President: “Ah -- Good morning. The September 16, 2020 meeting of the Board of Estimates is now called to order. In the interest of promoting and maintaining health and safety as we continue to deal with the COVID 19 pandemic, the Board of Estimates continues to meet virtually. Thank you Madam -- thank you Madam Comptroller. Thank you that was actually a question I was getting ready to ask you. Ah -- thank you so much. I will direct the Board member’s attention to the memorandum from my office dated September 14, 2020, identifying matters to be considered as routine agenda items, together with any corrections and additions that have been noted by the Comptroller. I will entertain a motion to approve all the items contained on the routine agenda.”

Acting City Solicitor: “Ah -- Mr. President, I move approval of all the items on the routine agenda.”
Comptroller: “I Second.”

President: “All those in favor say, Aye. All opposed say, Nay. The motion carries. The routine agenda items have been adopted.”

A PROTEST WAS RECEIVED FROM BIKEMORE AND THE CENTRAL MARYLAND TRANSPORTATION ALLIANCE.
September 15, 2020

Honorable President
and Members of the Board of Estimates
c/o Secretary, Board of Estimates
204 City Hall
100 N. Holliday Street
Baltimore, MD 21202

Mr. President and Members of the Board of Estimates:

Bikemore and the Central Maryland Transportation Alliance are writing in protest of the Bureau of the Budget and Management Research General Fund Transfer Appropriation in the total amount of $2 million to the Baltimore Police Department, Service 622: Police Patrol.

This action is proposed from a claimed surplus appropriation available from the Department of Transportation due to savings on the Circulator Bus following adoption of a new operating contract.

While we have been critical of Baltimore City Department of Transportation’s spending priorities in the past, this technical surplus is evidence their practices are improving under the leadership of Director Sharkey, and transferring the surplus away from the department is depriving it of a reward for improved fiscal management.

In addition, the Charm City Circulator received $18 million in Federal CARES Act funding for continued operations. This transfer violates the spirit of the CARES Act and may be viewed as a pass through of funds away from transit that jeopardizes our ability to access future federal economic recovery funding for Baltimore City Department of Transportation.

In 2015, the New York Times reported that “In a large, continuing study of upward mobility based at Harvard, commuting time has emerged as the single strongest factor in the odds of escaping poverty. The longer an average commute in a given county, the worse the chances of low-income families there moving up the ladder. The relationship between transportation and social mobility is stronger than that between mobility and several other factors, like crime, elementary-school test scores or the percentage of two-parent families in a community.”
Despite our knowledge of the pathways to escape poverty being directly related to transportation, Baltimore City Department of Transportation remains woefully underfunded, with deferred capital needs of $1.5 billion, $50 million of which is capital needs for transit. The department projected needing $7.5 million next year for transit capital replacement but only has $5 million allocated, entirely federal funding.

$2 million is the difference between nearly meeting Baltimore City Department of Transportation’s transit funding needs or continuing to expose riders to underfunded, infrequent, and unreliable service.

Who are these riders?

- 39% of overall transit riders in Baltimore City are essential workers, one of the highest percentages in the nation and higher than New York City.
- 33% of Baltimore households and a majority of Baltimore renters lack access to a personal vehicle. 75% of Circulator riders lack access to a personal vehicle.
- A strong majority of riders on the Purple, Orange, and Green Circulator routes make under $25,000 per year, and the majority of these riders make under $10,000 per year.
- The majority of riders on those same routes are Black and Latino.

We protest this action because it will disproportionately harm our poorest Black and Latino residents, Baltimoreans risking their lives riding public transit to work in a pandemic through a city that unjustly over polices them based on the color of their skin.

If approved, this transfer of funds sends a message that that structurally racist decision-making will continue, despite evidence that investment in transportation is the most important thing we can do to lift Baltimoreans out of poverty and connect them to opportunity.

We urge the members of the Board of Estimates to reject this transfer.

Sincerely,

Liz Cornish, Executive Director  Brian O’Malley, President & CEO
Bikemore  Central Maryland Transportation Alliance
President: “Ah -- The item on the non-routine can be found on page six, General fund transfer. Ah -- we have received a protest on this item. We will hear from `-- first. Ah -- the representatives from Bikemore please uh -- unmute yourselves and make yourself known and for the record. Thank you so much.”

Ms. Liz Cornish, Executive Director of Bikemore: “Thank you Council President Scott and the other members of the Board of Estimates. My name is Liz Cornish, I am the Executive Director of Bikemore. Ah -- we are here today to protest the transfer of $2,000,000.00, from the Department of Transportation to Baltimore City Police Department. We know um -- we know that transit has been essential to maintaining the safety, public health and economic security of folks during the pandemic and that it will be even more essential as we go on the road of recovery. We also, I wanted to point out that the surplus has a technicality um -- the City of Baltimore received $18,000,000.00, of CARES Act Funding to sustain operations of the Charm City Circulator. One of our concerns is that this could be viewed as um -- going against, the spirit of that funding, if we are to take any additional City money that
could go towards the operations of the Circulator knowing full well that the contingent acceptance of that CARES Act Funding was to maintain adequate, and if not enhanced service. And the other thing that we need to sort of look at is, are we going to continue this pattern of taking away money from essential services and putting them back into the Police Department. Now I recognize that $2,000,000.00, um -- can be seen as a relatively small amount both in transit operations and most certainly in the Police Department's budget. But in 2020, we really need to examine even these small decisions. Um -- we need to form new habits and I think um -- this presents a really good opportunity to look at how are we reallocating funding from our already suppressed City services and putting them towards the Baltimore City Police Department. And these are decisions and values I know many of you already champion um -- in your everyday work and we're really grateful for that. Um -- but here is an opportunity for the Board of Estimates to live out those values and so with that we ask um -- that you please reject this transfer of funds.”
President: “Thank you. Uh -- is there a representative from Central Maryland Transportation Alliance, on the call? All right Mr. Cenname, do you uh -- would you wish to address this issue?”

Mr. Robert Cenname, Budget Director, Department of Finance: “Yes. Thank you. I -- I’d like to respond to that. So um -- first some context for this -- for this action um -- you know Fiscal 2020, was um --

really the perfect storm for our financial situation. We had a scenario where we had declining revenue at the same time that we had additional response costs for certain agencies to respond to COVID-19. Um -- I want to remind the Board that the City must be balanced by law at the end of the Fiscal Year. That's not Finance saying that -- that is that is the Charter requirement that we must be balanced by the end of the year. We have a rainy day fund as a backstop in case we have a situation where we have a net deficit and in this Fiscal Year, we ended with a net deficit of $14,300,000.00, in other words we spent more money than we brought in -- in revenue. Um -- when we looked to draw down money from the rainy day fund to protect uh -- to make sure that the City ends in balance at the end of the year the policy requires us to take all
reasonable actions uh -- before we would dip into the rainy day fund. And in this situation ah -- if you remember the City put into place a -- a strong uh -- a strong hiring and spending freeze for all agencies uh -- back at the end of March into early April through the fourth quarter. The intent of that was to minimize the impact on the City's financials uh --and to make sure we eliminated any non-COVID expenses or non-essential expenses through the end of the year and so um -- when we came to make our request for the rainy day fund we were obligated by the policy to use up any surplus in any agencies ah -- to balance the budget before we were to dip into the rainy day fund. So that's why you see on the Board agenda today one transfer which was our first option which was available to us and then the other four actions are draws from the rainy day fund which we’re obligated to minimize. Um -- the comment on the Federal aid these issues are not even remotely connected um -- the -- this is a closeout action to move surplus appropriation from one agency to another to make sure we're balanced for closeout on the federal aid uh -- yes there are rules on the aid we've gotten from CARES and you know DOT has been working with Finance
to make sure we can spend down that money appropriately and within compliance with Federal Law but this action has no uh -- bearing on that particular concern. Ah -- so you know based on our -- our reading of the law and our requirement ah -- to be in balance and to take every reasonable action uh -- we don't think we had a choice we had to make this action uh -- to use whatever, available surplus we had in agencies before we drew down from the rainy day fund and so in order to keep us on track for our closeout process I would ask the Board to ah -- approve this action just like they approve the other actions on the routine agenda.”

President: “Thank you. Any questions from ah -- the Board members? Madam Comptroller? Mr. Cenname, I just have a -- a quick question for you in -- in reference um -- in reference, what for this surplus money for the circulator, if this money wasn't re-appropriated what would happen with it?”

Mr. Cenname: “So if we were not to uh -- if we were not to use it in this manner, we would have to increase our drawdown from the -- from the rainy day fund to 27 million and you know like I said
per our um -- you know per our my earlier comments the policy requires us to take every reasonable action uh -- to make sure we minimize the draw down from the rainy day fund to keep us protected uh -- going into continuing in Fiscal 21 where we still have an enormous amount of Fiscal risk uh -- before the end of the Fiscal Year."

President: “And can you Mr. Cenname, uh --just tell me about uh -- how you came to the conclusion that this was the most reasonable action and what ah -- Fiscal implications would -- would there be if you did the reverse, so to speak if you did a draw down and not the transfer?."

Mr. Cenname: “Yeah sure. So um -- when we get to the uh -- the end of closeout we look at all uh -- agency appropriations and what's still available in surplus and we had very little surplus this year for obvious reasons. Um -- because we had additional COVID related expenses so when we looked at the -- the issues we had we had five agencies that we needed to close. Um -- some of those we had already voted on which were, it was Fire, ah -- DGS, ah --
Health, HCD and then um -- Police and Transportation for um -- because they had ah -- had some savings on the Circulator contract was an agency where we had a large enough surplus where we could take that entire surplus and transfer to close one of the agencies in deficit. And so that was again, our first instinct to do everything we could within transfers to make that possible but then any other drawdown at that point since the other agency surpluses are so small we have to draw down from the rainy day fund to do that. Um -- I would remind you too that the rainy day fund has to be repaid. So there is a strong interest that the City has in minimizing that uh -- drawdown because the -- the money that we draw from the rainy day has to ultimately be repaid. So you know given the extraordinary circumstances we were under in Fiscal 20, we feel like this is just the right thing to do.”

President: “And just and -- and just out of curiosity Mr. Cenname, if it were not for the COVID costs and the other costs that you guys mentioned would BPD would have needed a surplus uh -- appropriation at all this year?”
Mr. Cenname: “Uh -- that -- that's correct BPD, if not for COVID and for some protest related costs where they had to have additional personnel available in the Spring, ah -- BPD would have been within its -- its appropriation which is uh -- you know something that's really a giant step forward for them as a credit to the work that they've done to get costs under control. So the only agencies that were asking for additional appropriation today the five that I mentioned are ones that had really extraordinary uh -- unexpected costs that were really out of their control.”

President: “And do you remember uh -- last Fiscal I guess, the Fiscal uh -- 19 appropriation extra appropriation for BPD what that was in dollar amount?”

Mr. Cenname: “Um -- I don't have it in, I don’t remember offhand I don't have it in front of me but I can follow up with the Board on that.”

President: “Okay. Thank you. Thank you so much. Any other questions from Board members? Seeing none I will entertain a motion.”

Acting City Solicitor: “Ah -- Mr. President and uh -- this honorable Board. I uh -- move that the protests of both Baltimore ah -- Bikemore and Central Maryland Transportation Alliance be denied.”
Comptroller: “I second.”

President: “All those in favor say, Aye. All opposed say, Nay. Uh -- the motion is approved. The protest is denied. The item is approved uh - Thank you. Uh - before we close today.

Mayor: Mr. President -- Mr. President I -- I failed to -- to say Aye.”

President: “Yes, sir -- yes sir Mr. Mayor. Uh -- before we close I want to see if they're uh -- Madam Comptroller, if you want to make any remarks today.”

Comptroller: “No, I’m good.”

**BACKGROUND/EXPLANATION:**

This action is required to carry forward unexpended funds into Fiscal Year 2021.

Unexpended capital project funds and special funds have been carried forward for their original purpose, as is customary. All
BBMR – cont’d

General Fund appropriations that have been determined to be encumbered have been carried forward, and all General Fund appropriations not recommended for carryover have been reverted to fund balance. To the extent possible and pursuant to the Board’s approval, appropriations have been transferred within agency budgets to counteract such deficits in specific budget programs.

UPON MOTION duly made and seconded, the Board approved the final recommendations for carryovers for Fiscal 2020 for the General Fund and Other Funds based upon availability of funds.
ACTION REQUESTED OF B/E:

The Board is requested to approve the use of up to $25,000,000.00 of the Budget Stabilization Reserve (BSR), also known as the “Rainy Day Fund,” to close the projected Fiscal 2020 deficit and to establish Fiscal 2022 as the first year of restoration plan requirement.

AMOUNT OF MONEY AND SOURCE:

$25,000,000.00 - 2093-793413-7930-741303-460010

BACKGROUND AND EXPLANATION:

The Bureau of the Budget and Management Research is requesting authorization to use up to $25,000,000.00 of the Budget Stabilization Reserve (BSR), also known as the “Rainy Day Fund,” as a necessary step to balance the Fiscal 2020 General Fund budget. As a matter of historical significance, this is only the third time that the Board of Estimates has been asked to use the BSR since its inception in Fiscal 1993. The prior two instances were in Fiscal 2010, to cover a shortfall caused by two historic snowstorm events and declining local revenues; and in Fiscal 2015, to cover unanticipated costs in response to civil unrest.

Fiscal 2020 was the “perfect storm” of budget problems in that the City simultaneously experienced both lower revenues and higher costs. In March 2020, as the COVID-19 pandemic spread throughout the United States, States and local jurisdictions put in place strict social distancing guidelines and stay-at-home orders to prevent the further spread of the virus. The result was that many parts of the economy slowed to a standstill, and in turn the City wrote down its revenue projections for key General Fund sources including income tax, transfer and recordation tax, investment earnings, hotel tax, convention center income, and admissions and amusement tax, among others. Additionally, the City incurred new expenses in an attempt to both control the spread of the virus and
BBMR - cont’d

to minimize the economic hardships to its residents. These expenses included costs to maintain core City services, health response expenses, isolation and quarantine for vulnerable populations, resident assistance programs for food and rental assistance, and small business support.

Closeout Actions:

The Board of Estimates’ policy for use of the BSR is strict. Withdrawals can only be made for “a post-adopted budget that has been impacted by an uncorrectable shortfall in budgeted revenues or expenses.” Further, the policy states that initially, “all reasonable efforts had been made in controlling expenses.” In compliance with the policy, the City took the following actions in Fiscal 2020:

Hiring and Spending Freeze:

On March 20, 2020, the City implemented a hard hiring and spending freeze. The intent was to minimize non-essential and non-COVID spending. Hiring exemptions were granted only for critical leadership positions, and for front-line public safety officers such as police officers, paramedics, firefighters, EMT’s, and Sheriff Deputies. This action successfully slowed spending during the 4th Quarter of Fiscal 2020.

Defer Reserve Contributions:

The Fiscal 2020 budget included a total of $12,000,000.00 for contributions to the Rainy Day Fund, the OPEB Trust Fund, and to various capital reserve funds. The purpose of these annual contributions in the operating budget is to maintain a consistent schedule for building reserves, paying down unfunded liabilities, and preparing for future Capital needs. These contributions were all waived in Fiscal 2020.
BBMR – cont’d

**Federal Aid:**

The City has pursued Federal aid to assist with the financial impact of COVID-19. But the resources are best preserved for Fiscal 2021. The City is preparing an application to the FEMA Public Assistance program for incurred General Fund COVID expenses in Fiscal 2020, although reimbursement is unlikely until the middle of Fiscal 2021 at the earliest. The City also received a direct aid allocation of $103,000,000.00 as part of the Federal CARES ACT. Per U.S. Treasury guidance, these funds can only be used to pay for direct COVID expenses and are not eligible to backfill lost revenue.

Collectively, these actions have reduced the City’s projected Fiscal 2020 General Fund deficit and provided some contingency for Fiscal 2021. For Fiscal 2020, the General Fund deficit has been reduced from $42.3 million (2nd Quarter) to $14.3 million (Closeout):

The Bureau of the Budget and Management Research is requesting authorization for use of up to $25,000,000.00 from the BSR to bring Fiscal 2020 into balance. Note that there is some contingency included in this request, as the current figures are unaudited and still subject to adjustment. The actual withdrawal from the BSR will only be for the amount needed to bring the General Fund into balance.

**Replenishment Plan:**

According to the Board of Estimates policy regarding use of the
BBMR – cont’d

BSR, “a reserve replenishment plan must be established and must specify a timetable for full restoration of the reserve, not to exceed five years.” The policy requires the first year of the restoration plan to be the fiscal year following the reserve fund use, unless the Board of Estimates determines that doing so would be an undue burden.

Since the Fiscal 2021 budget has already been approved by the City Council, and given the continuing economic uncertainty that is expected in Fiscal 2021, it is requested that the Board declare that the first year of the required replenishment plan be Fiscal 2022.

Management Research (BBMR) Order No. 008

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the Appropriation Adjustment Order (AAO) No. 008 for a State grant funds transfer within the Mayor’s Office from Service 798: Youth Works Summer Jobs Program to Service 741: Community Action Partnership.

**AMOUNT OF MONEY AND SOURCE:**

$2,000,000.00 – From Account: 5000-500021-6397-809900-607004
Unallocated State Grant Funds
Service 798 – Youth Works Summer Jobs Program

To Account: 5000-586220-1191-594700-607004
Service 741: Community Action Partnership

**BACKGROUND/EXPLANATION:**

On July 1, 2020, the Board approved the Amendment to the Grant Agreement with the Maryland Department of Housing and Community Development. This AAO is a requirement for that Grant Award. The funding will to be utilized to support Community Services Block Grant (CSBG) eligible activities that prevent, prepare for, or respond to the Coronavirus. The grant funds must be expended no later than September 30, 2022.

Initially, the funding was appropriated within an unallocated account in the Fiscal 2021 Ordinance of Estimates. With this appropriation adjustment order, funding will be moved from the unallocated grant source in accordance with the actual grant award.

Office of the State’s Attorney – Grant Awards and Ratification
for Baltimore City (SAO) of Grant Award

The Board is requested to approve and authorize acceptance of the following Grant Awards and ratify the Grant Award from the Governor’s Office of Crime Control and Prevention (GOCCP):

GRANT AWARDS

1. **GUN VIOLENCE REDUCTION INITIATIVE PROGRAM**
   
   **$100,000.00**
   
   Account: 5000-504821-1150-118000-601001

   The GOCCP awarded these funds to the SAO to support the Gun Violence Reduction Initiative program. The funding will support the salary of one cross-designated Assistant State’s Attorney to the U.S. Attorney’s Office assigned to handle the prosecution of gun cases as a part of the Citywide effort to reduce gun violence. The period of the Grant Award is July 1, 2020 through June 30, 2021.

   The Grant Award is late because of administrative delays in obtaining account numbers and signatures.

2. **INTER-AGENCY WAR ROOM COORDINATION**
   
   **$611,451.00**
   
   Account: 5000-504921-1152-137200-601001

   This project provides a focused response to violent offenders in the City through a comprehensive program of electronic information sharing that identifies the most violent offenders in Baltimore City upon arrest. Currently, the program determines and tracks probation and parole status, apprehension and service of search warrants, judicial prioritization, and case flow management. The grant funds will provide personnel. The period of the Grant Award is July 1, 2020 through June 30, 2021.

   The Grant Award is late because of administrative delays.

3. **TARGETING REPEAT OFFENDERS**  $214,992.00

   Account: 5000-513821-1150-118000-601001

   The GOCCP awarded this grant to the SAO to investigate and prosecute violent offenders by supporting the USAO, in coordination with the ATF, the DEA, the FBI, and the HSI to bring multi-defendant indictments against some of the City’s most dangerous violent repeat offenders and criminal organizations. The grant funds will support the salary of personnel. The period of the Grant Award is July 1, 2020 through June 30, 2021.

   The Grant Award is late because it was received from the grantor after the grant start date.

4. **FY21 VICTIM/WITNESS RELOCATION ASSISTANCE CONTINUATION**  $360,000.00

   Account: 5000-513521-1156-117900-405001

   The GOCCP awarded this grant to the SAO which will help reduce existing gaps in services and foster collaboration and cooperation among partner agencies and stakeholders in Baltimore City. The program will improve services for victims and witnesses of crime by meeting the need for increased protection and relocation assistance. The period of the Grant Award is July 1, 2020 through June 30, 2021.

   The Grant Award is late because it was recently received from the grantor.

$40,338,000.00 $2,223,034.33 Tutor Perini Corporation 90 77%

This authorization is requested by the Department of Transportation and provides for a 90-day non-compensable time extension. There are three issues that contributed to this request: 1) the CSX water line permit (E1), 2) the LOD expansion (E2), and 3) the waterline valve shutdown (E3). Analysis of the time extension request showed that the 90 calendar day impact caused by the water valve shutdown (E3) was concurrent with and superseded the CSX water line permit (E1) and LOD expansion (E2) impacts.

As the waterline valve shutdown was controlled by the Baltimore City Department of Public Works, a utility, this is a non-compensable time extension as per TR-01041R, Contract GP-5.05, Cooperation with Utilities.

The Notice to Proceed was issued on November 7, 2016, with a completion date of September 6, 2020. The additional 90 days will make the new completion date December 5, 2020.

Department of Transportation - Developer’s Agreement No. 1654

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of Developer’s Agreement No. 1654 with GHC Holdings, LLC. The period of the agreement is effective upon Board approval.

AMOUNT OF MONEY AND SOURCE:

$151,770.00 - performance bond

BACKGROUND/EXPLANATION:

GHC Holdings, LLC desires to upgrade the utility services for the construction of a new hospice care building located at 1060 East 33rd Street, Baltimore, Maryland 21218. This agreement will allow the organization to do its own installation in accordance with Baltimore City Standards.

A Performance Bond in the amount of $151,770.00 has been issued to GHC Holdings, LLC which assumes 100% of the financial responsibility.

MBE/WBE PARTICIPATION:

City funds will not be utilized for this project, therefore, MBE/WBE participation is not applicable.

UPON MOTION duly made and seconded, the Board approved and authorized execution of Developer’s Agreement No. 1654 with GHC Holdings, LLC.
Department of Transportation – Amendment to License Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of an amendment to the License Agreement between the Department of Transportation (DOT) and the Maryland Stadium Authority (MSA). The period of the agreement is August 16, 2020 through August 15, 2021.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

On Wednesday, August 16, 2017, the Board approved a License Agreement with the Maryland Stadium Authority to secure parking of approximately 175 parking spaces on the Camden Yards Sports Complex located in Baltimore during Phase II and III Snow Emergency to be utilized by residents in the area until the Snow Emergency has been downgraded to Phase I. The Agreement has an initial three-year term. The Department requested, and the Maryland Stadium Authority agreed to extend the Agreement by one year. Now the Department is requesting an Amendment to the Maryland Stadium Authority Agreement that will remain in effect for one year from the effective date, with a one-year additional renewal term. The additional renewal term shall only be effective if Licensee provides written notice to the Authority of its desire to extend this Agreement at least 90 days prior to the end of the current term. The Authority shall give written notice to the Licensee of its determination of whether the Agreement will be extended at least 30 days prior to the end of the term.

The Agreement was delayed due to an administrative oversight.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Amendment to the License Agreement between the Department of Transportation and the Maryland Stadium Authority.
Department of Transportation (DOT) – Memorandum of Understanding

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Memorandum of Understanding (MOU) with Baltimore Gas and Electric Company. The period of the MOU is effective upon Board approval for five years.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The City desires to promote the use of electric vehicles in the City and to improve the City’s electric vehicle charging infrastructure through the installation of publicly available electric vehicle charging stations and related equipment at various locations on City-owned property and right of way.

The purpose of this MOU is to establish a framework for BGE to provide EV Stations at agreed locations in the City on a no-cost, turnkey basis for the City. The Project includes installation, supplying electric power, technical and labor support as well as data analytics and monthly reporting, and maintenance and repair of the EV Stations. The EV Stations must be made available to the public on a first-come, first-served basis 24 hours per day, seven days a week for a period of five years unless the Project is terminated sooner in accordance with this MOU or by the Maryland Public Service Commission.

Department of Real Estate - Lease Agreement Renewal

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the 1st renewal option of the Lease Agreement with Alison Spiesman, Tenant, for the rental of the property known as 2090 Woodbourne Avenue located on the grounds of the Mt. Pleasant Golf Course.

**AMOUNT OF MONEY AND SOURCE:**

$1.00 – Annual rent (if demanded)

**BACKGROUND/EXPLANATION:**

On February 27, 2019, the Board approved the Lease Agreement for two years commencing July 16, 2018 and terminating July 15, 2020 with the right to renew for two two-year terms. The Tenant has exercised the 1st renewal option for two years, commencing July 16, 2020 and terminating July 15, 2022, with no further renewal options.

All other rentals, conditions and provisions of the Lease Agreement dated February 27, 2019, will remain in full force and effect.

UPON MOTION duly made and seconded, the Board approved the 1st renewal option of the Lease Agreement with Alison Spiesman, Tenant, for the rental of the property known as 2090 Woodbourne Avenue located on the grounds of the Mt. Pleasant Golf Course.
Department of Real Estate/ - First Amendment to Lease Agreement
Department of General Services

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a First Amendment to Lease Agreement by and between the Mayor and City Council of Baltimore (City) acting by and through the Department of General Services, Landlord, and Baltimore Heritage Area Association, Inc., Tenant, for the rental of the property known as Mencken House, 1524 Hollins Street.

AMOUNT OF MONEY AND SOURCE:

$1.00 - Annual rent (if demanded)

BACKGROUND/EXPLANATION:

On September 12, 2018, the City, acting by and through the Department of Housing and Community Development, Landlord, approved the Lease Agreement with Baltimore Heritage Area Association, Inc., Tenant. The Tenant will renovate and preserve the H.L. Mencken’s House as part of Baltimore’s literary heritage to benefit all Baltimoreans and future scholars and serve as the Tenant’s administrative offices.

The period of the lease consists of two terms: a short-term lease effective September 12, 2018, for a maximum of two years to renovate the facility, which has been completed; and the second term of the lease is for up to five consecutive ten-year terms.

The first ten-year term is effective January 27, 2020 through January 26, 2030. The additional four terms will automatically become effective unless Baltimore Heritage Area Association, Inc. gives the Landlord a 60-day notice of its intention to not exercise the options.
On October 2, 2019, the property at 1524 Hollins Street was transferred from the jurisdiction of the Department of Housing and Community Development to the Department of General Services as Landlord.

The Landlord has recently acquired, from the Maryland Historical Society, those objects which either belonged to H.L. Mencken or are relevant to the understanding of his life and accomplishments and would want them available to the Tenant to be used by the Tenant for exhibition to the public, in connection with its lease obligations. Therefore, these artifacts by the First Amendment to Lease will be considered a part of the leased premises.

The Landlord will maintain insurance for the H.L. Mencken Artifacts, but the Tenant will be responsible for any damage or loss to any portion of the H.L. Mencken Artifacts due to the Tenant’s or its sub-lessee’s negligence or deliberate actions.

All other rentals, conditions, and provisions of the Lease Agreement dated September 12, 2018 will remain in full force and effect.

UPON MOTION duly made and seconded, the Board approved and authorized execution of a First Amendment to Lease Agreement by and between the Mayor and City Council of Baltimore acting by and through the Department of General Services, Landlord, and Baltimore Heritage Area Association, Inc., Tenant, for the rental of the property known as Mencken House, 1524 Hollins Street.
Department of Recreation & Parks - Capital Projects
Grant Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize the execution of the Capital Projects Grant Agreement between the Department of Recreation and Parks, Board of Public Works and the Cal Ripken Sr. Foundation, Incorporated. The period of the agreement is effective upon Board approval.

**AMOUNT OF MONEY AND SOURCE:**

$500,000.00

**BACKGROUND/EXPLANATION:**

The General Assembly has authorized the Grant titled, Cal Ripken Sr. Foundation – Athletic Fields provided that the grantee (Cal Ripken Sr. Foundation, Incorporated) expends the funds for the purpose of acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of athletic fields in the City, namely the Ripken Youth Development Park, 201 Reedbird Avenue, Baltimore, MD 21225.

The Cal Ripken Sr. Foundation, Incorporated, and City have entered into a separate funding agreement, which, among other things, will state that ownership is being retained by the City in the property upon which the Ripken Youth Development Park will be constructed, and structures thereto.

Department of Recreation & Parks - Mutual Termination Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Mutual Termination Agreement between the Department of Recreation and Parks and Italian American Organizations United, Inc. (IAOU). The period of the agreement is effective upon Board approval and is retroactive as of July 6, 2020.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

The City and IAOU entered into an agreement of Gift of the Columbus Statue (the “Donation Agreement”), whereby IAOU irrevocably gifted and donated a fourteen-foot, two-inch, seventeen ton, white Carrara marble statue of Christopher Columbus (the “Statue”) to the City.

On July 6, 2020, following the destruction of the statue during a public protest, IAOU retrieved the statue from the Jones Falls and moved the statue to a private warehouse for safekeeping. The City Charter requires that the Department of Recreation and Parks protect all monuments belonging to the City, including the statue.

The City acting through the Department wishes to protect and preserve the statue for its artistic and historical significance, but recognizes that this public display on City property may not best serve those ends; to achieve this goal, the parties wish to mutually terminate the Donation Agreement whereby ownership of the statue shall revert from the City back to IAOU. Approval of this Mutual Termination Agreement is requested by the BOE, in order for
Department of Recreation & Parks - cont’d

IAOU to secure its grant funding. This Mutual Termination Agreement has been signed electronically by all parties. IAOU releases the City, its officials, employees, and agents from any and all claims, known and unknown, arising under, or related to the statue.

**MBE/WBE PARTICIPATION:**

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Mutual Termination Agreement between the Department of Recreation and Parks and Italian American Organizations United, Inc. The President VOTED no.

**$180,000.00 - TOTAL**

**BACKGROUND/EXPLANATION:**

CASA de Maryland, Inc. will provide a variety of public services for day labors and low-wage workers, including permanent and temporary employment placement services, educational programs, information and referral services, legal services and representation and workshops. Services will be provided through Subgrantee’s Baltimore Welcome Center in Baltimore City.

On July 17, 2019, the Board approved the Resolution authorizing the Commissioner of the Department of Housing and Community Development (DHCD), on behalf of the Mayor and City Council, to file a Federal FY 2019 Annual Action Plan for the following formula programs:

1. Community Development Block Grant (CDBG)
2. HOME Investment Partnership Act (HOME)
3. Housing Opportunities for Persons with AIDS (HOPWA)
4. Emergency Solution Grant Program (ESG)
DHCD - cont’d

The DHCD began negotiating and processing the CDBG agreements effective July 1, 2019 and beyond, as outlined in the Plan, and upon approval of the Resolution. Consequently, the agreements were delayed due to final negotiations and processing.

**AMOUNT OF MONEY AND SOURCE:**

$675,000.00 – Purchase Price for the above-listed 81 City-owned properties, payable at settlement

**BACKGROUND/EXPLANATION:**

This LDA, for the sale of 81 properties, is described as Phase I, wholly comprised of three separate phases and anticipated to be consolidated and inclusive of interior streets and alleys to be
sold to the NHP Foundation, Inc. The Developer will exercise options and enter into separate LDAs with the City for Phase II and Phase III.

The City will convey all its rights, title, and interest in the above-listed 81 properties for the price of $675,000.00, which will be paid to the City of Baltimore at the time of settlement in the form of a seller take-back mortgage.

The Developer will be using public and private funds for this project. The project will involve the construction of a senior building, a multi-family building, and newly constructed single-family and/or attached homes for sale to individual third-party purchasers.

The authority to sell the listed 81 City-owned properties in Phase I comes from the Park Heights Urban Renewal Plan, approved by the Mayor and City Council (MCC) of Baltimore as Ordinance No. 08–0158, dated December 11, 2008; being periodically amended and approved by the MCC most recently as Ordinance No. 14–297, dated October 1, 2014.

In accordance with the appraisal policy of Baltimore City, the DHCD has determined the properties listed on the foregoing list to be appraised at $675,000.00 and will be sold for $675,000.00 which will be paid to the City of Baltimore at the time of settlement in the form of a seller take-back mortgage.

**MBE/WBE PARTICIPATION:**

The Developer has signed the Commitment to Comply with the Minority and Women’s Business Enterprise Program of the City of Baltimore.
DHCD - cont’d

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with the NHP Foundation, Inc., Developer, for the sale of the foregoing 81 City-owned properties. The President ABSTAINED.
Department of Housing and Community Development

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Land Disposition Agreement with the African American Firefighters Historical Society, Developer, for the sale of the City-owned property located at 1220 E. Oliver Street (Block 1123, Lot 017).

**AMOUNT OF MONEY AND SOURCE:**

$50,000.00 - Purchase Price

**BACKGROUND/EXPLANATION:**

The City will convey all its rights, title, and interest in the property located at 1220 E. Oliver Street. A good faith deposit of $5,000.00 has been paid by the Developer. The balance will be paid at settlement.

The Developer wishes to purchase the vacant firehouse building located at 1220 E. Oliver Street and will renovate it into a museum that will be used to collect, preserve, and disseminate historical data, memorabilia, and information relating to the contributions made by Fire Fighters of color to the fire service. The purchase and improvements to the site will be financed through private and public sources.

The City is authorized to dispose of the property by virtue of Article II, Section 15 of the Baltimore City Charter, Article 13, 2-6 of the Baltimore City Code (Edition 2000) and Ordinance 14-235, enacted on June 9, 2014.
DHCD – cont’d

Pursuant to the Appraisal Policy of Baltimore City, the property was appraised for $50,000.00 and it will be sold for the appraised price.

MBE/WBE PARTICIPATION:

The Developer will purchase the property for the price of $50,000.00 and will receive no City funds or incentives for the purchase or rehabilitation, therefore, MBE/WBE is not applicable.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with the African American Firefighters Historical Society, Developer, for the sale of the City-owned property located at 1220 E. Oliver Street (Block 1123, Lot 017).
ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Land Disposition Agreement with Cameron Hills Development LLC, Developer, for the sale of the City-owned vacant lot located at 3008 Oak Hill Avenue (Block 8346, Lot 020).

AMOUNT OF MONEY AND SOURCE:

$10,000.00 – Purchase Price

BACKGROUND/EXPLANATION:

The City will convey all of its rights, title, and interests in the property located at 3008 Oak Hill Avenue to Cameron Hills Development LLC for $10,000.00, which will be paid to the City at settlement.

The Developer wishes to purchase the vacant lot located at 3008 Oak Hill Avenue for the purpose of new construction to sell to a homeowner. The purchase and improvements to the site will be financed through private sources.

The authority to sell the vacant lot located at 3008 Oak Hill Avenue is given under Article 28, subtitle 8 of Baltimore City Code. The property was journalized and approved for sale on October 27, 2014.

In accordance with the Appraisal Policy of Baltimore City, a Waiver Valuation determined the vacant lot located at 3008 Oak Hill Avenue to be priced at $8,800.00 and it will be sold for $10,000.00.
MBE/WBE PARTICIPATION:

Therefore, the rationale for the sale below the Waiver Valuation Price is not applicable.

The Developer will purchase the property for a price that is less than $50,000.00 and will receive no City funds or incentives for the purchase or rehabilitation, therefore, MBE/WBE is not applicable.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Land Disposition Agreement with Cameron Hills Development LLC, Developer, for the sale of the City-owned vacant lot located at 3008 Oak Hill Avenue (Block 8346, Lot 020).
Department of Housing and Community Development (DHCD) - Acquisition by Gift

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the acquisition, by gift, of the Fee Simple Interest in 1709 E. Biddle Street (Block 1548, Lot 030), the Leasehold Interest in 1711 E. Biddle Street (Block 1548, Lot 031), the Fee Simple Interest in 1713 E. Biddle Street (Block 1548, Lot 032), and the Fee Simple Interest in 1715 E. Biddle Street (Block 1548, the Lot 033), in the East Baltimore Development Initiative, from East Baltimore Development, Inc.

**AMOUNT OF MONEY AND SOURCE:**

Any title work and/or settlement costs will be paid out of Account 9910-908428-9588-900000-704044, EBDI Acquisitions and Relocation Soft Costs.

**BACKGROUND/EXPLANATION:**

The DHCD’s Land Resources Division, on behalf of the Mayor and City Council, strategically acquires and manages vacant or abandoned properties, ultimately enabling these properties to be returned to productive use and improving Baltimore’s neighborhoods.

These properties were erroneously transferred to East Baltimore Development, Inc. in 2011 before a Developer was identified for the entire block. Now that a Developer has been identified, the properties need to come back to the City for consolidation with the remaining row before being transferred to the end Developer. East Baltimore Development, Inc. has offered to donate the titles to these properties to the City to facilitate the end development. With the Board’s approval, the City will receive clear and marketable title to the property, subject only to certain City
DHCD – cont’d

liens. Accepting this donation is less costly than acquiring the properties by tax sale foreclosure or eminent domain.

The DHCD Land Resources requests approval to acquire the properties subject to all municipal liens, other than water bills, and all interest and penalties that may accrue prior to recording a deed. A list of open municipal liens accrued through June 30, 2020 (date lien sheet was issued), other than water bills, (which must be part of the transaction) is as follows:

MWBOO facilitated a conciliation meeting with the prime contractor and learned that work was distributed from the agency, but not at a high volume for the MBE/WBE to achieve the full goals within the first year of the contract being active. There was a recommendation provided to the agency as it relates to work distribution plans and encouraged there be continued utilization of the prime contractor since there has been a concerted and obvious effort from T.E.A.M. Service Corporation to render opportunities to the MBE/WBE subcontractors. The Vendor also demonstrated some consistency with utilizing its contractors within the first year of contract performance based on the work issued and all payments to subcontractors were made on time and without delay. MWBOO concludes that as more work opportunities become available the subcontractors’ services and/or commodities will be utilized as they have been during this review period.

RE: Department of Public Works (“DPW”) Contract No. WC 1291

Dear Director Garbark:

We submit this letter on behalf of our client, Monumental Paving & Excavating, Inc. (“Monumental”), the lowest responsive and responsible bidder for the above referenced contract (the “Contract”). The purpose of this letter is to notify DPW that the bid submitted by the apparent low bidder, J. Fletcher Creamer (“Creamer”) is non-responsive because it is materially unbalanced. Creamer’s bid presents an unacceptable risk to the City and is an affront to the integrity of the competitive bidding process.

The unacceptable risk and unfair advantage are:

1. Prepayment. Creamer’s bid requires the City to advance payment for work not yet completed. In its certified business participation affidavit (the “Affidavit”) Creamer represents that it intends to award a contract to Machado, an MBE firm, for “highway, bridge and street construction” for $1,050,000, and another for “asphalt, milling, paving & trucking” to Fallsway Construction, a WBE, for $155,475.00. Attached hereto as Exhibit 1, is a spreadsheet that shows the prices bid by Monumental, Creamer and the other two bidders for the contract. There is no bridge or highway work in the contract, so the amount to be paid to Machado appears to be for street construction, exclusive of the asphalt, milling and paving allocated to Fallsway. Street reconstruction is the last component of the work to be performed under the Contract and, therefore, the last work for which the City is to advance payment. However, Creamer’s bid has imbedded the bulk of the actual cost for street construction work in items billed and paid for
before completion of street construction. That "prepayment" amounts to an untended and improper interest free loan. 2

2. Unfair Advantage. The City is not supposed to pay a contractor beyond the amount of mobilization except as a progress payment which City of Baltimore Standard Specification 00 23 00.01 defines as "Partial payment made during the progress of the Project, based on Work completed and/or materials received and suitable stored at any given time period." Not only would the requested prepayment for street construction work violate the terms of the Green Book, it would be tantamount to an interest free loan from the City, which could be reflected in the amount of its bid, and, thereby, would be manifestly unfair to other bidders who rightly assumed that they would not be paid until the work for which payment is sought was actually completed.

Creamer's bid is front loaded and, for the reasons shown above, is materially unbalanced.

An unbalanced bid is one which offers "unreasonably low prices on some items and compensates for them by unreasonably high prices on other items." Brawner Builders, Inc., MSBCA No. 2950 at 4-5 (Md. B.C.A., Apr. 5, 2016) (citing P. Schnitzer, Government Contracting Bidding at 11-19 & 11-20 (3rd ed. 1992)). A bid is "materially unbalanced" if "there is substantial doubt that the bid represents the lowest price." Id. (quoting Pile Foundation Const. Co., Inc., MSBCA No. 2238 at 5 (Md B.C.A., Dec. 7, 2001.).

This is particularly the case where a bid is "front-loaded" by unbalancing prices towards those items that will be paid early in contract performance. See L.W. Matteson, Inc., B-290224, 2002 CPD ¶89 (Comp. Gen., May 28, 2002) (bid was materially unbalanced where bidder "could recover a disproportionate share of the overall contract price early in the performance period" due to unreasonably high lump sum line item); Industrial Bldrs., Inc., B-283749, 99-2 CPD ¶114 (Comp. Gen., Dec. 29, 1999); see also Hardy & Son Trucking, Inc., CAB No. P-453, 44 DCR 6483 (D.C.B.C.A., Jul. 26, 1996) (holding frontloading of equipment costs into the first 18 months of a 36-month contract rendered the bid materially unbalanced).

Moreover, as the the Comptroller General held in the analogous federal case of F&E Erection Co., B-234927, 89 CPD ¶573 (Comp. Gen, June 19, 1989), a bid which requires that the agency pay 28% of the total contract price in the first monthly progress payment was non-responsive because, inter alia, such an award would be "detrimental to the competitive bidding system [because] it would allow the bidder to enjoy an advantage not enjoyed by its competitors for the award—the use of interest-free money for contract start-up purposes." Undoubtedly, Ulliman Schutte's bid would have been lower than Whiting-Turner's had Ulliman Schutte known that it could obtain an interest free loan rather than rely on its own capital to finance a significant portion of the work.

In ACC Constr. Co., B-250688, 93-1 CPD ¶142 (Comp. Gen., Feb. 16, 1993), a federal agency properly rejected the apparent low bid as materially unbalanced where a lump sum item to be completed early in contract performance was approximately twice that of other bidders. As a result, the Comptroller General found that the contractor would have a "reduced incentive to properly complete the work" by "receiving early payments which exceed the value of work performed." See also Barnard-Sturry Walls, J.V., B-274973 & B-274973.2, 97-1 Comp. Gen. Proc. Dec. ¶23 (Comp. Gen., Jan. 15, 1997).

---

2 The items in the bid tabulation that appear to relate to Machado's work are items 506, 508; 509-510; and 511-513 which total $193,700.00. There is a difference of $856,300 between the $1,050,000 to be paid to Machado for street construction and the amount shown in the bid tabulation as allocated for that work.
City of Baltimore Standard Specification 00 51 00.05, “Unresponsive and Unbalanced Bids,” sets forth (emphasis added):

To better ensure fair competition and to permit a determination of the lowest Bid, unresponsive Bids or unbalanced and/or conditional Bids may be rejected by the Board of Estimates at its sole discretion.

For the foregoing reasons we respectfully submit that Creamer’s bid is non-responsive and that the lowest responsive bid was submitted by Monumental Paving and Contracting Company.

Very truly yours

RE:  Department of Public Works (“DPW”) WC 1291
Wilkens Avenue/Frederick Avenue and Vicinity Water Main Replacements

Dear Mr. Garbark,

Miles & Stockbridge P.C. and the undersigned represent J. Fletcher Creamer & Son, Inc. (“Creamer”) in regards to the above referenced project (the “Project” or “WC 1291”). We are in receipt of a letter dated July 20, 2020, sent to you by Robert Dashiell of Fulton Dashiell, ESQ., P.A. on behalf of his client, Monumental Paving & Excavating, Inc. (“Monumental”) (the “Letter”). Contrary to Monumental’s position in the Letter, Creamer’s bid was responsive and is materially balanced. Creamer did not front-load any pricing to line items that will be paid early in contract performance, did not shift or manipulate pricing from one line to another at all, and certainly did not submit a bid that in any respect seeks early payments exceeding the value of work performed. Rather, all of the line items met the requirements as set forth in the IFB and Creamer simply underbid Monumental.

General Background.

On or about May 13, 2020, Baltimore City opened timely submitted bids for the Project. The lowest responsive and responsible bidder was Creamer. Creamer’s bid totaled $8,366,300.00 (the “Bid”). The second lowest bidder was Monumental with a total bid of $8,998,601.50.

On or about July 20, 2020, Monumental submitted its Letter to your office, in which Monumental alleged that Creamer’s Bid requires the City to advance payment for work not yet completed. Monumental claimed that Creamer included certain street construction work in Bid Items Nos. for which Creamer will invoice the City, and for which the City will pay, before completion of street construction. However, Monumental is simply wrong in its factual assertions and wrong in its conclusions.
IFB Requirements and Creamer Bid.

The Invitation for Bids (the “IFB”) required that all bidders meet a certain percentage of Minority Business Enterprise (“MBE”) participation, that being 12%. IFB, p. 12, 185; Bid, p. 29. Creamer submitted all required documents in its Bid package to establish that it would use Machado Construction Company, Inc. (“Machado”) as a MBE subcontractor.

As approved by the City on October 4, 2019, Machado was certified as an approved MBE to perform work in the following relevant categories as a MBE contractor:

(1) 237110 (Water and Sewer Line and Related Structures);
(2) 237310 (Highway, Bridge and Street Construction);
(3) 327320 (Ready Mix Concrete Manufacturing).

Bid, p. 36.

Creamer identified Machado’s certified work category in its Part B (MBE/WBE and Prime Contractor’s Statement of Intent) and in particular signified that Machado would be used for “Highway, Bridge and Street Construction.” Bid, p. 35.

The NAICS Code identified on Machado’s MBE Certifications describes a variety of construction work related to highway, street, and bridge construction. This is the type of work that Machado will perform as Creamer’s subcontractor on the Project. Notably, NAICS 237310 is defined and described, as including precisely the type of work included in Bid Item Nos. 501-504, 506-513, and 803-811. See NAICS Association website, NAICS Code Description for 237310 - Highway, Street, and Bridge Construction, https://www.naics.com/naics-code-description/?code=237310 (last visited Aug. 1, 2020).

Based on Machado’s MBE certification and the IFB requirements, Creamer submitted its Bid with a commitment to use Machado as a subcontractor for not less than $1,050,000.00 of work (~12.5% of the total Bid value). Bid, p. 35. Based on Machado’s certification for NAICS 237310, Machado could perform work, at minimum, in some or all of the following twenty-one (21) Item Nos: 501-504; 506-513; and 803-811.

Creamer’s bid for Bid Item Nos 501-504, 506-513, and 803-811 totals $5,690,450.00. Creamer has certified and committed to Machado performing not less than $1,050,000.00 of approved and designated work within the requirements of these Bid Items. Nothing further is required for the Bid.

The claim that Creamer has “frontloaded” the Bid is also without merit. In fact it is hard to understand how the claim can be made. Creamer’s “Mobilization” cost is lower than the other Bidders. Creamer will be paid for work completed by Creamer or Machado according to the actual construction completed and approved by Baltimore and according to the pay items identified in the IFB. Monumental does not supply any evidence, nor in fact does any evidence exist, that
Creamer shifted pricing from one line to another in order to secure guaranteed payment, early payment, or unearned payment.

Accordingly, as Creamer's Bid was balanced and responsive, Creamer is responsible, and Creamer's Bid is the lowest, DPW should proceed with a recommendation to award WC 1291 to Creamer.

Should you have any questions about this letter or want to further discuss anything concerning Monumental's allegations, please do not hesitate to contact the undersigned at jscholtes@mslaw.com or (301) 698-2318.

President: “All right, Thank you. I do have a few uh -- Mr. Mayor has already informed me that he doesn't have any uh -- I do want to highlight some things that we -- we are seeing in the City of Baltimore of course we are continuing to unfortunately, see ah -- way too much violence in the City of Baltimore, where we're having families being ripped apart, neighborhoods being traumatized, people being terrorized in their own neighborhoods. And we have to understand that this is a issue that we cannot accept, that we cannot grow comfortable with and that we all have to continue to fight and push ourselves ah -- to do better to address both from an immediate standpoint and a long term dealing with the root cause standpoint. It is not an either or approach, we absolutely have to have the Police Department focused on the individuals who are continuously ah -- committing violence in Baltimore and bringing remedy of peace to -- to neighborhoods across the City. We also need them to focus on the flow of illegal guns into our city and figuring out who are bringing them in and hold them accountable as
well. Ah -- you can count on me citizens of Baltimore to pressure them to do that today and moving forward. But we also cannot uh -- just gloss over the facts that we have to invest in people and neighborhoods in a different way so that we're creating and fostering a new environment for young people and -- and older adults, alike to succeed in the City of Baltimore. I also want to take this time to say thank you to our very hard working DPW solid waste workers. I’ve spent a lot of time out talking with them and working with them over the past ah -- past week we know that trash and recycling pickup is a -- it's recycling pick what's not happening but trash pickup is seeing issues because of COVID and because the workers are working three times as hard, and I want everyone to understand that. And know, that this is a job that many people would not do before a global pandemic. So we should be very thankful for those who continue to come to work uh -- show up to work do this job, who are working these recycling sites across the City. I myself will be leading a group of volunteers again, this weekend to help and assist in these -- these -- these hard
workers and dealing with the issue that it's not just a Baltimore issue but across the country. And as there is no more business before the Board we will recess until bid opening at 12:00 noon. We will reconvene on September 23, 2020. Thank you for tuning in. Please stay safe and stay healthy everyone.”
