**AMOUNT OF MONEY AND SOURCE:**

$760,000.00 - Purchase Price

**BACKGROUND/EXPLANATION:**

The City owns multiple parcels known as 1500 Chesapeake Avenue (the property). The developer seeks to purchase the property for the purpose of construction of a parking facility leased to APS East Coast, Inc., a Delaware Corporation (Amports), in connection with the importation of automobiles in the Port of Baltimore.

Baltimore Development - Local Government Resolution Corporation (BDC)

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Local Government Resolution in support of the application of Wide Angle Youth Media, Inc. (WAYM) to the State of Maryland, Department of Housing and Community Development (MD-DHCD), Neighborhood BusinessWorks Program (NBWP). A local government resolution of support is required by the State for all applications to this program for funding.

AMOUNT OF MONEY AND SOURCE:

$88,200.00 - MD-DHCD, NBWP

BACKGROUND/EXPLANATION:

The WAYM is a 501(c)(3) organization that provides 350 Baltimore youth with media education to tell their own stories and become engaged with their communities. Founded in 2000, WAYM has successfully grown its programs, both in scope and in the number of youth it reaches. They deliver after-school programming, in-school opportunities, summer workshops, community events, and an annual traveling photography exhibition.

A space adjacent to their 1,399 square foot space is currently available. By expanding into the 700 square foot of space, WAYM could enlarge their facility by 50%. Having already negotiated a new ten-year lease, WAYM is dedicated to the community that they serve and would be in a better position to provide the needed services with the expansion.

The total project cost is $196,000.00 with hard construction costs of $100,000.00. This expansion would provide quantitative improvements, such as: increase the number of workstations by 33% from four to six, increase the number of high school youth served by 20% by increasing class size from 10 to 12, increase the number of high school programs by 66% from three programs to five, and increase staff capacity by 66% by increasing work space from six seats to ten.
UPON MOTION duly made and seconded, the Board approved and authorized execution of the Local Government Resolution in support of the application of Wide Angle Youth Media, Inc. to the State of Maryland, Department of Housing and Community Development, Neighborhood BusinessWorks Program.
Baltimore Development - Governmental/Charitable Corporation (BDC) Solicitation Application

ACTION REQUESTED OF B/E:

The Board is requested to endorse a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City for donations for economic development purposes. The solicitation will begin upon approval through December 21, 2015.

AMOUNT OF MONEY AND SOURCE:

No general funds are involved in this transaction.

BACKGROUND/EXPLANATION:

The BDC will solicit sponsorships/donations for the purpose of supplementing and enhancing the City’s economic development activities and initiatives. The funds will be used for service providers to provide hands-on business assistance to entrepreneurs in a variety of tracks, sponsorship dollars for tours of City projects, trade shows, special events, seminars, educational workshops, marketing material, and research capabilities.

The criteria for targeting a corporate entity for solicitation will include commitment to overall community, value to overall community, interest in entrepreneurship, and a history of providing financial and in-kind contributions to growing the business community and Baltimore’s economic revitalization. Most of the corporate entities or private foundations may or may not be controlled donors. However, those potential donors who are controlled donors with respect to the Baltimore Development Corporation, the City Council, or the Board of Estimates will not be targeted or singled out in any way and will be solicited, if at all, in the same manner as all other potential donors. The Solicitation will be made in the context of a scheduled formal meeting, with presentation materials, detailed budgets, and follow-up as required. The BDC will not provide exclusive access to BDC client to any sponsors.
BDC – cont’d

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official governmental program or activity, or a City-endorsed charitable function or activity. Ethics Regulation 96.26B sets out the standards for approval, which includes the requirement that the program, function, or activity to be benefited and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.

Because of the current budget restraints, the BDC is limited in the diversity and scope of services it can provide to businesses. The BDC’s goal is to solicit donations to increase and enhance the BDC’s economic development activities throughout Baltimore.

**MBE/WBE PARTICIPATION:**

It is a stated goal of the BDC to grow MBE/WBE companies and this goal will be emphasized regarding the sponsorship funding effort.

UPON MOTION duly made and seconded, the Board endorsed the Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City for donations for economic development purposes.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:**
   a. Page 14, Mayor’s Office of Criminal Justice (MOCJ) – Grant Agreement, if approved:
      i. Please provide access to this agreement for inspection;
      ii. This agreement identifies “Aggressive Replacement Therapy” as a viable treatment for the Diversion Program without benefit of demonstrated successful outcomes and measures of effectiveness;
      iii. This agreement fails to disclose the number of youth to be served upon award of this action;
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I am significantly impacted by poor fiscal administration and management within my hometown government. Alternatives to incarceration are critical for many youth of Baltimore. Changing behaviors and attitudes can definitely be achieved when successful models are identified and implemented otherwise the negative behaviors will continue unabated. The screening and vetting of how scarce fiscal will be spent should become the highest of priority for each agency and those funds should be restricted to only the most viable programs and services.
4. **Remedy I desire:** This action should be moved to the non-routine agenda and the MOCJ should be directed to provide evidence of effectiveness for the “Aggressive Replacement Therapy” being provided in this agreement.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 20, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,

Kim Trueheart, Citizen & Resident

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the First Amendment to the Developer’s Agreement Nos. 1293, 1293-A, and 1293-B with the CBAC Borrower, LLC., Developer. The Board is also requested to approve an expenditure of funds by Expenditure Authorization for work associated with the Project.

AMOUNT OF MONEY AND SOURCE:

$3,000,000.00 - 2026-000000-5011-735100-603051

BACKGROUND/EXPLANATION:

Pursuant to this First Amendment, the Developer will be permitted to relocate the steam line using a contractor currently under contract. The Developer has agreed to pay the contractor invoices for the first $1,000,000.00, with the caveat the City agrees to reimburse the CBAC Borrower, LLC for the first $1,000,000.00 and cover the additional construction costs expected to total $3,000,000.00. The reimbursement funds and the funds to cover the remaining costs are proposed to be future Local Impact Funds generated from the Horseshoe Casino.

The City owns an underground steam line that runs from the BRESCO Plant, located south of the Horseshoe Casino (Casino), along Warner Street and eventually to Downtown. The steam line is currently underneath Warner Street directly in the area of the Casino’s main vehicular and pedestrian entrance.
The steam line has been a matter of concern since design and construction began on the Casino. The City had concerns about the steam line remaining in place, but engineering considerations and a full analysis of the line’s condition and potential future impact on both the City and Casino were not completed until spring 2014.

The steam line is more than 45 years old and is leased by the City to Veolia under a long-term lease agreement. Knowing that the relocation of the steam line would have a significant cost, all options were explored by the City, including not relocating the line or abandoning the line all together. Those options proved infeasible.

The steam line supplies municipal buildings, University of Maryland educational campus, University of Maryland Medical System, Mercy Hospital, the VA Hospital, the Convention Center, and federal government offices. The steam line is critical public infrastructure that supports major users throughout the Downtown area and is a cost-effective source of energy for the City, hospitals, institutions, and major employers. The abandonment of the line would have a significant negative impact on the City and other major users, ultimately increasing the cost of energy higher and resulting in revenue loss to the City.

In addition, the current condition of the steam line and the fact that the area will become heavily populated is a public safety concern. There will be approximately 10,000 people a day crossing Warner Street from the garage to enter the Casino. There are three manholes along the block where the garage and Casino are being built. Relocating the steam line prevents any potential hazard since the area will become pedestrian in nature.
DGS - cont’d

In late May 2014, the City approved the relocation of the steam line in order to maintain the Casino opening schedule, which otherwise, would have been delayed. The cost of the relocation is estimated to be up to $3,000,000.00.

The Developer pursuant to the terms of its Developer’s Agreement was permitted to construct certain utilities to support the garage in the 1500 Block of Warner Street and the Casino at 1525 Russell Street.

MBE/WBE PARTICIPATION:

The Developer has agreed to comply with the MBE requirements as described in Title 14, Subtitle 3, of the State Finance and Procurement Article in the Ground Lease and Land Disposition Agreement.

A PROTEST WAS RECEIVED FROM MS. KIM TRUEHEART.

The Board of Estimates received and reviewed Ms. Trueheart’s protest. Her correspondence has been sent to the appropriate agency and/or committee which will respond directly to Ms. Trueheart.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the First Amendment to the Developer’s Agreement Nos. 1293, 1293-A, and 1293-B with the CBAC Borrower, LLC., Developer. The Board also approved the expenditure of funds by Expenditure Authorization for work associated with the Project. The Comptroller voted No.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and a complete failure to provide transparent communications about priorities and outcomes by the Mayor of Baltimore City, the Baltimore Development Corporation (BDC) and the Department of General Services.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:**
   a. Page 30, Department of General Services - First Amendment to Developer’s Agreement Nos. 1293, 1293-A, 1293-B and Expenditure of Funds, if approved:
      i. Please provide access to the Developer Agreements Nos. 1293, 1293-A, 1293-B for inspection;
      ii. This action relocates a steam line, more than 45 years old, which is leased by the City to Veolia under a long-term lease agreement;
         1. Please provide access to this lease agreement for inspection;
      iii. This action inexplicably fails to include Veolia with sharing the financial burden of relocating the steam line;
      iv. Typical lease agreements by the city require the lessee to be responsible for the cost of improvements, yet this agreement appears to inexplicably deviate from this practice;
      v. This action can and should NOT be viewed in isolation from the overall reason for the infrastructure upgrade (the casino) to be undertaken and to do so demonstrates a complete lack of logical, cogent reasoning in providing the best deal for the citizens of Baltimore City!!!
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This already onerous burden will be exacerbated by NOT requiring Veolia to share in the financial burden of relocating this steam line, which they serve to directly benefit from after its relocation.

Kim Trueheart, Citizen

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self

2. **What the issues are:**
   a. Pages 1 - 90, City Council President and members of the Board of Estimates, BOE Agenda dated August 20, 2014, if acted upon:
      i. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board’s decision to continue funding the provider of the city service being procured;
      ii. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider’s success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
      iii. The members of this board continue to fail to provide good stewardship of taxpayers funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
      iv. This board should immediately adjust the board’s policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
      v. In the interest of promoting greater transparency with the public this board should willingly begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.

3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various agencies and departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

5519 Belleville Ave
Baltimore, MD 21207
4. **Remedy I desire:** The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board’s consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 20, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident
