ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a first amendment to land disposition agreement (LDA) with the State of Maryland, on behalf of its constituent institution, the University of Maryland, Baltimore (UMB). The Board is further requested to consent to the transfer of approximately 29,000 square feet of vacant land from the UMB to the UMB Health Sciences Research Park Corporation (RPC) and the subsequent transfer from the RPC to the Proton Treatment Holdings, LLC (Proton), or its designee.

AMOUNT OF MONEY AND SOURCE:

$200,790.54 – Sales Price

BACKGROUND/EXPLANATION:

At settlement with Proton, the City will receive payment for the property. The sales price is the “Fair Market Value” of the property as established in the 2003 LDA.

On October 29, 2003, the Board approved the conveyance of 4.7 acres of vacant land, located in the 800 and 900 blocks of West Baltimore Street for the development of the Health Sciences BioPark. Since 2003, the BioPark has grown to two buildings of 337,000 sq. ft. of biotechnology space and a 638-space parking garage. Additionally the State built its new Forensic Center to anchor the western boundary of the BioPark. The total capital investment to date is estimated at approximately $179,000,000.00. The BioPark is managed and overseen by the RPC.

The Proton Cancer Center will be a $235,000,000.00 treatment facility that will employ 125 people when completed and serve 2,000 patients annually. This first amendment to the LDA incorporates the revised Planned Unit Development (PUD) under Ordinance 11-477, which was passed by the City Council on July
BDC – cont’d

18, 2011 and signed by the Mayor on July 20, 2011. The revised PUD is incorporated into the project plan under Exhibit B of the 2003 LDA. The consent agreement provides for the City’s approval of the transfer from the UMB to the RPC and then to Proton with the sales price of $200,790.54, in accordance with the 2003 LDA.

MBE/WBE PARTICIPATION:

The RPC and Proton will comply with Article 5, Subtitle 28 of the Baltimore City Code and MBE and WBE goals for the Proton development.

ACTION REQUESTED OF B/E:

The Board is requested to approve the annual participation goals for the Minority and Women’s Business Enterprise Participation Program. The goals will be in effect until June 30, 2013.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The goals are authorized by the Disparity Study that was completed in 2007. In accordance with Article 5, Subtitle 28, Sections 28-16 & 17 of the Baltimore City Code, MWBOO is recommending annual MBE and WBE program goals for the Board’s approval. These are aspirational goals that will aid the City in its ongoing evaluation of the effectiveness of the MBE/WBE Participation Program. Contract goals will continue to be set for each contract in accordance with a formula that considers the following:

1. the availability of businesses that are willing and able to participate on contracts in various industry classifications and professions;

2. the level of utilization of these firms on past City contracts;

3. the contract specifications; and

4. the adverse effect on non-MBE and non-WBE businesses.

MWBOO recommends the following goals and sub-goals for the MBE/WBE Participation Program:

- MBE Annual Goal: 27%
  - Sub-Goals:
    - African American 14%
    - Asian American 6%
    - Hispanic American 6%
    - Native American 1%
A PROTEST WAS RECEIVED FROM THE MARYLAND MINORITY CONTRACTORS’ ASSOCIATION.

President: “The first item on the non routine agenda can be found on Page 8, Minority and Women’s Business Opportunity Office Annual Participation Goals. Will the parties please come forward?”

Director of Public Works: “He’s not here.”

President: “This is a protest right?”

Mr. Corey: “Yes.”

City Solicitor: “Protest by Arnold Jolivet.”

President: “Is Arnold here?”

City Solicitor: “He is here.”

Mr. Corey: “Good morning Mr. President, members of the Board. My name is Thomas Corey. I am Chief of the Minority and Women’s Business Opportunity Office. We are here today to --.”

City Solicitor: “Watch your back Tom. Mr. Jolivet.”

Mr. Corey: “We are here today to ask the Board to approve the Annual Participation Goals for another year that can be set on contracts lead by the City. As the Board may know that the goals are authorized by the Disparity Study that was completed
in 2007. In accordance with Article 5, Subtitle 28, MWBOO is recommending that annual goals, annual MBE and WBE goals for the Board’s approval. These are aspirational goals that will aid the City in its ongoing evaluation of the effectiveness of the MBE/WBE participation program. Contract goals will continue to be set for each contract in accordance with a formula that considers the following. One, the availability of businesses that are willing and able to participate on contract and various industry classifications and professions. Two, the level of utilization of these firms on past City contracts. Three, the contract specifications, and four the adverse effect on non-MBE and non-WBE businesses. We are recommending that the MBE annual goal be set at 27%, that there be subcontract goals on the MBE goals of African-American 14%. Asian American 6%, Hispanic American 6%, Native American at 1%. We are asking that the annual goal for WBE’s be set at 10%.”

City Solicitor: “Mr. Jolivet.”

Mr. Jolivet: “Arnold M. Jolivet. I--.”

President: “Is that mic on?”

Mr. Jolivet: “I think it’s on. Since writing my letter to the Board yesterday. I have since learned --.”

President: “No that’s okay it’s on.”

Mr. Jolivet: “Since writing my letter to the Board on yesterday,
I have since learned that the Bureau of Purchases has in fact received proposals for to conduct a MBE/WBE Disparity Study, obviously to support a future Ordinance. My letter today to the Board express some concerns that I think that instructing and establishing these MBE/WBE goals, there ought to be some public notice in addition to some public participation. I note that the U.S. Department of Transportation in its MBE actually DBE regulation it actually requires recipients of Federal DBE funds to inform the public before those goals are even published and allow the public to have some input, and I don’t know why we can’t even though I have to admit it’s not in the Ordinance that requirement is not in the Ordinance. I would ask the Board respectfully to defer acting on these goals and allow Mr. Corey, and I didn’t even know Mr. Corey was back. That just shows you how --.”

City Solicitor: “Sure you did Arnold.”

Mr. Jolivet: “I don’t I -- there was no public notice. None.”

President: “Let’s just hear --.”

Mr. Jolivet: “Nonetheless --.”

Mayor: “Last week -- didn’t you find out last week?”

City Solicitor: “Mr. Jolivet had been busy litigating so he lost focus on --.”

President: “Let’s continue with the business at hand.”
Mr. Jolivet: “But nonetheless, make a long story short --.”

Mayor: “Too late for that.”

Mr. Jolivet: “I don’t think that this Board in any way doesn’t understand my concern. The MBE program in my estimation has been a big failure. It was a big failure long before the current Mayor came in. So what happens, is that the MWBOO Office and God bless their souls, they tried to work in a vacuum. This program should be widely dispersed and have a lot of input from everybody. So, what I would like to ask the Board today, since we haven’t had in five in three years, we haven’t had these goals in three years to show you what kind of emphasis and importance that we give to the program. This is the first time the goals have been promulgated are proposed to be promulgated in three years, so another two to three weeks delay in order to allow the public to have some input in the promulgation and the effectuation of these goals, to me it would be in the public interest. So, I am going to ask and I am going to defer my other arguments, there is no need for me to make the other arguments. I am going to defer those other arguments and ask this Board in its wisdom to let’s defer these proposed goals for at least another month, to allow Mr. Corey and his staff to conduct at least one public meeting and let the public and I said public I said the MBE/WBE community and the larger
community, the contracting community, and it’s done already on the State level. So, I don’t think my request is unreasonable. I think it is in conformity with the spirit and intent of the program and for the life of me, I don’t why this program and the goals which are very important. You are setting a 14% goal for African American business, which is my chief concern, and I have information which shows that the goals should be 25% for African American. So there is a wide disparity and in view of the fact that Mr. Corey has no reliable data other than those five, six year data that he got from the NERA study of 2007, so my point Mr. Solicitor it makes a lot of sense to defer this because what is being presented to you has no merit, no validity at all. Because it hasn’t -- the goals are not structured on any valid current updated data.”

Mr. Corey: “Mr. President, I disagree with Mr. Jolivet of course. When a Disparity Study is done the public is invited and in the last Disparity Study the public was invited to comment, to hear what we proposed --.”

Mr. Jolivet: “That was six years ago Mr. Corey. Six years ago.”

City Solicitor: “Please don’t interrupt.”

President: “He didn’t interrupt you Mr. Jolivet.”

Mr. Jolivet: “I apologize.”

President: “Thank you.”
Mr. Jolivet: “Forgive me.”

Mr. Corey: “And the goals must be set by a set formula. It can’t be set by debate amongst the public that would be a major mistake. It would subject this program to the constitutional challenges and it would be out the door in a minute. So that would be a mistake. There will be a Disparity Study that we are conducting, that we are about to conduct right now. There will be an opportunity for the public to be heard on this and it will be, and to say that these sub-goals are not worth it, I remind Mr. Jolivet that it was he who advocated that is program have sub goals, and we agreed and they are there.”

Mr. Jolivet: “Seven years ago Mr. Corey. Seven years ago Mr. Jolivet advocated sub-goals and that is not my issue today incidentally.”

City Solicitor: “I would MOVE the approval of the proposal.”

Comptroller: “I have a question. Once the study is completed and we find that the percentages need to be changed, will we make the changes?”

Mr. Corey: “Oh yes, sure. We will have to come back to the Board and have the Board approve whatever goals that are ordered by the new study.”

City Solicitor: “And as Mr. Corey indicated at that time before we make any changes, or affirmations of the current goals there
will be a public input opportunity --.”

Mr. Corey: “We will set up a meeting for that.”

City Solicitor: “Mr. Jolivet will have an ample chance to engage in a robust discussion then.”

Mr. Jolivet: “Mr. President hear me out one more time. Just one other issue I would like to call to the Board’s attention and I am surprised and rather amazed astonished that the Solicitor does not -- is not aware that my position is directly on point with Judge Davis’s decision in year 2000 when this very well not this very Ordinance but an Ordinance that is very similar in purpose and structure was declared invalid and unconstitutional because, the very thing that Mr. Corey is doing now the Judge said he can’t do it. So, the Solicitor is way in left field.”

Comptroller: “Is that true Mr. Solicitor?”

Mr. Jolivet: “Yeah.”

City Solicitor: “I am in right, actually I disagree. But we are relying on Mr. (inaudible).”

Mr. Jolivet: “But you disagree with the Court opinion.”

Mr. Corey: “The court heard a second challenge and Judge Davis said this program --.”

Mr. Jolivet: “Is unconstitutional.”

Mr. Corey: “No, no.”

Mr. Jolivet: “That’s what he said. Here is the --.”
Mr. Corey: “That is not true.”

Mr. Jolivet: “Here is the court decision right here, and the Solicitor tells me that in the face --.”

Mayor: “Is there a Motion?”

City Solicitor: “Yes there is a Motion Madam Mayor.”

President: “I will entertain a Motion. I think I have to do that. I will entertain a Motion on this.”

City Solicitor: “I will MOVE again that we accept the recommendation for the setting of goals for the coming year, pending the receipt of the updated Disparity Study and reject the protest.”

Director of Public Works: “Second.”

President: “All those in favor say AYE. All opposed NAY. The Motion carries.”

Mayor: “Welcome back Mr. Corey.”

VIA Facsimile 410-685-4416

The Honorable President and Members
Baltimore City Board of Estimates
Attention: Clerk to the Board
City Hall-Room 204
Baltimore, MD 21202

Dear Mr. President:

I represent the Maryland Minority Contractors Association, Inc. (“MMCA”), its members, clients and constituents. I herein respectfully file a protest against the following agenda item, as described in Your Honorable Board’s Agenda, dated 02/08/2012:

Item one-page -8, which proposes yearly M/WBE utilization goals, for the City’s M/WBE Program. Our objections are based upon the complete absence of openness and transparency in the M/WBE GOAL SETTING PROCESS BY THE City’s MWBOO, along with the complete absence of any updated and reliable independent M/WBE utilization disparity study, which documents systemic under-utilization and disparities in the City’s contracting program against various M/WBE gender and subgroups who are made beneficiaries of the City’s M/WBE Ordinance.

Your Honorable Board must be guided by Judge Andre Davis’ reasoning in his opinion in the case, Associated Utility Contractors of Maryland, Inc. v. Mayor and City Council of Baltimore, et al. (Cited at: 83 F. Supp. 2d 613 (D. Md. 2000)), in which the City’s second
M/WBE Ordinance (Ordinance 610, Balt. City Code §§ 217-226B) was declared unconstitutional. Here, the City’s MWBOO proposes a 37% M/WBE utilization goal. It should be noted, however, that MWBOO has proposed the same 37% M/WBE utilization goal for the last ten (10) years. This strongly suggests that there is a serious flaw in MWBOO’s M/WBE goal utilization determination process. It is clearly not reasonable that MWBOO possesses reliable data that supports these M/WBE Utilization goals of 27% MBE, and 10% WBE Utilization. Additionally, MWBOO’s use of the City’s 2007 disparity study data to set these M/WBE goals appears to be a flagrant violation of Judge Davis’ finding and reasoning in the 2000 AUC opinion. You may recall that Judge Davis expressly ruled that the City was required to use new data each year, in establishing its M/WBE utilization goals.

Respectfully Submitted,

Arnold M. Jolivet
Managing Director

8. Marcel Umphery, 1726 E. Chase St. F/S $38,000.00
Prior owner

Funds are available in account 9910-906416-9588-900000-704040, State funds.

On October 13, 2010, the Board approved the acquisition by condemnation of fee simple interest of the property located 1726 E. Chase Street in the amount of $54,000.00. The approval was based upon the City’s independent appraiser’s fair market valuation of the property. The previous owner offered an appraisal valuation of $114,400.00. The owner also had an outstanding mortgage of more than $79,000.00. The parties agreed to settle the condemnation for $92,000.00. Therefore, the Board is requested to approve an additional $38,000.00.

(FILE NO. 56017)

UPON MOTION duly made and seconded, the Board approved and authorized the foregoing options, condemnations, and quick-takes and the settlement. The Comptroller ABSTAINED on item no. 8.
The Board is requested to approve and authorize execution of the below-listed grant agreements. The period of the agreement is January 1, 2012 through December 31, 2012, unless otherwise indicated.

1. **WOMEN’S HOUSING COALITION, INC. (WHC)**  
   Account: 4000-496211-3573-591435-603051  
   $44,298.00
   The WHC will provide housing in apartments in the City as well as supportive services to nine homeless and very low-income single women and women with children who are homeless due to chronic substance abuse and/or chronic mental illness. Housing will include efficiency, one, two, and three bedroom apartments, depending on the status (single woman or family) and household size.

2. **WOMEN’S HOUSING COALITION, INC. (WHC)**  
   Account: 4000-496211-3573-591435-603051  
   $45,135.00
   The WHC will provide supportive services, including case management, housing services, client assistance and housing to approximately 15 homeless women and ten families (at any one point in time) that are participants in the Scattered Site Housing Program. The WHC will ensure that all clients qualify for the program as mentally ill, formerly homeless individuals of very low income.

   (HOUSE OF RUTH) $245,751.00

   Account: 4000-496211-3572-591418-603051

   The House of Ruth will provide transitional housing and supportive services to four single adults and 15 families at the transitional facility located at an undisclosed location in the City. The program will target homeless women and their children who are victims of domestic violence. The services will provide a safe and nurturing environment to battered women and their children and assist them to recover from their trauma and become self-sufficient and empowered. The period of the agreement is November 1, 2011 through October 31, 2012.

4. **HOMELESS PERSONS REPRESENTATION**
   PROJECT, INC. (HPRP) $110,760.00

   Account: 4000-496211-3572-591445-603051

   The HPRP will provide legal assistance to approximately 24 families and 51 individuals that are referred to the HPRP from other homeless service providers and through outreach to places where homeless persons congregate. The services provided will include but not be limited to legal assistance to obtain childcare subsidies, welfare avoidance grants, and other services under the Family Investment Program.
The agreements are late because of the delays at the administrative level.

Department of General Services – Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of an agreement with Mercury Associates, Inc. (Mercury). The period of the agreement is effective upon Board approval for two years.

AMOUNT OF MONEY AND SOURCE:

$734,458.00 – 2030-000000-1890-189301-603018

BACKGROUND/EXPLANATION:

On September 29, 2010, the Board approved the contract with Mercury, through competitive bidding, to perform technical financial evaluations of the Department of General Services Fleet Management Division’s operating cost charge-back rate system, its fleet replacement and financing practice, a comprehensive assessment of its operational best practices, and to provide recommendations for improvements in a series of final written reports and presentations.

Mercury completed its three written reports dated May 27, 2011, and presented its recommendations to improve the Fleet Management Division’s operations. The Fleet Management Division has reviewed Mercury’s report and has determined that implementing a selected number of Mercury’s recommendations is in the best interest of the City. The Department of General Services desires to have Mercury assist the Fleet Management Division in implementing the selected recommendations.

Fire and Police Employees’ Subscription Agreement
Retirement Systems (F&P)

ACTION REQUESTED OF B/E:

The Board is requested to approve a Subscription Agreement with Siguler Guff Advisers, LLC for investment in Siguler Guff BRIC Opportunities Fund III, LP.

AMOUNT OF MONEY AND SOURCE:

No general funds

$7,500,000.00 - (approximately) of F&P funds

BACKGROUND/EXPLANATION:

The F&P Board of Trustees conducted a search for a private equity fund-of-funds focusing on global emerging markets and, as a result of that search, selected Siguler Guff BRIC Opportunities Fund III, LP. The search and selection process was conducted with the assistance and advice of the F&P’s investment advisor, Summit Strategies Group.

The Board is requested to approve and authorize execution of a license and master services agreement with Structured Employment Economic Development Corporation (SEEDCO). The period of the agreement is January 1, 2012 through December 31, 2012.

**AMOUNT OF MONEY AND SOURCE:**

N/A

**BACKGROUND/EXPLANATION:**

This license and master services agreement will allow the DHCD to utilize the EarnedBenefits software program. SEEDCO is the owner of the computer program and is a national non-profit organization. The DHCD will use the EarnedBenefits software in conjunction with the services of the Division of Green, Healthy and Sustainable Homes.

All of the costs for the City's utilization of EarnedBenefits are funded by the Baltimore Community Foundation (BCF) with grants funds from the Abell Foundation.

The DHCD, in cooperation with the BCF and the Baltimore Green and Healthy Homes Initiative, has been working to provide its own services, and the services of other agencies, with greater efficiency and effectiveness. The DHCD is providing weatherization, housing rehabilitation and lead abatement in a coordinated way to make homes greener, healthier, and more sustainable. The DHCD has many partners in this effort including Community Action Centers, the Coalition to End Childhood Lead Poisoning, Civic Works, and the Baltimore City Health Department, among others.

In working with families to provide these services, the DHCD encountered many families that were eligible for benefit programs but were unaware of their eligibility or had not applied. In an effort to better meet the needs of City families, the DHCD encouraged the BCF to apply to the Abell Foundation for
funding to facilitate eligibility analysis and application assistance. The proposal employs interns visiting families with laptop computers and scanners and will utilize the EarnedBenefits software. The software is designed to screen for 24 different benefits programs such as energy assistance, food stamps and Earned Income Tax Credits. During the same visit, interns take electronic application for the DHCD's services and scan eligibility documents for that purpose. Subsequently, families are directed to Community Action Centers which are equipped and trained to comprehensively aid families in submitting applications for all benefits programs efficiently, as well as provide follow-up case management services as needed.

The license and master services agreement is late due to a delay in the administrative process.

The project will be used for the Responsive Services Department and will offer many programs that will assist clients in resolving emergency situations and lead them towards a more self-sufficient life. Many clients face eviction or are unable to pay for utility bills, medical supplies, dental work, prescriptions, transportation, obtaining identification cards or are without other basic needs. The programs offered are the Food Pantry, Lunch Program, Clothing/Hygiene, Baltimore City Health Department and Empowerment Services. The Responsive Services Department employs social workers, interviewers and a case manager.
DHCD – cont’d

The mission of the Franciscan Center, Inc. is to provide emergency assistance and supportive outreach to persons who are economically disenfranchised in an effort to assist them in realizing their self-worth and dignity as people of God.

4. JOBLINK OF MARYLAND, INC. $ 50,000.00 (CITCP)

Joblink of Maryland, Inc., located at 122 Slade Avenue, Suite 100, Baltimore, 21208, proposes the Website Enhancement Project. The project will overhaul the existing organizational website to be more user-friendly, visually appealing and dynamic. The enhanced presence will also serve to reflect the professional capabilities of the organization as a resource for employers.

The enhanced website will serve to help manage job seeker information and job opening information in a more efficient way. A new website will also allow approved employers to input their job information.

Since 1997, Joblink of Maryland, Inc. has been serving the Baltimore community. The mission of Joblink of Maryland, Inc. is to support the employment objectives of its clients who are unemployed or underemployed. It also assists employers connect with candidates to help meet staffing needs, and to create and maintain partnerships with the local business community in order to link quality candidates to open positions.

5. PLAYWORKS BALTIMORE $ 20,000.00 (CITCP)

Playworks Baltimore, located at 2601 N. Howard Street, Suite 310, Baltimore, 21218 proposes the Playworks Project. Playworks’ coaches are key to the program’s success and the people who implement the five component youth development curriculum. The purpose is to build young people’s academic and life skills, provide them with meaningful roles and leadership opportunities and foster supportive relationships with peers and adults.
The mission of Playworks Baltimore is to improve the health and well-being of children by increasing opportunities for physical activity and safe meaningful play. Playworks Baltimore is the only nonprofit organization in the country maximizing recess for learning which stops chaos on school playgrounds, shifts behavior and accelerates learning in the classroom.

6. BALTIMORE CLAYWORKS $ 50,000.00
   (CITCP)

Baltimore Clayworks, located at 5706 Smith Avenue, Baltimore, 21209 proposes the Community Arts Satellite Initiative Project at the Zeta Senior Center, 4501 Reisterstown Road, Baltimore, 21215. The project will deepen Baltimore Clayworks' commitment and service to the Pimlico/Park Heights neighborhood through the expansion of the satellite studio at the Zeta Senior Center. This satellite studio is the second one being established in Baltimore City. Class sessions and sizes will be extended, as well as adding multi-generational classes that will bring youth and seniors together to learn from each other's skills and experiences. These classes will provide underserved youth and adults access to Baltimore Clayworks' art program in a safe environment.

The mission of Baltimore Clayworks is to develop, promote and sustain an artist-centered community, which provides exceptional artistic, educational and collaborative programs in the ceramic arts.

THE TRANSFER OF FUNDS WAS APPROVED ON SEPTEMBER 14, 2011.

A PROTEST WAS RECEIVED FROM GOEL SERVICES.

President: “The second item on the non-routine agenda can be found on Page 39, item no. 1, GS 11830, Greyhound Station Demolition. Will the parties please come forward? You are back again.”

Mr. Corey: “Yes. Thomas Corey, Chief of the Minority and Women’s Business Opportunity Office. We are here on this matter of contract GS 11830. The MWBOO Office found the bid submitted by
Goel Services to be non-compliant because of the following: one, the Part B Statement of Intent Form for Danison that was included in Goel’s submission, did not contain the dollar amount for the Scope of Services for which he retaining Danison, and that is a material defect in a submission on a goal bid submission. There is right next to the line where this dollar amount is to be placed; it tells the bidder that he must include the dollar amount if it is not a requirements contract. This is not a requirements contract, and so, it puts the bidder on notice that he has to put the dollar amount in there. We consider this a material defect in that, it is the only way that we can determine that the prime contractor and the sub contractor have negotiated a price for the Scope of Services for which the MBE is being retained. Secondly, the -- Goel put in their statement that the MBE would be doing landscaping, painting and masonry work. We can’t substantiate that there is any painting or masonry work and we asked the agency whether or not painting was a part of this contract. It’s not. So, we put on Goel’s submission in non-compliance.”

Mr. Goel: “Honorable President, members of the Board of Estimates, I am P.J. Goel. I am the President and an owner of Goel Services. Thank you very much for hearing my argument. I am not going to be as eloquent as Mr. Jolivet or Mr. Corey. I
have great respect for Mr. Corey. We submitted this bid and I have submitted the protest. There were two parts, two bases of what the MWBOO stated. One was, Part B Form which is the M/WBE Statement of Intent for Danison, African-American business. It is an MWBOO. It did not state or list the subcontract amount and secondly it said the services performed could not be substantiated. As I have written in the Executive Summary, just to try to keep to simple, on Part B there is no statement, this is the second page of their protest, there is no statement on the Part B Form that says that failure to submit both the percentage and the amount would deem the bid non-compliant and thus non-responsive. The MWBOO Bid forms which are included in Part D only request percentages to be filled out and do not even request amounts. Goel indicated by execution of Part B, which I signed personally and the owner of Danison signed, that Danison would be awarded 26% of Goel’s contract amount. It is still our intent. It’s what we intended to do. The contract contains standard unit pricing on two of the pages of the bid, which make the final amount of the work to be awarded as part of this contract unclear. If DGS says we need to award 200 units off the unit rate schedule, then we don’t know what the final amount of the award will be. So, as far as uh you know if this is an MDOT or with the State, the State clearly says on their forms
that if failure to submit XY&Z would be grounds and deem a bid non responsive. There is nothing in the RFP or the bid that states anything to that effect. On their services performed that cannot be substantiated, the MWBOO has 400 service codes. These codes are like painting, landscaping, masonry, major items. On two of the drawing sheets, there the City of Baltimore requests that the contractor provide waterproofing and stucco installation. These are the closest category code of the 400 service codes as painting. This is a major dollar amount. I mean the Greyhound Station coming out, we have an adjacent building. They want the next door building to be finished when it’s completed; waterproofed and completed before when the building is demolished. This is the service that Goel doesn’t self performed, it’s one that Danison does and as such we try to choose to closest service code that is applicable. I have included from the listing they are in alphabetical order what the different description codes are. You know its one single--there are two single lines total on two drawing sheets which are worth over $100,000.00 worth of work, and this is something that Danison does. We look to -- we hoped to subcontract to a great MWBOO certified firm. Danison was selected by Goel, with a M/WBE and prime contractor Statement of Intent notifying them that they were our selected contractor, contract Administrator in our
opinion and the MWBOO based on as Mr. Corey said he went back to DGS and said is there painting. I think a two second phone call to say why did we include painting? So that this could have all been clarified, could have prevented us wasting the Board’s time, valuable time. I think that this is a simple item and one that shouldn’t be to harm for Danison or for Goel. Our request really is the way that there have been errors in the assessment. We would ask that this get kicked back to DGS and MWBOO and award of the project be made at a savings of $167,000.00 to Goel Services, contingent upon compliance. To ensure that Baltimore gets what they are paying for, Goel complies with the requirements set forth and that the taxpayers are relieved of the $167,000.00 in excessive spending.”

Mr. Corey: “Mr. President, I would point out to the Board that on the Part B form it says quite clearly ‘if this is a requirements contract, the subcontractor may be omitted. However, if the subcontract percentage -- however, the subcontract percentage must be included if it’s not a requirements contract.’ It is your understanding that this is not a requirements contract, is that correct?”

Mr. Goel: “By the basis of adding unit rates, it became a requirement. It became partly to fix scope with unit rates.”

Mr. Corey: “No that is not correct. I am --.”
Mr. Goel: “I think that there are two pages in this contract that clearly asks for the contractor to provide unit rates. I am not to sure how we know what the final award amount will be, if there are unit rates. All we ask is contingent upon compliance. We will be in compliance. We are in compliance. We meet the goals and we save the City $167,000.00.”

City Solicitor: “I mean we don’t like to spend an extra $167,000.00, but I think we have a history of fairly strictly enforcing this requirement that the dollar amount of the subcontract for an MBE/WBE be included.”

President: “Okay, I will entertain a Motion.”

City Solicitor: “I will MOVE to deny the bid protest and accept the agency recommendation.”

President: “All in favor say AYE.”

Mayor: “AYE.”

Director of Public Works: “AYE.”

President: “Those opposed NAY. The Motion carries. Thank you.”

Goel Services, Inc., ("GOEL") hereby protests the award of the above referenced contract (the "Contract") to Potts & Callahan ("POTTS"), or to any firm, other than Goel.

Goel price submitted was $1,057,593.00, compared to Potts price of $1,227,000.00, which is $169,407 greater than Goel's price.

What are the issues identified by the Contract Administrator:

On December 19, 2011, GOEL received a letter from Ms. Pattison that our bid submission package is "non-compliant" because of the following two issues:

1. On Part B: Statement of Intent for Danison, Inc., the Bidder did not list the Subcontract amount
2. Also, the services performed cannot be substantiated.

To date, GOEL, which is also MWBOO MBE certified has not been afforded an opportunity to discuss or meet with MWBOO or DGS in regards to the error filled "non-compliant" letter issued on December 19, 2011. An executive summary, followed by a detailed full description of the reasons why GOEL was compliant and why GOEL should be awarded this project are herein enclosed.
EXECUTIVE SUMMARY OF BID PROTEST

Both of the two items stated in the December 19, 2011 “non-compliant” letter are in error and we request the board make award to GOEL “contingent on compliance” and save Baltimore $169,407 as the following are the true facts:

“On Part B: Statement of Intent for Danison, Inc., the Bidder did not list the Subcontract amount”

**THE FACTS:**
GOEL’s subcontract percentage to Danison, Inc. was included on Part B Form which indicated to be 26% which is equal to the goal for MBE for this project.

a. There is no statement on the Part B Form that states that failure to submit both the percentage and the amount would deem the bid “non-compliant” and thus “non-responsive”

b. MWBOO bid forms such as Part D only request percentages to be filled out and do not even request amounts.

c. GOEL indicated by execution of the Part B form that Danison, Inc. would be awarded 26% of the total GOEL contract.

d. This contract contains standard unit pricing on pages 00300-6 & 00300-7 which make the final amount of work to be subcontracted variable or a requirement contract until the award is made. For example, if DGS knows that it will execute any item from the unit rates as part of the award, the contract amount will change from the amount listed on page 00300-1 which is $1,057,593.

e. The Contract Administrator and MWBOO have made an error on their evaluation and are attempting to deny both GOEL and DANISON the opportunity to perform work and increase the cost to the city by $169,407. Both GOEL and DANISON are MWBOO MBE certified.

“Services performed cannot be substantiated”

**THE FACTS:**
MWBOO has a total of 400 service codes. There is no service code issued by MWBOO for two major scope elements of this project which are Waterproofing and Stucco.

a. Drawing Sheet C-104 & C-105 general Note C-8 identifies that Waterproofing and Stucco must be installed. Danison, Inc. performs these scopes of work which GOEL does not perform and quoted on the work. The closest similar service code is “painting” which Danison has in its service description.

b. As such Danison was selected by Goel with a MBE/WBE AND PRIME CONTRACTORS STATEMENT OF INTENT agreement identifying them as the selected contractor.

c. The Contract Administrator and MWBOO have made an error on their evaluation and are attempting to deny both GOEL and DANISON the opportunity to perform work and increase the cost to the city by $169,407. Both GOEL and DANISON are MWBOO certified.
RELIEF REQUESTED:
As there are major errors in the assessment by DGS and MWBOO, we request Goel be awarded this project "Contingent upon Compliance" to ensure that Baltimore gets what it is paying for and that Goel complies with the requirements set forth in this contract.
"Part B on the Statement of Intent for Danison, Inc did not list the subcontract amount"

FULL DESCRIPTION

Goel listed a percentage of subcontracting to Danison, Inc. "DANISON" and listed an amount of 26%. This is equal to the minimum goal and based on our bid price of $1,057,000.00 the value at 26% would equal $274,820. Danison's quote was for $275,000; it is herein attached with this protest.

This contract contains standard unit pricing on pages 00300-6 & 00300-7 which make the final amount of work to be subcontracted variable or a requirement contract until the award is made and a sum certain amount is designated by DGS. For example, if DGS knows that it will execute any item from the unit rates as part of the award, the contract amount will change from the amount listed on page 00300-1 which is $1,057,593. Some the unit rates which make this a requirements contract are listed below. GOEL does not know what value DGS will make award on this contract due to the unit rates.

| A. Price per cubic yard for earth excavation in general; including disposal of the excavated material either on or off the site, and/or placing the excavated material in compacted fill, as directed by the Engineer | $20.00 |
| B. Price per cubic yard for pit and trench excavation, either hand or machine, in material other than rock; including all required pumping, sheeting, sheet piling, bracing and shoring; compacted backfill using the excavated material and disposal of all surplus excavated material either on or off site as directed by the Engineer. | $47.50 |
| C. Price per cubic yard of pit and trench excavations in rock; including all required blasting, drilling, hand tool wedging, pumping, bracing, shoring, compacted backfill using approved material available on the site, and disposal of all excavated rock either on or off the site, as directed by the Engineer. | $140.00 |
| D. Concrete Material and Installation |

1. Concrete material costs for the actual amount of additional concrete placed will be paid for at the per-yard amount shown on the supplier’s invoice plus an additional 10% to cover all overhead and profit for the same.

2. Installation costs per cubic yard of concrete in place will be paid as follows:

   a. Placement of footings, pedestals, grade beams, and pile caps, including curing but excluding forms and reinforcing | $45.00 |

   b. Placement of walls and columns placed at elevations not higher than 3 feet above grade, including curing and finishing of vertical services, but excluding forms and reinforcing | $35.00 |

E. Price per pound of reinforcing steel place including all required accessories, bracing, shores and stripping | $.76 |

F. Price per square foot of concrete contact area for forms in place, including all required accessories, bracing, shores and stripping

1. Footings, grade beams and pile caps | $4.15 |

Walls, columns and other vertical surfaces not higher than 5 feet above grade including steel column encasement. | $6.10 |
Attached is the Part B: MBE/WBE AND PRIME CONTRACTORS STATEMENT OF INTENT. As agreed and submitted to City of Baltimore, DANISON and GOEL agree that DANISON would perform 26% of the contract or $274,820 at minimum. There is no indication in the bid docs, the RFP or on the forms itself that failure to fill in "Subcontract Amount" is a basis of "non-compliance" and as such on this issue we ask that the Board award this contract to Goel "Contingent upon Compliance". As GOEL meets the MWBOO compliance goals, Goel will be in compliance for this project and the City of Baltimore and State of Maryland taxpayers will save $169,407 on this project.

FULL DESCRIPTION

Fundamentally, the MWBOO did not understand the scope of this project and it does not have a proper service code for the work which DANISON was listed to perform. Instead of contacting GOEL or DANISON for clarification, they made a mistake which is why this protest is before you and thus is the reason why you should make award to GOEL "contingent upon compliance" which is one of the three options afforded to the board.

After receiving the "non-compliant" letter (See attached at end of this document) from Ms. Patterson on December 19, 2011, Goel contacted the City of Baltimore, MWBOO Office and spoke with Ms. Stephanie Pringle, who informed us that they could not find the "scope of work" for painting services listed for Danison, Inc. She stated painting is not part of the scope of work. We informed her that "waterproofing and stucco" per Sheet C-104 and C-105 of the drawings – general note C-8 is applied by brushing, plastering and rolling in the same means and methods as painting and drywall repair and that Baltimore does not have an applicable "service code" for waterproofing and stucco installation.

Out of the 400 service category issued by MWBOO, there is no service code for waterproofing or stucco so the closest description recognized by MWBOO is "Painting" which is what GOEL used when listing DANISON. The waterproofing and stucco requirement is described in note C-8 sheet C-104 & C-105 (cropped section attached). Ms. Pringle also stated that there was nothing for us to do until we hear from the Department of General Services Contract Administrator.

On Feb. 2nd we received a "courtesy" call from Ms. Cindy Pattison stating that the award of project is scheduled to be on the February 8, 2012 Board of Estimates agenda. The call and the letter from City of Baltimore DGS made indication that the award would be to a contractor other than Goel, which is what Goel is protesting. The letter which we received on December 19, 2011 does not state that an award would be to another contractor.

Goel feels that this contract should be awarded on the basis of "contingent of compliance" as GOEL is in compliance and MWBOO was in error for stating that the scope quoted by Danison does not exist or could not be found and that the amount which GOEL listed on Form B through the percentage amount was grounds for being both "non-compliant" and thus "non-responsive".

"Painting" is the closest category recognized by MWBOO as waterproofing and stucco due to that it is applied with the same means and methods as painting which requires plaster repair.
There are a total of 400 Service Codes per the Baltimore Law Department - Minority and Women's Business Opportunity Office (MWBOO) Certification Directory.

**Stucco and Waterproofing are not one of the 400 codes. Excepts are listed below from the code**

RE: GS 11820 - Greyhound Station - Demolition

Dear Sir or Madam:

On December 16, 2011, the City of Baltimore Minority and Women's Business Opportunity Office (MWBOO) found your bid submission package for GS 11820 - Greyhound Station - Demolition to be non-compliant. On Part B: Statement of Intent form for Demolition, Inc., the Bidder did not list the Subcontract amount. Also, the services to be performed cannot be substantiated.

If you require further clarification of this decision, please contact the Minority and Women’s Business Opportunity Office at (410) 396-4355. As a courtesy, your firm will be contacted by the Office of Contract Administration prior to the recommendation to award this contract.

Sincerely,

Cindy Pattison

How the protestant will be harmed by the proposed Board of Estimates' action.

Goel Services, Inc. a MWBOO MBE will be harmed irreparably if award is made to any other company other than Goel Services on this project as GOEL will lose credibility within the subcontractor marketplace in order to work with MWBOO certified MBE and WBE exclusively.

On this project, GOEL was able to persuade a small MBE (DANISON) to spend their overhead resources dollars to bid this project at their cost and exclusively price this work to GOEL based on GOEL’s competitive track record in Baltimore. If the Board of Estimates, deems that a compliant GOEL and DANISON are deemed “non-responsive” due to errors by DGS and MWBOO, we will not be able to persuade others to work with GOEL. The competitive ability of GOEL and its ability to work exclusively with MBE’s and WBE’s on this project alone will save the tax payers over $169,407 on this project alone.

Secondly, based on other contracts where the contract have been awarded “contingent upon compliance” Goel has started to amass the steel by salvaging the necessary steel for the shoring on this project at an increased cost of ~$15k. Lastly Goel Services has bid estimate and preparation costs in excess of $6k.

Final Closing:
Goel Services is not seeking a waiver and is seeking to comply with all requirements on this project. We will comply, our bid is in compliance; and had Goel Services been afforded a simple telephone call to discuss this matter, we would not be wasting the Boards precious time and Goel Services would be the contractor that DGS would be recommending for award at a saving of $169,407. We hope and pray that the Board will review our protest and come to the conclusion that Goel Services, Inc. will be in compliance and is in compliance and that Goel Services should be awarded this project “Contingent upon Compliance” so that we may work with DGS and MWBOO to work out the issues that made DGS write a letter of “non-compliance” on December 19, 2011.

Thank you for your review and your time.

Respectfully submitted by Piyush J Goel, the President & CEO which represents Goel Services on the aforementioned bid protest.

12. **LITECAST/BALTICORE, LLC** $171,000.00 Agreement  

The Board is requested to approve and authorize execution of an agreement with Litecast/Balticore, LLC. The period of the agreement is effective upon Board approval for five years with three 1-year renewal options.

On September 1, 2010, the Board approved the initial award in the amount of $21,600.00. On August 31, 2011, the Board approved a subsequent extension in the amount of $17,100.00 to maintain the critical 200Mbps Fast Ethernet Internet Connection service while a new agreement was established. Due to the current integration of the City network, the considerably higher cost of establishing new fiber connectivity locations, and the substantial roll-out costs in switching providers, no advantage would be gained from soliciting bids.

It is hereby certified that the above procurement is of such a nature that no advantage will result in seeking nor would it be practical to obtain competitive bids. Therefore, pursuant to Article VI, Section 11 (d)(i) of the City Charter, the procurement of the equipment and/or service is recommended.

Bureau of Water and Wastewater - Employee Expense Report

**ACTION REQUESTED OF B/E:**

The Board is requested to approve the expense report for Mr. Art Shapiro for the month of October 2011.

**AMOUNT OF MONEY AND SOURCE:**

$ 929.12 - 2071-000000-5521-274401-603001 - Hotel Expense
478.10 - 2071-000000-5521-274401-603001 - Airfare

60.00 - 2071-000000-5521-274401-603001 - Cab Fare

$1,517.99

**BACKGROUND/EXPLANATION:**

The Administrative Manual, in Section 240-11, states that Employee Expense Reports that are submitted more than 40 work days after the last calendar day of the month in which the expenses were incurred require Board of Estimates approval.

Mr. Shapiro’s report exceeded the 40-day period because he was a replacement for one of the original conference attendees. The request is also late due to a heavy workload obligation.

**APPROVED FOR FUNDS BY FINANCE**

**AUDITS REVIEWED AND HAD NO OBJECTION.**

UPON MOTION duly made and seconded, the Board approved the expense report for Mr. Art Shapiro for the month of October 2011. The President ABSTAINED.
