ANNOUNCEMENT

Mayor: “Mr. uh -- Mr. President, if I could go out of order, We were very uh -- I was very, pleased to uh -- get news of a significant grant from the federal government this week. Uh, the efforts for the uh -- grants were headed by Miss Sharon Pinder’s uh -- office, and I would love for her, if she could give us the very brief version of the award. I would love to uh -- have the Board uh -- take note of not just the grant award, but what went into to getting it. If I could put you on the spot for 30 seconds.”

Mayor: “This is a big deal.”

President: “It is. Yeah, Come on up. State your name and --”

Sharon Pinder: “Good morning. My name is Sharon Pinder and I’m the Director of the Mayor’s Office of Minority and Women-owned Business Development, and we are very pleased and excited here at City Hall, that the U.S. Department of Commerce, um, Minority Business Development Agency, did select the City of Baltimore for one of its seven recipients for um -- a grant to open up one of its business centers. The City of Baltimore is the only um, city in the country that is managing its grant and um, MBDA has
40 centers around the country. This grant gives money to an initial seven centers and so um, again the City of Baltimore will be opening up that center, um within probably the next 60 days, and that center will service minority businesses, not only here in Baltimore, but from across the country, and we’ll get to shape and mold what that emphasis will be, and of course given the assets of the City of Baltimore, we’ll be looking at uh -- making Baltimore more globally competitive and it’s in keeping with the Mayor’s vision in terms of, um, how we then engage minority businesses and accelerate the growth of those businesses to make sure they remain uh -- mainstream. So, it’s a collaborative effort and I’d like to thank my team publicly um, for, um, the work it took to get this grant and we’re really, really, really excited about it.”

President: “Thank you.”

Mayor: “Thank you.”

City Solicitor: “Thank you.”

Office of the President – City Council Page Program Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of an agreement with the Professional Development and Training Center, Inc. d/b/a The Citizenship Law Related Education Program for the Baltimore City Council Youth Page Program for Baltimore City Youth. The period of the agreement is effective upon Board approval through June 30, 2014.

AMOUNT OF MONEY AND SOURCE:

$13,500.00 - 1001-000000-1000-104800-603026 – General Funds

BACKGROUND/EXPLANATION:

The organization will use these funds to recruit, train, and provide stipends for the selected candidates and ongoing support for the City Council Page Program. High school students go through a screening process where they are interviewed and selected based on their interest in Baltimore City Government and the legislative process.

The Professional Development and Training Center, Inc. will manage the recruiting and training of students, the training of participating City Council staff and other necessary program elements. The Office of the Council President Bernard C. “Jack” Young will promote and support the program while inviting four (4) high school students to participate in the Page Program and one (1) high school student to participate in the summer internship program.

The overall structure of the Page Program will remain the same from previous years. The only addition to this year’s contract is a contribution toward the cost of a part-time summer intern who will go through the Law Links program which shares the same staff and curriculum as the Page Program. The students will be linked with a single advisor, who will act as the student’s primary supervisor and mentor. Program participants will be given the opportunity to learn about City government and interact with public officials.
Office of the President - cont’d

The youth will have a chance to strengthen their self confidence, develop leadership skills, and learn from positive role models. Programs like the City Council Page Program are essential in taking kids off the streets and getting them involved in productive activities which will enable them to flourish academically, socially, and emotionally.

APPROVED FOR FUNDS BY FINANCE

UPON MOTION duly made and seconded, the Board approved and authorized execution of the agreement with the Professional Development and Training Center, Inc. d/b/a The Citizenship Law Related Education Program for the Baltimore City Council Youth Page Program for Baltimore City Youth. The President ABSTAINED.
ACTION REQUESTED OF B/E:

The Board is requested to endorse a governmental/charitable solicitation application for submission to the Board of Ethics of Baltimore City for donations from area leaders to fund the enhancement of recreational and instructional programs offered to Baltimore City youth and seniors through his Productive Lives Active Youth (P.L.A.Y) Campaign. The period of the campaign will be effective upon Board approval through June 30, 2014.

AMOUNT OF MONEY AND SOURCE:

No general funds are involved in this transaction.

BACKGROUND/EXPLANATION:

Donations will be solicited from Baltimore-area business and civic leaders. A potential donor list will be comprised of individuals and corporate entities that contribute to the cultural vitality of Baltimore City such as restaurants, art and music venues, universities, etc.

Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors with respect to the Department of Recreation and Parks, the Department of Health, the City Council, or the Board of Estimates will not be targeted or singled-out in any way and will be solicited, if at all, in the same manner as all other potential donors.

In order to adequately prepare our youth to thrive academically, socially, and emotionally in the future, the City must provide them with a wide range of opportunities to strengthen their self confidence, develop latent leadership skills, and to learn from positive role models.

Due to current budget restraints, the Department of Recreation and Parks and the Health Department are limited in the diversity and scope of services they can provide to our youth and seniors. These constituency groups require social, recreational, and rehabilitative programs that should not be reduced or eliminated because of a limited City budget.
Office of the President - cont’d

The Council President's goal is to solicit private donations to increase and enhance the selection of recreational and instructional programs offered to these individuals.

The Productive Lives Active Youth (P.L.A.Y) campaign seeks to enhance the recreational experience through beautification of centers and the development of program offerings including but not limited to team and individual sports, swimming, movie screenings, cooking classes, talent/variety shows, and theatre productions, academic monitoring, issue forums/senior symposiums, and arts and crafts activities.

All solicitation campaigns for specific purposes/programs must be first approved in writing by the Director or Acting Directors of the Department of Recreation & Parks or Baltimore City Health Department and coordinated with any other ongoing campaigns in support of the Departments' recreational programs.

No donation may be accepted with the conditions as to its use unless that donation and any conditions have been approved in writing by the Director or Acting Directors of the Department of Recreation & Parks or Baltimore City Health Department.

The periodic reports required to be filed with the Ethics Commission will be simultaneously provided to the Director of Recreation & Parks and Baltimore City Health Department when specific fundraising efforts have been approved by the respective Directors.

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official governmental program or activity, or a City-endorsed charitable function or activity.

Ethics Regulation 96.26B sets out the standards for approval, which includes the requirement that the program, function, or activity to be benefited and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.
UPON MOTION duly made and seconded, the Board approved the governmental/charitable solicitation application for submission to the Board of Ethics of Baltimore City for donations from area leaders to fund the enhancement of recreational and instructional programs offered to Baltimore City youth and seniors through his Productive Lives Active Youth (P.L.A.Y.) campaign. The President ABSTAINED.

Mr. Corey: “Um, they named an MBE that’s not certified by the City. Mr. Jolivet: “Arnold, Arnold, Arnold, Arnold uh, M. Jolivet. Did he use those words?”

Mr. Corey: “Um, something to that effect.”
Mr. Jolivet: “Okay. Alright. Good morning. I hope to be very brief because I’ve uh – I’ve appeared before this Board before where the issues where the issue was exactly the same. I, I’m a little perplexed this morning, uh, because there is a disparity between the first bidder and the proposed awardee of $541,000.00 and it’s kind of unique to me, uh this $541,000.00, -- uh, I hope my math is right. Madam Comptroller, is my math right?”

Comptroller: “You’re good.”

Mr. Jolivet: “Uh, I uh, it, it hits home, this $541,000.00 and I’m not necessarily perturbed at Mr. Corey, because under the present structure, and present philosophy that the City adopts regarding how the enforcement of the Minority Business Women’s Business Ordinance, that’s, that’s the procedure that has been elected to be followed. I, of course, don’t agree with that procedure as much as I support and embrace the minority women’s law and program I -- I -- I just feel very strongly that it is a terribly misguided approach, and I’m particularly -- and I need to tell you this, I’m particularly uh -- touched by this particular award, because uh -- my wife and I now have a tax bill from the City that we can’t pay. We really, it is most
difficult for us to write our tax bill, our check for our tax bill today, and when I looked at this, I -- I -- I -- I actually discussed it with my wife in terms of this amount of money that we are paying that we don’t have to pay. That’s my point I’d like to make. And I’m not going to dwell on it, but I want the Mayor to feel our pain. I want the Mayor and the whole Board, whose -- who are raising, who are spending $541,000.00, and we really don’t have to do it. I -- I want you to feel my pain because I can’t, I can’t pay my tax bill. I don’t have the money, Mr. Solicitor. I do not have the money to pay my taxes for this year, and, I -- I --”  

President: “Ma’am, would you please refrain from the loud outbursts, please.”

Audience Member: “I’ll try.”

President: “Thank you, Miss.”

Mr. Jolivet: “Let me uh, let me make my point, uh, at least the point that I would like this Board to uh determine. That is, I would like to ask the Board, in its wisdom to reject all bids and put it out for new bids. Uh, I would think that the $541,000.00 Madam Mayor, that we can save, in two weeks, we

could if we reject the bids today, and the Board in its wisdom, approves a re-advertisement for bids to be due in two to three weeks, we can save $541,000.00. I think that’s a proposition that this Board, should be willing, Madam Mayor, to consider. I really think it’s a, I think it’s a workable, it is a plausible, and it is a do-able proposition, and Madam Mayor, I would ask you to do what you did last year. Do the right thing -- last week rather. Do, do, I mentioned that I was proud of you last week for doing what you did on the other matter and this would be by rejecting all bids today, asking the agencies to re-advertise and come back in two weeks, maybe three weeks, with new bids, and you are likely to save over $800,000.00, because the contractors will -- will likely sharpen their pens and give the City a better price. RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Department of General Services - cont’d

VI, Section 11 of the Charter, requiring this Board to award contracts of this kind to the lowest responsive responsible bidder, and I have articulated to the City Solicitor that the lowest responsive responsible bidder within the meaning of Article VI, Section 11 does not authorize this Board to reject the bid simply because the bidder did not meet the MBE/WBE provisions at bid time. It is the law in every jurisdiction; it is the law in the Board of Contract Appeals; it was the law at the federal level and besides, Mr. President, we could save $541,000.00.”

President: “I’ll entertain a Motion.”

City Solicitor: “While I feel Mr. Jolivet’s pain to do what he requests would “gut” the MBE law and leave um -- it a shattered shell of its former self, so I MOVE that we deny the protest and accept the recommendation of the agency.”

Director of Public Works: “Second.”

President: “All those in favor, say Aye. AYE.”

President: “All opposed, Nay. The Motion carries.”

President, Baltimore City Board of Estimates

ATTN: Ms. Bernice Taylor, Esquire, Clerk to the Board

Dear Mr. President:

I represent the Maryland Minority Contractors Association (“MMCA”), its members, clients, and constituents.

We wish to respectfully protest Agenda item No. 4, contained on page 38, which is City GS12808, “Waverly Library #9 Renovations,” and a proposal to award said contract to J.A.K., the fourth (4th) lowest dollar bidder at its $4,286,000.00 total bid price. Our concern with the proposed contract award is that it should have been more appropriately recommended to bidder, JLN Construction Services, Inc., the real, true and bona fide “lowest responsive and responsible bidder,” within the ambit of the City’s competitive bidding charter provision, Article VI, § 11(h) (1) (ii).

Moreover, we also wish to renew our protest against Agenda item No. 13, contained on pages 46-47, which is a proposed first-term “Renewal of Bureau of Purchases’ contract solicitation No. B50002530-Various Fencing Systems Installation and Repairs” to the incumbent vendor, Long Fence Company, Inc. Importantly, we respectfully request that we be permitted to renew and incorporate, herein, by reference, the same argument presented at Your Honorable Board’s September 11, 2013 public meeting.
MMCA's members, clients and constituents will be injured if this proposed contract renewal is approved by Your Honorable Board.

Thank you for your kind and favorable consideration.

Respectfully Submitted,

Arnold M. Jolivet

**REJECTION:** On August 28, 2013, the Board opened five bids for RP 13809. On July 13, 2011, the Board approved the initial award in the amount of $550,000.00. Subsequent actions were approved. Due to an administrative error, Contract No. B50001863 expired on August 31, 2013, with two 2-year renewal options remaining.

The vendor continued to supply services to meet the City’s needs. Therefore, the Department is requesting to ratify the services for the period September 1, 2013 through September 17, 2013 to prevent a lapse in the contract. No funds are needed for this period.

In addition, the Board is requested to exercise the first two 2-year renewal term. The period of the renewal is September 18, 2013 through August 31, 2015, with one 2-year renewal option remaining.

On October 29, 2008, the Board approved a list of six Mid-Atlantic paper distributors. The agency solicits price quotes from the list of distributors to supply the various type, sizes, weights, and color specialty paper.

Since the original award, one vendor has acquired two of its competitors who were originally listed as vendors; therefore, the agency is requesting to add one additional vendor to the list to assure the ability to meet their paper needs. The contract expires October 28, 2014. This is the final renewal option.

13. **LONG FENCE COMPANY, INC.** $100,000.00 Renewal

On September 19, 2012, the Board approved the initial award for the amount of $300,000.00. A conditional renewal of the contract is needed to provide time to explore alternate sources for these services before rebidding the requirement. The period covered is September 19, 2013 through September 18, 2014. The renewal shall be on the conditional basis that the vendor comes into MBE/WBE compliance within three months of the date of Board approval, or suffer automatic termination for default on December 19, 2013.

Dear Mr. President:

I represent the Maryland Minority Contractors Association ("MMCA"), its members, clients, and constituents.

We wish to formally protest item No. 21, contained on page No. 49 of Your Honorable Board’s 9/11/2013 public meeting agenda, which is a proposed contract renewal of Bureau of Purchases’ Contract solicitation No. B50002530-"Various Fencing Systems Installation and Repairs," with Long Fence Company, Inc.

Our concern with this proposed contract renewal is that it violates not only the City’s “mandatory” competitive bidding charter provision-Article VI, Section 11 et Seq., but also violates the City’s M-WBE Ordinance-Article 5, Subtitle 20-1-21-98, Baltimore City Code, as amended.

Importantly, MMCA’s members, clients and constituents will be injured if this proposed contract renewal is approved by Your Honorable Board.

Thank you for your kind and favorable consideration.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of poor fiscal administration and management by the Mayor of Baltimore City and the various Departments and Agencies under our mayor’s leadership and direction.

The following details are provided to initiate this action as required by the Board of Estimates:

1. **Whom you represent:** Self
2. **What the issues are:**
   a. Page 46 - Item #13; Bureau of Purchases - LONG FENCE COMPANY, INC. $100,000.00 Renewal Contract No. B50002530 – Various Fencing Systems Installation & Repair - DPW, DGS, DOT, Recreation & Parks, etc. – Req. Nos. Various, if approved:
      i. Violates Baltimore City Minority and Women’s Business Enterprise Law of November 27, 2007 (Ordinance 07-474);
      ii. This award demonstrates the complete ineptness of the staff of the M/WBO office in its continued failing to effectively execute the Baltimore City Minority and Women’s Business Enterprise Law of November 27, 2007 (Ordinance 07-474);
      iii. This award serves to undermine the spirit and intent of the Baltimore City Minority and Women’s Business Enterprise Law of November 27, 2007 (Ordinance 07-474) as follows:
         1. Since March 14, 2007, when the Board approved a contract to this vendor in the amount of $427,868.24 the vendor has blatantly and continuously skirted the law as exampled in the following extract from the BOE agenda of 3/17/10:
            a. “Although a one-year renewal option remains, the Bureau of Purchases recommends that the renewal not be granted because of the vendor’s failure to meet its MBE/WBE

Email: ktrueheart@whatfits.net

5519 Belleville Ave
Baltimore, MD 21207
goals. Instead, the Board is requested to approve the final renewal option in the amount of $150,000.00 to cover the period of March 26, 2010 to June 30, 2010 to allow time for this requirement to be re-bid.”

i. If the affected sub-contractors are still in business they should be requested to appear before the BOE to discuss their experience with Long Fence, Inc. as a prime contractor;
   1. MBE: Pioneer Contracting Co., $30,000.00 15%
   2. WBE: Warwick Supply and Equipment Co. $6,000.00 3%

iv. This award serves to demonstrate the absolute need for MWBOO to impose penalties [civil and/or criminal] for prime contractors that do not utilize their M/WBEs.

v. Please provide access to the documentation that justifies reducing the M/WBE overall goals by 9% for inspection.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: The funds for fencing projects throughout the city are NOT coming to employers and workers in my community. As a citizen I am significantly impacted by poor fiscal administration and management within my home town government. It is important for the public to feel comfortable that our scarce tax dollars are NOT being haphazardly expended and thus potentially producing little or NO public benefit. Arbitrarily reducing participation goals and overlooking prime contractor practices that do not utilize their m/wbe’s is in direct violation of the LAW!!!!!!!

4. The remedy I seek and respectfully request is that this award be made to the lowest responsive and responsible bidder and the MWBOO staff be replaced immediately!

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on September 18, 2013.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident

President: “The second item on the non-routine agenda can be found on pages 46 and 47, item 13, Informal Awards, Renewals, Increases to Contract and Extensions. Will the parties please come forward?”

Mayor: “Somebody left that, is that Sharon’s?”

President: “Cell phone?”

Mayor: “It’s Sharon’s.”

President: “Sharon’s.”

Mr. Krus: “Tim Krus, City Purchasing Agent. Uh -- last week the Board considered the renewal, on a conditional basis, to Long Fence, for an additional year of their Fencing Contract with the City. Um -- a conditional basis was that Long Fence would have 90 days to come into compliance with MBE and WBE goals and the Board requested to hear from Long Fence this week about their history of non compliance and whether or not they had a commitment to come into compliance in the future. Introduce yourself.”

Mr. Cronin: “Hi, I’m Phil Cronin with Long Fence Company.”

President: “You’ve got to talk into the mic.”
Mr. Cronin: “Sorry, Phil Cronin with Long Fence Company. Um I just wanted to -- I’ve looked at the numbers and um we’re looking to see if we can get the extension for -- from the Board for the contract. We’ve actually exceeded the requirement as of today; we’re at um 9% as opposed to 8% for the contract based on what has been spent by the City. Um -- there was a duplicate purchase order in the amount that was figured last time, so the uh -- $31,000.00 was added to the contract it was not supposed to be a part of it. So, right now we are at um $15,000.00 spent with um -- Sparks Fence and um -- he’s in agreement and we’re -- actually our goal was to be at um -- 15% of this. Actually the requirement is 8(%), we are trying to get to 15(%), so um --”

Mayor: “Mr. President --”

Mr. Cronin: “That is where we are right now.”

President: “Madam Mayor.”

Mayor: “If I could get Mr. Corey to respond. Is that correct information?”

Mr. Tom Corey, Chief of MWBOO: “We don’t have the same
information, our numbers don’t suggest that. We have it as ah he’s achieved uh -- 3.75% based on um -- the City having um -- awarded him $151,545.54. Uh -- there have been some additional purchase orders that may have been let, but there’s no participation on those participation orders. Uh -- So, we have it at 3.75. The $30,000.00 that he’s speaking of, uh -- we don’t have any record of that and really cannot speak to it.”

Mr. Cronin: “Um -- I spoke with the Purchasing Department there’s a duplicate purchase order in the amount; the total amount spent to date is $167,000.00, to date.”

Mr. Corey: “But, we only do the compliance on what you get paid Madam.”

Mr. Cronin: “That’s what’s been paid.”

Mr. Corey: “But still the records that we have on what you got paid would still put you at 3.75 or 4% only half of the participation. If you take the $30,000.00 off I can do the quick math, you’re still be under the goal.”

Mr. Cronin: “Paid to date to Sparks Fence is $9,621.00 which would be 6% plus another $5,000.00 of work that he’s doing now that I spoke with him --”
Mayor: “So, if we can get the calculators out on this $30,000 and figure out what that is, I think that the larger issue is a history of non-compliance and if you could speak to that there’s there have been concerns raised based on the track record uh -- that it would be a gamble to award uh -- make this contract award to Long Fence because of the history of reluctant and reluctant compliance and non-compliance.”

Mr. Cronin: “Okay.”

Mayor: “Ah, so that’s is what I would like to hear.”

Comptroller: “Before you respond, I would just like to um -- have these questions and answers put into the record. Um -- I have asked some questions of Purchasing and -- and these are the following questions. How many contracts has Long Fence been awarded for fencing in the last 10 years? And the answer was four. And my next question was, what were the award dates and they were April the 30th, 2003, March the 14th, 2007, March 2, 2011 and September 12, 2012, and then my next question was, what was the total amount expended under each contract including renewals and/or extensions? And the answer that I received was on the first one it was $1.4 million, then it was $1.3 million,
then $570,000.00 and then $225,000.00. My next question was, what was Long Fence’s record for compliance with MWBOO goals for WBE (sic) for each of the expired contracts, it was awarded in the last 10 years? And on BP03144, non-compliant during the initial two-year term and both renewals of the contract. Compliant on uh -- March 26, 2008, March 12 2009, August 7, 2009. You were non-compliant on March 2 2010, and you were found compliant on February 2 2011. You were non-compliant on February 18, 2012. You were non-compliant on July the 31st, 2013. And my next question was what was Long Fence’s record for compliance with MWBOO for goals for each of the contracts that had expired and um - right, those are the same answers. So, I mean you can see that there is, as the Mayor said, that there’s a long history of non-compliance since 2003.”

Mayor: “03.”

City Solicitor: “Right.”

Comptroller: “So, what is your commitment and what has been the problem since you have a relationship with Mr. Sparks that you couldn’t meet those goals?”

Mr. Cronin: “Um -- we had a relationship with a company
formerly C&S Fence for a long time and we met the goals every year prior through the 90’s. Um -- as I said this contract’s uh -- it’s an odd requirements contract, it’s on an as-needed basis. So the amount, the type of work, the amount of work is non -- it’s not consistent, but not denying what happened in the past, I’m just talking about how I was trying to fix this contract in moving forward. I actually -- we actually committed to Charles uh -- 15% on this contract, even though the goal was 8. We were trying to get to 15. We -- this contract ended and actually I think it ends today is the actually date of the contract ending and we’re -- based on my numbers and what the City’s done, we hit the goal with it - with it on this contract. Previously, um we didn’t hit the goal, we came up short. We had a couple of subcontractors um -- that um -- not a lot of people are bidding this contract, and there’s not a lot of people who want to do the work um -- and I finally found Charles and um -- it’s worked out on this one. So -- the past we’ve had a couple um a couple of bidders that don’t bid the contract anymore actually.”

City Solicitor: “When did you find Charles? When did you start your relationship with Long Fence?”
Mr. Cronin: “We committed on the contract, on this new one, in September. We -- he started doing work in April for us. Uh -- April was his first job. He -- since April, he’s done 20 and I’ll tell you exactly he’s done 26% of the work since April to today. A couple of special events were included in our contract, I had talked to Purchasing. I was not aware that there would be added to our fence repair contract which was the Raven’s Parade and the Fourth of July. Those two items were added to our contract value which, I understand now. It was explained to me yesterday, but I was not aware. That’s $50,000.00 worth of uh -- work that was added to my contract that I didn’t know was going to be part of my MBE, at the time. I just -- I didn’t know those two events would be added on to the contract and they were.”

Comptroller: “Let me ask you a question there. The City was allowing you to do work to earn another $50,000.00, why wouldn’t you have the mind set to just on your own have an MBE do some of the work?”

Mr. Cronin: “And I -- I talked to Charles about it yesterday, and I apologize for that, I regret that. I mean I could, we could easily have done it.”
Comptroller: “Right.”

Mr. Cronin: “He’s done that work before.”

Comptroller: “Right.”

Mr. Cronin: “And, and we didn’t. Little, you know -- some special circumstances because of the security issues and how we were set up -- but it takes nothing away from that you can’t do the work. You can do the work. Um, you know just as a side note that we did 51% of uh -- the Grand Prix Race with a minority contractor, which is not part of this contract, but just to show you we are, we’re, you know, we’re in the business trying to comply with this and I know some of the past has been, um -- we haven’t, but um -- I do have a couple of jobs that actually were issued yesterday that we are trying to get. We should get to 15% if I can get um -- the next uh - couple months here with ah with some work, I can probably get up to 15% and that was our goal with Charles uh -- to exceed to 8% requirement.”

Comptroller: “You say probably?”

Mr. Cronin: “I think, I mean I’m -- it depends on how much they spend.”
Comptroller: “Oh.”

Mr. Cronin: “But, the commitment’s there with him.”

Mayor: “The -- and I won’t put words in anybody’s mouth, but I think that the track record is troubling, and you mentioned the Grand Prix and that was a private -- a contract with a private entity that was very clear about their uh -- their MBE/WBE goals and -- and reaching them and since you mentioned it, it seems that when it’s a private deal there seems to be -- it comes to mind that there needs to be um -- compliance. But, when it’s a government entity, it’s sort of you know, we’ll do it if we can, if we can’t we’ll see if we’ll get by until the next bid comes out, which is not the way that I envision the uh -- MBE/WBE -- laws and uh -- compliance. That’s not the -- the way I envisioned it to be. There needs to be uh -- some integrity to the -- to the project and while I -- I think uh -- I -- I can say we tend to give people the benefit of the doubt uh -- but there’s a history of doubt and uh -- so the only benefit you’re getting is a bad history on uh -- compliance. So, um -- are there anymore questions?”

President: “I don’t have any.”
Mayor: “At this point I would uh -- MOVE to reject uh -- the award and uh -- if it’s appropriate, at this time, to award to the second highest.”

Comptroller: “Second.”

President: “All those in favor say aye. AYE.”

President: “All opposed nay. The Motions carry. Thank you.”

UPON MOTION duly made and seconded, the Board approved the foregoing informal awards, ratifications, renewals, the request to use an additional vendor, increases and extensions to contracts. The Comptroller ABSTAINED on item no. 4.

**Memoranda of Agreement**

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of two memoranda of agreement (MOA) with:

1) the Maryland Office of the Attorney General (OAG), and the Maryland Historical Trust (MHT), regarding the Vacants to Value Demolition Clusters Project, and

2) the Housing Authority of Baltimore City, (HABC) and the Maryland State Historical Preservation Officer (SHPO) pursuant to 36 CFR 800 regarding demolition of HABC properties as part of HCD’s Vacants to Value Demolition Clusters Project.

The period of the MOA is effective upon Board approval for three years.

**AMOUNT OF MONEY AND SOURCE:**

There are no funds required for the MOA.

**BACKGROUND/EXPLANATION:**

In November 2012, the DHCD proposed to use National Bank Settlement Funds Distributed by the State of Maryland Attorney General’s Office (the OAG funds) to implement the Vacants To Value Demolition Clusters Project. The DHCD proposes to relocate persons, acquire property from individuals and the HABC, and demolish residential buildings in Baltimore City.

The MHT determined that consultation was necessary in order to be in compliance with Federal and State historic review requirements because the demolition of historic buildings was determined to be an adverse effect.
DHCD – cont’d

The MOA are a result of the historic preservation consulting process between the public, preservation organizations, the DHCD, the HABC, and the SHPO/MHT. The two MOA have each very similar stipulations because one is executed with the SHPO and covers the HABC Federally-owned properties and requires the HABC’s signature (Federal MOA), and the other MOA is executed with the MHT and covers all the other properties and does not need the HABC’s approval (State MOA).

The terms of the MOA include:

• salvaging historic architectural features from the rowhouse structures before demolition,

• updating the building permit template to reflect the following with regards to the MHT easement properties within Baltimore City limits: “A building permit DOES NOT constitute approval by or compliance with any deed restrictions, covenants, or funding sources”,

• setting aside $750,000.00 of the $10,000,000.00 of OAG funds allocated to the City for incentive payments to homeowners who either buy rehabilitated homes or have undertaken to buy and rehabilitate homes under the Federal Housing Administration 203k Program,

• stabilizing the vacant historic buildings at 1614, 1618, 1620, and 1622 Edmondson Avenue that are currently owned by the City,

• utilizing existing code enforcement methods to encourage the privately owned buildings located at 1610, 1612, 1616, 1624, and 1626 Edmondson Avenue to be rehabilitated and/or occupied,
stabilizing the vacant principal structure located at 1430-1432 Druid Hill Avenue, located in the Upton and Marble Hill Local Historic District,

marketing the City-owned properties on the 1000 block of N. Stricker Street as a bundle for rehabilitation through the existing Vacants to Value Program,

completing certain historical and architectural recordation activities,

ensuring that historic preservation is considered as part of the future DHCD planning efforts regarding the proposed large-scale demolition projects and continue to invite the Commission for Historic and Architectural Preservation to participate in these planning efforts, and

continuing to consult with the Department of Planning regarding the effects of the undertaking and continue to develop strategies for greening and future use of the demolished sites.

In alignment with State and Federal Historic preservation laws, Concurring Parties, as defined by the Whereas Clauses, are not required signatories to the MOA, and the absence of their signatures does not affect the MOA in anyway.

The MOA are companion documents to the Mortgage Servicing Settlement Fund Agreement Memorandum of Understanding with the OAG, which will be submitted separately to the Board for approval.

UPON MOTION duly made and seconded, the Board approved and authorized execution of two memoranda of agreement with: 1) the Maryland Office of the Attorney General, and the Maryland Historical Trust, regarding the Vacants to Value Demolition Clusters Project, and 2) the Housing Authority of Baltimore City, and the Maryland State Historical Preservation Officer pursuant to 36 CFR 800 regarding demolition of HABC properties as part of HCD’s Vacants to Value Demolition.
Department of Housing & Community Development (DHCD) - Mortgage Servicing Settlement Fund Memorandum of Understanding

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a mortgage service settlement fund memorandum of understanding (MOU) with the Maryland Office of the Attorney General, and the Maryland Department of Housing and Community Development (MDDHCD). The period of the agreement is November 01, 2012 through December 31, 2015.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

Attorney General Douglas F. Gansler, along with 48 other Attorney Generals, entered into a settlement with the nation's five largest mortgage servicers following an extensive investigation into foreclosure abuses, fraud, and unacceptable mortgage servicing practices such as “robo-signing.” The settlement provides monetary benefits to distressed Maryland borrowers, imposes standards for the banks' mortgage servicing processes, and provides funds to the State of Maryland for housing-related services and activities.

The Attorney General, in consultation with the Governor, members of the General Assembly, the Department, the Maryland Department of Labor, Licensing and Regulation, local governments, and nonprofits, intends to allocate $10,000,000.00 from the settlement funds to the City.

The City, the Office of the Attorney General (OAG) and the Department agree that the program funds will be used to:

- acquire properties to create clusters of properties suitable for demolition,
- relocate homeowners and/or tenants of occupied properties that will be demolished using program funds,
• demolish clusters of properties,
• develop plans for the re-use of land where properties have been demolished,
• assist homebuyers to acquire homes by providing down payment assistance, and
• re-use income generated from the program for neighborhood stabilization and revitalization purposes.

The City intends to use $9,250,000.00 from the settlement funds to relocate owners and tenants, when necessary, and to demolish vacant, blighted and/or abandoned housing.

The City is seeking clearance from the Maryland Historical Trust (MHT), as necessary, for properties that it plans to demolish. The properties that the City plans to demolish either (i) do not require clearance, (ii) have already obtained clearance from the MHT, or (iii) require more extensive review by the MHT in order to obtain clearance.

The City intends to use $750,000.00 from the settlement funds as part of a down payment assistance plan for homebuyer's of previously vacant but rehabbed properties.

The program funds will be disbursed in installments when the request for reimbursement exceeds at least $500,000.00. Disbursements are subject to the Department's receipt, review and approval of the City's (i) request for disbursement identifying all costs incurred for which the disbursement is being sought and supporting documentation; and (ii) reports, financial information and any other information required pursuant to the agreement. The City will allow approximately 30 days for the Department to process a disbursement request.
DHCD – cont’d

At least 25% of the program funds will be expended within 12 months of the effective date; at least 75% will be expended within 24 months of the effective date; and 100% will be expended within 36 months of the effective date.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the mortgage service settlement fund memorandum of understanding with the Maryland Office of the Attorney General, and the Maryland Department of Housing and Community Development.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of poor fiscal administration and management by the Mayor of Baltimore City and the various Departments and Agencies.

The following details are provided to initiate this action as required by the Board of Estimates:

1. Whom you represent: Self

2. What the issues are:
   a. Page 57, Department of Housing and Community Development, Community Development Block Grant, (CDBG) 39 Interdepartmental Memorandum of Understanding - Department of Recreation and Parks (R&P), if approved:
      i. The agreement appears to again provide funding to a department of my home town government which has historically mis-spent, mis-managed; mis-appropriated; and mis-directed decades of municipal, state and federal funds producing the most anemic outcomes imaginable;
      ii. This action fails to confirm whether the R&P is capable and competent to provide “recreational, educational, cultural, after-school and summer camp programs for 1,080 unduplicated, low and moderate-income youth at five City recreation centers located in low and moderate-income areas of the City” and thus should NOT be the recipient of these funds until its competency can be demonstrated;
      iii. The action fails to provide details of quantifiable outcomes and/or measures of effectiveness for this department which should substantiate awarding these funds;
      iv. The management practices of this bureaucratic organization display a clear and intentional disdain for efficient and effective management;
      v. Please provide access to the MOU for inspection.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: While the work to be performed is welcomed in the underserved communities of my home town, the Department of Rec and Parks is incapable of performing the required services. As a citizen I am significantly impacted by our underserved youth, who because they observe the lack of concern for and investment in their well being, make everyday life choices which often result in grave harm to others, as evidenced by my own family tragedies.

Email: ktrueheart@whatfits.net

5519 Belleville Ave
Baltimore, MD 21207
4. The remedy I seek and respectfully request is that this MOU NOT be approved and this opportunity be solicited in an open and competitive bid process to engage outside organizations to serve our children. Additionally, I request that this item be referred to the Inspector General to investigate the possible mis-spending, mis-management; mis-appropriation; and mis-direction of decades of municipal, state and federal funds.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on September 18, 2013.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely, Kim Trueheart, Citizen & Resident

BRNI

**BACKGROUND/EXPLANATION:**

Funds for the BRNI were included in the State budget for Fiscal Year 2014 (FY14) to accelerate revitalization strategies in Sustainable Community areas in Baltimore City, and the inner-beltway communities of Baltimore County and Anne Arundel County. In order to be designated a Sustainable Community, Baltimore City submitted a Sustainable Communities Plan and subsequent modifications to the State of Maryland under the Sustainable Communities Act of 2010. The BRNI’s $3,750,000.00 State budget allocation resulted from a 2013 Maryland House of Delegate Regional Revitalization Workgroup convened during the 2013 General Assembly to study the regional strengths and opportunities in the Baltimore region.

The overarching goal of the BRNI is to increase the competitiveness of the Sustainable Communities in Baltimore City and inner-beltway communities of Baltimore County and Anne Arundel County for new homeownership and private-sector business, residential and commercial investment, through strategic property acquisition, redevelopment, rehabilitation and new infill development activities. According to the BRNI application to the MD-DHCD, the pilot aims to focus on areas where modest investment and a coordinated strategy will have an appreciable neighborhood revitalization impact.
DHCD - cont’d

Eligible applicants in Baltimore City are locally based nonprofit community development corporations, or coalitions, that are implementing a clear revitalization strategy in a specific neighborhood or set of neighborhoods. Third Update for Developer’s Agreement No. 1259

ACTION REQUESTED OF B/E:

The Board is requested to NOTE the third update to developer’s agreement no. 1259, O’Donnell Heights Project.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

On June 19, 2013, the Board of Estimates (BOE) requested a third update be provided to the BOE in 60 days regarding the concerns raised by the O’Donnell Heights Tenants Council (OHTC) in its protest filed to the Developer's Agreement considered by the Board at its January 16, 2013 meeting.

In its initial protest of the Developer's Agreement, the OHTC identified the following primary concerns relating to the O’Donnell Heights Redevelopment effort:

1. The Execution of a Development Advisory Agreement between the OHTC and the developer, which establishes certain roles, responsibilities, and rights of the O’Donnell Heights residents as it relates to the first phase of the redevelopment of O’Donnell Heights.

   STATUS: Completed, executed April 17, 2013.

2. OHTC participation, review, and comment on development documents: notably, the development of the stand-alone Long Term Admissions and Continued Occupancy Policy document (LTA-ACOP) for the deeply subsidized units in Phase 1A.
DHCD – cont’d

STATUS: Since the June 19, 2013 Board meeting, two meetings (June 27 and July 17) have taken place with HABC, the developer, and the OHTC and its legal counsel, to finalize the stand-alone LTA-ACOP. Following the July 17th meeting, the HABC forwarded what it considers the final LTA-ACOP to all parties involved. In addition, the developer met separately with the OHTC and its counsel on July 31, 2013 to review the Tenant Lease and House Rules to be utilized at the property.

3. Providing requested project related transactional documents.

STATUS: Transactional documents requested in original protest letter have been provided.

4. Concern for the long-term affordability of the project.

STATUS: This issue covered in HABC’s written response to the Board, dated January 16, 2013.

The Board NOTED the Third Update for the Developer’s Agreement No. 1259, O’Donnell Heights Project.
To: Honorable President and Members of the
Board of Estimates
   c/o Clerk, Board of Estimates
   City Hall Room 204

From: Gregory Countess, attorney for the
O'Donnell Heights Tenant Council

Date: September 10, 2013,

Subject: Developer's Agreement No. 1259 and
BOE motion

Dear Mr. President and Members:

My client the O'Donnell Heights Tenant Council (hereinafter "Council") have had a chance to review the memo submitted by Commissioner Graziano dated August 28, 2013. The report was actually received by counsel for the Council on September 5, 2013. The report correctly states the status of the events reported. However it again, perhaps unintentionally, does not report the concerns expressed by the Council and fails to report intervening events which make continued reporting to the BOE both prudent and necessary.
Residents continue to be concerned about the failure of HABC in the documents it has compiled to adequately address the concerns of public housing residents. As the Board knows the O'Donnell Heights redevelopment project is the first phase of a redevelopment effort to replace 600 units of public housing which existed on the site. HABC decided to pursue a funding scheme which includes funds from the HUD voucher (section 8) stream instead of HUD public housing stream. Because of the special status conferred upon HABC by HUD (HABC is an MTW agency) the rules which might prohibit this effort don't apply. The Council has been concerned that former and current residents of public housing might lose rights, which they have negotiated and are codified in federal law, because HABC has decided to use project based vouchers to fund this project. HABC promised that the housing would be public housing like and because of the special status of HABC the units could be managed and operated like public housing units. However the documents which govern use of the funding by the private owner and the operation of the units would have to reflect the promises made by HABC. Unfortunately the documents which have been proposed don't yet reflect those promises.

For instance under public housing rules a tenant displaced as a result of HABC redevelopment activity has a right to return to the redeveloped property if they are in compliance with their current lease terms. And though the Council has sought to be accommodating to the private owner of the housing and the documents reflect a stricter criteria then public housing law allows for former and current O'Donnell residents to return and stricter criteria for persons on the public housing waiting list then is currently applicable to them under public housing rules concerning eligibility to occupy the new housing, the “final” criteria goes too far and changes we have requested are not reflected in the "final" document (the LTA). When the Council told HABC that the "right to return" rules were in conflict with the criteria in the document, we were told that the redevelopment activity at O'Donnell is not for the purpose of replacing public housing units and thus the "right to return" public housing rules don't apply. This is surprising and deeply concerns us because it is not what HABC has represented to the Council or public housing residents. The Council was told that the new housing represents a replacement of public housing units demolished at O'Donnell. The Council also remains concerned about whether the additional "admission" criteria comply with fair housing law and HABC's international human rights law obligations.
The Council is also concerned that even the promises made by the owner and HABC in the documents negotiated—like adherence to the public housing laws which is required by the funding and management documents, the LTA and the HAP, may not be enforceable by residents. Therefore those documents may have erected a barrier that may prevent residents from requiring that the private owner conduct themselves in accordance with federal law. There is no similar barrier imposed on residents in regard to requiring HABC to comply with federal law in their management and operation of public housing units. Though we have had a meeting with the owner and may be on the way to addressing concerns we have with the lease and house rules, those negotiations have not concluded and we believe the Board should require HABC to continue to report until the conclusion of those negotiations.

Finally, to our great surprise we have been advised by HABC that HUD will not allow HABC to use voucher funds to finance this project until they amend their MTW plan. HABC is required by federal law to tell HUD and inform the public of the agency's planned uses of federal funds. HABC is required to consult with the City wide representatives of public housing residents. HABC is also required to conduct a public hearing and receive comments from the public and public housing residents regarding the plan. The amendment of the plan also requires HABC to go through a public comment and approval process and we are concerned because their plan amendment does not reflect what HABC has previously promised. We have asked HABC for the documents received from HUD that explain why HUD is requiring them to go through the MTW plan amendment process and so far we haven't received those documents. HABC and HCD should at least be required to report to the Board about the status of the MTW Plan amendment process and whether HUD has granted approval.

My clients remain willing to continue to talk to HABC and the private owner and we hope that HABC remains committed to continue to talk with us. Documents we have requested have not been forwarded to us. We sent our latest concerns about the apparent bar set forth in the Housing Assistance Payment contract (HAP) which seems to deny third party beneficiary rights to the occupants of the new housing to enforce the promise of the owner to adhere to federal public housing law. We have not received a response from HABC.
For the reasons stated above we ask the Board to continue to require HABC and HCD to report on the status of negotiations in regard to the Council's concerns. Thank you.
