*Indicates Self-Performance. The Prime did not meet the MBE or WBE goals for the contract. During the 2019 contract review, it was found that the WBE subcontractor did not have the appropriate equipment and staff to respond to requests by the Prime in order to meet the goal. The MBE subcontractor did not start working on the contract until 2019 due to negotiations. Because this review covers the life of the contract, there is a deficit in meeting the goals based on the aforementioned issues. Due to the aforementioned issues that the prime had no control over, and the significant progress made to meet the goals in the last 12 months, the Prime has made a good-faith effort to meet the goals.

After the office held conciliation meetings, the contract was compliant based on good faith due to circumstances the Prime could not control. The subcontractors agree that the work has increased over the last 12 months and the Prime is making an effort to meet the goal. The Prime has agreed to increase work to the subs in order to meet the goals of the contract.

UPON MOTION duly made and seconded, the Board approved and authorized execution of a Fiscal Agent Agreement with the Baltimore Children and Youth Fund, Inc. The Acting City Solicitor ABSTAINED.
ACTION REQUESTED OF B/E:

The Board of Estimates (Board) is recommended to take the following actions with regard to the Debarment Proceedings instituted by the Board on April 1, 2020, against Holabird Enterprises of Maryland, Inc. t/a Holabird Fleet Service; Trans-Tech Transmission Center, its President, Lawrence Ward; and officer Daniel Foy (Vendor): (a) deny Vendor’s request for a hearing on the petition to terminate suspension; (b) deny Vendor’s petition to terminate suspension; (c) extend the time to hold the Debarment Hearing requested by the Vendor for another 90 days for the Catastrophic Health Emergency in the State of Maryland; and (d) schedule the Debarment Hearing for September 9, 2020.

AMOUNT OF MONEY AND SOURCE:

No funds are requested or required.

BACKGROUND/EXPLANATION:

On April 1, 2020, the Board instituted Debarment Proceedings against the Vendor, pursuant to Baltimore City Code Article 5, § 40-17 and suspended the Vendor’s performance under Solicitation Nos. B50004770, B50004990, B50005058, B50005285, B500005755, and B50005812 pursuant to Article 5, § 40-18.

On April 27, 2020, the Vendor petitioned the Board to terminate the suspension and requested a hearing. The City opposed the Vendor’s petition. After consideration of the parties’ filings and no hearing being necessary, the Board found that the integrity of the City’s contracting process and the City’s best interests are served by denying the petition.
Department of Law – cont’d

On April 27, 2020, the Vendor requested a hearing before the Board in response to the Board’s notice of proposed Debarment. The Board has 90 days after receipt of the request to conduct a hearing, but the time may be extended for good cause shown, pursuant to Board’s Reg. IV.G.4.a. The Catastrophic Health Emergency in the State of Maryland declared and renewed by Governor Hogan is good cause to extend the time to conduct the Debarment Hearing for another 90-day period. See Proclamation, “Declaration of State of Emergency and Existence of Catastrophic Health Emergency – COVID-19” (March 5, 2020); see also Proclamation, “Renewal of Declaration of State of Emergency and Existence of Catastrophic Health Emergency – COVID-19” (June 3, 2020).

The hearing for the Debarment Proceedings requested by the Vendor will be held during a meeting on September 9, 2020, subject to the Vendor’s compliance with the Boards’ Regs. IV.G. 2 & 3.

Re: Department of Law – Recommendations for Vendor Suspension and Debarment Proceeding, Page 70 Board of Estimates Agenda

To the Honorable Members of the Board of Estimates:

On behalf of Holabird Enterprises t/a Fleet Management Service & Trans-Tech Transmission Center, Lawrence Ward, and Daniel Foy (collectively, the "Respondents"), please accept this email as a formal request in writing to protest the proposed action of the Board of Estimates (hereinafter, the "Board") in relation to the Respondent's Debarment/Suspension as the action and any decision by the Board directly and specifically affect them.

According to Section II. Protest Regulations, please note the following about the Respondent's protest:

a. Name of the Person Protesting and Counsel

Robert Fulton Dashiell, Esq. and Lisa Harris Jones, Esq., both of Harris Jones & Malone, LLC, will advance the protest on behalf of the Respondents: Holabird Enterprises of Maryland, Trans-Tech Transmission Centers, its President Lawrence Ward, and Officer Daniel Foy. We request to be heard on the record in response to the Office of Law’s requests and recommendations in this matter.
b. and c. Narrative of the Issues and Facts Supporting the Protest, and Harm to Protestant if the Board Acts.

Respondents oppose The Department of Law's request and recommendation that the Board of Estimates (Board) take the following actions concerning the continued suspension of contracts B50005755, B50005812, B50005275, B50005058 and B50004990 (hereinafter, the "Suspended Contracts") as well as the Debarment Proceedings instituted against the Respondents by the Board on April 1, 2020, to:

1. Deny Respondent's request for a hearing on the petition to terminate the suspension
2. Deny Respondent's petition to terminate the suspension
3. Extend the time to hold the Debarment Hearing requested by the Respondent for another 90 days for the Catastrophic Health Emergency in the State of Maryland
4. Schedule the Debarment Hearing for September 9, 2020

Law Department Request (1) and (2)

The Respondents incorporate their arguments presented in their two (2) filings on April 27, 2020, with the Board entitled 1. Petition to Termination Suspension and 2. Response to Notice of Disbarment & Request for Disbarment Hearing and request to be heard.

Respondents operate a locally owned small business that has served the City without incident for many years. In January 2020, Acting City Purchasing Agent Keisha Brown, contrary to law, instituted a suspension of contracts without providing any notice to Respondents. On March 5, 2020, Ms. Brown formalized her decision in writing and notified Respondents that she was suspending six City contracts being performed by Respondents based on serious allegations. As operators of a small, local business, this decision's impact has had a significant detrimental effect on the sustainability and the reputation of Respondents. Employees have been laid off and MBE subcontractors to the Suspended Contracts have been denied work.

Respondents have been on summary suspension formally for over 120 days. However, due to Ms. Brown’s unilateral actions in January, lawfully procured business from the City has been suspended for over 200 days, without the benefit of even a suspension hearing. In light of the Department of Law's request to delay a hearing on the merits, the ongoing denial of a hearing on the petition regarding the basis for the suspension denies the Respondents the opportunity to refute the underlying evidence and prevents a finder of fact the ability to review the merits of the initial suspension. We respectfully request a suspension hearing be scheduled and the suspension be lifted until this matter can be fully adjudicated.

Law Department Request (3) and (4)

On April 3, 2020, the Department of Law notified Respondents of their intent to also seek debarment. Respondents, in a timely fashion, requested a hearing per the Baltimore City Code on April 27, 2020.
Under the City Code, the Board was required to hold a hearing and issue a decision within 90 days of the request for a hearing. Art. 5 sec. 40-19 (a). The Board may extend the time for a hearing and decision for good cause shown by a party to the action, in this matter the Department of Law or the Respondents. Art. 5 sec. 40-19 (b).

To ascertain and effectuate the actual legislative intention in enacting any statute is, of course, the cardinal rule of statutory interpretation. In this regard, the primary source of legislative intent is the language of the statute itself. Where the statutory provisions are unambiguous, no construction is required. A plainly worded statute must be construed without forced or subtle interpretations designed to extend or limit the scope of its operation. *State v. Intercontinental, Ltd.*, 302 Md. 132, 137, 486 A.2d 174 (1985).

Determining whether there is good cause for a postponement is at the discretion of the Board, acting in a quasi-judicial capacity. However, the moving party must demonstrate good cause for the delay and justify its request as to how their ability to present their case is compromised by factors beyond their control. Mere procrastination of duties does not suffice. As the American Bar Association standard on continuances recommends:

The court should grant a continuance only upon a showing of good cause and only for so long as is necessary, taking into account not only the request or consent of the prosecution or defense, but also the public interest in prompt disposition of the case. *Carter v. State*, 54 Md. App. 220 (1983).

On day 84 of the 90 days allowed to set and complete a debarment hearing, the Department of Law seeks an extension as the Board has failed to set a hearing date and resolve this matter. The Department of Law has made no effort for the hearing to be scheduled, puts forth no facts as to why a request is needed or how the preparation of their case has been obstructed by factors beyond their control. No advance notice of this request for postponement was provided to Respondents, a common practice when a party is represented by Counsel. Furthermore, rather than make a request as a litigant to the presiding Board, the Department of Law improperly fashions its request for extension of the 90 day deadline as a “Recommendations for Vendor Suspension and Debarment Proceeding,” assuming the role of Board Advisor, which is impermissible when it is actually the moving party in a contested Debarment matter.

To support their request, the Department of Law makes the bald assertion that due to the Governor's declaration of a Catastrophic Health Emergency in the State of Maryland ("Emergency Order") due to COVID-19, the time frame to provide due process should be extended. The request is devoid of any explanation of how this Emergency Order has hindered the scheduling of a hearing by the Board or assignment to a hearing officer. Examination of the Emergency Order fails to provide any direction as to why a hearing could not be scheduled, or the Department of Law's case prepared. Local government has not been closed; to the contrary, the Board of Estimates, City Council, and Executive Branch have done a commendable job of continuing operations. The Department of Law’s request on such broad grounds thinly veils their true motivation to obtain delay not for just cause, but because they have not diligently performed their obligations to prepare their case.
Debarment is essentially the Death Penalty for contractors doing work with a public entity. It is a severe penalty rarely sought and must be taken seriously by the agency seeking it. The impacts on business are severe economically and reputationally and harm the goodwill a company has developed in the community. Due to the severity of the action, the City Code puts forth protections for the accused, including a time frame for the movant to present their evidence and a decision to be issued. To ignore the statutory timeline and cavalierly request an extension with no specificity as to how the scheduling of a hearing has been hindered denies the Respondent's substantive and procedural due process rights as outlined in the Code. The Department of Law has never reached out to the Respondents' counsel, indicating any difficulty in setting a hearing date, problems preparing their case or securing a witness, seeking dates for a hearing or requesting a postponement. The Department of Law impermissibly and smugly seeks to act as investigator, prosecutor, advisor to the trier of fact as opposed to a moving party with obligations to statutory timeframes.

Substantive and procedural due process rights are the backbone of the statutory scheme governing this matter. In fact, on March 20, 2019, the Board adopted the Regulations on Procurement, Protests, Minority, and Women-owned Business Enterprise and Debarment/Suspension (Regulations) effective July 1, 2019, which codify these rights.

The Board needs to recognize that the Department of Law has been operational since the Health Emergency was declared. In fact, the Department of Law filed a complaint in the Circuit Court for Baltimore City to begin a civil action against the same Respondents on April 24, 2020. Furthermore, on June 16, 2020, the Department of Law, in a motion, opposed court-ordered mediation in the Circuit Court case.

What the Department of Law has not done during the Emergency Order is respond to the repeated discovery requests of the Respondents in both the administrative actions before the Board and in the civil case before the Circuit Court of Baltimore City. Additionally, on March 30, 2020, Respondents filed an MPIA request for a copy of the investigation and documents supporting the allegation in this matter. Neither the Custodian of Records for the Department of Finance or Department of Law responded in accordance with the MPIA mandates. The Governor's Emergency Order does not provide refuge or excuse for delay and denial of due process. The Department of Law should not be allowed to pick and choose when and which parts of their debarment action they will perform in a timely fashion and refuse to do the things it does not want to do under the guise of a Pandemic, such as proving the merits of this case or providing documents essential to responding to the allegations of the City. Procrastination and dereliction of duty disguised as an impact of COVID-19 falls woefully short of demonstrating good cause.

In conclusion, good cause has not been pled or demonstrated in any specificity by the Department of Law and, therefore, grounds do not exist to grant the extension of debarment proceedings beyond the 90 days as codified. Absent a showing as to how the case preparation has been prevented, this case should not be postponed. Furthermore, the Department of Law should be ordered to immediately provide the underlying documents that support their allegations.
Respondent is facing potential debarment, and as a result a large percentage of their work has evaporated. When combined with the broad economic impacts of COVID-19, the Respondents are fighting to sustain their business and simply cannot withstand the Department of Law’s unmerited and unsupported request for delay. If the Board grants the extension sought by the Department of Law, the Respondent will suffer irreparable economic harm as the suspension of work will be extended. We urge the Board to decline the request and recommendation.

In the event, that the Board chooses to grant the Department of Law’s request, Respondents request the following relief in the interest of due process and fundamental fairness:

1. A hearing officer be appointed by the Board to preside over this matter by July 30, 2020. Petitioner is agreeable to an assignment by the Office of Administrative Hearings.
2. A mutually agreeable hearing date be selected by the parties, and not implemented by Office of Law without consultation with Petitioner.
3. The Board compel the Department of Law to produce to Respondents all underlying documents, to include any investigatory documents, witness names and evidence upon which it seeks to rely in pursuing Debarment by August 10, 2020.
4. The record reflects this is the last permissible postponement at the request of the Office of Law.

**d. Notice to Appear**

The Respondents will appear through counsel at the hearing on July 22, 2020. The Respondents will appear virtually or in-person at the preference of the Board.

**e. Request for Recusal**

Respectfully, the Respondents further request that the City Solicitor recuse herself from any deliberations or decisions regarding this matter. In an unusual set of circumstances, the Solicitor’s office participated in the investigation and is charged with presenting their case for disbarment, it also sits as the trier of fact and advisor to the Board. In fact, even the Department of Law appears confused by their role as they seek to serve as an advisor to the Board in this action, recommending actions for the Board to take and not as litigant pursuing debarment. As the supervisor of the attorney’s involved, the City Solicitor should not adjudicate or advise the Board or trier of fact on this matter. As counsel, we have tremendous respect for the integrity of the City Solicitor and seek to imply no misconduct or motive on her part. We make this request to simply ensure a tribunal above reproach and clarify the role of the Office of Law in this serious matter.

Sincerely,

Lisa Harris Jones, Esq.

Robert Fulton Dashiel, Esq.
