Parking Authority of Baltimore - Parking Facility Rate Increase
City (PABC)

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize the parking facility rate increase at the Arena Garage.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The PABC is charged with managing the City’s parking assets. Proper stewardship of those assets requires that the PABC realize the best possible return on the City’s parking investments.

The PABC performed a survey of parking rates in the areas surrounding the Arena Garage. The rate survey confirmed that the fees charged to parkers at this facility are generally lower than fees charged at other parking facilities within the area. The last rate increase was November 2013. To bring the rates charged at the Arena Garage in line with its surrounding facilities, the PABC staff developed the proposed rate change. This rate change was unanimously approved by the PABC Board of Directors.

Health Department – Case Monitoring Services Agreement

The Board is requested to approve and authorize execution of a Case Monitoring Services Agreement. The period of the agreement is July 1, 2014 through June 30, 2015.

The Maryland State Department of Health and Mental Hygiene (DHMH) is designated as the single State agency to administer all aspects of the Maryland Medical Assistance Program. The Health Department has an agreement with the DHMH to participate in the program as the case monitoring agency and to contract with Medical Assistance Personal Care (MAPC) Case Monitors who will supervise personal care services to eligible recipients.

The Case Monitor will exercise independent professional judgment and carry professional liability insurance. Each case monitor will be an independent contractor and not an employee of the City.

The Case Monitor will be responsible for establishing a plan of personal care for each eligible recipient assigned to him/her, unless otherwise indicated. They will make home visits at least once every 90 days, maintain clinical records, and consult with each client’s personal physician and other providers in order to develop a care plan.

In addition, the Case Monitor will conduct an Inter RAI comprehensive evaluation on each MAPC recipient and inform them about participation in the Community First Choice (CFC) Program, which allows states to offer the option of certain community-based services as a state plan benefit to individuals who meet an institutional level of care. The Case Monitor must offer the CFC option of community services to older adults and people with disabilities to enable them to live in their own homes.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal and asset management and a complete failure by the Mayor of Baltimore City and the Department of Housing and Community Development (DHCD) to negotiate development deals on behalf of citizens that provide economic benefit to citizens instead of corporations.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Page 20, Item # 7, Department of Housing and Community Development (DHCD) – TRANSFERS OF FUNDS, if approved:
      i. This action fails to disclose the total cost of the Lexington Market Study;
      ii. This action fails to disclose the study for public review;
   b. Please provide access to the Lexington Market Study for inspection.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This already onerous burden will be exacerbated by this approval that serves to disenfranchise underserved citizens like myself.

4. The Remedy I Seek: This item should NOT be approved until the total cost and the study are made available to the citizens of Baltimore City.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 27, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Page 29, Item 15, Department of Recreation and Parks – Personnel Matters – GEORGE CANNOLES $ 8.50 $10,200.00, if approved:
      i. This action reflects the City’s disingenuous prevailing wage policy that has NOT been embraced and inculcated within the day-to-day hiring practices of this administration;
      ii. This action reflects that the substandard wage to be paid this city worker is 24% lower than the adopted Baltimore City Living Wage;
      iii. The action reflects a substandard wage to be paid this city worker which demonstrates the flawed hiring policy that fails to ensure workers have fair wages and equal pay;
      iv. While anticipated new state legislation will increase the minimum wage and will not go into force until later this calendar year, this administration can demonstrate commitment and forward thinking by paying its workers a living wage now.

How the protestant will be harmed by the proposed Board of Estimates’ action: The flawed policies of this administration continue to harm the citizens and employees of Baltimore City. This lost opportunity to uplift the municipal workforce is typical of an administration that is neither bold nor progressive. Paying a living wage could be a significant workforce improvement strategy and could produce workforce multiplier effects that greatly enhance employee output and productivity. As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This already onerous burden could be exacerbated by the continued lack of implementation of a living wage by city agencies and departments.

Mr. Tim Krus: “Tim Krus, City Purchasing Agent. This is an increase for Personnel for CCTV Monitoring uh, with Crown Security Systems of $500,000.00.

President: “Madam Comptroller.”

Comptroller: “Several of my questions were answered um, previously, but the outstanding question that I have is that it was stated that crime has gone down 16-25 percent on average as determined by the Urban Institute and that um, and that this reduction in crime yielded a dollar and fifty cents in benefits for every one dollar spent, and I would just like to um, like to see the supporting documents that um, that, that um, the supporting documentation that proves this and also I’d like to see a copy of the report.”

Mr. Krus: “Madam Comptroller, we will be working with the agency to get those for you.”

Comptroller: “Okay.”

Mayor: “I just want to make it clear that those two things are the same thing. When it was release -- It was released, I believe about um -- two years ago, we released that uh. No, we didn’t release, that uh, the Institute released that report and there was some extensive coverage about it because at the time,
I think we were taking a look at the um, CCTV um, program, as many cities were around the country, and so the independent Urban Institute did a study focused on whether or not uh -- CCTV, um -- the use of CCTV in policing, was a basically value-added proposition, and, and, uh -- they independently chose Baltimore as a study city and, and in their study talked about the -- not only the crime reductions, but also the investments that were. So, the supporting document and the uh, you know the two things that you asked for are actually just one thing, that report from the Independent Institute.”

Comptroller: “And the other thing I’d just like to note for the record, that there’s no issue in using retired City policemen to monitor the CCTV cameras, and also Madam Mayor, I’d like to thank you for making the change of 120 days to uh 60 days for them to come into compliance.”

Mayor: “If, if I may, Mr. President.”

President: “Yes.”

Mayor: “Um, I was concerned as you were uh, that we need answer uh, these questions to make sure that uh, that we’re closing a loop.”
Yes, this is an important contract, it deals with public uh -- safety but making sure that there’s integrity in our MWBOO process is also important and during the time that the 60 days, when they’re looking into finding a replacement, we’ll be looking into what lapses occurred that we can correct so that this doesn’t happen again.”

Comptroller: “Thank you.”

Mayor: “Um hmm.”

President: “Um, I’ll entertain a Motion.”

City Solicitor: “Move, move approval of the item on Page 61, Item no. 13, as recommended by the Bureau of Purchases.”

MWBOO FOUND DEPENDABLE SERVICES GROUP, LLC IN NON-COMPLIANCE.

The vendor will be given 60 days to cure its deficit.

President: “The second item on the non-routine agenda can be found on Page 61-62, Informal Awards, Renewals, Increases to Contracts and Extensions, Item no. 14, Contract no. B50002453, Providing Temporary Nursing Services, Health Department, Bureau of School Health. Will the parties please come forward?”

Mr. Tim Krus: “Tim Krus, City Purchasing Agent. This is the award of um, of an increase to this requirements contract providing an additional $200,000.00 to two of, to two of the three vendors on the contract.”

Comptroller: “I have a couple questions that you responded to uh, one of my questions was, ‘What happened that Arbor EMT is no longer on the contract?’ You responded that, ‘Excel, Dependable, and Arbor all remain on the contract. Arbor was not referenced on the current Board letter because it does not need additional funds at this time. The ranking noted on the current Board
letter reflects the actual pattern of usage on vendor responses to City requests.’ So, my question was ‘Why is nothing being awarded to Arbor today?’"

Mr. Krus: “Because Arbor still has money from the Board’s original, um, allotment.”

Comptroller: “And so, of the uh, $750,000.00 that they’ve been awarded, how much work have, have they performed?”

Mr. Krus: “I don’t have that particular figure with me, Madam Comptroller, but they are not anywhere near running out of that allotment at this point in time.”

Comptroller: “And can you explain the statement the ranking noted reflects the actual pattern of usage based on vendor responses to City requests?”

Mr. Krus: “If you take a look at the number of responses that the vendors have given and been awarded a purchase order on, the vendor who has responded the most is the First Call vendor, Excel Staffing; uh, the vendor who has responded to the City’s requests in the second highest volume was Dependable and the vendor in the third, third highest volume was Arbor. Because when we have a First Call, Second Call and Third Call situation, it is possible that even though a vendor might have initially been intended to be the Second Call, if they are not responding
when called, then the Third Call vendor is then able to respond behind them. This could be the situation here.”

Comptroller: So, you said we may have had problems with vendors responding to City requests? Have we?”

Mr. Krus: “Only when the agency goes out to get temporary staffing and they go through this list of vendors to obtain staffing that they need in the amount of time that they require. It’s possible for, for an agency to go all the way down to the Third Call vendor if the First and Second Call vendor are not able to provide the staff in the time that they need.”

Comptroller: “I asked another question, ‘Why has Dependable Services Group, which is a WBE sub to the First Call vendor, Excel Staffing, been allowed to benefit significantly as the WBE on this contract, while conversely not being in compliance as the Third, now Second Call, vendor under this contract?’ And you responded ‘That Dependable Services Group, not awarded work in 2013, in 2014 found them non-compliant for failure to meet the goals in 2014.’ Why weren’t they awarded work in 2013 and do you know the dollar amount they -- of the services they -- of the services they provided in 2014?”

Mr. Krus: “Madam Comptroller, I’ll let Tom Corey -- address that.”

Comptroller: “Okay.”
Mr. Thomas Corey: “Good morning, Thomas Corey, Chief of the Minority and Women’s Business Opportunity Office. Give me one second, I believe that Dependable was awarded $159,891.57 in 2014, but they had an obligation to spend 15 percent of those dollars with an MBE and eight percent of those dollars with a WBE and they failed to do that, uh, so we found them non-compliant.”

Comptroller: “So, I have another question. Um, are there plans to provide monitoring and technical assistance, if necessary for vendors, similar to Dependable Services Group, to insure that they are in compliance beyond the date of award and before there is an increase or renewal, and your response was uh, ‘At this time, at this point in time, monitoring is only occurring while increase renewal or amendments to contract and when special circumstances may in, dictate an investigation into compliance. There are no current plans to increase the frequency of monitoring without further study to determine the staffing that would be required to accomplish such an increase.’ But, the MWBOO Ordinance, Section [XII], 28-12 B8 states the Office’s duties include monitoring contracts throughout the duration of their contract to insure that all effort are being made to comply with this sub-title. Um, the Ordinance requires
monitoring throughout the duration of the contract and just for the record, why is this not being done?"

Mr. Corey: “We try our best to monitor as many of the contracts as we can, uh, but we do fall short and we do uh, constantly ask for a buy-in from the agencies because with so many contracts, um, we can’t keep up. So, some of them come to our attention when there’s an increase or an extension being asked and we make note then that there’s a problem and we pursue it at that point. Uh --”

City Solicitor: “Uh, Mr. Corey, let me suggest that given that we’re in August now, heading into what sometimes affectionately known as budget season heading towards outcome budgeting, maybe it would be a good idea to start to put together for the Law Department and the Budget Bureau and others in the process, the kind of staffing and resources that you would need in order to develop the kind of more comprehensive enforcement that the Comptroller’s talking about.”

Mr. Corey: “I’d be glad to.”

Comptroller: “I had another question. Um, the question was “What action will be taken if Dependable Services Group, Inc. does not cure a deficit within 60 days?” and you stated that, ‘Bureau of Purchases and MWBOO will consult with one another at that time and determine the appropriate recommendation to the
Board’ and my question is why isn’t there a plan that will be instituted when these vendors are found to be non-compliant, but maybe Mr. uh, Nilson made a suggestion that you will get the staff that you need and the other question is, and you may have answered it, you said because you don’t have sufficient staff, why aren’t we enforcing the mandate of the Ordinance?”

Mr. Corey: “The best I can, the best answer I can give you is we’re doing the very best we can with the resources that we have. We need to improve, I’ll agree to that. Um, with regards to consulting with uh, BoP on Dependable because there are certain ave, couple avenues we can take at that point, whether or not we um, suspend their contract, uh, stop giving them work and those things. We’d have to discuss which would be the most um, appropriate action to take, given the needs of the City and we would take it from there. That’s why we say we would consult, not just put down a definite decision of which direction we would go at this point but those are the avenues that we would, that MWBOO would be presenting to Bureau of Purchases as to what we should do with Dependable.”

Comptroller: “that inaudible at that time, because it seems like, and I’m not sure but, Dependable doing all of the work themselves and not giving the work to the subs.”

Mr. Corey: “They may be doing that, and that’s, and that’s --.”
Comptroller: “That’s not fair and that’s not what you intend with the Ordinance.”

Mr. Corey: “I agree with you, and that’s one of the reasons we found them in non-compliance. And then of course, in 2013 maybe they were respon -- they didn’t respond to calls as a prime, so they didn’t get any work. So, now that they’re getting work as a prime, they may very well be keeping as much of the money in their pocket as they possibly can. But, the only time that we get wind of this is at times like this under the presence of review --.”

Comptroller: “Hopefully --.”

Mr. Corey: “Yes, thank you.”

President: “I’ll entertain a Motion.”

City Solicitor: “Move approval of the item recommended by the Bureau of Purchases on Page 61 and 62, Item no. 14.”

Unidentified voice: “Second.”

President: “All those in favor say AYE. All opposed NAY. Please note that Council President Young votes NAY. The third item on the non-routine agenda -- and the Comptroller votes NO. The Motion carries.”

The period of the award is September 3, 2014 through April 8, 2017, with two 1-year renewal options remaining. This increase makes the total contract amount $1,000,000.00. The services are currently provided by Official Payments Corporation as a subcontractor on the General Banking Contract with M & T Bank. It was determined by the using agency that the new General Banking solicitation should not include this function, and that a separate contract should be negotiated directly with Official Payments Corporation due to the operational infeasibility of competitively bidding both contracts during the same term.

The pricing has been reviewed and deemed fair and reasonable. The above amount is the City’s estimated requirement.

It is hereby certified, that the above procurement is of such a nature that no advantage will result in seeking nor would it be practical to obtain competitive bids. MWBOO GRANTED A WAIVER.

President: “The third item on the non-routine agenda can be found on Page 63-64, Informal Awards, Renewals, Increases to Contracts and Extensions, Item 16, Solicit -- Solicitation No. 06000, Payment Gateway Services, Department of Finance. Will the parties please come forward?”

Mr. Tim Krus: “Tim Krus, City Purchasing Agent. This is a selected source award to Official Payments Corporation to provide Payment Gateway Services from October 1, 2014 through September 30, 2018 with four two-year renewal options. The
amount of money is one million, one hundred fifty-two thousand dollars for the first four-year term.”

President: “Madam Comptroller.”

Comptroller: “Yes.”

President: “Madam Comptroller.”

Comptroller: “I had an issue. Um -- My issue was whether the City could have received a better price if the Payment Gateway Services was competitively bid and your response was ‘The Department wanted the Gateway Services to continue without interruption’ and I do understand that. 'Since the Gateway Services contract was a sub-contract agreement through M&T and if M&T Bank lost the general banking services contract, the City would have lost the Gateway Services provider. Additionally, the City desired a direct relationship with the Gateway Services vendor so that it could have an agreement that was more specific to the City’s needs and at better pricing than was currently being passed through to the City. In addition, several banks, including the current vendor, M&T, notified the bank that they would prefer that it handle these services directly and not have the bank sub-contract’. So, my follow-up question was in response to my question is ‘Why did the using agency determine that the general banking solicitation did not include Gateway Services to allow for electronic bill payment services?’ And you
responded saying ‘The Department wanted to’ exactly what I said, but then my follow-up question is, ‘Can you tell me what the difference in price is for the contract versus the cost when they performed it as a sub, now that they are not with M&T?’ You mentioned that we could save money, so what is the difference in price?”

Ms. Janice Simmons: “We actually have --.”

Comptroller: “State your name.”

President: “Um, you have to state your name.”

Ms. Janice Simmons: “Janice Simmons, Chief of Revenue Collections. We actually have a lower per payment transaction cost, so our web payment costs have gone down from 23 cents to 20 cents and our home banking costs have gone down from seven and a half cents to five and a half cents per transaction.”

Comptroller: “Okay. I also asked ‘What is the operational infeasibility to competitively bid the Gateway Services provided by Official Payments Corporation at the same time as B50003351, General Banking Services?’ and your response was ‘The transition from the bank, from the current bank provider to the new bank, can take up to six to nine months; to transition from the current Gateway provider to a new Gateway provider can take four to six months. The main obstacle for implementing a new payment Gateway is the complexity that exists because there are so many
bill types supported by various systems. Even the scan line is different on every different bill type. By doing the solicitations at the same time, the City would potentially be handling both transitions at the same time.’ My question is ‘are there other vendors that provide, that can provide Gateway Services uh, that OPC has provided?’, and you answered, -- just let me finish.”

Mr. Krus: “Sure.”

Comptroller: “Yes, however not all Gateway Services vendors support all banks and vice versa, and therefore the City determined that it would be best to solicit the banking services first and continue with the same Gateway Service provider.’ and so my follow-up question is, were there any efforts to determine which vendors support all banks, and if so, what banks were they?”

Mr. Krus: “Madam Comptroller, based on the decision that we made on the infeasibility of this transition, we did not research other vendors who, we did not -- have we lost both (mic)? They’re back. Excuse me, um, we didn’t explore that option because of the plan to go forward and without doing solicitation

Comptroller: “So, when will this be able to go out on competitive bid?"
Mr. Krus: “The earliest, if that would occur, would be Sept. 2018 and that would be when a new bidder could start, unless the City decides, unless we decide to recommend that we proceed with two-year renewal options after that.”

Comptroller: “Now, I also asked the question, how long did OPC provide Gateway Services to the City under the general banking contract?”, and you responded ‘ACI has provided Gateway Service, Services to the City since the City has offered electronic payments in 2006. But there have been several corporate changes since that time. The first vendor to provide these services was Princeton E-com, which then became ORCC, until ORCC’s acquisition by ACI.’ My follow-up question is, you did not state how long OPC provided services, and is there a relationship between ACI and OPC.”

Mrs. Simmons: “ACI uh, is the parent company, Official Payments Corporation, was acquired by ACI in January 2014.”

Comptroller: “Okay. Thank you.”

President: “I’ll entertain a Motion.”

City Solicitor: “Move approval of the recommendation by the Bureau of Purchases on Page 63, Item number 16, Page 63-64.”

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize an Extension of the Adjustment Increase to the Interim Agreement Renewal with Sparrows Point LLC. The Adjustment Increase to the Interim Agreement will be extended through December 31, 2014.

AMOUNT OF MONEY AND SOURCE:

$374,500.00 - 2070-000000-5501-630040-603026

BACKGROUND/EXPLANATION:

On January 23, 2013, the Board approved the initial Interim Agreement for the acceptance and discharge of treated effluent from the Back River Wastewater Treatment Plant in the amount of $908,666.67. Section 8 of the Agreement provided for the automatic renewal of the Agreement for one year terms unless terminated by the parties.

On September 4, 2013, the Board approved the first one-year renewal of the Agreement in the amount of $960,000.00. The Interim Agreement required the City to pay the Sparrows Point, LLC $80,000.00 per month for costs incurred by them to manage the Back River effluent. Sparrows Point LLC was not satisfied with the amount of monthly payments due to high electricity costs and other considerations.

Sparrows Point LLC claims that they terminated the Interim Agreement. The City disputed this claim and asserted that the Agreement automatically renewed for another year. Pending litigation on this matter is before the Federal Court. The Court has issued a stay prohibiting Sparrows Point LLC from taking any action to prevent the City from discharging its effluent, in accordance with the terms or the Interim Agreement until the Court decides this matter.
On December 18, 2013, the Board approved an Adjustment/Increase in the monthly payments in the amount of $105,000.00, for the period December 1, 2013 through September 13, 2014, in exchange for jointly requesting a delay in the Court hearing and to continue negotiations between the parties.

As the parties are still in litigation and the Court hearing date has been further postponed, the Board is requested to approve the Extension to the Adjustment Increase to the Interim Agreement through December 31, 2014.

This request in the amount of $374,500.00 makes the total Agreement amount $2,479,000.00.

Law Department – Settlement Order

**ACTION REQUESTED OF B/E:**

The Board is requested to approve a proposed settlement of the City and its contractor, P & J Construction Co., (P&J) by with 504 South Broadway, LLC, Owner of the property located at 500-502 S. Broadway. The damages are in connection the March 2013 demolition of structure.

**AMOUNT OF MONEY AND SOURCE:**

The City will pay no money for this settlement. The City will receive:

- $50,000.00 – partial cost incurred for razing
- 3,995.44 – outstanding real property taxes for 2012/2013, 2013/2014

**BACKGROUND/EXPLANATION:**

Within 30 days of the Board’s approval of this settlement, the Owner will: a) dismiss with prejudice its lawsuit; b) pay the City $50,000.00 of the $81,352.62 cost that the City incurred for the razing; and c) pay the City the outstanding real property taxes for 2012/2013 and 2013/2014 as well as unpaid $15.00 water meter charge, all of which totals $3,995.44 as of August 14, 2014. The amount will be adjusted to the date of payment. In turn, the City will abate the remainder of the demolition bill, including all interest and penalties incurred on that bill since it was issued on November of 2010, and will redeem the property from the 2014 Tax Sale.

On March 30, 2010, one of two adjoining structures located at the property collapsed onto the public right-of-way at the corner of Broadway and Eastern Avenue in Fells Point. The Department of Housing and Community Development (DHCD) directed the City’s demolition contractor, P&J to demolish this corner structure on an emergency basis. During the demolition of this structure, the Building Inspector discovered that the interior of the adjoining related structure and located on the same lot had also suffered a collapse.
Dept. of Law – cont’d

The Building Inspector therefore directed P&J to demolish the adjoining structure as well. In March of 2013, the owner filed suit against the City and P&J, alleging that the adjoining structure had been made unsafe as a result of negligence in the manner of demolition of the corner building. The Owner also claimed that the demolition bill it later received in the amount of $81,352.62 had been inflated. The Owner and P&J have separately reached a settlement not involving the City. As to the City, the Owner has agreed to dismiss its lawsuit with prejudice and pay $50,000.00 of the original $81,352.62 demolition charge (as well as the other charge listed above which resulted in the 2014 Tax Sale of the property) if the City will abate the remainder of the razing charge, including interest and penalties. Both DHCD and the Law Department’s Settlement Committee have reviewed and recommend approval of this agreement.

UPON MOTION duly made and seconded, the Board approved the proposed settlement of the City and its contractor, P & J Construction Co., with 504 South Broadway, LLC, Owner of the property located at 500-502 S. Broadway.
Department of Real Estate - Agreement of Sale

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of an Agreement of Sale with Ms. Lydia Alexander, purchaser, for the sale of the property located at 1443 Montpelier Street.

AMOUNT OF MONEY AND SOURCE:

$1,000.00 - Assessed Value

BACKGROUND/EXPLANATION:

The authority to sell this property was approved by City Council Ordinance No. 477 on December 6, 1973. This vacant lot, located at 1443 Montpelier Street, is being sold to Ms. Alexander, who lives at 1445 Montpelier Street. The price for the property is its assessed value of $1,000.00. The property will continue to be used as open space.

UPON MOTION duly made and seconded the Board approved and authorized execution of an Agreement of Sale with Ms. Lydia Alexander, purchaser, for the sale of the property located at 1443 Montpelier Street.
Department of Real Estate – Landlord’s Acknowledgement and Agreement, Amendment to Lease Agreement, and Memorandum of Lease

**ACTIONS REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the following:

1. Landlord’s Acknowledgement and Agreement with The Reinvestment Fund, Inc. (TRF).
2. Amendment to Lease Agreement with Creative City Public Charter School Foundation, Inc.
3. Memorandum of Lease between the Mayor and City Council of Baltimore and Creative City Public Charter School Foundation, Inc.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

On June 19, 2013, the City, Landlord, entered into a Lease Agreement with the Creative City Public Charter School Foundation, Inc., the Tenant, for the rental of the property known as 2810 Shirley Avenue, Block 3176A, Lot 012, consisting of approximately 33,200 square feet and the adjacent lot, Block 3176A, Lot 16 for the operation of a charter elementary school. The term of the lease is five years which commenced on June 19, 2013. The Tenant has three successive options to renew the Lease for five years each.

The Tenant’s costs to make the leasehold improvements to the property to operate as a public charter elementary school and to
acquire and install certain equipment in the property to be used in connection with the school have been and are financed through proceeds of certain loans in the aggregate principal amount of $297,600.00. These funds are from the Lender, the TRF. Part of the funds were used for the initial capital improvements (1st floor) and additional funds are being used for improvements to the 2nd floor of 2810 Shirley Avenue. The Landlord's Acknowledgement and Agreement that is requested to be executed outlines the above.

The Amendment to Lease Agreement will allow the Tenant to encumber its leasehold interest in the leased premises for the purpose of financing improvements to the building with the prior approval from the Landlord.

The Memorandum of Lease summarizes the terms and conditions of the Lease. The Memorandum of Lease will be recorded in the Land Records of Baltimore City.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Landlord’s Acknowledgement and Agreement with The Reinvestment Fund, Inc. (TRF), the Amendment to Lease Agreement with Creative City Public Charter School Foundation, Inc. and the Memorandum of Lease between the Mayor and City Council of Baltimore and Creative City Public Charter School Foundation, Inc.
Board of Trustees of the Fire and Police Employees’ Retirement System (F&P) – Information Technology Services Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of an Information Technology (IT) Services Agreement with Magothy Technology, LLC (Magothy). The period of this IT Services Agreement is effective upon Board approval for one year, with four 1-year renewal periods at the sole discretion of the Board.

**AMOUNT OF MONEY AND SOURCE:**

$1,000,000.00 – 6000-604114-1540-171400-605008

No General Fund monies are involved in this transaction.

**BACKGROUND/EXPLANATION:**

All consulting services fees and charges will be expended from the F&P trust funds. Total compensation over the 1-year term of this IT Services Agreement may not exceed $1,000,000.00; taking into account the four additional 1-year optional renewals under this IT Services Agreement, total compensation may not exceed $5,000,000.00.

In 2010, the Board approved an IT Services Agreement retaining Magothy as the F&P’s principal consultant. Since that time, Magothy has been instrumental in the design, development, and maintenance of the F&P’s website and IT network. Magothy has also successfully implemented the F&P’s digital record conversion. As a result, Magothy is uniquely positioned to continue to (1) maintain and modernize the F&P’s current IT network and integrate its digital records system and (2) support, design, and eventually install a fully-integrated benefits administration system.

It is the position of the F&P Board that, as a professional service contract, this IT Services Agreement with Magothy is exempt from formal competitive bidding generally required under Article VI, Section 11 of the Baltimore City Charter because no advantage would result there from, nor would it be practical to obtain competitive bids.
F&P – cont’d

It is believed that selection of another IT consultant would be disruptive to the continued development of the F&P’s IT platform and result in degradation of services to the F&P benefits recipients and members and in increased costs to the City.

MWBOO GRANTED A WAIVER.

A PROTEST WAS RECEIVED FROM MS. KIM TRUEHEART FOR ALL ITEMS ON THE AGENDA.

The Board of Estimates received and reviewed Ms. Trueheart’s protest. As Ms. Trueheart does not have a specific interest that is different from that of the general public, the Board will not hear her protest.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:**
   a. Pages 1 - 89, City Council President and members of the Board of Estimates, BOE Agenda dated August 27, 2014, if acted upon:
      i. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board’s decision to continue funding the provider of the city service being procured;
      ii. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider’s success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
      iii. The members of this board continue to fail to provide good stewardship of taxpayers funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
      iv. This board should immediately adjust the board’s policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
      v. In the interest of promoting greater transparency with the public this board should willing begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various agencies and departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. **Remedy I desire**: The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board’s consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on August 27, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident
President: “There being no more business before this Board, the meeting will recess until bid opening at 12 noon. Thank you.”
Clerk: “The Board is now in session for the receiving and opening of bids.”
