Under the MDCN Pilot Program, the Department and the UMMC will collaborate to identify patients with minor illnesses or injuries through calls placed to the 911 system. The partnership will increase services to the public by sending a Paramedic and either a M.D./Nurse Practitioner (N.P.) or Physician’s Assistant (P.A.) to respond to and manage these minor medical complaints in the pre-hospital setting (upon patient consent) and thereby decrease unnecessary transports to, and long wait times in, Emergency Departments.
