Board of Estimates

Attn: Clerk

City Hall, Room 204

100 N. Holliday Street,

Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City and the various Departments and Agencies.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
 - a. Page 7, Item #1, Mayor's Office of Human Services – Agreements - Family League of Baltimore City, Inc. (FLBC), if approved:
 - i. Fails to address the promise to double the funding for after school programs made by Mayor Rawlings-Blake on the evening of August 29, 2011 at the St. Francis Xavier Catholic Church on Oliver Street at approximately 7pm;
 - ii. Please provide access to the list of youth projects that will be evaluated and monitored;
 1. Will FLBC be further tasked to evaluate and monitor all youth projects funded with municipal funds, if so when?
 2. Will the reports and/or results produced be made available to the public?
3. How the protestant will be harmed by the proposed Board of Estimates' action: The Family League of Baltimore City, Inc. must be provided adequate funding to effectively evaluate and monitor all youth projects, not just those funded with VTL funding. The lack of effective evaluation and monitoring potentially results in questionable program outcomes and wasteful expenditures of scarce tax dollars. Our children will continue to be underserved, disadvantaged and deprived of positive youth development opportunities to develop. The resulting hopelessness and opportunity-less future ensures our children will make bad choices and produce unacceptable outcomes in my community and surrounding neighborhoods.
4. The remedy I seek and respectfully request is that this action be delayed until a comprehensive strategic plan for our youth is developed and implemented.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on June 17, 2014.

2. What the issues are:
 - a. Page 7, Item #1, Mayor's Office of Human Services – Agreements - SINAI HOSPITAL OF BALTIMORE, INC. (Sinai), if approved:
 - i. The \$139,858.00 agreement appears to be a worthwhile initiative;
 - ii. This action appears to be done in isolation and should more appropriately be executed in concert with a comprehensive strategy for positive youth development across the city;
 1. The fact that a comprehensive strategic plan for youth does not exist must become a priority for this administration;
 - iii. While youth in the Park Heights community will benefit from this action, the majority of youth in other communities remain underserved;
 - iv. This action fails to identify the number of youth who will be served;
 - v. Please provide access to the curriculum, promotional, and instructional materials and measures of effectiveness for this initiative for inspection;
 - vi. Will additional funding be allocated to establish similar facilities in other neighborhoods, if so, how much and which neighborhoods;
3. How the protestant will be harmed by the proposed Board of Estimates' action: Positive youth development programming must be well researched, documented and assessed to ensure our children are nurtured and exposed to well rounded opportunities to develop and thrive. To my dismay, continued DIS-Investment in our youth produces hopelessness and opportunity-less futures for them who often turn to make bad choices and produce unacceptable outcomes in my community and surrounding neighborhoods.
4. The remedy I seek and respectfully request is that this action be included in the development of a comprehensive strategic plan, which must become a high priority for this administration, which will serve every child in Baltimore City.

Health Department - Revised Notice of Award

ACTION REQUESTED OF B/E:

The Board is requested to approve the Revised Notice of Award (NoA) from the U.S. Department of Health and Human Services, Health Resources and Services Administration (HRSA). The period of the Revised NoA is March 1, 2014 through February 28, 2015.

AMOUNT OF MONEY AND SOURCE:

\$10,024,239.00 - 4000-427714-3023-606100-404001
1,169,135.00 - 4000-498714-3023-606100-404001
\$11,193,374.00

BACKGROUND/EXPLANATION:

On March 5, 2014, the Board approved the initial FY2014 NoA issued January 23, 2014, from the HRSA for the period of March 1, 2014 through February 28, 2015, in the amount of \$5,802,179.00.

This Revised NoA, in the amount of \$11,193,374.00, supersedes the award notice dated January 23, 2014 and provides the balance of the FY2014 funding based on final FY2014 HRSA appropriations and includes the remainder of the Ryan White Part A reporting requirements. This makes the total amount for FY2014 \$16,995,553.00.

The Revised NoA is late because it was recently received.

\$17,495.00	-	5000-518614-3160-308000-604051

BACKGROUND/EXPLANATION:

The incentive cards will be distributed to youth in the Office of Youth Violence Prevention/Operation Safe Streets program as a way of rewarding them for achievements such as, progress in school, compliance with court ordered mandates, etc. The cards will also be given to youth to help with their living situation such as purchase of hygienic products, clothing, etc. as needed.

The Health Department adopted a consolidated policy for the purchase, distribution, and documentation of all incentive cards. The central tenets of this policy account for: 1) a single means of procuring all incentive cards through the Board of Estimates; 2) the documentation of each incentive card and its recipient; 3) a monthly reconciliation for all purchases that account for all distributed and non-distributed cards, and;

Baltimore Development Corporation (BDC) - Parking Lot Lease

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Parking Lot Lease for the City-owned parking lot located at 701 W. Ostend Street with Baltimore Ravens Limited Partnership (BRLP). The period of the Parking Lot Lease is June 1, 2014 through May 31, 2015.

AMOUNT OF MONEY AND SOURCE:

<u>Installment Payments</u>	<u>Payment Dates</u>

40,000.00	January 10, 2015
40,000.00	May 15, 2015
<u>\$120,000.00</u>	

BACKGROUND/EXPLANATION:

The City of Baltimore is the owner of the parcel located at 701 W. Ostend Street in the Carroll Camden Industrial Area of Baltimore City. The parcel, also known as Lot O, is a 4 +/- acre lot at the intersection of Ostend and Ridgley Streets. In the past, Lot O has been used for stadium parking and the staging of special events.

In May 2013, the BDC, on behalf of the Mayor and City Council of Baltimore (M&CC), issued a Request for Proposals (RFP), seeking written proposals from qualified respondents for the operation and use of Lot O for the purpose of providing a venue to host activities that support and enhance the events held at the M&T Bank Stadium. Through that process, the BRLP was selected as one of two operators who would be granted rights to utilize Lot O. The other operator is the CBS Radio Stations, Inc. The BRLP entered into a Parking Lot Lease for the property with the BDC that expired May 31, 2014. The activities will include automobile parking, tailgating, catering, broadcasting, vending, and other similar uses.

The M&CC is proposing to renew last year's lease for a portion of 701 W. Ostend Street, consisting of the entire parking facility (approximately 550 parking spaces) minus 44 spaces on the Ostend and Ridgely Streets corner of the lot and 44 spaces outside the fence, to the BRLP for \$120,000.00 for Ravens home scheduled football games and for other special events for the period of June 1, 2014 through May 31, 2015.

The lease payments will be made in three installments. The first installment of \$40,000.00 will be paid by November 10, 2014, the second installment of \$40,000.00 will be paid by January 10, 2015, and the final installment of \$40,000.00 will be paid by May 15, 2015.

The BRLP will be responsible for keeping, maintaining, repairing and making replacements to the leased premises for any damages that occur during the leased times to ensure that the premises are in good condition and repair. Additionally, the BRLP will be responsible for counting tickets, removing trash and snow, procuring restroom facilities, and finding and employing staff to park vehicles during the term of the lease.

The BRLP will pay all taxes and assessments levied upon or assessed against the leased premises. The BRLP will pay all City parking taxes in accordance with the utilization of the leased premises.

June 17, 2014

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

I am writing to protest the proposed rejection of the Hackathon Events Supports bid before the Board of Estimates.

Details as required by the Board of Estimates are as follows:

1. Whom you represent: Digital Harbor Foundation, Inc. (DHF)
2. What the issues are: Page 30, Bureau of Purchases - Solicitation No. B50003300 – Hackathon Events Support rejection.
 - a. The Bureau recommends the rejection all bids while at the same time proposing the bid be re-issued and re-opened;
 - b. No reason for why this would be “in the best interest of the City” is given;
 - c. This is the second time the process has, without stated cause, been canceled and re-issued.
3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a member of the technology community and the executive director of the Digital Harbor Foundation, a local non-profit which created the DHF Tech Center to serve hundreds of youth from around Baltimore City and teach them valuable technology-related skills, this action is cause for significant concern. The bid process has been released, canceled, re-issued, delayed, and is now proposed to be canceled again, re-issued, re-opened and re-evaluated. It is my opinion that these actions are wasteful of tax dollars as they require Baltimore City government employees to unnecessarily go through the entire lengthy advertising, bidding, and evaluation process yet again. Additionally, this repeated delay lessens the field of competent bidders who

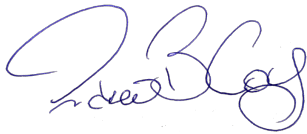

have to unnecessarily repeat the efforts of bid submission at their own expense for reason not disclosed.

4. The Remedy I Seek: Any of the following actions would be acceptable:
 - a. the bid moving forward under the previous evaluation of submissions and award based on the technical merits of the proposals as outlined in the bid documents and scoring rubric;
 - b. delayed decision for a week to allow for representatives from the City to meet and discuss my response to the proposal;
 - c. allow bidders to address specific questions and answer any additional specifications before bid is canceled, re-issued, and re-opened.

Unfortunately I will not be able to address this matter in person at your upcoming meeting of the Board of Estimates on June 18, 2014 as myself and a student from the DHF Tech Center will be presenting our work at the first ever White House Maker Faire.

If you have any questions regarding this request, please feel free to call me at (410) 402-4189.

Sincerely,

Her correspondence has been sent to the appropriate agency and/or committee which will respond directly to Ms. Trueheart.

President: The first item on the non-routine agenda can be found on Page 31, Item 5, B50003417, On-site Preventative Maintenance for Heavy Duty Vehicles. Will the parties please

come forward?"

Mr. Tim Krus: "Tim Krus, City Purchasing Agent. This is the award of On-site Preventative Maintenance for Heavy Duty Vehicles to Columbia Fleet Foot, -- Fleet Service, Inc. for \$2,000,000.00."

Mr. Robert Fulton Dashiell: "Good morning Mr. President, Madam Mayor and other members of the Board, my name is Robert Fulton Dashiell and I represent the lowest responsive and responsible bidder, Fleetpro, along uh, with the representatives of the company, who got me sort of surrounded here, uh, and we protest the recommendation for award to Columbia Fleet Services for a number of reasons, uh, and it would be easiest for me to do this, if I, because I have sev--, several documents, if I hand you some documents and explain. -- They're not the lowest bidder, let me just say that upfront. They are not the lowest bidder, uh, but I need to explain how we come to that conclusion. There are other deficiencies in the bid apart from price that my client noted in his protest letter. I'm going to hand you first, just a chart identifying things such as not using the right certificate of insurance; things such as not providing the references that are required; things that are not showing that they have a training program for the technicians as required; all of those things were missing from Columbia Fleet

MINUTES

Service's bid, and all of those things should have resulted in it not being non-responsive on the face of it. But, those are covered in this chart that I will give you; but more importantly, more importantly, I want to share, I want to share with you, I want to tell you that their price is not the lowest for the reasons that I will indicate."

Mr. Krus: "Mr. Dashiell, were these submitted with the protest?"

Mr. Dashiell: "Uh, No. They weren't submitted with the protest. They were taken from, they were taken from the bid documents that were submitted by my client as well as the other bidder. It should have been part of your analysis. This is a, this is an analysis, the bid documents require that each bidder submit a bid price list. This is an analysis of the price list for the specific parts that were submitted by both Columbia Fleet Service and my client. The significance of that is that the recommendation for award is based upon an erroneous, an erroneous uh, uh, factor. The recommendation for award here -- hold on a second -- is based upon, pass those out if you would --"

Mr. Krus: "Mr. Dashiell --"

Mr. Dashiell: "-- by, by, by the way, let me correct one thing. Mr. Krus, everything that, all of the information that's

MINUTES

included in these charts, was given to you and your agency previously when my client sent in, sent in a letter of concern. All this stuff was documented in it. All I've done is reformatted it for the ease of consideration by the Board."

Mr. Krus: "Now, I would have to disagree that."

Mr. Dashiell: "Well -- okay. The, the, if you look, if you look -- members of the Board, at the two price sheets -- the last item that I just gave you, you will see that, that the, on the second sheet is an analysis of the total bid and the first sheet is the analysis of the prices that were submitted for parts. The problem is this, the bidders were asked to state their mark-up on a on the costs, without identifying what they were buying so that, so that, for example, for the \$95,000.00 uh, we don't know, we have to assume that the bidder's only buying one item and therefore if you multiply 75 percent times that item, being my client's mark-up, obviously it's going to be larger than somebody who bid 17 percent mark-up. But, you're not told what you're buying, and you're only buying one item because that's the only thing that keeps the bids the same. In order for you to know the actual final cost to the City of the item, you have to go to the bidder's price sheets, which were also required to be submitted. The, I have copies of the price sheets here, but the, the bid, the document that I gave you to compare the price

MINUTES

sheets, shows you that for the items the City is buying, the prices submitted by my client are actually lower. Those, that, that's it. There's an aggregate price for my client of \$41.00 for the actual stuff that you're buying versus \$42.00 from Columbia Fleet Service. Now, those prices were taken from the price sheets that were submitted by the bidders. I don't know, I don't know why Purchasing used this artificial mechanism of using these \$95,000.00, I don't even know what those numbers stand for. They're not the actual cost to the bidder because, because you're not told what you're buying. And here's the difference, members of the Board, the first number is \$95,000.00. If, if, if my mark-up on \$95,000.00 is 75 percent, it's going to be larger than somebody whose mark-up is 17 percent. But, what if I'm buying, what if I'm furnishing more than one item for that \$95,000.00? What if I'm furnishing 1,000 items for that \$95,000.00 and they're only furnishing two? That takes my, that effectively reduces my mark-up significantly. That's why those num, that's why those artificial numbers don't make any sense. The only way to determine how much you're actually spending, how much the contract is costing, is by looking at the final cost to you of the item that you're buying. When you look at the final cost to you of the item that you're buying, my client's bid is sig -- is lower than that

MINUTES

submitted by Columbia Fleet Service. And there really can't be no, there's no, because when you get ready to pay them, you're not paying off, off the bid sheet, you're paying off the price list. That's why the price list had to be submitted and interestingly enough, Columbia Fleet Service didn't even give you a price for the item that's the highest volume - oil. Why do you want to buy a whole bunch of filters for all these vehicles and you're not buying oil? If you look at their price sheet, which I have and I can give to you, they don't even quote a price for oil, and that is the product that you buy the most of. That, that, that should have been rejected for that reason. When it -- hold, hold, hold, hold it. Don't, okay. So, so when -- my client's, they, they've been doing this work for the City for a long time and they've been doing it very well, and this is their only contract, so they're getting a little exuberant in their expression interrupting their attorney. So in any event, the uh, the price for the parts from my client is lower than the, the price from Columbia Fleet Service. The difference that the Purchasing suggests to you is purely artificial, irrelevant and completely meaningless because it doesn't equate to the price you pay for the product itself. Similarly, on the labor side, you will see that there is a differential there, and, and

MINUTES

supposedly a differential in the price, in the labor charge from uh, from Columbia Fleet Service and the labor charge from my client. Well that's not, let me give you these. Here's the analysis of that. I'm sorry. That's not true either. And here's the reason -- the bid document, and remember here, that there was no pre-bid meeting here, and my client attempted to get answers and clarification on those things, I've got a list of questions that was submitted, and the answers that they got didn't clarify anything, but we tried to get this stuff clarified prior to the bid as best we could and they didn't get answers. The problem is the bid document says you can price your labor in two different ways. You either use a cap, which is to say that for each service we give you a cap for changing oil, three hours, two hours, whatever it may be. Or on a different page, it says utilize your actual hours that you'd take, that you would take to perform the service. Well, my client used the uh, cap because the answer to the question that they got in response to the questions was, 'use the cap'. There was no way that Columbia Fleet Service could have come up with the hourly labor rate that they had if they had done anything other than used what they thought was the actual service hour. If my client had used the actual service hour, which it knows better than anybody else, having done it for 10 years, the labor charges

MINUTES

would have been significant, would have been \$88,000.00 lower than the price submitted by Columbia Fleet Service. That, that analysis is also there. I'm not, and what I think happened here, and I'm not questioning anybody's integrity or impugning or any of that kind of stuff. What I think happened here is that Purchasing just didn't do a very good job of, of, one, preparing the bid documents and, and or of evaluating the responses that they got. They just made a mistake. They just, they calc, -- they, they used the wrong figure to make the calculation. They used an arbitrary figure that did not in fact uh, relate at all to the actual cost of the item that they're purchasing. That's a mistake, it's not, it's not, you know; I don't impugn anybody, and it's a mistake, there's no way it can be justified. Thank you."

City Solicitor: "I have a question. Uh -- Do you say that you provided all of these sheets and this factual information to Purchasing prior to today and prior to your bid protest letter?"

Mr. Dashiell: "We, we, we submitted all of the documentation from which the charts were derived. I did not, I did not perform the analysis for them prior to today because, you see, --"

City Solicitor: "So, the analysis is new to the City now?"

Mr. Dashiell: "Yes, now the analysis is new."

City Solicitor: "Thank you."

MINUTES

Mr. Dashiell: "The analysis is new. The facts and the data and the information is all included in the information that my client submitted beforehand, and anybody who looked at it, could have done the same analysis and would have come to the same conclusions that I came to. But you have to understand, you know, Purchasing has this thing and I will say this - and it's all I am going to say -- Purchasing has this thing that 'we're going to do what we're going to do and we'll tell you why we did it later.' I didn't even know, for example, that my client supposedly failed in its MBE compliance until I read it in the agenda. Every other City agency, whether it's the Department of Public Works or Recreation and Parks or Transportation or whoever, if you are non-compliant with the MBE, they send you a notice and tell you that you are. DPW even has a special form letter. It says 'It is not our policy to recommend the award of the contract to a bidder who does not achieve the required MBE participation.' That's what the letter says. They say that. We never got, we never got a word from, from, from Purchasing about this, so yes, did I do an analysis for them, Mr., Mr., Mr. Nilson? No, I didn't do it for them, but I did it based upon the facts and the data that's in the bid documents and in the bid book and it was available for anybody to do."

President: "Okay, Mr. Krus."

MINUTES

Mr. Krus: "Tim Krus, Bureau of Purchases. Um, The Bureau of Purchases has been following the same practices for decades in terms of notification vendor non-compliance. Um, this is no different than what we have done; our process is not the same as the processing Department of Public Works, who is over the control of procurements from cradle to grave because they are doing procurements for work that they need to have done and uh. As far as the price list were concerned, bidders were not required to submit a full price list, they were requested to submit a representative price list of the most often provided parts, but those prices were not used in the direct evaluation of the bid. Columbia Fleet Services price list response was considered complete. Fleetpro um, has talked about the change in the way we handled the mark-up. We used to do this contract with a discount off the list price. We determined that the best way to proceed with this contract is with a cost plus mark-up and that cost plus mark-up is based on the fact that we would easily be able to audit the costs that were marked-up for the contract. As Fleetpro mentions, this is a rather large contract even for them and we are confident that any company who is awarded this contract would be able to avail themselves of the same cost discounts that Fleetpro is able to avail itself of now as a result of being the incumbent in the contract. As far as the

MINUTES

hourly rates are concerned, we actually worked with fleet management and their technicians to determine the number of hours that it would take certain regularly provided services and put those hours in the bid, again to make sure that the City had the correct price. Um, the, Mr. Dashiell mentioned that at one point one change would have changed the result by \$88,000.00 and I would like to point out to the Board that Columbia Fleet Services amount was \$1,756,417.00 while Fleetpro's bid was \$2,545,680.00. I'd also like to point out that Middleton and Mead, even though their bid was found non-responsive for other reasons and is not protesting, bid \$1,787,589.00, so even though they were not found non-responsive, we had another bid that was very close to the bid amount of the awardee, with Fleetpro being the outlier by \$800,000.00."

Mr. Dashiell: "Mr. President, Mr. Krus is again being misleading. What he didn't address is how that, that spread got to be. He didn't get to that number by, by marking up the actual cost of anything. They arbitrarily printed I'm going to buy \$95,000.00 of something from Ford. A brand name. I'm going to buy \$150,000.00 of something from General Motors. A brand name. That's not the cost of anything. That's in the reality of, I suspect, I don't know, I suspect, that is the amount that the City probably pays for an item, for that type of item over a

MINUTES

period of time, but that's not the bidder's cost. The bidder's cost was required to be submitted, the top 100 items, including oil, was required to be submitted because that's what you bill against. You bill against the final cost to the City, not against the arbitrary number that was set up for brand name products of a particular manufacturer. That's not, that's not what you, that's not, so if you take that arbitrary number away and look at the cost of the items that you're required to submit a price for, that evaporates the difference in the prices between Columbia and Midland or whoever it is and my client. It goes away."

Mr. Krus: "The Bureau of Purchases attempted to structure this solicitation so that we could actually evaluate vendors without having the pricing power of incumbency even if its -- for evaluation, and what we've come up with is what we believe a legitimate award that saves the City almost \$800,000.00."

Mr. Dashiell: "And, and that is false because you only pay the final cost of the item. It doesn't make any difference what the award amount is. When the contractor bids for the item, he bids the final cost based upon the price sheet that was mandatory to be submitted. You would never pay \$3.25 million dollars. You don't do that. You pay for the item based upon the final cost from the price list, and Mr. Krus knows that."

MINUTES

President: "Madam Mayor."

Mayor: "I just wanted to back up to the issue of uh, um, compliance with MBE/WBE. I know that you had an issue with the notification. Do you dispute the compliance?"

Mr. Dashiell: "I, I don't know, I don't know what the non-compliance is."

Unidentified voice: "

Mr. Dashiell: "Hold, hold, gentlemen, gentlemen, please."

President: "If you're going to speak, you need to talk into the mic and identify yourself."

Mr. Dashiell: "Gentlemen, the agenda indicates that all the bidders were found to be non-compliant, which includes you. The Mayor asked do I know, do I question whether or not if you were in compliance. My response is I don't know because I don't know how you were determined to be in non-compliance."

President: "Madam Comptroller."

Mr. Krus: "Mr. Dashiell is correct. All the bidders were found to be non-compliant."

Comptroller: "Right, but, but, your letter says --"

President: "Talk into the mic please."

Comptroller: "Your letter says that the award is recommended to the lowest responsive and responsible bidder, yet um, they were not in compliance with MWBOO and my concern is that it appears

MINUTES

that what we're doing is diminishing the participation of MBE/WBE because it says that if they're not able to retain, if they're not able to meet this goal, then Purchasing would ask for a waiver or a partial waiver."

Mr. Krus: "Well that's another possibility. Purchasing has, you asked about the options that Purchasing has if the awardee was not compliant within the 10-day period. Um, um a waiver or a partial waiver are two of the options. Another option is to consider another bidder going to. But, we would have to have a long conversation with Fleet about that because of the large discrepancy in the price from Fleetpro. So, the other thing that can occur is in a situation like this, is that when that 10-day period occurs, MWBOO may end up talking with the vendor about the reasons they were non-compliant and could potentially recommend a waiver or partial waiver themselves."

Comptroller: "But um, the contractor uh -- Fleetpro, on the MBE, the, their percentage is 3.6, so they almost made the five percent, and --"

Mr. Krus: "As you know Madam Comptroller, almost does not count when you're looking at goals."

Comptroller: "I understand that, but then with Middleton and Meads, they did meet the five percent, so I don't --"

MINUTES

Mr. Krus: "Middleton and Meads was found non-responsive on other terms."

Comptroller: "I understand that, but I'm talking about MBE/WBE and so, if a company can -- if, if Middleton can meet it and Fleetpro can almost meet it, why would Purchasing ask for a waiver or a partial waiver?"

Mr. Krus: "We haven't decided what we would do. You asked what our options would be if Fleetpro, if the awardee Columbia, were not found compliant in 10 days."

City Solicitor: "Is the 10 days compliance, um, situation um, generally invoked in these circumstances, where all bidders --"

Mr. Krus: "We're invoking, we're invoking 10-day compliance as we have done hundreds of times before."

City Solicitor: "-- or is it something unusual?"

President: "Any follow-up?"

Comptroller: "No."

Mr. Dashiell: "I, I just want you to understand that the award to Fleetpro would not be, or even if the award was two and a half million dollars, that's not what you would spend, and Mr. Krus is misleading. What you pay for the part comes off the bidder's parts price list, where the mandatory, they were required to submit the top 100 items. The top 100 items of Columbia Fleet Service doesn't even include oil and oil is the

MINUTES

largest product that you buy. You don't even know how much you would pay for it. This thing needs to be re-done, Mr. President."

Mr. Krus: "If I may point out, we did not put a specific price list of items in this bid asking for specific prices for those particular items."

President: "Madam Mayor."

Mayor: "That was my question. The, the notion that Mr. Dashiell is mentioning about oil being included or not included, is that relevant to the consideration?"

Mr. Krus: "We do not believe it is relevant to the consideration because this is a cost plus mark-up. We are telling the vendors that based on having this contract um, we expect to know their mark-up from cost and that's completely auditable, and we know that the contract has a certain volume that should enable any vendor who is awarded the contract, to get comparable prices on oil or other parts. We asked for the price lists so we could determine whether or not the vendors looked like they were in the ballpark on price, and that was acceptable to us."

Mayor: "Mr. President, so, um, was the vendor's mark-up across the board, a consideration?"

Mr. Krus: "Absolutely. The actual mark-up"

MINUTES

Mayor: "Each vendor was evaluated on their mark-up?"

Mr. Krus: "Right. The cost plus mark-up."

City Solicitor: "And am I right in understanding that this is a different format or a different approach to the bid than has been employed in the past?"

Mr. Krus: "Absolutely."

City Solicitor: "Could you explain for us --?"

Mr. Krus: "-- discount off the manufacturer's list, which is more difficult to determine."

City Solicitor: "And, and just explain for us, if you could, why we chose this different approach --"

Mr. Krus: "We chose cost plus because it is something very easy to audit, because we are able to go to the vendors and determine their actual cost once they get started with the work, and hold them to that exact mark-up. Rather, than a discount off manufacturer's list price, which can be, at the time of bid, different for different vendors because they don't all have the same level of business at the time of their bid. We understand that Fleetpro may receive from vendors a higher discount off manufacturer's list price currently because they have the City contract. We also understand that Columbia or Middleton and Mead, had they been the awardee, would have benefitted from that same volume, um, if they were the incumbent. So we tried to

MINUTES

establish a solicitation that allowed for fair and open competition and that took the advantages of the incumbency out of the equation."

Mr. Dashiell: "Madam Mayor, Mr. President, and I'm going to say this one final time, the issue is not cost, plus, the issue is what you apply the plus to. They applied the percentage to arbitrary numbers, not to the cost of the product, that's what I'm trying to tell you. They applied the mark-up to these arbitrary figures, which represent some purchase of something from these brand names - \$95,000.00 from Ford; \$150,000.00 from General Motors; - we don't know what that's buying. We don't know how many. If you wanted to have a level playing field, you either give the vendor an assumed quantity or you give what you assume is the fair and reasonable price or you ask them for the price list. That's what they did. They did the third thing -- they asked for the price list. They asked for the price list of your 100 top items and that was mandatory. That wasn't discretionary. And Mr. Krus can stand here all day long and talk about cost plus, but it's cost plus the price from that list, not the arbitrary number that's on the bid tab sheet which doesn't really mean anything and it's because of that arbitrary numbers the only reason why my client's price is higher apparently than the apparent low bidder, but that's not what you

MINUTES

would pay. You would only pay the final price for the specific item, Mr. Nilson, that's what I'm trying to say."

Mr. Krus: "If I, if I may quote from some of the prices and percentages that we received, uh, the standard labor rate um, for Columbia Fleet Service was \$83.50; Middleton and Mead bid \$89.00; Fleetpro bid \$112.81; the labor rate for non-standard hours Middleton and Mead bid \$89.00; Columbia Fleet Service bid \$93.50 and Fleetpro \$112.81. The parts mark-up over cost for Columbia Fleet Service was 17 percent; Middleton and Mead was 18 percent and Fleetpro was 75 percent."

Mr. Dashiell: "And the cost of a filter from my client was \$4.00 and \$4.25 from Columbia Fleet Service. That's the difference. You're bidding on, you are buying the final part, and with respect to the labor cost, and Mr. Krus skipped that because he doesn't want to talk about the parts pricing any more, with respect to --"

Mr. Krus: "I apologize."

Mr. Dashiell: "-- the labor cost, the problem is that the bid document asked for the labor cost to be computed two different ways. On way page it said assume this to be a cap. We took the cap and we divided that by the actual labor cost, which produced a higher number. We think that other people bid, used the actual hours, which was a much larger number, divided that into labor,

MINUTES

which gives you a lower, gives you a lower per hour rate. We gave you that analysis. If you make the adjust, if you compare apples to apples our hourly rate is no higher, in fact it's lower than the recommended bidder. Go ahead, I'm sorry."

Comptroller: "If you had an option -- if you had an option, and said they've been doing it for years, why didn't they use the actual instead of the cap?"

Mr. Dashiell: "Because they asked the question, they asked the question prior to the bid, and the answer that they got, I got the answers here from the City, they were told to use the cap."

Comptroller: "So, they were told to use the cap?"

Mr. Dashiell: "They were told to use the cap. They weren't told to --"

Mr. Krus: "-- We are very concerned about the cost of labor on this contract, and that is why we involved the technicians and fleet management to determine the number of hours that certain categories of repair would take. As you all are well aware from having your own cars repaired, uh, if you use book rates for some of these repairs, the hours can differ substantially."

President: "Okay. I'm going to entertain a Motion."

City Solicitor: "MOVE to approve the recommendation of the Bureau of Purchases and deny the bid protest."

Mayor: "Second."

MINUTES

President: "All those in favor say AYE. All opposed NAY. Please note Council President Young votes **No**. The Motion carries."

Comptroller: "I vote **No**."

President: "Please note the Comptroller votes **No**. The Motion carries."

Board of Estimates c/o
Ms. Harriett Taylor, Deputy Comptroller, Clerk to the Board of Estimates
City of Baltimore
Office of the City Comptroller
Room 204, City Hall, 100 North Holiday Street
Baltimore, MD 21202

Dear Ms. Taylor,

This letter provides notice that Fleetpro is formally protesting the Bid Submission by Columbia Fleet Service, for Solicitation # B50003417, Fleet Management Division. Mr. Timothy M. Krus, CPPO is the City Purchasing Agent.

Fleetpro believes the Columbia Fleet Service's bid should be disqualified for the following reasons:

1. Columbia Fleet Service did not submit information that clearly demonstrates that the bidder either has on-hand adequate labor and equipment resources to perform the requested services or has immediate committed access to such resources. (SW3 C pg 4).
2. Columbia Fleet Service did not submit the three required references (SW26 A 4) pg 12.
3. Columbia Fleet Service did not submit information that demonstrates that it meets the Insurance Requirements in three areas, specifically; the \$3,000,000 Aggregate Commercial General Liability; the On-Hook coverage, (SW12 A 1 & 4) pg 8 and pg. B9, and the proof that coverage is either currently in place or will be provided.
4. Columbia Fleet Service Price List was incomplete.
5. Fleetpro believes Columbia Fleet Service based their hourly rate on the assumption that actual time versus the capped time could be billed to the City, as specified in SW5 F 4. Fleetpro used the labor caps stated in DS 2 Q, pgs, 17R and 18R, at the direction of Procurement.

In addition to the above issues the bid pricing methodology used in this Solicitation (B50003417) Item # 1: OEM Parts pg B5 – **does not** reflect the actual price to be charged by the vendors to the City for parts. The bid form states an assumed cost amount and then the City's Final Cost is calculated by adding the Mark Up % bid by the vendor. The fact is that each vendor has different cost for parts. As a result including Item #1 in the Basis for Award is seriously flawed and does not reflect actual costs to the City for parts

or oil. Fleetpro's analysis of the parts prices shows that Fleetpro's purchasing price for filters and oil is substantially less than those from the other bidders. The result is that Fleetpro's bid is unfairly computed as high and noncompetitive.

Furthermore, the method and amounts to be invoiced to the City are defined in SW5 F 4 pg 6 which allows the vendor to charge for actual time up to book time as a max. This paragraph takes precedence over the cap times stated in *DS 2 Q, pgs, 17 R and 18 R. For the above reasons Fleetpro requests the bid to be redone.*

Details of Deficiencies in the Bid Submission by Columbia Fleet Service

1. The Solicitation states at SW3. C. pg 4 "In order to be considered eligible for award, a bidder **must submit information that clearly demonstrates that the bidder either has on-hand labor and equipment resources to perform the requested services or has immediate committed access to such resources.**" [emphasis added]

- a. DS2 K, pg 15, "The Contractor shall train its technicians to be able to perform the required services. The training shall include an annual refresher training consistent with the following: . . ." *Columbia Fleet Service did not submit information that clearly demonstrates that it meets this requirement.*
 - i. "Annotated Code of Maryland, Transportation Article, Title 23, Subtitle 3, Code of Maryland Regulations (COMAR) 11.22 – Preventive Maintenance Program." *Columbia Fleet Service did not submit information that clearly demonstrates that it and/or its on-hand labor meets this requirement.*
 - ii. "North American Commercial Vehicle Safety Alliance (CVSA), Out-of-Service Criteria." *Columbia Fleet Service did not submit information that clearly demonstrates that it and/or its on-hand labor meets this requirement.*
 - iii. "Department of Transportation, Federal Highway Administration, Title 49 Code of Federal Regulation, Part 393 – Parts and Accessories Necessary for Safe Operations" *Columbia Fleet Service did not submit information that clearly demonstrates that it and/or its on-hand labor meets this requirement.*
 - iv. "Department of Transportation, Federal Highway Administration, Title 49 Code of Federal Regulations, Part 396 – Inspection Repair and Maintenance" *Columbia Fleet Service did not submit information that clearly demonstrates that it and/or its on-hand labor meets this requirement.*
 - v. "Department of Transportation, Federal Highway Administration, Title 49 Code of Federal Regulations, Appendix G to Subchapter B – Minimum Periodic Inspection Standards" *Columbia Fleet Service did not submit information that clearly demonstrates that it and/or its on-hand labor meets this requirement.*
- b. DS2 D, pg 14, "The Contractor shall provide services including service history tracking, scheduling, dispatch, travel, exception reporting and waste disposal." *Columbia Fleet Service did not submit information that clearly demonstrates*

that it meets the requirement to provide or has the equipment resources to provide any of these required services.

- c. DS2 O, pg 15, "The Contractor shall follow procedures and guidelines set forth by the North American Commercial Vehicle Safety Alliance (CVSA) Out of Service Criteria, Federal Highway Administration 396.17, State of Maryland, and COMAR11.22 for all inspections in order to identify and report mechanical deficiencies, unsafe or restricted operating conditions on all vehicles." *Columbia Fleet Service did not submit information that clearly demonstrates that it and/or its on-hand labor meets this requirement.*
 - d. DS2 M, pg 15, "The Contractor shall maintain and manage actual and projected expected vehicle usage and develop a PM Service schedule which identifies vehicles due for service. The PM Service Schedule shall have the capability to schedule all vehicle components individually based upon time, miles or hours. Development and implementation of all check sheets are the responsibility of the contractor." *Columbia Fleet Service did not submit information that clearly demonstrates that it meets the requirement to provide or has the labor and/or equipment resources to provide any of these required services.*
2. SW26 A. pg 12, "The following items must be submitted with the bid package or the bid will be considered non-responsive, and the bid will be disqualified:" . . . "(4) List of References (minimum of three (3) references)" *Columbia Fleet Service did not provide the three (3) required references.*
 3. SW12 A. pg 8, "The following coverage(s) shall be provided:"
 - a. "1. Commercial General Liability at \$1,000,000 per occurrence; \$3,000,000 Aggregate." And, Bid Documents, pg B-8, second to last sentence, "Regardless of the method used, the form must be complete, must show that all limits of insurance are or will be met, and must be signed by the Agent." *Columbia Fleet Service, on its submitted "Certificate of Insurance Coverage" did NOT offer the \$3,000,000 Aggregate as required.*
 - b. "4. Garage Keeper's Direct Primary, \$1,000,000, including On Hook Coverage" and Bid Documents, pg B-8, second to last sentence, "Regardless of the method used, the form must be complete, must show that all limits of insurance are or will be met, and must be signed by the Agent." *Columbia Fleet Service, on its submitted "Certificate of Insurance Coverage" excluded the On Hook Coverage required by the Solicitation.*
 - c. Bid Documents, Insurance, pg B-8, third sentence "Proof that coverage is either currently in place or will be provided must be submitted with the bid.", and pg B-8, second to last sentence, "Regardless of the method used, the form must be complete, must show that all limits of insurance are or will be met, and must be signed by the Agent." *Columbia Fleet Service did not submit a Certificate of Insurance, or B9 form from this Solicitation, rather they submitted a form from a different bid i.e.: B50003329, that has different Insurance requirements. Also, Columbia Fleet Service, on its submitted "Certificate of Insurance Coverage" did NOT "Check the appropriate box(s) below." In the third box for "Policy will be obtained before contract signed" as required by the Solicitation.*

4. Page B4, Bid Price Sheet, last paragraph, "Attach two (2) copies of the manufacturer's current suggested cost price list". . "this list should be for the top 100 selling parts." *Engine Oil is the highest volume part used in these services. Columbia Fleet Service did not submit a price or a markup for engine oil.*
5. SW5 F 4 pg 6, "An itemized list of all repairs. Labor charges shall be listed separately with the labor per hour cost multiplied by the amount of hours spent on the repair. An example is 4.5 hrs. x \$65.00/hr. The City will pay actual time, not to exceed book time." Furthermore, SW4 E, "The City will pay, and the Contractor shall accept, the applicable unit price stipulated in the specifications and bid/proposal sheets attached hereto as full compensation for furnishing and delivering the product(s)/service(s)." *Fleetpro used the labor caps stated in DS 2 Q , pgs, 17 R and 18 R and fit the average Actual Time experienced for the services into the Caps. Fleetpro's Average Actual Time based on 10 years experience delivering these services to Baltimore City - includes the benefit of Fleetpro specially designed Trucks, Equipment Systems, Computer Systems, Remote Labor Management Systems, Training & Certification Programs. This makes the Fleetpro labor rate higher than the other bidders. Had Fleetpro used the cap hours and relied on Section SW4 E & SW5 F 4 for payment and invoicing instructions, our Labor Rate would have been significantly lower than either Columbia Fleet Service.*

We believe the issues outlined with this letter, are major deficiencies in the bid response and in meeting the City's expectations in executing the required services.

Thank you for your time and consideration.

Sincerely Yours,

Kieran (K.J.) Reynolds

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City and the MWBOO staff.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
 - a. Page 31, Item #5, Bureau of Purchases, RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS - Columbia Fleet Service, Inc. \$2,000,000.00, if approved:
 - i. Before Board consideration, this item should be moved to the non-routine agenda;
 1. This action clearly depicts the arbitrary and capricious decision making of the chief of the MWBOO who has in the past offered the following "... are recommended on the condition that the vendor will come into compliance within 10 days of Board approval, or be terminated for default";
 2. The MWBOO recommendation in this action reflects a contradiction from recent MWBOO decisions which allowed the vendor 60 days to come into compliance;
 3. The MWBOO lacks written standard policy and procedures;
 - i. The MINORITY AND WOMEN'S BUSINESS ENTERPRISES LAW, ART. 5, clearly states that the office will produce written policy and procedures which shall be filed with the Legislative Reference Office, which HAS NOT BEEN ACCOMPLISHED!!!
 4. This award is recommended on the condition that the vendor will come into compliance within 10 days of Board approval, or be terminated for default and reflects a grossly shorter allowance in the conditions set for vendor compliance than has been routine in recent board actions;

Email: ktrueheart@whatfits.net
5519 Belleville Ave
Baltimore, MD 21207

- a. This gross allowance deprives minority and women owned businesses of the total contract dollar value, unfairly and capriciously.
 5. This action should also include sanctions for vendors who have been found non-compliant.
 - a. If the findings regarding noncompliance warrant Board action, in accordance with the MINORITY AND WOMEN'S BUSINESS ENTERPRISES LAW, ART. 5, § 28-87.(b)(2) (2) The Board of Estimates may impose sanctions in accordance with Part XI of this subtitle.
 6. This action potentially reduces the pool of eligible minority and women owned businesses without providing desperately needed mentoring and technical assistance to this vendor to bring them into compliance.
3. How the protestant will be harmed by the proposed Board of Estimates' action: As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This already onerous burden will be exacerbated by this abusive practice which has failed to facilitate contract disbursements to all segments of the minority and women's business market place.
4. The remedy I seek and respectfully request is that this action be moved to the non-routine agenda, that sanctions be imposed by the Board and the WMBOO and MWBD offices be directed to provide mentoring, counseling and technical assistance to the noncompliant vendor and its subcontractors.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on June 18, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident

<u>Department of Housing and Community Development (DHCD)</u>	- Strategic Demolition and Smart Growth Impact Funds <u>(SD-SGIF)</u>
---	---

The Board is requested to approve and authorize execution of the SD-SGIF agreements with the Maryland Department of Housing and Community Development.

The SD-SGIF Agreements will allow the City to receive the SD-SGIF for the former New Psalmist Baptist Church and Mt. Winans School sites. The SD-SGIF provides funds for projects that will have a catalytic affect on revitalization efforts.

1. **NEW PSALMIST BAPTIST CHURCH** **\$650,000.00**

Account: 9910-911018-9588-900000-704045

In 2013, the DHCD applied for and was awarded \$650,000.00 from the SD-SGIF program for the demolition of the former New Psalmist Baptist Church located at 4501 Old Frederick Road. The former church is part of the Uplands redevelopment initiative. Infrastructure planning will add value to the site and make it more attractive to potential developers.

2. **MT. WINANS SCHOOL** **\$400,000.00**

Account: 9910-920016-9588-900000-704045

In 2012, the DHCD applied for and was awarded \$400,000.00 from the SD-SGIF program to assist with the redevelopment of the former Mt. Winans School located at 2400 Harman Avenue. The funds will be used to assist with the mass grading to prepare the site for future redevelopment. The School was repeatedly identified by the community as an eyesore and was demolished in December 2013.

Department of Housing and Community Development (DHCD) - Land Disposition Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Land Disposition Agreement with Baltimore Green Space, developer (a Land Trust for community-managed space), for the sale of the City-owned property located at 104 S. Duncan Street.

AMOUNT OF MONEY AND SOURCE:

\$1.00 - Purchase price

BACKGROUND/EXPLANATION:

The DHCD's Land Resources Division, on behalf of the Mayor and City Council of Baltimore, strategically acquires and manages vacant or abandoned properties, ultimately enabling these properties to be returned to productive use and improving Baltimore's neighborhoods.

In an effort to further the Mayor's Cleaner Greener Initiative, as well as the new Sustainability Plan, which calls for the City to "develop and support a Land Trust to help communities retain control of appropriate open space upon the communities' commitment to maintain the space", the DHCD is seeking approval for the transfer of the community-managed open space located at 104 S. Duncan Street, which has been used by the Butcher's Hill community for the past five years as a community garden.

The transfer of the property located at 104 S. Duncan Street into a land trust represents a cost-effective way to provide neighborhoods with amenities such as community gardens and other beautification and recreational spaces. Through their own labor and investments, as well as outside funding, residents increase property values while creating social and environmental benefits.

104 S. Duncan Street was journalized on December 12, 2012.

STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE APPRAISED VALUE:

The assessed value of the property located at 104 S. Duncan Street is \$118,200.00. The sale of this property for a price below the appraised value to a Land Trust, whose sole purpose is to ensure the preservation of the community-managed open space, is reflective of the City's understanding that community-managed open spaces serve a specific benefit to the immediate community by elimination of blight and by providing the neighborhoods with amenities such as community gardens and other beautification and recreational spaces.

MBE/WBE PARTICIPATION:

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with Baltimore Green Space, developer (a Land Trust for community-managed space), for the sale of the City-owned property located at 104 S. Duncan Street.

The Board of Estimates received and reviewed Ms. Trueheart's protest. As Ms. Trueheart does not have a specific interest that is different from that of the general public, the Board will not hear her protest. Her correspondence has been sent to the appropriate agency and/or committee which will respond directly to Ms. Trueheart.

President: "The second item on the non-routine agenda can be found on Page 44-45, Item No. 15, B50003283, Fabrication, Delivery, and Installation of Signs for Cylburn Park. Will the parties please come forward?"

Comptroller: "I, I had some questions."

President: "Madam Comptroller."

Comptroller: "Um, My concern is that the answer that I got was, was that all of the bidders were non-compliant because MWBOO compliance is determined by a separate office. Yet you're recommending this and you're giving um, Weisser Enterprises, LLC 10 days to come into compliance, so --"

MINUTES

Timothy Krus, Bureau of Purchases: "That's our standard practice."

Comptroller: "-- so, Purchasing, so a company can be non-compliant and Purchases will say that it is the lowest and the uh, --"

Mr. Krus: "That it is the lowest responsive and responsible bidder, pending coming into compliance."

Comptroller: "Well okay, if Weisser's granted a partial waiver, what would that entail?"

Mr. Krus: "A partial waiver could potentially entail the reduction of goals; a full waiver of course, would entail the elimination of goals. In this case, the MBE set goals are three percent and two percent."

Comptroller: "And would Purchases be required to check that a bidder has met all the requirements?"

Mr. Krus: "For the goals?"

Comptroller: "Yes."

Mr. Krus: "MWBOO would check that and confirm it, and then monitor it."

Comptroller: "And how many MBEs do we have that can perform the required work on this contract?"

Mr. Krus: "I don't know, Madam Comptroller."

Comptroller: "You don't know."

MINUTES

Mr. Krus: "We leave that to MWBOO to determine, because not only does the company have to be an MBE or a WBE certified by the City, but they have to be certified in the area of work, um, that they have proposed. So, for example, um, if somebody is installing, is a window installer, an MBE for the City, based on the installation of windows, they would not be able to be used on the sign contract."

Comptroller: "Okay. And your instructions state here that any bid that does not include a signed statement of intent form and the MBE/WBE participation affidavit is not responsive and will be rejected, but Purchasing is, they were non-compliant, they were all non-compliant but --"

Mr. Krus: "Correct."

Comptroller: "-- but, you're going to award to this company."

Mr. Krus: "Correct. Pending coming into compliance within 10 days."

President: "Okay, um, well, I would like for you to report back to the Board whether they met that um, -- compliance. I'll entertain a Motion."

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City and the MWBOO staff.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
 - a. Page 44, Item #15, Bureau of Purchases - WEISSER ENTERPRISES, if approved:
 - i. This action clearly depicts the arbitrary and capricious decision making of the chief of the MWBOO who has, since 2013, misinterpreted participation goals for numerous contracts;
 1. The MWBOO lacks standard policy and procedures in writing;
 - a. The MINORITY AND WOMEN'S BUSINESS ENTERPRISES LAW, ART. 5, clearly states that the office will produce written policy and procedures which shall be filed with the Legislative Reference Office, which HAS NOT BEEN ACCOMPLISHED!!!
 2. This MWBOO participation decision fails to uphold the MINORITY AND WOMEN'S BUSINESS ENTERPRISES LAW;
 3. This action clearly puts the entire MWBOO in jeopardy of NOT meeting the judicial test of constitutional strict scrutiny;
 - b. How the protestant will be harmed by the proposed Board of Estimates' action:

As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This action fails to aid in the elimination of business discrimination against M/WBEs in the private sector of the City of Baltimore's market area. This already onerous burden will be exacerbated by this arbitrary practice which has failed to facilitate contract disbursements to all segments of the minority and women's business market place.

Email: ktrueheart@whatfits.net
5519 Belleville Ave
Baltimore, MD 21207

3. The remedy I seek and respectfully request is that this action be moved to the non-routine agenda, and the MWBOO provide a detailed overview of their procedures for setting participation goals in a public presentation before the board and attending public.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on May 14, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident

ACTION REQUESTED OF B/E:

The Board is requested to approve the FY 2015 Insurance Renewal for Mayor's Office of Employment Development (MOED) Worker's Compensation with the Chesapeake Employers Insurance Company (previously IWIF, a state agency). The renewal is for the period July 1, 2014 through June 30, 2015.

AMOUNT OF MONEY AND SOURCE:

\$66,251.00 - 4000-806415-6313-460205-603017

BACKGROUND/EXPLANATION:

The coverage provides Workers' Compensation benefits for the MOED trainees program.

MOED receives federal grant money, a requirement of which is the purchase of Worker's Compensation Insurance for the participants in its various programs. MOED has completed its 19th year under the Chesapeake Employer Insurance (IWIF) Program. The rate/premium offered by Chesapeake Employers Insurance is favorable again this year. A 40% credit was negotiated due to Good Loss Experience.
