The meeting was called to order by the President.

Pursuant to Article VI, Section 1(c) of the revised City Charter effective July 1, 1996, the Honorable Mayor, Stephanie Rawlings-Blake, in her absence during the meeting, designated Mr. Harry Black, Director of Finance, to represent the Mayor and exercise her power at this Board meeting.

ACKNOWLEDGEMENT

President: “This is Mr. Harry Black’s um -- last Board of Estimates’ meeting. I want to tell him it has been a pleasure working with him as a Finance Director. Um -- he was a gentleman that clearly understood his role and the role of the City Council and how it impacts us as it relates to dealing with our budget.”
Um -- he was a straight-up guy. Um-- I had some concerns at first from the articles that I read in the newspaper as it pertained to his um -- his demeanor with the Council, but I found out that that was not true. Um -- he worked for the Mayor, whatever the Mayor asked him to do, he had to do that. Um, I found him to be a very even-tempered person who um, would listen to reason and come back with a compromise, and I appreciate that, um and you Mr. Black. I wish you the best as City Manager in Cincinnati, Ohio. Don’t forget I’ve got friends everywhere now, so I’m, I’m not finished with you yet. Um, any of the Board members want an opportunity to say something about Mr. Black, they are welcome at this time.”

Comptroller: “Okay, I would also like to thank Mr. Black, the Finance Director, for working together with the Comptroller’s Office and its var-- various agencies, and it was a pleasure serving with you on the Fire and Police Board. You will be greatly missed, but I think it’s a great opportunity and I wish you much success.”
City Solicitor: “I don’t usually join in on these things, but um, because I’ve had occasion to work considerably with the Finance Director ever since he got here, I thought Ed Gallagher could never be replaced but Harry Black has done a terrific job. I should just mention ironically that in 1967 it was a gentleman from Cincinnati who encouraged me to come to Baltimore, so I’m indebted to Cincinnati for that, and I wish you all the well, all the best luck out there.”

Director of Finance: “Thank you. Thank you.”

President: “While the Comptroller is uh -- talking with the Deputy Comptroller, I want to recognize Councilman Curran who has joined us and Councilman Warren Branch who has joined us. I would direct the Board members attention to the memorandum from my office dated August 11, 2014, identifying matters to be considered as routine agenda items together with any corrections and additions that have been noted by the Deputy Comptroller. I will entertain a Motion to approve all of the items contained on the routine agenda.”

City Solicitor: “MOVE approval of all items on the routine agenda.”

Comptroller: “Second.”
President: “All those in favor say Aye. All opposed Nay. The Motion carries. The routine agenda has been adopted. In the interest of promoting the order and efficiency of these hearings, persons who are disruptive to the hearings will be asked to leave the hearing room immediately.”

This project is in line with the Mayor’s Ten Year Plan to end homelessness. Sarah’s Hope is a City funded homeless shelter for women and children. St. Vincent de Paul of Baltimore has been operating Sarah’s Hope since 2008. Sarah’s Hope provides 24-hour emergency shelter, case management, and other support services for homeless women and children in the Sandtown-Winchester area. Emergency shelter for homeless families with children is woefully lacking in the City of Baltimore. The current census at Sarah’s Hope is 75 women and children because of space constraints at the site. With extensive renovation to the building, the shelter will be able to expand and accommodate up to 150.

UPON MOTION duly made and seconded, the Board approved the assignment of Task No. 10, to Murphy & Dittenhafer, Inc., under Project 1125, Site Development Services. The Transfer of Funds was approved, SUBJECT to the receipt of a favorable report from the Planning Commission, the Director of Finance having reported favorably thereon, in accordance with the provisions of the City Charter.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Department of Housing and Community Development (DHCD).

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self.
2. **What the issues are:**
   a. Page 37, Department of Housing and Community Development (DHCD) – Land Disposition Agreement, if approved:
      1. The agreement states that the 3 properties will “be totally rehabilitated and returned to residential use as residential rental units.”
      2. The agreement offers the properties “FOR SALE BELOW THE PRICE DETERMINED BY THE WAIVER VALUATION PROCESS”;
      3. The sale price clearly is an incentive, yet NO mention of the city’s Inclusionary Housing Law is included in this agreement;
         a. Please provide the total number of rental units planned by the developer;
         b. If the total number meets the Inclusionary Housing Law’s threshold, will the Commissioner impose the law since an incentive is being provided?
   3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I have witnessed questionable management and stewardship of municipal funds by this Mayoral administration and DCHD/HABC.
   4. **The resolution I seek:** The dissolution of DHCD and HABC in their current form and the establishment of a new single entity under the direct auspicious of the municipal government of Baltimore City, thus allowing for appropriate levels of oversight and scrutiny by the citizens of Baltimore City and our duly elected representatives.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 13, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,

Kim Trueheart, Citizen & Resident

Bureau of Water and Wastewater (BW&WW) - Expenditure of Funds

ACTION REQUESTED OF B/E:

The Board is requested to approve an expenditure of funds to pay the past due invoices of Wachs Water Services for services performed during the period January 9, 2014 through January 14, 2014, under Project 1188, Valve and Fire Hydrant Exercising.

AMOUNT OF MONEY AND SOURCE:

8,201.52 - 2071-000000-5521-608504-603026

$32,806.08

BACKGROUND/EXPLANATION:

Project 1188 replaced Project 1127, which expired on January 19, 2014. Project 1188 provides for the assessment, inspection, rehabilitation, and shutdowns of water distribution system valves within the Baltimore Metropolitan Area Water Distribution System.

The total approved budget for Project 1127 was expended by December 31, 2013. During the timeline between December 31, 2013 exhaustion of the funds for Project 1127, and the January 15, 2014 approval by the Board of Estimates for Project 1188, there were no funds available to cover the cost of the work required to assist the City in emergency responses of water main breaks and the necessary shutdowns during the period of January 1, 2014 through January 14, 2014.

To cover the costs incurred due to the emergency work necessitated during the period of January 9, 2014 through January 14, 2014, the Bureau is requesting approval to pay the invoices for Wachs Water Services in the amount of $32,806.08. This amount will not trigger an increase in the approved upset limit of $6,050,856.25 approved by the Board on January 15, 2014.

MBE/WBE PARTICIPATION:

The Consultant will comply with all terms and conditions of the MBE/WBE programs, in accordance with Baltimore City Code, Article 5, Subtitle 28.

APPROVED FOR FUNDS BY FINANCE

AUDITS REVIEWED AND HAD NO OBJECTION.

UPON MOTION duly made and seconded, the Board approved the expenditure of funds to pay the past due invoices of Wachs Water Services for services performed during the period January 9, 2014 through January 14, 2014, under Project 1188, Valve and Fire Hydrant Exercising.
Bureau of Water and Waste – 2014 Sewer Surcharge Adjustment and Wastewater (BW&WW)

ACTION REQUESTED OF B/E:

The Board is requested to concur with an adjustment of the 2014 Sewer Surcharge assessed to Peabody Heights Brewery, LLC and rescind any penalties assessed on the unpaid surcharge balance.

AMOUNT OF MONEY AND SOURCE:

$1,972.03 - unpaid surcharge balance

BACKGROUND/EXPLANATION:

Article 25 of the Baltimore City Code (2000 ed., as amended) grants the City the authority to assess industries a sewer surcharge of industrial waste. Industries are billed in advance each January covering the period of January 1 through December 31 year each billing year. The Peabody Heights Brewery, LLC was originally assessed $17,756.23 for Calendar Year 2014. However, in a letter dated March 18, 2014, the company requested that the surcharge be reconsidered as actions were taken during the surcharge year to reduce the pollutant loadings of their discharge.

The Bureau agreed that reconsideration was warranted and recalculated the surcharge using only the analytical data collected in October of 2013, after the company’s inside and outside settling pits had been reconfigured and a filtering system had been installed. This resulted in a revised assessment of $6,867.82 and represents a reduction of $10,897.41. As Peabody Heights Brewery, LLC has paid $4,895.79 of the original assessment, the company still owes a surcharge of $1,972.03.
The Bureau of Water and Wastewater requests that the Board concur with the decision to assess Peabody Heights Brewery, LLC. $6,867.82 for Calendar Year 2014. The Board is also requested to rescind any penalties assessed on the unpaid assessed surcharge balance of $1,972.03.

UPON MOTION duly made and seconded, the Board concurred with the adjustment of the 2014 Sewer Surcharge assessed to Peabody Heights Brewery, LLC and rescinded any penalties assessed on the unpaid surcharge balance.

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the Department of Public Works.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent**: Self
2. **What the issues are**:
   a. Page 64, Item #8, Bureau of Purchases, B50003578, RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS, Maryland Industrial Trucks, Inc., if approved:
      i. This award in the amount of $2,837,174.00:

         2. Fails to disclose whether this purchase will come from the city’s general fund or the storm water management fee;
         3. Fails to disclose the long range sustainability implications on the general fund of this purchase regarding maintenance and future replacements or additional truck purchases;
      ii. Please provide access to:
         1. The document that provides details of the purchases planned using storm water fees.
   3. **How the protestant will be harmed by the proposed Board of Estimates’ action**: As a citizen I have witnessed what appears to be a significant dearth in leadership, management and cogent decision making within the Department of Public Works, which potentially cost me and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending, without benefit of local jobs and minority/women contracts.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 13, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Mayor’s Office of Emergency Management – Amendment to Memorandum of Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Amendment to Memorandum of Agreement (MOA) with Business Network of Emergency Resources, Inc. (BNET).

AMOUNT OF MONEY AND SOURCE:

This amendment has no associated costs.

BACKGROUND/EXPLANATION:

This Amendment to the original MOA with the BNET deletes a requirement for businesses that wish to participate in the program to name the City of Baltimore and the BNET as additional insured in their insurance plans. A requirement is already in place for participants to indemnify and hold harmless the City and the BNET as a condition for participation in the Corporate Emergency Access System (CEAS) Program.

The CEAS is a system that allows businesses to pre-register key personnel to have access to disaster areas during an incident when deemed safe. Studies have shown that access to the workplace by critical employees and key service providers during times of restricted ingress are crucial to business survival. The CEAS was developed for this reason at the urging of the business community. There are currently 271 users registered in the program.

The Law Department and the Office of Risk Management have both agreed that the original requirement in the 2009 Memorandum of Understanding is unnecessary.

   c. Please provide access for inspection the invoices submitted by JAY’S RESTAURANT GROUP, INC. for this contract during the current and previous fiscal years.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** This demonstrates the less than transparent practices of this administration which routinely obfuscates facts from the public. This untenable practice denies citizens the opportunity to clearly observe the workings of our government in a transparent manner. The mismanagement of public funds has been pervasive in this administration and has frequently been financially costly and often socially and morally unacceptable to the average citizen taxpayer. This action glaringly demonstrates this administration’s abusive policy which extends maximum benefit to corporations over citizens/residents. A complete top to bottom business process reengineering initiative must be initiated to ensure scarce taxpayer funds are NOT mismanaged and that processes are open and transparent.
4. **The remedy I seek and respectfully request is that this action be delayed until a top to bottom business process reengineering initiative is scheduled for DOT.**

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 13, 2014.

Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and a complete failure to provide transparent communications about priorities and outcomes by the Mayor of Baltimore City and the various Departments and Agencies.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self

2. **What the issues are:**
   a. Page 76, Item #8, INFORMAL AWARDS, RENEWALS, INCREASES TO CONTRACTS AND EXTENSIONS - Bureau of Purchases - B5003317, Food Yard A & B Shift, if approved:
      i. Fails to clearly describe this expense which appears to be an intentional obfuscation of the factual details concerning this action;
   b. Please provide details of the operations ongoing at the Yard during A & B shifts which warrant the purchase of food;
   c. Please provide access for inspection the invoices submitted by JAY’S RESTAURANT GROUP, INC. for this contract during the current and previous fiscal years.

3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** This demonstrates the less than transparent practices of this administration which routinely obfuscates facts from the public. This untenable practice denies citizens the opportunity to clearly observe the workings of our government in a transparent manner. The mismanagement of public funds has been pervasive in this administration and has frequently been financially costly for residents. This action glaringly demonstrates this administration’s abusive policy which extends maximum benefit to corporations over citizens/residents. The continued mismanagement of projects by City agencies is disgracefully wasteful and lacking in actual innovative outcomes. A complete top to bottom business process reengineering initiative must be initiated to ensure scarce taxpayer funds are NOT mismanaged and that processes are open and transparent.

4. **The remedy I seek and respectfully request is that this action be delayed until a top to bottom business process reengineering initiative is scheduled for DOT.**

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 13, 2014.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of Baltimore City, of which I am a member, in good standing.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:** Page 82, Item 18, Bureau of Purchases - MOTOROLA SOLUTIONS, Inc. $1,500,000.00 Agreement - Contract No. 08000 – Furnish and Deliver Add-On Subscriber Radios, Mobile Data Subscribers, Parts, Accessories, and Services, if approved:
   a. This agreement is listed as Contract No. 08000 which is questionable as this contract appears 4 – times in this week’s agenda and additionally appears over 85 times in previous BOE agendas dating back to November 2012 for an extremely wide assortment of purchases;
      i. Please clarify.
   b. This award which will exceed $5 million, if approved, makes no reference to minority/women-owned business participation goals;
   c. Please provide access to the documents which discloses the updated list of equipment as noted in the following “This Amendment updates the list of equipment provided under this contract.”
   d. Mayor Rawlings-Blake has orchestrated a road block for the past 24 months which has resulted in approximately $400K/month being wasted in expenditures supporting an arcane telephone system for the City;
   e. This procurement assumes and exacerbated this waste in that yet more scarce taxpayer funds will be expended on a questionable procurement which is NOT clearly part of a comprehensive integrated city-wide 21st century telecommunications plan.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This onerous burden can only be relieved when cost saving best practices are consistently applied to all procurement actions. This award fails to accomplish that end and will be most costly to the citizens of Baltimore and myself.

4. The Remedy I Seek: This award should NOT be approved and the action should be rejected and redefined as part of a comprehensive integrated city-wide telecommunications strategy, which is void of the political whims of this dictatorial mayoral administration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 12, 2014.

19. TIERPOINT MARYLAND, LLC f/k/a BALTIMORE TECHNOLOGY PARK, LLC $ 0.00 Amendment to Agreement

The Board is requested to approve and authorize execution of an Amendment to Agreement with TierPoint Maryland, LLC f/k/a Baltimore Technology Park, LLC. The contract expires September 10, 2018, with five 1-year renewal options.

On September 13, 2013, the Board approved the initial award in the amount of $1,653,520.00. This amendment to agreement will clarify the access to and use of common areas and to identify the specific City-used premises in the Data Center Colocation facility.

MWBOO SET GOALS OF 5% MBE AND 2% WBE.

MBE: Cytherian, LLC $33,833.38 16.83%
WBE: DK Consulting, LLC $ 5,070.00 2.52%

MWBOO FOUND VENDOR IN NON-COMPLIANCE.

TierPoint Maryland, LLC f/k/a Baltimore Technology Park, LLC committed to participation of 20.8% MBE and 2.9% WBE and was found non-compliant with that commitment on July 23, 2014. The non-compliance was due to the City’s change in scope of services, where fewer servers than anticipated were migrated during implementation. The Bureau is requesting that the difference between the vendor’s commitment of 20.8% MBE and 2.9% WBE and its actual participation below be waived because the migration phase of this project is now complete.
President: “The first item on the non-routine agenda can be found on Page 83, Informal Awards, Renewals, Increases to Contracts and Extensions, Item No. 19, Contract No. B50002948, Data Center Colocation, Mayor’s Office of Information Technology. Will the parties please come forward?”

Mr. Tim Krus: “Tim Krus, City Purchasing Agent. This is an amendment to this contract to clarify access to and use of common areas in this data location facility and to identify the specific City use premises that are in the Data Center Colocation facility.”

President: “Madam Comptroller.”

Comptroller: “Yeah, I have a couple questions. Um -- I sent you a question, 4.b., um -- and the question was, ‘How will City agencies other than MOIT have access to the Data Center Colocation facility be determined?’ and you responded, ‘That the facility access will be based on the service consumed by the agency.’”
So, my further question to you is, please explain and give a definition of the services that can be consumed?

Mr. Krus: “With the service consumed by the agency mainly relates to the placement of agency servers in the facility.”

Mr. Jerome Mullen: “Jerome Mullen, Mayor’s Office of Information Technology. Um -- there’s two different types of basic services. One of them is colocation service; if the agency wants to bring their infrastructure, their hardware and put it in the facility, that’s one type of service. Or if they want to virtualize their service and put it on our infrastructure, that’s a separate type. So, if it’s virtualized, they wouldn’t need access, but if it’s hardware that’s brought in, they would.”

Comptroller: “And so, what access level will the 24/7, 365 um -- be there for each type of access that can be consumed?”

Mr. Mullen: “If they have their infrastructure there, then they will have their 24/7, 365 access.”

Comptroller: “Okay. And I also sent you Question 4.c., which asks, ‘Will any agency with software on a server in Data Center colocation facility have unrestricted access to the facility?’ And you did not respond to this question about the server access. Your response was, ‘If the software is installed on a physical server, on which the agency is the owner, that agency would qualify for access to the facility.’ What does ‘qualify’ mean?”

Mr. Mullen: “If -- if you’re referring to just the software --”

Comptroller: “Um hmm.”

Mr. Mullen: “Um -- then that means in all likelihood then it’s virtualized and they wouldn’t need access to the facility.”

Comptroller: “They would not or would?”
Mr. Mullen: “They would not need access to the facility, but they would have access, remote access to the application.”

Comptroller: “Okay, so they would have access, virtual access, but they would not have access to the facility?”

Mr. Mullen: “Correct.”

Comptroller: “Okay. Will any agency that has -- okay -- uh -- let’s see -- so you may have answered this question. Will the agency with virtual service have 24/7, 365 unrestricted access to the City use premises and you’re saying that they will have virtual access?”

Mr. Mullen: “Correct. They will have remote access, but not actual access, physical access to the facility.”

Comptroller: “So, so can you explain the level of access? You’re, you’re saying that they can’t do it physically, but remotely?”

Mr. Mullen: “Remotely they would be able to access their application whatever application they have. Um -- if they have a virtual server if they have administrative access to that server, so then they’d be able to do whatever type of
maintenance configurations they needed to do from any location.”

Comptroller: “Um -- uh --I see -- what -- uh -- okay -- I think that’s all of my questions. Okay.”

President: “You okay?”

Comptroller: “Um hmm.”

President: “Um -- thank you. I will entertain a Motion.”

City Solicitor: “MOVE approval of the items being discussed by Mr. Mullen and Mr. Kruse.”

Director of Public Works: “Second.”

President: “All those in favor say Aye. All opposed Nay.”

Comptroller: “Nay.”

President: “Please note the Comptroller votes NO. The Motion carries. Um -- first of all before we end the hearing, I want to recognize Mr. Mason uh -- Mr. Middleton. Is Roxy here? Okay, and uh -- welcome the Ru Ru representative here to the Board of Estimates.”

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self

2. What the issues are: Page 84, Item 20 - Bureau of Purchases - SEGAL ADVISORS, Inc., if approved:
   a. The MWBOO set the minority and women business participation goals at MBE = 0% at WBE = 0%;
   b. When MWBOO goals are set at 0% it is intended that this practice informs the market-place that minority and women owned businesses are under-represented in this particular business segment and thus an opportunity exist for entry;
   c. If one minority/women-owned business is the sole representative in the Baltimore area market this unfair government practice precludes their participation on this contract;
   d. Advocates attempted to amend the recently reauthorized minority/women-own business law to right this inequitable practice, but were blocked by this administration;

3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This onerous burden can only be relieved when the economic outcomes for the underserved residents improve and the staggering 15% unemployment rate in Baltimore City is reduced. These awards fail to accomplish that end and will be more costly to the citizens of Baltimore and myself who have to bare the heavy tax and fee burden.

4. The Remedy I Seek: This award should NOT be approved until the MWBOO along with the MWBD offices present a plan to recruit and certify new minority and/or women businesses into underrepresented business segments of the city’s minority/women’s business participation program.

I look forward to opportunity to address this matter in person at the BOE on August 13, 2014.

Department of Law – Memorandum of Understanding

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Memorandum of Understanding with CSX Transportation, Inc. (CSX).

AMOUNT OF MONEY AND SOURCE:

No additional funds are to be expended in order to effectuate the Memorandum of Understanding.

BACKGROUND/EXPLANATION:

On Wednesday, April 30, 2014, after an epic downfall of over five inches of rain, the southerly portion of the block of 26th Street between St. Paul and Charles Streets collapsed onto the CSX tracks running below grade parallel to that block. Because this created imminent danger to the community and nearby local businesses, the Department of Transportation requested and received approval of an emergency procurement certification from the Director of the Department of Finance pursuant to Article VI, Section 11(e)(ii) of the Baltimore City Charter to obtain emergency construction services associated with making the area safe, restoring the retaining wall, and to shore up the remaining area to prevent further damage.

As a result of the issues and potential issues related to the collapse, the City and CSX propose entering into a Memorandum of Understanding regarding the sharing the costs of repairs to the infrastructure, establishing the responsibilities of the Parties for future maintenance of the retaining wall, and sharing the costs of any and all future third party claims relating to the event. Under the Memorandum of Understanding, CSX will contribute up to 50% or $10,000,000.00 to the costs of the repairs.

The Board is requested to approve and authorize the Claim for Refund of Real Property Taxes paid by Robert H. Jenkins, a disabled veteran, on the property located at 2407 Smith Avenue, Baltimore, Maryland 21227.

It is the opinion of the Law Department that Mr. Jenkins has met the qualifications for a real property tax exemption as a disabled veteran, and that Mr. Jenkins is eligible to receive a refund of taxes paid because he was honorably discharged from the armed services, declared by the Veteran’s Administration to have a permanent 100% service connected disability, and resided in a single family dwelling during the period in question. The dwelling house is owned by Mr. Jenkins and Mr. Jenkins continues to reside in the dwelling house. It has been determined that Mr. Jenkins is entitled to a refund of real property taxes, which were paid as follows:

</tbody>
</table>

Mr. Jenkins filed his application on June 20, 2014.

Pursuant to the Tax Property Article, Section 7-208(h)(2) it is required that interest shall be paid at the rate the county or municipal corporation charges on overdue taxes and that the interest shall accrue from the date the application is filed with the county or municipal corporation. Mr. Jenkins’ application for a refund was filed on June 20, 2014. In order to avoid interest being paid, the refund must be made within 60 days of that date.
