REGULAR MEETING

Honorable Brandon M. Scott, President
Honorable Bernard C. “Jack” Young, Mayor
Honorable Joan M. Pratt, Comptroller, and Secretary
Matthew W. Garbark, Acting Director of Public Works
Dana P. Moore, Acting City Solicitor

President: “Good morning. The October 28, 2020 meeting of the Board of Estimates is now called to order. In the interest of promoting and maintaining health and safety as we continue to deal with the COVID-19 pandemic, the Board continues to be streamed live and we meet virtually. I will direct the Board members’ attention to the memorandum from my office dated October 26, 2020 identifying matters to be considered as routine agenda items, together with any corrections and additions that have been noted by the Comptroller. I will entertain a Motion to approve all the items on the routine agenda.”

Acting City Solicitor: “Uh -- good morning, Mr. President, Mr. Mayor, Madam Comptroller, all members of the Board. I move approval of all matters on the routine agenda.”
Comptroller: “I second.”

President: “All those in favor say AYE. All opposed say NAY. Uh -- the Motion carries. The routine agenda items have been adopted.”

Mayor’s Office of Criminal Justice – Grant Award Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize acceptance of a Grant Agreement with the Governor’s Office of Crime Control (GOCCP). The period of the agreement is July 1, 2020 through June 30, 2021.

**AMOUNT OF MONEY AND SOURCE:**

$125,000.00 – 5000-514421-2255-772500-405001

**BACKGROUND/EXPLANATION:**

On October 3, 2020, GOCCP awarded the Department a grant award through the Project Exile Media Program. The purpose of this grant is to support the media expansion and public awareness of Project Exile (PE), a component of Project Safe Neighborhoods, a program sponsored by the United States Attorney’s Office targeting violent repeat offenders and criminal organizations involved in firearms and drug trafficking in the City. PE involves a strong partnership between local, state, and federal law enforcement agencies and promotes community involvement. Strategies that inform the community of the PE program objectives: reducing violent gun crime and its resulting successes can help facilitate community support and cooperation. Funding provided for outreach, in the form of general advertising, including billboards and bulletins in the City, and other forms of media (e.g. radio, television, internet, etc.) supports the education and awareness objectives of the program.

The submission is late because of the administrative process.

President: “Uh -- the first item on the non-routine agenda can be found on page one, I mean page 21, Baltimore City Council, Personnel Matters. Uh -- Director Herbert, I think, is here. Director, are you here?”

Director of the Department of Human Resources: “Yes Sir, I’m positive.”

President: “Thank you uh -- Director. This is an item that -- that I uh -- moved uh -- to the non-routine because I have some concerns about uh -- these positions and the process. So Director, I’m going to go through a series of questions with you uh -- about this -- about this particular issue. Uh -- number one uh -- where did the request to create these uh -- nine positions come from?

Director of the Department of Human Resources: “They came uh -- from the Mayor’s office to our office, Classification and Compensation.”
PERSONNEL

Baltimore City Council – cont’d

President: “So, that means this request for positions in my office did not originate in my office, correct?”

Director of the Department of Human Resources: “That -- that is correct, Mr. President. Uh -- and -- and that happened -- that has happened previously uh -- as well. There were a number of positions that were created a couple of years ago and that request also came from the Mayor’s office.”

President: “Who created the Board memo that was forwarded to the -- the Expenditure Control Committee?”

Director of the Department of Human Resources: “Uh -- the Board memo was created by my Director of Classification and Compensation. They are then reviewed by myself and my electronic signature is -- is placed on them.”

President: “And who -- and that same person initialed the memo?

Director of the Department of Human Resources: “Yes.”
PERSONNEL

Baltimore City Council – cont’d

President: “So, the Board memo for these positions which was support-- submitted to the Committee uh -- states the Department of Human Resources has reviewed a request from the Office of the City Council to create uh -- these nine positions. But, as we have discussed and you have said -- stated, the request did not come from my office. Correct?”

Director of the Department of Human Resources: “That’s correct, Sir.”

President: “So, that would mean that the memo itself is in -- inaccurate, correct?”

Director of the Department of Human Resources: “Yes, technically. Again -- the -- this creates --”

President: “A simple yes or no will suffice Mr. Director. But -- so, if the memo states that the request is coming from the Office of the City Council, and the memo doesn’t come from the Office of the City Council, that means the memo is inaccurate.”
PERSONNEL

Director of the Department of Human Resources: “Well, Mr. -- Mr. Council President, that -- the memo was created in the same fashion that the memo has been created in the past. When the Mayor’s Office has allocated resources to create funds in the Council President’s Office, those funds are allocated by the Mayor’s Office, at the direction of the Mayor. Our office receives that request from the Mayor’s Office. The only thing that we do in DHR is to one, review the request to create the positions to ensure the positions are classified correctly and secondly, to ensure that the uh -- positions are funded by Finance. And so, it is a-- they process through which both our office and the Department of Finance verify that the positions are funded and classified correctly before they are sent to the Mayor’s Expenditure Control Committee. These positions are created in the same fashion that the --”

President: “Mr. Director -- Mr. Director, I just want to jump in there for a second. Thank you. Uh -- and as you know, as a -- as

a former staffer, I know how the agencies work. But, it’s been my recollection and understanding and being -- for being here and seeing how this has happened -- normally that’s done in collaboration with the Council in the Office of the Council President. That did not happen here. And what they -- what the explanation states is that the City Council is expanding in order to assist more constituents throughout the City of Baltimore. So, who provided that justification if the Council itself did not provide that justification for how we want to add more positions for how we want to serve the City’s -- City -- City of Baltimore?”

Director of the Department of Human Resources: “That -- that request came, as I indicated previously, Mr. President -- that request, with the justification, came from the Mayor’s Office.”

President: “Thank you. And -- and are the positions intended for all Council Offices or just the President’s Office or do you do not know?”
PERSONNEL

Director of the Department of Human Resources: “Uh -- I believe -- I believe that these positions would be under the direction of the Council President.”

President: “Mr. Herbert, I am pretty sure that you are familiar with Administrative Manual Procedure 23, 3-2 [sic].”

Director of the Department of Human Resources: “I don’t have it in front of me, but, I’m familiar -- I’m generally familiar with all the Administrative Manual provisions, yes Sir.”

President: “So, that procedure lays out the steps that must be followed when the agency requests the creation of position. So, I’m going to walk through those with you really quickly. The first step is to be completed by the agency. It says the agency is responsible for completing and forwarding position descriptions to other agencies assigned Budget Analyst in BBMR, which is of course uh -- the Budget Bureau. But, that did not happen here. The -- the agency did not submit the request. Uh -- do you have a copy of those position descriptions?”
PERSONNEL

Baltimore City Council - cont’d

Director of the Department of Human Resources: “Yeah -- well, Mr. Mayor, if I may -- for a moment uh -- I think that -- that -- I mean -- Mr. Council President, this uh -- A.M. Manual applies to an agency. The City Council is not an agency. It’s a body of Elected Officials. I think that there’s -- there’s a distinction -- there that needs to be made. Uh -- but, what I will say is that uh -- the classifications for which the request was submitted to our office, requested the Director --”

President: “I’m going to jump in for a second there. So, uh -- one then what -- what governs us and two, then how -- when we’re dealing with everything else budget-related, is the Council uh -- considered an agency? For example, uh -- when uh -- we were all told that every agency should be looking for cuts in their budget to help with uh -- the fiscal responsibility with the impending Kirwan legislation, we ourselves -- as you know -- we presented
PERSONNEL

positions that we wanted to cut to show that the Council and the Council President’s Office also valued how we were going to be ready for Kirwan. If we’re considered an agency when those types of things are happening, how will we not be considered an agency for these types of things.”

Director of the Department of Human Resources: “Um -- Mr. -- Council President -- again -- with respect to that, I can’t speak to um -- to what uh -- the Council was asked to do. It is my understanding that those cuts were -- were volunteered by the Council. Uh -- that the Mayor uh -- it’s my understanding that the Council wasn’t told that cuts had to be made in the Council. But, that those cuts were -- were volunteered. That’s my understanding.”

President: “Well, I understand Director -- well, but no we -- we --we did uh -- put them up, but we were told like everyone else by BBMR that we had to look at those cuts. Uh -- so just -- just a -- a second step there. So, it then requires BBMR to approve or
PERSONNEL

disapprove and to take some other steps. So, we’ll assume that those steps were taken. The policy requires BBMR to -- among other things, identify funding source, availability funds for the new positions. Has the Budget Bureau provided this? Were these identified? The budget number associated with the position of the memo provided to the ECC does not identify a source. Is that the General Fund? Does that mean that the source would not be identified? Are these funds even available? How -- how are we able to understand that information, if you have it -- ?"

Director of the Department of Human Resources: “The funding source is -- is there is a General Fund source. Uh -- BBMR did confirm that funding was available for these nine positions.”

President: “And what -- and do we know uh -- especially with our fiscal challenges. And I don’t know if Director Raymond or someone can address it uh -- exactly and from where these funds are coming from -- from the source. Do we know exactly where they’re coming from?”
PERSONNEL

Baltimore City Council - cont’d

Director of the Department of Human Resources: “I -- I will defer uh -- to my Colleague, Director Raymond, uh -- with respect to the exact source of the funding stream.”

President: “Director?”

Director of Finance: “Mr. Mayor, Honorable members of the Committee of the Board of Estimates. Uh -- this is Henry Raymond, Director of Finance. In response uh -- to the President’s question uh -- it will be General Fund revenue. Uh -- specific sources uh -- will be identified at a later point in time because it will require uh -- a supplemental. But, most likely it will be from uh -- real property taxes. And uh -- I understand your position. The City is having financial challenges uh -- but we have the capacity to provide the funds to support these nine positions.”

President: “Thank you. And Director Raymond, I mean, I just find this to be very interesting because we know of the -- the hits

that are coming from COVID to the General Fund. We still have to be prepared for Kirwan. Uh -- making the assumption that the General Assembly will override the Governor’s veto and when we still don’t know -- and what we hear from you and everyone else is that we are in a very delicate fiscal situation. I just think that this is a very -- very uh -- unwise time to be doing this. Uh -- net -- I just want to also ask Director Herbert uh -- BBMR must then provide their recommendations to the ECC along with some documents. Do you have copies of those documents?”

Director of the Department of Human Resources: “-- and typically, uh -- Mr. President, at the ECC, what typically happens is that every member of the ECC, or the Expenditure Control Committee, is provided a copy of the -- the memo which includes the request and the recommendations of uh -- Classification and Compensation, who has reviewed the classifications uh -- to make sure that they’re

classified properly and has also verified that uh -- BBMR has signed off on funding and then the members of the ECC uh -- individually vote on those proposals. Uh -- I -- I do not attend those meetings. It is my understanding that mem -- that uh -- that the members of the ECC all voted to advance these positions forward to the Board of Estimates.”

President: “Uh -- Madam Comptroller?”

Comptroller: “Um -- I -- I have some concerns -- uh -- I have some significant concerns about creating nine new positions in the Council President’s Office at a time, you know, as we’re stating of economic uncertainty and when the transition to a new Council President is less than two months away. And, you know, I have some other comments. But, I’ll wait until the vote is called.”

President: “Thank you. Um -- and Mr. Director do -- can you provide the members of this Board those documents?”
PERSONNEL

Baltimore City Council – cont’d

Director of the Department of Human Resources: “Yes Sir, I’ll provide a copy of -- of the uh -- the uh -- all of the documents that our office maintains, with respect to these positions, to the Board.”

President: “Also, uh -- Mr. Director, can you provide a written -- a written uh -- uh -- understanding -- or explanation of how this does not -- the Administrative Manual procedure does not uh -- uh -- govern the way that the Council uh -- would have to do this and how and what happens, as well?”

Director of the Department of Human Resources: “I -- I -- I -- would defer as -- as I believe that -- that would require a -- a legal opinion. Uh -- I would defer to uh -- the Law Department on that. I can write a memo that reflects the uh -- Department Human Resources’ understanding. Uh -- but, I believe that -- that would require, at some level, a legal opinion.”

President: “Madam Solicitor, do you want to chime in?”

President: “Yeah, Mr. Mayor -- hold on -- get -- one second I -- I’ll recognize you as soon as she responds to the question.”

Acting City Solicitor: “Um -- good morning everyone. The Law Department would be happy to take the question and do the analysis and provide a written memorandum.”

President: “Thank you.”

Mayor: “Uh -- Mr. President, over the past year, the City Council has passed sweeping laws to include legislative analysis requirements, equitable oversight, and charter amendments that among other things, expand budgetary powers for the Council. These historic policy shifts require a corresponding investment in human capital infrastructure to meet the necessary challenges of administering more balanced governance between the Mayor and City

Council. Investing in this way transformed the Council’s intent into real action and adequate provide tools to develop a competent, transparent and effective Council. Uh -- for the Council President to push for these legislative reforms on one hand, while leaving the cupboard bare on the other hand is simply unconscionable. There is no other way to describe this behavior in response to my investment in a more transparent and equitable City government uh -- structure. Adding these positions provide resources to the ideas of transparency and equity, rather than continuing to perpetuate trite and valueless lip service. But, that’s what it is. Mr. President, I think what you are uh -- doing -- we have never challenged any type of Personnel Matters that come before this uh -- Board and um -- in my opinion to uh -- weaken the Council President’s Office while as Mayor -- you have unlimited resources to do all the things you need to do, I think is just unconscionable and I don’t understand your reasoning for doing this.”

President: “Thank you, Mr. Mayor.”

Mayor: “Thank you.”

President: “I just -- just want to recap everything here -- and one, the positions are not being requested by me in my office and while uh -- what the Mayor said is absolutely correct that the Council will have uh -- more responsibility moving forward uh -- those pieces of legislation do not take effect until July 1, 2022. So, we have a quite a bit of time to get through COVID, get into the next term, work as I said that I -- I will uh -- hopefully going to be elected the next Mayor of Baltimore, with the incoming Council President and the Council about how to uh -- responsibly work around getting them the things that they need to take on those extra responsibilities. are and we’re also uh -- in the middle of a devastating public health pandemic. We also are laying off almost 60, I mean 68 long-time frontline City workers. We know uh -- at a time like this we have to -- have to -- have to make sure that we are looking every single place to operate the most efficiency and the most effectively without dire budgetary outlook. When you think about what's happening to our restaurants and small businesses, when people are losing their faith in the City government because of people uh -- thinking folks are looking out for special interests. This simply, at this time, does not make sense uh -- creating non-high paying uh -- white collar positions within City Hall while our central workers are being laid off doesn't make sense. someone in a position like mine who wants to be more efficient -- make ourselves smaller. Uh -- this request right now is not -- this is not the way to make this -- the need to be made. Uh -- Madam Comptroller.”

Comptroller: “Yeah, I um -- as I stated, I have concerns and um -- I will be voting NO because of, you know, we're at a time of economic uncertainty and when the transition to the new Council President is less than two months away, the COVID - 19 pandemic continues to affect our local economy and the operations of City government, and all indications are that the pandemic will likely continue through the winter. If the City, in my opinion, is going to create new positions now, those positions should be dedicated

to providing vital services for City residents such as trash removal and public health support. The appropriate way to evaluate positions in the Council President's office is for the new Council President, who we know will take office in early December, to conduct his own review and request new positions if he determines they are needed. I just think that today's Personnel actions are premature and I question whether they are in the best use of City resources, given the serious constraints of our Fiscal Year 2021 budget.”

President: “Thank you, Madam Comptroller. Uh -- I will entertain a motion --”

Mayor: “Uh -- before you entertain the Motion, Mr. President, um -- I'd like to uh -- have a final comment.”

a City, but yet you want to create a City Administrator position that also is going to have staff that is required, if you look at the structure of a City Administrator. So, you can't have it on both hands. You can't say on one hand that we want to have a new type of government structure in the City of Baltimore and then on the other hand say I'm going to weaken the President's office and not give him the tools that he needs in order to serve the City. You know, I served as President and I knew for a fact that we didn't have enough staff to serve the entire City of Baltimore. We did the best that we could and people had gotten a lot of comp time, which if they leave they can't cash in on it. But yet, they were out there working daily every day and I think for you to um -- you know, question Personnel moves uh -- by the Mayor's office when I fought hard to get an Analyst that will tell the City Council what that uh -- bill would cost the City in -- in dollars and cents and you cut that. to do that and I think um -- all this is political Mr. uh -- President. When you become Mayor, you're not going to work with the uh -- President to give him the tools that he needs, which will cause a fight between you and the President. What I'm trying to do is avoid that and make this a smooth transition for you and the Council President. So, I don't know why you would be disingenuous in -- in your uh -- uh -- questioning of these positions. I think it’s really um -- I'm sad that you're doing this. I mean, while we have other issues facing this City and we have done everything humanly possible to keep people fed, to keep people housed, to pay people’s rent, to give money to small businesses, and the lists go on. And for you to hold up this uh-- meeting uh -- or arguing about nine-positions that you know for a fact that the Council President needs. You did all this for expediency, for your Council um -- for uh -- your Pre -- your Mayor's race. And I think, Mr. President -- I respect you -- but

I think what you're doing is disingenuous and dangerous. So, when you become Mayor and you try to create positions, you're going to have the Council President questioning your positions -- your position. So, I just want to put you on point that what you're doing is traveling up dangerous roads.”

President: “Thank you. Thank you, Mr. Mayor, and you -- you know that I love and appreciate you. But in this issue, I just disagree and we've had conversations with your staff that the Administrator's uh -- uh -- position and the staff will come from existing positions in the Mayor's office. Uh -- we've had that conversation with your staff to be very -- very clear about that and we know -- listen we know that -- the -- giving up the Fiscal Analyst position was not something that I wanted to do, as you know. I used it as a Council member. But, when we're talking about making sure that we were participating and ready for Kirwan, I knew it was the right thing to do and we'll work with the Council President. I've worked with him literally the whole time I've been an Elected Official. I just disagree with the process and how this is being done. Uh -- I will entertain a motion for the item.”

Department of Transportation – Amendment No. 1 to Grant Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of Amendment No. 1 to Grant Agreement with Southeast Baltimore Port Industry Freight Corridor Plan–FHWA FY 2015 TIGER Grant No. 16 with the U.S. Department of Transportation Federal Highway Administration. The amendment will extend the period of the agreement through October 29, 2024.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

On August 9, 2017, the Board approved a Grant Agreement Southeast Baltimore Port Industry Freight Corridor Plan–FHWA FY 2015 TIGER Grant No. 16 to advance capital investments in surface transportation infrastructure that will have a significant impact on the nation, a metropolitan area or region.

The project will replace the structurally deficient Colgate Creek Bridge. The project will also complete the Broening Highway freight corridor by resurfacing and making geometric medications to streets to accommodate an alternative truck route to I-95 via Holabird Avenue. It also includes constructing complete streets, and providing signage and way-finding for truck drivers, at Broening Highway north of Holabird Avenue to separate industrial and residential uses.

**DBE PARTICIPATION:**

The selected firm will comply with Title 49 of the Federal Regulations parts 26 (49CFR26) and the DBE goal established.

**APPROVED FOR FUNDS BY FINANCE**

**AUDITS REVIEWED AND HAD NO OBJECTION.**

Mayor’s Office of Children – Provider Agreement and Family Success

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Provider Agreement with Reading Partners, Inc. The period of the agreement is July 1, 2020 through June 30, 2021.

AMOUNT OF MONEY AND SOURCE:

$77,544.00 - 2026-000000-1090-778300-603026

BACKGROUND/EXPLANATION:

Reading Partners, Inc. will administer a volunteer-based literacy tutoring program for Kindergarten through Third Grade students in three school in South Baltimore: Lakeland Elementary and Middle School, Arundel Elementary School, and Cherry Hill Elementary School. The City’s contribution toward the program comes from casino Local Impact Grant (LIG) funds designated for use in South Baltimore communities, as approved in the City’s FY21 LIG Spending Plan.

The City’s 2015 South Baltimore Gateway Master Plan guides the allocation of LIG funds for use in South Baltimore. The Plan identified third grade reading competency as a community goal and named Reading Partners as a strategic partner in achieving that goal. On December 21, 2016, the Board approved a contract between the City and Reading Partners, Inc. to pilot expanded programs in the Casino Impact Area. The pilot was successful, and programs continued in the three above-mentioned schools. On October 23, 2019, the Board approved an agreement between the Department and Reading Partners, Inc. to use LIG funds to expand its work in these schools, resulting in increased volunteer recruitment, online

Health Department - Ratification of Amendment No. 1 to Notice of Grant Award and the Provider Agreement

The Board is requested to ratify Amendment No. 1 to the Notice of Grant Award (NGA) and the Provider Agreement.

AMENDMENT NO. 1 TO NOTICE OF GRANT AWARD

1. Maryland State Department of Education $ 0.00

This Amendment No. 1 to the NGA was for the State Fiscal Year 2019 Infants & Toddlers Consolidated Local Implementation Grant.

On April 17, 2019, the Board approved the initial NGA for the total amount of $1,015,311.00 ($301,689.00 for Part B–611, $33,580.00 for Part B–619, and $680,042.00 for Part C). The period of the NGA was October 23, 2018 through September 30, 2019.

Amendment No. 1 to the NGA realigned the budget for Part B–611 funds, previously allocated for salaries and wages and other contracted services, and extended the grant period through April 30, 2020.

This allowed the Department time to expend all previously allocated funds and complete financial reports. All other conditions previously stated remain in effect.

The Amendment No. 1 to the NGA is late because of administrative delays.

PROVIDER AGREEMENT

2. Fusion Partnerships, Inc. $150,455.56

Account: 4000-483520-3080-294600-603051

This Provider Agreement was for the Resilience in Communities After Stress and Trauma (ReCast) Program.

Health Department - cont’d

BACKGROUND/EXPLANATION:

The Adolescent & Reproductive Health Program runs several successful community outreach programs through its Health Education and Outreach components. The Abstinence, Personal Responsibility and Education (PREP) and Teen Pregnancy Prevention Programs are charged with decreasing the teen birth rate amount teenagers in Baltimore City. All programs are responsible for recruiting clients for the clinical services and implementing several community-based projects.

Recruitment for the clinics consists of “in-reach” activities and the “Bring a Friend” campaign. Incentives for the community-based programs include gift cards for participation in activities. An estimated 1,100 adolescents and adults are expected to benefit from the clinic and community activities and incentives.

The Department has a consolidated policy account for the purchase, distribution, and documentation of all incentive cards. The central tenets of this policy account for; 1) a single means of procuring all incentive cards through the Board of Estimates, 2) the documentation of each incentive card and its recipient, 3) a monthly reconciliation for all purchases that account for all distributed and non-distributed cards, and 4) periodic internal review of programs’ activity vis-à-vis the internal policy which are to be shared with the Department of Audits.

This policy has been reviewed by both the Baltimore City Solicitor’s Office and the Department of Audits. Consistent with the original Board of Estimates approval, all requests for payment for the above incentive cards will be subject to the Department of Audits approval.

Department of General – Shortfall Payment Recommendation of Services (DGS)

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize acceptance of the shortfall payment recommendation from Johnson Controls, Inc. (JCI).

AMOUNT OF MONEY AND SOURCE:

$1,239,367.14 – 2070-000000-5500-774800-402241 – Revenue Account

BACKGROUND/EXPLANATION:

On August 30, 2006, the Board approved the agreement with Johnson Controls, Inc. for Phase II of an Energy Performance Contracting Project.

This agreement provided for the installation of energy-saving measures at Back River, guaranteed the resultant savings, and provided maintenance for all installed equipment for the life of the contract. Each year, JCI is required to deliver a monitoring and verification (“M&V”) report on the guaranteed savings.

The DGS reviewed the calendar year (“CY”) 2018 and CY 2019 M&V reports and documentation, which are the tenth and eleventh year of the contract. The DGS is in agreement with JCI on the quantification of the shortfall in savings for these years. JCI did not meet the contract guarantee.

In the event of a shortfall, the agreement provided that the City may either elect to have JCI pay the City a cash payment or receive services in kind. As JCI has not met the contract guarantee, the DGS recommended that the City settle the shortfall with a monetary payment. The remaining amount for payment totals $1,239,367.14.

BACKGROUND/EXPLANATION:

On November 10, 2004, the Board approved a maintenance agreement with S&B that was in effect for three years and covered revenue control equipment installed at the time in nine facilities. On May 28, 2008, the Board approved a second maintenance agreement with S&B that was in effect for three years and covered revenue control equipment installed at the remaining 14 facilities. On November 9, 2011, the Board approved a third maintenance agreement with S&B that was in effect for two years (terminated October 30, 2013) and

covered revenue control equipment installed at the time at 16 facilities. On October 30, 2013, the Board approved a fourth maintenance agreement with S&B that was in effect for two years (terminated October 30, 2015) and covered revenue control equipment that was installed at the time at 17 facilities. On October 30, 2015, the Board approved a fifth maintenance agreement with S&B that was in effect for two years (terminated October 30, 2017) and covered revenue control equipment installed at the time at 17 facilities. On November 22, 2017, the Board approved a sixth maintenance agreement with S&B that was in effect for two years (terminated October 30, 2017) and covered revenue control equipment installed at the time at 17 facilities. The City leased three facilities to MEDCO in 2018. On January 16, 2019, the Board approved a maintenance agreement with S&B that is in effect for two years; terminating on October 31, 2020, that covers revenue control equipment that was installed at the 14 facilities. The Department now requests approval of a two-year maintenance agreement with S&B for the equipment installed at 14 facilities.

This equipment has made a significant contribution to the substantial increases in revenue that the Department has experienced during the past 11 years (prior to COVID-19). The Department is pleased with the function of the equipment and the service provided by S&B to date. This agreement will ensure the continued function of the equipment.

MWBOO GRANTED A WAIVER ON SEPTEMBER 27, 2020.

APPROVED FOR FUNDS BY FINANCE

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Maintenance Agreement with Scheidt & Bachmann USA Inc.
The Board is requested to **NOTE** receipt of the following Audit Report:

**President:** "The second item on the non-routine agenda can be found on page 2 -- I mean page 72, Department of Audits -- Audit Report. We will hear from the City Auditor followed by the Department of Recreation and Parks."

**City Auditor:** "Good morning Mr. President, Mr. Mayor, Madam Comptroller, and members of the Board of Estimates. I am here -- my name is Josh Pasch, and I am the City Auditor. I am here to present the Biennial Performance Audit on the Department of Recreation and Parks for Fiscal years ended June 30, 2019 and 2018. The objectives of our audit were to determine whether the Department met its performance measure targets, to evaluate whether the Department has adequately designed internal controls related to the selected performance measures, and to follow up on prior findings and recommendations included in the previous"
Department of Audits - Audit Report - cont’d

Biennial Performance Audit report dated December 4, 2018. The services included in our audit scope were Service 645 Aquatics, Service 646 Park Maintenance and Service 654 Urban for Urban Forestry. The performance metrics that we looked at were for Service 645 percentage of pools meeting maintenance standards. The Department did not obtain annual -- annual operating permits for Fiscal Years 2021, 2020, 2019, 2018 before opening its public pools as required by the Code of Maryland Regulation. We did note that the pools did have the inspection by the Department of Health and that they passed their inspection but because that they didn't pay the fee for the permit and the inspection they were not issued the permits. For Service 645 Percent of Pools meeting maintenance standards. The Department’s methodology overstated actual results for 2019 and 2018, reported in the budget book. The way they calculated were all pools that passed inspection were included and so that they always reported 100 percent. However, when we asked
about the process of determining the metric, the calculation was the pools that passed inspection as a percentage of pools planned to be opened and in that case the actual metric was 93 percent and 68 percent, for 2019 and 2018, and however, it was reported as 100 percent. For Service 646, Number of Playgrounds with 100 percent Functional Components. The Department did not have a reasonable methodology to set the target and measure -- and measure the actual results before Fiscal Year 2019, which affected the accuracy of the performance measure. Specifically, the Department was reacting to complaints received via 3-1-1 calls and from visual inspections by park employees and staff, rather than a proactive basis of periodic um -- inspection. So in this case, the results and the metric was reported based on service requests open and if there was no service request open at the time of the metric, then they reported a 100 percent Functional Components. However, the expectation that Audits brought up and was agreed to was that all the parks should have an inspection and be looked at so they can
be evaluated, or in this case, if there was no service request on a park and it hadn't been inspected, then it was assumed to be 100 percent functional. Service 654, Number of Tree Maintenance Service Requests received. We noted that the Department had a flowchart for processing Service Requests received for tree maintenance. However, there was no formal policies and procedures to determine whether the service requests and the work orders are closed within established time frames and accurately reported in the budget book. In addition, the Department does not monitor the Service Requests and Work Orders which cause the overstatement of Fiscal Year 2019 and 2018, actual results, and the existence of a significant number of open work orders. For example, 1,420 of the 3,615 initiated work orders for Fiscal Year 2019, were still outstanding as of June 3, 2020. Service 654, Number of Tree Maintenance Service Requests received. The performance measure for Number of Tree Maintenance Service Requests received is an output
Department of Audits – Audit Report – cont’d

measure for DRP and a reasonable measure cannot be determined to determine the -- the effectiveness of the Department because the number of maintenance requests received is outside of their control and so the recommendation we have there was to reevaluate the performance measure in this area and to determine one that meets their objectives. We also noted that according to the Fiscal Year budget books 2018, 19, 20, and 21, for 2019 the Department had stated that they met two of the three performance metrics and for 2018, the Department met one of the three selected performance metrics. We also looked at prior year findings. Of the seven prior years’ action plans that were followed up on for this performance audit, two of the action plans were fully implemented. Five action plans were partially implemented and I will summarize those. So partially implemented, we had Service Center 645, Aquatics. The performance metric was a total number of visitors to Outdoor Pools. The original finding was the Department was unable to provide support on how actual tenants for the pool were calculated and
Department of Audits - Audit Report - cont’d

there was lack of adequate supporting documentation or the daily cash collection reports used to account for cash collection. We, during our audit, noted that the Department has developed policies and procedures for attendance. Specific guidance however, was not provided for recording and reconciling attendance supporting documentation. We also noted that the Department implemented the use of wristbands for attendees. However, the Department does not reconcile the number of wristbands sold to the amount of cash collected daily. As a result, we can't determine completeness of the cash collected or the wristbands that recorded as being issued.

There was another finding of not meeting performance measure targets for this measure and that was fully implemented. For Service 651, Recreation for Seniors, the performance measure was total attendance at senior recreation programming events. We noted in the previous audit that for Fiscal year 2016, the target amount was incorrectly reported as 40,000 when it should have been reported as 6,000. We noted this finding was partially implemented
Department of Audits - Audit Report - cont’d

and for Fiscal Year 2018, the attendance -- the actual attendance data reported in the budget book was 8,127, compared to the adjusted target of 6,800. However, we did not find an explanation for the target change in the budget book which was one of our recommendations to have clarity of transition from one year to the next in the budget book. For Service 646, Park Maintenance, the performance measure was Number of Playgrounds with 100 percent Functional Components -- we -- the prior finding was no formal written policy on the playground repairs and how they're being tracked and we included that in our review this year, and it has been partially implemented. We also noted that there were other concerns and issues that were brought up at the Biennial Audits Oversight Commission, which we included in prior scope -- prior year scopes. One was grass cutting for Fiscal Year 2017 and 16, Policy and Procedures. The Department did not have adequate documentation to show verification of frequency of grass cutting in those years. In our review this year, the DRP was noted to have
Department of Audits – Audit Report – cont’d

developed procedures that verify, monitor, and document scheduled
grass cutting in City parks. However, those procedures were not in
place during Fiscal Years 2018 and 2019 and therefore, did not
fall within our scope and we did not have enough data to review
that. We also noted a concern of the Biennial Audits Commission
was stock inventory, and a prior finding regarded to that was that
the Department facilities failed to keep a property inventory form
on various locations resulting in facilities -- facilities not
maintaining records of its inventory and unable to provide a dollar
value for its inventory, which is used in the Annual Financial
Reports. We noted this as partially implemented. According to the
Department policies and procedures, all stored items and actively
used items must be physically counted at least twice a year.
However, the policies and procedures do not include a comparison
of the physical counts to the inventory records that are being
maintained to determine if there needs to be an adjustment. We
also heard from the Biennial Audits Commission a -- we looked at
hiring of temporary employees and in 2010 through 2014, the prior audit noted that position -- temporary positions are not advertised through the City websites as the full-time positions and when we did our review here, this has been fully implemented and those positions are now properly advertised through the City website. That concludes my presentation and I will entertain any questions that you have.”

President: “Thank you. Ah -- Director Moore.”

Director of the Dept. of Recreation & Parks: “Good morning Mayor Young, Council President Scott, Comptroller Pratt, and all the Board members. I want to go through the um -- findings for the FY 18-19. Ah -- the first finding uh -- in reference to the Annual Pool Operating Commission, we disagree with this finding because ah -- as Mr. Pasch said earlier, these pools are inspected in part by the Department of Health. There has been, in the past, discussion about um -- the waiver of the Rec. and Park fee for the permits. But, I have since spoken to the uh -- current Health
Department of Audits – Audit Report – cont’d

Commissioner and we're going to have a follow-up meeting so that next summer, we'll have a determination if the fee will be permanently waived, and in writing, or if we need to uh -- look at our Department to pay the fee. But that’s um -- recommendation one and the -- second finding -- in reference to our aquatics -- as we all know um -- we have 23 operating pools, but from summer to summer uh -- these -- these budget books are established a year prior. So when we get ready to start the next pool season, there are chances where these pools uh -- may not operate and we have to shut some of these pool down. But, we will work closely uh -- with uh -- BBMR to look at that target and look at if that is a measure that we need to continue to consider with the -- the inconsistency of our pool operation. So finding three, um -- we have a Rent Policy and Procedure. We -- we will continue to revise that Rent Policy and Procedure for our playgrounds. We do have a certified State Inspector on staff now. We are moving that position from contracts to full time FTE with the full-time role of inspecting our playgrounds where she has currently reviewed and expected over
Department of Audits – Audit Report – cont’d

70 percent of our playgrounds now. As we all know, we have over 120 playgrounds. So, that is something that we will continue to improve. We do agree with that -- that finding. Uh -- for four um -- finding four and what is in reference to our Forestry and how we handle Work Orders um -- we have agreed that our Forestry Urban Department will look at our current written Policy and Procedures. Um -- with um -- clear action plannable phones where we'll have this Policy and Procedure in place uh -- going forward with an updated schedule uh -- SLA and City Works by February 1, 2021. And the final finding, um -- five -- in reference to Forestry goes we would recommend having a discussion internally where we could agree -- agree with this finding currently do and discussed with the Urban Forestry and make sure we have a measure in force so that we can measure according to performance and act to improve our response for the most recent finding for FY 18 and 19. I am open to any questions that the -- the community may have.”
Department of Audits – Audit Report – cont’d

President: “Ah -- Director Moore, just wanted -- just a quick question about the risk and issue. I -- I think you know why the numbers don’t add up. Uh -- but is this because of the wristbands -- are for young people and folks who have like paid and been able to get in -- is the -- is the disconnect on the numbers related around some of the financial challenges for some of our young people and people at our -- in our staff just ah -- doing what I call being -- being human and allowing young people to swim without -- without the band or both, without payment?”

Director of the Dept. of Recreation & Parks: “That is -- it is a mixture of -- of those things um -- that being one and I think going forward that is something that um -- as you know -- we move forward as an agency -- we need to look at. If we recall, this past year we -- we did not have a fee for all of our swimming pools and maybe that is the approach going forward. Um -- is that we look at that as an option and we got to figure out how we adjust in our budget to make up for those expenditures, but maybe that is the solution going forward, but that is some of the explanation.”
President: “Thank you. Any other questions from any of the other Board members? All right, seeing none uh -- the Board -- the Audit Report is NOTED.”

**STATEMENT OF PURPOSE AND RATIONALE FOR NON-COMPETITIVE PROCUREMENT:**

On May 30, 2018, the Board approved the initial award in the amount of $67,037.50. The award contained two 1-year renewal options at the sole discretion of the City. The engagement auditing software is the only audit package determined to adequately meet the needs of the Department of Audits. Wolters Kluwer United States, Inc. is the software manufacturer and sole provider. This increase in the amount of $50,000.00 will
allow for the provision of additional subscription licenses as needed. A Notice of Intent to waive competition was posted. This increase will make the award amount $150,556.25. The contract expires on May 31, 2021, with two 1-year renewal options as the sole discretion of the City. The above amount is the City’s estimated requirement.

It is hereby certified that the above procurement is of such a nature that no advantage will result in seeking nor would it be practicable to obtain competitive bids. Therefore, pursuant to Article VI, Section 11 (e)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

Contract No. B50001886 - Vehicle Leasing - Baltimore Police Department - P.O. No.: P519341

On January 18, 2012, the Board approved the initial award in the amount of $372,018.00. The award contained two renewal options. Subsequent actions have been approved, and two renewals have been exercised. An extension is necessary to continue vehicle leasing services for various City agencies while a new Solicitation B50005715 is awarded. The period of the extension is June 30, 2020 through December 31, 2020.

It is hereby certified that the above procurement is of such a nature that no advantage will result in seeking nor would it be practicable to obtain competitive bids. Therefore, pursuant to Article VI, Section 11 (e)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

MBE/WBE PARTICIPATION:

On March 25, 2011, it was determined that no goals would be set because of no opportunity to segment the contract. This contract requires that vehicles are serviced under current fleet maintenance/repair contracts.

MWBOO GRANTED A WAIVER ON MARCH 25, 2011.

RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

* * * * * *

On the recommendations of the City agencies hereinafter named, the Board,

UPON MOTION duly made and seconded,

awarded the formally advertised contract listed on the following pages:

4305 - 4306

to the low bidders meeting the specifications, or rejected bids on those as indicated for the reasons stated.
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Procurement

1. B50005715, Vehicle Leasing

   Acme Auto Leasing, LLC  $ 5,578,560.00
   All Car Leasing dba Nextcar  $ 6,831,600.00

(Various City Agencies)

Suppliers were solicited by posting on CitiBuy, eMaryland Marketplace, and in local newspapers. Three bids were received and opened on April 15, 2020. The award is recommended to the first and third lowest responsive and responsible bidders. The second low bidder Enterprise Fleet Management, Inc. was deemed non-responsive because the bidder took multiple exceptions against solicitation that will not meet the City’s requirements.

The above amount is the City’s estimated requirement.

MBE/WBE PARTICIPATION:

On February 1, 2019, it was determined no goals would be set because of no opportunity to segment the contract.

MWBOO GRANTED A WAIVER ON FEBRUARY 1, 2019.
RECOMMENDATIONS FOR CONTRACT AWARDS/REJECTIONS

Bureau of Procurement

2. B50006115, Utility Van Service Body Installation

REJECTION: Vendors were solicited by posting on CitiBuy and eMaryland Marketplace. The two bids received on October 07, 2020 were not opened. The solicitation referenced the local newspapers in CitiBuy and was not advertised in the local newspapers as required per the City’s Charter. For this reason, it is recommended that the Board reject all bids. A new solicitation will be re-issued upon Board approval of this request.
Law Department - Settlement Agreements and Releases

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of the Settlement Agreements and Releases of claims and litigation brought by nine individuals against former members of the Baltimore Police Department’s (BPD) Gun Trace Task Force (GTTF). Plaintiffs allege numerous federal claims against the BPD and the GTTF officer defendants.

**AMOUNT OF MONEY AND SOURCE:**

$253,000.00 - 1001-000000-2041-716700-603070
(Total proposed settlements)

**BACKGROUND/EXPLANATION:**

The total amount of the proposed settlement is for resolution of nine claims/lawsuits.

The conduct of former GTTF officers has led to dozens of lawsuits and claims against the officers and the BPD itself. These cases and claims allege a variety of misconduct including theft, excessive use of force, and falsification of evidence resulting in wrongful arrest and/or conviction. The claims and lawsuits typically name as Defendants the individual GTTF officers, the BPD, and the BPD Command-level staff.

As with all lawsuits, the Law Department analyzes the strengths and weaknesses of each case upon receipt of the Complaint. Among other considerations, the Law Department is cognizant of a recent ruling from the Maryland Court of Appeals (*Baltimore City Police Dep't v. Potts*, No. 51, SEPT. TERM, 2019, 2020 WL 1983209 (Md. Apr. 24, 2020)), finding that the criminal conduct of the GTTF officers in two separate cases was within the scope of their employment; and, therefore, the City was required to indemnify judgments against those officers. Through mediation and settlement
Law Department – cont’d

discussions, the Law Department has weighed the attributes of each matter, and has negotiated settlements of several GTTF claims/lawsuits. The settlement values vary based on the factual allegations of each case. And, reflect the strengths and weaknesses each presents.

In the interest of transparency, it is the intention of the Law Department to bring every settlement of a GTTF matter to the Board of Estimates (BOE), regardless of settlement value. The BOE should anticipate one or more follow-up requests as additional settlements are finalized and prepared for the Board’s consideration. The Law Department believes these settlements to be in the best interest of both the City and the plaintiffs who may have been harmed by the misconduct of former GTTF members.

Thus far, the settlements are as follows:

Richard Stokes v. Jenkins, et al. 24-C-18-004643 $11,000.00
Tyrell Jeffries v. Taylor, et al. 24-C-19-002916 $15,000.00
Tate v. Hersl, et al. 1:19-cv-02240-DKC $15,000.00
Gary Brown v. Rayam, et al. 1:20-cv-00487-SAG $15,000.00
Louis Marshall v. Jenkins, et al. 24-C-19-005233 $23,000.00
Wayne Lee v. Hersl, et al. 1:20-cv-02196-GLR $24,000.00
James Davis v. Hersl 24-C-16-003513 $65,000.00
Avon Allen v. Taylor, et al. 1:20-cv-00489 $70,000.00

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Settlement Agreements and Releases of claims and litigation brought by nine individuals against former members of the Baltimore Police Department’s Gun Trace Task Force.
Law Department - Settlement Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Settlement Agreement of the claim of Nicole Suiter and Zharia Suiter, Plaintiffs, against the Mayor and City Council of Baltimore.

AMOUNT OF MONEY AND SOURCE:

$900,000.00 - 2044-000000-1450-703800-603070

BACKGROUND/EXPLANATION:

The death of Det. Sean Suiter in November 2017, was widely reported and is still the subject of much conjecture and speculation. He left behind a young widow and a minor daughter, both dependents under Maryland’s Workers’ Compensation Act. They have sought dependency benefits under the Act and their claims could be found compensable under any one of several theories with a potential for lifetime benefits for Mrs. Suiter.

As with all workers’ compensation claims, the Law Department, with the assistance of our third-party claims adjusting firm (Sedgwick) analyzes the strengths and weaknesses of each case upon receipt of the Claim. Among other considerations, the Law Department is cognizant of the findings made by the State Medical Examiner regarding this death along with the findings and conclusions of an Independent Review Board and a review completed by the Maryland State Police. This death remains as an open homicide investigation by both the Baltimore City Police Department and the Baltimore City State’s Attorney.

Through investigation and settlement discussions, the Law Department has weighed the legal and factual attributes of this

matter and has negotiated a settlement of this claim greatly reducing the City’s potential exposure. We believe this compromise and settlement to be in the best interests of both the City and the Claimants.

APPROVED FOR FUNDS BY FINANCE

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Settlement Agreement of the claim of Nicole Suiter and Zharia Suiter, Plaintiffs, against the Mayor and City Council of Baltimore.
Department of Public Works - Memorandum of Understanding

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Memorandum of Understanding (MOU) with Baltimore County’s Department of Public Works. The period of the MOU is approximately one year, commencing upon execution by the County of a contract with Itron, Inc. through the end date of the County’s contract with Itron, unless that Contract or this MOU is terminated or extended by agreement of the Parties, subject to Board of Estimates approval.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

Baltimore County’s Department of Public Works is planning to enter into a contract with a private Vendor, Itron for the purpose of Water Meter Reading, Maintenance, and Field Investigation Services for the County.

The County and the City desire to enter into this MOU for the purpose of identifying and confirming their individual and shared contributions/responsibilities that will be affected by the Itron contract with regard to the yearly Cost Allocation Model (“CAM”) which defines and governs the cost sharing for water services between the City and County. The City’s responsibility under this MOU includes the cost of developing the County Water Rate. The development of the County Water rate will be performed by the City’s Consultant, Raftelis Financial Consultant, Inc., for a cost of $241,389.00. The City is jointly responsible (with the County) for addressing and mutually resolving water and sewer revenue lost due to any late water meter readings.

President: “Uh -- before we close, I did want to ah -- ah -- highlight today that the Board approved the renewal of Cyber Security Insurance. Uh -- a modern city needs modern technology infrastructure and protection. All of us remember the devastating impact of the ransomware attack uh -- which happened on the first day in a few a few weeks into uh -- Mayor Young being the Mayor. It's our responsibility to ensure nothing like that ever happens again, and that's why we established the Cyber Security Committee and while we'll continue to work hard, we’ll bring the City government into the 21st century. Uh -- thank you everybody. As there's no more business before the Board, we will recess until bid opening at 12 noon and we will reconvene November 4, 2020. Thank you.”
