L.P. has agreed to lead the effort with MDE to obtain a return in MDE policy to permitting ash to be used as alternative daily cover. If Wheelabrator’s, L.P. effort effectuates the change, Wheelabrator will receive a 35% reduction on the tipping fee for the ash that is used for alternative daily cover for the duration of the 2012 contract through 2021.

The Settlement Committee of the Law Department approved the proposed settlement agreement.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Settlement Agreement and Release among the City, Northeast Maryland Waste Disposal Authority and Wheelabrator Baltimore, L.P.
Police Department - Expenditure Authorization

ACTION REQUESTED OF B/E:

AMOUNT OF MONEY AND SOURCE:

$6,500.00 - 4000-471312-2023-212600-603026

BACKGROUND/EXPLANATION:

The Annual Frances Glessner Lee Homicide Seminar was held on April 7 – 11, 2014 at the Office of the Medical Examiner. The seminar was led by leading experts in the field of death investigations from the Harvard Associates in Police Science at 900 West Baltimore Street. The seminar helped investigators to expand their knowledge in the area of death investigations within the Homicide Unit. This seminar built upon factors used in estimating the time of death, and blood stain interpretation.

The goal of this training is to lower victim homicides and build stronger relationships within the community through positive victim response to the investigative process along with strengthening court cases.

ACTION REQUESTED OF B/E:

The Board is requested to approve and adopt a Resolution that establishes a procedure for the waiver of the attorney-client privilege that protects from public disclosure certain legal memoranda addressed to the Board by lawyers in the Law Department. The memoranda pertain to bids submitted to the Board which may from time-to-time be requested by bidders or their representatives.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

Within recent weeks, attorneys representing bidders have requested copies of Law Department memoranda. The City Solicitor is strongly inclined to release these memoranda, absent of unusual circumstances. The privilege belongs to the Client (the Board) and can only be waived by it.

This Resolution for adoption provides for waiver decisions to be made jointly by agreement between the City Solicitor and the Deputy Comptroller, who will act on behalf of the Board. If they decide not to waive the privilege in a particular situation when requested by a bidder or its representative, they must provide a written report to the Board as to why they declined. That report may in their discretion be confidential.

Waiver requests will only be considered in this process when submitted in writing (including e-mail) by the bidder or someone authorized by a bidder to represent them in the bid consideration process.
Resolution
Of
The Board of Estimates of Baltimore City
Waiver of Attorney-Client Privilege

WHEREAS, the Law Department regularly directs legal memoranda to the Board containing legal advice pertaining to irregularities perceived in bids filed with the Board or pertaining to anticipated or actually filed bid protests; and

WHEREAS, bidders or their representatives sometimes request copies of those memoranda in order to better prepare their arguments to the Board in connection with protests; and

WHEREAS, the Board needs to have a process in place for considering such requests and waiving (or not) the attorney-client privilege that generally protects such legal advice from disclosure.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF ESTIMATES OF BALTIMORE CITY, that the following process shall be employed when privileged documents are requested from the Board or the Law Department:

1. All requests received by attorneys in the Law Department or representatives or members of the Board for access to legal memoranda from the Law Department to the Board or any of its members or agents pertaining to a pending or potential bid protest shall be directed to the “Board Designee” hereunder who shall decide on behalf of the Board whether to waive the privilege.

2. The Board Designee shall be the City Solicitor and the Deputy Comptroller, acting by agreement;

3. Ordinarily, the privilege should be waived if the document is requested by an actual bidder or a designated representative of an actual bidder – unless unusual circumstances are presented that indicate that either the full Board should consider the request or the privilege should not be waived;

4. In each instance where the Board Designee declines to waive the privilege, he/she shall file a brief written report (confidential if the Board Designee so elects) with the Board before its next meeting indicating that the privilege was not waived and giving reasons why.

Adopted by the Board of Estimates:

UPON MOTION duly made and seconded, the Board approved and adopted the Resolution to establish a procedure for the waiver of the attorney-client privilege that protects from public disclosure certain legal memoranda addressed to the Board by lawyers in the Law Department.

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal and asset management and a self serving, egotistical and contemptible approach to fiduciary stewardship by the Mayor, the President of the City Council and the Comptroller of Baltimore City that morally and ethically erodes their ability to serve in their elected positions on behalf of citizens in a manner that provides benefits to citizens instead of corporations.

1. **Whom you represent:** Self
2. **What the issues are:**
   a. Page 56, Department of Law – Resolution, if approved:
      i. This Resolution offends all sensibilities of this citizen of Baltimore City;
      ii. This Resolution appears to partially “abridge” this citizen’s right to petition government as guaranteed in the U.S. Constitution;
      iii. This Resolution appears to mimic tactics by defenders of slavery when in 1836 the House of Representative imposed a “gag” rule which tabled," or postponed action on all petitions relating to slavery without hearing them;
      iv. This Resolution appears to represent a step backwards in the ongoing anemic attempts by my home town government for increased transparency;
      v. This Resolution represents the enactment of a crime of absolute moral turpitude by this board;
      vi. This Resolution will ensure that the members of this board will go down in history and forever remembered for this contemptible act;
      vii. This Resolution fails to incorporate the citizen’s right to access information disclosed as a result of this Resolution.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I have witnessed the continued lack of transparency which pervades this administration. This Resolution fundamentally abridges my constitutional rights and is further evidence that transparency, in light of a fervent cry by the citizens of my home town, is generally ignored and rejected by this administration.

4. **Remedy I desire:** The BOE reject this Resolution until it is revised to afford citizens the right to make the same request and receive the information once released regardless of who made the request.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on May 6, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

AGENDA BOARD OF ESTIMATES 05/07/2014  57  Resolution
Of
The Board of Estimates of Baltimore City
Waiver of Attorney-Client Privilege

WHEREAS, the Law Department regularly directs legal memoranda to the Board containing legal advice pertaining to irregularities perceived in bids filed with the Board or pertaining to anticipated or actually filed bid protests; and

WHEREAS, bidders or their representatives sometimes request copies of those memoranda in order to better prepare their arguments to the Board in connection with protests; and

WHEREAS, the Board needs to have a process in place for considering such requests and waiving (or not) the attorney-client privilege that generally protects such legal advice from disclosure.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF ESTIMATES OF BALTIMORE CITY, that the following process shall be employed when privileged documents are requested from the Board or the Law Department:

1. All requests received by attorneys in the Law Department or representatives or members of the Board for access to legal memoranda from the Law Department to the Board or any of its members or agents pertaining to a pending or potential bid protest shall be directed to the “Board Designee” hereunder who shall decide on behalf of the Board whether to waive the privilege.

2. The Board Designee shall be the City Solicitor and the Deputy Comptroller, acting by agreement;

3. Ordinarily, the privilege should be waived if the document is requested by an actual bidder or a designated representative of an actual bidder – unless unusual circumstances are presented that indicate that either the full Board should consider the request or the privilege should not be waived;

4. In each instance where the Board Designee declines to waive the privilege, he/she shall file a brief written report (confidential if the Board Designee so elects) with the Board before its next meeting indicating that the privilege was not waived and giving reasons why.
