Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of a lack of vision, poor fiscal planning and management and failure to capitalize on strategic investment opportunities by the Mayor of Baltimore City and the various Departments and Agencies that more appropriately should strive to end homelessness, instead of the current goal to make homelessness “rare and brief”, which is absolutely a misguided and flawed strategy.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:**
   a. Pages 11-12, Items #1, 2, 3 and 4, Mayor’s Office of Human Services (MOHS) – Continuum of Care Program Agreements, if approved:
      i. These agreements show the flawed strategies that have been implemented by the MOHS in past actions which have come before this board;
      ii. The “Housing First” protocol, recently adopted by the Journey Home Board of Directors, is NOT reflected in these agreements;
      iii. This and all future agreements initiated by the MOHS should exclusively use the “Housing First” protocol;
      iv. This and all future agreements initiated by the MOHS should explicitly state that funds will be used to pay housing costs/rent for individuals and families;
      v. The term “housing assistance used in these agreements is intentionally misleading the board to believe these funds will be funding housing costs/rent;
      vi. These agreements reflect a weighted allocation of scarce homeless funds to pay administrative costs and salaries instead of direct funding of housing costs/rent that achieve the “Housing First” model;
   b. Please provide access to these agreements for inspection.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** The MOHS continues to demonstrate an inability to administer the City’s Homeless Services Program towards ending homelessness in Baltimore City. Based on the BAD outcomes that continue to be produced by this office this action should NOT be approved. The critical need being filled by this funding demands the utmost scrutiny by this board.

Email: ktrueheart@whatfits.net

Baltimore, MD 21207
Proper administration of these funds allocated to organizations that successfully meet the critical service need to achieve the Housing First” objective to end homelessness is necessary and strict internal management controls must be in place within the MOHS. MOHS has NOT demonstrated proper stewardship of scarce funds and has continued its flawed financial management practices that circumvent more fiscally sound procedures.

4. The remedy I seek and respectfully request is that this action be placed on the “Non-Routine” agenda and that the MOHS is requested to make an oral presentation, for public awareness, of its plan to use the “Housing First” protocol in all future actions coming before this board.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on July 2, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident

This policy covers the real and personal property of the Mayor and City Council and the Baltimore City Public School System.

Because of the double snow storms during the winter of 2010 the Mayor and City Council incurred $4,007,350.00 in losses to real property. In addition to the past and market loss activity (floods, tornadoes, hurricane Sandy, earthquake activity across multiple states etc.) and market tightening, the Office of Risk Management (ORM) once again anticipated a challenging renewal process for this very important insurance placement.

With these obstacles to face, the ORM feels it is best to work with the incumbent carrier only, to obtain the most competitive pricing and comprehensive plan. As a result the renewal price reflects 0.0363% rate which is guaranteed for the next three years, and still remains very competitive as less than .04 cents per $100.00 dollar of coverage.

The marketplace is limited. Chartis Insurance Company will continue to provide this coverage for the coming year at no increase in rate. This policy has a $1,000,000.00 per occurrence limit, with a per occurrence deductible of $10,000.00.

Honorable President Jack Young
Members of the Baltimore City Board of Estimates
Clerk of the Baltimore City Board of Estimates
100 W. Holliday Street
Baltimore, Maryland 21202

Dear members of the Baltimore City Board of Estimates:

I am writing to you today as the President of the Westport Improvement Association to straightforwardly protest the transfer of funds as stated from the BOARD OF ESTIMATES TRANSFER OF FUNDS Page 10 of the June 22, 2014 agenda. Transfer of funds from the Baltimore Development Corporation Accounts 9910-906983-9600 and 9910-907983-9603 in the amount of $27,500.00.

"This transfer of funds to the Baltimore Office of Promotion and the Arts is to assist in the funding of the painting of a mural on the Fitchco building located at 2201 Russell Street which is off of Interstate 295. This is part of the "Love Letters to Baltimore" mural project that will include five through ten murals throughout the City".

First and foremost again a decision was made to do a project in the Westport neighborhood without coming to the neighborhood associations so that our residents could have a say in the project, how it should look and where it would do the most good. This is a practice of the City that is not acceptable.

We are requesting to meet with the Baltimore Development Corporation, Baltimore City Office of Promotion and the Arts, Councilman Reisinger and City Council President Jack Young before any decision is made on this matter. No decision should have been made or should be made without our input.

We have had representatives attend the Baltimore City Office of Promotion and the Arts workshops and we believe their concept is to work with neighborhoods. There are other locations in Westport that actually need a mural project to allow Westport to have a better aesthetic appearance. This is not the first time that Westport has been in this situation, but we pray that it is the last.

Sincerely,

Ruth Sherrill
President
Contact: Ruth Sherrill – 410-783-7541 ~ I do not have email, however, you can send written to project_toour@yahoo.com so that they can get the messages and information to me.
Dear Mr. Villegas,

I am sorry for the mix-up on the date and time. I had just found a new job. I talked to neighbors and other people in the community to find out if they would like to have the project in the community. They all agreed that they were very excited about the project. I like to thank you for being so kind about the project. Next time I will ask the community before I make a decision. I try to agree with the neighborhood on what they want and don't want. If you want me to, I will get you names.

Sincerely, Reith R. Sherrill

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Mayor of Baltimore City and the various Departments and Agencies.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self

2. **What the issues are:**
   a. Pages 23, Item #3, Baltimore Development Corporation (BDC) – TRANSFER OF FUNDS, if approved:
      i. With the alleged budget shortfalls anticipated again next fiscal year this agreement appears to be completely inappropriate considering the reported $50,000.00 investment made in a mural installation on a set of buildings slated for demolition;
         1. Please provide access to the document which details the “Love Letters to Baltimore” mural project;
         2. Please provide access to the document which details the FY 2014 and FY 2015 budgets for the “Love Letters to Baltimore” mural project.
      ii. These funds would better serve the public good if they were reallocated to keep recreation centers open with quality programs and services for our most vulnerable populations.

3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I have witnessed questionable management and administration of scarce municipal funds by the Baltimore Development Corporation. The action serves to demonstrate the lack of a sound logical investment strategy of our scarce funds which directly results in poor, reduce or the absence of services supporting residents like myself due to these actual failings.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on June 10, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,

Kim Trueheart, Citizen & Resident

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of Baltimore City, of which I am a member, in good standing.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:** Page 40, Item #16, Bureau of Purchases - Solicitation No. Contract No. B50002316 - Pump Repair Services – BW&W, if approved:
   a. Setting the MBE goals to 0% unfairly disadvantages the sole minority- and women-owned business in this market segment;
   b. Setting the MBE goals to 0% unfairly eliminates the sole minority- and women-owned business in this market segment from the awarding of this contract;
   c. Please provide for inspection the documentation which substantiates the goals being set at 0%;
   d. Unfairly deprives businesses of Baltimore City the opportunity to receive the full benefit of the minority and women participation goals as outlined in local policy.
   e. MWBOO SET GOALS OF 0% MBE AND 0% WBE;
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I am experiencing a significant financial burden with annual tax increases, sewer and water service increases, user fee increases, parking meter rate increases and significantly reduce services as a resident. This onerous burden can only be relieved when the cost saving business practices and participation goals are consistently and fairly applied to all procurement actions. This award fails to accomplish that end and will be more costly to the citizens of Baltimore and myself.
4. **The Remedy I Seek:** This award should NOT be approved and the action should be re-solicited in the interest of true competition.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on July 2, 2014.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen

On April 11, 2012, the Board approved the initial award in the amount of $36,176,223.70. The award contained three 1-year renewal options. On February 12, 2014, the Board approved the first renewal in the amount of $0.00.

The Board is requested to approve and authorize execution of an Amendment to Agreement with L/B Water Service, Inc., Neptune Technology Group, Inc. and Mueller Systems, LLC. The current term of the contract expires on April 14, 2015, with two 1-year renewal options remaining.

The current contract with L/B Water Service, Inc. (L/B Water) is for supply of Sensus SRII Water Meters with analog register components. However, based on information provided by L/B Waters, Sensus is in the process of discontinuing the manufacturing of the analog register components for the Sensus SRII Water Meters.

Sensus will instead manufacture the City’s Group 1 Sensus SRII Water Meters with electronic register components with digital displays at no additional charge.

At the time of award of this contract, the City had not identified an Advanced Metering Infrastructure product. Subsequently on November 6, 2013, the Board approved the award of Contract B50002877, Advanced Metering Infrastructure, and Water Meter System Installation to Itron, Inc. This requires factory installation of Itron’s inline connectors on water meters supplied by the various meter manufacturers. The submitted Amendment to L/B Water’s contract includes this change at no additional cost to the City.

The Department of Public Works has recently determined that Group 2 water meters provided under the contract with Neptune Technology Group, Inc. should have test ports for proper testing of the meters in the field. These test ports are required to be installed by the manufacturer at an additional cost of $20.00 per 1.5” meter and $30.00 per 2” meter. The submitted Amendment includes this change. The above amount is the City’s estimated requirement.

It is hereby certified, that the above procurement is of such a nature that no advantage will result in seeking nor would it be practical to obtain competitive bids. Therefore, pursuant to Article VI, Section 11 (e)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

The two bids received, from Greater Baltimore Technology Council (GBTC) and Digital Harbor Foundation, Inc. (Digital Harbor) were opened on February 12, 2014. The Bureau of Purchases is recommending the award be made to the responsive and responsible bidder receiving the highest score, Digital Harbor.

Digital Harbor was found non-compliant on April 28, 2014. GBTC was found compliant on April 28, 2014. The recommended awardee obtained a significantly higher total score than the sole remaining bidder, and was the only bidder within the user agency’s available funding for this project.

The Bureau of Purchases is recommending that the bidder be given 10 days to come into compliance, and that award is in the City’s best interest.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

I am writing to protest the proposed rejection of the Hackathon Events Supports bid before the Board of Estimates.

Details as required by the Board of Estimates are as follows:

1. **Whom you represent**: Digital Harbor Foundation, Inc. (DHF)

2. **What the issues are**: Page 30, Bureau of Purchases - Solicitation No. B50003300 – Hackathon Events Support rejection.
   a. The Bureau recommends the rejection all bids while at the same time proposing the bid be re-issued and re-opened;
   b. No reason for why this would be “in the best interest of the City” is given;
   c. This is the second time the process has, without stated cause, been canceled and re-issued.

3. **How the protestant will be harmed by the proposed Board of Estimates’ action**: As a member of the technology community and the executive director of the Digital Harbor Foundation, a local non-profit which created the DHF Tech Center to serve hundreds of youth from around Baltimore City and teach them valuable technology-related skills, this action is cause for significant concern. The bid process has been released, canceled, re-issued, delayed, and is now proposed to be canceled again, re-issued, re-opened and re-evaluated. It is my opinion that these actions are wasteful of tax dollars as they require Baltimore City government employees to unnecessarily go through the entire lengthy advertising, bidding, and evaluation process yet again. Additionally, this repeated delay lessens the field of competent bidders who
have to unnecessarily repeat the efforts of bid submission at their own expense for reason not disclosed.

4. **The Remedy I Seek:** Any of the following actions would be acceptable:
   a. the bid moving forward under the previous evaluation of submissions and award based on the technical merits of the proposals as outlined in the bid documents and scoring rubric;
   b. delayed decision for a week to allow for representatives from the City to meet and discuss my response to the proposal;
   c. allow bidders to address specific questions and answer any additional specifications before bid is canceled, re-issued, and re-opened.

Unfortunately I will not be able to address this matter in person at your upcoming meeting of the Board of Estimates on June 18, 2014 as myself and a student from the DHF Tech Center will be presenting our work at the first ever White House Maker Faire.

If you have any questions regarding this request, please feel free to call me at (410) 402-4189.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration by the Baltimore City Police Department (BCPD).

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self.
2. **What the issues are:**
   a. Pages 48, Bureau of Purchases – Master Lease Financing – Police Vehicles, if approved:
      i. This action does NOT appear to be furthering the protocols of Neighborhood Community Policing Program or any local initiatives that put police officers on foot in neighborhoods;
      ii. This action does NOT appear to be furthering the Mayor’s 10-Year Plan which states: “With lease financing, the City would be able to significantly accelerate vehicle replacement, modernize the fleet to include more fuel-efficient and reliable vehicles, and place the City on a more sound replacement schedule going forward;
      iii. This $4,000,000.00 procurement should be reduced by half to ensure police officers patrol on foot rather than remain in cars isolated from communities and citizens;
   b. Request this action NOT be approved, that the amount be reduced by half and the remain funds be transferred to the Family League to increase funding for after-school and educational programs.
3. **How the protestant will be harmed by the proposed Board of Estimates’ action:** As a citizen I have witnessed questionable management and stewardship of municipal funds by this Mayoral administration and BCPD. I seek a reasonable amount of results-oriented stewardship of scarce tax-payers funds which currently does not appear to exist. Smart money management seems to elude this Mayoral administration and the lack of checks and balances in oversight and auditing of municipal expenditures harms rather than serves the public good.

I look forward to the opportunity to address this matter at your upcoming Board of Estimates on July 1, 2014. If you have any questions regarding this request, please telephone me at (410) 205-5114.

Kim Trueheart, Citizen & Resident

The Board is requested to approve the Transfer of Jurisdiction for the parcels known as 403, 405, 407, 409, 411, 413, 415, 417, and 419 E. 21 ½ Street (Block 3814, Lots 66, 67, 68, 69, 70, 71, 72, 73, and 74) from the inventory of the Department of Real Estate to the inventory of the Department of Housing and Community Development (DHCD).

**BACKGROUND/EXPLANATION:**

The Housing Authority of Baltimore City (HABC) is in the process of redeveloping its inventory of scattered site public housing units in the Barclay neighborhood. In order to enhance the revitalization of the neighborhood, the DHCD and the HABC have identified properties owned by the Mayor and City Council for inclusion in the Barclay Redevelopment Project. The HABC issued a Request for Qualifications in 2005 seeking qualified development teams to manage the redevelopment of the Barclay neighborhood and selected Telesis Baltimore Corp. (developer), as the development team for this project.

Upon selection, Telesis worked with the community, the HABC, the DHCD, and the Department of Planning to create a neighborhood revitalization plan. The project will include a mix of rehabilitated row homes and new construction, as well as a mix of affordable and market-rate rental and homeownership units.

The Space Utilization Committee approved this transfer of jurisdiction at its meeting on June 24, 2014.
