## A PROTEST WAS RECEIVED FROM MS. KIM TRUEHEART.

The Board of Estimates received and reviewed Ms. Trueheart’s protest. As Ms. Trueheart does not have a specific interest that is different from that of the general public, the Board will not hear her protest. Her correspondence has been sent to the appropriate agency and/or committee which will respond directly to Ms. Trueheart.
October 7, 2014

Kim A. Trueheart

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal and asset management and a complete failure by the Mayor of Baltimore City and the Baltimore Development Corporation (BDC) to negotiate development deals on behalf of citizens that provide economic benefit to citizens instead of corporations.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Page 12, item #4, Baltimore Development Corporation (BDC) – TRANSFER OF FUNDS, if approved:
      i. This transfer appears to provide scarce tax-payer funds to both close out existing capital project accounts and to start new one without clearly stating the amount of funds for each;
      ii. This transfer of $1,283,099.82 appears to obfuscate the amount of funding allocated to existing and new business for this opaque BDC activity;
      iii. This transfer of $1,283,099.82 again demonstrates the lack of transparency in providing tax payers sufficient details to understand expenditures and related business activity;
      iv. This action again sustains the monthly expenditures for a municipal entity which has proven to provide little or NO benefit to the residents of Baltimore City.
   1. Please provide for inspection the documents delineating the funds need:
      a. To close the existing Industrial and Commercial Financing capital project account, and;
      b. To open a new Industrial and Commercial Financing project account for future use.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This already onerous burden will be exacerbated by this continued monthly sustaining of the NO valued added municipal entity.

5519 Belleville Ave
Baltimore, MD 21207
4. **The Remedy I Seek:** The BDC should be tasked by the BOE to develop a strategy to become a self-sustaining entity thus eliminating the use of general funds for its operations.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on October 8, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely, Kim Trueheart, Citizen

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The DOT currently operates the Charm City Circulator (Circulator) in and around the Central Business District of Baltimore City. Since its inception in January 2010, the Circulator has served over 14,000,000 passengers and ridership continues to grow.

To maintain the service at a high level, a number of features have been put into place to help encourage patronage. User friendly maps, NextBus pylons, and mobile apps that inform riders when to expect the next Circulator, and a grassroots marketing campaign have helped make this free, reliable transit service a success.

As a result of this success, there have been calls for the extension of the current routes and the Circulator’s expansion into underserved sections of the City. In light of existing funding constraints, the DOT is applying to the MTA for LOTS funding, a program funded with Federal Transit Administration dollars, to continue operating the Circulator at existing levels of service and expand it into new areas of the City.
DOT - cont’d

The MTA requires its grant applicants to file an approved Authorizing Resolution, stating the applicant’s intention to file a grant application, confirming its compliance with the Civil Rights Act of 1964, confirming its ability to provide local share costs, and confirming its intention to use Disadvantaged and/or Minority Business Enterprises. Therefore, the DOT respectfully requests approval of the submitted resolution to bolster the City’s application for funds.

MWBOO GRANTED A WAIVER.

A PROTEST WAS RECEIVED FROM MS. KIM TRUEHEART.

The Board of Estimates received and reviewed Ms. Trueheart’s protest. As Ms. Trueheart does not have a specific interest that is different from that of the general public, the Board will not hear her protest. Her correspondence has been sent to the appropriate agency and/or committee which will respond directly to Ms. Trueheart.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City and the MWBOO staff.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Page 62, Item #1, Bureau of Purchases - B50003575, On-Call Roofing Services - Big Boss Construction, LLC, CitiRoof Corporation, Simpson of Maryland, Inc., Autumn Contracting, if approved:
      i. Before Board consideration, this item should be moved to the non-routine agenda;
         1. This action clearly depicts the arbitrary and capricious decision making of the chief of the MWBOO in the implementation of the MWBE law;
            a. This award of $2,000,000.00 is proposed to four vendors;
            b. The action states that “On April 29, 2014 it was determined that no goals would be set to encourage small business to bid as prime contractors.”, however no information has been provided to disclose the outcome of this arbitrary decision;
   2. The MWBOO lacks standard policy and procedures in writing;
      a. The MINORITY AND WOMEN’S BUSINESS ENTERPRISES LAW, ART. 5, clearly states that the office will produce written policy and procedures which shall be filed with the Legislative Reference Office, which HAS NOT BEEN ACCOMPLISHED!!!
   3. This MWBOO participation decision fails to uphold the MINORITY AND WOMEN’S BUSINESS ENTERPRISES LAW;
   4. This action clearly puts the entire MWBOO in jeopardy of NOT meeting the judicial test of constitutional strict scrutiny;

Email: ktrueheart@whatfits.net
5519 Belleville Ave
Baltimore, MD 21207
5. Please provide for inspection the following documents for inspection:
   a. Decision to not set participation goals;
   b. The outcome of the decision not to set participation goals.

b. How the protestant will be harmed by the proposed Board of Estimates’ action:
   As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This action fails to aid in the elimination of business discrimination against M/WBEs in the private sector of the City of Baltimore’s market area and possibly expands that discrimination to include discrimination by the government of the City of Baltimore. This already onerous burden will be exacerbated by this arbitrary practice which has failed to facilitate compliance with the existing law, policies and procedures.

3. The remedy I seek and respectfully request is that this action be moved to the non-routine agenda, and the MWBOO provide a detailed overview of their procedures for setting participation goals in a public presentation before the board and attending public.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on October 8, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident

Tim Krus: “Tim Krus, City Purchasing Agent. This is an award of On-Call Roofing Services in the amount of $2,000,000.00 to four firms to provide these services, um, after a solicitation in which we structured the terms and conditions to encourage small and minority-owned businesses to apply.”

Comptroller: “I have a couple questions, um, and you answered some of them, but I have a couple more. But first I’d just like to say for the record that small businesses are vital to our economy, and therefore I certainly am supportive of efforts to foster business uh, development for small businesses.”

Mr. Krus: “Thank you.”

Comptroller: “Sure. I sent questions to the agency to better understand what was being recommended, however the responses were not complete and were in some ways, they seemed contradictory to me, so maybe you can help me with that.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Mr. Krus: “Certainly.”

Comptroller: “I um, sure. I initially asked what is the size standard for small firms that was used to determine that each of the recommended awardees is a small firm, and your response was, ‘There is no small business threshold or definition and we do not know whether or not any bidders are small. The lack of goals and the attempt to award practically all responsive bidders’ and you have in parenthesis, ‘we did not reach the limit was intended to make it easier for small companies to be primes.’ My follow-up question was how will Purchases and MWBOO expect to attract small firms and to know whether this outcome was achieved, if you did not have a small business definition or threshold and you did not know whether any of the four recommended awardees are small firms, and you responded ‘The Bureau of Purchases does not have the authority to award a contract to a small business as preference over any other bidder as there is no business, small business program as authorized by the Ordinance.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

An Ordinance creating such a program would include definitions and eligibility criteria.’ So, I had another question. If you do not know whether large or small businesses will bid, and the award must be made to qualified vendors regardless of size, then why shouldn’t MBE/WBE goals apply as the, as required by the ordinance?”

Mr. Krus: “Our intention here was to create a solicitation that removed impediments that typically discourage small, minority, and women’s businesses from bidding as a prime contractor. We took pains to note that about 80 percent of the work in this contract, the individual jobs, would be $20,000.00 or less. We set up a rotational award methodology in the solicitation so that every contractor who was awarded would have an opportunity to actually get business on the contract, and we were prepared to award as many as five contractors, although we only had four responsive and responsible bidders. Um, we did not have an Ordinance that creates a small business preference, so the most that we can do to try to encourage small, minority and women’s businesses to bid as primes on this is to try and remove the impediments.
Bureau of Purchases – B50003575 – cont’d

Um, we wouldn’t contractually be able to implement a small business preference requirement in one of our solicitations."

Comptroller: “So what uh, kind of impediments did you remove?”

Mr. Krus: “Uh, bonding --”

Comptroller: “Um hmm.”

Mr. Krus: “-- Um, heavy insurance requirements -- the fact that the work wouldn’t be guaranteed to the vendors that ‘Gee, am I going to get work, am I not going to get work?’ We uh, there were no goals applied so that a small, minority or women’s small business would not have to sub-contract goals to other vendors, because the work that we’re soliciting for is small work and sometimes those businesses do not have the legal wherewithal uh, to engage sub-contractors. Um, and it was our belief um, in working with the Minority & Women’s Business Opportunity Office uh, that it was important to try and create a solicitation in which these businesses could step up as primes and grow their capacity to where ultimately they could bid on contracts that had substantial goals.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Comptroller: “Before the bid was solicited, a decision was made to weigh the goals, is that correct?”

Mr. Krus: “Correct, in conjunction with the Minority & Women’s Business Opportunity Office.”

Comptroller: “Tell me the section and language in the MWBOO Ordinance that authorizes MWBOO goals not being set in an effort to encourage small businesses to bid as ‘primes.’”

Mr. Krus: “I’ll let Tom Corey.”

Thomas Corey: “I don’t have the Law in front of me, but there’s a section that says uh, I’m sorry, Thomas Corey, Chief of Minority and Women’s Business Opportunity Office, that where, if our office meets and consults with the uh, the agency, that we have the discretion of whether or not we set goals. Now the history of these roofing contracts is this – is that at one time we never put goals on it because the City convened a meeting of all the roofers, primes and subs and the subs told the City that
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

they did not want to be subs on the roofing contracts because the work that they would be assigned to do was essentially grunt work and it didn’t pay very much money; uh that is like tearing the roof off and hauling it to the, to the uh, to the uh landfill or whatever it is. So, the City stopped putting goals on it. So we moved forward and then reconsidered it and we started putting goals on it, but then we started encountering the same problems that we had before. Uh, the prime would call the sub-contractor for, um to do some work and they would get, the sub would say, ‘I don’t have time’, uh, ‘Um, get back to me later’ and whatever it is. And the problem that MWBOO had was that we’d check the story of the prime to see and then we’d check the story of the sub and it was always one said ‘No, I didn’t say that’ and at the end of the day what we would really come away with is that the sub was refusing work because it was so small. It was one roof and it was $20,000.00 and to pull somebody off and have them go do this work right then and there, and the small guy can’t do it.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases - B50003575 - cont’d

Comptroller: “Um hmm.”

Mr. Corey: “But the City will call the prime any time and say ‘I need you over at such-and-such a spot by tomorrow or two days from now and the sub can’t respond to that’ so, in this instance--”

Comptroller: “Let me ask you a question, even though it was $20,000.00, the sub would still get their labor rate, so, regardless of whether the estimated cost is $20,000.00, they would still get paid --”

Mr. Corey: “-- they would still get paid the labor rate, but the problems that the subs are saying that they get a call and then they don’t have time to respond to take their crew off the job where they are now. It’s not worth it to them. They’re getting their labor rate, but it’s so small of, of a fee – five or six hundred dollars, they don’t want to do it. That’s what they’re saying to the City.”

Comptroller: “Uh huh.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Mr. Corey: “So we took a look at this again, and decided ‘Well, let’s do what we call unbundling. Let’s make the contract into such bite-size pieces that it’d be attractive to the small guy as well as anybody else.’ And so that’s what this contract is trying to do. Six hundred thousand is small enough for a small guy to, to do because the, the, the actual work will come in $20, $30, $40,000.00 increments and so they can handle that kind of work. It was really disappointing in the fact that the, in the pre-bid meeting we set up to describe all of this, we didn’t get a good turn-out of folks coming in to, to, to learn about this opportunity. In addition to all the other avenues where we pace, um, placed the ads in The Afro, The Sun, uh on our web site and that sort of thing, we were disappointed in the uh, in the uh, in the turn-out. But, we’re trying to, to accommodate them one way or the other. We want them to bid and um, quite frankly, based on the experience that MWBOO has had, the $600,000.00 size is a good size limit because you can get a number of $20, $30, $40,000.00 contracts over the course of a, of the, of the um, contract.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

City Solicitor: “Is any of that for the four proposed awardees either City or State certified MBEs?”

Mr. Corey: “My understanding is that two State-certified MBEs in the awardees – Big Boss and, and one of the others, autumn, they’re State-certified; uh yes. Frankly, I’m more interested in seeing city, local folks get the work. The fact that they’re State-certified doesn’t sway me one way or the other – that’s my own comment.”

President: “Okay.”

Comptroller: “I have several questions.”

President: “Okay.”

Comptroller: “Based on Article V, Section 28-61, what is it about the requirements of B50003575 that make it infeasible, you just said that the subs did not want to do the work. But, in April um, L&J was on the contract with Simpson and L&J told us that he did not refuse and Simpson is still not in compliance. So, can you explain that? You said that the subs don’t want to do it, they refuse, but L&J did not refuse.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Mr. Corey: “No, they, they um, - I can only say what Simpson said to me and my understanding of L&J Waste, that they, that they may, they say they didn’t refuse, but they may not have accepted the work or may not be available to do work when asked. Uh, I know L&J does waste recycling and um, what Simpson said was that when they made numerous attempts to try and utilize L&J they didn’t get a call back or didn’t get a positive response.”

Comptroller: “But L&J said that’s not true, right?”

Mr. Corey: “That’s what, that’s, that’s the contention that, that we had at MWBOO. We have the sub saying one thing and the prime saying another, and we spent a great deal of time trying to figure who’s telling the truth.”

Comptroller: “Um hmm. You know, as I said earlier, I do support small business development, and if it is the goal to increase the ability for small businesses to bid as ‘primes,’ why don’t we go through a process to implement a program for small businesses, a small business program that is authorized by the ordinance that would include definitions and eligibility criteria, and give preferences to small businesses?”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Since Purchases does not have the authority to award a contract to a small business as a preference over other bidders and there is no small business program?"

Mr. Corey: “Well, but I can, if I may, the City tried that once to implement a small business program and right now Councilwoman Helen Holton is working on such a program.”

Comptroller: “Okay.”

Mr. Corey: “I, I applaud that effort, and we need to have that so that we can, um, focus certain contracts of certain size to these folks. Now, that program will be small. But, it will not recognize race or gender, which is the better way of doing it, so that we will have those issues, those constitutional issues to deal with. So, hopefully within the next year, we will have such a program because that will help the local folks around the country and in all the jurisdictions, all the jurisdictions are putting into place uh -- programs to protect their own citizens within their own locale and Baltimore City needs to do that as well.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Comptroller: “You know, Simpson was in non-compliance, Simpson was found, uh ---”

Mr. Corey: “Non-compliant.”

Comptroller: “-- non-compliant in April, and they were given 60 days to cure the MBE deficit, and we’re at more than 90 days have passed. --”

Mr. Corey: “Right.”

Comptroller: “-- that 60 days have passed and Simpson has not cured that deficit, but yet, today, Purchases is recommending the Board to award Simpson another contract, with no MBE/WBE goals.”

Mr. Corey: “Go ahead, I’m sorry.”

Comptroller: “Um, so Purchasing, when I asked that question, they responded that ‘in consultation with DGS and MWBOO determined that the old contract, B50000312, should be terminated for the City’s convenience after the award of the contract that is pending before approval today.’
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

So my question is, 'why should the City support and endorse Simpson’s long-standing non-compliance with MWBOO by awarding Simpson another contract that does not have MBE goals when they didn’t meet their MBE goals prior? -- and let Simpson off the hook by terminating for convenience the contract in which they failed to comply with MWBOO participation goals?"

Mr. Corey: “Well I agree with you um, on the one part about Simpson. Simpson’s not off the hook because they still have to find some way to satisfy the goals in the old contract with MWBOO --”

Comptroller: “-- if you’re terminating the contract --”

Mr. Corey: “Well, you can use the same mechanism that you used before, that if you get a new contract, you still have to go back and try to satisfy or cure the -- what your deficit amounts. We do that routinely on, on Public Works contracts.”

Comptroller: “So, what you’re saying is even though there are no MBE goals for --”

Mr. Corey: “We’re going to try to --”

Comptroller: “We going to enforce it on the old contract?”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Mr. Corey: “That’s our, that’s our, that’s our intent is to try to enforce it on the, on the new contract to have them cure their deficit, if they want to continue. If they don’t do that, then MWBOO will go to um, BoP and say ‘well this is a rotational contract, take them out of the rotation for a while’.”

President: “Um, Mr. Krus, did I hear you say that you um, work um, with Miss Pinder’s office to do outreach for um --”

Mr. Krus: “We talked with them about the contract. There was no formal outreach beyond the advertising that we did. Um, when we put a contract like this out on the street, we advertise in The Sun, The Daily Record, and The Afro-American um, twice. We publish the bid opening in CityBuy, uh -- no one even has to have a log in to see that, and we also register the bid in Maryland Marketplace so anybody who has access to the State’s web site can also see it.”

President: “Okay.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Comptroller: “Right. I, I, I asked you that same question and you said that, you know, you advertise in The Afro, The Sun, The Daily Record and that the data field generally used by MBE/WBE firms to determine on which contracts to offer their services to perspective prime contractors clearly stated ‘that MBE/WBE goals do not apply. All qualified vendors are expected to bid as a prime,’ and this is in your outreach efforts, and you said ‘the solicitation also clearly stated that the aim of this contract is to assemble a pool of contractors to do roofing services for City-owned or operated buildings, mostly’ I mean ‘minority women and small businesses are encouraged to bid as primes. More than 80 percent of the individual jobs are less than 20,000.’ But, the things that you describe as “outreach” are required by the Charter or Purchases standard procedures, such as providing information in the data field and preparing solicitations which provide specifications of the work. So, while it is clear that a lot of thought went into making some changes to the bid requirements to encourage more firms to bid, unfortunately, as you stated, you did not reach your limit.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

Only four bids were received, which led me to another question – other than advertising requirements and Purchases’ standard operating procedures, such as information in the data field and information in the solicitation, did Purchases and MWBOO reach out to roofing, to the roofing vendor community in any other way?"

Mr. Krus: “No we did not, Madam Comptroller. We uh, as we looked into this further, we uh, we had extensive contract -- conversations with MWBOO about how to structure the solicitation; we talked to the Minority and Women’s Business Development Office, but as we dug in further in answering your questions, we didn’t have any formal outreach with this. The thing, one thing that I do want to make a point about here though, is that as we tried to get more small minority and women’s businesses involved in the City, that outreach uh -- has to occur before the solicitation hits the street.
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases - B50003575 - cont’d

We need to build confidence and capacity in these vendors so that when a solicitation hits the street, they’re ready to bid and they’re ready to start assembling their proposals. So, this is an effort that we’re committed to, Minority and Women’s Business Development Office has made a number of recommendations that we’re still trying to move on and that will help with that, and in the meantime, we’re trying to take the opportunities that we can, to structure our solicitations so that they’re more friendly to these businesses. We’ve been working on re-structuring the way that our solicitations look when they hit the street, so that they’re more accessible um, to a contractor that doesn’t normally bid or can see exactly what the City’s interested in upfront before they get into very legal terms and conditions.”

Comptroller: “Thank you.”

President: “I’ll entertain a Motion.”

City Solicitor: “MOVE approval of the item contained on Page 62, Item 1, as recommended by the Bureau of Purchases.”

Director of Public Works: “Second.”
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Purchases – B50003575 – cont’d

President: “All those in favor say Aye. All opposed Nay. Please note Council President votes NO.”

Comptroller: “And the Comptroller votes NO.”

President: “The Motion carries.”

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Baltimore City Police Department (BCPD).

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent**: Self.
2. **What the issues are**:
   a. Pages 69, Item #11, Bureau of Purchases - B50003166 - Police Department – Tasers and Related Equipment, if approved:
      i. This action should NOT be approved by this board!
      ii. This action fails to aid in protecting the residents of Baltimore City who are often victims of abusive members of the Baltimore City Police Department;
      iii. This action fails to assure the residents of Baltimore City that the addition of more Tasers will NOT be used to harm rather than protect residents of Baltimore City;
      iv. This action fails to assure the residents of Baltimore City that the addition of more Tasers will NOT be issued to members of the department who have been accused of excessive and/or abusive force/behavior by residents of Baltimore City;
      v. This action should only be considered by this board after the department presents it’s purchase request for body-cameras to document in a video format police behavior.
   b. The remedy I seek is that this action be delayed until the submitting agency revises its equipment list for patrol officers to include body cameras.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action**: As a citizen I have witnessed questionable management and stewardship of municipal funds by this Mayoral administration and BCPD. I seek a reasonable amount of results-oriented stewardship of scarce tax-payers funds which currently does not appear to exist. Smart money management seems to elude this Mayoral administration and the lack of checks and balances in oversight and auditing of municipal expenditures harms rather than serves the public good. This purchase serves to enable abusive police officer’s ability to further abuse the residents of Baltimore City who are continuing to be victimized by a small group of rogue and out-of-control police officers. The well documented abusive behavior of a small group of rogue
police officers must end and the department must first build trust with the residents who it is charged to protect and serve before this action is considered by this board.

I look forward to the opportunity to address this matter at your upcoming Board of Estimates on October 8, 2014. If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident

On June 4, 2014, the Board approved the initial award in the amount of $115,580.00. The award contained two 1-year renewal options. This increase in the amount of $440,000.00 is necessary due to an incorrect estimation of the award, which was based upon the bid amount, rather than the amount of usage over a three-year initial term. This increase in the amount of $440,000.00 will make the award amount $555,580.00. The contract expires on June 3, 2017 with two 1-year renewal options remaining. Due to increased requests from additional programs to use this contract, an increase is necessary to allow the vendor to continue to provide these supplies, while a formal solicitation is advertised and awarded. This increase in the amount of $9,000.00 will make the award amount $34,000.00. The contract expires on July 26, 2015. The above amount is the City’s estimated requirement.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities in our youth by the Mayor of Baltimore City and the MWBOO staff.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Page 72, Item #1, Bureau of Purchases - B50001760, Manage and Operate the Shake ‘N Bake Recreational Facility - KINGDOM MANAGED, Inc., if approved:
      i. Before Board consideration, this item should be moved to the non-routine agenda;
      1. This action clearly represents an opportunity for the MWBOO and the MWBD teams to work together to attract new minority and women owned business to this market segment in order to fulfill the acquisition needs of Baltimore City;
      2. The chief should be tasked by the BOE to present its plan of action and milestones it has developed to address this deficiency before this board’s next public session;
      3. The MWBOO lacks standard policy and procedures in writing;
         a. The MINORITY AND WOMEN’S BUSINESS ENTERPRISES LAW, ART. 5, clearly states that the office will produce written policy and procedures which shall be filed with the Legislative Reference Office, which HAS NOT BEEN ACCOMPLISHED!!!
   b. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This action fails to aid in the elimination of business discrimination against M/WBEs in the private sector of the City of Baltimore’s market area and possible expands that discrimination to include discrimination by the government of the City of Baltimore.

Email: ktrueheart@whatfits.net

5519 Belleville Ave
Baltimore, MD 21207
Baltimore. This already onerous burden will be exacerbated by the lack of a plan by the MWBOO to strengthen the program and optimize this revenue generating opportunity for the residents of Baltimore City before it is completely squandered.

3. The remedy I seek and respectfully request is that this action be moved to the non-routine agenda, and the MWBOO provide a detailed overview of their procedures for setting addressing contractor deficiencies in complying with the MWBE law, policies and procedures.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on October 8, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Office of the Mayor – Employee Expense Statement

ACTION REQUESTED OF B/E:

The Board is requested to approve the expense statement for Ms. Mary Pat Fannon for mileage and parking expenses incurred for the period January 8 – 31, 2014.

AMOUNT OF MONEY AND SOURCE:

$618.80 – 1001-000000-1250-152900-603001 Mileage and Parking

BACKGROUND/EXPLANATION:

Ms. Fannon has transitioned from serving as a consultant to becoming a contractual employee. The expenses that would generally be submitted on an invoice with no time limitation, now have to be submitted on an expense report, in compliance with the AM manual. The required additional documentation also delayed the request.

The Administrative Manual, in Section 240-11, states that Employee Expense Reports that are submitted more than 40 work days after the last calendar day of the month in which the expenses were incurred require Board of Estimates approval.

Department of Housing and – Land Disposition Agreement  
Community Development

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Land Disposition Agreement with Mr. Efren Sutton, for the sale of the property located at 3912 Belle Avenue.

**AMOUNT OF MONEY AND SOURCE:**

$10,500.00 – Purchase Price, payable at time of Settlement

The City will convey all its rights, title, and interest in the property to Efren Sutton.

**BACKGROUND/EXPLANATION:**

The buyer wishes to purchase the vacant building located at 3912 Belle Avenue for the purpose of rehabbing the property back as a single family home to be used as the principal residence by the buyer. The purchase price and improvements to the site will be financed through private sources.

Baltimore City is authorized to dispose of the Property by virtue of Article 13, § 2-7 (h) (2) (ii) (C) of the Baltimore City Code).

**STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE VALUE DETERMINED BY THE WAIVER VALUATION PROCESS:**

The property was valued pursuant to the Appraisal Policy of Baltimore City through the Waiver Valuation Process as follows:

DHCD – cont’d

The property is being sold to Mr. Efren Sutton for below the waiver valuation price because of the following reasons:

- the renovations will be to the specific benefit to the immediate community.
- this transaction will eliminate blight from the block, and thus eliminate blight from the neighborhood.
- this sale and rehabilitation will return a vacant building to the tax rolls, and
- the property is being sold less than the waiver-determined value because of its conditions, which will require extensive and immediate remediation.

MBE/WBE PARTICIPATION:

The Developer will purchase the property for a price that is less than $50,000.00 and will receive no City funds or incentives for the purchase or rehabilitation, therefore MBE/WBE is not applicable.

Department of Housing and – Second Amendment to Land
Community Development     Disposition and
Development Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the
Second Amendment to the Land Disposition and Development
Agreement (LDDA) with the Poppleton Development I, LLC. The Board
is further requested to authorize the Commissioner of the
Department of Housing and Community Development to execute any
and all documents to effectuate this transaction subject to
review and approval for form and legal sufficiency by the
Department of Law.

AMOUNT OF MONEY AND SOURCE:

There is no additional cost to the City.

BACKGROUND/EXPLANATION:

In 2005, the City awarded a development site in the Poppleton
neighborhood to La Cite Development, LLC, which formed the entity
Poppleton Development I, LLC. The original LDDA was approved by
the Board on September 27, 2006. The LDDA called upon the City to
acquire the remaining privately owned 553 properties in the
development site, clear the site of structures, and convey the
Property to the Developer. The Developer is to construct
approximately 1,650 units of new rental and for sale housing and
100,000 square feet of commercial retail space (the Project) in
multiple phases.

Community Development Bond Funds totaling $750,000.00 were
approved for transfer by the Board on November 6, 2013, for the
purpose of acquisition, relocation, and demolition activities
associated with the Poppleton Redevelopment Project, in addition
to the relocation of utilities on the Phase I site. These funds
are held in City Account No. 9910-901780-9588 Poppleton Phase I.
A portion of these funds, $550,000.00, will be paid to the
Developer for the removal of utilities from the Phase I site.
A First Amendment to the LDDA was approved on April 3, 2013. This First Amendment revised the list of properties to be conveyed, clarified the purchase price of properties, and revised the timetable and certain terms for the development of the Project.

This Second Amendment to the LDDA provides the Developer with a nine-month extension in which to close on the properties in Phase IA. The Developer was to close on Phase IA by October 3, 2014. The new date by which closing must occur on Phase IA will be July 3, 2015.

This Second Amendment to the LDDA also revises the list of properties to be conveyed as part of Phase IA. The following properties, which were originally intended to be part of Phase IB, are deleted from Phase IB and added to Phase IA:

- Block 0172 lot 36 - 227 N. Schroeder St.
- Block 0172 lot 37 - 229 N. Schroeder St.
- Block 0172 lot 130 - 224 N. Amity St.
- Block 0172 lot 131 - 222 N. Amity St.
- Block 0172 lot 148A - Descriptive Address

Under the terms of the Agreement the City is responsible for the removal and capping of utilities (BGE, Verizon, and Comcast) on the Phase I properties. Since some of the utility lines serve existing off-site customers, the City is also required to construct new service lines to allow for continued utility service, and pay the utility companies for their cost to reconnect to their customers.
DHCD – cont’d

The Developer, however, also needs to install new lines for the utilities necessary to service the new buildings. The Developer and the DHCD agree that it would be beneficial and less costly for both parties to have the Developer take responsibility for all the remaining utility work on the site so as not to duplicate certain efforts and costs. The Second Amendment to the LDDA shifts the obligation to remove or cap all utilities and utility poles from the City to the Developer.

In return, the City will pay the Developer a portion of the cost it would have had to pay to remove and relocate the existing utilities. The Developer and the City will share the savings that will result from the fact that the cost of (1) removing and relocating the existing utilities, and (2) installing the new utilities will be less than the cost of doing these two tasks separately. The sum to be paid by the City will be $550,000.00. The City will contribute to the cost of this work as the work is completed, in proportion to its contribution as a percentage of the agreed upon costs.

The City’s obligation to reimburse Developer for the utility removal and relocation will be contingent upon the Developer closing on the Phase 1A properties, and constructing and paying for the utility construction work. Funds will be disbursed pari passu with the Developer’s private funds that are allocated for utility work.

MBE/WBE PARTICIPATION:

The Developer will continue to comply with the City’s Minority and Women’s Business Enterprise goals as set up in the original Land Disposition and Development Agreement.
DHCD - cont’d

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Second Amendment to the Land Disposition and Development Agreement with the Poppleton Redevelopment I, LLC. The Board further authorized the Commissioner of the Department of Housing and Community Development to execute any and all documents to effectuate this transaction subject to review and approval for form and legal sufficiency by the Department of Law.

Minority and Women’s Business - MWBOO Annual Participation Opportunity Office (MWBOO) Goals

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the Annual Participation Goals for the Minority and Women’s Business Enterprise Program (MBE/WBE). The goals, which are authorized by the Disparity Study that was completed in 2014, will be in effect until June 30, 2015.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

In accordance with Article 5, Subtitle 28, Sections 28 – 16 and 17 of the Baltimore City Code, the MWBOO is recommending the annual MBE and WBE program goals for Board approval. These are aspirational goals that will aid the City in its ongoing evaluation of the effectiveness of the MBE/WBE Participation Program.

Contract goals will continue to be set for each contract in accordance with a formula that considers the following: (1) the availability of businesses that are willing and able to participate on contracts in various industry classifications and professions, (2) the level of utilization of these firms on past City contracts, (3) the contract specifications, and (4) the adverse effect on non-MBE and non-WBE businesses.

**MBE Annual Goal** - 27%
**WBE Annual Goal** - 10%
MWBOO – cont’d

The MWBOO recommends the following goals and sub-goals for the MBE/WBE Participation Program:

MBE Annual Goal      – 27%

Sub-Goals:
   African American   – 14%
   Asian American     – 6%
   Hispanic American  – 6%
   Native American    – 1%

WBE Annual Goal      – 10%

President: “The second item on the non-routine agenda can be found on Pages 95-96, Minority and Women’s Business Opportunity Office, MWBOO Annual Participation Goals. Will the parties please come forward?”

Thomas Corey: “Um, Thomas Corey, Chief of Minority and Women’s Business Opportunity Office. Um, this is um, a request that the Board approve for another, um year, so the MBE and WBE annual goals. We recently had a disparity study uh, conducted and that study came back as we had hoped, that there is a continuing need for such a program and once that is determined, then under the law, we have a right, not only to continue to the program, but to establish annual participation goals um, that can be set on each contract.”
Uh, and based on the results of the study, we’ve decided that
the goals that are currently in place of 27 percent MBE and 10
percent WBE, there is uh, um, that we should continue those
goals. There was nothing in the study that would warrant the
reduction of the goals, but there is enough in there to say that
what we have in place now are good. These goals, these annual
goals are what we call aspirational goals. This is what we’d
like to achieve. Now, based on the study the City is doing very
well toward trying to achieve these goals. We’ve made
improvements since the last study with regards to overall
MBE/WBE participation, and uh, it suggests that the 27 percent
MBE and 10 percent WBE goals are um, pretty well um, um, um,
solid and, and defensible goals. Uh, we have to guard against,
um, some would say, to increase the goals, to increase the goals
you would create some real problems for yourself in that uh,
one, you’re going to generate more waivers because we won’t have
the availability to, to, to, to satisfy those goals, and two,
you may um, invite um, some court challenges.
MWBOO – cont’d

Um, we also uh, ask that the Board to approve the sub goals, and the study, the results of the study also suggest that these sub goals are pretty well defined, uh defensible, and so we’re asking the Board to approve the 27/10 MBE and WBE goals as well as the sub goals.”

Comptroller: “May I ask a couple questions then?”

City Solicitor: “Um hmm.”

Comptroller: “Mr. Corey, I want to thank you for responding to my questions. Setting um the goals and compliance are equally important, and the Board has regularly received requests to allow bidders to cure MBE/WBE deficiencies, as a condition to award or to allow existing vendors additional time to cure a non-compliance. Infrequently, is a non-compliant vendor found in default. The setting of goals is not effective if the goals are not enforced, and I’ve raised several questions and concerns previously about non-compliance with MWBOO goals. And there are three questions that you have answered that I would like put in the record, and maybe you can answer them again.”

Mr. Corey: “Okay.”
Comptroller: “And they were the questions that I asked, questions six, seven and eight, and I have a few more.”

Mr. Corey: “Um hmm.”

Comptroller: “The first one is, how will compliance with the goals and sub-goals be monitored?”

Mr. Corey: “Can I answer them one at a time?”

Comptroller: “Um hmm.”

Mr. Corey: “Okay, uh, I’ll answer two ways. On an annual basis, the, the, the um, Law Department or MWBOO produces a report that shows how well the, the City is, is, leaning toward achieving the annual goals. We produce a, a report, um that looks at all the dollars awarded and looks to see how that stacks up um, in regards to our um, annual goals. In addition to that, um, the Disparity Study does the five-year review, of the achievement. Uh, on um, a contract-by-contract basis, we have um, a regular monitoring system, where we look at um, contracts — we measure award, extension, uh, release of retainage, we look at and measure the contract, and as you can see, and we agree, there are times when certain contracts come up, that we have not been able to keep pace with uh, the compliance issue — we have to go and try to impose some sort of sanction on these folks to get them to come in.
MWBOO – cont’d

That will continue. Uh, it’s not the best system yet, we’re working to try and improve it, but those are the ways that we want to do it. We have, we do bring folks in and um, have them do certain things to cure the deficit, uh, particularly with the MBE participation. In the Simpson matter is one that we brought up today, uh, and there are a number of things that sometimes get cured but that don’t come to the Board. We’re only dealing with the ones that come before you. Uh, so we’ll work at it, we’ll work at it and uh, we’re looking at trying to improve it.”

Comptroller: “-- You just said annual reports, uh, to whom do you provide it?”

Mr. Corey: “To anyone who asks for it.”

Comptroller: “And can I make a request that the report be sent to all the Board members, that all the report that the annual report be sent to all the Board members?”
MWBOO – cont’d

Mr. Corey: “Sure, yes, yes. Um, we do it every year. We compile the statistics um, uh, to come up to see how we’re doing and I did provide a chart to show how we did with the results of a certain contract that the Board was interested in looking at.”

Comptroller: “Can you respond to my question, number seven, what process will be used to track availability of MBE/WBE contracting, contract-monitoring for goals that will be set and in effect through June 30th, 2015?”

Mr. Corey: “2015?”

Comptroller: “Yes.”

Mr. Corey: “Um, um, the way that we track the availability is through the certification database. Whenever a contract comes to our office, the agency sends over what we call a ‘Goal Information Sheet’, which shows how that contract can be broken down into segmented parts, and we go to our database to look to see who’s certified for that particular trade and this is the way that we track the availability. We do it with each and every contract in which we set the goals, and um, it’s, it’s the best system of everybody else that has an MBE program, uses pretty much the same sort of procedure.”
MWBOO – cont’d

Comptroller: "Now in your answer, you said that um, you said part of that, but um, you said, ‘during the life of a contract, monitoring is performed when an extension, renewal, increase, or release of retainage is requested, or an MBE payment, or performance issue is brought to our attention.’"

Mr. Corey: “Yes.”

Comptroller: “But then recently you said, that um, at a prior Board meeting, you said “that um, the MBE/WBE ordinance requires continuous monitoring and not just when there’s extension renewal, increase or issue brought” to your attention, and you previously state that you do not have adequate staffing, so what efforts will you take to improve, because in the answer --”

Mr. Corey: “Right.”

Comptroller: “-- yesterday you said ‘during the life’, but at a previous Board meeting you said that you didn’t have adequate staff, so I’m, that’s why it’s kind of contradictory.”

Mr. Corey: “Well, in a sense it is contradictory, but we’re working on improving that. We’re working with the Department of Finance --"
Comptroller: “Okay.”

Mr. Corey: “-- um, to get additional staff, Uh, we were just given our own car to do more investigation, which goes back to what seems to be contradictory, the ongoing monitoring. During the course of a contract, we will learn certain information about a contract, either one of the subs will call us or a prime will call us in regards and we’ll send investigators out to, to investigate that issue. What it is -- that’s the ongoing monitoring piece, where we find some, some problems with the contract, or a sub not getting paid or a prime having a sub that’s not showing up for work; that’s the ongoing monitoring piece that we do when we use the investigators to go out to the site to talk to the folks and just get all of the information based on that and see if we can’t help um, address the problem.”

Comptroller: “And, could you respond to my question eight, and it was, ‘The disparity study made various recommend, recommendations such as scrutinizing the commercially useful function; standardizing good faith labor requirements and making requirements more detailed and transparent; reviewing firm size standards and applying the U.S. Small Business Administration standards.’
Can you please describe whether these recommendations have been accepted, and what actions our office intends to make?"

Mr. Corey: "Certainly. Yes. Uh, the commercially useful uh, function um, portion of the Disparity Study, um, was put in to address some remarks made by uh, MBEs and WBEs at public sessions where they were complaining that the shams and fronts in the program were not really gaining work. That’s true, that’s part of our challenge uh, as a program to identify these folks and get them out of the program. Uh, some of them are very clever, although I hate to admit that. We do find them and uh, we do put them out of the program. On the what you call, the City-assisted private contracts like where we’re developing like a Marriott hotel, or a Hilton hotel, that’s where we found a lot of the instances where there may be some instances where somebody’s not providing a commercially useful function, and we then do not count that participation and the developer has to go and find somebody else to go and make up the difference."
MWBOO – cont’d

Um, the contracts that come before the Board, uh, if there’s a, if we find that there’s a risk of a function not being uh, performed, the Board never sees that because we find them non-compliant and send them back to the agency ready to go with somebody else. We have one right now where uh, it’s been sent back to the agency for them to send somebody else to um, to come before the Board for the award. So, those contracts the Board very seldom sees when we uh, find that there’s not a commercially useful function being done. As far as the size standards, there’s been size standards the Board adopted size standards in 2010 and since the size standards have been in place, there have been 17 companies that have been graduated out of the program, um, and that’s, that’s what the, the, the elements was, the regulation was uh, put in place to do – to keep those large companies, and some of these companies are grossing $100 million dollars a year. But they come in, when they, they reach that size and they come in for renewal and we review their financial statements and their tax statements, that’s when they get the letter saying that ‘You’re no longer part of the program’ and believe me there’s some screaming and yelling when that happens.
MWBOO - cont’d

Thus far there have been 17 of them that uh, have uh, ‘graduated’ out of the program.”

Comptroller: “Also in your response, you stated that regulations are being developed to make waiver and other processes more transparent.”

Mr. Corey: “Yes.”

Comptroller: “And you did respond that since adoption, 17 firms have graduated out of the program. Would you give me a list of the 17 firms?”

Mr. Corey: “Yes, I will. I didn’t bring them with me, but I’ll, I’ll e-mail them.”

Comptroller: “Okay. Thank you.”

President: “Okay, I’ll entertain a Motion. I would like to have those 17 firms, as well. I’ll entertain a Motion.”

City Solicitor: “MOVE approval of the item submitted by the MWBOO office on Page 95 to 96, as um, requested and recommended by Mr. Corey.”
MWBOO – cont’d

“Second” by several voices at once.

President: “All those in favor say Aye. All opposed, Nay. The Motion carries.”

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the
Baltimore City who appear to be victims of questionable management and administration within
the various boards, commissions, agencies and departments of the Baltimore City municipal
government.

The following details are provided to initiate this action as required by the Board of Estimates:
1. **Whom you represent:** Self
2. **What the issues are:**
   a. Pages 1 - 103, City Council President and members of the Board of Estimates,
   BOE Agenda dated October 15, 2014, if acted upon:
      i. The proceedings of this board often renew business agreements without
         benefit of clear measures of effectiveness to validate the board’s decision
         to continue funding the provider of the city service being procured;
      ii. The Baltimore City School Board of Commissioners routinely requires
         submissions for board consideration to include details of the provider’s
         success in meeting the objectives and/or desired outcomes delineated in
         the previously awarded agreement;
      iii. The members of this board continue to fail to provide good stewardship of
         taxpayers funds as noted by the lack of concrete justification to
         substantiate approval of actions presented in each weekly agenda;
      iv. This board should immediately adjust the board’s policy to ensure
         submissions to the board include measures of effectiveness in each
         instance where taxpayer funds have already been expended for city
         services;
      v. In the interest of promoting greater transparency with the public this board
         should willing begin to include in the weekly agenda more details which it
         discusses in closed sessions without benefit of public participation.
      vi. Lastly this board should explain to the public how, without violating the
         open meeting act, a consent agenda is published outlining the protocols for
         each week’s meeting prior to the board opening its public meeting.

3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a
citizen I have witnessed what appears to be a significant dearth in responsible and
accountable leadership, management and cogent decision making within the various
agencies and departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. **Remedy I desire:** The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board’s consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on October 15, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,

Kim Trueheart, Citizen & Resident
President: "There being no more business before the Board, the meeting will recess until bid opening at 12 noon. Thank you."
