Department of Finance – New AM Policy AM-501-14

**ACTION REQUESTED OF B/E:**

The Board is requested to approve a new Administrative Manual Policy, AM-501-14, Seat Belt Use. The policy is effective 30 days from the date of Board approval.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

The intent of this AM policy is to demonstrate the City of Baltimore’s continuing commitment to employee safety and zero tolerance for non-compliance with seat belt use in City vehicles and while on City business. The City of Baltimore has been an advocate of seat belt use in all motor vehicles. When seat belts are used properly, data supports that lives are saved and injuries are reduced in motor vehicle accidents.

The policy exceeds the State Adult Seat Belt Law by requiring all occupants in City Vehicles or personal vehicles being driven on City business to wear seat belts. The State law covers only the driver and the front seat passenger next to the door, if the passenger is 16 years of age. Children 16 years of age and younger in all seating positions, in all vehicles are required to be restrained under Maryland’s Child Passenger Safety Law.

The Administrative Manual policy, AM-501-14 has been reviewed and approved by the Office of the Labor Commissioner, Law Department, Department of Human Resources, Finance Department, Office of Risk Management and Division of Occupational Safety.

UPON MOTION duly made and seconded, the Board DEFERRED the new Administrative Manual Policy, AM-501-14, Seat Belt Use until March 18, 2009.

ACTION REQUESTED OF B/E:

The Board is requested to approve in concept an assumption by Sharp Flats Limited Partnership (SFLP) of certain existing indebtedness (as further described below) as part of the financing of the Sharp-Leadenhall project (Transaction).

The Board is also requested to delegate and authorize the final approval of terms of the transaction to the Commissioner of the Department of Housing and Community Development (Commissioner) and authorize the Commissioner and the Director of Finance, on behalf of the Loan and Guarantee Program of Baltimore City, to execute any and all additional legal documents required to effectuate the transaction consistent with this request, subject to review for form and legal sufficiency by the Department of Law. The Board previously approved and executed a Local Government Support Resolution for the transaction.

AMOUNT OF MONEY AND SOURCE:

$17,135,000.00 – Maryland CDA Tax Exempt Bond Proceeds
5,965,460.00 – Low Income Housing Tax Credits
316,260.00 – Assumption of Existing City Debt
1,866,352.00 – Developer Equity
740,278.00 – Interim Income

$26,023,350.00

BACKGROUND/EXPLANATION:

Sharp Leadenhall is a 192-unit affordable housing development located at 150 W. Hamburg Street and 115 W. Henrietta Street, such addresses are also known as 911 Leadenhall (Project). The Project was originally constructed in 1980 in two phases: Sharp Leadenhall I (Sharp I) consists of one six-story apartment building and eight three-story townhouse multi-family apartment buildings, for a total of 155 units, and is currently owned by Sharp Leadenhall Associates (Sharp Leadenhall Associates).

Sharp Leadenhall II (Sharp II) consists of four three-story townhouse buildings, for a total of 37 units, and is currently
owned by Henrietta-Oxford Associates (Henrietta-Oxford Associates, and together with Sharp Leadenhall Associates, the Sellers). The Project was originally financed in primary part by a loan (Original Loan) from the Community Development Administration (CDA), an agency in the Division of Development Finance of the Department of Housing and Community Development of the State of Maryland. The prepayment lockouts on the mortgage expired and the sellers have the right to prepay the mortgage and convert the Project to market-rate housing and displace the existing tenant population. Instead, the Sellers have decided to sell the property to the SFLP.

The SFLP will use tax-exempt bonds issued by CDA and equity generated from the sale of the associated 4% low-income housing tax credits to acquire the property, substantially renovate it, and continue to operate the property as affordable housing for at least the next forty years. The major renovations will include the installation of new kitchen appliances, cabinets and countertops, updated bathrooms, new heating and air conditioning systems, new paint and flooring, and significant repairs to the elevators. Moreover, renovation of the common areas of the property (including the hallways) will occur. The exteriors will be revitalized with new windows, new site lighting, new signage, and enhanced landscaping. The amounts of the financing may be increased or may be added to by such other financing that allows the development to be feasible.

When the Project was originally developed in the early 1980s, Sharp I was also financed in part by a loan in the original principal amount of $172,500.00 (City Sharp I Loan) from the Loan and Guarantee Program of Baltimore City (LGP Program) and Sharp II was also financed in part by a loan in the original principal amount of $64,000.00 (City Sharp II Loan) from the LGP Program. The City Sharp I Loan includes a financing fee of $27,600.00. The City Sharp II Loan accrues interest at a rate of three percent per annum. Both the City Sharp I Loan and the City Sharp II Loan are (i) unsecured; (ii) payable upon sale, exchange, refinancing or foreclosure; and (iii) payable only after the borrower pays all debts and liabilities of the respective partnership, including all expenses relating to any sale, refinancing, or foreclosure, and the partners of the
respective borrowers are repaid the total amount of their capital contributions. The current aggregate outstanding balance of the City Sharp I Loan and the City Sharp II Loan, including fees and interest, is approximately $316,260.00.

The SFLP has obtained a commitment from the CDA for tax-exempt bond financing and low-income housing tax credits in order to be able to finance the acquisition and rehabilitation of the Project. The SFLP has requested the City’s permission to assume the City Sharp I Loan and the City Sharp II Loan (collectively, the assumption). The assumption is a requirement of the financing structure, making the transaction economically feasible, and is necessary to allow SFLP to operate the Project as affordable housing.

No new funds are being requested from the City. The SFLP will assume the obligations of Sharp Leadenhall Associates and Henrietta-Oxford Associates under the City Sharp I Loan and the City Sharp II Loan, respectively. The City will also be asked to release the sellers from any obligations under the Original Note. Additional legal documents necessary for the financing of the Project to occur, including any subordination agreement or intercreditor agreement, may be required as part of the transaction.

The CDA is requesting receipt of evidence of the City’s approval of the assumption no later than the last week of February, 2009, as a condition of the pricing of its bonds and delivering an offering document relating to the CDA tax-exempt bond financing.

BACKGROUND/EXPLANATION:

Homes for America and Orchard Development Corporation have submitted a proposal to create 30 units of housing for very low-income elderly and disabled residents in two vacant school buildings. The project will involve the acquisition of two vacant school buildings known as St. Dominic’s School, located at 5300 Harford Road. Upon completion, the project will provide 30 units of affordable housing with 20 one-bedroom units and ten two-bedroom units. Twenty-five units will house seniors, age 62 and older and five units will house non-elderly disabled individuals. Of the 25 senior housing units, three units will be Americans with Disabilities Act compliant. All of the units will house persons with incomes between 30% to 60% of the Area Median Income.

As a result of receiving the City’s support for Low-Income Housing Tax Credits (LIHTC) financing for 30 units, the borrower agrees to provide five units for non-elderly persons with disabilities (NED), in accordance with the requirements of the Bailey Consent Decree. A NED refers to a family whose sole member, head of household, or spouse of the head of household is a person with a disability who is under age 62, and who is eligible for a one-bedroom public housing unit or a two-bedroom public housing unit because a second bedroom is needed for disability-related reasons, and who is on a Housing Authority of Baltimore City waiting list for public or Section 8 subsidized housing.

The acquisition and rehabilitation of the property will be funded through allocated LIHTC, an Elderly Rental Housing Program loan from the Maryland Department of Housing and Community Development in addition to the City HOME loan. HOME funds will be used to support a portion of the construction and construction related costs. Colliers Pinkard prepared an appraisal for the borrower. The estimated market value of the fee simple interest of the property with favorable financing as of January 12, 2009 was determined to be $1,100,000.00.
The appraised after-rehabilitation value is below the total cost of the project. This is common in transactions involving LIHTC and affordable housing. The LIHTC provide equity, which achieves its return through a federal tax credit rather than through the value of the property. Without such financing, projects with restricted rents could not be financed, since the reduced rents decrease the appraised value. The combined debt is well under the appraised value, leaving only the equity exposed, which, as noted above, is relying on tax incentives rather than the property.

**PARTICIPATING PARTIES:**

A. **Developer**

The developer of record consists of a joint venture between Homes for America, Inc. and the Orchard Development Corporation.

B. **General Contractor**

Southway Builders, Inc. will act as the general contractor and post a payment and performance bond. Architectural services will be provided by Hord Coplan Macht, Inc.

C. **Participating Lenders**

The State of Maryland Department of Housing and Community Development will provide a construction permanent loan in the amount of $1,326,150.00. The construction loan period will not exceed 12 months. The interest rate during the construction loan period will be 0% per annum on sums advanced. This loan will be non-recourse and include a 40-year term, 40-year amortization and a permanent loan period interest rate fixed of 4%. The annual debt service will be paid from a portion of net cash flow generated by the partnership, with any unpaid portion being deferred.

**HOME** - The construction loan period will be coterminous with the superior mortgage. The interest rate will be set at 0% during the construction period, thereafter on sums advanced. During the construction loan period, which will begin on the date of making and continue until the end of the construction period set forth in the superior loan, no

Payments of principal and interest will be due. Following the completion of construction, the HOME loan will convert to the permanent loan period, which will be for a term of 40 years following the date of conversion (the HOME maturity date), at 1% simple interest.

During the permanent loan period, the borrower will be required to pay interest and principal in an amount sufficient to fully amortize the HOME loan over the 40-year term of the permanent loan period. However, the borrower will be obligated to make such payments only from one-half of surplus cash, which is generally defined as the cash remaining after the payment of current obligations, including, if any, debt service on superior loan, deferred developer’s fee, general partner loan debt service, and partnership administration and investor service fees.

To the extent surplus cash is insufficient to pay the obligations under the HOME loan, any obligation due and owing will be deferred and accrued interest is due and payable on the next payment date. All outstanding principal balances and any deferred and accrued interest will be due and payable on the HOME loan maturity date. The period of affordability, the term of rent and income restrictions required by the HOME program will be 20 years. However, the State of Maryland’s LIHTC allocation requires a 40-year term of affordability and the City will require this standard. The HOME loan will be long-term subordinate non-recourse debt.

**MBE/WBE PARTICIPATION:**

Article 5, Subtitle 28 of the Baltimore City Code Minority and Women’s Business Program is fully applicable and no request for a waiver or exception has been made.

A good faith deposit of $3,000.00 has been paid by the developer.

The development plans consist of the rehabilitation of one of the vacant buildings into a two-bedroom unit and the other two vacant buildings will have three bedrooms with 1½ baths, new plumbing, electrical system, heating, and efficiency appliances.

The extensive damages to these buildings consists of partial open roofs, large amounts of trash, furniture debris, and sunken floors, exposed wall joists and water damage throughout the properties.

STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE APPRAISED VALUE:

The rationale for selling the properties below the appraised value is due to the extensive interior damage to these buildings. The properties’ rapid deterioration, the high cost of rehabilitation for the developer, in conjunction with the declining real estate market, justifies a further reduction of the sales price. The appraised value of 726 E. 21st Street is $20,000.00, 1648 E. 25th Street is $22,000.00, and 1602 N. Bond Street is $20,000.00. The properties were appraised on July 16, 2008 and found to be in very poor condition having severely
damaged roofs and the absence of walls and floors. Therefore, the sale price for each property was reduced to $8,000.00. An interior inspection could not be conducted in consideration of the safety of the appraiser given the apparent instability of these properties. The aforementioned circumstances support the reduction in the selling price. In addition to the reduction, this will allow the developer the opportunity to rent to low-income and Section 8 families.

The developer will be using private funds to rehabilitate the interior and exterior of these buildings. The developer will assist in the elimination of the blight and provide a specific benefit to the community by the successful development of each rental unit. Currently, these properties generate $69.00 in City real estate taxes. Once transferred, renovated and occupied, the property will be active on the City’s tax rolls, thereby preventing tax abandonment. Also, the re-assessment of each property is expected to generate an estimated $2,208.00 in real estate taxes to the City. Moreover, the City will benefit through the elimination of underutilized vacant properties that attract loitering, illegal dumping of trash, and debris in the communities.

**MBE/WBE PARTICIPATION:**

The developer has signed the commitment to comply with the Minority and Women’s Business Enterprise Program of the City of Baltimore.

18. ISOBUNKERS, LLC.  $34,473.00 Ratification and 1,965,527.00 Cooperative Contract $2,000,000.00

Contract #PRC-265-07 for Heating Oil is from the BRCPC cooperative and is for a term of three years beginning November 1, 2007 through October 31, 2010.

Therefore, pursuant to Article VI, Section 11 (d)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

Re: Bid Protest-Item 19, Page 66-Proposed Non-competitive Award to W.W. Grainger, Inc. ("Grainger")

This Association is a Maryland chartered corporate body whose corporate purpose is to represent and advocate on behalf of the economic interests of minority and women-owned business enterprises.

We institute this protest on behalf of this Association and moreover, on behalf of Sue-Ann's Office Supply, Inc. (Sue-Ann's), a Baltimore City certified M/WBE firm that has been identified to participate on the subject contract.

The basic issue is that the proposed contract with W.W. Grainger, Inc. is Ultra Vires and unlawful because it has not been competitively bid in accordance with Article VI, Section 11 of the Baltimore City Charter. Moreover, the proposed contract violates the City's M/WBE utilization Ordinance in that the established MBE goal of 5% is substantially too low, given the large number of qualified MBE firms available to perform on this contract. Also, the complete absence of any WBE goal on the contract is facially inappropriate given the large number of WBE firms available to perform on the proposed contract.

The protestants will be harmed if the contract is approved. MMCA's corporate purpose will be harmed and frustrated and Sue-Ann's will lose contract opportunities due to the low MBE goal and no WBE goal applied to the contract.

Accordingly, we respectfully request that Your Honorable Board reject this proposed contract award. I will appear at the Board's 02-25-09 public meeting to give argument supporting my request that the Board reject this proposed non-competitive bid. Thank You for your kind and favorable consideration of this protest.
