BACKGROUND/EXPLANATION:

This is an emergency response application for charitable solicitation request from the Mayor's Office of Immigrant and Cultural Affairs (MIMA) by way of the Baltimore Civic Fund (BCF). The Key Bridge Emergency Response will support the emergency efforts as a result of the Key Bridge collapse. All contributions will be used to support the construction crew victim's immediate families with costs related to repatriation, funeral expenses, humanitarian paroles services, medical costs, food, and other much needed aid. There will be no direct exchange of funds. All Awards will be made directly to the BCF.

Solicitations will be made broadly during speeches, announcements, and presentations in a variety of settings. The MIMA staff will work to ensure that messaging is made clear in all solicitation communication by including the following the language: Donations will in no specific way benefit the donors in terms of city services and or any other favorable treatment." All disbursements will require approval by the City's agency's authorized signatory, as well as the BCF's financial management, COO, and independent financial partners.
