**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of an agreement with Wireless Blue Yonder, Inc. (WBY). The period of the agreement is effective upon Board approval through December 31, 2011.

**AMOUNT OF MONEY AND SOURCE:**

- $148,160.00 – 4000-432206-3050-281900-603026
- $34,800.00 – 4000-428008-3050-282900-603026
- $231,640.00

**BACKGROUND/EXPLANATION:**

The WBY will design, develop and implement a web-based, fully integrated administration system for the Baltimore City Lead Abatement Action Program. The system will aid in managing and tracking property and client information, managing files and paperwork, and tracking and administering the various funding received by the City for lead abatement and related services.

The WBY is specifically named in a revised budget that was submitted to the U.S. Department of Housing and Urban Development (HUD) and was approved by HUD on October 22, 2008. This approval by HUD has preempted the need to bid the services out under City procurement protocols. The WBY has established itself in the field of Lead Hazard and Healthy Homes specific databases over the past few years, most notably working with the City of St. Louis, Missouri, as well as Houston, Texas.

Also, due to the highly technical and very specific nature of the work being performed, there is no reasonable way to apply MBE/WBE requirements to the contract without compromising the integrity of the system. It would also be reasonable to assume that imposing MBE/WBE requirements on this contract would result in an undue hardship for the WBY in attempting to find, contract with and establish a relationship with a well-qualified subcontractor that would ensure a quality product for use by the Health Department’s lead program.

Department of Audits – Refund for Overpayment of Property Taxes

ACTION REQUESTED OF B/E:

The Board is requested to approve the refund of an overpayment of real property taxes to Bobby Holley and Dorothy Holley.

AMOUNT OF MONEY AND SOURCE:

$955.04

BACKGROUND/EXPLANATION:

The Department of Audits previously conducted a review of claims for amounts on the 2005 Abandoned Property Report for potential overpayments that remained either unclaimed or unresolved for three or more years.

On December 24, 2008, based on the recommendations of the Department of Audits, the Board of Estimates approved refunds totaling $688,363.62 to be paid to various claimants for the applicable abandoned properties. The Department of Audits also determined that potential claims, totaling $150,123.04, resulted from various clerical or accounting errors and recommended that $150,123.04 associated with those claims be retained by the City and removed from the listing of abandoned property to be submitted to the State.

Subsequently, the Department of Audits received and evaluated additional information regarding one of those claims and is now recommending that the Board of Estimates approve a refund in the amount of $955.04 for an overpayment of real property taxes for the property located at 2818 Evergreen Avenue to Bobby Holley and Dorothy Holley.

UPON MOTION duly made and seconded, the Board approved the refund of an overpayment of real property taxes to Bobby Holley and Dorothy Holley.

The program’s success is keyed to the cooperative and coordinated participation of Anne Arundel, Baltimore, Carroll, Harford, Howard Counties, and the City of Baltimore in all phases of program planning and execution.

Under the terms of this MOA, the Department accepts receipt of two 500kw generators and one 375kw generator valued at approximately $289,501.00. Bureau of General Services – Termination Agreement

**ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a termination agreement with Custom Energy, LLC (Custom Energy).

**AMOUNT OF MONEY AND SOURCE:**

All funds owed to Custom Energy have been paid.

**BACKGROUND/EXPLANATION:**

The original agreement involved the energy performance work applied to City Hall, Peoples Court, Central District Police Station, Police Headquarters, Police Annex, the Signet Building, and eight fire stations. The scope of work of the terminated agreement will be assumed under an amendment to an existing energy performance contract with Johnson Controls.

Custom Energy and the Bureau of General Services have agreed to terminate Custom Energy’s services for the remainder of the energy performance contract period. Custom Energy had completed the construction phase, two years of maintenance, monitoring and verification of energy savings performance. During the two years of monitoring, the energy performance guaranteed amount (energy savings) was exceeded. Johnson Controls will assume the maintenance, monitoring and verification of energy savings for the remaining 12 years of the Custom Energy contract period. The Johnson Controls’ contract will be presented to the Board under a separate letter.

A significant benefit to the City is Johnson Controls will perform the original scope of work of the Custom Energy contract plus a considerable additional expansion of the work scope for the same cost as the original contract. The expanded scope of work has allowed the Bureau of General Services to terminate

ACTION REQUESTED OF B/E:

The Board is requested to approve the revision of Administrative Manual policies on Direct Payment Orders, AM-303-1, renamed Expenditure Authorizations, and one related policy, AM-309-1, Small Purchases Procurement Card.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

In AM-303-1, there are three key changes in this policy revision: a) Increasing the dollar threshold from $1,000.00 to $5,000.00, b) Adding language encouraging the use of M/WBE vendors, and c) Updating procedures to reflect the new Expenditure Authorization (EA) process, which replaces Direct Payment Orders (DPO) in the new CityDynamics financial system.

Increasing the dollar threshold from $1,000.00 to $5,000.00 will have a number of direct benefits for the City. The transaction costs for processing low-dollar requisitions exceeds any savings that may be generated by the Bureau of Purchases, leading to a net loss for the City. Also, agencies will be able to procure goods and services more quickly, which will decrease wait times and allow Purchases to focus on requisitions with higher savings opportunities. This change also brings the City in line with the procurement practices of most other large Maryland counties.

This policy also includes revisions related to the use of minority and women's businesses for small purchases. Agencies are now explicitly directed to use these vendors when possible, and are provided a link to the City's M/WBE vendor directory.
The other revisions to AM-303-1 reflect the procedural changes that will take effect with the new financial system. References to Direct Payment Orders (DPOs), which were entered into the Compass system, are eliminated. The revised policy reflects the procedure for requesting Expenditure Authorizations (EAs) in the new CityDynamics system.

AM-309-1, Small Purchases Procurement Card Program policy, establishes standards for issuance and use of the Small Purchases Procurement Card (SPPC) as administered by the Department of Finance, Bureau of Purchases. The program streamlines the purchase of small items for City agencies and quasi-agencies, allowing authorized purchasers a convenient alternative to a direct purchase order to make inexpensive day-to-day purchases necessary for City operations. This program has eliminated the issuance of many direct purchase orders, ensured prompt vendor payment, reduced the number of small dollar value checks, and facilitated the procurement of small dollar value items. The revisions to this policy reflect the increased dollar threshold in the revised AM-303-1, Expenditure Authorizations (replacing DPOs), and procedural changes necessary with the new financial system.

UPON MOTION duly made and seconded, the Board approved the revision of Administrative Manual policies on Direct Payment Orders, AM-303-1, renamed Expenditure Authorizations, and one related policy, AM-309-1, Small Purchases Procurement Card.

The Maryland Department of Budget and Management Research competitively solicited and awarded contract number 050B7800036 for translation services. These services are required for the City to comply with federal regulations for language access. These services are varied and specialized services and no advantage would be gained by the City in replicating the State’s considerable efforts in establishing this contract.

It is hereby certified, that the above procurement is of such a nature that no advantage will result in seeking nor would it be practical to obtain competitive bids. Therefore, pursuant to Article VI, Section 11 (d)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

Re: Bid Protest-Item 19, Page 66-Proposed Non-competitive Award to W.W. Grainger, Inc. ("Grainger")

This Association is a Maryland chartered corporate body whose corporate purpose is to represent and advocate on behalf of the economic interests of minority and women-owned business enterprises.

We institute this protest on behalf of this Association and moreover, on behalf of Sue-Ann's Office Supply, Inc. (Sue-Ann's), a Baltimore City certified M/WBE firm that has been identified to participate on the subject contract.

The basic issue is that the proposed contract with W.W. Grainger, Inc. is Ultra Vires and unlawful because it has not been competitively bid in accordance with Article VI, Section 11 of the Baltimore City Charter. Moreover, the proposed contract violates the City's M/WBE utilization Ordinance in that the established MBE goal of 5% is substantially too low, given the large number of qualified MBE firms available to perform on this contract. Also, the complete absence of any WBE goal on the contract is facially inappropriate given the large number of WBE firms available to perform on the proposed contract.

The protestants will be harmed if the contract is approved. MMCA's corporate purpose will be harmed and frustrated and Sue-Ann's will lose contract opportunities due to the low MBE goal and no WBE goal applied to the contract.

Accordingly, we respectfully request that Your Honorable Board reject this proposed contract award. I will appear at the Board's 02-25-09 public meeting to give argument supporting my request that the Board reject this proposed non-competitive bid. Thank You for your kind and favorable consideration of this protest.

Baltimore Development Corporation – Relocation Expenses

ACTION REQUESTED OF B/E:

The Board is requested to approve the payment of the relocation expenses to Mr. Bernie Delay of 407 Ensor Street (a/k/a 418 Oldtown Mall), third floor.

AMOUNT OF MONEY AND SOURCE:

$16,380.00 – 9910-902879-9601-900000-700000

BACKGROUND/EXPLANATION:

The BDC purchased 407 Ensor Street (a/k/a 418 Oldtown Mall) to be included in the Disposition Lot 25B land assembly, in accordance with the Oldtown Urban Renewal Plan. As a result, it is necessary to relocate the residents of this property.

On January 21, 2009, the Board approved payment of the partial relocation expenses in the amount of $11,138.00 for Mr. Delay. This payment represented one year of rental assistance plus moving expenses. These figures were based on an initial estimate from Diversified Property Services, the BDC’s relocation consultant. Since then, Mr. Delay found an apartment and the BDC can calculate with greater accuracy his total relocation expenses (42 months of rental assistance plus moving expenses), which will be $27,518.00.

This payment of $16,380.00 will cover the remainder of Mr. Delay’s relocation expenses.
