Department of Law – Memorandum of Understanding

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Memorandum of Understanding (MOU) between Baltimore County on behalf of the Baltimore County Police Department (BCoPD) and the Mayor and City Council of Baltimore acting through the Department of Public Works on behalf of the Baltimore Environmental Police (BEP). The period of the MOU is effective upon Board approval and will continue until such time as either party provides thirty days prior written notice to the other party.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The MOU renews and updates a long existing cooperative agreement between the BEP and BCoPD. The Public Local Laws of Baltimore City and related regulations created the BEP to protect the water supply by exercising jurisdiction in the real property owned by the City used for the supply of drinking water, in the larger territory containing the headwaters of the City reservoirs, and in the water service area maintained by the City and related watersheds. The City-owned public water supply system encompasses large portions of Baltimore County. The MOU is intended to provide maximum police service to the properties and citizens using the areas under the protection of the BEP and within the jurisdiction of the BCoPD for the mutual benefit of both police agencies and their communities.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Memorandum of Understanding between Baltimore County on behalf of the Baltimore County Police Department and the Mayor and City Council of Baltimore acting through the Department of Public Works on behalf of the Baltimore Environmental Police.
ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of an Information Technology Services Agreement with Magothy Technology, LLC (Magothy) as a selected source procurement for the purpose of retaining Magothy to provide IT services for the Employee’s Retirement System. The period of the Agreement is July 1, 2019 through June 30, 2024.

AMOUNT OF MONEY AND SOURCE:

$600,000.00 (not to exceed over the 5-year term)

6000-604020-1520-171400-605003 - ERS Trust Funds

BACKGROUND/EXPLANATION:

Since 2010, Magothy has served as principal IT consultant for the Fire and Police Employees’ Retirement System (F&P). During its tenure with F&P, Magothy has been instrumental in the design, development and maintenance of the F&P’s website and IT network. Magothy has also successfully implemented the F&P digital record conversion. Magothy’s services to the F&P also included infrastructure and cybersecurity and back-up, disaster recovery and Continuity of Operations Planning. In addition, Magothy has consulted with other City agencies and assisted in the development of various IT projects across the City.

Pursuant to the Resolution of the Board of Estimates Relating to Non-Competitive Procurements approved March 20, 2019 with an effective date of July 1, 2019 and the Guidance on this Resolution approved on July 10, 2019, the agency requests non-competitive procurement of the IT Services from Magothy. This procurement meets the condition that there will be no advantage in seeking competitive responses.
Employees’ Retirement System – cont’d

STATEMENT OF PURPOSE AND RATIONALE FOR NON-COMPETITIVE PROCUREMENT:

As a result of the services provided by Magothy to the F&P, it is uniquely positioned to use its knowledge and experience gained from working with the City in general, and the F&P in particular, to assist the ERS in implementing many of the IT projects currently in production at the F&P. The ERS desires to modernize ERS’ IT network, including constructing a digital records system and fully integrating ERS’ benefits administration system with new forms and digitalized records.

Its knowledge of F&P and other City systems uniquely qualifies Magothy it to assist the ERS in developing an interface with other IT systems in the City. It is the ERS’ position that contracting with Magothy as a selected source is advisable, prudent as there will be no advantage in seeking competitive responses as Magothy is the only consultant known to ERS to have:

1) specific and unique working knowledge of information technology systems similar to ERS (i.e., F&P) and the City’s computer operations, and;

2) flexible working arrangement not requiring guaranteed compensation, minimum blocks of hours or assignment of dedicated staff.

MWBOO GRANTED A WAIVER ON MAY 31, 2019.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Information Technology Services Agreement with Magothy Technology, LLC as a selected source procurement for the purpose of retaining Magothy Technology, LLC to provide IT services for the Employee’s Retirement System. The Comptroller ABSTAINED.
Fire and Police Employees’ – Information Technology Services Retirement System (F&P) Agreement – Selected Source

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of an Information Technology Services Agreement with Magothy Technology, LLC as a selected source procurement for the purpose of retaining Magothy to provide IT services for the F&P. The period of the agreement is July 1, 2019 through June 30, 2024.

AMOUNT OF MONEY AND SOURCE:

$2,800,000.00 (not to exceed over the 5-year term)

6000-604119-1540-171400-605008 – F&P Trust Funds

BACKGROUND/EXPLANATION:

In 2014, the Board approved an IT Services Agreement retaining Magothy as the F&P’s principal IT consultant. Magothy has been instrumental in the design, development and maintenance of the F&P’s website and IT network. Magothy also successfully implemented the F&P’s digital record conversion.

Pursuant to the Resolution of the Board of Estimates Relating to Non-Competitive Procurements approved March 20, 2019 with an effective date of July 1, 2019 and the Guidance on this Resolution approved on July 10, 2019, the agency requests non-competitive procurement of the IT Services from Magothy. This procurement meets the condition that there will be no advantage in seeking competitive responses.

STATEMENT OF PURPOSE AND RATIONALE FOR NON-COMPETITIVE PROCUREMENT:

Magothy oversees and continues to assist in the growth and expansion of on-going IT projects which have been developed for the F&P over the past ten years. Over time, Magothy has become intimately familiar with the F&P’s current IT network and its future IT objectives. During Magothy’s tenure with the F&P, Magothy has taken the lead on several projects at the request of the F&P, including the re-development and implementation of the
Fire and Police Employees’ – cont’d
Retirement System

F&P’s website, implementation of state-of-the-art Cisco© firewalls, security, and IT assessments, due-diligence and risk assessment of the F&P’s IT network and providing the F&P with subject matter expertise and training in benefits processing. Magothy has also consulted with other agencies and assisted in the development of various IT projects across the City.

As a result, Magothy is uniquely positioned to continue to maintain and modernize the F&P’s current IT network, including its digital records system and fully integrated benefits administration system. It is the F&P’s position that there will be no advantage in seeking competition because of:

1. Magothy’s specific and unique working knowledge of F&P’s IT systems and the City’s computer operations and

2. its flexible working arrangement not requiring guaranteed compensation, minimum blocks of hours or assignment of dedicated staff.

MWBOO GRANTED A WAIVER ON MAY 31, 2019.
