UPON MOTION duly made and seconded, the Board approved and authorized execution of the foregoing Informal Awards, Renewals, Increases to Contracts, and Extensions. In addition, the Board approved and authorized execution of the Selected Source Agreement with Laake Enterprises, Inc. d/b/a Fesco Emergency Sales (item no. 13) and the Vehicle Auction Agreement with Copart, Inc. (item no. 14).
The Board is requested to approve a unit Amendment to Community Development Block Grant Loan for the Habitat of Humanity of the Chesapeake homeownership project that is located (or to be located) within the Sandtown-Winchester and Woodbourne-McCabe neighborhoods of Baltimore City.

The Board is also requested to authorize the Commissioner of the Department of Housing and Community Development to execute any and all documents to effectuate this transaction subject to approval for form and legal sufficiency by the Department of Law.

No additional funds are required.

On December 13, 2017, the Board approved a $300,000.00 Community Development Block Grant Loan (the “CDBG Loan”) to Habitat for Humanity of the Chesapeake (the “Borrower”). The proceeds of the CDBG Loan (the “City Proceeds”) are being used to support a portion of the costs of the development of approximately ten vacant units located at 722, 747, McCabe Avenue, 5223 Ready Avenue, 709 Baker Street, 1324, 1333, 1524, 1551, 1553 Fulton Avenue and 1322 North Mount Street. Upon completion, the project was intended to provide ten homeownership units to first time homebuyers.

Houses are sold at an affordable rate with no-interest mortgages to qualified buyers who earn 20% to 80% of the Area Median Income adjusted for family size (the “AMI”). As a nonprofit developer, the Borrower divides its efforts into renovating and reselling deteriorating single-family homes to first-time homebuyers at affordable prices.
Department of Housing and – cont’d
Community Development

Since loan closing, several external factors have impacted the project: continued deterioration of long-term abandoned buildings, industrywide construction escalation in construction materials, and, the additional expense for compliance required by regulations as it relates to Maryland Historical Trust Review process.

Because of these factors, the Borrower has requested the deletion of the following three properties originally listed in the 2017 Board memo (due to structural conditions): 709 Baker Street, 1551 Fulton Avenue & 1322 North Mount Street. In addition, one property will be added to the project scope – 1562 Carey Street.

The amended total number of units contained in the project scope will now be eight units located at the following addresses: 722 and 747 McCabe Avenue, 5223 Ready Avenue, 1324, 1333, 1524 and 1553 Fulton Avenue, and 1562 Carey Street.

The amount of the CDBG Loan will remain unchanged and dispersed over eight units rather than the original ten units. Hence, the per unit subsidy will now increase from $30,000.00 per unit to $37,500.00 per unit. The Department is comfortable recommending this amendment and the increase to the per unit subsidy under these circumstances.

All other terms and conditions of the 2017 Board Memo remain in effect.

THE DEPARTMENT OF FINANCE REVIEWED AND RECOMMENDED APPROVAL BY THE BOARD OF ESTIMATES.
UPON MOTION duly made and seconded, the Board approved the unit Amendment to Community Development Block Grant Loan for the Habitat of Humanity of the Chesapeake homeownership project that is located (or to be located) within the Sandtown Winchester and Woodbourne-McCabe neighborhoods of Baltimore City. The Board also authorized the Commissioner of the Department of Housing and Community Development to execute any and all documents to effectuate this transaction subject to approval for form and legal sufficiency by the Department of Law.
The Board is requested to approve and authorize execution of the Community Development Block Grant Agreements (CDBG Agreements).

On January 3, 1996, the Board approved a waiver to the Administrative Manual Policy 212-1, Part I, which allowed the Department to hire retirees.

For item nos. 23 - 26 the contract increases 40% in the hourly rate from the previous contract period of $14.42 per hour to $20.19 per hour. The hourly rate of $14.42 per hour had remained static for many years and had not increased with the cost of living or with the continued dedication and performance of retired police officers. The Baltimore Police Department lags behind surrounding jurisdictions in pay for retired officers. Baltimore County hires retirees at $24.00 per hour, as well as other Police Departments hire retirees at a rate commensurate with the job responsibilities, skills and institutional knowledge that a retiree brings to the position.

The Consent Decree will require the Department to hire individuals in many contractual positions to ensure implementation and compliance. These positions will require varying skill sets that were not required before. Therefore, needing a higher salary to attract and maintain skilled staff. The increase in pay from $14.42 per hour to $20.19 is essential to maintain key retired officers in essential positions, such as the above-listed retirees, as well as providing an appropriate hire rate for newly placed retired officers.

RETOACTIVE TRAVEL APPROVAL

UPON MOTION duly made and seconded, the Board approved the foregoing Travel Requests, the Retroactive Travel Approval, and the Travel Reimbursement. The President **ABSTAINED** on item no. 19. The Comptroller **ABSTAINED** on item no. 18. The Director of the Department of Public Works **ABSTAINED** on item no. 12.
ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Comprehensive Donation Agreement with the South Baltimore Gateway Community Impact District Management Authority d/b/a South Baltimore Gateway Partnership (SBGP). The period of the Comprehensive Donation Agreement is effective upon Board approval through June 30, 2023, unless terminated sooner by either party.

AMOUNT OF MONEY AND SOURCE:

$2,208,117.00 – 6000-600619-4781-363600-607004

BACKGROUND/EXPLANATION:

The City established the SBGP as a district managing authority to represent residents in the South Baltimore Gateway Community Impact District, a geographic territory in Baltimore City designated to benefit from Casino Local Impact Grant (LIG) funds. Effective FY18, the City and State made a portion of the LIG funds available to the SBGP. Senate Bill 480, passed by the Maryland General Assembly, amended the manner in which the LIG funds are disbursed to the SBGP beginning in FY19.

Accordingly, the LIG funds no longer pass through the City budget to the SBGP, but instead, the State transfers the LIG funds directly to the SBGP. The Department and the SBGP conducted a district-wide needs assessment and identified project and service priorities for FY18 and FY19 to receive funding under the donation arrangement in which the SBGP’s strategic plan aims to provide enhanced services to communities above and beyond the limited services and funding levels that the City can provide.
Department of Recreation – cont’d 
and Parks

Each fiscal year through June 30, 2023, the Department and the SBGP will jointly conduct comprehensive district-wide needs assessments to identify and prioritize projects to be funded by the SBGP for the subsequent year. The Department and the SBGP will jointly prepare an Annual Projected Schedule of Services as described in the submitted Comprehensive Donation Agreement. Under the terms of this agreement, the Department will submit the projected schedule annually to be approved by the Board.

APPROVED FOR FUNDS BY FINANCE

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Comprehensive Donation Agreement with the South Baltimore Gateway Community Impact District Management Authority d/b/a South Baltimore Gateway Partnership.
Department of Audits – Audit Report

The Board is requested to NOTE receipt of the following Audit Report:

President: “The first item on the non-routine agenda can be found on ah -- where is it? Can be found on page 128, Department of Audits, Baltimore City Department of Finance, Bureau of Procurement Small Purchases Procurement Card Program Audit for the Year Ended December 31, 2017. Will the parties please come forward?”

City Auditor: “Good morning.”

President: “Good morning.”

City Auditor: “-- Board members. This Audit is for the Small Purchase Procurement Card Program Audit -- it was for the Year Ended December 31 --”

President: “Can you pull the mic up and talk directly into the mic?”
Department of Audits – Audit Report

City Auditor: “December -- December 31, 2017. The purpose of our Audit was to determine if agencies were properly using the procurement card for purchases. Before I get into the details of those findings, I would like to state that we had some Recurring Findings for multiple agencies. So, the Two Recurring Findings -- these are -- are Journal Entries that were not timely submitted: Monthly statements, journal entries and activity logs were forwarded to the Bureau of Procurement um -- they -- they were supposed to be forwarded in a timely manner, but they were not. Um -- Agencies are um -- allowed 15 days from the receipt of the individual statement to clear their account. We noted in our Audit that um -- we noted that agencies did not receive or uh -- did not submit their statements upwards to six months. The next one that is a Recurring were -- was Non-Allowable Charges, primarily sales Tax. Agencies were paying sales tax for purchases. Uh -- per the Baltimore City’s Administrative Manual, AM 309-1, the City is exempt from payment of State of Maryland sales tax. Agencies
Department of Audits - Audit Report

which make direct purchases must supply the City's tax exempt number to the Vendor at the time of purchase. We only audited a small segment of Cause for approximately two months and we noted oh -- $1,000.00 -- $999.00 were paid in sales tax, and again if you look at that over the course of a year, or years uh -- that number adds up. The first few Findings we will be speaking about is -- is related to the Mayor’s Office. Finding No. 1, Questionable Purchases. The Condition: The Department of Audits tested the months of October, November, and December 2017 P-card Statements within the Mayor’s Office and identified questionable City Credit Card Procurement transactions totaling $5,274.00. Of the total, items most questionable are listed below: During our audit, we noted $1,321.00 was spent on furniture and other household items to assist a homeless individual. Department of Audits has informed the Office that furniture purchases for personal reasons are unallowable, as these charges -- types of purchases on a P-Card
Department of Audits – Audit Report

are City property and cannot be used as personal property or gifts. The October statement identified $513.00 in purchases on the Squeegee Core at an Orioles game for food and other personal items. Department of Audits communicated that these purchases were excessive and some were -- some were unallowable. Our audit also disclosed restaurant lunch purchases amounting to $338.00, many of which had no receipts and none of the purchases had supporting documentation noting business purpose. Additionally, we saw no evidence to support that procurement card transactions were adequately reviewed and approved by appropriate Agency personnel prior to submission to the Bureau of Procurement to ensure that these transactions were allowable and business related. Finally, the Office incurred and paid $29.00 in sales tax on purchases during the month of October. We recommend that the procurement card transactions be reviewed and approved by management or authorized personnel to ensure accuracy and appropriateness of the transaction. We further recommend the unallowable purchases be returned or refunded to the City.”
Department of Audits - Audit Report

Director of Finance: “Good morning Mr. President, Madam Mayor, Comptroller Pratt, Honorable members of the Board. Uh -- I’m Henry Raymond, Director of Finance and I’m responding on behalf of the Office of the Mayor. Um -- to begin with, I want to state for the record that this Procurement Card was used for the Office of the Mayor and the card was not in the name of or possession of the Mayor, Catherine E. Pugh. The card was issued for official use. The card was used on behalf of initiatives within the Office of the Mayor and as the Audit notes, some of the transactions were not allowable. The Mayor concurs with the Findings. As a result of this Audit, certain steps have been taken to improve uh -- the processes surrounding the use of the card, including uh -- a process that requires pre-written -- pre- authorization of uh -- use of the card. No verbal approvals uh -- documentation for the retention of all receipts and criteria for purposes under which the card can be used -- what’s allowable -- what’s unallowable.
Department of Audits – Audit Report

Now with that said, I’ll respond to Finding One. Uh -- the Office of the Mayor concurs with the Finding as it relates to uh -- the $1,300.00 for Homeless Services. A reimbursement request has been made for uh -- private funding to recover the costs. As it relates to the Orioles uh -- field trip for $513.00, reimbursement from uh -- private funds has already been made. As it relates to the $338.00 for food, the Office of the Mayor believes that’s reasonable and appropriate for ah -- official business lunches.”

City Auditor: “Okay. Finding No. 2: Credit Line Limit Improperly Increased. The Bureau of Procurement granted a request from the cardholder to increase the credit line limit from $15,000.00 to $40,000.00 without written documentation or approval. In addition, charges did not meet the nature of emergency purchases. We recommend the Bureau of Procurement establish a process to periodically review procurement card holders with increased credit limits to ensure the limits are still appropriate and necessary.”
Department of Audits – Audit Report

Director of Finance: “The Department of Finance concurs and has taken uh -- appropriate steps.”

City Auditor: “Finding No. 3: Lack of Receipts/Reconciliation Issues. During our Audit, we noted supporting documentation, such as receipts for transactions, was not maintained and submitted by the cardholder or was not adequate to support the business related purpose for credit card purchases. We also noted that receipts for coat purchases for the homeless were not accurately reconciled to the monthly cardholder statements, but were approved by the Coordinator or the Administrator. This could also be as a result of the time lapse before the account was reconciled. The coats were purchased in October 2017, but the Journal Entry was not posted until May 2018. In addition, there is a discrepancy in the amount requested for refund against the purchase amount. The total cost of the coats and cleaning was $23,961.00 per invoices, but the Journal Entry for payment of the purchases was $20,889.00, noting a difference of $3,072.00. The Department of Audits was --"
Department of Audits – Audit Report
was not provided additional information on the discrepancy. The Office is currently -- the Mayor’s Office is currently reviewing the purchases and payments for these transactions. We recommend that the Mayor’s Office adhere to the Procurement Card Administrative Policy.”

Director of Finance: “Uh -- the Office of the Mayor concurs with the uh -- recommendation and as a note, the Office uh -- recently was able to locate a receipt for $3,000.00, that was the uh -- discrepancy and that will be provided to the uh -- Department of Audits -- and the final note is that uh -- these expenses uh -- have been uh -- reimbursed through the Mayor’s Office of uh -- Homeless Services.”

City Auditor: “Finding No. 4: No Procurement Card Training. During our Audit, we noted that uh -- that the cardholder did not attend a Small uh -- Purchase Procurement Card Program Training Class, as required, or we did not receive supporting documentation um -- um -- that -- to the Department of Audits stating that the cardholder
Department of Audits – Audit Report
did attend -- attend that class. We recommend that the Agency
adhere to the City’s Procurement Card Administrative Policy,
including cardholder attendance at the Program’s training.”
Director of Finance: “The Office of the Mayor concurs. Uh -- we
believe that the individual did attend the training, but uh -- we
did -- we were not able to produce the documentation that they
would have been required to sign. Moving forward, we will adhere
to the AM Policy.”
City Auditor: “And then the last Finding is just one of the ones
I told you about, the Journal Entries Not Timely Submitted. You
don’t have to address that unless you choose to.”
Director of Finance: “I do.”
City Auditor: “Okay.”
Director of Finance: “The Mayor -- the Office of the Mayor agrees.”
City Auditor: “Okay. Finding No. 6, Related to Procurement. You
want to -- Non-Allowable Charges. The reading -- the reason we’re
Department of Audits – Audit Report

speaking on the Procurement Office um -- Findings, even though I told you they’re recurring, is because we’ve been talking about the Procurement Office and they are in charge of Procurement transactions. Condition: The Department of Audits tested two months of P-Card activity, March and November 2017. We noted that the City was not reimbursed sales tax, which are unallowable charges, totaling $187.83, from Baltimore Sun Media Gre -- Group. We recommend that the Agency cardholders ensure that charges be in accordance with the Administrative Policy. We further recommend the questionable charges be refunded to the City and No. 7: Journal Entries Not Timely Submitted.”

Director of Finance: “As it relates to Finding No. 6 ah -- the Finance Department ah -- disagrees. The sales tax actually was not paid even though it does appear on the statement. We believe that there is ah -- some type of an error either with the Vendor or with our ah -- card processor, PNC. We’re working with the vendor and PNC to determine the discrepancy because, in fact, the sales tax was not paid.”
Department of Audits – Audit Report

City Auditor: “Okay. Finding No. 8: Inaccurate Accounting for Procurement Card Program Users. The Bureau of Procurement provided the Department of Audits with an inaccurate 2017 cardholders’ population listing. The cardholders were retired from previous years. For example, they were retired from previous years or not listed or terminated. We recommend that the Bureau of Procurement follow the guidelines set forth by the Administrative Manual. In addition, we recommend the Agency update user information in real time to prevent errors in P-card usage.”

Director of Finance: “The Department of Finance concurs with the recommendation and since this Finding, we have updated the list and it is now accurate.”

City Auditor: “Okay. The next is the Department of Recreation and Parks and then after that, Department of Housing. Nine and Ten are the recurring Findings: Journal Entries Not Timely Submitted and Lack of Receipts. Would you like to address them too before we
Department of Audits – Audit Report

move forward or --?

Mr. Kenn King: “Good morning.

City Auditor: “Good morning.”

Mr. King: “My name is Kenn King, I’m the Chief of Fiscal Services for Rec. and Parks. I am representing Director Moore this morning because Director Moore is leading a team of Recreation and Parks staff in -- in Indianapolis to begin the planning to host the NRPA Conference here in Baltimore City next year. With regards to Finding No. 1, which um --”

City Auditor: “Nine and Ten.”

Mr. King: “Journal Entries Not Timely entered. This is -- this was a case of -- of staffing because -- because what happened we had -- we had lost our Fiscal Tech and um -- we had only one person, the only Supervisor, who was doing all the entries, and we wanted to convert the Fiscal Tech position to an -- to an Accounting position -- Accounting II position and it took a while. Ev -- eventually we hired a Temp and we trained the Temp. It took a while
Department of Audits - Audit Report

for the Temp to get up to speed to understanding our system dynamics, etc. But, um -- however, he has come on board and he is working very well. The Accounting position is filled. In addition, we have an Office -- Office Support um -- III position that we have trained that individual -- as a matter of fact, that -- that person has an Associate’s Degree in Accounting and is training to be an Accountant. So, we have got -- we have gotten that person involved in the whole accounting process. So, we have resolved that problem. We have no more issues with that. We are currently up to date with all -- with all of our processing.”

City Auditor: “Okay.”

Mr. King: “Lack of Receipts. Um -- this is -- this is an issue uh -- which we -- we -- we have tried to resolve on a number of occasions because of the nature of our -- of our card -- cardholders. They -- we have about 60 uh -- cards, 40-some -- 45 is uh -- Center Directors who move all over the place and there are times when they travel. We have a filing system where we allow
them to place their files -- place their requisitions uh -- place their receipts and the documents in a particular file at -- at -- at the Center -- Center Headquarters and it’s possible that a receipt is missing. We have asked them to track that information down. Even though the infor -- even though the receipt is -- is -- might be missing, we can still process that entry because on the statement itself, it list the item. So, we were able to process that. Now we have -- we have a different filing system in place. We have asked them now to keep the files at the location and to be more responsible, and so far, we have been very -- very successful.

So, that is an issue that we have resolved. But, I -- I can’t promise it will never happen again because our people move all over the place, but we will definitely find a way to resolve it if the case arises again.”

**City Auditor:** “Okay. Finding 11: Non-Allowable Charges. We can go outside of the sales tax, which was the first one. Non-allowable recurring automatic monthly payments totaling $9.9 -- $21.98 for
Department of Audits – Audit Report

Amazon and payments that were not supported by receipts totaling $122.00. We recommend that cardholders ensure that transactions – card transactions be in accordance with the Administrative Manual. We also recommend that determination be made whether any of the amounts should be repaid to the City.”

Mr. King: “None -- okay -- with -- with -- with regards to Amazon, um -- we have our -- our Marketing -- Marketing and Media Division has done some um -- transactions, which they had to do through -- through -- through Amazon. There are times when we actually contact Purchasing um -- uh -- Procurement itself to ask for some guidance. This might be a case where it slipped through, we never really get the authorization and it’s not -- it’s not a major transaction, it’s small -- they’re just small items. So, anyway we have resolved that. We have a system in place where we will work -- we will work with Procurement closely. There is -- uh -- a form has been developed finally for us to uh -- provide a waiver whereby we can
Department of Audits – Audit Report

submit to uh -- to uh -- to Procurement for any waiver that we may seek for an item may not -- that will not be normally charged on a credit card. Because there are times when we have Facebook charges uh -- a lot of social media charges that we have to pay on time. But, we will work with -- work with Procurement to -- to ensure that these charges can be -- can be legitimately charged because there is no way we can pay them on a check. So, this -- this is a matter that we have been working on and we hope in the future that we will have no more -- no more of this uh -- type of uh -- situation. With -- with regards to charges that are not accounted for, we have a clear, clear policy, if you make a charge on a -- on your -- on your credit card, you cannot account for it, you must repay. That is in our policy. We have that from day one -- including taxes. If you -- if you go to a store without the -- the exemption certificate -- with the tax exemption certificate and you make a purchase, if you make that purchase and you pay taxes, the cardholder is responsible for paying back those taxes.
Department of Audits – Audit Report

and that is a policy we -- we have in force. We have been enforcing that for -- for the longest while, since we have our credit card system.”

City Auditor: “Okay. Finding No. 12: Missing File. The Agency could not locate a purchasing card file. The Auditors were unable to perform testing for this cardholder. We recommend that the Agency adhere to the City’s Procurement Card Administrative Policy regarding record retention.”

Mr. King: “Yeah, as I mentioned earlier, we have a system whereby we allow all cardholders -- we have a central filing system where the -- where all our cardholders from outside -- outside -- outside the Central Office would -- would deposit their files and documents in this particular central location. The strange thing about this one is we never really miss -- uh -- lose any card, hardly. Well, this -- this particular card was missing because this -- this particular employee act -- actually just received his card and I assu -- well we thought he may -- he may come for his file to
Department of Audits - Audit Report

look at his documents and plan to return the file. Guess what? The employee actually got hired um -- soon after. So, I -- we believe in, you know, me packing up all his stuff, he took that file with him. So, um -- but we have revamped our policy. Now, what hap -- by the way, it’s not a large transaction. It was only one transaction that person did on her card and we know the person. We know everything like that. Uh -- in the fu -- right now we have a different filing system, again, where we have restrict access to that filing system. So therefore, hopefully we will have none of this uh -- in the future. But uh -- missing card -- missing a whole file is very, very unusual for us.”

City Auditor: “Okay.”

President: “So, uh -- all I recommend is that all the cardholders have some extensive training so that we won’t be going through this and I do understand that uh -- some of the Directors get promoted -- they move around. So, I understand, you know, receipts still at the old place. But, they need to really be talking to the
Department of Audits - Audit Report

new Director that’s coming on -- let them know what’s going on so things can move smoothly. Cause I do understand the complex – uh -- complexity of uh -- Recs. and Parks.”

Mr. King: “Yes. Thank you, Sir.”

President: “Okay.”

City Auditor: “And then one that was not noted as a Finding and the reason we did not note this is because it was cleared up during the field. Uh -- we noted that Recs and Parks continued to use a P-Card for a person no longer employed with -- with the Agency. While we were in the field, we noted that they did um -- terminate that card. So, we did say that we would not make it a Finding, but we wanted to make sure it was noted that when a person leaves, that they do not continue to use an individual’s card.”

President: “We understand. Thank you. We understand. We’re moving forward.”

Mr. King: “Okay.”

President: “You said you have policies --”
Department of Audits – Audit Report

City Auditor: “Poli --”

President: “-- and procedures in place?”

Mr. King: “Yes, Sir.”

President: “That’s all we need. Okay.”

City Auditor: “Housing and Community Development.”

Ms. Nadya Morgan: “Good morning. Nadya Morgan, Chief of Staff, DHCD. Commissioner Braverman is in another meeting, I’m sorry. Thank you.”

President: “Pull the mic to you and talk directly into it.”

Ms. Morgan: “Sorry.”

President: “Just pull it up.”

Ms. Morgan: “Okay.”

City Auditor: “Um -- no significant Findings. 13 and 14: Journal Entries Not Timely Submitted and Sales Tax.”

Ms. Morgan: “And Agency has hired and trained staff to ensure that we’ll be in compliance with the Policy and reporting in Journal Entry and the sales tax was uh -- $0.60, in relation to the
Department of Audits – Audit Report

Baltimore Sun. The uh -- the uh -- coordinator will ensure that that’s not -- no longer charged to the Agency.”

City Auditor: “Okay.”

Ms. Morgan: “Thank you.”

Mayor: “Okay. Thank you.”

City Auditor: “Human Services and then Planning.”

President: “Human Services?”

City Auditor: “While Human Services did not have a um -- a Material Finding. It was the Journal Entries weren’t timely submitted. Planning? Planning just had Sales Tax being charged. Next -- Department of Transpor -- Oh --”

City Auditor: “Planning? Yes. Uh -- huh -- Sales Tax.”

Ms. Cramer: “Did you want a statement?”

President: “Yes.”

Mayor: “Just make sure we don’t’ --”

Comptroller: “State your name.”
Department of Audits – Audit Report

President: “State your name.”

Ms. Cramer: “My name is Jaime Cramer. Um -- yeah -- it was just an oversight with the Sales tax. We’ve reached out to the Vendor to see if we can get them repaid.”

City Auditor: “Department of Transportation.”

President: “Transportation here? Anybody?”

City Auditor: “For our review of one -- one of the cardholders we tested during 2017, we noted that a cash advance transaction was charged to the card. The Agency provided receipts for the expenditures of the cash -- of the cash that was $30.00 short of the total advance. Um -- I’ll -- I’ll read what they stated um -- basically um -- Transportation stated that the person did pay back the $30.00 and it has been um -- recorded in the account for General Services. Department of General Services?”

Mr. Steve Sharkey: “Good morning. Steve Sharkey, Director of Department of General Services and Ben Brosch, Deputy CFO will also be accompanying me.”
Department of Audits – Audit Report

Mr. Ben Brosch: “Good morning.”

City Auditor: “No materials from Findings. Journal Entries Not Timely Submitted was 18. 19 -- Again, the recurring monthly um -- payment to Amazon Prime of $10.99, which is unallowable.”

Mr. Brosch: “Uh -- we uh -- concur with this uh -- Finding and we are -- we are going forward with the recommendation. We’re going to make sure that uh -- we uh -- limit or um -- no longer have recurring uh -- payments through Amazon.”

City Auditor: “Okay. Health Department and State’s Attorney’s Office, and then Police Department. Again, all three Agencies, no major issues, just noted that they weren’t submitting -- well I gue -- they weren’t submitting their uh -- Journal Entries timely and then um -- they didn’t -- they had Sales Tax charges. This is Health Department.”

Mr. Selvakumar Paul: “Police Department.”

City Auditor: “Oh, Health?”
Department of Audits - Audit Report

Mr. Malcolm Haynes: “Uh -- Malcolm Haynes, Chief of Finance Administration, Baltimore City Health Department. Good morning. Uh -- with respect to uh -- the Findings related to the P-Card Audit um -- the Department has um -- undergone some uh -- improvements with our staffing, which uh -- in the past has caused some delays in uh -- timely uh -- transmittal of -- of -- of P-Card reconciliations to the uh -- Bureau of Audits. Um -- the Department is now uh -- fully staffed and does not anticipate any further delays in uh -- transmittal.”

City Auditor: “State’s Attorney’s Office.”

Ms. Wanda Carrington: “Good morning, Wanda Carrington, Fiscal Officer for the State’s Attorney’s Office.”

Ms. Carrington: “Okay. For the Non-Allowable Charges there was a small Sales Tax that we did reach out to the Vendor and got a Credit for a future um -- statement. For Journal Entries not timely submitted, we have hired additional staff, as well. I have an

Assistant, so we are working towards making sure everything is submitted correctly, and Lack of Receipts, we were missing one. I’m not sure of what had happened. But, we will try to make sure that we follow the policies and not let that happen again.”

City Auditor: “Thank you. Police Department. Findings 25 and 26: Journal Entries Not Timely Submitted and Sales Tax.”

Mr. Selvakumar Paul: “Good morning. Selvakumar Paul from the Police Department. I am the Chief of Fiscal Services I. Uh -- most of the mail that goes to the centralized place on 242 W. 28th Street, so from there, we get the statement uh -- little delay. That’s the reason we’re not able to submit on time. Now, we’re going to have on-line access to this statement, so it will avoid all this uh -- Findings. And the Sales Tax, I mean um -- uh -- some of the Vendors they are not accepting, small Vendors, they’re not accepting the Tax Exempt Certificate. For example, Pizza Hut -- uh -- uh -- Papa John’s, they’re giving 15% discount but they don’t want uh -- our -- I mean uh -- uh -- give the Tax Exempt. But uh -- we are uh --

working with them and so we will not pay -- in the future -- the taxes."

President: “Um-hmm. Right. So, if you’re buying pizza and they don’t want to pay the taxes, then um -- you or whoever used the card should pay the taxes.”

Mr. Paul: “Yes, we do that.”

President: “Okay, or we’ll find another Vendor that -- you know -- cause they have pizza other pizza companies that probably would accept our non-tax status.”

Mr. Paul: “Yes, Sir.”

President: “So, if they don’t want to do that, then we’ll get pizza from somewhere else.”

Mr. Paul: “Thank you, Sir.”

President: “Don’t make a difference. We just don’t want to pay taxes.”

Comptroller: “Right.”

audit testing, we noted the statement marked August 2017, the cardholder incorrectly posted Journal Entries as -- as Credits to Budget Accounts. The correct posting should have been a Debit. Procurement card’s account was debited. The correct posting should have been a credit. Department of Audits did not note any corrections posted uh -- for this entry. We recommend that the Baltimore City Fire Department cardholders follow the guidelines in the Manual -- the AM Manual. We also recommend that the above entry be reversed um -- to represent the true activity.”

Mr. Jim Fischer: “Jim Fischer from Baltimore City Fire Department, ah -- Fiscal Officer. The uh -- Credit Card Program has gone some recent uh -- changes uh -- actually, improvements and to take care of -- and also the -- the uh -- City Journal Entry uh -- Program has also in the last year. So, I think a lot of these are going to be taken care of by all the Agencies, including the Fire Department, with those improvements. So, the Timeliness and the Journal Entries, both.”

City Auditor: “Thank you. Last two, the Department of Public Works and Risk Management. Finding No. 29 and 30: Journal Entries Not Timely Submitted for Public Works and 30: Lack of Proper Oversight Pertaining to Purchases. The Administrator failed to review and sign off on purchase log.”

Mr. Troy Brogden: “Good morning, Honorable Mayor Pugh and Board members. Uh -- my name is Troy Brogden, Chief Fiscal Officer, Public Works. Yes, we uh -- concur with the Finding and recommendations and we have enhanced and are reinforcing our standard operating procedures with our staff.”

City Auditor: “Thank you. Risk Management. Findings Nos. 31 and 32: Sales Tax and No Receipt and Journal Entries Not Timely Submitted. And then if um --”

Director of Finance: “Yeah uh -- Henry Raymond, Finance Department. Uh -- we concur with the -- the rec -- recommendations.”

City Auditor: “Um -- I didn’t know if Erin Sher -- if you wanted to speak about -- uh since we been -- since we completed the Audit.
Department of Audits – Audit Report

It’s been over a few months and uh -- we met with Procurement and they did speak with us at the very end and told us some of the changes they have since implemented. I just thought if she could briefly state -- I think ‘it’s three or four of the changes they’ve made to enhance the P-Card Program.”

Director of Finance: “Erin.”

Ms. Erin Sher Smyth: “Good morning. Erin Sher Smyth, Bureau of Procurement. And yes, we definitely appreciated the timeliness of this Audit. Uh -- we are going through a major review of this outdated process which is very manual um -- and labor intensive. Uh -- some of the improvements that we’ve already made or in the process of making include uh -- Sales Tax um -- we’re going to make it a lot easier for Agencies to not pay Sales Tax by requiring Agencies to use the City’s Amazon Business Account, which already has tax exempt status. They don’t have to do that on a purchase by purchase basis. Uh -- Recurring Charges: we’re also working with Amazon to get a government rate for Citywide Prime. That’s in the

works. Um -- I do think they were reasonable choices and they were approved as a uh -- exceptions, at the time. It did save the City money. But, we’re going to be working on 1) getting a City rate, and 2) uh -- revising the policy to make sure those kind of things can be allowed, when appropriate. Uh -- Delayed Statements: PNC now provides on-line statements. This will greatly reduce the level of effort and -- and the time it takes to get this process completed. Uh -- Agencies as -- I believe Rec. and Parks noted -- they’re -- they’re getting paper statements all over the City and now they’re able to get them immediately um -- on-line. Let’s see, Waiver Request: Uh -- we had a Informal Waiver Request Procedure and we have already implemented a Formal Waiver Request Procedure that allows us to document uh -- the written request and the disposition of that request, whether it was approved or denied. Uh -- we’ve also improved our Informal Audit Procedures. The P-Card Program would be informally audited on a monthly basis. But, as the Department of Audits pointed out, correctly, this was not a

formal um -- audit process that allowed us to track uh -- which accounts were audited and what the results were. Uh -- that is now more formalized. Uh -- enforcement was temporarily suspended while we moved our office. We have now resumed enforcement, which um -- includes both termination and suspension of cards uh -- whenever the Journal Entries or statements are late. Electronic Records: Uh -- previously, all account applications and training documentation was kept manually uh -- we are implementing electronic procedure, including uh -- using workforce software to improve - improve the transparency and simplify the record keeping. We have to have that in place by March 2019. Um -- and then the Active Cards: We currently have accurate real time information from our provider, PNC. However, the previous list of active cards were kept on a manual spreadsheet on an annual basis. Uh -- this will uh -- this resulted in having inactive cards still on the spreadsheet. We’re changing the process by which Agencies are required to tell us prior to termination of someone leaving uh -- City business.

That will allow us to get to those card terminations more quickly. And, we’re also uh -- updating uh -- the uh -- the -- the list on a quarterly basis uh -- actively, to -- in the event that we miss some of those terminations.”

President: “Uh -- can you go back to page five, Finding No. 2, uh -- the Bureau of Procurement granted a request from the cardholder. Who uh -- requested that it was -- be increased from $15,000.00 to $40,000.00?”

Ms. Sher Smyth: “To clarify, there was no request to increase. The request was to approve a specific emergency procurement, which was approved and that required that the limit be increased by that amount.”

President: “Okay. Alright. Thank you. I just wanted to know that. And um -- I’m -- I’m just asking that all City Agencies uh -- make sure that whoever have their credit cards, also have our tax exempt card attached with it, so there will be no uh -- question of whether we pay taxes or not. Those two cards should be together at all times.”
Department of Audits – Audit Report

Director of Finance: “Understood.”

President: “Alright.”

Ms. Sher Smyth: “Agreed.”

President: “The Audit has been NOTED. Any questions from anyone?”
