Account: 1001-000000-2002-195600-603013

BACKGROUND/EXPLANATION:

The leased premises are used by the Baltimore Police Department, Internal Investigation Division as office space and headquarters of the Internal Investigation Division. On August 3, 2005, the Board approved the original Lease Agreement for the period October 1, 2005 through September 30, 2015, with an option to renew for two 5-year periods. On September 23, 2015, the Board approved the first renewal option for five years.
Space Utilization Committee – cont’d

This Amendment to Lease Agreement is changing the extension of the Original Lease for a ten year period commencing October 1, 2015 and terminating September 30, 2025, which includes the renewal option of five years mentioned above. As a result of the extension, the Lessor will preserve additional space of 8,000 square feet on the 2nd floor of 2524 Kirk Avenue at a rate of $11.50 per square foot until November 1, 2016 for the Lessee. The rental for this additional space will be blended with the rental for the first floor space.

The Lessor will be responsible for utilities, structural defects, maintenance and repairs, real estate taxes, fire insurance and janitorial services.

The Lessee will be responsible for liability insurance under the City’s self-insured program. All other rentals, conditions, and provisions of the lease agreement dated on August 3, 2005 will remain in full force and effect.

The Space Utilization Committee approved this Amendment to Lease Agreement on December 15, 2015.

BACKGROUND/EXPLANATION:

The original Lease Agreement was for the period January 1, 2014 through December 31, 2014, with an option to renew for a one year term through December 31, 2015. This Amendment to Lease Agreement will extend the period of the lease agreement for an additional one year effective January 1, 2016 through December 31, 2016. It is agreed by all parties that all other rentals, conditions, provisions, and terms of the original lease agreement dated May 14, 2014 will remain in full force and effect.

The Space Utilization Committee approved this Lease Agreement on December 15, 2015.

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Amendment to Lease Agreement with Lawrence Irvine, Lessee, for the rental of space located at School 33 Art Center, 1427 Light Street, Studio #205.
Space Utilization Committee - Lease Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Lease Agreement with Greater Mondawmin Coordinating Council, Inc., Tenant, for the rental of a portion of the property known as 2610 Francis Street, consisting of approximately 5,776 square feet. The period of the Lease Agreement is December 1, 2015 through March 31, 2016, with no option to renew.

**AMOUNT OF MONEY AND SOURCE:**

$1.00 - annual rent, if demanded.

**BACKGROUND/EXPLANATION:**

The leased premises will be used as operation and office space for the Operation Safe Streets Program in the Greater Mondawmin Site area.

The Landlord will be responsible for repair of the central heating and ventilation when needed, snow removal, debris in the common areas outside of the building, maintenance of the roof, walls, HVAC systems, the water, electrical, and plumbing supply lines.

The Tenant will be responsible for keeping the leased premises free of trash and obstructions, utilities, telephone service, computer service, heat, sewer and water, security system, janitorial service, and liability insurance.

The lease term is for four months because the program will be required to vacate the premises so that the children from John Eager Howard Recreation Center can occupy the premises while renovations are done at their center. A new location is being sought by the BCRP.

The Space Utilization Committee approved this Lease Agreement on December 15, 2015.

Department of Communication Services – Settlement Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Settlement Agreement with Verizon Maryland, LLC. The Board is also requested to approve and authorize payment by Expenditure Authorization.

AMOUNT OF MONEY AND SOURCE:

$148,545.63 – 2039-000000-1330-158400-603084

BACKGROUND/EXPLANATION:

The agreement settles alleged billing of incorrect late payment charges and rates. Certain billing disputes have arisen between the City and Verizon regarding alleged billing of incorrect late payment charges and incorrect rates, arising over numerous years under multiple agreements for telecommunications services. Verizon has proposed a one-time credit to the City resulting in a net balance less, the credit as the City’s payment.

Verizon has issued a credit to the City in the amount of $103,862.51 that has been posted to the City’s account as part of the resolution of this dispute.

APPROVED FOR FUNDS BY FINANCE

UPON MOTION duly made and seconded, the Board approved and authorized execution of the Settlement Agreement with Verizon Maryland, LLC. The Board also approved and authorized payment by Expenditure Authorization.

The Board is requested to approve funding for the second year under the License Agreement with Sparrows Point Terminal, LLC. The second year is January 1, 2016 through December 31, 2016.

AMOUNT OF MONEY AND SOURCE:

$1,441,838.72 – 2070-000000-5501-630040-603026

BACKGROUND/EXPLANATION:

On December 24, 2014, the Board approved the license agreement between the City and Sparrows Point Terminal, LLC, for the continued acceptance and discharge of treated effluent from the Back River Wastewater Treatment Plant, through December 31, 2018. The terms of the agreement include options to extend the agreement beyond the 2018 end date should the parties mutually agree, or to terminate the agreement should a resolution for the discharge of the effluent be realized sooner.

The City’s payments for the first year of the agreement were $120,000.00 per month, based on estimated monthly electrical costs and monthly personnel and other costs. The terms of the agreement provide for the monthly payment amount to be adjusted on the anniversary date of the effective date, based on the year-over-year change in the Consumer Price Index (CPI) for the Washington D.C. – Baltimore region and on a true-up for electrical costs. The electrical costs will remain unchanged, but the CPI over the last 12 months rose 0.5%, therefore, the monthly payments are expected to increase by $150.00 for the next twelve months of the agreement.

    One-Time Supplemental Discretionary Funds

$2,313,136.00

BACKGROUND/EXPLANATION:

The SFY 2016 CLIG grant provides funds to support early intervention services to infants, toddlers, and preschool children with developmental delays and disabilities receiving services under an Individualized Family Service Plan (IFSP) or an Extended IFSP and their families.

The grant was late because the Department was notified of the award on November 10, 2015. The administrative review process delayed processing.

UPON MOTION duly made and seconded, the Board approved acceptance of the State Fiscal Year 2016 Consolidation Local Implementation Grant from the Maryland State Department of Education.
Health Department – Agreements, Memorandum of Agreement, Ratification of Amendments and Amendment to Agreement

The Board is requested to approve and authorize execution of the various Agreements, Memorandum of Agreement, Ratification of Amendments and Amendment to Agreement.

   This agreement replaces the prior agreement approved by the Board on October 7, 2015 for period May 1, 2015 through September 30, 2015 for $30,000.00 because it expired before any work was done.
Health Dept. – cont’d

The UMBC will provide training activities to reach a wider audience with health messaging about tobacco. The goal is to reduce maternal exposure to substances at preconception, during pregnancy, and postpartum. The period of the agreement is May 1, 2015 through June 30, 2016.

The agreement is late because revisions delayed processing.

8. **COZY COVE HOME CARE, LLC**  $ 7,800.00

Account: 5000-534016-3044-273300-603051

The Cozy Cove Home Care, LLC will provide services for the assisted living group home located at 718 N. August Avenue. This facility is enrolled in the Senior Assisted Living Group Home Subsidy Program and will provide subsidized senior assisted housing services for individuals age 62 and over, who have temporary or periodic difficulties with the activities of daily living. The senior assisted residents receive shelter, meals, housekeeping, personal care services, and 24-hour on-site supervision. The period of the agreement is July 1, 2015 through June 30, 2016.

The agreement is late because it was just finalized by the Department.

10. **PAYNE MEMORIAL OUTREACH, INC.** $11,442.24

Account: 4000-433316-3254-316200-603051

The organization will provide adult medical day care services to ill, frail or disabled elderly persons who are eligible to receive Office of Health Services grant funding from the City. The City will pay the provider the set rate of $39.73 per day of service provided to an individual recipient, not to exceed 630 days of service provided to recipients per year, for all combined. This rate includes transportation services for the recipient.

Payne Memorial Outreach, Inc., will develop an appropriate care plan to each recipient in accordance with policies as specified in COMAR 10.12.04, Day Care for the Elderly and Medically Handicapped Adults, and COMAR 10.09.07, Medical Care Program. The period of the agreement is July 1, 2015 through June 30, 2016.

The agreement is late because the department was awaiting grant information and signatures from the organization.

11. **BALTIMORE MEDICAL SYSTEM, INC.** $ 26,385.00

Account: 5000-530316-3041-605800-603051

The organization will work with the BCHD to educate 2,600 minority adults at community sites on the risk factors associated with tobacco use and the harm caused by secondhand smoke exposure to non-smokers and smoke-free home rules. The period of the agreement is October 1, 2015 through June 30, 2016.

The agreement is late because funds were just awarded on October 7, 2015.
Health Department – cont’d

12. PARK WEST HEALTH SYSTEM, INCORPORATED $180,000.00

Account: 5000-569716-3023-274410-603051

The organization will provide non-medical case management services for 45 clients encountered by outreach services. Clients will be assessed for Ryan White Part B eligibility (HIV status, residency, income, and insurance). A biopsychosocial assessment will be completed and an action plan will be developed outlining the goals and objectives for each client. Referrals will be made and documented follow-up will be conducted on referrals until they are resolved. The period of the agreement is July 1, 2015 through June 30, 2016.

The agreement is being presented at this time because the Infectious Disease and Environmental Health Administration programmatically manages Ryan White Part B services. The providers are asked to submit a budget, budget narrative, and scope of services. The Department thoroughly reviews the entire package before preparing a contract and submitting it to the Board. These budgets are many times revised because of inadequate information from the providers. This review process is required to confirm with the grant requirements.

15. CAREFIRST BLUECROSS BLUESHIELD  $750,000.00

Account: 6000-626316-3080-513200-603051

Under the terms of the MOA, the funds will be used to support the B’More for Healthy Babies (BHB) Initiative. The goal of the BHB Initiative is to reduce infants’ deaths due to preterm births, low-birth weight, and unsafe sleep conditions, which disproportionately affect African American women. The period of the agreement is July 1, 2015 through June 30, 2016.

The MOA is late because it was received on November 13, 2015.

RATIFICATION OF AMENDMENTS

16. THE JOHNS HOPKINS UNIVERSITY, SCHOOL OF MEDICINE $10,000.00

Account: 4000-422715-3030-279200-603051

On September 17, 2014, the Board approved the original agreement for $50,000.00 for the period of July 1, 2014 through June 30, 2015.

The Department requests the Board to ratify the Amendment to Agreement for additional services and approve payment to The Johns Hopkins University, School of Medicine for services it rendered. The Amendment to Agreement will make the total agreement amount $60,000.00.

On May 19, 2015, the program manager requested an amendment which was not processed due to an oversight.
17. THE JOHNS HOPKINS UNIVERSITY $22,996.00

Account: 4000-422615-3030-271500-603051

The Board approved the original agreement for the amount of $110,423.00 for the period of September 30, 2014 through September 29, 2015.

Due to oversight, the amendment for additional services was not processed in time. The agreement expired on September 29, 2015.

The Department requests the Board to ratify the Amendment to Agreement and authorize and approve payment. The amendment will allow the Department to reimburse the provider for additional services it provided. The Amendment to Agreement will make the total agreement amount $133,419.00.

The Amendment to Agreement is late because the department was awaiting signatures.

Health Department - Notification of Grant Award

ACTION REQUESTED OF B/E:

The Board is requested to approve acceptance of the Notification of Grant Award (NGA) from the Maryland Department of Aging (MDoA). The period of the NGA is July 1, 2015 through June 30, 2016.

AMOUNT OF MONEY AND SOURCE:

$95,870.00 - 5000-536016-3044-295900-405001
Maryland Access Point (MAP)

BACKGROUND/EXPLANATION:

The approval of this NGA will allow the Department to provide funds to assist Maryland Access Point Program (MAP) sites and the Department to realign existing resources and philosophies within the organization. MAP’s overall objectives is to increase consumer knowledge of resources, ensure access to programs and services to older adults and persons with disabilities using the single point of entry “no wrong door” model. Baltimore City MAP will provide long term services and supports to ensure promotion of the State’s rebalancing efforts.

Department of Planning – Amendment to Memorandum of Understanding

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of an Amendment to Memorandum of Understanding (MOU) with the Chesapeake Bay Trust. The Amendment to Memorandum of Understanding extends the period of the MOU through September 3, 2016.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

On September 3, 2014, the Board approved a Memorandum of Understanding in the amount of $200,000.00 for the period September 3, 2014 through February 3, 2016. Funding is being utilized to provide grants to winning Baltimore City applicants of the Growing Green Design Competition: Vacant Lots Transformed to fully design and construct their winning ideas.

This Amendment to extend the period of the MOU is necessary because many winning teams were delayed in their project timeline and completion. The delay resulted from their need to hire an additional licensed engineer, prepare necessary stormwater management plans for approval, and move through the ePlans permitting process. In addition, this extension will allow the Chesapeake Bay Trust to have additional time to complete the final phase payments to winning teams to complete their projects, and submit a final report to the City, as required by the MOU.

The Board is requested to approve and authorize execution of a Memorandum of Understanding (MOU) with the University of Baltimore, and the Baltimore Neighborhood Indicators Alliance – Jacob France Institute. The period of the MOU is August 1, 2015 through July 14, 2016.

**AMOUNT OF MONEY AND SOURCE:**

$50,951.00 – 4000-472813-2252-690700-600000

**BACKGROUND/EXPLANATION:**

On February 6, 2013, the Board approved and authorized a grant award for the “McElderry Park Revitalization Coalition Project.” On July 29, 2015, the Board approved and authorized a Grant Adjustment Notice extending the term of the agreement through August 31, 2016. This project aspires to improve community safety by designing and implementing effective, comprehensive approaches to addressing crime within a targeted neighborhood. The Baltimore Neighborhood Indicators Alliance-Jacob France Institute will perform an evaluation period of the data gathered. The objectives of this project are to decrease the incidence of violent crime, specifically juvenile crime and to examine alternatives to criminal behavior for residents of the McElderry Park neighborhood.

On October 15, 2014, the Board approved the acquisition of the leasehold interest in the property located at 4710 Park Heights Avenue for the fair market value of $44,200.00, based upon an independent appraisal report of the property. The owner produced a report valuing the property at $110,000.00 based upon the comparable sales approach and $113,000.00 based upon the income approach. The owner demanded a jury trial. On the eve of the trial, the parties agreed to settle the case for $60,000.00. Therefore, the Board is requested to approve an additional $15,800.00.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a
Grant/Cooperative Agreement with the U.S. Department of Housing
and Urban Development (HUD). The period of the award is January
1, 2016 through December 31, 2019.

AMOUNT OF MONEY AND SOURCE:

$3,714,272.00 – 4000-468516-5825-608400-603051

BACKGROUND/EXPLANATION:

The funds will be utilized for the Baltimore City Lead Hazard
Reduction Program.

Although tremendous progress has been made in the past 20 years
to reduce the incidence of childhood lead paint poisoning, much
work remains to be done. Every year, over 700 children in
Baltimore City are identified as having elevated blood lead
levels, most often coming from lead paint hazards in their homes.

This federal grant along with matching State and local funds
will remove lead hazards from 230 homes over a three-year
period. Families with total annual incomes at or below 80% of
Area Median Income, with a child under six years old, and with
identified lead paint hazards in the home are eligible to apply
for grant assistance. Landlords may apply for grant or loan
assistance on behalf of eligible tenants.

The Baltimore City Department of Housing and Community
Development (DHCD) has prior experience as the local
weatherization agency for state-managed Federal and EmPOWER MD
programs. The 2012 Empower MD grant covered the period July 2012
through July 2015. This grant totaled $10,744,959.00 and served
1,870 homes in Baltimore City.
DHCD – cont’d

In the past six years, Federal and State funded weatherization programs have enabled DHCD to aggregately serve over 8,000 households and reduce utility bills for low-income families by $10,000,000.00.

Through case coordination and partnerships with non-profit entities, the program provides complimentary assistance for clients in attaining healthy home improvements. These improvements include but are not limited to fall/injury prevention, asthma trigger reduction, and integrated pest management.

Department of Housing and Community - Weatherization Assistance Development (DHCD) Grant Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Weatherization Assistance Grant Agreement with the State of Maryland Department of Housing and Community Development. The period of the agreement is effective upon Board approval through December 31, 2017.

AMOUNT OF MONEY AND SOURCE:

$5,000,000.00 - 5000-594416-5971-439500-603051

BACKGROUND/EXPLANATION:

The DHCD responded to a Request for Proposals and won the right to implement the State’s EmPOWER MD program in the City. The DHCD had prior experience as the local weatherization agency for state-managed Federal and EmPOWER MD programs. This grant covers calendar years 2016 and 2017 and is projected to aid 1,250 low-income families at or below 200% of poverty. Additional families will be served by the Federal Weatherization Assistance Program; federal funding varies from year to year and has recently averaged $800,000.00 a year.

The EmPOWER MD was established by the Maryland Public Service Commission to help reduce electricity consumption and to help low-income families reduce their utility bills. In the past six years, federal and state weatherization programs have enabled the DHCD to serve over 8,000 and collectively reduce utility bills for low-income families by $10,000,000.00.

Healthy home improvements such as fall/injury prevention, asthma trigger reduction, and integrated pest management are provided as complimentary services to weatherization either directly or through assistance from non-profit partners.
MBE/WBE PARTICIPATION:
The Weatherization contractors fully comply with MBE/WBE requirements of the City.

Department of Housing and Community Development - Extension for Follow-Up Report - LIHEAP Audit Findings

**ACTION REQUESTED OF B/E:**

The Board is requested to approve an extension of time for the presentation of the second follow-up report. This report will reflect progress made toward addressing the FY 2013 audit findings cited against the Low Income Home Energy Assistance Program (LIHEAP). The Department of Housing and Community Development is requesting an extension to the end of January, 2016.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

Currently, the CPA firm assisting the DHCD in the file reconstruction process is wrapping up the detailed paperwork. The CPA firm is also preparing recommendations on the internal control and improvements on the operating procedures of the LIHEAP Office.

Once the DHCD receives the paperwork from the CPA firm, they will review the detail in preparation of the follow-up report to the Board. Therefore, the Department is requesting an extension until the end of January 2016.

**UPON MOTION,** duly made and seconded, the Board approved the extension of time for the presentation of the second follow-up report. This report will reflect progress made toward addressing the FY 2013 audit findings cited against the Low Income Home Energy Assistance Program.

Local Government Resolution

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Local Government Resolution in support of the “Community Investment Tax Credit” Program (CITC) of the Maryland Department of Housing and Community Development (MDDHCD). A local resolution of support is required for organizations to participate in the program.

AMOUNT OF MONEY AND SOURCE:

$2,132,428.00 – MDDHCD/CITC

No City funds are requested.

BACKGROUND/EXPLANATION:

Each year, non-profit organizations in Baltimore City request Local Government Resolutions of support for applications to Maryland’s CITC Program. The CITC benefits non-profit organizations with projects and programs that benefit the City and its neighborhoods, residents, and businesses.

Individuals and business entities can support these local organizations through the CITC and, in turn, reduce their Maryland tax liability, help a local non-profit organization achieve an essential community goal, make a targeted community impact, improve community relations, and increase their visibility.

Nonprofit organizations, designated a 501(c)(3) organization by the Internal Revenue Service, are eligible to apply to the CITC program to support a project or activity that is either located in or serving a community in a Priority Funding Area (PFA).
DHCD - cont’d

Eligible projects must be located in a PFA or serve PFA residents, and typically involve activities such as: 1) education and youth services, 2) housing and community development, 3) job and self-sufficiency training, 4) enhancing neighborhoods and business districts, 5) arts, culture and historic preservation, 6) economic development and tourism promotion, 7) technical assistance and capacity building, and 8) services for at-risk populations.

In 2015, the City received the following 56 requests for Local Government Resolutions of support from non-profit organizations located in Baltimore City.

UPON MOTION, duly made and seconded, the Board approved and authorized execution of a Local Government Resolution in support of the “Community Investment Tax Credit” Program of the Maryland Department of Housing and Community Development. A local resolution of support is required for organizations to participate in the program. The Mayor ABSTAINED on Baltimore Clayworks, Inc., Live Baltimore Home Center, Inc., and The National Aquarium in Baltimore, Inc.
Department of Housing and Community Development - Replace Existing Loan Guarantors with New Guarantor and Subordination of Regulatory Agreement to a New First Loan

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the replacement of the existing loan guarantors with Seawall Development Company, LLC (Seawall Development) in connection with the $750,000.00 loan from the City's Inclusionary Housing Fund (City Loan) to Small Point Borrower LLC (Borrower). The Board is also requested to approve the subordination of its regulatory agreement to a new first loan.

The Board is further requested to authorize the Commissioner of the Department of Housing and Community Development to execute any and all documents to effectuate this transaction subject to review and approval for legal sufficiency by the Department of Law.

**AMOUNT OF MONEY AND SOURCE:**

No additional funds are required.

**BACKGROUND/EXPLANATION:**

On July 16, 2008, the Board approved a $750,000.00 loan from the City’s Inclusionary Housing Fund (City Loan) to Small Point Borrower LLC. The proceeds of the City Loan (City Loan Proceeds) were used to support a portion of the hard costs of the new construction and rehabilitation costs of 40 one, two, and three-bedroom, loft-style residential rental units that are being targeted to new teachers in the Baltimore Public School System (City Project), which was part of a larger development and redevelopment known as Cannery Square Apartments, also known as Miller’s Court Apartments, located at 2602 North Howard Street.

Cannery Square (Miller’s Court) was the historic restoration of a long-vacant, classic industrial style brick warehouse into a multi-purpose educational life center and residential development.
DHCD – cont’d

Using a combination of historic and New Markets Tax Credits, in addition to the City Loan, the project consisted of the redevelopment of a 77,000 square foot structure (the Development) into two complementary parts: (i) the City Project, and (ii) 35,000 square feet of affordable “flex” office space for non-profit organizations and approximately 1,000 square feet for a coffee shop or other retail use. The apartments and commercial space at Miller’s Court are currently fully leased. There is a waiting list for new residents and commercial tenants.

The Development is owned by Small Point LLC, a Maryland limited liability company (the Owner). Because of the Historic Tax Credits and New Markets Tax Credits that were an integral part of the financing, the City agreed to make the City Loan to the Borrower, who then agreed to inject the City Loan Proceeds to the Owner through a series of sub-loans and equity investments.

In consideration of the making of the City Loan, the developer agreed that within the City Project; (i) two units containing one-bedroom will be occupied by households at 85% of Area Median Income (AMI), (ii) three units containing one-bedroom will be occupied by households at 90% of the AMI; and (iii) five units containing two-bedrooms will be occupied by households at 100% of the AMI (collectively, the City Project Rental Restrictions).

The City Loan has the following terms; 1) no payments were due and interest did not accrue during the construction period, 2) during the 17-year period following construction completion (Permanent Period), interest accrues at 1% and the Borrower is only required to make monthly payments of interest, and 3) all principal and any interest owed will be due on the last day of the Permanent Period (the Maturity Date).

The City Loan is secured primarily by a Guaranty (the Original Guaranty), executed by Donald A. Manekin, Thibault Manekin, J. Edward Hamel, and Philip W. Gibbs (collectively, the Guarantors) for the benefit of the City.
DHCD – cont’d

A Regulatory Agreement (the Regulatory Agreement) ensuring that the Owner complies with the City Project Rental Restrictions and other requirements of the City Loan was recorded and runs with the land. The Regulatory Agreement is currently subordinate to the existing deed of trust securing the current senior loan.

In accordance with the 2008 Board approval, the loan documents require that at the end of the recapture period of the New Market Tax Credits (the Recapture Period), the Borrower will arrange to have the City Loan secured by 1) a lien on real property or 2) other collateral whose value is not less than the outstanding principal and interest on the City Loan such as a Letter of Credit (the Refinancing Covenant). The City also agreed that to the extent the Borrower arranges for permanent financing of the Project at the end of the Recapture Period, the payment of the City Loan and the terms, conditions, and lien of the City’s mortgage, if any, was to have been subordinate to the terms, conditions, and lien of any mortgage securing any component of such permanent financing, and the City agreed to enter into a commercially reasonable subordination agreement with any such permanent lender.

The Year 2015 marks the end of the Recapture Period and the Borrower and the Owner are required to refinance the existing senior lender.

TD Bank, National Association (TD Bank) has agreed to provide a new first loan in the approximate amount of $6,000,000.00 which will be secured by a first priority lien on the Development. The Owner is not taking out any equity through the new first loan. The term of the loan will be 10 years with an interest rate equal to the 10-year Treasury Rate plus 175 Basis Points. As a condition of its loan, since the City Loan is not currently secured by real property, TD Bank will not allow the City Loan to be secured by a subordinate lien on the property.
In order to meet the Refinancing Covenant, the Borrower and the Owner have requested, and the City has agreed, to replace the existing guaranty from the Original Guarantors with a new guaranty from Seawall Development Company LLC (Seawall Development). According to its financial statements, the value of Seawall Development and its other outstanding receivables are greater than the outstanding principal amount of the City Loan.

In addition, TD Bank has requested that its deed of trust retain the existing senior position to the Regulatory Agreement.

The Department respectfully requests the Board’s approval to replace the Original Guarantors with Seawall Development and allow TD Bank to retain the senior lien position. As Seawall Development has substantial financial assets, replacing the guarantors and subordinating the Regulatory Agreement to TD Bank’s deed of trust will not materially and adversely change the City’s position with respect to this transaction.

An appraisal was prepared on November 23, 2015, by Valbridge Property Advisors, Lipman Frizzell & Mitchell LLC. The “as is” value of the property was determined to be $10,795,000.00 and the “as is at market” value of the property was determined to be $11,520,000.00.

THE DIRECTOR OF FINANCE REVIEWED AND RECOMMENDED APPROVAL.
UPON MOTION, duly made and seconded, the Board approved the replacement of the existing loan guarantors with Seawall Development Company, LLC (Seawall Development) in connection with the $750,000.00 loan from the City's Inclusionary Housing Fund (City Loan) to Small Point Borrower LLC (Borrower). The Board also approved the subordination of its regulatory agreement to a new first loan.
ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Consultant Agreement with Kenneth Gelula and Associates, LLC. The period of the agreement is effective upon Board approval through June 30, 2016.

AMOUNT OF MONEY AND SOURCE:

$42,000.00 – 1001-000000-1773-179600-603018

BACKGROUND/EXPLANATION:

This consultant agreement is a continuation of work to implement a comprehensive public communication strategy notification to homeowners about tax sales and increase assistance to low-income homeowners, training to City and non-City entities and coordination of services between City agencies and non-profit entities and local foundations.

In the fall of 2014, an interagency City task force, under the leadership of the Director of Finance, was established to examine how the tax sale system could be improved. At the same time, a Tax Sale Work Group representing a dozen non-profit legal, housing and social service agencies were meeting for the same purpose. In December 2014, the Abell Foundation issued a report on the subject of tax sale and one of the key recommendations was to create a position of Tax Sale Service Coordinator to bring public and non-profit improvement efforts into alignment.

The Scope of Services covers a range of activities to integrate the work of city agencies and develop public/non-profit partnerships with the goal of preventing tax sale foreclosure, especially for low-income homeowners and senior citizens.
DHCD - cont’d

Early in 2015, the Department of Housing and Community Development (DHCD) redirected the consulting services of Kenneth Gelula and Associates, LLC, to serve as Tax Sale Service Coordinator. Interagency trainings, legislative reforms, enrichment of pro-bono legal services, and coordination with the foundation community flowed from the consulting work. The consulting agreement was extended twice to sustain that progress.

The DHCD proposes a new agreement for the services of the consultant as Tax Sale Service Coordinator so that the tax sale season starting now and the State legislative season starting in January can benefit from the consistency of coordination, reform, and progress achieved to date. The value of the continued consulting services is recognized both by City agency representatives and non-profit agency leaders.

In the new fiscal year starting July 1, 2016, a permanent position in City government will be established to ensure that the public/non-profit cooperation continues in the future and that households at risk of tax sale and tax sale foreclosure get the best possible information and assistance.

BACKGROUND/EXPLANATION:

Council Bill 04-0007 and Senate Bill 846 and House Bill 831 established the Compensation Commission for Elected Officials and compensation for Appointed Commissioners and the Chairman of the Liquor Board, respectively. The Commission’s recommendation concerning the compensation of elected officials was set in Council Bill 07-0612.
The City Council legislation stipulated that elected officials are entitled to receive an annual salary increase equal to 2.5% of their respective salaries only if at least one of the following employee groups, i.e. AFSCME, CUB, FOP, IAFF, or MAPS receive an increase in compensation during the fiscal year that began the preceding July. AFSCME, CUB, IAFF, and MAPS received 2% cost of living adjustments, effective July 1, 2015. Although not required by Council Bill 07-0612, the Department of Human Resources, in an effort to be fully transparent, has presented the salary increase to the Board of Estimates. The State legislation stipulates adjustments to the above Liquor Board classes salaries based on cost of living increases available to the members of the City Council.

Therefore, the Board is requested to NOTE that the adjustments of the above classes that are in compliance with the law and are effective January 1, 2016.

Re: Bid Protest- Tr.15003

Dear Honorable Board:

Please be advised that we represent M. Luis Construction, Inc. (“M.Luis”), the responsible bidder that submitted the lowest, responsive bid for the above referenced solicitation (the “Solicitation”). M. Luis hereby protests award of the contract resulting from the Solicitation (the “Contract”) to any bidder other than M. Luis.

It is axiomatic that to be responsive a bid must accurately and completely respond to the requirements of the solicitation and that a bid that does not demonstrate compliance with applicable M/WBE participation requirements is non-responsive. Bidders are given ample notice that such failure will result in bid rejection. For the reasons shown below the determination by MWBOO that the bid submitted by Santos Construction Company (“Santos”) complies with the M/WBE participation requirements as set forth in the bid documents is erroneous.  

1. Section 28-31 (d) of the MBE Code states that a certified MBE or WBE “that has been awarded a contract as a prime contractor may count up to 50% of the dollar value of the work it intends to perform with its own forces towards the applicable MBE or WBE goal”. There is nothing in the Code that states that the intended amount of self-performance is to be taken into consideration in determining an award to be made. Accordingly, to the extent that MBWOO’s determination rests, in whole or in part, on Santos’ claim to a credit of $133,012.12 for intended self-performance, it is erroneous on that ground as well.
The Honorable Board  
December 8, 2015  
Page 2 of 2

The bid documents require bidders to demonstrate their intent to utilize M/WBE subcontractors as mandated by including a form designated as “Part B: M/WBE and Prime Contractor’s Statement of Intent” for each minority or woman owned business to be utilized. The Part B forms are required to be executed by the bidder and named subcontractor as evidence of agreement to enter into a contract for the work/service for the dollar amount or percentage indicated. Form B’s that indicate that an alteration has been made to the content relating to the scope of work or price, but not signed or initialed by both parties, may not be relied upon as evidence of compliance because they lack the requisite affirmation of mutual agreement. The Form B submitted by Santos for Machado Construction Company (the “Machado Form”) may not be relied upon because it shows an alteration of the price that is not initialed by Machado.

You can clearly see that a change of some sort was made on the price line of the Machado Form. (Exhibit “A”), as it contains a remnant of prior content. No such marking appears on the form as included in the bid package. The alteration is not initialed and there is no way to determine from within the bid what was there previously. Accordingly, no credit can be given for the supposed use of Machado. To allow credit under these circumstances would contravene long standing Board principles reiterated recently in the R.E. Harington bids where the Board awarded contracts at an additional taxpayer costs of more than $1,000,000 over Harrington’s low bids rather permit after the fact affirmation of agreement.

The Board also made plain the importance of consistency in its decisions regarding so-called “white outs”. None of those decisions gas turned on whether the substance used to make the alteration, the “white out” was itself visible. Nor have you permitted post bid acknowledgement, affirmation or even explanation, even when the affected subcontractors were present and willing to testify (Harrington’s subcontractors were present and willing to testify). No less adherence to the letter of the law should be applicable here.

For the foregoing reasons we urge you to reject the recommendation of the Department of Transportation for award to Santos, as it is based upon MWBOO’s erroneous finding of compliance by Santos and, instead, award the contract to M. Luis, the responsible bidder that submitted the lowest responsive bid.

Very truly yours,

Robert Fulton Dashiell, Esq.

Re: Our Client: Santos Construction Co., Inc.
Contract No.: TR15003, Reconstruction of Footways Citywide

Response to Bid Protest of M. Luis Construction, Inc.

Dear Honorable Board:

Please be advised that I represent Santos Construction Co., Inc. (hereinafter “Santos”) with respect to its bid submission for the above-captioned contract. I write in response to the December 8, 2015 Bid Protest (hereinafter the “Protest”) submitted by M. Luis Construction, Inc. (hereinafter “M. Luis”), protesting any determination to award this contract to Santos. I also respectfully request the opportunity to speak at the December 23, 2015 Board hearing in this regard, where award of this contract to Santos will be considered.

As you are aware, Santos is the low bidder for this Project. Santos’ bid - $985,275 – is $72,595 less than the next low bidder, M. Luis Construction, Inc., at $1,057870.30. Pursuant to Article VI of the City Charter, this Honorable Board is bound to “award the contract, as an entirety to the lowest responsive and responsible bidder...” Charter, Article VI, §11 (h)(1)(ii). In addition, while not binding upon the Board, the Minority and Women Business Opportunity Office (“MWBOO”) has found Santos’ bid compliant with the MBE program requirements.

Simply put, there is no merit whatsoever to M. Luis’ Protest. On the contrary, M. Luis concedes that Santos’ price is $72,595 less than M. Luis’ price for the very same work. M. Luis contention that the City may not consider Santos’ bid on account of alleged “prior markings” on
the Part B: MBE/WBE and Prime Contractor’s Statement of Intent by and between Santos and Machado Construction Co., Inc. is belied by the Part B document itself: simply put, there are no erasures, alterations, “white-outs” or other changes whatsoever to the Part B Statement of Intent. The ‘Exhibit A’ to M. Luis’ Protest is simply a poor copy of Santos’ Part B form, which shows various copy marks and other imperfections. The filed Part B form, however, shows no such markings. A better copy of the Part B form in question is attached. As can be seen, there are none of the copy marks and other imperfection as found in the copy utilized by M. Luis as its Exhibit A to the Protest. For example, whereas in the copy used by M. Luis no underline whatsoever is visible under the subcontract dollar value, giving the impression it was “whited-out.” In the actual filed, bound version located in the Comptroller’s office, however, the underline is clearly visible. See attached. Accordingly, there is absolutely no merit to the Protest, as there are no erasures, white-outs are other alterations to the document in question.

In addition, in a footnote, M. Luis makes a somewhat incoherent argument as to Santos’ self-performance of 50% of the MBE participation goal. M. Luis appears to be arguing that while the MBE Code permits self-performance by an MBE prime contractor of up to 50% of the MBE goal, that same portion of self-performed work cannot be counted toward the award of the contract.¹ This argument is nonsensical, as determination of the MBE participation is conducted prior to award, not after award. In fact, the City’s ‘Part C: Statement of Intent to Self-Perform’ document itself indicates that the prime contractor’s self-performance of MBE qualifying work is “subject to the Prime Contractor’s execution of a contract with the City of Baltimore.” (emphasis supplied). As such, there is likewise no merit to this portion of the Protest.

We respectfully request that Santos be awarded the contract in question, being the lowest responsive and responsible bidder. In doing so, the Board would not only be faithfully conducting its duty under the Charter to “award the contract, as an entirety to the lowest responsive and responsible bidder…” but would also be realizing a savings to the City and taxpayers of Baltimore of $72,595, the difference between Santos’ bid and the next low bid.

Respectfully submitted,

[Signature]

Joseph L. Katz
Attorney for Santos Construction Co., Inc.

CC: Santos Construction Co., Inc.

¹ Notably, in its own bid, M. Luis itself was planning to self-perform over 49% of the MBE participation goal requirements.

A PROTEST WAS RECEIVED FROM COALITION TO END CHILDHOOD LEAD POISONING (dba GREEN & HEALTHY HOMES INITIATIVE).
December 22, 2015

Ruth Ann Norton
Executive Director

Board of Estimates c/o
Clerk to the Board of Estimates
Room 204, City Hall
100 N. Holliday Street
Baltimore, Maryland 21202

Re: Award Protest
Solicitation #B50004279
Residential Energy Conservation Program

Dear Clerk to the Board of Estimates:

The Coalition to End Childhood Lead Poisoning (dba Green & Healthy Homes Initiative) files this protest of the awards in Solicitation #B50004279 - Residential Energy Conservation Program that is scheduled to be heard before the Board of Estimates on December 23, 2015.

The Coalition to End Childhood Lead Poisoning (CECLP) is a highly proven, certified, capitalized and qualified bidder and contractor for the above-referenced Solicitation. It is therefore of deep concern that CECLP was not one of the awardees selected by the Baltimore City Department of Housing and Community Development. In review of all criteria, it is our firm belief that CECLP should have been an awardee and thus protests the proposed awards for this Solicitation. CECLP affirmatively states that it is not in the best interest of the City to fail to include CECLP as one of the awardees for this contract. CECLP is a critical partner in the City’s coordinated strategy to create healthy, safe and energy efficient homes and to support the improved outcomes for Baltimore and its citizens – especially those in our lowest income communities.

CECLP is a longstanding partner with Baltimore City DHCD in achieving Baltimore’s dramatic reduction of childhood lead poisoning by 98% and in the development of the nationally recognized, comprehensive Green & Healthy Homes client service delivery model for low income families. In coordination with Baltimore City DHCD, CECLP was instrumental in the development of the innovative Green & Healthy Homes client intake, housing assessment and intervention model that braids multiple funding streams to produce whole house interventions through the CREC process. Through the leveraging of City, State, CECLP and other housing resources, DHCD has proven to reduce client deferral rates and more efficiently complete comprehensive interventions. Because of this work, families are no longer forced to navigate complex and siloed programs, but instead are to access resources more effectively and efficiently.
After the City lost its HUD lead grant funding, CECLP played a critical role in helping the City and the Department to obtain new HUD Lead Hazard Reduction Demonstration Grant funding in 2012 and 2015 totaling over $6,000,000. Further, CECLP developed one of the nation’s first Healthy Homes Intervention Programs to address asthma and household injury risks and has worked with DHCD to create a system that is reducing asthma related ER visits, hospitalizations and missed school days annually for Baltimore City children.

CECLP is a locally developed and highly qualified contractor that hires directly from our City’s most impacted communities. CECLP has a substantial history of hiring unemployed and underemployed individuals to work on its intervention crews and provide them with full-time employment, benefits and training to advance their career pathway. CECLP is a national and local expert in health-based energy efficiency solutions. In short, CECLP has delivered a proven housing intervention process that cost effectively addresses unhealthy and energy inefficient housing and in turn delivers healthy, safe and energy efficient homes for Baltimore’s families that are most in need.

Please note, we have become aware that one or our proposed MBE subcontractors on our bid has been deemed to be currently non-compliant by Baltimore City’s Minority and Women’s Business Opportunities Office (MWBOO) and as a result, we have taken steps to replace that contractor with a fully MWBOO compliant subcontractor to cover the 6% of services that were projected to be produced by the original MBE subcontractor. CECLP is deeply committed to the goals and requirements of the MWBOO program.

We are certain that CECLP meets every aspect of the technical, equipment and financial requirements of the above referenced Solicitation and therefore respectfully asks the City and the Board of Estimates for reconsideration and inclusion of CECLP as an awardee under this Solicitation. Clearly, if not awarded, CECLP and its Crew Members will suffer severe economic harm and the likely loss of employment. Most importantly, the City of Baltimore will lose substantial capacity to better serve its families if the Board of Estimates approves the currently proposed list of awardees without the capacity and experience of CECLP.

The Coalition to End Childhood Lead Poisoning (dba Green & Healthy Homes Initiative) thanks the Board of Estimates and the City of Baltimore for your thoughtful consideration of this request to approve and add CECLP as an awardee under this Solicitation.

Sincerely

Ruth Ann Norton
President & CEO

cc: Wendy E. Webster, Vice President for Maryland Programs
Timothy M. Krus, CPPO, City Purchasing Agent
President: “The sec -- the first item on the non-routine agenda can be found on page 126 – 28, 128, item number 8, Recommendations for Contract Awards/Rejection, B50004729, Residential Energy Conservation Program, will the parties please come forward?”

Mr. Tim Krus: “Tim Krus, City Purchasing Agent. This is the award of B50004279, Residential Energy Conservation Program uh -- for the period January 1, 2016 through December 31, 2018 with 2 one-year renewal options, to five firms, Northeast Energy Services, Civic Works, American Energy Solutions, Accurate Installation and Hawkeye Construction.”

President: “Okay.”

Ms. Ruth Ann Norton: “So, uh -- good morning, I’m Ruth Ann Norton, I’m the President and CEO of the Coalition to End Childhood Lead Poisoning also known as the Green and Healthy Homes Initiative.”
Um -- we’re here to formally issue a protest on the awards and ask for reconsideration to add our organization. Um -- we -- we’re -- we have been so integral, I think, in raising up this idea and implementation and effectiveness of how we approach healthy safe and energy efficient housing and in fact the program uh -- is in part designed around work that we have brought through uh -- the eight young men from Baltimore City who implement this work on our behalf. Our -- uh -- I -- I think we have a proven practice and quality and outcomes for the City that are very clear and uh -- may not have come, as well across in the verbiage of how we presented it but I think the facts are that this organization is uh -- a critical partner to the green healthy and sustainable housing work. Um -- we have a proven practice and we have eight young men who I think have raised up to do extraordinary work. Uh -- we do know uh -- that one of our partners who uh -- met the State certification through MBE/WBE was in fact not um -- certified by MWBOO um -- and we have already taken steps to replace that. Uh -- when -- we were made aware of it um -- and we have a very strong staff. We have the equipment, uh -- the capitalization and the leadership uh -- in hand.
We have our program is run -- led by Wendy Webster, who’s here with me in the audience who joined our organization in the past year from Wegmans where she did a lot of the scaling work for that organization. Um -- and I think we just have the right management and the right skills and quality and we would ask for reconsideration. Thank you.”

President: “Thank you. Um -- Mr. Krus, could you um -- tell us um -- about the MBE/WBE, why um -- she wasn’t allowed to um -- cure that problem, since they’ve been doing this for -- how many years have you been doing this?”

Ms. Norton: “Twenty -- twenty-three.”

President: “And -- and in the City of Baltimore a proven track record have most of her employees are residents of the City of Baltimore and you know that’s big with me.”

Mr. Krus: “The -- I certainly do Mr. President. Uh -- our precedent on MBE/WBE goals is that if we have no compliant uh -- responders, uh -- those who we need to award to um -- are given the opportunity to come into compliance with goals. Um -- in this case, we had um -- at least five companies who you see on this award who were completely compliant with MBE/WBE goals, and therefore, that precedent would not apply.”
President: “How many – do you know how many of their workers actually live in the City of Baltimore?”

Mr. Krus: “I do not Mr. President.”

Ms. Norton: “--all of them--”

President: “All of them, from all of the other ones?”

Ms. Norton: “--on our crews that--”

President: “--I’m talking about the other -- the other--”

Ms. Norton: “--oh, sorry--”

President: “--the ones who won the award.”

Mr. Krus: “I do not.”

President: “You do not know? Okay.”

Mayor: “Does -- does anybody know, excuse me Mr. President if I may? Does anybody have that information?

Comptroller: “Would you like to speak?”

Mr. Ken Strong: “Yes, thank you.”

Comptroller: “State your name.”
Mr. Strong: “Ken Strong, Deputy Commissioner of Housing, Division of Green Healthy and Sustainable Homes. Um -- all of the -- the bidders that Mr. Krus cited have to comply with the Employ Baltimore and uh -- um -- requirements and hiring from the um -- City requirements. Um -- -- I don’t know exactly how many currently are City residents or employed from the community. We strongly uh -- encourage it and we work with those companies to maximize the impact of hiring from the community and I know some had very high records of -- of doing so.”

Mayor: “If I may, Mr. President?”

President: “Yes.”

Mayor: “Do we -- do we know if this um -- process was subject to the -- the increased um -- you know we put in place where certain contracts would get the benefit of a higher score uh -- if they went above and beyond with their Baltimore hiring?”

Mr. Krus: “It -- it was not uh -- that -- that is not in place yet and this was certainly on the street before those discussions concluded and to go on Mr. Strong’s point uh -- this actually uh -- is governed by Local Hiring uh -- as opposed to Employ Baltimore which would require that 51% of any new employees um -- involved in this contract would be City residents.”
Mayor: “The only -- if I may? The only concern that I have is with uh -- the fact that while the discussion, I mean, the implementation of that rule is happening after this um -- after this, I guess, contract was let, or the RFP was released, uh -- this vendor, I think is just outside of the um -- the cut-off and my concern is, you know, we have this hiring, hiring plan in place, if that consideration would have, could have, you know--”

Mr. Krus: “--Actually Madam Mayor it would not with the particular problem that we have with the goals. The particular problem that we have with the goals would override any credit um -- that a proposer would have received--”

City Solicitor: “The problem--”

Mr. Krus: “--as a result of those resolutions.”

City Solicitor: “--the problem with the goals, I take it, is -- and I’m a little bit unclear whether it’s a problem with two MB -- one MBE or two MBE’s um -- maybe Mr. Billups can address that and as you said earlier, the difficulty is our prior practice has been to allow compliance to be -- to take place after award if there were no other bidders who were fully compliant at the time of the award and unfortunately for the protestant, there are other vendors who are fully compliant with the subcontractor MBE requirements.”
Mr. Krus: “That is correct. I actually have Mr. Billups report in front of me. The goals that his office set were 27% MBE and 4% WBE uh -- after two of the MBE’s were determined to be non-certified in the City system, their actual performance came down to 18% and 4%.”

City Solicitor: “I’m sorry, are -- is Mr. Billups confirming that? A nod of the head doesn’t show up on the record.”

Mr. Courtney Billups: “Uh -- Courtney Billups, Chief of the Minority and Women’s Business Opportunity Office. Uh -- two MBE firms that were listed uh -- by the Coalition to End Childhood Lead Poisoning were Aire Serv at 6% World Wide Plumbing at 3%. Neither of those firms were certified with the City so that 9% couldn’t be counted towards their goal which meant their MBE participation was 18% and the goal is 27% so unfortunately we had to find them non-compliant.”

City Solicitor: “So, the question I guess for Mr. Strong, um -- in the event -- and I’m not -- this is not a predictive question but a hypothetical question, in the event that the protest is not sustained so what role does the coalition represented by Ms. Norton currently have and working in this area with the City and what role would you anticipate the coalition would have going forward again, if the protest were not to be sustained this morning?”
Mr. Strong: “Um -- thank you uh -- Mr. Nilson, I wanted to state for the Board that its - our opinion that it’s in the best interest of the City and the citizens to include the Coalition in the contracting pool for this program. And the reasons I say that um -- with all due respect to the -- the scoring and the minority and women business issues which I think could be cured, um -- that GHHI is uniquely qualified to braid healthy home improvements with weatherization. When children have severe asthma, GHHI also known as ‘The Coalition’ can reduce asthma triggers in homes and weatherize the home in a cost-efficient manner and many children don’t go to the emergency room when those services are coordinated. Um - they -- GHHI is also a sub-grantee in our new HUD grant, which the Board in the routine agenda just approved today for 3.7 million dollars and it includes healthy home improvements that complement lead hazard reduction--”

City Solicitor: “--and -- and that role of the Coalition. Sir, again the predicate of my question was if the protest is denied, what role would the Coalition have in the program and the first part of your answer assumed that the protest isn’t denied, but is sustained, but -- but the second part, I take it, is telling us about work that the Coalition would continue to do under a separate um -- part of the program.”
Mr. Strong: “That’s correct and the reason I bring that up even uh -- is a separate program is that in our application to HUD, we said that weatherization and healthy home improvements would be coordinated with lead hazard reduction.”

Mayor: “So this complicates the--”

Mr. Strong: “It does--”

Ms. Norton: “Can I--”

Mayor: “Uh, I mean I guess I should finish my statement -- it complicates our -- what we -- what we have submitted to HUD?”

Mr. Strong: “Yes it does Madam Mayor.”

City Solicitor: “How -- how does it complicate it, just out of curiosity?”

Mr. Strong: “We stated um -- to HUD in our application that was accepted and now approved that the coalition and GHII would be coordinating the Healthy Homes part of the budget along with weatherization which has healthy home funds. And have more impact and synergy in green and healthy homes work. That’s what we said and we anticipated in our application and named the Coalition with the expectation that they were then and would be continuing to be a weatherization contractor.”
City Solicitor:  “How long was the RFP process that led us to this point in the weatherization program, Mr. Krus or Mr. Strong?”

Mr. Krus:  “I don’t have the initial dates that that was put out, I would assume that it took at least three months if not longer.”

City Solicitor:  “--and to restart and re-do would be three months?”

Mr. Krus:  “--if we went out with very similar specifications--”

City Solicitor:  “--I mean, my concern and -- and I’m sure its shared by other members of the Board is that we put a RFP out, we establish rules, we establish criteria that included minimal -- minimum technical scores, they included a certain number of contractors to be selected and so those rules that were clearly articulated in our bidding process, the Coalition has run aground on those rules as well as on MBE rules that we don’t under these circumstances, ever waive or overcome -- under these circumstances--”

Ms. Norton:  “--we didn’t run aground--”

City Solicitor:  “--no, I’m sorry--”

Ms. Norton:  “--on any rules--”
City Solicitor: “--I understand but you -- but you -- but you have -- what happened is you submitted, I gather, State certified firms that are not City certified and so historically and I can’t say it ever, forever and ever back before my time but unless there -- unless we have an absence of successful bidders, um -- you know, who have complied with the MBE requirements which is not the case here, then we don’t allow post-award corrections of that problem.”

Mayor: “--it might -- if I may Mr. President?

President: “Yes.”

Mayor: “--it -- the challenge I have is I -- I think all of us up here understand the um -- RFP requirements and the need to be MWBOO compliant. I have, in this seat and in that seat, been very uh -- strict in the enforcement of that. I think that the challenge is this is um -- different than an average RFP in a sense that this -- the issues that the -- the employment issues that aside that the President raised, this is a part of a HUD application and um -- with a long standing -- um -- long standing partner in the work and I don’t want to put us in the position of being -- of misrepresenting to uh -- HUD how we plan to implement our, you know, weatherization and all of those things so -- that’s the -- the complication that I -- I have.”
President: “So, is it -- is it possible that they could be included since they’re named in the application or should we just defer this--”

City Solicitor: “Yeah--”

President: “and everybody sitting around and try to get this straight?”

City Solicitor: “I would suggest that we defer this--”

President: “Okay, I entertain a Motion.”

City Solicitor: “I Move to defer resolution of the bid protest until January 13th - if you’ll all please come back on January 13th and we’ll work hard on seeing if there’s a way to work through this to everybody’s benefit -- no promises there is but give us some time to do that.”

Ms. Norton: “I understand if -- if -- may I make one statement?”

President: “Let me finish the Motion.”

Ms. Norton: “I’m sorry.”

Comptroller: “Second.”

President: “All those in favor say AYE. All opposed, NAY. The Motion carries. You can go ahead.”
Ms. Norton: “So, first of all, I want to thank you for your consideration and I uh -- you know in building this organization one of the things I want to do is give young people an opportunity to grow in their roles uh -- we had a young person who helped put this application together, um -- and we made a mistake on uh -- checking the certifications and -- but I want to say something about the MBE/WBE compliance and um -- how we do this.

My father implemented affirmative action in the state of North Carolina in 1970 and I very much want you to know that we believe in these goals deeply in the values of our organization and in our leadership in that and um -- so I want to be very, very, clear about that and -- and I appreciate your consideration.”

City Solicitor: “Nobody doubts that.”

Ms. Norton: “Thank you.”

   $3,324,915.00  $0.00  Metra Industries, Inc.

The increased quantities of these items are for installing meter setting and cleaning of vaults to accommodate the list of locations that are remaining to be completed as it pertains to the Baltimeter project. The production rate of the Baltimeter project is much higher than the anticipated use of WC 1307R. All quantity requests are for items that already exist within the original contract, WC 1307R. The quantities requested are based on the production rate of the Baltimeter project to prevent excessive backlog. The Department has also advertised a replacement contract WC 1342-AMI/R Urgent Need Metering Infrastructure Repair and Replacement, Various Locations. The increase in quantities, under WC 1307R, will provide funds to avoid interruption of work until WC 1342 has received its Notice to Proceed to start the construction phase. The contract expiration date is September 15, 2017. The Certificate of Completion form will not be completed until a scheduled time after final payment and final completion has been given by the Department.

In January, 2014, the MDE notified the City that a wage rate determination from the Maryland Department of Labor, Licensing, and Regulation should have been used for the wage rates on S.C. 877 instead of the Davis–Bacon Act Wage rates which had been previously approved for use by the MDE. The change in the applicable wage rates mandated by the MDE caused an increase in costs to the S.C. 877 project.
ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of Local Government Resolutions in support of the Main Street Improvement Fund, Nonprofit Assistance Grants, and Technical Assistance Grants to the Maryland Department of Housing and Community Development (MDDHCD). A local resolution of support is required for organizations to participate in the program.

AMOUNT OF MONEY AND SOURCE:

No City funds are requested.

BACKGROUND/EXPLANATION:

The MDDHCD has made three operating grants available through one consolidated application: the Main Street Improvement Program, the Nonprofit Assistance Fund, and Technical Assistance Grants. These programs offer funding to support operating, consulting, programmatic, and technical assistance costs associated with local housing and community revitalization projects and initiatives.

The Main Street Improvement Program grant helps stimulate economic development in designated Main Street districts. The grants can be used to support general operating expenses, marketing and business recruitment strategies or other projects that have been identified in the applicant’s work plan as key to its Main Street efforts. A maximum of $150,000.00 statewide is available for this program.

The Nonprofit Assistance Fund is intended to strengthen nonprofit’s ability to attract reinvestment and economic revitalization to their communities. The grants can be used for expanding an existing program, developing a new initiative or for engaging consultants. A maximum of $600,000.00 statewide is available for this program.
DHCD – cont’d

Technical Assistance Grants provide funds to obtain consulting, training, information or other services to assist with development activities. A maximum of $150,000.00 statewide is available for this program.

Eligible applicants for each of the programs include nonprofit and Main Street organizations. However, only Main Street organizations are required to receive a local Resolution of Support. Two Main Street organizations submitted requests to the Main Street Improvement program. One Main Street organization submitted a request for Nonprofit Assistance Funds, and three Main Street organizations submitted requests for Technical Assistance Grants.

The City received the following requests for Local Government Resolutions of support from non-profit organizations located in Baltimore City.

Board of Estimates
Attn: Clerk
City Hall, Room 204
100 N. Holliday Street,
Baltimore, Maryland 21202

Dear Ms. Taylor:

Herein is my written protest on behalf of the underserved and disparately treated citizens of the Baltimore City who appear to be victims of questionable management and administration within the various boards, commissions, agencies and departments of the Baltimore City municipal government.

The following details are provided to initiate this action as required by the Board of Estimates:
1. Whom you represent: Self
2. What the issues are:
   a. Pages 1 - 141, City Council President and members of the Board of Estimates, BOE Agenda dated December 23, 2015, if acted upon:
      i. The proceedings of this board often renew business agreements without benefit of clear measures of effectiveness to validate the board’s decision to continue funding the provider of the city service being procured;
      ii. The Baltimore City School Board of Commissioners routinely requires submissions for board consideration to include details of the provider’s success in meeting the objectives and/or desired outcomes delineated in the previously awarded agreement;
      iii. The members of this board continue to fail to provide good stewardship of taxpayers’ funds as noted by the lack of concrete justification to substantiate approval of actions presented in each weekly agenda;
      iv. This board should immediately adjust the board’s policy to ensure submissions to the board include measures of effectiveness in each instance where taxpayer funds have already been expended for city services;
      v. In the interest of promoting greater transparency with the public this board should willing begin to include in the weekly agenda more details which it discusses in closed sessions without benefit of public participation.
      vi. Lastly this board should explain to the public how, without violating the open meeting act, a consent agenda is published outlining the protocols for each week’s meeting prior to the board opening its public meeting.

3. How the protestant will be harmed by the proposed Board of Estimates’ action: As a citizen I have witnessed what appears to be a significant dearth in responsible and accountable leadership, management and cogent decision making within the various agencies and departments of the Baltimore City municipal government which potentially cost myself and my fellow citizens excessive amounts of money in cost over-runs and wasteful spending.

4. Remedy I desire: The Board of Estimates should immediately direct each agency to include measures of effectiveness in any future submissions for the board’s consideration.

I look forward to the opportunity to address this matter in person at your upcoming meeting of the Board of Estimates on December 23, 2015.

If you have any questions regarding this request, please telephone me at (410) 205-5114.

Sincerely,
Kim Trueheart, Citizen & Resident
