The Board is requested to NOTE receipt of the following Audit Report:

President: “The first item on the non-routine agenda can be found on page 75 Department of Audits, audit reports Department of Public Works Biennial Performance Audit Report Fiscal years ended June 30, 2018 and 2017. Will the parties please come forward.”

Mr. Josh Pasch, Baltimore City Auditor: “Good morning, Mr. President, Mr. Mayor, Madam Comptroller, Board members my name is Josh Pasch I am the City Auditor. I am here today to present the Biennial Performance Audit of the Department of Public Works for the Fiscal years ending June 30, 2018 and 2017. The scope of our audit was to determine if the agency met selected performance measures, has adequately designed internal controls related to those measures, and implemented corrective actions associated with findings and recommendations included in the previous performance audit dated March 5, 2018. The selected performance measures were
Service 661, percent of alley cleaning service request closed on time; Service 671 cost of water treatment per million gallons and service 673 cost of wastewater treatment per million gallons. According to the budget book all three selected performance measures met their targets for Fiscal Year 2018 and one of the three was met for 2017. Our audit indicated that for Fiscal Years 2018 and 2017, the performance measure for the Service 661 public right-of-way cleaning was not appropriately supported. The reason for that was in 2000--in November 2018 they upgraded their tracking system to Salesforce and during that conversion all the before and after photos of the status of the alley were lost and therefore, we were not able to substantiate any of those um--alley cleanings from that period. We did note that after the Salesforce was implemented that those photos are available but that was um--not during our audit period. We also did looked at the follow up findings of the five follow up um--findings that we looked at two were fully implemented, one was partially implemented, and one was not implemented. The partial implemented one was for Service 662 vacant abandoned property cleaning and boarding.
They had implemented standard operating procedures as agreed to in the previous audit to address the completion of inspection and follow-up checklist for detecting and preventing rac - rats. However, when we looked at the checklist to see if they were, if the design of the control was working they were not always completing parts two and part three of the checklist so that there was evidence that everything was done completely. This follow-up that was not implemented was for Service 663, waste removal and recycling. There were two aspects of that: one we requested truck tickets to validate the tonnage of waste collected and the Department was not able to provide us all of them to support the full numbers. And two, we noticed that a process to collect measurable data to support missed trash and recycling pickups does not currently exist and the background for that is they track um -- when they track the collection they combine refuse and recycling and they were not able to break those two apart, to -- for us to validate the performance metric. Thank you."

Ms. Yvonne Moore Jackson, Department of Public Works: “Good morning my name is Yvonne Moore Jackson, I'm here for um -- the Department of Public Works um -- Bureau of Solid Waste. Um -- we.”

President: “Ms. Jackson, pull the mic up some yeah.”

Ms. Jackson: “Yes um -- we agree with um -- what he said. We are -- we are working to remedy these ah -- situations and um --.”
Mr. Troy Rogers, CFO: “Good morning Troy Rogers CFO um -- As Yvonne stated we are working with the Audit Department.”

President: “Closer to the mic, sir.”

Mr. Rogers: “Ah -- we agree with the recommendations and we are um -- ah -- implementing with our IT department as far as Salesforce and the internal operating procedures we are retraining ah -- the people at the Quarantine Road landfill and throughout the department to adhere to the recommendations.”

President: “Ah -- thank you. Just a couple of questions and I know Ms. Jackson just from the years that this actually predates you coming to DPW over from Housing but let's go back to the recommendations from the prior audit. Ah -- can someone explain to me how we have not, to me this seems to be something really simple ah -- that we have the checklist prepared so that we know ah -- what's happening with the -- with the cleaning and boarding ah -- and supervisors are signing off on things to make sure.”

Ms. Moore: “Right.”

President: “That they're done the correct way so for um -- the Auditor’s office to say that this -- that the data is not always prepared and this lead schedule signed by management did not include all required data, that seems to me to be a simple thing. And can -- we -- can someone explain to us what’s -- what’s happening or why that wasn't there.”
Ms. Moore: “Yeah so we um -- we revised the form that's used for the -- the rat this is the rat rub out up program we revised the form, the new form.”

President: “Rat rub out.”

Ms. Moore: “Has all the information that is on parts two and three so some of the pest control workers were just completing the new forms and some of the older people that were used to doing um -- schedule -- sorry -- schedule two and three were continuing to do that. So we have all we have already talked to them every—we’re revising the um -- SOP so that we're only using the new form.”

President: “And then for the um -- missed trash and recycling for that -- for it -- for it not to be implemented and for the Auditor to say a process to collect measurable data to support the performance measures doesn't exist, to me I know that, you know, we get those calls every day all day. That's, to me that should be something that we should tracking because we know sometime today somebody in City Hall is going to get a call that someone trash and/or recycling hasn't been picked up and for DPW not to be able to have that data and be able to give it over to Audits and not be tracking it to me seems very troubling with the amount of trash that we see on the City Streets.”
Ms. Moore: “Yes we are -- we are tracking that ah -- we have those tonnage receipts, we were able to give them to the auditors. Ah -- the information um -- from the previous Audit ah -- those items were we had some vandalism in one of the yards. Those items were stolen and/or missing and we were able to -- to provide a police report for that and going forward we are um -- we have secured those documents and we’re able to um -- produce those when um -- when they are needed.”

President: “This -- this is a follow up question. So in the Auditor report it says that although these SRS are used to report missed mixed refuse and missed recycle pick up, they are not exclusive to those concerns. Have me changed to make it a specific SR for missed trash or missed recycling?”

Ms. Moore: “So -- so we asked Salesforce um -- to put drop downs so that we can select why the trash was missed if it was a crew error or if um -- it was a late set out or some other thing, so we have three new items in Salesforce that drop down to allow us to ah -- specify why um -- the trash or recycling was missed and that has been implemented.”
President: “Thank you -- any other questions from the Board, Madam Comptroller? Thank you as there is no more business - oh - the Audit has been noted. As there is no more business before the Board we will recess until bid opening at 12:00 noon. The Board will also be at recess December 4, 2019. We will reconvene December 11, 2019. Have a happy and thankful Thanksgiving everyone.”

MWBOO GRANTED A WAIVER ON AUGUST 14, 2019.
Law Department - Settlement Agreement and Release

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Settlement Agreement and Release among Michelle K. Wilson, Plaintiff, and Baltimore Police Department and the Mayor and City Council of Baltimore.

AMOUNT OF MONEY AND SOURCE:

$75,000.00 - 1001-000000-2041-716700-603070

BACKGROUND/EXPLANATION:

The Plaintiff alleges in a formal claim that the Baltimore Police Department conditionally offered her the position of Deputy Commissioner and that shortly thereafter the offer of employment was withdrawn in violation of her constitutional rights, including her First Amendment rights.

The Department explicitly denies that the withdrawal of the conditional offer of employment was intended to or in fact violated any such rights. Fully litigating the disputed contentions in court poses significant costs and risks.

Accordingly, to resolve the claim economically and to avoid the expense, time, and uncertainties of protracted litigation, the parties have agreed to a payment to Ms. Wilson of $75,000.00, for complete settlement of the claim, including attorney’s fees and costs. Ms. Wilson has executed a release in favor of the Baltimore Police Department and the Mayor and City Council of Baltimore.

Based on a review by the Settlement Committee of the Law Department, this recommendation for approval is made to the Board of Estimates.

Department of Human Resources - Group Sales Agreement

1. An official bid process was conducted through the Bureau of Procurement in August 2019
   - Zero bids were received on contract B50005823 Venue for Annual Leadership Symposium

   - M&T Bank (Raven Stadium Catering) - Insufficient space needs
   - Springhill Suites - Insufficient space for needs
   - Reginald F. Lewis Museum - Insufficient space for needs
   - The Walter’s Art Gallery - Insufficient space for needs

Department of Human Resources – cont’d

**Price Reduction Strategy**

To reduce costs, during the first week in November 2019, the DHR revised the meeting scope and negotiated the terms of the event with the three venues that responded to the request for bid. Out of the three venues the Renaissance Baltimore Harborplace Hotel was the only vendor to offer a price reduction based on the revisions.

The DHR has selected the Renaissance Baltimore Harborplace Hotel as the venue of choice for this event based on their ability to meet our event scope at the lowest price. It is our recommendation to secure the Renaissance Baltimore Harborplace Hotel for the event. The current price is $36,766.25 inclusive ($29,062.50 catering/$7,703.75 AV/Space rental - No Charge).

**APPROVED FOR FUNDS BY FINANCE**
