In the interest of promoting the order and efficiency of these hearings, persons who are disruptive to the hearing will be asked to leave the hearing room immediately. I will direct the Board members attention to the memorandum from my office dated March 30, 2015, identifying matters to be considered as routine agenda items together with any corrections and additions that have been noted by the Deputy Comptroller. I will entertain a Motion to approve all of the items contained on the routine agenda.”

City Solicitor: “MOVE approval of all items on the routine agenda.”
Comptroller: “Second.”

President: “All those in favor say Aye. All opposed, Nay. The Motion carries. The routine agenda has been adopted.”
THE DEPARTMENT OF FINANCE

PRESENTED THE

PRELIMINARY BUDGET RECOMMENDATIONS FOR FY 2016

TO THE BOARD OF ESTIMATES
Preliminary Budget for FY2016

President: “The first item on the non-routine agenda can be found on Page one. The Department of Finance will present the Preliminary Budget Recommendations for FY2016 to the Board of Estimates. Will the parties please come forward?”

Mr. Andrew Kleine: “Good morning Mr. President, Madam Mayor, Madam Comptroller, members of the Board of Estimates. I’m Andrew Kleine, the City Budget Director. I’m here today to present the Board with the Finance Department’s Fiscal 2016 Preliminary Budget Plan. I know that today is April Fools’ Day, but rest assured what I’m about to tell you is 100 percent true. The preliminary plan includes $2.55 billion for operating expenses, an increase of $83.7 million, or 3.4 percent above the Fiscal 2015 adopted budget. The General Fund operating budget is $1.69 billion, $71 million, or 4.4 percent above the Fiscal 2015 level. This is the largest revenue increase since The Great Recession. Six hundred sixty-two million for capital expenses, including $17 million in General Fund Pay-Go capital and $65 million in General Obligation Bond Borrowing, a record for the City.
The Fiscal 2016 Plan is a testament to the City’s steadily improving economy and the success of the Mayor’s Ten-Year Financial Plan. It maintains current service funding levels across City government; provides new funding for infrastructure investment; raises employee pay and reduces unfunded pension and retiree health liabilities, which have shrunk by $850 million or 27 percent in just three years. The Plan also continues to build the City’s reserves, address a grand fund deficit, and shore up workers compensation funding. The general property tax rate for Fiscal 2016 will remain at $2.248 per $100 of assessed value; the effective rate for owner-occupied properties will average $2.130 per $100 under the Mayor’s 20 Cents by 2020 targeted Homeowners Tax Credit Program, which is on track. The effective rate is down more than six percent since Fiscal 2012. The City uses outcome budgeting to prioritize spending around the Mayor’s
seven priority outcomes for ‘growing’ Baltimore - better schools, safer streets, stronger neighborhoods, a growing economy, innovative government, a cleaner city and a healthier city. The Preliminary Plan reflects the Mayor’s direction to make City services more pro-active within existing resources. For example, smarter police patrol schedule to match deployments to crime activity and greatly reduce overtime costs; a new approach to EMS will add basic life support units during peak periods, speeding response times and reducing costs at the same time; expanding cyclical street tree pruning to improve the City’s green infrastructure and head off emergency service calls and property damage due to falling limbs; rat rub-out will inspect alleys every 20 days, identifying and baiting burrows. The Plan also fully funds the maintenance of effort contribution to the schools and includes $38.7 million for the Better Schools Initiative to Modernize School Buildings; funds Out-of-School Time programs that have proven effective and maintains library

hours; supports the Mayor’s Vacants-to-Value Program and other blight elimination efforts by funding Whole Block Demolition and home-buying incentives; promotes economic growth through workforce development, small business assistance and tourism; assists Baltimore’s most vulnerable citizens through maternal and child health, and homeless services, and improves efforts to reduce asthma triggers and lead poisoning risks in homes, and maintains One Plus One trash and recycling collection, street and alley sweeping and graffiti removal. Funded full-time positions in the Preliminary Plan total 13,710; General Fund positions are 9,835, 291 fewer than Fiscal 2015, mainly due to police and fire schedule changes. We believe, based on available records, that this is the smallest workforce in the City’s modern history. This Plan is only possible because the City has implemented a series of reforms, including health benefit restructuring, pension plan re-design, a new fire fighter schedule, leave reform, fleet streamlining and targeted revenue enhancements. These initiatives are changing the City’s fiscal

picture for the better, though much remains to be done for the City to achieve structurally balanced budget, make its tax rates competitive, and invest for a future of growth. That concludes my presentation. I will be happy to answer any questions.”

President: “Any questions? Thank you.”

Mayor: “Thank you very much.”

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and a complete failure to provide transparent communications about priorities and outcomes.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Page 2, Item #1, BOARDS AND COMMISSIONS - Prequalification of Contractors
      Long Fence Company, Inc. $114,696,000.00, if approved:
         i. This action demonstrates the clear need for cogent, value-based decision criteria for retaining or disqualifying vendors who fail to satisfactorily conform with the WMBOO administrative policy, procedures and/or Baltimore City LAW;
         ii. MWBOO imposed an undisclosed penalty/sanction against Long Fence, Inc. last year for its failure over the past 10 years to comply with WMBOO administrative policy, procedures and/or the LAW;
         iii. The Board on February 11, 2015 directed the Long Fence application be conditionally denied and that they submit a supplemental affirmative action plan to demonstrate their capacity to meet MBE/WBE goals at minimum identifying their EO Officer, the name of the EO Officer in 2013, statistical data to evaluate the progress of their EEO program (IAW EEO Policy sec. 3B6), including names of contractors to be used and referred Long Fence to MWBD office to assist in identifying qualified vendors. The plan should be submitted within 30 days to BOE and Boards and Commissions. This supplemental plan should be made available for public review.
         iv. The sanctions and penalties for noncompliance should continue and this vendor should NOT be awarded any city contracts for the same period of time it failed to comply with the WMBOO administrative policy, procedures and/or Baltimore City LAW, or 10 years;
         v. MWBOO should routinely publish for public review all sanctions and penalties issued to contractors participating in the city’s program.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: This action presents an opportunity for the City to provide a fair and equitable competitive opportunity for small and minority business benefit from municipal expenditures; however those responsible continue to fail to make the appropriate decisions to achieve that end. The continued
mismanagement of major projects by City agencies is disgracefully wasteful and lacking innovative outcomes that generate equity for small and minority businesses.

4. The remedy I seek and respectfully request is that Long Fence, Inc. be removed from this Prequalification list and only reinstated after receipt of a satisfactory Affirmative Action Plan and other conditions as noted in the denial conditions offered by the BOE on February 11, 2015. The WMBOO should be directed to disclose to the public (post on its web site) the sanctions and/or penalties which it imposes for companies that are found in non-compliance with WMBOO administrative policy, procedures and/or the LAW.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on April 1, 2015.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely, Kim Trueheart, Citizen & Resident

$263,558,205.00 $2,424,250.57 Archer Western - - Contractors, LLC

During the excavation for construction of the new Denitrification Facilities, the Maryland Department of the Environment (MDE) determined that the chromium levels in the excavated soils, prevented the contractor from hauling the soils offsite to a residential landfill. To avoid schedule impacts, the excavated material will be stockpiled on site and a portion of the material used to surcharge the area planned for construction in of the Head Works Facility. Using excavated materials to surcharge in lieu of concrete piles will result in close to $5,000,000.00 in construction cost-savings to the Head Works Project. In addition, there will be close to $3,000,000.00 savings to the S.C. 877 Project, since this material will no longer need to be trucked to a disposal site approved by the MDE. The contractor has submitted a lump sum cost proposal to place the excavated soils as surcharge, which was reviewed by the Design Consultant for the Head Works Project, Johnson, Mirmiran & Thompson, Inc., and was found to be acceptable. Upon approval, the contractor will be directed to proceed with this additional work.

Department of Transportation – Amendment No. 5 to the 2005 Wharfage License Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of Amendment No. 5 to the 2005 Wharfage License Agreement with Harbor Care, LLC. The Board is also requested to approve an extension of the agreement through September 30, 2016.

**AMOUNT OF MONEY AND SOURCE:**

$860,950.00 – 6000-617415-2303-248700-603026

**BACKGROUND/EXPLANATION:**

On March 30, 2005, the Board approved the 2005 Wharfage Agreement with Harbor Boating, Inc. (HBI) and the Living Classroom Foundation (LCF) for the operation of a Water Taxi and Shuttle service in the Inner and outer harbor.

On April 22, 2009, the Board approved Amendment No. 1 to the 2005 Agreement which provided for a direct, commuter-oriented point to point water taxi service upon selected routes between Maritime Park in Fells Point and Tide Point and between Canton Waterfront Park and Tide Point. Amendment No. 1 also inter alia provided for an increase in Operator fee based on the Urban Consumer Price Index.

On August 11, 2010, the Board approved a Consent of Assignment of the 2005 Agreement, as amended, which was executed by the HBI assigning all of its rights, title, obligations, conditions and interest in the 2005 Agreement, as amended, to Harbor Care, LLC. The City and the LCF approved the assignment.
Department of Transportation - cont’d

On August 11, 2011, the Board approved Amendment No. 2 to provide for a third route and to enter into a Bareboat Charter Agreement, which requires the Operator to provide preventative and maintenance service for the vessels, along with allowing bicycles on board, notifications of service delays during inclement weather, signage and marketing responsibilities, and ridership data collection.

On July 16, 2014, the Board approved Amendment No. 3 to provide for an increase to the value of the agreement to account for an increase associated with the Consumer Price Index-Urban (CPI-U) and pay for services provided through the end of FY 2014.

On July 30, 2014, the Board approved Amendment No. 4 that amended the billing procedure and established the fee for the period July 1, 2014 to March 31, 2015.

The entities now wish to amend the agreement for the following purposes:

- extend the agreement from April 1, 2015 to September 30, 2016,

- delay the opening of Water Taxi service on Mondays, Tuesdays, Wednesdays and Thursdays from 10 AM to 11 AM due to low ridership. This change is expected to have little effect on ridership or the City’s Wharfage fee,

- increase the Water Taxi ticket prices from $12.00 to $14.00 for all-day tickets, from $7.00 to $8.00 for the one-way ticket and from $6.00 to $7.00 for the child ticket. The last fare change was in 2010. Harbor Care, LLC predicts little change in ridership and expects the City’s annual Wharfage fee to increase by $22,607.00 to a total of $165,756.00 per year, and modify the Harbor Connector #3
route (HC3) between Harbor East and Rusty Scupper to operate during peak hours only. The service on the HC3 will be eliminated from 9 AM to 3 PM on weekdays. During a recent ridership survey, there was an average of 151 riders using HC3 per weekday and only 27 of these riders used the HC3 service during the mid-day period. If this change is approved the other two Harbor Connector routes will continue to operate during the mid-day period. The Charm City Circulator also offers frequent service to the affected customers. This change will reduce the operating expenses for the Harbor Connector service by an estimated $65,600.00 per year.

Interest will accrue at a rate of three percent when payments are not received for the period that remains 45 calendar days after the receipt date will accrue interest for the period that begins 31 calendar days after the receipt date, in accordance with the Baltimore City Code, Article 5, § 37-3 (a).

The Harbor Care, LLC has been maintaining and providing Water Taxi services without interruption for the last ten years. The 2005 Agreement terminates on March 31, 2015. In the event that the 2005 Agreement is not extended, the City and the public will be deprived of the Water Taxi services provided by Harbor Care, LLC. No new procurement can be implemented in the near future and the DOT will need 18 months to properly prepare for and implement a new solicitation. The City has no viable alternative means of providing the type of service now offered by Harbor Care, LLC.

AMOUNT OF MONEY AND SOURCE:

BACKGROUND/EXPLANATION:

On March 30, 2005, the Board approved a Wharfage License Agreement as amended with Harbor Boating, Inc. for the exclusive use of public landings in and around the Inner Harbor in order to provide Water Taxi service for tourist and visitors. In June 2010, Harbor Boating, Inc. notified the Department of Transportation (DOT) of its pending sale of the business to Harbor Care, LLC (Harbor Care) and requested that the DOT seek approval of an assignment of Harbor Boating’s interest in the 2005 Wharfage License Agreement. On August 11, 2010, the Board approved a Consent to the Assignment of the 2005 Wharfage License Agreement to Harbor Care. Thereafter, the Board approved four amendments of the 2005 Wharfage License Agreement with Harbor Care, LLC. The DOT has now been advised that Harbor Care, LLC is presently wholly owned by Harbor Boating, Inc. and that Harbor Boating, Inc. is currently the entity operating the Water Taxi service and that it licenses and insures the vessels used in that operation. Accordingly, Harbor Care, LLC, and Harbor Boating, Inc. have requested that the DOT seek approval of an assignment of Harbor Care, LLC’s interest in the 2005 Wharfage License Agreement back to Harbor Boating, Inc.

BACKGROUND/EXPLANATION:

The Loch Raven Reservoir (Loch Raven) is a vital component of Baltimore City’s drinking water infrastructure, but it is also an attractive location for recreation such as hiking, boating and mountain biking. Under this agreement, MORE would be permitted to create a specified network of trails that are not harmful to the reservoir and provide an enhanced mountain biking experience at Loch Raven. MORE also commits to maintaining trails, providing education and outreach to its members and other mountain bikers and to regularly report to the Department of Public Works on its progress on these fronts. The Department of Public Works agrees to continue to work with MORE to provide mountain biking opportunities that are appropriate to the stewardship of the drinking water resource.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of poor fiscal administration and management by the Mayor of Baltimore City and the various Departments and Agencies.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Page 61, Bureau of Water and Wastewater – Agreement, if approved:
      i. The agreement appears to provide funding for a worthwhile job training initiative which has received little or no public awareness;
      ii. Please provide access to the documents for inspection:
         1. The document that describes the Baltimore City Joint Apprenticeship Program curriculum;
         2. The document that shows the number of apprentices who were provided workforce development and training under this program last year;
         3. The document that shows the number of apprentices who will be provided workforce development and training under this program this year;
         4. The document that shows the number of apprentices who obtained jobs as a result of the workforce development and training provided under this program.
      iii. The action appears to be a worthwhile initiative benefiting our youth, however, in isolation; it shows the lack of a comprehensive strategy for investing in positive development opportunities for them.
      iv. This action should be incorporated into a city-wide comprehensive strategic plan for our youth which should be an initiative undertaken by the new Deputy Mayor for Health, Humans Service, Youth and Education.
   v. Please provide access to the for inspection.
3. How the protestant will be harmed by the proposed Board of Estimates’ action: While the work to be performed is welcomed to support the underserved residents of Baltimore City, it appears that the lack of a strategic portfolio of programs and services for their employment development is lacking, but desperately needed.

4. The remedy I seek and respectfully request is that this agreement receives the full and immediate endorsement of this board and is that this action be placed on the “Non-Routine” agenda and that the Bureau of Water and is requested to make an oral presentation, for public awareness, giving details about Baltimore City Joint Apprenticeship Program.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on April 1, 2015.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely, Kim Trueheart, Citizen & Resident

BACKGROUND/EXPLANATION:
The Department of Public Works, Bureau of Solid Waste desires to renew the agreement with the DJS for the Trash Busters Job Program (the Program) to provide youth under the DJS’ supervision with workforce development and training opportunities for an additional one year period, July 1, 2014 through June 30, 2015, under the same terms and conditions as the agreement approved by the Board on February 26, 2014.

(The Renewal of Memorandum of Understanding has been approved by the Law Department as to form and legal sufficiency.)
Baltimore Development Corporation – Governmental Charitable Solicitations Application

ACTION REQUESTED OF B/E:

The Board is requested to endorse a Governmental/Charitable Solicitations Application for submission to the Baltimore City Ethics Board to permit the employees of the Emerging Technology Centers (ETC) to solicit funds for the ETC programs. The period of the solicitation is April 1, 2015 through March 31, 2017.

AMOUNT OF MONEY AND SOURCE:

No general funds are involved in this transaction. Sponsorship will be solicited from Baltimore-area businesses and private foundations.

BACKGROUND/EXPLANATION:

The ETC would like to create a Public Private Partnership for the purpose of supplementing the ongoing City subsidy to the ETC, Baltimore’s technology business incubator. The funds will be used to support growth and community development within the technology business sector by hosting small-scale events, such as lunchtime working or learning sessions, breakfast round-tables, technology hackathons, working group type meet-ups and various collaborative exchanges among emerging and entrepreneurial companies to promote synergies. The sponsorship contributions will go towards the refreshments and promotional efforts to enhance and grow this important community of small business entrepreneurs and foster their collaborations.

Generally, the solicitations will be made by the ETC senior staff members and they will be to certain key industry or category leading service providers and/or major corporations. The solicitations are expressly for one and only one event and for the sole purpose of advancing knowledge for private sector companies that are associated with the ETC.
BDC - cont’d

Businesses dealing in financial services, banking, law, accounting, construction, medical devices and others, as appropriate, will be solicited for sponsorship funding. The criteria for targeting a corporate entity for solicitation will include commitment to the overall community, value to overall community, perceived interest in the growing technology community in Baltimore, and interest in entrepreneurship. These firms may or may not be controlled donors and can include the larger firms in the City. The solicitations will be made in the context of a scheduled formal meeting, with presentation materials, detailed budgets, and follow-up, as required. The ETC will not provide exclusive access of the ETC clients to any sponsors.

Baltimore City Code Article B, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official governmental program or activity that has been pre-approved by the Ethics Board. Ethic Regulation 96.36B sets out the standards for approval, which include the requirement that the program, function or activity to be benefitted and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.

MBE/WBE PARTICIPATION:

It is a stated goal of the ETC to recruit more WBE/MBE companies and this goal will be emphasized regarding the sponsorship funding effort. Currently, the ETC’s portfolio of over 70 companies is made up of 45% MBE/WBE companies. Please note this statistic varies based on individual companies and their business status and the ETC’s variable company graduation rate which averages 26 months.
UPON MOTION duly made and seconded, the Board endorsed a Governmental/Charitable Solicitations Application for submission to the Baltimore City Ethics Board to permit the employees of the Emerging Technology Centers to solicit funds for the ETC programs.
ACTION REQUESTED OF B/E:

The Board is requested to endorse a Governmental/Charitable Solicitations Application to be submitted to the Board of Ethics of Baltimore City on behalf of the Say Yes to Education initiative. The period of the solicitations will be effective upon Board approval through May 31, 2016.

AMOUNT OF MONEY AND SOURCE:

No General Funds are involved in this transaction.

BACKGROUND/EXPLANATION:

Say Yes to Education is a city-wide collective impact initiative that wraps support services around students and guarantees those who graduate high school a tuition-free two or four-year college education.

Solicitations related to the Say Yes to Education initiative will be directed to a broad range of potential donors and will not specially target controlled donors, as required by Baltimore City Ethics Regulation 96.26B.

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official governmental program or activity, or a City-endorsed charitable function or activity. Ethics Regulation 96.26B sets out the standards for approval, which includes the requirement that the program, function, or activity to be benefited and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designees.
UPON MOTION duly made and seconded, the Board endorsed a Governmental/Charitable Solicitations Application to be submitted to the Board of Ethics of Baltimore City on behalf of the Say Yes to Education initiative.

Department of Law – Settlement Agreement and Release

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Settlement Agreement and Release among Mr. Damon Lynch, the Mayor and City Council of Baltimore (City), and the Baltimore Police Department (BPD).

AMOUNT OF MONEY AND SOURCE:

$70,000.00 – 1001-000000-2041-716700-603070

BACKGROUND/EXPLANATION:

This Settlement Agreement and Release is a charge of disability discrimination under the Americans With Disabilities Act, 42.U.S.C. § 12112, ET SEQ. (2015)(ADA).

Mr. Lynch applied for a Storekeeper II position with the BPD on July 30, 2014. Between August 1-4, 2014, the BPD sent Mr. Lynch for a pre-employment medical examination, instead of giving him conditional offer of employment as required by the ADA. On or about August 28, 2014, Mr. Lynch was determined to be medically disqualified for the Storekeeper II position because of a prior injury. On or about September 9, 2014, the BPD sent Mr. Lynch a letter formally notifying him that his application would not continue to be processed for consideration for employment with the BPD.

The parties have agreed to settle the dispute over this matter for the amount of $70,000.00. The Settlement Agreement and Release covers Mr. Lynch’s back pay from the alleged ADA violation until the present, and includes attorney’s fees (which would have been recoverable if Mr. Lynch were successful in a Federal Civil Rights lawsuit under the ADA).

Based on a review by the Settlement Committee of the Law Department of the legal and factual issues specific to this particular claim, a recommendation to the Board of Estimates is made to approve the settlement of this claim.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Settlement Agreement and Release among Mr. Thomas Stoner, the Mayor and City Council of Baltimore (City), and the Baltimore Public Markets Corporations (BPMC).

AMOUNT OF MONEY AND SOURCE:

$35,000.00 – 2044-000000-1450-703800-603070

BACKGROUND/EXPLANATION:

This Settlement Agreement and Release is arising out of a slip and fall related accident that occurred at the Baltimore City Public Market located at 2101 E. Monument Street.

The Plaintiff, Mr. Stoner, alleges that on the morning of October 29, 2011, he entered the market in order to purchase some food. After entering the building and taking several steps, Mr. Stoner slipped and fell due to a wet area on the floor.

The Plaintiff suffered serious and permanent bodily injuries, including a fractured ankle and fibula. He also suffered a ruptured quadriceps which required two surgical procedures. He was disabled for several weeks, was under the care of an Orthopedic surgeon, and had to undergo rehabilitative therapy. The Plaintiff’s medical bills totaled approximately $60,000.00.

As a result of his injuries, the Plaintiff filed suit against the City and the BPMC. However, the parties have agreed to resolve the litigation for $35,000.00.

The Board is requested to approve and authorize execution of a Settlement Agreement and Release among Ms. Wanda King, the Mayor and City Council of Baltimore (City), the Housing Authority of Baltimore City (HABC), and the Department of Housing and Community Development (DHCD).

AMOUNT OF MONEY AND SOURCE:

$67,000.00 – 2044-000000-1450-703800-603070

BACKGROUND/EXPLANATION:

This Settlement Agreement and Release is related to a charge of discrimination asserted by Ms. King.

On some date between May 23, 2014 and June 16, 2014, Ms. King filed a charge with the United States Equal Opportunity Commission (EEOC) alleging discrimination and retaliation arising during the course of her employment as one of four employees serving as Ombudsmen. Ms. King alleges gender and disability-based discrimination and retaliation against her for making prior claims, all in violation of State and Federal law.

In lieu of litigation, the parties have reached the proposed settlement. The Settlement Agreement and Release includes a payment of $67,000.00 to Ms. King in exchange for a full waiver of any and all claims against the City, the HABC, and the DHCD. The HABC and the DHCD agree with the proposed resolution.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self
2. What the issues are:
   a. Pages 1 - 85, City Council President and members of the Board of Estimates, BOE Agenda dated April 1, 2015, if acted upon:
      i. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board’s decision to continue funding the provider of the city service being procured;
      ii. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider’s success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
      iii. The members of this board continue to fail to provide good stewardship of taxpayers’ funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
      iv. This board should immediately adjust the board’s policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
      v. In the interest of promoting greater transparency with the public this board should willing begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.
      vi. Lastly this board should explain to the public how, without violating the open meeting act, a consent agenda is published outlining the protocols for each week’s meeting prior to the board opening its public meeting.
3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various agencies and

departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. Remedy I desire: The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board’s consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on April 1, 2015.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident
