Department of Law - Settlement Agreement and Release

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Settlement Agreement and Release as a result of the action brought by Tiesha Brooks on behalf of Purnell Summerville, III, (a minor) Plaintiffs against the City.

AMOUNT OF MONEY AND SOURCE:

$30,000.00 – 2036-000000-1752-175200-603070

BACKGROUND/EXPLANATION:

The Plaintiffs allege that Officer Nicholas Lancetta was negligent in his operation of a police vehicle, causing injury to the Plaintiff.

On May 14, 2015, at about 4:00 pm, Officer Lancetta was driving southbound on Falls Road responding to a call of a car break-in in progress. As he approached the intersection of Cox Street, the minor Plaintiff entered the roadway and was struck by Officer Lancetta’s vehicle, which was travelling approximately 30 to 40 mph. The minor Plaintiff sustained serious and critical injuries, including a traumatic brain injury and a broken right leg. Officer Lancetta is immune from liability because he was operating the vehicle while performing an emergency service. The Plaintiffs contend that Officer Lancetta was negligent and proximately caused the minor Plaintiffs injuries.

To resolve this case economically and to avoid the expense, time, and uncertainties of further protracted litigation, the parties have settled the matter for a total sum of $30,000.00. Based on a review of the facts and legal issues specific to this case, the Settlement Committee of the Law Department recommends that the Board of Estimates approve the settlement.

In order to resolve this claim economically and to avoid the expense, time, and uncertainty of protracted litigation, the parties have agreed to a payment of $100,000.00 for complete settlement of the requests for excess funds. Departments hire retirees at a rate commensurate with the job responsibilities, skills, and institutional knowledge that a retiree brings to the position.

The Consent Decree will require the Department to hire individuals from many contractual positions to ensure implementation and compliance. These positions will require varying skill sets that were not required before. Therefore, needing a higher salary to attract and maintain skilled staff. The increase in pay from $14.42 per hour to $20.19 is essential to maintain key retired officers in essential positions, such as the above-listed retirees, as well as providing an appropriate hire rate for newly placed retired officers.

Health Department – Employee Expense Statement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the Employee Expense Statement to authorize the reimbursement to Mr. McCay Moiforay for mileage expenses on his Employee Expense Statement.

**AMOUNT OF MONEY AND SOURCE:**

$128.90 - 1001-000000-3001-568000-603001

**BACKGROUND/EXPLANATION:**

Mr. Moiforay attended the National Alliance of State and Territorial AIDS Directors (NASAD) 2017 National Hepatitis Technical Assistance Meeting in Washington, DC on November 28-30, 2017 as a presenter.

Because he submitted incomplete documentation, he did not submit the appropriate travel documents on time, but requested reimbursement for his mileage expenses. That request wasn’t processed. His expense statement is now outside of the guidelines set forth by AM 240-11.

The Administrative Manual, in Section 240-11, states that an Employee Expense Statement must be received by the Bureau of Accounting and Payroll Services within 40 work days after the last calendar day of the month in which the expenses were incurred.

The Employee Expense Statement is late due to delays at the administrative level.

**BACKGROUND/EXPLANATION:**

On April 3, 2013, the Board approved the original agreement with BARCS for the period of July 1, 2012 through June 30, 2017. Parking Authority of Baltimore City - Expenditure of Funds

ACTION REQUESTED OF B/E:

The Board is requested to approve the Expenditure of Funds to pay Otis United Technologies for elevator repairs to three elevators inside the Arena Garage. The Expenditure of Funds is effective upon Board approval for eight weeks.

AMOUNT OF MONEY AND SOURCE:

$31,778.95 - 2075-000000-2321-252800-609033

BACKGROUND/EXPLANATION:

The Arena Garage, located at 99 S. Howard Street, requires replacement of the hoist ropes in three of the four elevators serving the Garage. The three elevators failed the Annual Safety Inspection, conducted by the Maryland State Department of Labor, Licensing, & Regulation. The failure occurred due to the aging condition of the hoist ropes, which were installed thirty years ago during the 1987 construction of the Garage.

The repairs will be performed by Otis United Technologies (Otis) at a cost of $31,778.95. Since the elevators are the original 1987 OTIS elevators, and the PABC through its garage operator (IMPARK) maintains a service and maintenance contract with Otis, PABC has not solicited other bids for this work.

The period of Expenditure of Funds is eight weeks; four weeks for scheduling and procurement, two weeks to complete the work, and two weeks for other contingencies. To meet customer needs, only one elevator will be taken offline at a time. The PABC believes that the Otis proposal represents the best value to the PABC and the City in completing this urgent life safety repair work.

Department of General Services - Interim Report on Fire Station Engine 46

ACTION REQUESTED OF B/E:

The Department of General Services hereby complies with the requirements of Baltimore City Charter, Article VI § 11 (e)(ii) to report on procurement activities for emergency situations. The urgency to act for the public welfare-public safety and the on-going nature of the events described below have been the reasons for the delay in issuing this report. A contract with the firm selected for this work will be brought to this Board individually.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

On or about July 25, 2018, there was discovered at the Engine 46/Truck 27/EMS 4 fire station located at 5500 Reisterstown Road, a “cave-in” of the interior ceiling of the station. This cave-in was the result of a severely leaking roof and was leading to suspected mold growth in one of the wall cavities of the station. As a result of the water infiltration and suspected mold growth, all fire department personnel were relocated to other stations. Some of the fire equipment was also relocated to other stations in the event it is needed should an emergency response situation arise.

The Department immediately took action to procure contractor(s) to address the leaking roof and investigate the suspected mold growth and coordinate a plan for replacement of the leaking roof. Due to the nature and gravity of the incident, notices were provided via email to the Director of Finance on July 31, 2018 and August 1, 2018 that DGS would need to obtain the goods and/or services that were not within the scope of any existing contract and requested that emergency procurement be approved to allow for replacement of the roof. On August 1, 2018, the Director of Finance provided written formal approval authorizing the Department to obtain through emergency procurement the required goods and/or services.
Since that time, the DGS solicited several contractors known to have the required capabilities to perform the work required to replace the roof. Two of the firms could not commence work until at least after Labor Day (September 3, 2018). Ruff Roofers, Inc. agreed to undertake the roof replacement and a Notice to Proceed (NTP) with the work issued on August 14, 2018.

The Department is negotiating formal emergency procurement contracts with Ruff Roofers, Inc., which the Department will present to the Board for approval as soon as reviews by various City agencies are completed. At the time of the NTP, the total cost of the roof replacement and repairs was estimated at $296,125.00.

BACKGROUND/EXPLANATION:

In November 2017, the City and the Housing Authority of Baltimore City (HABC) were co-applicants to the Department of Housing and Urban Development for the $30,000,000.00 Choice Neighborhoods Grant for the Perkins-Somerset-Oldtown Choice Neighborhoods Initiative. On November 8, 2017, the Board approved the Choice Neighborhoods application. On July 6, 2018, HUD notified the HABC that they were the recipients of a $30,000,000.00 Choice Neighborhoods Grant Award.

The Board is now requested to approve a Grant Agreement between HUD, HABC and the City. The Grant Agreement details eligible services, schedules, reporting requirements and funding requests. Grant funds will be made available to the HABC as the Grantee. The HABC’s Board of Commissioners will approve the Executive Director’s ability to execute the Agreement at their August 31, 2018 meeting.

(All amounts are approximate)
Osprey Property Company LLC (Osprey Property Company) is a for-profit real estate developer specializing in affordable housing and commercial development projects. The company has a 30-year history of successfully completing development projects throughout the Mid-Atlantic region, including Baltimore.

The subject of this request, 2636 Walbrook Avenue, is located in the Panway/Braddish neighborhoods of West Baltimore and is adjacent to Coppin State University. The neighborhood has suffered from abandonment for half a century and remains in a community distressed by poverty, high unemployment, substandard housing, drug addiction and violence. Between 2000 and 2014, the census estimates that the neighborhood lost approximately 30% of its population while the number of vacant dwellings more than doubled.

The Walbrook Mill Apartments is the proposed new construction of affordable housing as part of a mixed-use development that will consist of 65 rental units of which 58 units (the Affordable Units) will be affordable and seven units will be market rate units. Of the 58 affordable units, ten units will be reserved for tenants with incomes at 30% of the Area Median Income (the AMI) adjusted for family size, eight units will be reserved for tenants with incomes at 40% of AMI and 40 units will be reserved for tenants with incomes at 50% OF AMI. The unit mix will include a multipurpose room, laundry facilities, on-site management office, fitness center and tenant storage.
Department of Housing and Community Development – cont’d

The site will offer a total of approximately 10,365 square feet of ground floor retail/commercial space in a single four-story mixed-use building. The site is currently improved with a former lumber yard known as Walbrook Lumber and vacant commercial storage buildings that are to be demolished prior to the commencement of construction. The redevelopment of this site is a key to the redevelopment along the North Avenue corridor.

The project will have ten Section 811 units that are covered by a Section 811 Rental Assistance Contract administered by the State of Maryland’s Department of Housing and Community Development for a period of 20 years. In addition, one three-bedroom unit will be covered under a 15 year Housing Assistance Payment contract (HAP Contract) administered by the Housing Authority of Baltimore City as a long-term affordable unit for persons with disabilities.

The development will be constructed on a site owned by Walbrook Core LLC (the Owner). Walbrook Mill Apartments LLC (the Borrower) will have a leasehold interest in the site through a ground lease with a 99-year term (the Ground Lease). The Ground lease will require a one-time upfront payment of $100,000.00 by the Borrower.

The HOME Loan will be used solely to finance a portion of the hard construction costs of the Affordable Units.

An appraisal was prepared on July 23, 2018, by Novogradac and Company. The future prospective value of the stabilized project, assuming affordable rents, was determined to be $2,800,000.00 (the prospective leasehold value of the project’s value with the benefit of a brownfield’s tax credit and taking into account the master lease structure). The prospective leased fee value of the project at stabilization assuming no affordable housing restrictions was determined to be $8,100,000.00. The appraised
value is below the total cost of the project. This is common in transactions involving LIHTC and affordable housing. The LIHTC provides equity, which achieved its return through a federal tax credit rather than through the value of the property. Without the value of the LIHTC financing, projects with restricted rents could not be financed. Since the reduced rents decrease the appraised value, the combined debt is well under the appraised value, leaving only the equity exposed, which is, as noted above relying on tax incentives rather than the property. The Department is comfortable recommending the HOME Loan under these circumstances.

The appraisal has been submitted to the Real Estate Department.

**PARTICIPATING PARTIES:**

**A. DEVELOPER**

The Borrower (Walbrook Mill Apartments LLC, an affiliate of Osprey Property Company), will own the project. The Coppin Heights Community Development Corporation is the nonprofit partner of Osprey Property Company in the project and will assist the property manager in providing appropriate resident services, support Osprey Property Company to secure local development approvals, and help Osprey Property Company identify capital sources for the project. Osprey Property Company will guarantee construction completion and will also act as the Administrative Member of the Borrower.

**B. GENERAL CONTRACTOR/ARCHITECT**

Commercial Construction Inc. will act as the general contractor and post a 100% Payment and Performance Bond. Cho Benn Holback will provide architectural services.
C. PARTICIPATING LENDERS

**CAPITAL ONE BANK - 1st lien permanent loan + 3rd Lien construction bridge loan**

Capital One Bank will make a construction loan in the approximate amount of $12,700,000.00 (the CONA Loan). The CONA Loan will be comprised of a permanent loan in the approximate amount of $1,790,000.00 (the CONA Permanent Loan) and a bridge loan in the approximate amount of $11,800,000.00 (the CONA Bridge Loan).

Bureau of Procurement - Report of an Emergency Procurement

ACTION REQUESTED OF B/E:

The Board is requested to approve the report on an emergency procurement of Contract No. 06000 - 4” Fire Hose to Atlantic Emergency Solutions, Inc. This was a one-time procurement.

AMOUNT OF MONEY AND SOURCE:

$297,208.80 - 5000-512218-2142-229400-606004
1001-000000-2142-229600-605007

BACKGROUND/EXPLANATION:

This requested action is a report on an emergency procurement for the Fire Department. On June 1, 2018, during regularly scheduled annual hose testing, multiple sections of the current supply hose were found to be defective. This is the large hose that brings the water from the hydrant to an engine company that effectively supplies the fire attack lines to suppress a fire.

The hose is constructed with a polyester outer jacket and a thermo-polyurethane inner jacket that are joined together through a lamination process. The detected defect in the hose involved the failure of the lamination causing the inner jacket to freely travel through the inside of the hose causing water flow obstruction. This significantly can reduce water flow to the fire ground causing an immediate risk to citizen and firefighter safety. Due to the safety issue, the Fire Department is requesting permission to purchase 840 sections of Mercedes brand hose at $353.82 per section as a replacement of the defective hose in order to equip all of our first-line fire engines.

Atlantic Emergency Solutions provided a quote and price that meets or exceeds the required water flow rate and offered a two-
year unconditional warranty and a 10-year warranty against any defects. The plan is to pay for up to $216,000.00 of the purchase out of the FY18 Amoss grant funds, 50% of which is General Fund projected match (Requisition Number R798347). The remainder would be purchased under the FY19 Amoss Grant/General Funds match.

Pursuant to Article VI, Section 11(e) (ii) of the City Charter, the Director of Finance approved the procurement of these emergency services.
